WEEKLY DURING DX SEASON - \$3.00 YEAR - 34 ISSUES

Volume 18 - Number 7 - Our 18th Year - Nov. 11, 1950

**NEW MEMBER** - James E. Critchett of San Francisco, California

**RENEWALS** - Carroll Seth, Charlie Conley, Len Kruse, Alfred Bruce, Al Bartholomew, Roger Anderson, Frank Gravely, and from our Service fund the renewals of Don Frey and Mort Meehan

You will find that the front page of this issue does not measure up to our usual standards. A telegram was received at 5:30 PM Saturday, November 11th, from Lefty saying that the second section of stencils including the one for the front page had got fouled up in the mails somehow and that we should publish without it. Saturday also found us all fouled up in a 14 inch flash snowstorm, we did make it to the Post Office Saturday morning and then got stuck on the way home and finally got home again at 10:30, too late to call Lefty and still get the bulletin into the mail at the 11 AM holiday closing hour. So this issue should be postmarked at North Girard, November 13th at 9 AM. The all day struggle of shoveling and putting on chains on both Dads and my car found me so tired I slept thru the KTW DX thus wrecking my hopes of getting 100 % on the NRC DXes. Can't beat nature, I guess.

  7. Moderately strong
  8. Strong signals
  9. Extremely strong.

Musings of the MembersDon Kaskey - Galva, Iowa

Well, the football season is over here, thank heaven, and to save me humiliation, I won't give the score of the last game. (Eldon, don't tattle!) I've managed to log 17 new ones this week to bring my number of stations heard to 1165. On 10/24 - WLIO (1570) heard at s/off of f/c at 2:20, KOBK (1390) ET 2:00-4:00, 10/25 - KTER (1570) ET 2:00-4:00, WOBT (1240) music test from 3:00-4:00 with requests. 10/26 - KBRC (1430) f/c 4:00-4:30 with music, WBKV (1470) ET 4:12-4:30, WAVL (910) s/on at 4:00, WSGW (790) s/on at 6:00, WTNS (1560) s/on at 6:36, WJMO (1540) s/on at 6:45, WLEW (1540) s/on at 6:45, WIHL (730) s/on at 7:01, KCLW (900) s/off at 7:00 p.m. 10/27 - KTAT (1570) s/off at 7:00 p.m., finally logged after a week of trying to hear behind XERF. 10/28 - KRIO (910) ball game between Harlingen and McAllen to 1:35, s/off at 1:38, KUBA (1600) s/off at 3:00, WIEL (1400) s/on for f/c at 3:34. KGLU verie signer is W. E. Scharlach, Chief Engineer, Sid. New veries totaled 34 this week. Cards from WHTN WCMA KFRC WSGN WDSU WBIP KGAR KGCU WOV WETG WAML WDIA. Letters from WIMA WNVA KWKH KTLN KRUX KRAI WONE WEOA WMUU WDEF KSEI KBOE WJZM KGYN KMYC WGBS KMLB KAFY KBUC WHK KXXX. WSGN sent me a card from Rev. Frank Johnson who's program is first on in the morning. WGBS stated the reason I heard them on 10/18 is that they changed from directional to non-directional with their hurricane reports all A.M., also a letter from KGON stating it wasn't they I heard on 10/16, but told me they are all-night except Monday A.M. Well, that's all from this locale, good DXing to you all.

James E. Hill - 70 Glose Avenue - Toronto 3, Ontario

Just a line to say I am very pleased to have been accepted into membership of the N.R.C. through the efforts of my very good friend and fellow member Robert E. Base of Baltimore, Md. I find the bulletin very well prepared, and offering very fine information for the members. I am fairly new at this DX game myself, having only one thousand, nine hundred and ninety seven veries (1997) on the standard band, hi. So you quite understand that I, for one, need a helping hand in getting my count up a little. I have nothing of important to report on this season's DX activities as I have not put in much time at the dials, but trust that when I do I'll be more than glad to pass along to the members any information I can. I note that in this week's (10/28) bulletin there is a shortage of Canadian stamps. Anyone who wish## Canadian stamps can set same by return mail if they will let me know their watns. This also goes for any help I may be able to give to fellow members. Would like to extend thanks to Ralph Johanns for his kind words of welcome into the N.R.C. Re Bill Stone, he and I were in the same DX competitions to a great extent before World War II but have not been in touch with him since we came back. Will sign off with best wishes to you all, and best of DX to all N.R.C. friends. (Welcome into the club, Jim, and likewise, welcome to these columns! -Ed.)

Ray B. Edge - 325 Shirley Avenue - Buffalo 15, N.Y.

Well, finally some veries have returned. Received very nice letters from WVOP WOKY KMOD & KSTN. Cards from WATH and WGBI, the latter sent same verie card they did in '39 despite asking for a letter, also signed by the same C.E. Total now 1736. No reports sent out 10/27, 28/29 but did get two new ones on the 31st. KBOE finally caught on ET and KDLA, 1010, caught on ET. Both heard well. Evidently the staff at KDLA knows about DXers because he mentioned that they will welcome reports from DXers and also from those who are not DXers, would reply promptly. So, let's see. Tried for WCUE, 1150 kc/s., at their 4:30 s/on but too much QRM from the Spanish-speaking station. Heard them play the National Anthem, but that was all. KTER still on ET and asking for reports, especially from those close to Terrell. Plenty of tone testers on but no calls given, grrrr. As of 10/31, WKBW not on all night, do hope they have had a chance and stay off. No chance of the KFPW DX for NNRC on 10/31 on 1230 kc/s., all I could hear was WNOR and WCPO. WHHM really topped the 1340 channel on 10/31, like a local here. WL0L still mush most of the time. Hope I had enough for a verie a few days ago. Good DX to all.

