MEMBERS A great effort is being made to eliminate the conflict between KPQ and WHGB which are down for the same date and hour. You see, WHGB volunteered this hour and KPQ had already been scheduled, or rather asked. We are trying to get WHGB to change the date to Feb 23rd from 4:00 - 5:00 AM EST

CJOC-LETHBRIDGE ALTA This station was unable to go on the air for us last autumn as originally scheduled and Mr R A Reagh, Chief Engineer has agreed to broadcast for us at this time. We want to thank him for his kindness to our Club and this channel should be open all the way, so we should all be in there tuning CJOC and given a decent break in conditions if that is at all possible. So here's hoping he'll get a lot of reports. Arr by Bill Stone

WPAT-PATERSON N.J. Here is one a lot of us have been trying for, for several seasons and this will be WPAT's first DX Program ever. Remember, they had to obtain special FCC permission to broadcast at this hour, so let us make sure they get rewarded with a bevy of reports. This channel should be clear also for KHJ is silent Mondays unless KTKN is on. Please, everybody listen in and send a report. This program was made possible by Mr Earl Lucas, Chief Engineer and Mr. Ted Webbe, Program Director. Send your reports to Mr. Lucas and thank you gentlemen. Arranged by E R Cooper.

ELDON ADDY-MARCUS IA DX has been on the uplift here the past week. On 1/18 reports went out to CKGB-CJRL on DX for NZDXA. 1/20 KSO and KCOK on for the club and a toughie under KFXM but enough for a report. KFJI tested after KCOK and KFXM left the air, 4:14-4:26 in clear. 1/21 CFOR on test and signed off for our CFAB DX who came in here weakly for first Nova Scotia station. Static was very bad that morning. 1/22 CKRM with a bang up program for NRC. Copied them solid. 1/26 KIEM heard on 2-3 AM regular program. On same morning KIUP testing and asking for reports. This morning 1/27, WINN on NRC test, logged and reported. Had considerable QRM from KCOK. Veries are in from KYA-KVOP-WAGC-WSMB and WAZL.

Remember boys, try and report to all Stations putting Special DX Programs. It does not matter whether they are on for the NRC or some other Club, We want the members of the other clubs to report to our DXes, so let us return that favor. It is reports the stations want and its DXes we want.

LEFTY COOPER-BROOKLYN N Y Reports to CFAB-WDEL and verie back from WAZL a card. 1/21 CFAB came in here with a beautiful signal on their DX and I got a kick out of Mr. Bishop's dedication to me, if I wasnt too sleepy. Somebody must have tipped him off about me. Caught WPTF coming on at 5AM 1/22 Tried hard to bring in CKRM but WATTs side band prevented me from even hearing his carrier; 1/24 WEIM was really in a jam here on 1340. 1/25 Tried for WROX but no luck; 1/26 Bad buzzing noise on band all AM which rendered VOWN inaudible here. Who was Cuban on 1300 kc thisxAM? Was hrd between 4:19-4:32; 1/27 Forgot the WINN program, thank you sent; 1/28 Once again drew a blank from CKLN nothing at all on that channel here; CFAB R-7 beneath strong carrier till 3:30 when WKEU came on and over rode them; WDEL on at 3:30 asking for reports and promising veries which comes as ax surprise, recalling their former attitude towards verifying. My antenna is now lying on roof and its too cold to do anything about it. With WPTF on wonder when Dicks WISR can DX?

PHIL NICHOLS-E HARTFORD CONN DX picking up again but terrible local buzz makes reception difficult. Rpted what I hope was Linz, Austria on 1294 1:40-2 on 1/23 followed by rpt to KWLM, Willmar Minn testing on 1340 at 3:16 same day behind WHAT; No luck on CKPI or KVSP. 1/24 Got WEIM but even as close as I am, WEXL-WHAT still on top. Swell pro tho. 1/28 Got spec nite off for CKLN and not a peep hrd, dont believe they were on as swell AM for West. KUJ copied 1:30-2 s/off tnx. to Pops tip and sent rpt on CFABs URDXC DX. Today also got two veries after long time none, nice letter from WATT-Wolgast, vs and a swell letterhead verie from AFN Munich 1249 kc for 12/6 rpt, same dope as from Morss in last issue. APO 205 Private Caleb Paine, vs. This cheers me up a lot and look forward to more of my TAs coming back soon. Harold Thomas his application for station in Watethury, Conn was withdrawn

