

DX CALENDAR

DATE	CALL	LOCATION	KCS	CLUB	TIME ALL	EST
APR 6	CMKY	Puerto Padre	Cuba	1350	ALL-DXers	3:00 - 3:30-4
6	KFUO	St Louis	Mo.	850	ALL-DXers	3:00 - 5:00 AM
6	XET	Monterrey, N.L.	Mexico	990	URDXC	4:00 - 5:00 AM
13	WMBR	Jacksonville	Fla	1400	ALL-DXers	4:00 - 4:15 AM
MAY 1	CBI38	Santiago,	Chili	1380	N R C	Time later prob 3-4

CMKY-PUERTO PADRE, CUBA This date will be for the last DX program from this station. Rafael E Lopez, Manager would like a good many reports, especially from the Central and Western states, however reports from all are welcome. Elwood Deibert received a letter written in English from Senor Lopez, so it is suggested that reports be addressed to him. The above letter was also signed by Pedro Zacca Cehda, Director.

KFUO-ST LOUIS, MO This DX will be of course of the religious nature and they want reports. It has been noted that KFUE will send a Lenten message and as a souvenir, correct reports will get a Crucifix with their verie. Your Editor reported KFUE a couple years back and if the Crucifix is the same as then, you can be sure it is well worth receiving. So Report.

WMBR-JACKSONVILLE, FLA This station, in a verie to Johanns, for a report on their Freq Check suggested that this time they will check from 4-4:15 AM EST on April 13th and wish reports from all DXers who hear them. Being that its their reg check and should be in clear. Address reports to Miss Dorothy Pape, Xmttr Op of Jacksonville Broadcasting Co, Atlantic National Bank Bldg Annex Jacksonville 1, Fla. Johanns says it should be easy sailing and if you have WMBR already verified, send a Thank you card saying no answer needed. They do have a nice letterhead verie. Johanns.

RALPH JOHANNS-BUFFALO N Y Boy oh boy how those alnitters are trying to spoil the new stations testing, but WMVG nearly succeeds to keep WWDC for Washingtonians, but hope they too dont go 24 hrs. Had a date with WWPG so told Aurora Borealis to do a little testing and say, guess for a couple days, overdid it as tonight her Blue & White flashes. Wish I could hire her for, and train her as a DXers helper. Enjoyed WWPG 3/26 DX coming in strong & steady in the CLEAR so I phoned Clyde Walkden, then got biggest surprise this year. Pop (yes he did) had beat me to it. I dont blame him, it was worth it for listening to 1340 kc DX on a clear channel-Hi. In Bflo IRC (yes Bruce, same as in Phila) will till late Oct use Busses alnite-Sundays-Holidays (why not weekdays) That pile of junk should be used for Atomic tests for the interference, even blocks Radar. Easter vacation is in the offering and hope the Bunnies bring veries and start storing ICA (for Phil & Maley etc) anyway for the Great Convention Labor Day for DXers. Hrd a few tests, also WFIN-WWRL-WLBZ DXes, KGIW nix and increased outstanding rpt pile, also rec verie letter from WHFC for 3/18 test-WCNC for 10/25/45; KELD for 10/7/45-KBNE for 2/2-WALL for 3/12 test and WMFJ-WLBC-WMBR for dups. Card by J G Deaderick of WMPS informs 3/12-3:38 AM was only a maint test. To DUGGAN The NAVY BEST. To DICK-W, at no more FCC Dope????? 3/23-24 Nice display of Northern Lights and station displayed their absense, also fading in and out. And in closing, remember the Labor Day week end Convention, August 31, Sept 1 & 2nd. Make your plans now to attend. Meet your fellow DXers and get acquainted.

LEFTY COOPER-BROOKLYN N Y Rpt to KGVL and veries from VOUS-WNEX, total-1103 and VOUS makes my 24th country verified. Added 4 this season, Bermuda-Canal Zone-Peru-Nwfld. Those Europeans and Pacific stations eluded me all year. Reception has been very noise; Fri 22 was good for Stations in SW and I logged KGVL thru about 4 others testing. WMAN off at 3:15 and there was one playing music, and 2 testing with tone whistles and KGVL. Reception was so bad 3/25 that not even WITH-WEXL could be hrd thru it. Want to get started in drawing up the DX sked for next season, so let me know what stations you want-American-Canadian-Foreign. Hope to get a lot of these new ones lined up for us. The winner of \$1.00 on WPAT for most distant is Eldon Addy, congrats Eldon. Mr Webbe said so many expressed interest in the Varga calendars he decided to send one to everyone who reported. They have appli for unlt'd time-5KW DA. Like to hear from Kirk-Maley-Dick-Kruse-Bartholomew of this seasons CPC Staff relative to carrying on next season. Ed Slater had joined us before he went to war, are you still interested Ed? How about Leo Herz? Anyone else? Its plenty of fun-write me at 438 East 21st St, Brooklyn 26 NY. And everybody-vote this season-have a voice in your club.

