CONVENTION NEWS

This is our last chance to tell you about the big 1950 N.R.C. Convention in Buffalo and adjoining Williamsville, New York. We have been beseeching each of you to try as hard as you can to arrange to make this one, for it is to be the first time we have had an out-door picnic to highlight the chain of events. Mr. and Mrs. Joe Brauner are very anxious to play hosts to as many members and friends as possible, so we relay their invitation to each of you herewith. Please try to attend, for you will have a wonderful time, and will have a chance to meet all your fellow members attending, and will be able to talk DX until you are blue in the face. Now we hope that those of you who have still not made up your minds will decide in favor of coming to the Convention. With world conditions as they are now, there is no telling if we will be able to have another convention in 1951 or not, so let's be sure not to miss this one, and make it the biggest and best of them all so far. We'll be having another big bowling contest, and there will more than likely be trips to the great wonder of nature, Niagara Falls. Ever set foot in Canada? Well, here's your chance, boys! Don't forget also the big DX session at Pop's, and the big Saturday night cold cuts, beer, and soft drink party at his house, where various verification collections are looked at. It's an old axiom that we always meet somebody new at each of our get-togethers, and we confidently hope that that will run true to form this year too. It is an education to meet new people, and very interesting to compare accents of folks from various parts of the country. So, why not climb aboard the stream-liner and head for Buffalo? The Convention dates are September 2-3-4, and when you arrive in Buffalo, call Pop Edge on the phone and he'll see to it that you get to his den in a hurry. What a wonderful way to get a DX season started! These pop-wows have awakened the fever in many a DXer after a summer of languishing away from the kilocycles, and he has come back strongly and with a rush. On getting home, you'll probably have your set turned on before you even get your jacket off! Last year, some of the boys visited the transmitters of WGR and WKBW, housed in the same building in Woodlawn, near Bob Spencer's home. Bob conducted this little side-trip, and it turned out to be exciting and very educational for anyone interested in DX and transmitting antennas. They have a miraculous array of antennae erected on a large field. And once again we wish to remind you that our hosts, the Edges and the Brauners, are very anxious for a large turn-out. Don't feel that because you may be a new member you won't be welcome - you'll be as welcome as the flowers in May, as the song goes. In fact, we are very much looking forward to meeting new DXers. Naturally, old friends will be back once again, and it is refreshing to renew old acquaintances each year in Buffalo. So - here's what you do - take \$3.00 and put it in an envelope, and send it today to Ray B. Edge - 325 Shirley Avenue, Buffalo 15, New York, and that of course is to cover the cost of the eats and drinks at both Pop's and Joe's. So this is a fine chance for an outing for the family - remember, the girls are welcome too. So don't say, "Aw, next year, maybe" - come this year, and have a grand time. We'll be hoping to see you all, and don't forget to try to bring along some of your choicest verifications for all to see. You'll never regret coming, DXer, so let's not sillily deprive ourselves of one fine holiday just because we don't know anyone face to face as yet. Remember, we all know one another through these pages, and here's hoping for a great, grand re-union and convention.

Musings of the MembersFred Van Voorhees - 28 South 26 Street - Camp Hill, Pennsylvania

(Written on "Hotel Alexander" stationery (Hagerstown, Maryland, and postmarked at Berkeley Springs, West Virginia!) This is hardly a DX report, for the radio remains silent in the corner these days. DX is a thing of the past, but I hope to revive it come September again. I sure wish that I could be with all the rest of the DXers in Buffalo on Labor Day, but as that will be during my vacation, we will be spending it on Long Island with my parents. The NRC Convention is always a good place to give one a good "kick-off" into the new DX season. I would also like to see many of my old friends among the NRC, fellows I haven't seen for many years now, but it just can't be done. I'll just have to say again that any NRC member is welcome at 28 S. 26 Street in Camp Hill, Penna. If anyone is in the Harrisburg vicinity, just call Harrisburg 7-2359 or 4-0163. My DX season ended as it usually does in the second week of April. I wasn't as active this past season as before, and only sent out about 68 reports. Many haven't come back yet and are slowly being followed up.- KGBC, KFGO are a couple who have responded to followups. A nice letter verie came from Limoges France, for my third TA in 13 seasons of DXing. Highlights of the past season aside from Limoges included our DX programs from WCMB and WKBO and my hearing KFAR for the first time. Apparently I didn't have enough for a verie, but I did hear them. I'm spending more and more time on the road, so my prospects for the coming season are not too good even if conditions in the world today let us continue to enjoy our hobby without going back out to fight again. Well, I'll try to get a good start, come September 1 anyway. Good luck to all of you, and have fun at the convention. (Sorry we won't see you next month, Fred - Ed.)

