WATN-WATERTOWN N Y Well here we are again, ready for another swell program from WATN and Mr. Righter. We have "Long Hair"- "Short Hair"- "No Hair" so maybe this time we will find a new one. Anyway let us all be in there for WATN and I am sure that you will find it a very enjoyable half hour or so. Mr. Righter has repeatedly asked for your requests and they will be played. Remember the date is MARCH 1st this time.

KPKW-PASCO WASH Boys here is a chance to log one of the newer stations. It is believed that the only station causing interference will be WEXL who have been contacted and asked to stand by for at least a portion of this DX. Mr. Walter Mott is the chief engineer and is very anxious for reports as well as you fellows are to log KPKW. It is believed that the above date will afford the best time to try for this station, so be on hand and show that you are real DXers. Reports to Mr. Mott, whom we thank for broadcasting this DX program for us. Arranged by Ray Sahlbach.

ELDON ADDY-MARCUS IA DX here past 2 weeks very poor due to sun spots and lots of static. Reports out to KROD-KBON-WORD-KLX-XET-WDBO-WPAT, very poor signal, but good enough for a report. CJVI-KGIR-WRVA-KMOX-KMAC-KSJB. Veries in from KIUP-KIEM-CKGB-CJRL-KSO-KBNE-KLX-KWBR-KDKA. No sign of CJOR here. Need help on station on 730 kcs., 2/12 Mexican station broadcasting dance records from 1:15-1:45 AM CST. Sounded like XEX to me. Can anyone help me as I have a swell report. No sign of CKWX from 4-5 here. Doubt if he was on as 2YD and 2GZ were having a battle on 990 kcs. One had classical music and the other had a talk. IYA was extra loud that morning and KSAI-1010 kc was Q4 R7. Also KGU and KGMB coming in like locals. Wish WATN would change day or hour of tests as all I get is KICA or KCOR. After KUJ for 2 weeks but all I get is that Mexican. Talking about daytime reception, can anyone beat this. Veries in today from CFQC for NRC DX and KGGM. Hope sun spots let up for those swell specials, especially CP-3 TGO and KPQ.

RAY EDGE-BUFFALO N Y Only new one heard since last report was WCMA-1230 kc in Corinth, Miss testing on 2/19 when I was trying for CKPG. Of course no CKPG heard although WCPO went off from 3:45-4 AM. WCMA really topped WCPO and rolled in here very strong. Verie in today 2/20 from WPAT for NRC-DX. No others in sight. Spanish letter from CMHK, but dont know a word it says. Hope its a verie. No WMCA heard Monday morning and no KVAN-KOVO. KNX-KJBS-KFVD-KFWB were also rolling in, yet KFI-KGER-KLX could not be heard. WKEY caught at s/on SUN AM at 7:28 AM EST, but a lot of WEXL. No WINC-WHGB hrd SUN AM at 7:30, so maybe they have changed their s/on for that day.

WDNC	Durham, N C F/C 2nd TUE 3:45-4. W S Hill, ce; s/off 12:07 (Johanns)

While on the subject of THANK YOU CARDS or LETTERS, remember KGER-WFBL AND ALSO remember WCPO for signing off for our CKPG DX. Even though CKPG didnt come thru for most of us, at least we got a new station, those who got up to tune, WCMA was on and were very strong, easily copied. So WCPO deserves that thank you as well as if CKPG had been heard by us all. DO IT NOW.

