WCBI-COLUMBUS, MISS; -Short, sweet and to the point is this program, but it is to be dedicated to us by Chief Engineer Maxell Williams who says that most of his reports have came from NHC members and they are some of his best reports. He is very anxious to receive many more reports on this short dedication so lets all report. I believe that a great many of us have still to hear this station. These checks are at different times & Mr Williams has informed of ahead of time on this one. This is our first dedication from Mississippi since WMIS' program on the historic date of December 1 1941. Arranged by Joseph Becker.

WBTA-BATAVIA N.Y.-Here we are fellows, another rare catch. This will be their 1st DX ever. The hour is correct as 1490 is clear of all stations except WJBK after 6AM until 6:45AM. Try to report from 5:45 until after 6 so the manager, ar Richard V Driscoll will know how WBTA is received under both conditions. Lets show our appreciation to WBTA by many reports and they should be helpful to their engineering dept. Arr by A Bartholomew

KWKW PASADENA CALIF, -This will be one to test your powers of DX. Mr Paul W Spargo the c,e, explains with their directional antenna only about 75 watts will be coming toward the East. Many of us managed to log KPPC and KRKO when they used 50 watts so with a break in DX KWKW can be heard. Its certainly worth a try, so lets all by up at 4Am on Feb 20th. Our thanks to Mr Spargo for this 2 hour program. Arranged by Al Bartholomew.

KBIZ OTTUMWA IOWA .- Last year this station put on a fine DX for us using local talent. Again this time another live talent show. WEDC cut them up badly last time but this year they should have a clear channel eastward. Mr. J D Falvey, owner & manager agreed to this program on Washington's birthday so they should have a good sized audience. It isnt every station that gets its own entertainers up for such a program so lets show KBIZ how much we appreciate this gesture. Arranged by bill Gabriel Jr.

CJFX ANTIGONISH N.S; -This of course, a new station. In fact so new that we don't know at this time if it is on the air or not. They were to let Bartholomew know as soon as they took the air, but so far nothing has been forth-coming. If it turns out that they as not take the zir at this hour then we feel sure they will DX for us at a later date. At any rate try at 4AM. Tis will be something like 1490 kcs as KMJ and WDBO will be on but neither should stop us from hearing KBIZ. Arr by Al Bartholomew.

SERVICE MEMBERS FUND Ballence last bulletin Joseph Becker (2nd time) Joseph Enz

\$ 31.30

The rest of the DX CALENDAR will be listed on BCB Page 2 under the 1.00 FREQUENCY FROLICS. We wanted to make sure all the write ups appeared on Dago 1 of this issue.

MAKSHALL BLANCHARD-BROOKFIELD ILL. I am just getting well. I don't know what I had but I sure was sick. The only Daing I have done is on the two specials on the 2nd and 3rd. WTCM had a nice program. I hope they get my "boxtop". WCBT was very bacly (RMed here by WLVA and WFTC. Latest veries are from KFYR-XEFW-XEOY. Apports have gone out to WTCM-WCBT-CMCY-KOCA, a back report to XEWE. KFYR sends a gold on black verie stamp. Altogether I have 39 reports in the mail, 21 to foreign countries. I have been hearing a Spick on 825, Could anyone help me on them? Boy was I surprised to look at the list of specials in this weeks bulletin. There were almost twice as many as in the previous list. Another thing I would like some help on is, on the quiet mornings of some of these stations that stay on all night, such as wITH-WJW. (WITH off every Tuesday at 3AM-1230) (WJW on 1240 is off every monday morningat about 12 or lAm) (WEAL-1340 off every 2nd Wednesday morning at 2 or 3 AM) (1490 channel never clear) (1450 channel not clear either except when they sign off for our specials) sope that you are feeling OK Marshall and that your Daing will get another workout. NORm MAGUIRE-ALBUGUERGUE, N. MEA. Well I have been rather busy the last 2 weeks so no reports. Nothing has been doing along the verification line. Veries in since last report are, WAOV-CFCN-KWON-WNAB-WSTV from back in Conn at Xmas. KFDA-KGHL and KFUN from here. Got some fine replies in this group. WAOV was a fine personal letter from c,op. CFCN was a long waxaanax wanted station from Alberta. Have hrd it from here and from back there, but never bothered to write. KwON on and special said that mine was their 1st report from Conn since they went on the air. KFUN special was of course well received here, its only a stone's throw from here-130 miles. The manager wrote me a very nice note. -m sorry to hear that more of you didnt hear the fine program they put on for us. WNAB brings me to a point where there is only I station in Conn not verified. Well I'll be shooting for it on the 7th, WSRR imagine that. KFDA and KGFL both came back, only after sending prepared cards. KGHL said they have no cards. See where Fred Van is having trouble with KWTO. Me too with 2 rpts to them. Fred could you get me the signer of WHB? Need them badly and is only K.C. station missing. Been awfully hard to pull veries thru. Isnt moorside Edge on 668kc? --- +b-- --- Tr en who is holding down that freq? (CONT ON PG 4)

