This bulletin is a couple days late. There being no new specials to tune for thought that it didnt make any difference. Your editor had the pleasure of entertaining Steve Mann here in Buffalo Friday morning from 12 mdt to 3:55 am when he entrained for Cleveland to spend a couple days at home. Being that your editor had to be to work at 4 pm Friday it did not leave him much time to get a little shut eye. We enjoyed Steves few hours visit very much. He certainly looks as if the world is good to him.

The World Wide Dial Club of Chicago will have a bowling meet at the Jackson Dearborn Recreation Alleys, 229 South Dearborn St., downtown Chicago at 10 PM Central War Time, on March 14 1942.

In the March 21st issue the BCB contest standings will be listed. None appear this issue because very few changes were sent in, probably because your editor slipped up in reminding you fellows that this was the issue they would appear in.

PREDICTION by Nostradamus S. (C Seth)

Berliners will see a convention When the Axis is minus its hub As communiques proualy will mention The NATIONAL RADIO CLUB.

In regard to our annual convention, most of those who have suggested a date have named July 4th and 5th. To us here at Ht it makes no difference as to the date. However I would appreciate it if you members who will attend our convention this year to definitely state if July 4-5 th is satisfactory. The banquet dinner would then be held either on Saturday night or Sungay noon. Of course only 2 days instead of the usual 3 could be had but due to the new draft many of the boys figure they will be in our Armd forces by Labor Day and want to have our convention at an eariler date so as to be able to meet again before they may be parted. So I believe it would be a good thing to have settled in the next month or so. In this manner we can make preperations and really know whats what.

With RADEX now definitely folded it is up to all of us to keep each Other posted in regard to the changes of frequency and new stations. I receive the FCC releases here but do miss up on some of these changes once in a while, so it will be appreciated if you members who come across any of the future changes to drop a line to H4. I believe however that changes pertaining to power increases can be omitted unless it is a change from small to very large power. The changes in frequency and new and deleted calls will take care of our situation very nicely.

Another suggestion, now that it is getting close to spring, dont you think it would be a good idea to drop bill Stone-Merlin Steen and Jesse Strawn a line or two. Their addresses are in past bulletins. Do it now.

AL BARTHOLOMEW-BRADFORD N Y New DX since last report, KFFA & 2nd report to KEYR on 19th and WKNY on Club special. Caught WmYA on test and WIAC who is good in evening. Only veries from WBYN-CKVD-WKNY and KFFA. Very prompt, sent full page letter verie telling about their set up, location etc. Signed by Ray Cummins who stated Jewell warren was c.e. Not some members have trouble getting a verie from them. Another verie from KFRE , nice letter. I had them on eqipt test. Thanked me for splendid report and stated "Outside of a man in Edmonton Alberta you have no rival to date. You are the fartherst two to receive KFRE, signed Sheldon Anderson c.e. Huzza another scoop, being 1st in East to hear KFRE. KRJF tests on 1st and 3rd Tuesday from 3-4 EWT. KFFA on 3rd Thursday or 19th at 3:45-4 AM EWT. And KFUN informs me they test 4th Saturday or Mar 28th from 3:15-3:30 EWT. A.F. Schultz is c.e. Began reg sked Xmas day 1941. JOE DECKER-HAWILTON O. WASK hrd this am 3/6 also WGBG on 3/5 who is in the clear at 5:58 with National Anthem. XERH and XEK also hrd. No sign of CFO3 or wwild. (CFO3 not on Joe but wall was) Veries from WKRO-XEG. WKRO by Eugene Bulbis c.e. W9NGU. (Yes Joe the signer of XEG) I suggested to WOSH to play band music on their test. CARROLL SETH-WELLSVILLE N Y 4SL from KFJM in 3 months. Thats all, no reports, nothing of interest heard here. Sorry to hear RADEX is in trouble. A lot of us Diers learned the finer points of the game in that magazine. I see heavy sunspot activity is with us again. Wonder how the SA reception stands up under it. Bet it's better than usual. The way

FREED BORCHERDT-WILWAUKEE WISC. A short turn across the band and we have latest GSLs from WKNY on special-KWJJ-WJMA-WCOU-WOLS-CKVD. The replies from WJMA and WCOU were on prepared GSL cards and I sure was glad to finally get WJMA's card which was from there Oct 6 1941 special. (How did you get that WJMA verie? No one else is that good-Ray) After listening for WKNY for 56 minutes I finally hrd station identification and logged the name of the last number on the program/ I've sent 3 reports to CHAB but still no reply, WHY? Latest reports to XEAW on both freq-XEJ follow up report-WTIC-WITH. The bulletins seem to get bigger and better Every issue, thanks to Ray-Fred and the other officers and members While other clubs are folding up we are going up so lets always keep the N R C flying. (Thanks for those kind words Fred.)

we're losing some of our better DXers to the Armed forces maybe the con-

vention this summer can be held abroad. (See Verse on front page) Well Carroll we havent lost many yet but what the summer & fall will bring no one can tell. All we can hope is for the best-Ray.