RALPH JOHANNIS-BUFFALO N Y Looks like WAGC brought out Chattenoga as did WDOD on every nite till 5AM and SAT nite till 3, also WMCA keeping KUTA out with 24 hr sked, on since 2/15. Nix on CKWX and CKPG and KIUP had company, funny how nice some stations stand by, like WCPO-WFBL-KGER. WCPO again off for our CKPG DX 3:43-4, but sunspots brought only a poor WCMA test instead of CKPG, but CMKY came in strong after WSMB s/off 3AM, and s/off 3:30 and mentioned Cooper-Batson-Roberts-Burnham etc; 2/18 Hrd WMPS test off & on 3:35-5:03, also KFPW; 2/19 WGGG 4:20-4:45 dedicated F/C to Irish of NRC; 2/13 WHIZ was unable to add more time for special but come in strong and clear here; A few veries appeared again, nice letters by CHSJ, soon to be 5KW in pale grey across letter, also program; XET nice & fast back 2/9 fpt on 2/16; CMHK Spick Verie; WJNO hopes to put on a strictly DX sometime; KHSL says dir Ant N-S; KQV by V P G S Wasser for 2/12 alnite strike rpt. Sked 6:43-12:30 SUN 12MDT; KILO for 1/16 test; KTSW for 2/14 TEST; WWSR by ce who answers you. CJCS by Jim Essex; WDNC likes to be of service; KFSD with S, a stamp by Alys Phreaner, Pro Dir; WATW Joe Selner who found my 10/3 rpt hidden in office stuff; WAGC is an indefinite and a penny card; KECA W S Davidson, Pro Mgr; 2/19 and I got a shovel snow again, OK Len. Get KDTH to verify on letter head on their DX. Tnx for letter Pat and Morss those razzberries look good. Hear S th has powem for WATN. "Hair Rasin" test. 3/1 Hrd WATN 2/7 3:21 testing, was this right Harry? Hallicrafters has a \$79.50 Model S-40 announced.

LEFTY COOPER-BROOKLYN N Y Rpts outvto WKEZ-XEAI-WKVM-WHIZ-CJAD. Veries rec from KROY-KALL at last-KTBC to make total 1087 and I'm trying for that 1100 mark. WMCAs sked of 24 hrd is apparently without any breaks at all. Radio Guia says CMCB is deleted or suspended (Lefty dont go too much by that publication as that too has been all wet many times) 2/12 Up all AM and sun spots very bad, but I poured a bottle of Carbona in set and all was OK (removed all spots) KFI-KPO nil. Circuto CMQ station on 630 kc and off at 12:33 with rest of chain. WRDW caught at s/off at 12:07; WKRZ was first hrd at 1:30 in clear and were on till 5 asking for rpts, R-8 here with only slight trouble from WEXL. WNYC on till 3 covering Tug Boat strike-WHAT was silent; WFBR had Aux Xntr test 1:45-2; XEAI had fine sig and took him for a rpt-still another optimist. Unidentified checks were on 1400 2:30-3 and at 4:40 someone testing on 1490. WKVM was a chmnh at 5:30 until 5:50 with early show, he eliminated WCPO and gave WITH a good battle. Submitted a few names for new WDOD record show 1-3, a traitor-hi. If I win the Victory Bond then I'll laugh-Hi. 2/13 WHIZ swell on surprise dedication; 2/15 CKWX nil here, bless WAATs little heart; 2/16 Caught WJPF s/off 3:09. That late PM picked up CJAD for 1stvtme with plenty of static, not much CKLW; 2/18 Tried to land KVAN-CFOR but buzzing terrible and no dice. Something on 1450-5:30 on but too weak to bring in. Still hearing someone s/on at 5:53 on 1490 kc and WSAP on top at 6 s/on. WOLF also s/on 6AM and off at 2AM. To Jim Davis-"Who are the Rochester Royals"? (Same things as your Brooklyn Dodgers, only the Royals play baseball) I'm wondering how Pat Reilley DXes with his knees-Hi. To Eric Who is WKEW???

AL BARTHOLOMEW-CORNING N Y Well WCPO went off OK and heard WCMA testing 3-4 AM or later on 1230 kcs, so no CKPG hrd. Signal strenght poor anyway. KALL card verie in yesterday.

JAMES C KAUER ETM 3/C Well another change of QRA, this time very unexpect-  
USNH McIntire Unit edly. Caught Rheumatic Fever and they shipped me  
Ward "Q" East here. Have been here just a week and I feel fine.  
Great Lakes, Ill Probably be here for another month or so and then  
 my QRA will probably be changed to Dublin, Ga or Jacksonville, Fla. (OK Jim  
 and lets hope you get out of the hospital soon, and good luck on your change,  
 and how about a few letters boys, drop Jim a line-Pop)

JOE ENZ-BROOKLYN N Y March selections on DX 1/8 of CJCJ played at exact  
 time I heard them so Mr Mack Pro Mgr sent a swell letter of verification  
 stating selections are correct also time, said I was one of the fortunate  
 few to hear their DX, how many got them?? Rpts out to KTRB-WSON-WMFD-CFAB-  
 Only veries in lately are from CFOR-KIUP-CJCJ. (Well Joe I didnt get CJCJ)