It is with Deep Regret that we inform you members of the passing of Hilding Gustafson's Mother. A card of Sympathy has been sent by Off & Members.

TIPS and LPO REPORTS

Page 3

J WARREN ROUTZAHN-YORK PA Since my last report I logged WGKV-KTMC. Veries from WENT-KWBR-KOVO. 3/12 KXLA was good enough for a good report. KCKN testing at 4. F/Cs all good on WINN-4:15; WISE 4:25; WLVA-4:40; WHBY 3:30; WAJR 3:45; 3/13 KWOR wasnt heard here, WMRN F/C 3:55-WGKV 4; WWSW back on at 4:15 and WJBK at 4:30; 3/15 WSMB s/off 3AM on 1210, must have been some sort of image, weak. WSON on at 3; F/Cs WCOS 3; WGBR 3:10; WOLS 3:30; WMFD 3:35; WROX 3:45; WORD 4; KWIL not hrd; KTMC testing 3-4 or more.

WALT BISHOP-RENESELAER N Y DX going out fast here and no new stations logged the past week. With the coming of summer I'm going to work on those stations I didnt get back with a verie during the DX season. Veries received, a card from WOV by H Holt, letters from CKNX by S C Reid; CBO by Maxted Gilbert; WKNE by Ernest F Batchelder Jr-WWDC by C R Shaffer; WNEX by A C Kibler; WAKR by George V Paul-WORD by Francis I Harr and CMBQ by Diaz del Castillo, radio announcer.

S/SGT AL MALEY-HIGHLAND FALLS N Y 3/26 well 2 French veries in today, Lille on 1213 kc and Rennes. Long letters in both French and English translation on both of them, along with sked. Out since 12/13, so very glad to have them. These make 3 Frenchies in a week, AFN-LaHavre the other. Wonder why they never answered my rpt on Limoges 648 kc which was the first one sent. Reported Lilles-Rennes in same letter and asked for seperate veries and got them. These babies want reports bad, so I should verify about 6 more.

S HENRY FRANKEL-BROOKLYN N Y Took a jaunt down to our radio district here in New York and was very fruitful as I was able to turn up a new Hallcrafters Sky rider Jr. At its price, its absolutely a wonderful buy. I know because I've been listening to it now for a while and it has great pickup ability with a very good bandspread. I have yet to put up any kind of a decent antenna. If reception improves very much with the addition of an antenna, it'll positively amaze me. So now I am ready to do plenty of DX-ing. Guess getting that set was just one step in my own reconversion. (OK Henry and plenty of DX for you, there are still lots of good days left)

Well seeing that this is all the reports and info we have, will try to fill up this space with some gab. First off to all the boys looking for some letters from me, just have a little patience and they will be answered. Just tired out I guess.

In the last little while we have had visits from Ed Wyman and Carroll Seth who stopped in on a Sunday and then phoned Wednesday when he was up again for the ABC, but guess Carroll didnt do good enough to get up among the leaders. Then a phone call from Joe Pellitier who was in Buffalo with his Dad but didnt have time to stop here for a visit, sorry Joe as I would have been very pleased to have met you personally. Anyway he says he will get up this way again. Kenny Page is quitely doing his DXing and pulling in a new one now and then. As for Junior, well sure I see a lot of him, but DX, Oh well, he says, What is that again? Excuse, sure other interest, but maybe in the later years, he will start looking for those new stations again, boy will he have plenty, almost have to start all over again. As to Johanns, he still says that when he gets his 600th verie he is going to retire. With all his reports that are standing out, I am wondering if he will ever get to the 600 mark. Wonder what became of that Guy Dick Cooper?? Nothing heard from him in a long long time. Even Pat missed this issue. As to Joe Brauner, well Joe isnt saying much but by his reports you can see that he isnt missing much either, seems to get the new ones as they come on. Pop? Well he is just crawling along, not much DX, but lots of sleep. Seems he goes after those specials though, yea when they are easy ones, notice he didnt get CJOR-KPKW-VOUS and a few more the others reported. He likes to show off his KOAC verie to Kenny though, but what a come back Kenny does when he pulls out some of his that Pop never heard of. Oh well will be seeing you next week then a couple weeks after that.