NORM MAGUIRE cont I want some help on when WSNY tests. Do they ever? As to 24 hour stations operating out this way on the low powered channels KGFI is on 1230 kes and KSAN on 1450 kes All night. In spite of KGFJ and WITH plus some other station I still managed to get a fair amount of data on WCBT this morning. (Norm WITH was off but WFTC and WLVA were on) Please tell Kermit that I havent been able to hear any mexican on 600 kc as KROD is right close to hear and they control than channel, only 300 miles.

GEORGE LUTH-KERHVILLE TELAS New catches in past week-KROS-WTCM-KWLK-KTTS

Frey relogs WRDw on 1430, WCBT. 2/2 WCBT program a glorious mess here, with channel sounded about like early evening, but did get one good call. KGFJ and Hilo in it of course and at least two maxmam others undertermined. WITH seldon had here. WTCM very good though and I sent report even though I dont verify generally. KTTS on about an hour 2/4 with music and osc tests. KHm0-1340 tests 3:30-4 EWT 1st Wed monthly. You say WSBT on 980, when did they leave 960? (That is what Lefty had in his report-Ray) (Its probably just a slight error) morrison reports CMZ on 1420, dope I had : months ago put Cak there from 740. Does anyone know where Cak is now? I havent hrd them any where for a couple years, or was my dope screwy. Also understand KFAF has application only for 660, not yet granted by FCC up to a few weeks ago. Geary does as well in Penn as I can here in Texas on 600. We agree on Torreon, I have made it sound like XEBM and XEDN while he says XEDM, so we're probably both getting warm. A little more light on 1600 channel, the Max I wrote about last week is definitely XEJ(B-T or similar sound) location in dark yet. Have heard in program data, not in call. Cuadalajara once and Guanajuato several times so figure it is around there. Wonder if XEVB could have moved from 1010. I hear a Cuban on 1600 also but havent figured him out either. Have hrd both s-off, lo:30 to 11 EWT and that didnt help.

STAN MORSS-BROADFORD MASS. Here is the time schedules of the Boston stations for week-days. WNAC-6AM-2AM; WBZ-6AM-1AM; WEEI-5:3JAM-1:05AM; WHDH 6:3JAM-1AM; WMEX-8AM-12MDT; WCOP-6:3JAM-12MDT; WORL-6:3JAM-5:3JPM; and WHEB-8:15AM-6:45PM; WRLC-7AM-8PM. Radio Lyons on with Radio Journal of France at 2:3JAM on 64J kcs about R7. Radio Toulouse on at 2:3JAM talking about Andre Collet; WTCM about R7 on its NRC Special. Who is the French speaking station on avout 1385kcs? According to Broadcasting WJWC has asked the FCC to resind its license as is to discontinue operation in a few days. W8XO has been authorized to use 750,JOU watts experimentally. Carr Collins has offered XEAW to Baylor University if there (Baylors) C.P. for a station is granted. He is going to move the station to Corpus Christi and will operate it for Baylor for 25 years. The C.P. is for 1010 with 50KW.