STAN MORSS-BRADFORD MASS 2/11 Reception poor-Sun spots I guess. WDOD with  
 ainite request program, also hrd WAGC-WDAD-WLAT-WBAC-WINK testing and WFIL  
 WPEN-WIP on with strike news; Hooray got a new tractor today, boy are we  
 lucky. 2/12 Veries from KUJ a card by Virginia Shick; WEIM a card & KSD.  
 2/13 Verie from WBZA finishes up N Eng, all active stations verified; 2/16  
 CMKY hrd well thru WSMB and better after WSMB signed; The 2 new alniter  
 WMCA-R-9 plus here and WDOD R 5-6, two more channels all buttoned up tight.  
 (Now WEDC and a 1400 kc alniter to top it off and I'll feel like giving  
 DX a rest for a few years) (Well Stan WEDC hasnt showed up as yet, so hope)  
 1946 "Broadcasting" yearbook, 580 pages of info including their excellent  
 station list arrived.

BOB BROWN-GOSHEN IND Since last rpt veries in from KGNO-KWBR and rpts out  
 to XEW-XKAC-XEBB-WDOD-WSMB-KECA-XEAI-KTSW-WORD-WEAF. You cant call that DX  
 but I dont have em verified so might as well send them rpts. Wonder how  
 these Mexicans will respond this year? Have rpts out to 6 already. KTSW &  
 WHBQ seem to test at same time, could copy KTSW but not WHBQ; 1YA & KGMB  
 were R-8 this AM when I got up for CKWX. CKWX couldnt even be heard after  
 KFWB s/off and the channel was clear. I'll have to hear one of these spec-  
 ials sometime. I hope its TGO. I'm going to devote this SUN AM to TPs. If  
 I can hit 1YA R-8 some other stuff should come in. Guess I should send 1YA  
 a rpt, surely dont need another verie from them tho. FOR MALEY-YV1RK QRA  
 is P.O. Box 347 Maracaibo, Venezuela. For LEFTY-"Radio Salas" used to be  
 CMBZ-COBZ. BUT that was in April 1941 and info taken from "Radio-Guia" for  
 that month. Also LEFTY-My old list shows YV6EE on 1080 kcs.) (CMBZ-COBZ is  
 still listed at Radio Salas in Jan 46 Radio Guia and still a full page ad.  
 so maybe still is-Pop) (Also their ad lists them as on 830 kcs and in back  
 of book in lists its 950 kc and QRA San Rafael 108.-Pop) FBIS also 950 kc.

BOB DUGGAN-MACON GA Veries from KGMB-CMAN-WUMS-HOK-WSTP. Rpts out to WQBC-  
 XET-WPAT-KGGM-WBBB-KRBC. Verie on WUMS on 4 $\frac{1}{2}$  & 5 watts. HOK sends nice card  
 WQBC tested 2:30-2:45 2/9; XET tested 4AM also; WPAT was fair on its DX.  
 President of RHC-Cadena Azul network verifies all of their stations. So  
 any rpts to Cuban Xmtrs who carry RHC should be addressed to Amado Trinidad  
 Velasco, Presidente de RHC; Prado 53; Havana, He usually verifies on his  
 personal stationery in Spanish.

BERNIE DUFFY-STATEN ISLAND N Y 2/14 I logged WHNC s/off after test at 2:45  
 on 890 kcs and was quite loud. At 3-3:10 some unidentified station tested  
 on 1400 kc, their calls seemed to begin with a "K" and end with "W"? Was it  
 KTSW?? I believe KTUC was hrd playing Easy to Remember Hard to Forget at  
 3:52 on 1400 that same AM. WHIT had full command of 1450 kcs during their  
 reg test at 5AM same day. Pete and I got our Hallicrafters Sky Champs 10  
 days after ordering them, they're great. (OK Bernie, you guys are really  
 lucky getting those receivers so fast, the other boys will be drooling now.

Just a note boys. I (Pop) was up MON AM for KOVO and KVAN, needless to say  
 neither were heard, altho KECA-KFWB-KNX rolled in, and KGER-KLX-KHJ-KFI-  
 Could not be heard, also KFVD-KJBS easily copied. XEJP on 1150 rolling in.  
 Seems that reception is all wet, or is it me?? Any answers on this ??