(All these reports on this page, and Stan Morss' on next, received Thursday)

WHAT THE CALL LETTERS MEAN? by GENE FRANCIS

WOW - Woodmen of the World.  
 KTOH - Territory of Hawaii  
 WGST - Georgia School of Technology  
 WATO - ATOm Bomb  
 WFBM - World's Foremost Beef Market.

KWKH - William K. Henderson  
 KNET - North-East Texas  
 WFMJ - William F. Maag, Jr.  
 KTRI - Sioux City Tribune  
 WCSH - Congress Square Hotel

Musings of the MembersStan Morse - R.R. #3 - Bradford, Mass.

WAAA on ET (10/23) (Winston-Salem, N.C.) 980 - off at 2:30. WDHL, Bradenton, Fla. 2:42-3:12. Glad to hear them - a tough one. WGBI on test at 3:15. CBE on regular sked 6:00 p.m. 10/26 - WBKV West Bend, Wis., 1470, QRMed by XESM badly. VENA test at 3:21 KOLS Pryor, test at 3:25 and really plugging for the NRC and its members. Seems to be a real friendly station. WSMI Litchfield, Ill. 1540, ET 3:45. WAVL at 4:00 a.m., regular sked. Verie - WOND to clean up New Jersey again, and WBIP. 10/27 - WMOD at 2:25 A.M. QRM from WBKV and XESM. KTER again on ET. Noisy this A.M. There seems to be a strong carrier on 1240 every A.M. about 5-4 here. Hashes up WEDC daily. 10/28 - Veries - my prepared card from WDOV after several follow-ups for last year's ('49) report, and WAAA.

Hal Williams - 50 Third Avenue - Seymour, Connecticut

10/17 - WOND (1400) first all-night program 3:20-4:00, now on 24 hour sked. 10/23 - WKST (1280) on the spot rescue operation for 3 noys lost in underground caverns, 2:00-2:23 a/off. 10/24 - WSFL (1600) daytime report on regular sked 12:45-1:15 p.m. 10/25 - KSTL (690) testing with TT and carrier 2:44-3:30. 10/26 - KDAL (610) on regular sked over WIP. Excellent reception 2:30-3:00. 10/27 - KBOE (740) recorded music ET 2:38-3:00 strong and clear. Reports now number 773. Six veries in the same period to make that total 547. 10/16 - WETO (930) letter for ET 10/9. S/on every A.M. at 5:00 - v/s Edwin H. Estes, Manager. 10/18 - KBIX (1490) air mail letter for f/c 9/25, v/s E. D. Edwards, C.E. 10/24 - WOND (1400) letter for first all night program, regular feature now. 10/27 - WPRO (630) nice letter-size verie card with picture of transmitter for program on regular sked and letters for f/cs from WCNU (1010) and WTWA (1240). That's all for this time except to say I have had many fine letters and cards from fellow DXers in the NRC and the NNRC. Pretty soon I'll need a private secretary to take care of all my correspondence, but no fooling, I really enjoy them and will answer all as soon as possible. Sunday, 10/29 was a red letter day here. Gene Francis of Santa Monica Calif., now in New York drove up to my home and brought Lefty Cooper and a 6'9" friend of Gene's from New York who is not yet a member, but they - Gene and Lefty - are working on him. We had a swell three-hour gabfest, exchanged some verie signers and then at 4:00 o'clock we left my home for West Hartford to visit Jeff French. Jeff and his wife and children made us feel right at home and after a 2½ hour DX gabfest and partaking of refreshments we left for Seymour, reaching here about 10:15 when the boys left me and I hope, reached New York and Brooklyn safely. We here at 50 Third Avenue enjoyed their visit and I was sure glad of the chance to go and visit Jeff at his home. I expect him down here Wednesday 11/1. What a DX bug Gene is! 73es.

Harold E. Schrock - R.R.#1 - Paxton, Ill.

Off to a rather slow start this DX season, but keep plenty busy working. I'll enter the contest anyway and enjoy DXing for it. KGLC sign off is at 1:00 a.m. with sign on announced as 6:00 a.m., local time. WGBI is also audible and signed at 1:08 a.m. Both on 910 kc/s. Few frequency checks heard - WSUI, WENC. WCAR still announced Pontiac Oct/ 7; WERC heard operating on 1260 kc/s. Got up for the Fort Clayton, Canal Zone DX Special Oct. 22. ACA was logged in QRM OK. Also same morning, heard KOAT and WORD on frequency checks and religious programs of WBBR and KUOM. WRGA also signed on at 5:30 a.m. Sunday. As to more local, WMAY, Springfield, Ill. is now operating regular sked on 970 kc/s, 1000/500 watts. Recent veries KHSL WJVA WCFG WBBC WHLS WCLD WMUR WWOC WOKO WTSA CBA CJNT. CJNT says they are the only Quebec province station using English east of Montreal. Also heard specials from KDRS and KOSE. WFTM logged on frequency check. 73s.