SID STEELE-LOUISVILLE KY CKRM was tough here for some unknown reason. Could get nothing for first half hour except National Emblem at 4. After 4:30 & after WNOX's carrier was shut off, managed to log several selections and other program material. Up on 24th and ran into KXOX testing 2:45-3 for new one. WEIM was logged on DX under WEXL and WHAT. Got names of 3 selections so that should be enough for verie. WHUB also hrd 3:37 and WIBU 3:31. 1/26 no go at all on VOWN. KIUP logged for another new ~~TEXT~~ one and on all AM then were covered by WORD when they came on at 5; KRIC logged for new one in Texas at 4:45; Also hrd were WJHO 4:30-5; WKWF 4:35 for URDXC; 1/27 reception lousy. Doubt whether WINN got out very far. WALB on F/C and off at 2:45; KPLT dominating the 1490 band at 3 on test. Unusual to hear anyone outdoing WJBK on 1490 kc. Veries this week from KTUC-KTNM and at long last KEW. Also dup from WOMI for one point in contest. Apts still out to 25 for new ones and 9 for dups. (OK Sid, I too caught KXOX on last part of test)

JOHN D LONG-DALTON GA Hrd CJRL other AM on their DX with very good sig. On 1/20 KCOK hrd but not so very good, faded badly. No CFAB here on 21st will try them again in the AM. 1/22 CKRM hrd with very good sig and very interesting program. Said they planned to go 5kw sometime this summer. Didnt try for the specials of CKFI-WEIM and WKWF. But back at dial for VOWN but no avail. Tnk I hrd someone talking and a number or 2 but not loud enough to copy. Hrd some station testing on 1460 with organ music around 4:15 till after 4:35 but no announcement. I wonder who it could be??? That was 1/26; 1/27 Overslept on WINN DX. Hope CKLN will be on in the morning and will come thru for me. Have rec 2 new veries lately, KTSW & WAGC. KTSW very friendly letter from Paul Daniels telling all abt their xmtr and studios. Said to stop in and see them when in Eporia. Visitors always welcome. They said CANDY was won by James Dagg of New Westminister (Yep NRC Member) WAGCs CE is William R Owens. Havent rec my CHLT verie yet for their DX.

DAVE THOMAS-PROCTORVILLE O KFJI on special test 1/20 5-5:20 AM very nice sig. In airmail letter from STK(state they operate several stations on this common wave 25-100 watts and station I reported as VQ2ST was in error, as station I hrd was STK(just moved from 618 kcs) to common Sudan freq. Known as "Omdurman Radio". They also operate besides these low powered stations "Radio Khartoum" on 572.5 kcs. Radio Khartoum does not operate when STK and other stations are in operation. The Khartoum station operates mostly afternoons and nights. The other in mornings. QRA-Civil Secretary's Department of Public Relation of Sudan Government, Khartoum, Anglo Egyptian Sudan. This and WXLs should be my best weries of the season. I'd say off hand. CKRM was OK here with nice report to him.

WILLIAM J GABRIEL Finished school some time ago and was lucky enough to get a job as radio instructor at school
RADIOMAN 3/C USCGR here. Now have a little more time to DX, but its
P.D. RADIO INSTRUCTOR strictly daytime. Get very unusual reception ar-
USCGTS SO VIRGINIA AVE round here. Good example is on 1240 kc, WSNJ-60
ATLANTIC CITY, N.J. miles west of Atlantic City using 250w, do I get them, NO instead I get
 WGBB with 100w way up on Long Island R-9 and no trace of WSNJ. Also get
 WNHC on 1340 kc way over the Phila stations. WHAT & WTEL. Verified WNHC at
 12 noon and they wrote saying it was most distant daytime report they efer
 received and were overwhelmed. However I'm not planning to verify from this
 location except in unusual circumstances like WNHC because I plan to get
 right back to the swing from good old Ohio when I get discharged(which I
 hope will be next fall) I drool everytime I see the DX CALENDAR. It breaks
 my heart to miss all those chances-hi. I'll be home on 10 days leave soon
 and I may get in a little after mdt listening then. Certainly enjoy read-
 ing of the boys DX activities. Think next year will be even better.

MEMBERS SERVICE FUND as of 12/27 was \$10/15. Donations from SGT Fran Gmeiner of \$3.00 and renewals of John Forbes-Bob Brown-Jack Quinteell-Bill Howe and Paul Kary amounts to \$10/00. FUND on Feb 1st amounts to \$3.15.