LEN KRUSE-DUBUQUE IA Even tho weather conditions for good reception was "poor" throughout the country at the time of the "KDTH" DX program for the National Radio Club on 3/16, they consider it a success. KDTH received some 40 reports, coming from 15 states, plus Canada, the farthest report being from Eugene Allen, Vallejo, Calif. Thanks fellows for the fine cooperation. The only new one in my log the past week was KTHT, Houston, Texas logged on 3/24 testing from 3:30-4:15. KTMC hrd many mornings with equipment tests. Only verie received was a letter from CFOR by J D McBride, chief engineer. By the way all KDTH veries will be sent this week. (OK Len glad they liked it)

BOB BROWN-GOSHEN IND Latest rpts out to KHBG-WLAW-KDTH-WSAZ-KOY-KOMO-KXLA-KSL-WJAG-WCHS-WJHL-WWRL. Veries are letters from WAIM-WAGC-WENY-WNEX-WLAG-WJW-WMOX-WABY and cards from WHO-KOAM-WOW-WGY-KHBG-WFBC-WBIR-KCOR-KGKO. That makes a total of 53 veries since 2/14. 3/14 KHBG on f/c at 5:10; 3/16 WLAW at 11:35PM-WFBC at 11:52PM-WLAY on f/c at 3:03AM-KDTH on DX at 3:05-3/20 WSAZ at 5:08 AM-WORD at 5:30; 3/22 KOY s/off at 2:16 AM-KOMO at 2:25-KSL at 2:34-KXLA at 3-WJAG on f/c at 3:15; 3/23 KHJ at 5:22-WCHS at 5:32-WKZO at 5:55-WJHL s/on at 6; 3/24 WWRL at 1:06 very poor.

FRANK WHEELER-ERIE PA Not much DXing done here. Received KDTH on their DX for the club, was not a new one, but reported for a verie for contest. Tried for WLBZ 2/25 but with no luck. Expect to try for WWPG-WATN-KVAK-CB-133 on their DXes for the Club. (Well if you got up for WWPG Frank you certainly must have been surprised how well they came in-Pop) Done the least DXing this year than in the past 5, maybe next year I can do better. Nearly time for all us garden farmers to get started and expect to have another big one this year. (OK Frank and hope you have lots of success)

HERB CAMPBELL-ATHENS PENN Veries from Canal Zone and WFNC. To BATSON etc- I am all burned up about that mystery on 1580 kcs, and why not? Look where 50 miles NW of Scranton is on the map. I am trying every chance and, while I cant get a word through, I can sometimes get a carrier that shakes the table. Had to do something, so I took its freq on the LM. Maiden try on freq of xmtr. Carrier so weak at the moment that I couldnt use xtal in receiver at maximum selectivity. But I got 1580.26 kcs. At least was fun. WMVG on f/c at 2:30 AM on 3/25. (Yep Herb on 3/26 covering WWDC swell)

ARNOLD GERRARD-MIAMISBURG OHIO DX running good now even with high noise level. This week rpted WGAA-WRLC-WCRS-WPAB-KGVL-WLAY-WMJM-WJOL-KAVE-WHCU-WKAR. Last week logged KENO-KTBC-KDTH-KTMC-WHIT-WMRN-WTAQ-KFRE-KELD-KRBC-WGRM. Have veries in from KLBW-KFRE-KELD-KCOR-KSUB-KVIC-WSTP-WJOL-WJRD-KSRO. Totals now at 918. WGAA was in clear on 3/24 at 6:30 AM; WJOL ran f/c on 3/19 at 3AM and vs R W Schmidt, ce. Nice letter from KFRE by Harold R Brown. Glad to hear from DXers. Follow up got verie from Robert L McCown at KVIC; KSRO by Eddie Handley also on follow up, claim 1st rpt gone astray. KDTH and Kruse came in swell on DX; KENO reported a poor one. WMJM on 3/20 with test; WLAY 3/21 on with f/c. Well thats about all from here, have 3 more weeks in bed at least so you'll be hearing from me. (OK Arn, get well)