Bernie Duffy - 367 Maine Avenue - Staten Island 14, New York

Apparently my last week's report got sidetracked en route as 'twasn't in the 10/28 bulletin. I added the following catches and veries to my collection: 10/31 - KOSE test very loud at 4:40. (No sign of KONO). WETO with its friendly-to-DXers daily early sign on program at 5:10, KTER-ET, heard in the clear when I looked for CHUB at 3:00. And KDIA, 1010, De Ridder, Louisiana at 3:15, quite weak for a one kilowatter. Previously heard WCOG and KDRS also at 5:00. WOND and WOXY's plain letters are only new veries received. The above is my sister's address, where we're living for November, until our new home is ready for occupancy.

IF YOU CAN GET THEM, TRY TO USE COMMEMORATIVE STAMPS ON YOUR LETTERS TO STATIONS AND ALSO AS RETURN POSTAGE. OFTEN STAMP COLLECTORS AT THE STATIONS APPRECIATE THEM.

Musings of the MembersTed Weiser - 19 Fairview Avenue - Schuylkill Haven, Penna.

Just getting back in shape after the long summer vacation from the dials. Went on night shift with only 2 nights to DX so there wasn't too much summer listening. Received a Television set last July and the old radio sure had his vacation, too. Had some freak television reception with KRLD-TV, WBAP-TV, and WKY-TV, all verified by letter, with WKY-TV heard one Saturday afternoon. Also logged but no report sent to WDAF-TV, WTVJ, who is at Miami, Fla., and WTTG, Washington, D.C. Reception is good here on WFIL WPTZ & WGAL. WCAU is poor, WCBS WNBT WABD WATV WPIX & WOR are received fairly well and at times quite good. Have a Zenith console, 16-inch round tube, 2X antenna with booster and tennarotor. To get back to AM DXing, I logged the following: 6/8, WOPT 1220 kc/s. on test. 7/7 - WZOB 1250 kc/s. on ET, WJEH, 990 kc/s. on ET. 7/27 - WATC, 900 kc/s. on ET, WMPM, 1270 kc/s., on ET, WBRD, 1580 kc/s., on ET. 8/31 - WBNL, 1540 kc/s. on ET, WABB, 1480 kc/s., while on a hurricane broadcast, KJAN, 1220 kc/s., on ET. 9/1 - WREB, 930 kc/s., on ET, WBNL on 1540 with ET. 9/22 - WMOD, 1470 kc/s., on ET, WATA, 1450 kc/s., on ET. 9/24 - I took a daytime report on WJAS, 1320 kc/s., a nice signal, 8:00 to 9:00 a.m. 9/28 - WTAQ, 1300 kc/s., on ET. 9/30 - WTAQ again, WCOG, 1320 kc/s. dogged on their 5:00 a.m. program, WGET in the clear on 1450 kc/s. 6:00 to 6:30 a.m. for a nice report, CBM logged 6:30 till 7:00 a.m. for a verie. 10/1 - WJIV, 900 kc/s., Savannah, Ga. on test. Took a log on WPAT 930 kc/s. 6:30 to 7:00 a.m., nice verie lietter bank on this 2nd report. 10/2 - I got around to WQNW, 1280 kc/s., for a report on their f/c, logged XELO for a report. 10/6 - WOKY logged on their 24 hour broadcast, WDOK logged through the WVDC-WNDR mess on 1260 kc/s. from 4:07 to 4:35 a.m., WETO, 930 kc/s. logged on ET. 10/13 - KALT, 900 kc/s., on ET, CKLB, 1240 kc/s. 6:00 a.m. till 6:32 mostly on top for a nice report. 10/16 - Daytime report on WASL, 810 kc/s. 4:45 to 5:25 p.m. in the clear of WGY mostly all the way. 10/18 - Daytime report on WKAP, 1580 kc/s. a stron local here, a swell afternoon for DXing with WSFL, 1600 kc/s., on top 3:50 to 4:45 p.m., and WPEP, 1570, in the clear 4:30 to 5:00 p.m. with nice signal. 10/19 - WOND 1400 kc/s. on all night show, WWJ, 950 kc/s., also on all night show. On 10/19, stayed up to log the early-A.M. frequency check of WENT, 1340 kc/s., on 10/20, and nicely heard in front of the 1340 mess. WPGW, 1440 kc/s., on ET, WGCB, 1440 kc/s., on ET, the latter a local here. Started regular broadcast on 10/22. 10/23 - Daytime report on WEVD, 1330 kc/s., 5:30 to 6:00 p.m. 10/24 - Daytime report on WMMW who came through this afternoon, 4:45 to 5:15 p.m. mostly in the clear of WSAM who is local here on 1470 kc/s. 10/26 - KOLS, 1570 kc/s. on test, WSMI, 1540 kc/s. on ET, WBKV, 1470 kc/s., on ET. 10/27 - Terrific static this A.M. but was able to hear some of the KBUN, 1450 kc/s., f/c with a few announcements logged. Veries here are - June - WTTN KCIJ KGNB WOPT KNOM WLIL WBEL. July - WJEH WZOB. August - WDOV WMPM WGRO KMOD. September - WABB WRNY KHMO WJAS. October - WATA WCOG WONW WOKY WETO WPAT WJIV WWJ XELO CBM WSFL WPEP WENT WHHH WEVD KTHH WGCB WPGW WREB & WJER. A nice verie letter from WJAS with an EKKO stamp inclosed, about time I got around to this old timer. C. M. Manitsas of WSFL is anxious for reports. If I continue on night shift, I'll have to do some more daytime DXing to keep in shape this DX season. The bulletin is coming in here regularly on Monday afternoons. The day would be rather disappointing if it didn't arrive, for the NRC bulletin is tops with DX news and tips. So I see the need of many of us to get in our DX reports regularly.