BILL GABRIEL JR-LAKEWOOD O Not much received here but have a lot out. Reports to KEVE-WAIM-CHEX (I have the worst luck with specials verifying) WRRF-WLOG-WIBU-WJLD-KICD-WCBT-WFTC-WLVA-KPHO-WTCM-WSRR-WRDO-WABY-WMOB-WRLC. Veries in from WBTH-WLAG-WLVA letters and fb card from KICD. Sent follow up to WALL 2 weeks ago and still no verie. It'm beginning to hate them-Hi. wJLD hrd 1/27 from 4-5 with test. WLCG on 1/25 at 2:15-2:55 sponsoring some sort of DX contest and saying a DXer in woline Ill is leader in it. WCBT hrd fair on DX.WTCm came in beautifully as did WSRRboth very neat DX. KPHO hrd on 2/3 3-3:15 with reg check, A7 behind WITH. WABY on 2/8 from 3-3:15 k9, WRDO same date 3:15-3:30 only R5 and W8XO messing em up R6-figure that one out. WMOB on 2/8 3:30-3:40; WRLC 2/8 3:45-4 but saying they'd be on at a different time next month due to time change. KICD hrd pleading for reports on 2/2 from 2:40-2:55. Boy I am praying for cold weather on those Canadians. CJIC wrote back saying they would be only too glad to go on for us after the war, but gave no reason why they couldn't go on now. Taks to you fellows for helping me on the call letter meanings. I got swell response. (I'll drop WALL a line-Ray)

JOHN KALMBACH JR-WILLIAMSVILLE N.Y. Have been doing a lot of DXing since Gas restriction, sent reports to WCAE-WRBL-WESX-WJEJ-WHAI-WNOX-WTCN-WTCM WSRR. Veries came in from WCAE a card, WJEJ swell letter, WHAI and WRBL wrote back and said I must have had the wrong station as they do not carry Luden's cough drop ads. I had WESX-WHAI-WJEJ-WRBL between 9-11 PM on Sun Jan 31st. WEVD still havent enswered. Enjoyed the programs from WTCM-WSRR very much. Added a Globe and wap of the US to my Radio Den.

JOE ENZ-BROOKLYN, N. Y. Only veries in of late, making total 558 are KVFD-WOOD-CHEX. DA not so good the past few week ends, on 2/1 WAOV & WLAP test ing, WAOV 2-2:30 Am EWT. Still hear station on 540 kcs, Sun & Mon AMs, must be a Mexican playing marimba music???. Hrd station on 1395 kcs 2/2, man rapidly talking them sounded like a gong, could this be Lyons, 2:30AM? (Yes Joe that was Lyons-kay) On 2/7 WSRk fb for the club, however have them verified but will send a card thanking them. CHPS sure send a fo letter, its great how those Canadians stations cooperate. On 2/8 DX fine, tried for KYA but Mexican was on; KVFD-h9 again at 2:35 reg check; WMAS 1-1:15 check; WILM-2:15 check. First Californian in a long time KLS-1280 s-off at 2AM EWT with selections Darling Billy Boy and Musical Clock R8. Cuban on 1330 giving several Cuban calls, must be a net work, on at 2:30. Tried for CKMO on 1410 but hrd Mexican and in background Hill Billy muse ic. Spicks on 1450 R9 and also 1490-1510. FOR GENE FRANCIS-KGFL verified promptly, and KWEW sent them 5 reports and several cards, even to the Cham ber of Commerce, they simply ignor DX reports. KXYZ-1320 till 4AM Sun & 3 AM on Mon AMs. On Mon at 1:05 AM WEOA-WHP-WGL-WFCI can be hrd s-off. Hold outs so far are KEG-CMCH-WSUN. Tried for KFBI-1070, did not hear them. Got a few SWLs since you put it in the bulletin.

GRANT BATSON-WESTFIELD N.Y. Some swell veries last week. Cards from KEUB signed by Jack Richards, pro dir. WFLA with EKKO stamp, no signer. Letters from KIT signed by H B Murphy c.e. and look here, SBT (sw) letter verie came Feb 4, typed Oct 24th 1942 for a report sent Feb 1 1942. Reports to 2/3 WTCM on NRC special 3-4:37 a swell program; 2/4 WSAP testing equipt 2:32-3:18 here is one to figure out, announced as 1490 kcs but 2:30-2:53 on 1400 kcs and 2:58-3:18 on 1440 65 R9 but they still announced 1490 kc. and waxx no &RM; to wwSW-wJBK from wSAP, not possible for a harmonic or skip on the band, how come? 2/7 WSRR DX special 4-6:02 AM a peach of a show, plenty of plugs for the NRC, I liked the part, "The National Radio Club Is On The Air" (4 R9; 2/7 KWTO on 560 for daytime reception 9:58-10:16AM; 2/9 KGKL-1400 2nd Tues 4:30-4:45 43-4 R7. 2/9 WORK-1350 6:30-6:46 44 R9 been after this one for 7 years. Tuesdays on 1230kc 3-3:30AM KHBC now LRMed by KGFJ, hard to log; KHBC s-off at 3:46AM EWT. TO SULLY SULLIVAN-Best wyoming station to log is KPOW-1230 4th Wed 4-4:15, signer A.J. Meyer, MAINE station WRDO-1400 kc 3:15-3:30 2nd Mon, signer Harold Densinore; IDAHO-KID-1350 kc used to test 2nd Sun 3-3:30Am EwT; NEVADA KOH-630 hard to log, signs off at 3AM ENT bad CRM now. NEW HAMPSHIRE-WLNH -1340 used to test 2nd Mon 3:50-4:05; GRIZONA-KWJB-1240 on 2nd Fri from 3:55-4:10. Who signs KMO-KGER veries?; TO FRANK JOHNSON-WJHP used to have a sky Commuters program 6-6:30AM for DXers, Ted Chapeau conducted.