HAL WAGNER-N GIRARD PA A letter from C W Seamans, supv Eng Dept KFI thanked me for rpt of their aux xmtr test 2/11/46. Says they use 5kw and are on at 3:03 AM EST every Mon AM for indefinite period. Back to work on 3/18 and believe me it was sure tough dragging myself out of the sack in the early morning now. Had a good time on my vacation tho and sure got in a lot of DXing I would otherwise have missed. Northern Lights beautiful last eve but knew what they would do to reception so didnt even bother to get up this AM. Took down my 1625 ft East-West aerial last week so it looks as if I have wound up the DX season for this year. (Hope you was up for WWPG)

Well boys we will have another bulletin on April 6th, deadline as usual on WED April 3rd. Then next issue will be April 20th, deddline April 17th. Then once a month and they are on May 18th-June 15th- July 20th-Aug 17th and September 7th and 21st. The deadline is 3 days before date shown.

NATIONAL RADIO CLUB DX NEWS

March 30 1946TIPS and LPO REPORTSPage 5

BOB DUGGAN-MACON GA Veries from KGFL-WNVA-KLO-KLBM and 3 from KCOR. Rpts out to KTMC-KDTH-KENO-CMKO-CMHD-CMHQ-CMQ-CMKJ-CMAQ-CMJL-CMKU-CMCH-CMJK-XEBZ and YVLRK. Am trying out Spanish prepared verie cards on these Cubans. CMHD may be hrd until 8AM on 1560 kcs daily. vs for KGFL is Melvin E Unger, ce; WNVA J L Haughlett. Letter from TI4NRH on 710 kcs gives QRA La Voz de Costa Rica, Paseo de los Estudiantes, San Jose, C.R.. Their sked 7AM-1PM and 4-9PM. For JOHANN'S their PHONE NUMBER is San Jose 4062. Director is Amando Cespedes Marin of amateur TI4NRH and TI4AC.

SULLY SULLIVAN-PITTBURGH PA DX shows some signs of picking up here as the weather has apparently shifted around some. Recent veries from WMOX-WFNC-WORD-WAOV-WRC-KFXJ-KILO-XET-WNEX-WAGA which brings me up to 399. KFXJ says in their verie that their f/c is first SUN 1-2 AM. They run a KFXJ Dance Jamboree for that hour. (Must have changed sked as my verie for 10/1/45 said no late sked programs, anyway better get them boys as they are not to easily heard otherwise-Pop) (Rex Howell, Managing Director signed mine, who signed yours Sully?) TO THOMAS-Station hrd is on 1570 kcs and was hrd again 3/10 with 1:21 PM s/off. Still no announcement of any kind. Was it ever established that the Rochester Royals were a very fine professional basketball team of that city?? Whats the matter, no basketball fans in the NRC? (Guess not Sully, I lived there 5 years and forgot the Royals in baseball was Montreal)

GENE ALLEN-VALLEJO CALIF On the 16th fell asleep at the dials on KDTH DX woke up at 3:26 in time for 8 minutes and good rpt. KDTH R-8; 3/17 XEF announced at 3:19; WJZ hrd at 3:40; KGU R-8 at 3:45; KENO testing at 4:12; WOR on 710 at 4:17; KFXM on special 1240 kc at 3:40; WEXL at 4:30; KTOH on top of 1490 kc at 4:32 AM; 3/18 XEBZ very good on 660 kc at 1:30; 3/20 KTMC testing on 1400 at 5:29; KOCY at 5:30 testing with woman announcer; KWBW on 1450 testing at 5:33½; KWOR on 1490 kc sending 500 cycle audio note announced they would test every morning from 5:30-5:45; KGKY also test on 1490 from 5:35-5:50, ~~WRM from KWOR~~; CMCF at 5:52; WING at 6: WSPF 6:03 WSPD s/on at 6:02. Recent veries from KCOR-WPRA-WNEL all cards. Reports out to KDTH-XEBZ-KGKY. Local store has Scott Combination for \$984/35, one SW band, BCB and FM for a total of 24 tubes. Performance poor, not equal to pre-war Scotts selling for 1/3 price. Expect an \$1800.00 model soon, salesman plans to sleep in cabnit-Hi. Any dope on AR-88 would be appreciated. (Yep Gene, and E H Scott is not with the outfit anymore, they said he retired several years ago, they're nuts as I had letter from him only last year, maybe he was forced out or gave up right before the war ended.-Pop)