Sid Rosenbaum - 806 Market Street - Wheeling, W. Va.

Very little to report this period due to working night turn this week. On Oct. 30, WBKV (1470) 500 w., West Bend, Wis. on ET and WMJM (1490) on f/c 4:00-4:15. Both new ones for me. On Nov. 2, heard WRVA 25th Anniversary Program, 6:00-6:30 p.m. Various members of old staff commented or told some experience in connection with first days on the air. Have notes in my log of 1925 for their very first program & a verification. As a charter listener, sent a card of congratulations. Who signs off back of WRVA at 6:30? Any member know what K has "Cisco Kid" show 5:45-6:00? The station uses CST and is on 1570. KOLS has same show at 6:00-6:15 s/off. Nov. 4, KRIS (1360) on musical ET 4:00-4:30. KENO (1460) now on 24 hours. KTRB (860) topping KONO thru 5:05 s/off. Anybody needing WPAR (1450) try for f/c 2nd Wed., 1:15-1:30. Veries in Veries in are 3 duplicates for contest - WOND WHIT & KLOU. Nov. 6, KNOM, DX, KIMO, etc. WHCC (1400) f/c 4:15-4:30. WSIP, f/c 4:20-4:30, KGRV-DX, WHIS (1440) 4:45-5:00, & s/on 5:01. Nothing heard of KRMO or KALI on DX. WSAT (1280) nicely heard till past 6:30. Read letter of Gene Allen and promised veries. That does it from here.

Musings of the MembersBob Grubbs - 12-B Defoe Hall - Columbia, Missouri

Here I am again and the DX has definitely picked up here. Veries received since the last report are as follows: Cards from WLAC WAPO WSPD WGAR & WOWO on a follow-up. Letters from WMAY WMBD WIRL WCNT & WRVA on a follow-up. Reports that have been sent out recently are WLAC WAPO KWRE WMBD WSB KLCN WMAY WCBW WOKZ WBYS, all on regular sked. Most have been on evening DXing. Then I was up the 31st of October and got KDLA (1010) on ET at 3:54, also sent a follow-up to WEDC and one to WWXL (1590) on a ET at 3:00. KDRS & KOSE were received here with their specials, but I couldn't pull KFPW out of the mud. On November 1, I fished KVLC out from under XEG on their special and got a pretty good report, considering. I almost gave up once. I heard KSPR (1470) on a TT at 3:00 but didn't send a report because of weights on my eyelids, hi! I have my S-40 working pretty good. I stopped my noise with a good ground and line filter and then hooked my antenna lead to the radiator. The antenna probably isn't the best, but I have been getting some amazing results. KFRU here in Columbia spent the week-end moving to their new quarters. They have a new building, studios, transmitter and tower. Carroll Weyrich's new log was received here and it is tops. It is the answer to a DXer's prayer. I also sent my entry in to the contest so I could join in the fun. That seems to be all from here for this time. 73s. (Would you be so kind, Bob, as to describe in detail that line filter next time? Thanks a lot-Ed.)

Ralph Johanns - 64 East Huron Street - Buffalo 3, N. Y.