LEN KRUSE-DUBUQUE IA Boy what a week for DXing. WOW. WKVM was logged for a new one on 1/21 with reg. 5:30 AM S/On beneath WCPO. Then CKRM DX 1/22 came in fair with slight static making another addition to the log. And at exactly the same time 4-4:15 KBNE was testing on 1450 beneath WWDC. Station KSMA was logged 1/23 with its reg s/off at 3AM interfered with by WNOE and WWDC. Fellows try MON AMS to log this one when WWDC is off. Later same date CHSJ was hrd with reg early morning program at 5:30 AM on 1150 kcs. Still 2 more new ones were logged on 1/25 namely WROX with 4th FRI F/C 3:55-4:05 and KVAL hrd with their 4th FRI 4:30-4:45 AM. Thus making 7 new ones in a week, one a day not bad eh? Hey "POP" do you think I'm slipping?? How many hrd KTOA on all AM 1/25 giving info on killer of 2 So Dak policemen earlier that AM? (That should be KOTA) The CKFI DX on 1/23 came in fine when WEXL was off the air, no sign of WEIM on 1/24. At the dials for WKWF but sorry not to find them on as sked for URDXC. (Was on the 25th) TO JOHANNIS-Is the reason you rec such a fine verie letter from WKBB because you mentioned my name? Station KIUP on 1/26 with DX asking for rpts. Station KICA continues its weekly Sat AM program, "Music From The Sunshine State"

JESSE B STRAWN-HOLTON KAN Well boys finally found that white piece of paper was discharged on 12/9 and its sure great to be out and home again. I sure want to thank all of you for keeping my dues to the good old NRC paid up while I was gone. I'm sure all the boys in service sure appreciate it. Haven't did a lot of DXing since getting home--got to have a little fun you know. But have done little. My log stood at 837 stations heard and 378 verified when I went into the Army. Since being home the new stations heard are--AFRS Canal Zone-Hi.-KODY-WIBG-WAKR-WKWS-KDFN-WHIT-WHLD-WAGC-KWRC-WAGA-YV5RB KNAK-KWIL-WDBO-LVNE-KAVE-KOMO-KILO-WSON-CKGB-CJRL. Which now puts my log at 859 hrd. New veries since getting home are WEBQ-WAGC-WGGA-KOCA-KTNM-WSON-KAVE. To bring veries to 386. Also have rpts out to the others so hope to hit 400 before long. But my DXing is really tough because the latest log I have is a Jan 1942 Radex. Also using my old "Airline" and it rides the beam of the Topeka Army Air Field all over the band, so you see I have my troubles. Will be glad when I get settled where I can use my Howard-436. Never have given it a good test and I'll sure it will be a 100% improvement. But my DXing this winter will be cut short as I'm leaving for Florida this week to go to school for about 5 weeks. Will tell you more about it later, if I make good. But sure hope I can make the convention this year and meet all you grand guys. In my opinion the NRC is tops.

ELWOOD DEIBERT-WALNUTPORT PA OK on CMHK DX, went on the air at 3AM instead of 2AM as sked, also hrd my name and QRA given as well as quite a few more DXers, also logged CFAB on DX for URDXC, no sign of CKLN here, were they on? Veries in from KUTA, took 54 days--KWLC-KANS-KFBK-WOKO-CMQ-KFFA-WGGA back in 6 days also coverage map; 1/27 WINN h-7 on DX; 1/28 WWPG F/C 1 AM; WLPM 1:15; WDAD 2:05; WTJS 2:20; KGIW 2:30; WMLT 2:35; WBAC 2:45; WKEU 3:30; WQNC 4; WGTM 4:30; WFNC 4:30; WTBO 1:25 till after 2AM; Logged 4 Calif stations very good KFOX-KFVD-KPRO-KTMS. Rpts out to VONF-WINN-CFAB-CMHK-KFOX-KTMS-WTJS-KVFD-WFNC-WGNC-WGTM-WTBO-KPRO-WLPM-WKEU. Did not rec CMHK verie. Lewis Windmuller of Wash DC asking for sta in Allentown Pa on 1230 kc 250w.