Karl Raymond - 1114 North Harper Avenue - Los Angeles 46, Cal.

Only new station added here in last two months has been KWSL, 1400, on f/c as per "Down the Dial." Veries have been cards from KRDO* KWSL WCAE* & WSAI*. Letters from KGAN KWTO* KCLX & KRLN*. The asterisks indicate were received as the results of follow-ups. I really was glad to hear from KRLN as they are on f/c only 4 times a year and then have to buck KENC but here on the West Coast I thought KWSL a pretty good catch for so late in the season. Their card was nice but of the "Thank-You" variety unfortunately. Had the NC-57 on this morning for the first time in a couple of months but nothing on but a bunch of static and the usual bunch of all-nighters. Still have a bunch of hold-outs and am going to send self-prepared cards to several such as KSCO KWIN KWAL & KSEM. Won't be long until the next DX season, and I am looking forward to it as usual. 73s.

Gene S. Allen - 1013 Mariposa Street - Vallejo, Calif.

Now that the July 1 contest deadline for veries is past, the veries start to roll in. A few toughies in so far this month. Veries and signers for prepared cards are: KSWO, William D. Buford, C.E. WGWD - Edwin R. Estes, General Manager. WHRV - James W. Allen, C.E. KPLC, W. H. Rodgers, engineer, and WJLS, A. J. Ginkel (no title.) Letter veries in from KLVL, Charles L. Balfi, General Manager; KDWT, O. P. Davis; WBOM, Van Murray, Chief Engineer; KCLF, Steve Horvath, C.E., KLMS, J. Russell Joynt, General Manager. KDAL, R. A. Dettman, C.E., verified by card and XEOR replied by air mail and returned my 3¢ stamp on a report to P.O. Box #90, McAllen, Texas. Will answer promptly all reports to that address. DXed only 11 mornings in June and so far only 3 mornings in July as of July 12. However, the band still is in good shape, so expect to do more dial-twisting this month. July 12, the following were heard: KFDX, 990 kc/s., testing at 3:15 a.m.; KOJM, 730 kc/s., TT 3:17 to 3:28 a.m.; KGLU, 1480 kc/s., f/c at 3:30 a.m.; WVOK, 690 kc/s., TT 3:49 a.m.; KVCV, 600 kc/s., testing at 3:53 a.m.; KECA, 790 kc/s., testing 3:54 a.m.; KYOH, 1450 kc/s., testing at 4:03 a.m. WNOE new heard on 1060 here in the evening hours, 10:00 p.m. to midnight, also XEJ, 970 kc/s., on top of KOIN from 10:42 to 11:00 p.m. July 10th. Still need 13 veries to total 1300 and hope to have the 1300 before the DX season, as 28 reports still are unanswered. Sorry can't make the Convention this fall. 73 and best of DX vacations to all.

Stan Mores - R.R. #3 - Bradford, Massachusetts

Rpts to WATS, Sayre, Pa., WMPM, Smithfield, N.C., WATC, Gaylord, Mich., WBRD, Ft. Lauderdale, Fla, all on ET, WRGO on f/c, & KTRM on all-night show. As soon as cultivated blueberry crop is picked I'll be off on a short trip to Pacific Coast. Hope to start 1st week of Sept. or before. It all depends on WX - no rain - no berries, so I go sooner. Ought to be able to pick up a few new stations on the way, especially in the Pacific North-West. (Happy trip. Stan? -Ed.)