KTFI (1270) v/letter and card by CE C. Marvin Hartley (Community Center Bldg.) says "Tune in Friday AM Nov. 24, 4:00-4:30 EST, we've no regular tests but usually are Friday AM." Their old call was KGIQ in 1928, Sked: 5:58 $\frac{1}{2}$  a.m. (Sunday 6:58 $\frac{1}{2}$ )-12:00 $\frac{1}{2}$  MST. KSTB (1430) R.W.Chapman, Mgr. KFMO (1240) U.S. Highway 61, O.C.Hirsch, Pres. sends a blank-letterhead (who did start that?) & a picture of the "Chat-Dumps" (that's mining refuse!). KTBC (590) Ben Hearn, C.E., no regular tests. They use a 420 and a 325 feet towers for directional nights, PO Box 717. KLUF (1490) B.E.Clough, CE, (son of Pres., 300 Haden Bldg.) opened in 1921, and used KFLX call. Transmitter is at 6002 Broadway, sked: 6:30 AM (Sunday 6:45)- 12 Mdt. CST. KDWT (1400) CE (YL) Opal Davis. 10/15 was a special test, regular f/c 5:45-6:00 CST 4th Monday, Sked: 7:00 AM-10:00 PM? CST. KLWT (1230) v/letter and card by Eugene N. Clay, ##### Engineer (11/2 he announced again). CE is E.L. Hendry, and E. Berrie is another engineer, Sked: 6:00 AM (Sunday 7:00) -Mdt. KCSB (1350) PO Box 269 (see DDD, Sunday 10/29 s/on). WHYU (1270) F.F.Clair, Station Mgr. In 1947 the 6:00 a.m. s/on for the year was by special FCC permission and now is SR:SS. (114 24th St.)(Eastern Broadcasting Corp.) WAEB 7th and Hamilton St., Martin N. Oebbecke, Tech. Dir., Directional Antenna of 5 325' towers N-S is at Mickleys (5 miles north), use 500 watts days & 1 kw. nights. Sked: 7:00-1:00 AM (Sunday 8:00-Mdt.) 11/6 - CFRE & KDLA I believe took the special DX. CKOO (1150) is 4:55 s/on. WAGA (590) 5:22 s/on. KCRV special till 5:00 a.m. with Lucky Weisman? to return at 6:30. WTCO r/c through CMEQ, Radio Continental, La Habana. WSIP r/c had KICO/c till 4:25 s/off. WTOP, 1500 all-night again with carrier. KALI-KRMO nix here. WMGM (1050) s/on Sunday 6:58 $\frac{1}{2}$ . CMBZ (830) has Cognac (oh boy!) ad. 11/4 - WMAZ (940) 5:28 $\frac{1}{2}$  s/on. WKLA (1450) must have gotten up late  $\frac{1}{2}$  hour TT/c 4:37-4:45 to return at 7:00 a.m. and WTRR/c topped the 2 pests. 11/3 - WDLB (1450) 3:01-3:30 m/c with Precision L bs. of Minneapolis (another one for you, Lefty). WOOD (1300) Red Feather program. KYW (1060) TT/m/c 2:43 $\frac{1}{2}$  etc. Who was (WATK?) on 900 with band music 2:45-3:00 s/off. 11/2 - (see DDD) WPLI (1490) f/c TT with Commercial Radio Monitor in Kansas City, Mo. WATO on 1490 again. 1240 a TTer s/off to return at 6:00 a.m. at 3:20 $\frac{3}{4}$ . KDLA (1010) Kansas, De Ridder, Louisiana, Alabama. ET/c - KVOL (1330) was 75% here. KSIJ (1430) m/c to return at 6:30. 11/1 - CKPC (1380) is still EDT and strong in AM for  $\frac{1}{2}$  hour (6:30 AM or sooner) On Sun. AM, WETO (930) m/program is strong before/after 6:00 a.m., gave PO Box 937 for "Spot a Song" (Let Me Call You Sweetheart). WOOK (1590) s/on 5:45 AM. 10/31 - (later now!) said studios in Silver Spring Md. and Washington, D.C. Glad to see Steve et al getting the coming TPs and TAs on BCB, but only Ks and Wobble-juice here (no Pat, it's not hard-cider, Miller's High Life, that Eerie stuff.) and So I can only complete in the Local contest, for Ray Edge has 2 guns all set and Seth's set is all set and that makes 'muff said. Hasta maniana.

Musings of the Members  
Don Kaskey @ Galva, Iowa

Say, you guys really missed hearing a great ball game - Ohio State 83, Iowa 21. Iowa readily shows up good against good competition, hi! Well, DXing slowed down from what it was in the first couple of weeks in October, due to poor conditions here. I have added a few though to bring my total of stations heard to 1182, and 33 veries in this week to make that total to 498. Special - 12 minutes gone of first quarter - Iowa 6, Minnesota 0. Yea, Hawks. Well, here's my DXing for last week. New stations listed only. 10/29 - KVMC (1320) Colorado City, Tex., f/c 6:15-6:43, KCRV (1350) s/ on 7:00, KCFH (1600) s/off at 7:01 p.m. 10/30 - KNEU (1450) ET 3:05-3:55, WMJM (1490) f/c 4:00-4:15. 10/31 - KOSE (860) f/c 4:30-5:00, KDLA (1010) ET all AM, WGIV (1600) regular program at 6:30, KSFA (860) f/c 6:35-6:45, and s/on at 7:15. 11/1 - KSTR (1280) ET 2:50-3:05. 11/2 - WULA (1240) f/c 4:00-4:15, KLIZ (1400) f/c 4:00-4:15, KSIJ (1430) f/c 4:45-5:00. 11/4 - KVON (1440) s/off 2:02, XESM (1470) finally heard a station break, but don't know location, any help? (Mexico D.F., Mexico, Don -Ed.) WAND (900) f/c 4:30-4:45, WTRR (1400) f/c 4:55-5:10. Those are the new stations heard. These are my other DXings: 10/29 - KBOE (740) ET 2:00-7:00, WJL (1440) all-night for Community Chest, WBKV (1470) ET 5:00. 10/30 - WKY (930) ET 1:20, WBKV & KBOE, KGIW (1450) f/c 2:00-2:15, KTER (1570) ET 2:00-4:00, KOKO (1400) ET 4:00 on, regular program. 10/31 - KDRS (1490) on DX program 4:15-5:00, and f/c 5:15-5:30, KBOE again, KENO (1460) either testing or on regular programs all night lately, (1360) DX 5:30-6:00. 11/1 - KNBY (1280) f/c 2:00-2:15, WTHI (1480) f/c 2:00-2:15, KUSD (920) f/c 2:30-3:00, KTER (1570) again, KVLG (1050) f/c 2:30-3:00, KFFA (1360) f/c 2:45-3:00, KBOE, WLBJ (1340) f/c 3:00-3:15. 11/2 - KDLA (1010) ET all A.M., KBOE, KGMF (690) f/c 4:17, KSWM (1230) f/c 6:20-6:35. 11/3 - KBOE, WOOD (1300) all A.M. for Community Chest. KVOC (1230) f/c 4:30-4:45. 11/4 - KSTR (1280) ET 1:25-2:00, KCSJ (590) f/c 2:00-2:15, KBOE, WETO (930) ET 2:15-4:00, WFKY (1490) f/c 2:30-2:45, KLZ (550) f/c 3:05, KXYZ (1320) all AM for bus strike, KDB (1490) f/c 3:00-3:15, KSIG (1450) f/c 3:15-3:30, WMGA (1400) f/c 3:30-3:45, WFUR (1570) f/c 3:45-4:00, KDON (1460) f/c 4:00-4:15, WONE (980) f/c 5:30. I missed a few checks such as 11/2, f/c heard from 4:15-4:20, after KLIZ signed off on 1400 kc/s. It was a W. 11/4 - f/c on 1340 kc/s. from 3:00-3:15, an Arkansas station sounded like KBTA, and again on 11/4 on 660 kc/s. music heard from 2:45-3:00, very faint, no announcements heard here. Veries plentiful here. Cards from: CBR WSWN WKNX WKLY WLCS WLIO WBNS KIMO CJCA KFBI KTAT KTRB WIRA KPMC. Letters from WCCO KPRL WHUB WSUN WENK KECA KSGM KIMP KEXO KTFY KGFY KYSM WJLB KWHK WJMO WLEW KCSB WIEL WTWA. That's it from here. Iowa still leading 6-0, recovered 2 Minnesota fumbles between the Iowa 10-15 yard line, whew!