DON BARNES-ST ONGE S DAKOTA. No DX to report at all this week, and only one verie, WKRO by Eugene Bullis. For those Dxers who are having a hard time with some stations, I would suggest follow up reports, rather than reports of a second reception. The logic in this is likely that after each test, when a great many Dxers report, it is quite likely that the batch of reports will be put aside to be answered if and when time is available; but if a time is picked when such congestion is unlikely, your follow up will have a better chance of being taken care of. I have tried both methods over a period of ten years, and find the follow up to be at least 75% better than repeated reports. WKRO is an example of this, and I could name many more. (I'll second your idea-Ray)

JIM WEDEWER-DYERSVILLE IA. Not much DX here lately due to sickness and noise; Latest (SLs CKFX-YN2FT on SW-KBWD, also same letter from WWNY. I recomended the ARRL for info. New ones had are YV4RP-3RX-5RX-2RC-4hO for new ones on 85 meters. Noise is bad here lately. Latins very good evenings. XEMO hasnt verified for 2 reports yet. Nor has XEAW-XEJ-XEP or XEMC. (Leo is Chairman Jim. OK on info for him-Ray)

J WARREN ROUTZAHN-YORK PA. Since last report I logged WKNY-WKRO-WHOP. received veries from CBY-WFCI-WKNY-CKVD. Summing up totals, my log stands at 1338 stations heard and 797 verified. This log started fall of 1933 I did not start to verify until fall of 1936 and then only half hearted ly for two seasons before waking up and going after veries, but too late then to make up all the ones lost forever; 2/19 KFJZ-R8 at 3am; KLS-R6 at 3:05, unidentified in Calif, s/o at 3:10 with interference from one testing; KGLO-R9 at 3:20; 2/21 WINX-R8 at 2:55; WKNY-R8 on DX program interference from WWSW-WJBK & WKRO. After about 3:25 WKNY opened up and over rode others on 1490. WKRO was not well enough to get veri material 2/26 Nothing but all-nighters; 2/27 Tried for KPOF but couldnt hear them think KLX was there; KFXJ-R8 at 3:15; WHOP-R9 at 3:30 to 4 and announced as reg freq test, probably each last Friday; 2/28 WTSP-R9 at 3:55; WMBG R7 at 4:05 test: WJHO-R7 at 4:45 and a west coast station gave correct time at 5:00 but no call letters on 740. (KQW) 3/1 KLO-R6 at 3:12 and just before daybreak weak signals from 1YA-4QN-5CK up to 7 am. KSKY on at 7:15 and clear until after 7:30 this each Sunday morning.

BCB BOTZUM-READING PA. DX has been rather good lately. Veries received since last report are WNAB-WGGA-KWBW-WLDS-KBUR-WMIS-KFUN-WSON-KTBI-KEVE-WBBB-WMRF-KSKY-KBWD-WOSH-WFIN-WRRN-WASK-CJVI-CKVD-XEF-TI4NRH-HJCU-HJDK for a grand total of 1309 veries. CKVD made no 101 from Canada. Recent new ones hrd WIAC(good most every evening) KGBS-WGBG-WRRF-WDBC. Incident ly WGBG failed to answer 3 reports since Feb 16th; WASK verified in 32 days signed by Joe Spring (eng); also WKHO answered promptly by card, but darn the luck only mentioned time on air and their freq sked, but no mention of verie, or my report. (Eugene Ballis eng) KFUN tests 4th Sat 3:15-3:30 AM EWT. Long overdue are HJAR-HJCS-YV3RA-KTOH-CMAC-CMJL-KFKA-KPRO-YV6RE should also be in. Believe I heard KTRN behind KLO on 2/27; I visited our Hobby Show here in Reading over last weekend and met Nick Evangelista again. Hope some of our Club members hereabouts attended the show. Was pleased to see the attractive display of Evangelista's fine veries. Of course NRC was advertizes & Nick was kept busy explaining those veries were received on the BCB only. Just received letter from CKWS-960 kcs They will come on the air April 1st (evening) with a directional antenna to keep the signal away from Roanoke Va and other MS stations on 960 kcs according to Arthur L Davies, general manager. (Bob we are very glad to see your report and don't wait so long-next one)

