KWOR-WORLAND WYO Mr. Jos P. Ernst, owner and manager of KWOR states that tests commence Feb 28th and asks NRC to give him publicity on these tests. He will wire sked of reg freq checks as soon as arranged. I suggested a DX for March 13th from 3:30-4:30 AM EST at which time WWSW & WJBK should be off for tests of several other stations. In all probability KWOR will be on at this time but there is not enough time to get an answer back for the bulletin. Suggest it be listed as a probable DX and state above facts. The channel should be clear 4-4:15 AM and only WWSW from 4:15-4:30 AM so we should hear KWOR. Information by Dick Cooper.

KDTH-DUBUQUE IA This promises to be a very interesting DX for our club. Len Kruse whose home is in Dubuque, has arranged this one for us and it is quite possible we may get to hear him on the show. This station has always been friendly to the DXers and let us show them we appreciate that, by the way of providing a goodly stack of reports. We thank herewith, Mr. Don Abitz, Engineer, who OKed the DX. Arranged by Len Kruse.

KENO-LAS VEGAS NEV On this DX which KENO is dedicating to the NNRC, two prizes are offered. The one most helpful to the management will be a one year membership in the NNRC. The other will be a Box of Candy to the reporter from the greatest distance. Mr. Harold H. Haas OKed this DX so we imagine reports should be sent to him. Arranged by Arnold Gerrard NNRC

WMOX-MERIDIAN MISS Mr. Bob McRaney, General Manager asks that all members tune in WMOX and report, and all correct reports of reception will be verified. WMOX is now conducting equipment tests from 2-7 AM EST and expect to go on the air with Program Tests about the 7th or 8th of March, after which they will conduct frequency tests for approximately two weeks after 2 AM EST. So let us get in there are report, swell letter head.

WGGA-GAINESVILLE GA Mr. C.M. Callicott, chief engineer, WGGA asks that you members send in your ideas of a verie card according to design-color-what you want on it etc. After going over all sent in he will have a card made up that will incorporate your ideas. So to you boys who like card veries, here is your chance to express your ideas and it should result in a swell verification card for WGGA. This information received by Ralph Johanns.

PTE JOHN FORBES-ALBERNI B C I'm back on the west coast again and expect to be out (not discharged) on a 6 mos leave in a few days so at least may be able to turn a hand to the old game. Sure hope so, havent had an early morning session for 2 years so am hopelessly out of date on the doings,tho the bulletins were always read and really appreciated tho often a month to 6 weeks late. Want to thank all the gang for keeping them coming. Here is some info on CJAV-Port Alberni,B C 1240 kcs will officially go on air April 2nd. The CE not decided on as yet. Tests should commence about March 18th. Will try to line up a DX in near future maybe before official opening. Antenna is old fashioned NW-SE between Fir poles so coverage may not as good as KONP-CKNW, who are like LKW stations here. CKNW s/off 3AM EST but have a habit of overlapping into next day by 2 or 3 minutes and maybe you boys in east can get them some TUES AM. (OK John and good luck and by the way keep us posted as to you latest address-Pop)

VINCE STASEN-PHILADELPHIA PA Well DX has been lousy for over a week(what Vince only a week-boy some guys are lucky, been lousy for over a month in Buffalo) and got up once or twice and hrd too much noise. If noise dont let up guess I'll try SW. (Its OK vince if you can understand em after you tune em in-Pop) But guess I still better stay on bcb and shoot my veries up. Like to get about 300 for this season and then I'll call it even till next season.

AL BARTHOLOMEW-CORNING N Y Nothing new hrd here since 2nd test of WMOX. Have tried several times from KROP and dont believe they are on yet. WCMA r. now on reg sked. Veries still very slow, however nice one from Sottens sent to Embassy in Washington and reply back from Berne. Very definite letter verie mentioned date-station-freq etc. Verie in today from BLAL signed by Shepard, have 2 back anyway out of 13 rpted. Lucky stiff Maley has his SBV and HJCB and I'm still holding the bag on both. Still no luck on CMHK-CMHB verie either. Glad a few of the boys caught TGO on special even if I failed. Congrats to friend Brauner on even the little he caught on CP-3. Have another good one coming up from CB-138 on May 1st. Sorry the date is so late but they set that themselves. Asked for date in Feb. Maybe we will get a break this time and all can hear them. Boy I sure would like to myself, as would be a new country. Hope the mixup on VOUS in freq doesnt let anyone miss this catch. Am fairly sure myself it is 1460 kc so I came there first. WKRZ copied for rpt, no sign of KCMJ 4-4:30 but KPKW hrd and copied 4:24-5 AM. Too bad WEXL didnt sign off as then KPKW would have been easy.