Len Kruse - 817 Wilson Avenue - Dubuque, Iowa

DX has continued somewhat on the "slow-side" at this den, with but few additions to the log. Station KRMO (990) Monett, Mo. was logged for the first time with its regular schedule, and last program of the day 6:30-6:45 p.m. on 10/25. Then KBRC (1430) Mount Vernon, Wash., was caught on their 4th Thursday f/c 4:00-4:30 a.m. on 10/26. The morning of October 27th, logged two brand new stations, both on equipment tests, namely WBKV (1470) West Bend, Wis. and also KTER (1570) Terrell, Texas. The new WAAA (980) Winston-Salem, N.C. was pulled in during the regular schedule of programs 5:30-6:00 a.m. on 10/31, just several days after they started programs regularly; slight QRM was had from WRC. Station KDLA (1010) De Ridder, La., was heard on an ET on 11/2 for my first one in November. Then on 11/4 added the relatively new KENA (1450), Me-na, Ark., on its TT f/c from 6:05-6:20 a.m., topping everything on 1450. The initial ET from KMBL (1450) Junction, Texas, new 100-watter, was heard on 11/5 from 4:32-5:25 a.m., slight KOAT QRM. KMBL announced they would be on the air every morning of the week 1:00-3:00 a.m., CST with further tests, thus giving DXers a good opportunity to log them. Verifications are mighty slow, also at this den, with only recent letters coming from: WOND KRLN KAFY WJER. Does anyone have any late verie signers of KVOD WBNL WBRD or WHHH? Would appreciate same. (WBRD- John D. Miller, C.E. -Ed.)

NEW ONES ON SINCE LAST ISSUE

690 - <del>KGMF</del> - Coffeyville (10 kw.)	1240 - <del>KRXL</del> - Roseburg, Oregon
950 - W O R L - Boston, Massachusetts	1340 - <del>WJLB</del> - Hood River, Oregon
970 - KREM - Spokane (from 1340)	<del>WJLB</del> - Conway, Arkansas
1230 - <del>WCFV</del> - Clifton Forge, Virginia	1400 - <del>WJLB</del> - Hanover, New Hampshire
1240 - <del>KRXL</del> - La Sarre, Quebec	1450 - <del>KMBL</del> - Junction, Texas

LET'S HAVE THOSE REPORTS, MEMBERS. DEADLINES EVERY WEDNESDAY. LET'S HAVE YOURS!

Musings of the Members  
Eldon Addy - Box #158 - Marcus, Iowa

Guess I had better report to the Bulletin before everyone thinks I'm dead or something. No, have been doing some DXing and have added KRIZ\* KCLS WJIV\* KDMN WMOD WATH\* WETO\* KALG\* KOLS\* KALT WBIG KRMO\* WGCB KMNS KUNO\* WDOK WOND\* KDIA WBRD\* KBOE KOBK KTER WVMI KDIA KOSE KSTR WJBS so far in October and November. Starred are verified. KSTR is the new call for KSFT in Trinidad, Colo. on 1280 kc/s. Heard testing on Nov. 1. Have been hearing a TP on 1160 kc/s, and am wondering who he might be. Fades too much to get correct call. Rather busy here at the shop so don't have too much time for hobby but work should slacken up soon. Had a swell time at the Convention meeting all the old friends and especially the new ones in Ken Murphy and Relfe Luton. Both live in sdctions where there are many stations lacking in my BCB log. Veries seem very slow in coming in this season. Station WFMW, 730 kc/s., Madisonville, Ky. will be testing FM and AM first week in December so those who need him should watch for him. KOBK, 1390 kc/s., Owatonna, Minn. now on regular and heard easily here. KBOE still testing every AM and asking for reports. As yet not heard on regular.

John Brierley - 1614 Lea Court - Alameda, California

Tried for a few of the DXes with the following results: Fort Clayton blocked by Jap and Aussie, St. Pierre, not a whisper. See where they were on wrong frequency again. KDRS - blocked as almost all other 1490 stations are here. KOSE - fair signals and enough for a report. A few more reports went out, these were to CKDA KRXL KDIA & KBOE. For those who can hear the Alaskans, watch for AFRS station WVCCQ on 1400. They have been putting good signals here. By the way, if there was a "DX News" issued on October 21, I didn't get it and if it has the rules of the contest in it, I would appreciate a copy of that page. Hey Randy, how are things going down there in Leucadia? Started DXing yet? Let' hear how you are doing. (or is it my turn at writing?) Spent a half hour logging a foreign-speaking station on 995 the other night only to have them announce as "The Voice of the U.N. WMP27 and WMP56. Am slightly suspicious that it was a SW station breaking in on the BCB. If I am wrong, for gosh sakes someone let me know location, etc., if known. Guess I'll hang up the phones now - see you all later. / burgh 24.