TIPS and LPO REPORTS

VINCE STASEN-PHILADELPHIA PA Not much here. Veries in from WORK-WGAR-WAGE-KFAB-WSAN-WTSP-WOW-WDBB-Reports to WTMA-WDOD-KYUM-WORD-WGBR-WSON-WCOS-WIND-WMFD. WGBR-WSON-WMFD-KYUM-WCOS-WORD all hrd on F/C 2/15. Canditions still lousy here, was fair the 15th. Wish I would hang unto a few of those SAS TAs and TPs these guys are hearing. Maybe I pass right over them. Remember a few years back I hrd LRI in Argentina, never did get a verie but they were plenty loud here. Thats about all I've heard, then maybe I've got the wrong location but if I can pick up the 1 KW on coast and 250w in Arizona, I ought to be able to hear a few big foreign stations. They'll come in some day, I hope (You and me both Vince) Say fellows how about listing the freq of the SAS-TAs and TPs when you report hearing them. For instance Duggan lists CB114 being hrd for 5 nites straight but no freq. I have no log of those so it would help a lot. (OK Vince I'll list em if they send them in and by the way drop a card to Mr. Norman F Kriebel F B I S 1424 "K" St N.W. Washington 25, D.C. and ask for a copy of "Broadcasting Stations of the World" by long and medium wave according to frequency. This will be sent you free of charge and lists all stations except thos on the continental U.S. Evens includes those in Puerto Rica-Hawaii-Alaska etc.-Pop)

GRANT BATSON-WESTFIELD N Y A swell week on DX and veries. 2/11 WPAT DX was well received; 2/13 WHIZ a good show and hrd well, also 7:48-8PM WKAT on 1360 topped everything Q4 R9. 2/16 CMKY on DX hrd thru WSMB-KCOR, good enough for rpt, also muffed first chance of hearing KSRO on 1350 who s/off at 3:30 that AM. Veries in from WEIM-HOK-WMT-KTMS for 11/7/45 rpt and ZFY-SW. Someone asked about Spick on 1590, its XEMC and they play popular tunes around 2AM; CKWX not hrd due to lousy conditions, so TNX card sent. KIUP program messed up by unknown; 2/17 WAGC testing under WWDC at 3AM.

PAT REILLEY-JAMESTOWN N Y Not much DX here this week due to noise and sun-spots I suppose, only new verie was WHOP; 2/12 WKRZ for new one, very noisy here; 2/13 WDNC checked 3:55; WHIZ for Club; WAGC off and on all AM; WHOT at 3:58 while the 2 pests were off; 2/14 Bad 72 mile gale and even too noisy to hear locals; 2/15 KFEL with Spick program at 3:33; KTSW tested at 4:25; WOMI checked at 4:25, not a peep out of CKWX for over 2 hours; 2/16 KANS at 2:31; KTBC at 3:18; KWSC at 2:25; CMKY was hrd but all messed up by WSMB and one with cycle tone; 2/17 Too darn noisy, a nice blizzard here. 2/18 Very noisy and back to bed. Ted Kalin at WEIM said he remembered me from a rpt back in 1941 Hi-Hi. (Suppose with Green ink and all-Pop)

MURRAY S LAMONT-DUNEDIN N.Z. Have been DXing since 1938 but was in a town location then and DX there was not so good. However I had 3 years in the Army and on my discharge got hold of a shack out at the seaside where there is plenty of room for antennas etc. Use a Beverage NE 800 ft long-16 ft high for the States and one 350 ft long-200 ft high in a W sterly direction for everything else. Total veries number 308 and best ones are from WMOH-WHN-WLAY-WINS-WHOP-WOPI-WDBJ-WHBB-WSON-WPAD-WMRN-WCOA-WHBQ-WHP-WOI-KONP-KVEC-KHUB-KEYS-KOOS-KATE-KRBC-KVOE-KTHT-KFAR-KPAB-KWJB-CJVI-CKTB-CFRB-CFGP the last 4 are my best Canucks. Loggin's recently are KFDA-WKBZ-WKLA-KCOR-KTW NZ DX-WCRS-WROX-WKWF-WIGM NZ DX-KAND-KRNR-KXDA-WHTB-WNOE-WTMV-CKNW-KWIL-KORE-KFUN NZ DX-WWDC-WTSP-WGOV-CKRM-WASK-KOTA-KGNO. Member of both New Zealand DX clubs. Am 23 years old. Stations that have not replied are KVWC-WELO-KCMC-KMLB-KEEW-KGHF-WHIT-KGFJ-WCSC-KMAC-WMLT-KSAN-KVOL-KVIC all of which are rather hard to hear out here. (OK Murray, very glad to have you with us and lots of swell DX to you and Eric, whom we here at Buffalo had the pleasure of meeting personally a couple times. Good luck to you both)

LEO HERZ-CHICAGO ILL Got a couple veries from KSTP and WTOP this week, and reports went out to WMRO-KPRC. Incidentally KPRC was the last station I reported to in 1942 but they never answered, hope they feel better by now.