CFAB on DX and airmail letter verie in English and Spanish from CMKY and beat this one if you can, KWOS for rpt of 2/8/45. A swell Desk Calendar from WPAT, does WDEV on 550 kc ever have a F/C? 33 rpts out. And does KGGF on 690 kc verify?

LEN KRUSEA-DUBUQUE IA Station WMOX was logged 2/27 and hrd every AM for next 6 days, soog sig, WMOX 3/3 testing till 6:30 AM. If a DXer hadnt been too active of late and happened to be dialled in 3-3:15 on 2/28 he could log three new stations namely WCMA-WAGC-WMOX all testing. Remember DXers KDTH will DX at 3-3:30 AM March 16th. Rpts submitted on this station will be verified by letter, rpts go to Mr. Don A Bitz, engineer.

WALT BISHOP-RENSSELAER N Y Not much in way of DX to rpt here again this week. Weather here has been lousy, rain-snow-sleet and just about every thing else. S/SGT AL MALEY-HIGHLAND FALLS N Y 3/3 Baranquilla, Columbia all over dials HJAT-1275 kc at 1AM; HJAJ-1220 kc from 1:30-1:55 AM; HJAH running R8 plus after 3:30 AM on what sounded like test; WMOX also on with strong sig, probably ran alnite; My 1000th verie in today in the form of an airmail letter from CMKC, Santiago, Cuba, they were rpted 2/23 and verie back 3/4. Airmail both ways works wonders-hi. They ignored an Oct rpt of mine and this time I wrote a whole page of English on back of my Spanish worded report, telling them that if they keep asking for reports all the time, they should answer them, as most DXers dont bother to write Cubans because of their reluctance to reply. That verie bounced right back-Hi. HJAJ may be on until 1:50 or 2AM each Sun AM and are worth a listen. HJAH generally s/off at 2 but WHN makes it impossible to hear them here. Its a good thing they ran late or I wouldnt have been able to hear them. (Congrats on that M verie)

FRED VAN VOORHEES-FLUSHING N Y Not getting much DXing done lately. One verie from WFBM making a total of 584. Only 16 to go for the season. There is some hope left. Finally got up 3/3 and hrd WJZM testing at 3:55 and WSAU with "Sugal Blues" at 4:03; Hrd on 1240 a station I couldnt identify Played T here's No You" at 3:24 and "Thats For Me" at 3:27. Believe he announced every 15 min but it was garbled. Can anyone help on who he was?? Also an apology to Kermit Geary for my failure to send him the dollar he won with the Best Report to WXLQ on their DX. It'll be coming very soon, Kermit. To Johanns a belated Thank You for the Buffalo Bank Calendar.

TIPS and LPO REPORTS

BOB SPENCER-BUFFALO N Y Got tnx letter off to WCPO-WFBL and KGER last week. Was too sleepy to realize WCMA was something unusual even after not finding it in log book. Have received 2 letters from CFAB, first time writer verifies my rpt but next is form and it does everything swell but verify. Wrote them a nice airmail and requested a more definite verie and explained to them what a DXer likes to get for a verification and why. So heres hoping. Other veries are letters from WFBM-WPAT-WMBR-WJHP. Now have 2 over 200 mark, hurrah. This AM brought a lot of mail and a large envelope from WPAT with neat deck(Varag Girl) calendar and letter saying they are sending em out to the 10 most distant reporters, lucky for me they didnt get out far. Will try for WKRZ in AM if I can wake up, its 12:30 AM already. (OK Bob).

PAT REILLEY-JAMESTOWN N Y Not much DX, wife in hospital over a week now. 2/27 WMOX for new one, very noisy today; 2/28 WCMA and WMOX all AL, noisy again and weak; 3/1 KICD at 2:32, no WATN hrd today, still weak and noisy. 3/2 WMGA on F/C 3:30-3:40, was on first THURS last month; WMOX again but noisy; 3/3 Who is Spanish station on 1050 till around 3:15 or so, last 2 letters sound like A and C or J but lousy noises again. 3/4 The Spanish on 1050 and off at 3:22; WAGC F/C 3-3:15; WASK on F/C 3-3:30, they used to be on 1st THURS; CFAB and WHNC in for new veries and 17 rpts still out.

JOE BRAUNER-WILLIAMSVILLE N Y DX has improved a lot lately. Not much now, WMOX hrd very well several times last week. YVLRK coming in at times between 5:45-6AM on 1250 kc. WKRZ good on DX altho WEXL was the stronger one here, KPKW must have a fine rig, 2 announcements hrd in part behind WEXLs announcements and could tell what type of music he was playing most of the time. WEXL apparently, instead of standing by, decided to push his modulating to the limit during these last 2 DXes for his signal quality was very mushy much of the time, reverse cooperation for he didnt have a single commercial or even ~~xxxx~~ a newscast in KPKWs entire hour, to justify refusing to stand by. Only one verie, a self prepared card returned by WMOG, one who has been refusing to answer since 1942. WHTB-KSAI-KCOR are now overdue.