Musings of the MembersHarold S. Williams - 50 Third Avenue - Seymour, Connecticut

It is just three weeks since I sent in my last note to "DX News" and I have 18 more stations added to my reported log, to make that total 717. 7/10 - KOIL (1290) 25th Anniversary all-night program 2:50-3:30. 7/11 - WMT (600) music and s/off, surprisingly fine signal 1:48-2:02 $\frac{1}{2}$ s/pff. WMFD (630) TT-f/c, 2:24-2:30 s/off. F/c list shows their check at 3:30-3:40. WEML (1240) TT/f/c 2:15-2:30 as per f/c list. 7/13 - CBE (1550) testing with tone and music 2:32-3:32, also 7/14 1:35 and all A.M. Get them almost every AM now after 1:00 with Canadian National News Bulletins. 7/17 - WROL (620) news and s/off 12:55-1:02, WDBL (1430) new station ETing with transcribed music 2:12-2:45, fine, clear, strong signal. 7/18 - WDWD (990) recorded music f/c & ET 2:40-2:50 as per f/c list. 7/20 - WATS (1470). I caught their very first announcement on the air 2:52-3:30. They said they would start regular broadcasts Sunday 7/23 at 8:00 a.m. Fine signal from this new 1 kw. rig. Also on 7/21, very strong and clear, completely covering XESM. 7/21 - CBK (540) radio sketch 12:29-1:00, very noisy. 7/22 - WHOL (1230) testing with recorded music 1:48-2:50, poor signal through WNOR & WITH - ain't that something! 7/23 - KTSM (1380) election returns 2:45-3:15, already reported 1/31/50, ET, but no verie so sent another report this time on NRC report form - bet I'll get a verie this time! KTRR (1420) election returns 3:15-3:45. Many other Texan stations on with returns but I was too sleepy to copy. 7/24 - WISC (1480) regular schedule, 12:45-1:00 s/off, over WHOM. WMPM (1270) new station, ET with recordings 2:31-3:00 with a fine signal. 7/26 - KDRS (1490) election returns 1:38-1:55 through WJBK. WOL (1450) ET-TT 2:30-2:38. 7/27 - WDEL (1150) testing with recorded music 2:48-3:00 over CMBQ. 7/29 - WSAI (1360) TT-ET 2:01-2:30. And now for the veries which number 13 to bring my total veries to 485. 7/10 - WAPA (680) air-mail letter for f/c 6/13 after 2nd report. First report sent 6/19/49. WPAB (1370) air-mail letter for f/c 6/20, quickest verie ever received from Puerto Rico. WPAY (1400) letter for f/c after 2nd report, first sent 9/7/49. 7/14 - WPLI (1490) letter for f/c after 3rd report. 11/3/49; 3/2/50; 7/6/50. WOMI (1490) letter for f.c 7/6. 7/15 - WJEH (990) letter for ET 7/3/50, v/s Ray E. Kellogg, Staff Technician. He writes in part, "Your report was very complete and since we have been having some trouble with our equipment it proved very helpful. We have received reports from Pa., N.J., N.Y. and Conn. Inasmuch as our frequency monitor is being repaired we will be making test broadcasts every Tuesday or Wednesday A.M.s until our monitor is returned and recalibrated. Any further reports on reception of WJEH will be appreciated." Nice letter-head in red, gray, and black with 2 roosters crowing - 990 kc/s. - 250 watts, clear channel - sun-up to sun-set. WMFD (630) letter for f/c 7/11, v/s R. A. Dunlea, Mgr. 7/17 - WEML (1240) card for f/c 7/11, v/s H. S. Goodrich, C.E. 7/21 - CBE (1550) letter for ET 7/13, v/s M. L. Poole, Mgr., on stationery of the CBC. 7/24 - KOIL (1290) letter for 25th anniversary program of 7/10, with nice silver and blue anniversary seal. WROL (620) letter for regular program 7/17. WDBL (1430) nice letter for ET 7/17 from the main station, v/s Walter A. Duke, President. 7/25 - WDWD (990) letter for f/c and ET 7/18. His letter in part: "This is a letter of grateful acknowledgement and verification of your reception of this station. I was on the air from 2:35-2:45 with f/c and from 2:45-2:50 $\frac{1}{2}$ with ET 7/18/50. For you and your club's info we are on the air on the 3rd Tuesday of each month from 2:35 to 2:45 a.m. EST for our f/c. We have it measured at Atlanta, Ga. v/s Howard L. Ravilious, engineer. I had rather planned to attend the pow-wow at Buffalo but we have just finished our 2 weeks' vacation shut-down (going back 8/31) and have already been told we will have to work Saturday nights to get caught up on our production schedule for the next 6 or 8 weeks. So - Buffalo is out for me I guess. I sincerely hope many will be able to attend and that fair weather will prevail. I know I would enjoy meeting my fellow members but that is a pleasure I shall have to forgo for this year. 73 and a good time to