GRANT BATSON-WESTFIELD N Y Hrd a few I have needed, 1/22 KVOB test 5/on 3:56; CKRM started out noisy but got 6 titles, Hrd Fred Van-Pat and my name mentioned, were OK las 3/4 hour. 1/24 WEIM covered 1340 R-8; 1/25 WROX 3:55-4:05 asking for rpts, wanted to know what listeners were doing up that hour. Also WMT 5:59-6:15; KGGF on 690 kc 6:15-6:30AM over CBF-CMQ Also WDAY 6:31-6:48; 1/27 WINN DX gave us good show and build up. WHNC 7:30-7:44; Veries few but nice KSEI letter with EKKO stamp; WPIK letter & blotter; KUTA blue verie card by C Wendell Bell. CE; VOWN not hrd, got a carrier but no soap so sent Tnx card, overslept on CKFI-WKWK, only hope I can land WXLS, not dream and need CFQC too. (OK Grant no VOWN here either, but nice verie from CKRM and looking for a few more, if they ever arrive.--Pop)

ENS LLOYD E STAPLES-E BRIDEGWATER MASS Expect to be home for a while so dont know whether I'll make another trip or not. Am however preparing for future DX as I sold my old S-20-R and bought a new SX-28 Sky Rider and have begun working on some of those elusive stations on split frequencies. Just got up a 75 ft flat top ant and proceeded to knock down XERB-ZNS-KPO-KFBK-CBK all between 10:30-11:30 PM EST. ZNS Nassau was hrd s/off 10:37 PM EST and Los Angeles KFI broke thru immediately with R-8. Applied for amatrue station license and expect to be on the air soon with 100 watts,would appreciate hearing from any of you fellow members who are operating nowxon lo meter band. In case any of you ever tune the marine bands and hear my ship call "KWWQ" why give me QSL,sorry cant give you a DX program-Hi. (OK Lloyd and good luck,-Pop) QRA is 470 Matfield St.,

LEO HERZ-CHICAGO ILL Time for anothe rpt. Only 1 rpt went out this week and that to KWBU on 1010 and comes on at 7:30 AM; Veries in from CFRB-WGAR both very fine cards and total now 315. Glad to note that more and more of the boys are getting back to civilian life. Bought Whites log and I tnk its better than Stevensons as it lists Canadians and US stations together.

DR JOHN W KIRK-PT PLEASANT W VA No rpt but TO LEFTY-My radio may lisp,but it still isnt as pronounced as that strong WINE you mentioned. Are the rest of us supposed to hear WINE or just hear about it? Personally I would rather have my WINE another way,even though it does mean that I do not get more than a BUZZ out of it. Seriously Lefty I did hear Marshalltown mentioned and did not hear Jamestown mentioned. So,even though the calls are similar I do think that the call I hrd was actually KFJB and not KSJB. Any-one else want to get in on this friendly argulment? I'll take allcomers.

STAN MORSS-BRADFORD MASS 1/21 KUJ fair here,tnx for tip,never thought I'd be able to get WOR harmonic and all; KIUL at 2:30 testing; Made a big error and got up for CFAB at 3 instead of 5 so missed them darn the luck, made up for it in KUJ for points tho; Did get KOAL testing at 3:30-3:36 for short rpt after WASK s/off; Hrd the Portugese station again on 630 kc almost every AM he starts coming in about 3:30 AM,gets better till 4 then starts fading out.WFEB also hrd testing 3-3:10; You boys ever use International Reply Postcards? Double cards one for msg and one for reply. Plenty of IRCs around here; 1/22 Rpt to WPDQ on at 6 AM s/on, hard to get here. WNAC overlaps from 1260. Veries from WTBO-WAZL-KGIR for no 900 and WBNX. 1/23 Canadian on 1340 (CKFI?) very poor. Verie from WHAT a card in blue & orange. 1/24 KTHT testing at 2 with band music,sta s/off on 1490 at 2:30 with program called Musical Classics,said they would have same program on next Tursday, who was it?? Anyone know? KXOX testing 2:30-3; WEIM very weak here and less than 30 miles away; WPAX testing at 3 on 1240; Verie from CMCF an old rpt,also letter from CMHB who say they will be on 2/24 3-3:30 AM EST; The UNO sire seeing Committee was in our town of Boxford the 22nd Busses,Police Cars-Motorcycles, had a good day for it, below Zero nearly alday, out town is a partvof one of the sites being considered. 1/25 CKNX on DX hrd 3:45; WROX at 3:55; WREC at 4:05; KPOF on reg 4th FRI check 4-4:30; No WKWF here were they on (Yes Stan the 26th not 25th as was given us by URDXC) 1/26 KFJZ on at 2:10 testing; WNAD hrd 2:23-2:32 s/off about equal to KFI,first time hrd here since 1940; KIUP testing at 3:10-WKWF DX hrd R-8 4:10, on a day late werent they??