AL BARTHOLOMEW-BRADFORD N.Y. The date of CKRN-CKVD-CHAD specials is 3/2. I too hrd WAOV on reg freq ck Monday still using old call. Also hrd CHPS testing last Sat 1/30 badly interfered with by WNOE; WTCM came in very fine this AM, copied 1st hour, sorry them made no mention of membership.fee. Will some member hearing CJVI lately tell me the hours they are on and s-off? Who has dope on WBBE, who signs? Wrote to WSNY for special. Hrd WSAP on 1400 kcs but announcing 14901c How.caom? (See Grants rpt) WSRR had clear sailing and was R9 with no interference and should have been hrd coast-coast. Thanks to my friends heilley-Dick Cooper and Brauner for dope on WAOV No reply from CJFX, if not on 22nd will write for later

- triangly I too on woiting for a KRKO verie. follow up sent also.

GENE FRANCIS-DETROIT with well with conditions excellent through all of January excepting the third week, my log was substancially increased and verifications reached 550. My first TP-KGMB in Honolulu was hrd with an R6 signal one morning and wasnt I pleased. February reception topped that but thats another month and another report. The new stations in January were KALE-KELA-KELO-KFBB-KFRE-KGB-KGMB-KGVO-KHSL-KMYC-KMYR-KOAC-KTNM-KTSW-KWON-KWRC-WINC-WJLD-WKMO-CFCN-CHPS-CJOC-CJRC-CKBI-CKMO-CKWX-XESM-XEMC and Radio Lyons on 1393. That one morning a month that WEXL is silent helped me log KFhE und KMYR. However on Feb loth, WEXL was silent only 20 minutes instead of several hours. And the veries, cards from KGCX-KICD-KWLK-KGVO-KEVE-KALB and CFCO. Letters are in from CKCA-WLDS-KVEC-KGPJ-wlog-kre-wwnc-kowh-kore-kfun-cfch-koac-keld-wsva-wica-wisr-kwjband KOKO. Say those specials from CFJC-CJFX-KWKW-ChOV and CHAD sure will help my log expand. CHOV and CHAD will be tough to hear in Detroit, unless WEXL is silent on Mar loth from 304 which I mentioned before, it wasnt, on Feb loth. (The programs will be on Mar and Gene ans more info on writing to WEXL is in this issue somephace .- Ray)

JOE LIPPINCOTT-CELO N. CAROLINA Got a real kick Sunday Am before WSRR broadcast as I heard Poste Purisian on 959, Toulouse on 913 and best of all Alger on 941. It would be swell if we could verify such stations for contest. WCBT-W1CM and WSRR all hrd fine on specials. WCBT badly (RMed but hrd pretty well just the same. XEU hrd s-off a little after 2 for a new Mex state hrd. Believe KRE hrd 30th. Time to hear KOAM is not at nite when the eastern stations are strongest but in the morning when the easterna stations are getting weaker and western ones still holding up.KOAM hrd and reported 8.15 Am recently. "STV caught at s-off 1:03. KRNT same time. Would certainly appreciate haveing reports give time of hearing a few Latins other than Cuba and Mex. Cubans come in too well here, sometimes not much else. I would very much like & special from Haiti or Dominican Republic on BCB. Sure wish we could get them as I never have hrd or verified either. I have been looking over my old veries. Imagine a verie from a TA for 31 days of reception. I have a typed report that I use and anyone interested in getting one drop me a line.