Ralph Johanna - 64 East Huron Street - Buffalo 3, N.Y.

1050, KVSM, San Mateo, Calif. (7/12 - not KN50) heard - letter by KVSM's E. L. Robertson, C.E., P.O. Box #366, Wasco, California, Maple Leaf Broadcasting Company says, f/c is First Monday, 12:01-12:15 a.m., P.S.T. (P.D.T. same) - next is August 7. Sked is 8:15 a.m. to 9:45 p.m., E.S.T. for August and 8:45 to 9:00 p.m. in September. WDBL (1430 $\frac{1}{2}$) 7/15 heard ET. V/s by Anna Duke, engineer says, opening day July 23 and s/off at sundown and s/on 5:00 a.m. Springfield Broadcasting Co., Inc., Springfield, Tenn. Haven't listened any lately, but best regards. (See you September 2-3-4, Ralph! -Ed.)

Musings of the Members

Sid Rosenbaum - 806 Market Street - Wheeling, West Virginia

Listening this period confined to one Monday morning. Two new stations added to my log on July 17th. WREL (1450) f/c-TT 2:00-2:15 and WDBL (1430) a new station in Springfield, Tenn., on ET 2:15-2:30. Thanks to Len Kruse and Lefty for information on WOND (1400.) Report sent to WOND giving s/on time, detail on musical program, etc. New Jersey stations tough in this section, so hope report rates a verie. KTTR (1490) Rolla, Mo., heard on f/c 2:45-3:00 on July 17th. News item in a local paper says, WMOD, the new Meunsville, W. Va. station will not test until near August 15th due to delay in construction. New WEIR, 1430, Weirton, W. Va. plans to test in ,iddle part of August. An interesting fact concerning Weirton is that until recently it was the largest unincorporated town in the U.S. (36,000). The largest prehistoric mound in the U.S. is located in Moundville. No veries in since last report. WHHH, 1440, has been coming in here with a strong signal in early evening. KLCN (900) heard topping WAND at sunset. The WWVA Jamboree is playing to packed houses every Saturday night at a local theatre. That does it from here for this period. (Buffalo, Sid? -Ed.)

"Pat" Beilley - 11 Irvine Place - Jamestown, New York

New veries received are KNCM WLIL KLVL WDVA WOPT WFEC WANE for number 2000 with July reports out to WHIP WSKY WDBL WATS WATC WMPM & WRCO and 42 older ones heard this season. Very little DXing here this summer as noise has been very bad. 6/21, heard WEDR, 1220, on ET. KDON, 1460, was very good here on their test - heard a Mexican on 1360 who sounded like XEKE - glad to see where Mexico finally gave calls to those old ones licensed as far back as September of 1947 - WOPT listed as "Scriba," N.Y. in log, postmarked "Oswego," and owned by Oswego Palladium-Times, Oswego, N.Y. How come Scriba? (Probably is studio and/or transmitter location, Pat - in P.O. Directory, there is no town of "Scriba" shown for N.Y. State! -Ed.)