BERNIE DUFFY adds that KRIS on 1360 and WDOD on 1310 kc have dance programs till 3 AM EST every SUN Morning and come in there excellent. ALSO by Pop that he heard WCMA testing on 1230 when trying for CFGP. so got one of 2.

SID STEELE-LOUISVILLE KY Logged KCOR along with the rest of youse guys-- finally on 2/7. No verie yet. WAGC on same AM with test and was also a new one. WMGA and KVOP at 3:45; 2/9 Caught KTBS with a studio program, so sent for a verie for contest. WAOV logged for the first time in daytime (to boot) behind WLAP on 2/10; The c.e. was surely surprised for the report. Said it was probably due to the sun spots. Funny thing, Vincennes is only about 100 miles away and Lexington is 75 and yet only signal on 1450 in daytime is WLAP with R-9. Sun spots also affected WPAT DX. He completely faded out of the picture at times. After staying around for 45 min I got a lot of program material, however. The same AM KVWC on F/C at 3:45; KNET at 4:45 and KRBC at 4:50; 2/13 Up for WGKV again with no luck. WJBK-WWSW were off 4-4:15; WHOT heard 4-4:05 and then off. Then 1490 was clear for 10 min. Veries in from WEIM-WAGC and WAOV.

WALT BISHOP-RENESELAER N Y Only put in one nite at the set this week but it was a profitable one for me. Logged 10 new ones with 250W and 2 of 1KW. New ones are KQV-WNYC-WKRZ-WRAL-WMFJ-WWDC-WJMC-WJNO-WPAY-WMFR-WISE-WORD, These were logged on the 12th AM. Logged on 2/17 at 8AM WIBX; WKRZ is the new one on 1340 in Oil City, Pa. Only 7 veries received this week, WBYN by W Fariss, Pro Dir; WHEB p Lindsay, ce; WTAG E A Browning, ce; WEXL J F Steadly ce; KNX L H Dowman, ce; WFBR by card no signer; WABC by card, no signer, By the way this is about the worse card I have to date. It is a SWL card made over to cover WABC. For an outfit like WABC, it stinks and how. Log stands at 176 Hrd and 73 veries. To Pop Had swell letter from Ed Slater and if things work out we may try to make that Convention. Sure would like to meet some of the gang. (OK Walt, just make those plans for over Labor Day and I'll guarantee you a swell time. Pop)

LEN KRUSE-DUBUQUE IA The latest DX activities at this location was only fair but several good catches were logged; 2/4 KID F/C 3:25-3:30 AM; KDRO testing 3:20-3:30; KIUP on lengthy test till 3:35 AM; KCOR hrd as new station on 2/5 with Spick program but occasional English announcements. WPAT had nice show which came in fair. Now for my 2 best catches; 2/5 KGAK Gallup, N M hrd testing 3:35-3:45 beneath WCPO and secondly on 2/6 KCMJ Palm Springs Calif hrd testing on the 1340 mess 4:05-4:15 AM; KCMJ began operations on 2/12 and rpts to W L Murtough, CE; Station KVSF hrd several times with an alnite program; KONP hrd 2/16 with reg weekly SAT AM F/C 3:30-3:45 on 1450 Several recent veries were KBNE by C C Applegate, Mgr; KIUP by John L Antic, ce and WDEL verie card by J G Walsh. Veries indeed slow in coming in. Rpts out to WHIT-on DX-WKVM-KSMA-WRLC-KOTA-CMHK-KNOE-KXLA-WGTC-WSMB-KID-KDRO-KCOR-WPAT-KGAK-KCMJ-KONP-KVSF- Fellows KDTH will DX Remember the DATE.