S. W. Sullivan - Penn Monumental Works - Cemetery Memorials - 4423 Penn Av. Pitts-

In looking over my DX activities for the past month, I find that a good deal of it has been achieved in "twilight time." Reports from daylight reception are out to KOLS, 1570; WNCC, 950, now on regular sked; WTOB, 1380; WSCR 1000; WRFS, 1050, heard several evenings just before their sign-off, WMOD a semi-local, WLRP, 1570; KRMG 740; WGSV, 1270; WATM, 1580; and KIXL, 1040. I guess I should call these evening reports instead of daylight. Other reports to WDLB on regular 1st Friday f/c 3:00-3:30. WTOB on Sunday AMs at 6:00. I think I will try for a verie from the Trujillo station on 1040. Who has the QRA. Also, who has the v/signers for WBIG and WGSV? Veries in are few. Letters from WRR WJMO WERC WETO KPFA KCOL WTOB with cards from WSCR WDOE CKPC. Still stretching for the 1000 mark and need about 40 to make it. When that Cooper (Dick) makes up his mind to DX, he really goes at it. We had some sort of a private contest coming up but the way that guy is going, I think the bet should consist of a used shoestring. Thanks, Ken Murphy, for the Barra DX. Nice going. And what has happened to Relfe Luton since he got back to N.C.? Where does that guy Edge get off telling the world that there was no DX from this end? Every week he puts in a note in the News saying "No DX at Edge's." 73s.

Pat Reilley - 11 Irvine Place - Jamestown, New York

The new veries are WGSB KCSB WDOX KSTB, for 2045 log. 10/31 - KCON, 1230, Conway, Ark., on ET through KFPW's DX, a new one. Too noisy to DX. 11/1 - Who is Spaniard on 1330 with chimes, code, metronome and talk - like the 1230 one does? Seems to be Havana but KFAC gives too much QRM to catch call. Sounds like "Radio Rook" is the slogan used. 780 had unknown one on 4:07 to 4:16, no call and I quit. WHLL, 1600, on test, off 4:28 (new one). 11/2 - Noisy, one on 1330 again with Spanish. KDLA, 1010, on with ET, 3:42, heard for new one. KGEE, 690, on test 4:04 to 4:34 when I went to bed, for a new one. Say, Al Bartholomew - I finally snagged this one, one of the 5 stations in old 1930 log that I needed, but it sounded like a 50 watter here. KCSB, P.O. Box #269, Everett L. Carson is v/signer. 11/3 - WDLB, 1450, on check, 3:00 to 3:15. WOOD on all night with Chest drive. Unknown TT on 1390, 3:30 to after 4:00, no voice used at all. WONE, 980, on test at 4:03. 11/4 - KBTA, 1340, on f/c, heard 2:56 to 3:10, for a new one. KXYZ said that the people are walking because of bus strike. WETO at 3:18 on 930. Funny today, WWSW CKEY WJBK WJR, etc. weren't heard at all. The southern and western stations to southwest were good. Still trying to decipher the Spanish station on 1330, no call heard yet - plenty of dope but all I hear is "Radio Rook" or "Roque", and roque means in Spanish 'rook,' as in chess. 11/5 - WBEX on f/c as in list. KVOO, 1170, 3:21 with "Sleep-Walker's" program and WWVA testing same time. KGFF, 1450, on test at 3:35. KRIS, 1360, on test at 4:10. Noisy today. New KENO comes in like a ton of coal into the cellar. Have had a bad CW harmonic on 1300 past several days. KSTB, Miller Bldg., R.W. Chapman, G.M. is the signer. 11/6 - Still have a bad buzzing below 900 kc/s. on the set. Night off, slept in chair, woke up at 3:40 and then went DXing. KIMO heard on NNRC DX at 3:42. KALI could not be heard here but did pick up KICO on their f/c at 4:08 until WSIP came on at 4:17 with their f/c. WIEL, 1400, on f/c, 3:50 to 4:01½. WHCC, 1400, on f/c at 4:20. Very noisy and 36° here today. I'd like to ask Don Kaskey how he gets all those reports written to all the new ones he hears. That is a job unless you spend all spare time at it. Glad to see Steve Marm back at BCB DX again. Have missed you at conventions lately. What became of the rest of the Cleveland gang - Jack, Bob Elmer and Stan. By the way/Dick Cooper is going, he is after that steak dinner at next convention. Also glad to see that Relfe Luton has rested up after convention trip and back in harness again.