BOB BROWN-GOSHEN IND. The army rejected me because of poor eyesight, so I'm trying to do my part by signing up for the payroll allotment plan. I certainly felt bad when I got my \$5 remittance back from RADEX. RADEX wont be soon for otten. I think I'll use the \$5 to help me get into the local penny-a-plan club(I hope I have to buy a bond a week-Hi) Sun spot activity really messed up redio reception this past week. At first I thought something was wrong with my Scott, WABC-WOR-WBZ-WCAU etc wernt stronger than R6 for several days. Western stations were weak also but signals from the south were fair. 3/1 I copied HOK at 12:30 am EWT under KFI's very weak signal. This morning KFI & KNX were back up to their normal perfect signals and KJR was R9 plus plus so I guess the band is about back to normal again. (OK on your convention idea Bob. I will keep all this data and in another month we should know which is preferred and of course the majority will tellm us the final date-Ray)

JIM WEDEWER-DYERSVILLE IA. Not much DX here, due to sickness & noise. Latest QSL's are CKFX-YN2FT on SW-KBWD. Aslo got letter from WWNY and I recomended the ARRL for info. New ones had YV4RP-3RX-5RX-2RC-4RO on 85 meters. Noise bad here. Latins very good evenings. XEMO hasnt verified

LEFTY COOPER-BROOKLYN N.Y. Veries in from CKVD-KBWD-WJAL-WINN. Total now 978. Died only once this week as I had a bad cold and tried for WMIS and failed. Don't anybody say anything about Cuba-the Dodgers always beat the Giants down there. (whats the matter Lefty? slipping-Ray)

HAROLD AUCHSTETTER-MENDOTA ILL. Havent been doing so much DXing lately. Did not wake up for CKVD, tried for CFOS but not hrd. (Not on) 2/23 WINN logged for 1st time, new one and WEDC went off for them, other new ones since last report are CHNC hrd 2/19 at 8Pm EWT and CFCF-8:30Pm and WAGE KSKY-WHCU-KSWO-WSAV-WHUB-WKMO-KEVE-KDRO-KEYS-WOLF; (Yes Harold those you listed test but different than listed in RADEX. A new list received from Wan Nostrand will be published in the Mar 21st bulletin so all members will have it for the 1st WED-THUR-FRI of April) 2/25 hrd WJRD 2:30-2:45 CWT; WBOC test. (Look in questions and Answers for other dope)

NORM MAGUIRE-ALBULUERQUE N MEA. Veries in from WmbR-KFJM-WGBF-KFKA-KANS WINX with wonderful phamphlet showing entire station, same from KEVE on their station. Received verie from KINY after they refused to verify my first report due to incorrect selection. Am happy to have them now, since I have verified all states and territories now. Rec KADA to bring Okla up to one missing. KFRE is on until about 4 AM EWT on 1340 kcs; KVOE on 1490 until 2:30 EWT. Be on the llokout for Mexico City stations on in the early morning hours. A large number of them have been transmitting during this period. Signer for WMEX is Wm M Smith, c.e. I finally logged KARA WTAD last week after trying for about 7 years.