DAVE THOMAS-PROCTORVILLE O Just had nice visit from Robert Teachout and Thomas Estrada. Had em go over my Spick veries and confirm that they were all real stuff, as these fellows were able to read-translate it at sight Estrada was from Peiban, Michoacan in Mex while Teachout was from the Keams Caynon (Navajo & Hopi Reservations) Ariz. Expect to get from their respective areas some DX programs when they return to Mexico. Much interested in coverage of low powered xmtrs and their use in Mexican fields and wanted to see how we got out here so well with their power. Months ago I rpted a station in Daltraitrest (UOHN) 660 kcs. Rec word that Lt Comm of Radio Electronics of USSR who visiting in States would be at my place and pay me a visit and perhaps see my equipment and exchange some radio data. Hope the visit will result in a few USSR DXes for IDXS. CMKY was swell on their DX. Otherwise no DX sp as to speak. Hope CKPG comes thru TUES. Expect they be much harded to get than La Paz.

ERIC BRISTOW-CHICAGO ILL Cold better, hrd KFNF-WGAC-KNET all new-WHIZ dup Testing on 2/14 WIZE-WGCM-WAIR-KWOS-KHBG; 2/15 WPAD-WGBR-KYUM-KRIC-WMRC. Hrd WBBB, no good for rpt. Wrote TNX to KGER-WFBL. To DUGGAN Got WKEW signed in red letters and a big Red E initial. No CKWX here. Will try CKPG. (Eric on that WKEW. dont you mean WKEU??-Pop.)

In a letter from Villaneuva indicates that they are having verie cards printed up and will send them out upon completion. Their previous supply had been exhausted and conditions at the time(shortage of materials) made it impossible to order new ones. Villaneuva says he likes to send prompt veries. So about all we can do is sit tight and wait, however try and report their DX on Feb 24th. by S/SGT Al Maley.

J WARREN ROUTZAHN-YORK PA Since last report I logged WATW-XEQR-CMKY-WFEB-KOVO. Received veries from WATN-KBUR-WKBH-WING-WKWF-CFQC-WATW-WHKK-WAGC-KTRB-KMOX. 2/6 picked up F/Cs KHMO 3:42; WGRC 3:53; WATW 4-4:30; WGIL 4:20 2/9 Tried CJOC, got weak signal, tuned off to wait and see if KNX would get off, but when I tuned back there was no signal on 1050; KMOX s/off 2:30; WCAZ was calling CQ at 3:55; KFVB s/off 4; 2/11 Rpted KGBS on F/C 3-3:15 Tried for CKWX but nothing doing on the 15th, doubt if they were on, got WHBB on F/C 4:15; 2/16 CMKY DX well hrd on 1355 kc with WSMB on 1350; KANS F/C 2:25; KFXM S/Off 3; 2/18 WFEB on F/C 3:05-3:10; WASK 3:20; KOVO 3:30 to 3:45 weak but clear. Western Canadians seem to be a washout for me.

HAROLD BOWERS-CONCORD MASS Well back in the states once again and ready to start DXing. Before I found skeds showing what stations tested on the 1st MON, 3rd ~~XXX~~ TUES etc most helpful in locating the times most advantageous to DX. Do you know if by chance there is any such listing available now? (Sorry Harold none I know of that are very accurate, seems that a few of the boys took a lot of time and trouble to bring us lists of freq checks but it looks as if the stations are against us, seem to change much too often, however I am trying to get them all together and over the week end will try to get a copy off to you, but dont depend on its accuracy, however a good number will be found to be on as listed.-Pop) Local conditions have been against DXing, principally due to oil burners which the owners seem indifferent to correct. Perhaps I can add a few more stations this season but it is rapidly coming to an end. Four years in the Army certainly set one back in DX. My choice verification though is one from the local Army Radio Station where I was stationed in India. Was on 1305 kcs and used 1000 watts broadcasting local talent-recordings-transcriptions and rebroadcasts. Heard it on my crystal set in my tent 1 mile from the station.(OK Harold and very glad to have you back, lots of good luck and best wishes)

PFC S HENRY FRANKEL-BROOKS BROOK, YOUKON TER Arrived here at this repeater station driving from Watson Lake, the 200 miles of Alaska Highway in 2 steps Left 2/8 and did first 100 miles to Swift River, then following nights rest resumed trip on a fresh snow covered road with dangerous curves and vicious snowfall in spots with driving wind. But made it OK. Now getting used to my new home. Only 1 radio here so wont be able to DX, isnt much anyway. Expect to remain here about 3 weeks then go to Whithorse, then fly down to Edmonton and finally to Camp McCoy for my discharge. This place called Brooks Brook is 60.3 deg N Lat and 133.0 deg West Long. About 100 miles ESE of Whitehorse. Received verie from CKRM on NRC DX.(OK and good luck)