Leo Herz - 720 Barry Avenue - Chicago 14, Ill.

I think it is about time that I sent in a report to show the boys I am not dead. Only did not DX since the end of March. With the exception of logging WRAC, 1460 kc/s, Racine, Wis., which I logged on July 30th, on my portable while I was in the park of a picnic. Veries received since mh last report in April were:WWCA KICK WCMB & KNED which was received in May and was the last verie received this season despite the fast way veries came in early in 1950 is by far the worst for non-verifiers I have had in many a year - 1947/48 and 1948/49 only one each did not verify, but this year have reports still out to: WGVN KOOL WLOX KWBC KLAS KFSB KVNJ WANS WSSB WLXK WJHO KONO KCSU WAFB WPKY WBGR. That is 17. The worst part is that I haven't had the time to send out follow-ups and looks like I won't have time for some time. Sorry to have to miss the Buffalo Convention but have to save my vacation & \$\$\$ & \$\$\$ to go in October to Asbury Park, N.J. for the J.W.V. National Convention. Might see Lefty while there. (Gee- a Convention without you, Leo? Never thought it would happen - sorry to see this - you'll be missed! -Ed.)

Len Kruse - 817 Wilson Avenue - Dubuque, Iowa

Several stations have been added to my DX log during this "off-season" period. On 7/18 WDBL (1430) Springfield, Tennessee heard on ET. Then an ET was heard on 7/22 from WATC (900) Gaylord, Mich., at 2:30 a.m. On the morning of July 24th, three stations were added to my log. Station WWPB (1450) Miami, Florida, is now on from 3:00 to 6:45 a.m., Monday through Saturday, with a program, "Home Town Frolics," and logged for first time on this date. Jim Bryant, announcer and engineer on the program, and verifies promptly all reports, so here's your chance, boys. Station WJER (1450), Dover, Ohio, was heard at regular sign-on and its first program at 4:58 a.m. Thirdly, WHHH (1440) Warren, Ohio, was on top with sign-on and program at 5:45 a.m., with slight QRM from WHIS. The new KOLS (1570) Pryor, Oklahoma, was heard on 7/24 with last program of the day from 8:30 p.m. to 8:45 p.m., at which time KOLS signed off. The new WMPK (1270), Smithfield, North Carolina, was heard on ET 3:00-3:30 a.m. on 7/25. Only four verification letters were received of late, namely WGL WDOK WZOB and WWPB. (Coming to our big convention, Len? Surely hope so - Ed.)

 Reports are surely scarce for this issue. We surely hope you will all come back again for our future issues. This is our last issue of "Volume 17" and when we swing into Volume #18, we will be counting on each and every one to help out with regular reports. Success equal or superior to Volume 17 is contingent on your help!

Musings of the Members

M/Sgt. Fred A. Anderson - A.P.O. #248 - P.M., San Francisco, Cal.

Just a few lines to let you know of my change of address. I expect by the time you read this letter I'll be gone. As you know, I'm with the 2nd Infantry Division and you have probably read that our destination is the Far East and very likely Korea. So on behalf of Sgt. Pat Patterson and myself, keep up the DX work and we hope that we will be back shortly to spin the dials. Sgt. Patterson is still with the 2nd Signal Co. but I've been transferred to the 2nd Military Police Co. as Radio Officer. Our address will be care of Postmaster, APO #248, San Francisco, California. Also I'm enclosing a dollar more to pay for first class postage, because it'll come in handy reading in some fox hole, hi. Only recent loggings here, KALE, 900, Richland, Washington, verified by letter, and KREW, 1060, Sunnyside, Washington, also verified by letter. That's about all from here, friends. Hope everyone has a wonderful time at the convention as I know they will. Drink a cold one for me, hi. So long, until - ?? (And may the Protection of Almighty God go with both you and Pat, Andy, and we hope your return will be very soon. Thanks for the kind words - Ed.)

Bernie Duffy - 68 Watchogue Road - Staten Island 14, N.Y.