ART HOBB-TOPEKA KAN. I'ts been quite a long time since I sent a report and its been just as long since I had anything to report. New stations recently hrd are XERH-KROS-KEVE-KFRE, also hrd WGBG signing on Sunday 3/1 in the clear on 980 at about 7:10 EWT AM. 3ZB on 1430 was putting in a good signal the same AM. KTTS on 1400 is now on the air and I have hrd them back of KTSW during daytime. During past week have noticed KYCA s/on on 1490 at 9 Am EWT and holding its own against the host of other stations on that channel. I do not think that KONB is on yet. I checked the 1490 channel today and KDRO was holding forth without a trace of opposition. I believe I should be able to lick up KONB easy here in the daytime, lots of Spicks these nights and early ams. My swell DXing neighbor, Jesse Strawn goes into the service of his country soon. They just dont come any better than Jesse-he belongs right up with the best of folks. HE's a fine DXer and a dangy fellow and I am sure our best wishes follow him in the noble cause he enters. (I am sure Jesse will appreciate those swell remarks Art and your opinion is exactly the same as us who either know him personally or have corresponded with him.-Ray) I drove out to the highest hill in this vicinity tonight to view the moon's eclipse. I had the car radio turned on and noticed that signals up on the hill were just about twice as strong as norman I coulant get the volumn control down low enough to enjoy a normal listening level. Boy how I'd like to have a listening post at that level. I took one side of a question and answer discussion on social security over WIBW during Xmas week. The announcer read the questions and I read the answers. It ran for 15 minutes from 2:45-3 PM and was my introduction to a live mike. Guess I did OK as we got letters on it from mo-Okla-N Mex-Neb-Iowa as well as all parts of Kansas. The furtherst report came from N Dak not bad for daytime reception, a town 25 miles from the Canadian border. The town was Starkweather, N Dak. The N mex reports were from Clovis_& Raton, This brings the Topeka situation up to date so I'll sign off. (Well Art it certainly was a pleasure to hear from you, cont wait too long for your next report as we always like to hear from you-Ray)

POP EDGE-BUFFALO N Y. Veries in from WNAC-WMAN-CKVD-WKNY-WAYX to bring total to 645. Reports to WAIT-WRRF-WTTM-XEQ-WDAK-WBBB. Come on Veries.

same day as order received-Ray)

BUY DEFENSE STAMPS AND BONDS

ED WYMAN-HORNELL N Y On 3/2 hrd WRRF on 930 in Washington N C testing, told Diers to listen from 1-6am next 2-3 weeks for test programs. I have been doing quite a bit of DX with following results, reports to 2/17 WEDC -CHVD on special; 2/18 WMBR; 2/19 wIND-KEVR freq ck; 2/21 wITH-wBOC test WKNY special, almost missed this because mis read time, also WLAV on ck; 2/24 CKLW; 2/25 WJAX; 2/27 WSOY, any one needing this, they are in clear 12:30-1 AM s/off R9 for past week; also KhOS on ck; 2/28 KHJ; 3/1 WHRF test; 3/3 WSYR. Have letter veries from WIP-KABK-WPTF-KGCU-CKVD-WMBR-WLAV-WKNY-WEDC-KEVH, cards CKLW-WITH-WIND-KFJZ. CKTB should come in there and power of XEMC is 5kw as listed. Dont know if HOR was on or not, CFOS was not on, WallS was on. OK about convention. LFO HENZ-CHICAGO ILL Over the week end Feb 28th I visited our President Joe Becker. I sure had a swell time and thanks to Joe and his swell family. Feb 28th Joe & I went to Cincinnati where I met Geo Jacobs-Mrs Jacobs-Manix-Pfitzer-Senefeld of the GNSWLC. Sorry I couldn't meet Fred Van Voorhees as he had to work. DX hrd on trip WCKY-WIP-WOWO-WLW-WABC-XEAW-WBT-WISH-WFBM-WKMO-WFIN-WCPO-WSON-WHBU & most chicago stations were hrd way into Ohio & Indiana. Reports sent to WFIN-WCPO-WSFA-WSON. Verie in from WKRO. Sure would like to go visiting each week and. (who wouldnt) GRANT LATSON-WESTFIELD MY 2/25 KSKY 7:45-8AM, 2/26 WGBC 6-6:20 s/on, WPRA test FCC & Van Nostrand s/off 5:22. 2/27 KHOS 2:30-3, jamed up by 2 oth-ors, also KFX test 3:10-3:30 organ. 2/28 WFbm 7:30-8am & CKPC 4:36-5Pm. 3/1 WGGA 7-7:25am; Any one rec verie for test of 1/15? Veries rec CBA-If I want Alaska guess Ill just have to keep trying. 4 nites bac for DX. LEN KhUSE-DUbU OL IA DX been poor lately especially last several weeks. To proove this I logged only 2 new stations during Feb. 2/25 KVSF with test 5:05-5:30 Am EWT, at 5:32 listening to KFAC reg pro when announcer said-Just been advised by FCC that all stations in this locality must leave the air; stay tuned to this station-Good-morning. News rpts later of foreign planes over Los Angeles; WJw hra several ams whith better sig than WEDC, although Chgo closer. Taks fellows for info on station albums. was advised 5 days before KONB took the air but as I dient do much all night listening didnt log them. Reminders to KWRC-WKRO brought me nice letters. Bullis eng at WKRO informs me their ck is 3rd Sat 3-3:30 EWT Only other veries WBIR-WESX. Is WASK on yet? (I believe so) KFBC off 2:15. FRANK CORYELL-CLEVELAND O Since last report DX has really been slipping with me anyway, spent my time on homework. Received cards from WILL-CKTB-WNAD-KFH-WISR-KLS-KSLm-KFBK-CBK with nice letters from WKST who werified 4th report-KNBC-KFUN who said mine was the report furtherest, were hrd behind 3 others on test. ON SW new ones are WBOE-KGEI and HUB. CFPL's verie also came and a letter from VLG2 nice one. Got my aerial up,80 ft but havent tried it on BCB yet, works swell on SW heard my 1st SA-HJAN & HJCU with R7 sigs. Hrc CJIC s/off. Been hearing TPZ2 about R8 also CT2AJ TOM MORKISON-CLEVELAND O Not much to report. New receiver came on 1/27. and is swell. Use 23 ft of copper wire strung around the room. Been on BCB & SW for a month. Since last report, veries came from WDAY-KGGF-WREC-KOIL and cards from WNYF-WCAR-CKTB. KOIL is on daytime reception, hrd over WHIO with R9 sig. CKCO R8 in early evening. WNEL continues to roll in R7 every evening at 8:40 over WJAS. This my 1st station in P.R.. Was up at 5 am this am 2/23 visited all the grave yeard logging WITH-WJAR on 1230; WEDC on 1240; WEXL on 1340, WJLB-WMBR on 1400; WFJM on 1450; WWSW & WJBK on 1490. Heard 247 on BCB and 67 on Sw. Reports to XET-WNEL-WRCA WLXR-WFIN-CFRX-HJDE-HCJB-KGEI-LRX-COK-HIIA and Brazzaville. Thanks to Fred Van Voorhees for SWL card. (Tom your report forms were sent the

