On March 29th WJPR in Greenville, Miss is broadcasting a specila program for our club. All members please send them a report or if you cannot listen then dont forget a thank you card is very important. It is getting very close to the end of the DX season and we do not want to leave any sour testes behind as next season we will again be looking for some of these programs. If these stations do not receive many reports they will hesitate in granting another program in the future. So please report.

KCRC will present a 4 hour DX program for us on April 16th, which from the looks of things will be another swell program. Mr Herman L. Kramm engineer is publicizing this program locally and we are doing it outside A prize to a non member DXer will be offered. More about this in next weeks bulletin.

It seems from reports that last weeks bulletin went astray. I am very sorry but it was mailed on Friday March 14th at 6:30PM. I had to make a trip downtown and could see no good reason for not taking the bulletin with me instead of making another trip Saturday AM. In view of what happened last week I will not do this again but will wait until Saturday morning and then the same fellow at the P.O. will handle it.

DEAN LONDON-RINGLING OKLA. Hrd 17 new ones on the 9th and 8 on the 10th to boost total to 715; The 8-9th were swell DX nights as there was no static, hrd 11 TP's between 3-6AMCST, could hear nearly every word from those on 770-650-760- KXA blocked out 760 until sign off-720-790-800 850 & 1020 all good enough to report & on \$\frac{720}{2000}\frac{820}{2000}\frac{820}{2000}\frac{840}{200}\frac{8

PAT REILLEY-JAMESTOWN N.Y. This has been about the lousiest week of DX that I've tried to listen to and we have had our share of blizzards here 3/13 WJSV on 1500 at 2:50; WPAB on 1370 after 3AM. 3/14 WDWS on 1400 at 2:55 but noisy and quit; 3/15 Too noisy; 3/16 KCNN at 3:03 and noisy; 3/17 Bad blizzard & too noisy to DX, (Whats the matter Pat isnt St. Patrick in good graces anymore?) 3/18 Plizzard and noisy; 3/19 WBTA-WJSV-WKBB and regulars on 1500 at same time at 2:40 but too noisy so went to bed. (Say Pat did you ever look at your antenna? it might be down-Hi) POP EDGE-BUFFALO N.Y. Only report sent out this week was to WARD; Rec veries from KTSM and finally TGW for 1520kc both cards and a letter from WHCU. WHCU signed by Nancy Lou bither. And she is from Bflo. and nice.

J WARREN ROUTZAHN-YORK PENN Since last report I received veries from WFPG & KXOX and logged KWAT & KROD; 3/7 KOA R7 at 2:55 sign off; XECL R7 at 3:05; KWAT R8 on their DX program and WEDC stood by 3:15-3:30; WNOE R9 3:30 and couldn't hear KMYC; 3/11 KHJ R8 1:30 and blanketed KSEI to 2:00 so couldn't verify; WKST test on 1280 and said they have new card to send listeners; 3/13 WFOR R8 4:30 test; WNOE & WHOM on 1450 at 4:40; KITE signed on at 4:55; WHIS & CKOC both R9 at sign on at 5:00; 3/18 KROD DX program marred the first 3/4 hour I listened by WSJS & another also testing on 600kc; After 4:00 the program was good and clear for the club. They signed about 4:20.

GRANT BATSON-WESTFIELD N.Y. DX slow again another week. Reports were sent to WSAJ-CKNB-WJPF-TGQA(SW) & WMSL; Card veries from KHBC(2nd)-KVWC and letters from KXOX-WDAY-KFG(, this wasxsigned by Lois Crawford mgr. To Herz my WCAE verie no signed just printed and KMLB did not answer; About CKNB it was one of the best DX programs of the season and I hrd it Q4/R9 faded twice to about R5 for about 30 seconds. No overlap from WITH; Some of you guys think  $\mathbf{I}^{ullet}\mathbf{m}$  kidding when  $\mathbf{I}$  give an R9 signal about reports. Stop in sometime and I'll prove it. Pop & Junior hrd my set when they stopped in on their way to Cleveland. (I'll say it works and how-Ray) The TP stations I gave an R9 to didnt mean that they were a Q5 due to some static but I hear them in periods as easy as local Buffalo stations. To Hunt How do I get a verie from KPO-KFSD? and who signed your WKST verie, 3 rpts and still no verie here, none from CMC either (On CMC write Jose Carriazo, Factoria 62 Havana Cuba-Ray) Wonder if HC-2AK will verify for Jan 8th program. How about it Steve?. KWIL not hrd too much WEDC so sent tnx card; WJPF gave a fine program for NRC Q4R9 WMSL equally good and well hrd; KBST not on, KYUM not hrd. More next Condolences to Larry.

FRANK B. LEE-WILDWOOD N.J. Reports went out to WAAB-WPRA-KXOX-WAAT-WTNJ WCAM-WHOM-KWAT-WSAI-TGW-WKNE-CMKH-CBK-KHJ-KGO-XEAW-KMA-CKNB-XEAC-XEX-HJAT-YV5RB-2YC; Veries from WTNJ-WHOM-WKNE-KWLM-WBRW-WNBC-WHDH-WBOD-HJAN KHBC-WJSV & KWIL. DX has been very bad lately except one night & morning Mar 16th and 17th when conditions were very good. West coast stations and TP's were coming in very good. (Sorry Abt bulletin)

JOE BRAUNER-WMSVILLE N.Y. Sure glad to see Canadian list in bulletin.

KDTH testing until after 5 this am on 1370 with interference from WGL & WPAB during early hours this was 3/18. KWEW testing on 1/90 at 4:15

& WPAB during early hours, this was 3/18; KWEW testing on 1490 at 4:15 KYSM on 1230; WSJS spoiled much of KROD DX on 600 but KROD came in fairly well near sign off about 4:22; Several others testing on new channels KGBS-Harlingen, Tex will work on 1240 kcs 250 watts.

LEO HERZ-CHICAGO ILL Reports sent to WCLE-KFGQ-WING & WSAJ; Veries from WHKC-WASH by Fred W.Russell; WCAZ by Richard M.Robinson; WING by Jack Zeigin ans KFGQ by Lois Crawford; Total is now 247 logged; 234 veries VIS-48 and VIC-5.

Radio Experts expect a 30 day disturbance of Magnetic storms which will effect SW reception. RCA Communications, Inc., reports radio disturbances of varying intensity following a severe electrical storm. Reports of fluctuating SW reception also were received from other communication companies. The disturbances are attributed to sun-spot activity and will effect foreign SW channels particularly. These disturbances can be expected at intervals lasting for as long as 10 days at a time till about April 1st. Lets hope these conditions soon clear up. (Carl Forest ieri- via New York Sun)