HANK WILKINSON-BANNING CALIF. Well here in Banning, I have the advantage of no industrial plants or being around heavy loaded lines to bother my DXing as I did in Burbank, also have a much higher and longer antenna than before. Am 2600 ft above sea level. Everything so far in my favor so on mornings of 3/17-3/19 I hrd 3 Hawaiians at S-6 and better, KTOH was S-8 steady for 16 minutes, 3YA was very good from 4:40-5:30 AM. On 3/19 YV5RB S/on 5:30½ AM EST and was excellent for 22 minutes. A good identification for this station is the double "Cucko-Cucko" call given approximately 5:40-5:50 AM EST. His best station announcement is at 5:50 AM. Sad part of this DX session was that no Aussies were hrd and the only Jap on the dial was Radio Tokyo on 870 kcs. Been hearing 8-12 of them on most AMs. Saipan has been quite weak from S9plus to S 3-4. How is he back east?? See where the boys missed on HCJB on 974 kcs, I hrd him on 992-994 kc instead. To LEFTY-How long ago did you send report to OAX4A? I've written 3 times, twice in Spanish and one in English and enclosed an IRC each time, no ans yet. To DAVIS-I'm your speaking of the Rochester team of the International league, just remember the Baltimore "Okiolos" in 1944, won the first half play offs, the second half playoffs and Oh yes the pennant and the Little Worlds Series with Louisville. What a team. (Yep and our poor Bisons, lousy)

Well boys there she is. Next listing will be May 17th so have your veries and Hrd list into Frank Wheeler RD 7 % T J Schwartz, Erie, Penn by May 5th.

JOE BRAUNER-WILLIAMSVILLE N Y Looks like the DX season is drawing to its close, between premature spring static and the latest "Blanket" on signals. Since last rpt, 3/21 KTMC testing; 3/23 WTON caught on a 5 min test, tnks to tip in DX News and WMVG hrd testing most of morning. 3/25 WKIX heard testing at 2:48 with Q5 R8 signal. Past 2 mornings have been marked by almost complete absence of east-west stations. Not a peep out of friends WEXL and WJBK either date, 25 & 26th and little more from the alnighters on 1230, and WWSW etc. WWPG hrd absolutely free of QRM on monthly test and perfectly again on DX this morning 3/26. Several southern stations hrd on checks on 25th. Those on 1490 and 1340 free of WEXL and other pests. All were old skeds, WEED-WKEU-WDNC etc. Veries in are a card from KCOR, letters from WENT and CJOB. CJOB on daily to 3AM EST. WJOI expects to start operations on 1340 about April 1st. Rpts out to WHTB since 1/1/46-WKRZ-WCMA-CP3-TGO-KPKW-KTMC-WTON-WMVG-WKIX, all new here.

GRANT BATSON-WESTFIELD N Y A very poor week on DX and Sat nights, northern lights wont help us any on the final week. One rpt 3/23 WMVG testing on 1450 2:35-3:20 and did a good job of coming thru WWDC. Only 2 veries XET letter and HCJB air-mail for Feb 3rd DX. KGIW and WLBZ both needed here but positively couldnt pull them thru the adverse conditions. So TNX cards sent. WWPG, out to pull them thru as being a southern station they should come in. Holdouts now seem to be CMHB-YV5RB-YV5RL-CMJK-XEMC-KBBF-KGIW-WDAD-KUJ-WSMB-XEQ-WHIZ-WCMA-WBBB-WFEB all rpted from Dec 20th.

STAN MORSS-BRADFORD MASS 3/13 Rpts to WMOX-WGKV for new ones. No KWOR here. WGKV balled things up. CJLS hrd on S-39 with very little QRM. Verie from "Toulouse" Pyrenies on 913 kc by J Beral; 3/14 Verie from CMKY and Algiers on DX; 3/16 KDTH a fair R-4 here, very noisy, nothing else, even WOR just audible. 3/18 Verie from KCOR, pink card with blk lettering; 3/19 CHEF hrd here nearly all day on 1200 kc, R-5 to 8, is my set off or are they operating off freq???

LEO HERZ-CHICAGO ILL Got some good news, got an RME-45 and from what Gail says its a honey and what I know now since yesterday its a real SW-BCB DX set. Hrd lots of stuff on bcb in daytime, since Northern lights, nights are out. Gail was over and we picked up Brazzaville on SW R-9 plus. Still cant get a vertical antenna that I want. Fixed up my indoor one and have 20 ft which should do OK for now. Anyone desiring info on the RME-45, just ask and I will gladly give it. WHO latest verie. WSPD & WHFC are overdue. (OK Leo and so now you will be pulling them in, well lots of good luck)