TED SALING-ESTACADA ORE Have very littæ to rpt this week. Couldnt hear CJOR 3-3:15 1/14 but did get off a 1 hour and 40 min rpt to 3XY. Hrd WAGC now and then from 3:28-4:33 on 1/17; Caught WPAD on F/C 3:24-3:28 on 1/18; WHBB F/C 4:17-4:20 1/18; Could not hear Algiers. Verie in from WKBH. Total veries now 197; KOOS says they will be on daily to 4AM.

ALFRED E BRUCE-PHILADELPHIA PA Received a verie from station CFPL in London Ont and they were heard very well here.

Remember those THANK YOU LETTERS or CARDS to stations not heard on DXes.

PFC S HENRY FRANKEL-WATSON LAKE-YUKON Tonight is an excellent one for reception on the bcb so here goes another scan of the dial in Yukon. Last night 1/22 able to pick up Cpecial of CKRM and rpted them. Tonite picked up WGN-KFAR-KIRO and now twist the dial and at 10:20 PM Yukon Standard time (2:25 AM WED AM EST) on 620 hrd orch show, then KFI a bit weak but readable KFAR on 660 is R-5 S-5 with a SW news broadcast, 680 kc KGO, then KIRO again going to Boeing field for reg weather forecast; WGN on 720; On 850 tango music and powerful sig on 920 but failed to identify city altho ad for Division St Market; 930 novelty music and male vocalist on 940 and very powerful sig on 950 with male singing Nobody Knows, on 970 KOIN and another powerful sig on 980, this much stronger than CKRM was last night. Another powerful one on 1000; on 1070 KNX fades in and out, hrd commercial on 1080 and on 1090 kc another commercial; 1130 powerful tenor; 1160 and 1170 a trumpet solo with Slavic Dance; 1190 KEX with weather; 1230 powerful sig with an Orchestra; 1280 with records; 1300 KOL very strong; 1330 more Washington news; 1360 Same news much weaker; 1400 a gal sings; 1440 orch music weak; 1470 female vocalist; 1510 same girl but stronger as ann calls Red Nichols Orch playing "Perfidia" KFBK is strong as usual with news; 1600 kcs (above) but cant say where an orch with semi classical music is R 4, ~~XXXX~~extime is 2:44 AM WED EST as I turn the dial back to KEX for some easy listening. At 11 PM local time it is Mdt on Pacific coast and most of coast stations leave the air making it more difficult to get a decent program.

BOB GORSUCH-CEDAR RAPIDS IA Veries now stand at 1153. Latest to come in are KWBR-WJPA-WMAJ-WKWF-CFGP-CFNB-WRRF-KTUC-WAGC-KNOE. Have the following rpts out WDAD-KMED-KTHT-KFBC-all before Xmas. The following new last week-KBNE-WHIT-KSMA-CFAB-CJOR-CKRM-KVAN-KOVO-KNAK-KOAL-WBAC-CKFI-WSSV. Hrd KBNE with equipt test 1/10 at 4 AM EST, sig was 9 plus 20 here. WAGC with equipt test 1/11 at 3AM and sig 9 plus 10; CFAB was hrd on special with spotty sig from S 2-5, static was quite heavywhere, did manage a fair rpt. CKRM was S-9 plus 30 db; CKFI was S9 plus 20db this AM. WEXL was off for first 30 min. Should have come on very well back east. Spent a very enjoyable evening a couple weeks ago with Mr and Mrs Jack Wachtel here in Cedar Rapids. She is a swell person and a real DXer. Not as many veries as I have BUT a few tucked away that I would sure like to have in my log. I suspect that we'll be having more DX gab-fests before long. We should get Len Kruse over here (about 70 miles) and make it a 3 way ragchew. The SX-28-A is doing fine and I like it real well. Work here at Collins in very interesting. By the way they will be coming out with a super communications receiver soon. Am going to arrange with sales dept at plant to get shipping dates on Collins equipt to purchasers, this should give us a good lead of preliminary tests from some of the new stations. (OK Bob that would help I imagine, and about Len, remember he has a Mrs so maybe Mr Wachtel and Mrs Kruse could gab too.)