STANWOOD MORSS-BRADFORD MASS Heard WMFJ on with test 2/9 at 3:20 AM and was R5-6. The Rev pob Shuler former owner of KGBF in Los Angeles has been forced off the air again for speaking too freely, he has recently been on KPAS in Pasadens. This from Broadcast"

Pvt Ed Wyman-809 T.S.S. (Sp)-Barracks 412-Sioux Falls, So Dakota Note my new 4RA. Its really cold here and I don't mean maybe. Here are a few items left over from Miami Beach. W4AM's slogen is "The Voice of Tropical America"; WFTL's is "The Orange Blossom Station". I still can not find or hear a Cuban on 640 kc. I did get Hok at about 2PM a couple days. They announced in English about every hour. There is also a Portugese very faint there also. No sign of WHKC at all here. On the way up we passed WTJS's xmitter and it was lighted up with Neon lights with a revolving red and white light on top. The xmitter house was also lite up like a Xmas tree. Out this way in So Dakota most of the stations use women announcers. We have 2 stations in town, KELO-KSOO, maybe I can get WCAT now. It is one of the few W stations I havent had. Will be here for 18-20 wks If I don't wash out and I am doing my darndest to do that.

FVT Leo Herz-36625308-A.S.N.-luist Airborn Signal Yo-luist Airborn Div APO No 472-c/o Postmaster-Fort Bragg, No Carolina, Well here is my latest CRA. Things are going along fine. There is a Company of WASC's in our camp and I was at a dance in their honor. Danced with a WAAC Sergent, never thought I could enjoy cancing with a Sergent. Inam with a good bunch but miss the old gang at my old company, they were at a nearby airbase for flight training so I flew down over the week end and flew back all free on an Aray transport. Letting bulleting regularly & enjoy resoins them

TO ALL- Before it is forgotten please sit down and write to station WNOE and address your letters to Mr. James E. Gordon, station manager. Thank him for signing station WNOE off for our special program from CHPS. ALSO try to send him a report of reception to show him that his station is heard very well in all parts of this country. He probably listened in on a set which could have picked up WNOE without any trouble if it would have had an out door antenna on it. You know most people today are just satisfied with receiving their local stations and are not interested in any station outside their locality. Now dont put this off, DO IT NOW.

CKRN-CKVD-CHAD-Programs by Al Bartholomew.

Just received a reply to a recent letter to CKRN in regard to our DX special from those 3 Canadian stations CKRN-CKVD and CHAD. The following is from their letter.

"Following your excellent suggestion we will make seperate breaks for each station, over that particular station alone. That is, the break for CHAD will go over CHAD alone, so there will be no doubt about the station you are listening to. Normally, as you know, all programs for the three

stations originate at CKRN, Rouyn.

The frequencies for the stations are as follows, also power output CKRN-1400 kc-250 watts CKVD-1230 kc-100 watts and CHAD-1340 kc-100 watts. I rather inagine that reception from CHAD will be superior to that of CKVD as the antenna installation at the former station is the best of the three stations. Therefore reports from your club members will be looked forward to with great anticipation.

Please have your members address all communications for the three stations to me here in Rouyn, as I am technical in charge of the three

of them, and delay will be avoided in this manner.

I hope these arrangements will prove satisfactory.

Yours truly-George H Pope.

So the above information means that you should send 3 different reports, one for each station, and send them to George H. Pope as he requests. This will mean that the above will count in our BCB contest as 3 different specials as you will be able to receive 3 veries, 1 from each station, but you will have to listen to all 3 of them. You will not be able to verify all 3 of them by just listening to one of them. It certainly is a grand gesture on the part of Mr Pope and it is hoped that each and every member will do their best to report as requested.