A ARTHUR		different station than KJP9 reported or the same?)
17830	WCDA	*CBS station is also reported on this frequency relaying pro-
		grams to CBS "All-America Network" (Coryell)
		The state of the s

STATION GOSSIP

PARAGUAY New station reported in Paraguay is ZPA1, Asuncion, uses power of 3 KW. It is owned by the Paraguayan Government. Teleco Paraguay, S A in Asuncion operates ZPA2 on 11721 kcs; ZPA6 on 7890 kcs; ZPA7 on 15780 kcs and ZPA3 on 13333 kcs. These are new stations reported by Roger Legge.

SURINAM PZX1 and PZX3 in Paramaribo are the stations now in use down there. Their schedule is Monday and Thursday 7:40-8:40 PM; Saturday at 5:55-6:25 PM and Sunday 9:10-11:40 AM. The Saturday program is a Childern's hour. Stations use 100 watts. This from Fred porcherdt.

HOUT _ March 9 1942_

SW VERIES REPORTED

Grant Batson-VLG2 for 1941 contest and CFRA for 1942 contest. Frank Coryell-VLG2 and Jim Wedewer VLG2-VLW2-VLR.

THE SWL CARD SWAPPERS COLUMN

Following are the SWL cards received at SW Headquarters this week; Walter V Scholz 2nd 33 North maple Ave., Webster Groves, Mo. It is a beautiful card in rose and blue featuring World map and the seals of IDA and URDXC.

Edward Geasa 952 Trinity Ave., Bronz, N.Y. Different card in Maroon & Blue. Simple but different design. Try for it.

Grant Batson East Lake Koad, Westfield N.Y. Attractive card in Red-Blue and White. Has large SWL in Red letters and features the seals of N R C and IDA and American Flag.

Tom Morrison 1674 Crawford Road, Cleveland Ohio. Tom has no card at present, but is getting them now, so drop him one any way. Meantime he will LSL with a Cleveland picture post card.

The Editors Desk

Thanks fellows for a swell week and plenty of material for a goos SW bulletin. Next week more notes on the 1941 contest. The 1942 contest in the first issue of month after this. See you then. Fred V. P.S. In April 2 bulletins are issued so the contest news will appear in the April 11th issue. The other issue in April will be on the 25th.

GEORGE BURNETT-BUFFALO N Y Not much to report this week. DX has been very bad of late. Only new one heard was on 3/3 XELA on 830 kcs s/off at 2:37 AM EWT with tolling of chimes; XEDA on 1290, s/off at 2:03 AM EWT A Cuban on 1150 (CMB4?) A Spick on 1470 at 3 AM? WGAC a new one logged 3/4.