STEVE WALBRIDGE-DEEP RIVER ONT The poor reception everyone seems to be experiencing took a holiday on 1/14-1/15. TAs came in here with plenty of bang both AMs. Had Lille France on 1213 k-8 on speaker for fine report. For once my French came in handy. Also BBC on 1050-1013-877 kcs both AMs very fine. Wrote BBC and am hoping. On 15th think I had Algiers for 3 selections and no speech, but asked them to check the musical titles just in case. The 16th was Pacific coast night and how; The only NZ DX programs I caught were WKST 3:30 on 1/19; WSSV 3:07 same date; CKGB at 4 on 18th; Only other ones recently were KVOA-KRIS-WENT-WNEL and veries back from CBV-KOL-WBLJ-WBAC-KOMO-WAGE. Laid hands on a few IRCs which a nearby P.O. had in stock since 1939. Perhaps can supply a few if the lads are really short. Drop me a card and say how many. QRA is as above. Can add D; I L Townsite P.O.

JOE DE ROSA-ST CHARLES MO CFAB heard after WEED s/off for one selection and 3 announcements. WKEU-WDNC took him out. CKLN hrd in spots, got call at 4:03 AM EST. (OK Joe, long time no rpt, no CKLN here at all-Pop)

Remember FOREIGN BCB STANDINGS TO HAL WAGNER no later than Feb 9 1946.

To all you fellows. PLEASE send your lists direct to me as I miss them in the bulletin. It only takes a card, so from now on please send your latest VERIE-HRD standings to Frank Wheeler RD 7 % T J Schwartz, Erie, Penn. Thanks a lot and will be looking for them by 2/20.

BOB DUGGAN JR-MACON GA Am 18 today 1/23 and registered this PM and think I shall be able to continue studies until June however. Veries from KSAI KXLA-WAGC-KTSW-KIEM-KOCA-KADA-WBHP-WKPT-WELL. Rpts out to HJCB-WKST-XEAI-XET-KGIR-KCOK-KSLM-CFOR-WPRO-CMCO-CKRM-WSMB 1210 kc. XEAI is an alniter now on 1320; XET tested till 4:37 on 1/19; WKST & WSSV hrd on NZ DX 1/19; KCOK was OK till 4:37 on 1/20; CFOR hrd but no CFAB. CMCO tested on 1230 with strong sigs 2:30-3 on 1/22 in Spanish and English promising verie cards. CKRM hrd weak to fair here. Maybe its my set but I hrd WSMB on 1210 parallel with 1350 when it signed off at 3AM on 1/22; KXLA sent airmail letter but only wrote Verified KXLA on my rpt. However he also mentioned that they shoot a maximum of 250 w in my direction. XEAI seems to mention Costa Rica a lot during its broadcasting, for long time thought I had Costa Rica till I hrd the XEAI identification.

FRANK WHEELER-ERIE PA All my rpts, 11 of them have been verified. Dont have any standing out. maybe I can do a little DXing from here on in to the clos of the DX season. Remember boys send those verie-heard lists direct to me.

HAL WAGNER-NO GIRARD PA CFAB hrd on DX 1/28 along with WEED-WKEU-KNOE, managed to copy him from 3:12-3:30; A carrier was hrd from 3:15-4:15 on 1240 but terrific power line noise prevented me from hearing any modulation. Just couldnt get anything thru. TPs were very good this AM but nothing under R-7 could be read or copied. So that didnt mean much. WDEL hrd on 1150 from about 4 AM on is this a special or reg sked. (Dont know Hal but ann as a special all night DX program. Sent rpt for bcb contest-Pop)

S/SGT AL MALEY-HIGHLAND FALLS N Y Received a letter from CMHB telling that the following fellows reported their Dec 20th DX. Morss-Tyndall-Campbell-Edge-Deibert-Batson-Hankins-Duggan-Brewer-Tweedie-O'Brien-Thomas-Johnson. Rec verie from Munich, letter head only mentions Munich, not Stuttgart, and is really a nifty in red-yellow-black and white letter head. Verifies 1/2 hour rpt. P.O. Clerk says my rpt to Munich wouldnt be delivered but I told him to send it thru anyway. Good thing I didnt listen to him. Didnt have the APO number either but addressed it to Officer in Charge.