It is also suggested that each and every one of you write to station WEXL asking them if they would be so kind as to sign off for this program and include that if they find it impossible to sign off for the entire hour that you all ask them to sign off for either a half hour or 15 min@ utes. In asking for part time suggest that they sign off bet 3:30-4:00. Every one be the same time and we might get a break from WEXL. LEFTY COOPER-BROOKLYN, N.Y. L verie in from CHPS. 2/3 WTCMs DX R9 in clear. KPHO could be hrd thru WITH around 3:05, so they still have their test. 2/6 Finally landed KFDA behind WITH 5-5:30. WCMI test same time on 1340 and there were 2 others on 1340, one being WEAL but who was the other? 2/7 WSRR hrd with another top-notcher of a DX. There'r local here always. 2/8 WMBG & WSYB cutting up WAWZ at 6:25Pm that WAWZ couldnt be hrd well. Air mail letter from Mr. Gordon of WNOE, said that he was in N Y City recently and that he tried to hear WNOE on a fairly good set and couldnt. He wanted to know why it was neceasary for WNOE to stand by for CHPS. I pointed out that I hear WNOE every AM, so fellows do your CLUB a favor Please send a report to WNOE some time soon and show that they can be hrd and that they would interfere with CHPS or any DX program on 1450. Tank them for standing by for CHPS will you please? T- warren-what freq is XEHL on? Ivor Sutherland should hear KWKW even if we done in the East.

NATIONAL RADIO CLUB SHORT WAVE NEWS Egited by Fred Van Voorhees-3415 The Paseo-Apt 204-Kansas City, Missouri. KCS CALL REMARKS 2375 XEJK Cuidad Delicias, Chic hrd at 11:10 Pm. Announces as WNBI in the 25 meter band and a station in the 38 meter band. VRC has a KJE7 on 7820 kcs. (Harris) Algiers, Algeria hrd 2/7 s-off at 5:14PM. On late because of 8960 AFH transmitter breaking down. (Harris) /(Washington, D.C.) 9170 HJR Barranquilla, Columbia hrd calling Bogota at 8PM. (Roger Legge Station hrd 3 times. s-on at 2:50 PM with music. Then a man 9430 ???? talks in German until 2:57PM the s-off. Once at 2:56 PM heard a man whistling. T is must be the Gustav Stegfried Eins station. (Harris) Madrid, Spain hrd 2/7 at 7:50-7:58Pm with music. At 7:59 PM talking in English. Announces as "Spanish Broadcast Network" but no call letters hrd. At 3PM hrd bells-chimes or gongs striking the hour. Gave times as 1 Am in Madrid. Then music until 8:09 Pm. From 8:09-8:16 PM hrd news in English. (Harris) 1149G TDA Guatemala City, Guate nrd calling Tapachula at 1 PM. (Legge) Malaga, opain hrd a few times s-off at 10:32AM. Announces as 14440 ... "Racio National" Franco, Spain. (Harris)
A new station from England on this freq from 11:15-11:29g AM 17740 ... with news in German. Then hrd a noise like someone pounding at 11:30Am and hrd in English London Calling Italy. Signal was R9 plus here. At 11:40 AM heard one stroke of a gong. At 11:59 AM heard the pounding noise again. (Harris) Jim Wedewer- Not much to report except that I was totally surprised to receive a nice red-white and blue verie card from Radio Guadeloupe after l yr and 1 month. Was mailed from Pointe a Pitre last June. Freq was given as 7445 kcs and incidently it is now off the air. NOTE FRED FOR CONTEST. SW reception is very good, latest catches being Harbin on 6035 kes and RWW-SDX-GLY-GBAZ-FBEA-HBC-PPM-PVB6 on cw most of which I dont know the location of. Rog Legge rpts veries-Malaga-Stockholm SHORT WAVE CONTEST STANDINGS Pts. It has come to the attention of your Jim Wedewer (Congo Belge out) 59 Editor at CLUB H& that veries are 47 Roger Legge being counted for reports of 1941 Bud Kopp (IdM bbs) 36 reception. Please remember that in Grant Batson this 1942 contest ONLY VERIES RE-CEIVED FROM REPORTS SENT OUT IN 1942 ARE ELIGIBLE. It will be appreciated that all you members in the 1942 SW CONTEST recheck your veries &

ated that all you members in the 1942 SW CONTEST recheck your veries & all those received for 1941 reports be withdrawn from this contest. It is regretted if some of your 1941 reports took until late 1942 or early 1943 to return but this is against the rules adopted by the Board of Directors. All members accepted the Rules so we must all abide in them. If it becomes known to your CONTEST MANAGER that any verie is being entered in the 1942 SW CONTEST for a report of reception in 1941 he shall be required by RULES to toss it out. So please recheck your entrees.

N.R.C. Editor-Ray Edge.