DAVE THOMAS-PROCTORVILLE O To SULLIVAN-Your station also hrd here Q5 R8 and easy to copy at times. You sure its 1570 or about 1580 kcs. As CFPL comes in here at same time just below him. Seems to be on about 1/2 hour each time. Have his QRA and call as he gave it (or some call & QRA) and have rpt to him but if he is outlaw I will not give it for I would not want him to get into trouble from any checking of mine. Like to get his verie but I question if QRA he gave is correct. Think this is station Kirk hrd and asked about several times. He hrd a couple ann and I hrd mine this week. Rec a Varga Girl calendar from WPAT so he must have not reached out far. To LEFTY-OK on WXLQ, I knew it hrd in Greenland but did not know if WXLQ ever rec the rpt. On CJCJ, "Thanks for detailed report--your surmisecis correct, that the marches (names them) were from WJNO and many reported these selections, tho they were not on our show.

GAIL BEYER-CHICAGO ILL A little late to start DXing this season but as I have SAT & SUN nites to myself I may do a bit of nite owl prowling. Just bought an RME-45 and it works pretty well. First nite logged ZNS on 640 for 25 min till sign off at 10:05 PM. They over-rode TGW very well altho the latter is pretty strong. Cubans on 630 and 660 hrd a couple times and a few other Spanish ones yet unidentified. One is XEN I believe. ON SW bands the set is pretty hot. (OK Gail and lets konw how that RME works.)

JIM MCNAMARA-CLAREMONT N H See I am trailing quite a ways, have 24 new veries and a few dups. 9 are cards and best ones from KGIR-KSL and photo card from CFBR. Most treasured verie from WUMS with notary seal. Cant get out of back yard with S4LW and use either the Emerson or Fada tor bcb DX. In shack we have a Hallicrafters and DX on 28 megs. Have copied S Africa No Africa-Russia-Finland-Norway-Sweeden-Belgium-Germany-France-England and S Am. v But cant get west coast on it not even KOTA with the S4LW.

RAY EDGE-BUFFALO N Y Still nothing much in regard to DX here. Received swell letter verie from WWPG and you lads be sure to tune them in on their DX for us as their letterhead is really swell and well worth having. Also verie in today 3/7 from CHNS. Reported them on Nov 12 1942 when they were on all night with music and instructions to a plane, didnt verify, so on 3/1/46 sent a follow up and letter with detailed report and verie came back very prompt, explaining why they were on that morning. Their sign off if at 11:15 AM EST daily. Other veries are from CFAB on DX which is OK but could be more definite-KIUP-to make total now 927. Rpts out to KCOR-WKRZ-WKEY-WCMA-WMOX-WATN-WCOV-KUTA, WKRZ wasnt too hot on their test-DX. WMCA must be silent MON AMs as KUTA was in clear on test. KPKW may have been heard thru WEXL, but didnt get up till 4:30 figuring WEXL might be off. Music and announcements heard but nothing very definite. Hope conditions are better for CJOR-VOUS DXes. Will be in their listening for KDTH-Len. Good thing WATN only have to test on March 1st once a year, the other ones on 1240 certainly made a mess of him. Well better luck on Mar 29th.

NORMAN KERNODLE-N.SALEM IND Well I finally made it and am a rookie civilian. It really is swell to be out and back home again. Taking a 6 tube radio to service man tomorrow and will be doing some DXing soon. If only the season were starting. Received the bulletin and sure are a lot of new names. (OK Norm and good luck to you from us all. That letter will be on its way one of these fine days, seems that I just cant get enough sleep)

OTHER ITEMS

A good Radio Log has been put out by one of the other DX Clubs. It is a mimeographed affair on 8½x11 paper. It lists US-CANADA, in fact all North and South American stations. Its pretty well up to date and sells for 50¢ to non members. Anyone wanting a copy send 50¢ to me and I will see that one is sent you. That is their price to non members. As to the Loose Leaf Dick has suggested, info from Dick says that he has been unable to buy the metal, so until Dick's plans are definite, it is suggested that you buy one of these mimeographed logs to hold you over. However if you want one, dont wait, send in at once. I will wait until March 18th before sending in for you who order.

A Freq Frolic item, 1250 kc CMCK Santiago, Cuba. Spanish airmail verie in 9 days for record. V/s Dr Paul F Rubio C, QRA Diego Palacios, 172 (Maley)