JIM MCGREGOR-ELYRIA O Well I'm back home again, about a week. Listened a couple AMs but band seemed pretty bad, lots of fade on everything. This AM with temp at about 8-10 things seemed pretty good. Receiver isnt too good, expect to get a SX-25 as soon as I can get it. Rpts out to KFAB-WSPA-WHIS-WFBL-WTAR-WKBN-WEXL-WWDC-WAGA-KFI. Dick Justavick home also & on 10 meters. (OK Jim and glad to know you are back home and so lots of good luck to both,

ED SLATER-ALBANY N Y I'm out of the Navy now after over 3 years and have started back at the old grind and it is tough but I do have good hours with Saturdays off. Have done little DXing of late, had a few veries come in from ZNS-VONF-KGW-WATN and a couple of amateurs. Didn't hear Algiers station on the 16th and haven't been up for any of the specials either. Am waiting for a RME-db20 preselector and a RME Low Freq converter. Since buying the SX-28-A I've sold my Sky Buddy and would like to sell one tube Browning Pre-selector. Would like to be put on Dick Coopers special Announcement list. (OK E₂ and lots of good luck, Dick will put you on that list at once)

RALPH JOHANNES-BUFFALO N Y Sorry to hear of Lincoln Mayo's induction in the US Army 2/20 as VRC loses another good BCB editor. Enjoyed meeting Ed Wyman and Junior Carberry and his Dad at Pops. Many tnx to Duggan for the 1420 kc, also Stone for CE of WWPG (me Ketchum) To WAGNER 1195 kc, possibly was BBC as they broadcast to 21 different countries and sent me Sked and acknowledgement by ret airmail but DONT VERIFY. Enquiry to KROS if I heard their F/C 1/23 and CE Fred C Clarke sent nice letter saying "NO" but will advise me for next test; Sked is 6-12:30 AM (CST?) From KORN a new CE, P R Stevens via plain letter and veries 9/22 & 12/14 rpts. A Nice letter-head and map by ce of KQRS Archie Buchanan; Swell photo & letter by ce of KIEM; H A Sparks of KCOK also F Laight of CKRM, nice letters on their DXes. KDYL-Intermountain Brdg Co by Fay Wilkes, also St Perrie for DX (Stamp nicer than plain mimeo filled in verie) Bettye sends 2 pg letter and KRIS-KXYZ programs; The YL of WENT sent a filled in letter by ce- Glad to see Vince Stasen of Phil joined the gang, he'll be a good DXer after he gets his new receiver; 1/30 Up late for CFQC and found it QRM'd by off and on silent carrier; CFAB in clear 5:52-5:57 $\frac{1}{2}$; WFMJ 5:59 $\frac{1}{2}$; WEED 6:01; WMOH 6:07p WLEE clear followers; 1/29 Took Lemon and schnops for me cold and stayed in bed 1/28 Hrd CMHK till 4:11 also WDEL-KBNE-WTBO-WWPG-KGIW-WBAC-WGNC-WCMI in clear s/off 1-1:06; At 3AM hrd KCOK-KROY-KWIL s/off. No CKLN hrd. If you hear CYQ talking on 580 kc dont think you got a TA, its CKEY with Police Station on tap. (Yep Ralphie called me on phone, now I got a cold-Pop)

FRED VAN VOORHEES-FLUSHING N Y No DXing past few days due to cold (Dont tell me Ralphie called you too) Finally pushed it off so I was up this morning to try to haul WEIM out of the mess on 1340. It wasnt easy, but I got enough for a report during the first 20 minutes, then went back to bed. Too cold. Veries from KPRO a nice card-WMRN-WJZM-KHJ-WAZL-WRNL. Latter said WEOH transmits on 39 mc and I hrd a rebroadcast of it over WRNL so no WEOH verie to add to the collection. 576 now and still coming in. More than enough now to go over 600 mark if they all do come in. Will listen for WKWF on URDXC program tonite but most interested in VOWN on Saturday. Hope they make it, but my Midwest isnt too good around 800 kcs, so I may not make it.

FRAN BURNHAM-GLOUCESTER MASS Just a short report to let you guys know we are still at the dials here. Logged and reported KIEM-WMLT who held out on me last year-KOAL-WEIM-WRLC-KIUP-WFCI-KTRB-KALL-CMHK. KIUP hrd on special test 1/26 after WJLB s/off and was really pounding in. KALL on 1/28 1:45 to 2:05 AM s/off 5-7; CMHK hrd on 1/28 3-4 AM; Hrd him give Pops name at 3:28, also gave other members names. Veries in from KTNM-WSOY-KRE and CS2ZA. Dope in Freq Frolics. Still have 47 rpts out. Out a long while are CJAD-CHLN-WKPT.