Acting on appreciated phone tip from Lefty, I logged WMPM, 1270, local like, getting this a week after WATS, 1470, Sayre, Pa. and I feel back in the DX groove again. I also have gotten CBE, 1550, loud and clear at 10:00 p.m., and WBRD, 1580, loud (fairly) on 8/1. Needless to say, no veries came in.

Lefty Cooper - 438 East 21 Street - Brooklyn 26, N.Y.

Well, it's off for the country again for two weeks for me, and the vacation will certainly be welcome. Surprise, a few veries arrived over here, with nice cards from XEFW and WWCA, and letters from WHED on a follow-up, who still have their f/c at 1:00 a.m. every 25th of the month, and CKMR, also from a follow-up, signed by Robert J. Wallace, Chief Engineer. He promises to verify promptly all reports, and CKMR still signs on at 5:30 a.m., so watch for them when the nights lengthen out. As to DX here, a little, as follows: 7/23 - Logged the new WATC, 900, Gaylord, Michigan, fairly good on a test program. CJOC on 1220 fooled me with their fine signal for this time of year. KPRO was quite strong at 2:05 a.m. concluding the news. KTRM, 990, Beaumont, Texas, seems to be a new all-nighter, and is weak here. Concluded the morning with the logging of WBCO, on for a benefit for a family who had just lost their home in a fire, good after WHLS s/off. WWPB was behind them. 7/30 - CMCA, a new one in Havana, was heard on 1560, in the clear and quite strong, and they s/off at 1:18 a.m. I have seen this one listed as 1490, but I can swear the calls "CMCA" were correct. A weak signal on 1580 turned out to be the new WBRD, in Fort Lauderdale, on with an ET. On 1270, WMPM, Smithfield, N.C. was heard with a very good signal, testing, and that concludes my activities at the DX dials. As we conclude for another issue, good luck to all, and please come along to Buffalo and have an uproarious good time.

NEXT ISSUE ON SEPT. 2

If you're coming to Buffalo, drop a card to Hal Wagner and tell him, and he'll bring along your copy of "DX News" there. Deadlines for this section, August 30, and for "DX Down the Dial" September 1. We hope to see you all in Buffalo, and 73s for now.

NOTICE

NOTICE

Because of Contest RULE 13 which states that no prize can be valued more than \$3.00, our list of BCB Prozes had to be changed slightly to conform with that RULE. So you will note a slight difference from those published on Page 14 of the May 20 1950 issue of DX NEWS.

BCB CONTEST WINNERS and PRIZES

1 Alan Arnold;	\$3.00 plus a Plaque with NRC DX CHAMP 1950 which
2 Len Kruse	\$2.00 (was donated by Sully Sullivan)
3 Randy Hunt	\$1.50
4 Ken Murphy	\$1.00 Ken Murphy also wins either a Box of
5 Ted Weiser	\$.75¢ Stogies donated by Sid Rosenbaum OR
6 Eldon Addy	\$.50¢ if he doesnt smoke, the equivalent
7 Frank Wheeler	\$.50¢ in CASH for verifying the most AREAS
	Complete.

PS Included in the 1st Prize of \$3.00 is \$1.00 donated by Frank Gravely. Alan Arnold also wins an ALARM CLOCK donated by Leo Herz for verifying the MOST NRC DXes.

Total cash taken in for entry fees in BCB Contest was \$8.25, the rest was in donations as they total to \$9.25.

FOREIGN CONTEST WINNERS and PRIZES

1. Randy Hunt	\$2.00	3 Hank Holbrook	\$1.00
2 Gene Allen	1.50	4 Larry Yarnes	.50

Again the entry fees amounted to \$4.25 and total prizes to \$5.00 - Larry Yarnes & someone else donated the difference.

The Prizes will be given during our 1950 Labor Day week-end convention. If the winners are not present, their prizes will be mailed immediately after the conclusion of the convention. Thanks to the cooperation of all and hope to see all of you in Buffalo Sept 2-3-4th.