S/SGT DON REYNOLDS-SACRAMENTO CALIF Well finally my rating and then also hope to be a civilian again sometime after Mar 15th or so. Can hardly wait to get back to my sign business and perhaps get a chance to do a bit of DX. Sure will be swell to do things you want. Dont have anything on the subject of radio to report but it wont be long now. (Well Don we too will be very glad to have you back, so as you say, We'll be seeing you-Pop)

SID STEELE-3815 MICHIGAN DRIVE-LOUISVILLE 12 KY Please boys note the new QRA, and remember to send in your latest BCB Contest entries to the above address so they will not be delayed. Anyone know who was on 1230 kcs from 3:45-4 when WCPO and WCMA were silent?? Seemed to loud to be CKPG. Logged 3 selections but couldnt make out announcements. (Tnk it was WCMA Sid)

BOB SPENCER-BUFFALO ~~NY~~ N Y No rpts out this week, too cold to stay up for CKPG and darned W station checking 3:45 sox went to bed. (Well Bob you missed WCMA a new station with Equipt test in Corinth, Miss-Pop) Ran out of coal here and dealer dont have enough to go around. 2 veries back, KTBC a letter stating they have a reg F/C 1st and 3rd SAT 3-3:30 AM EST and letter in Spanish from WMHK which definitely states my report is correct and verified, also mentioned again their program on 24th will be from 3-4 AM. Well thats my first Cuban verie but I worked for that one. Seem to explain about tardiness in verifying reports but Im not too good a translator. I asked them to include a statement about Verifying in answer to all correct rpts. Still 3 short of 200 mark.

BOB DUGGAN-MACON GA Last minute item advises that XET is cancelling their Feb 19th DX but will DX on Feb 16th and 23rd at 4 AM and also on April 6 for URDXC at 4AM. Seem to be on every SAT at 4.

LEFTY COOPER-BROOKLYN N Y Mr Walter Mott, ce for KPKW advises that he has asked WEXL to stand by from 4:45-5 AM on morning of KPKWs DX. So if they do remember that thank you card or letter. Veries in from KSLM a beautiful card blue printing with large call and yellow base. CJCJ got only 6 verifyable reports and says they got a fine detailed report, but to quote "Gave us a good report but nothing he heard was our stuff" So he says is he says he heard or verified him, tell him "Nuts" for me-Hi.

## MEMBERS SERVICE FUND

Total on hand last bulletin Feb 16th was \$6.15, then a donation from S/SGT Al Maley of \$2.00 brings it up to a total of \$8.15 as of February 23 1946.

Well thats all there is boys, and I want to thank you (or should I thank the sun spots) for a little let up this week, boy its really appreciated. Please dont think I am kicking but back to 8 pages for a week kinda relieves a guy after banging out 10-11-12 pages the last few weeks.

However heard WFBL sign off this morning and on again at 5:15 AM and so boys be sure to write those thank you cards to both WFBL and KGER as they certainly derserve it. WFBL gave us a swell boost when they came on at 5 and announced then went off, then again when they came on at 5:15 AM. Dont know what KGER said, but from their letter I believe that they did as well for your Club. Maybe some of the west coast members can tell us what KGER announced, Also remember that Thank you to WCPO for their s/off on CKPG. It is the least you boys can do for these stations. Ten if on the Mar 5th WEXL signs off for KPKW, it means another Thank you. So do it.

Please remember about our issues for the different contests. First issue of month for Heard-Verified standings; Second issue for BCB Contest standings and the Third issue of the month for our Foreign BCB Contest. Also dont forget Sid Steele's new address, appears at top of this page.

And lastly, lets try to report frequency checks of stations that have not been listed in quite some time. But be sure it is a regular monthly or semi monthly or bi monthly check. Give date-day-time heard and if announced as reg check. And in reporting foreign stations, please mention their freq. I may have left some out myself, but if reported will insert them for the benefit od others. Well thats all boys and good DXing the last little while of this season. Even with the sun spots lately, I think it has been a good season and although the alnitters do hurt us, we still done well.