BERNIE DUFFY-STATEN ISLAND N Y My new Hallicrafters Sky Champion is serving me very well by bringing in new and good catches as well as enabling me to pomple dats on previously hrd but not verified stations Hrd 1133. Following are additions to log-CFAB-CKGB-CHAD-CMHK-KICA-WSSV-WNEX-HOK-WEIM-WFEB-WMLT-Canal Zone. For those needing a Delaware station, WDEL is now on alnite 24 hrd a day. 1/28 was R-9 3:30-4 asked rpts and promised veries. Wondering who Spanish speaking station was on 1320 kc 1/28 4-4:10 AM. Same AM CFAB-CMHK-WFEB-WMLT-WTJS was loud as WDEL. WHAT had opera at 2:30-3:30 thought it was Eurppe at first.

NATIONAL RADIO CLUB DX NEWS

ERIC BRISTOW-CHICAGO ILL I heard WINN 1/28 on their NRC Test at 2:27. Also WRLC 4:30-4:45; WKEU 4:30-4:40; WGNC 4-4:30; WFNC 4:30-? Sent a prepared card to WKEU as last time about a year ago reported and never got a verie. (Yep Eric so did a lot of us but still no answers) Got a nice ZNS card, hrd them 12/18. Also hrd CKRM and KCOK for specials.

J WARREN ROUTZAHN-YORK PENN Past week I logged CKRM-WHGB-WKWF-XEAI-KWBR. Received veries from WSSV-WPIK-WHGB. The latter stated they were DXing for us as sked in bulletin. My log corssed the 1400 mark this week and now it stands at 1402. Veries not so good as I did not verify the first several years of DXing. Sure sorry now but my verie total is only 884. Reception developed a local buzz here and the all nighters are already too thick but I guess its all in the game. The CKRM DX on the 22 was weak, noisy; WATT interfered some and someone tested on 990 kcs with R-9. Just managed to get off a report. Jan 23 tried for CKFI but such a maze of stations on 1340 I thought I heard their call and also WSTV but didnt trust my imagination and counted none. WHGB is practically a local here and verified next day. Also reported WKWF the evening before their schedule DX. Jan 26 tried for VOWN and drew a complete blank. Reported XEAI and KRIC on that AM, so didnt have a complete blank for the lost sleep. Jan 28 CKLN was also a blank although there was sort of hetrodyne on that broke into CW once but I gave up and reported KWBR from #;#0-4; CMHK was on all AM, seemed like a special program also a Mexican on 1260. Thats all from here and I hope I draw fewer blanks on the DXes to come. (OK Warren, about Cubans and Mexicans, really cant say as only Cubans to verify IS CMQ, others do not answer, but with the Mexicans I find Mexican stamps are best, never tried IRGs ~~xxxxxxx~~ Maybe someone can inform Warren where he can get some Cuban and Mex stamps)

RAY "POP" EDGE-BUFFALO N Y Well not too much DX here. Had Ed Wyman visit us 1/28 Sunday and Junior Carberry and his Dad along with that Demon but silent Kenny Page, Ralphie also joined us that evening. DX talk and a host of Service talk was passed during the afternoon, a couple ex Army men competing with a Sailor. All ended even and I can assure you that no harsh words were passed, like all good DXers it was a very swell gathering. Ed did a little DXing while Pop took a sleep and he had to hear KBNE darn it along with some of WWPG. Oh well another time I suppose. As to my DX. Not too much but did report WDEL hrd and seems to be another alnighter- Not a thing on VOWN and didnt get up for CKFI which could have been used as a reg in our contest. CFQC was another tough baby, would have been OK but for carrier on same frew which brought in WIP. Cant figure that one out as when carrier was off no sign of WIP, in fact a quiet spot between CFQC and WIP. WINN DX hrd swell and KXOX hrd s/off of F/C, wrote and asked for dope on reg F/C as last selection was hrd and the title along with complete sign off. Again on 600 kc this AM the west coast station was heard s/off with National Anthem on speaker, but had to use phones on CFQC, Veries in from WINN-KOAL-KIEM for a dup-WSSV on NZDXA a card-KCOK on NRC-DX and nice letter from CKRM on DX who said up to that time received 3xrpts all from New York and I was first man to really hear the program. Others had just enough to verify. Guess I will have to re-report WKBB and mention Len Kruse to get that nice letter head verie from them. Oh yes a nice letter verie from KILO heard on test 1/14 and Letter and dup card from CJEM who said sorry my report was filed before being answered. Sent a follow up and received a card on 12/13, and this came without further correspondance. Total here now 917 with the arriving of KOAL. Well will be listening.