Dick Cooper - Box #223 - Kittanning, Pennsylvania

Letter verie from WMPM, heard on f/c as per previous bulletin. Friendly letters from WPTR by W. Russell David, Sr., WEAS by William H. Heller who is also GE at WJIV. WTWA by E. W. Williams, Jr., WIEL by Tom Baldwin, C.E. who is answering old reports. Letters also from WHYU KOSE KTER and cards from WFKY WFGN & WXRF. Thanks to info/ from Johans, a follow-up brought prompt answer from WITA and a nice letter in longhand. Says he had answered my first report but it must have gone astray. Would like signer now for WAEL. WXRF sent a pretty picture postcard with verification printed on reverse. WPLA, Plant City, Fla., is latest DX on 1570 during twilight. Heard them at 5:33 s/off. KRMO didn't show as per DX Calendar and KCRV was a half-hour late. KMMO was on from 5:00-5:30 and KIMO was on from 3:00 to 3:30. Heard very little of what probably was KALI because of terrific noise level. Heard WSAT acknowledge a report from Gene Allen and said they wondered if they might be getting into the Kremlin if they got to California so well. The announcer continued that if he though a certain Russian was listening he would ask all the other listeners to turn off their radios and he would tell the Russian a few things. KDON testng irregularly of late and KENO on 1460 late, maybe all night. WGRY last new one added but I misplaced my notes on him and don't recall the date. I've gained 50 stations in my frantic efforts to catch up with Lefty. Once upon a time I was about 50 ahead of him, but trail him approximately 350 now. Local power company man located three old-type tungsten light bulbs in house across the street from me that was rasing heck with television. I bought the lady a half dozen new bulbs and have the old ones as souvenirs. Maybe this will help on radio QRN, too. I understand Carroll Seth is turning back to DX as a consolation for the Notre Dame defeats. Looks like they have a fifth column at work in the Notre Dame ranks. Wondering when Buffalo Bull is gonna run out?

-----  
ARE YOU ENJOYING READING THESE REPORTS? "DX NEWS" WOULD BE EVEN BETTER IF YOUR REPORT WERE ALSO INCLUDED. LET'S SEE ALL THE MEMBERS' MUSINGS IN "DX NEWS!"

Musings of the MembersFred Van Voorhees - Box #132 - Lemoyne, Pennsylvania

Since my last report to the club, have reported the following stations: 9/18 - WELS on test, 9/20 - HI3T on regular schedule. 9/24 - XEHL on regular schedule. KTRM, ditto, and KFTV on equipment test. 9/25 - WVFO on regular late PM schedule; CMBZ on all-night program, and WVOK on test. 10/22 - Fort Clayton heard through S-9 carrier, and very hard to get here. Finally 10/23 KBOE on equipment test. Recent veries are from WAMS WEEU WVFO CMBQ KGLU WJPF WTCN CMBZ WVOK. Nice letter from CMEX, not a verie, but apologizing for not sending a verie two years ago. Says all logs are now destroyed making it impossible to issue veries. Says try again and will verify. Week-day schedule is 9:00 AM-2:00 AM, Sunday 9:00 AM-11:55 p.m. on 1480 kc/s. In spite of this long letter explaining way he couldn't verify the old report, he still enclosed a verie card. Should I count it? Heard and reported Norm Maguire a couple of weeks ago. Was good to hear his voice. It was even recognizable.

Bernie Duffy - 367 Maine Avenue - Staten Island 14, N.Y.

Acting on Lefty's tips I added the following stations: WTOB weakly at its daily s/ off at 1:05, WEBK topping MEMC and WWXL at its daily s/on at 5:30, and WAAA in the clear, also at its daily s/on at 5:30. Was very disappointed to find atmospheric conditions bad 11/6 just about blanking out the many specials from Missouri stations. Except that an extremely weak signal that I heard playing "Sweet & Lovely" at 2:52 on 1220 kc/s. might have been KNCM (whom I reported to, tentatively). I couldn't hear anything of the others. Strange to say, Mexicans and WWPB were very loud, though. As for veries, I got letters from KELO & WVOT and a plain typed postal from WETO. The bulletin is getting better and better.

Barry Foote - 273 North Avenue - Weston 93, Massachusetts

Got the "bugs" chased out of my NC-33 this week. The receiver works very nicely now. After it came back, I discovered a buzzing noise on bands C and D (.5 and 4/2 mgs.) It was intermittent and was hard to find. Everything pointed to receiver trouble, but I happened to turn off my lamp over my set and the noise stopped. The lamp had a faulty socket. Many of the kids in school have been quite interested in my DXing. One of the boys is interested in BCB DXing and he says he may join the NRC after he gets a new radio. Here's my activities of the past week up till now. The starred are new stations. 10/27 - WSB 7:00 p.m., WGBI\* 8:00-8:15, CBO\* 8:30, CHML 9:00, WENR 9:30. 10/28 - WCCO s/off 2:05 a.m., WWSW 2:30. 10/29 - WJLL\* s/off after TT 67:00, s/ons of WKBS 6:57, WNAV\* 7:03, WRBL 7:07, WLNA\* 7:30, WSFL 7:59, WOOK 8:00 and heard WWRL 8:24. 11/3 - WPAT 6:35 p.m., WHP\* 7:00-7:15 $\frac{1}{2}$ . 11/4 - Verie from WDEV. WLOW 3:53 a.m., WAND\* s/off 4:45, WISR\* 4:48-5:00 testing with tone, KABC\* TT 4:45-s/off at 5:00, WAPA\*, my best catch so far with my new set, San Juan, P.R. 680, s/on 5:00. WAVL\* 5:15 $\frac{1}{2}$ -5:23, WPTF\* 5:30, WJMO\* TT with tone 5:39-5:42, XERF, 5:48-6:00. S/on of WGAN\* 6:00, WARA\* 6:20-6:24, s/ons of WKNE 7:00, WRFB\* 7:01. 11/5 - WBGR\* 7:00-7:08 $\frac{1}{2}$ , WEEB 7:00-7:04. That's all from here for now. 73s and good DXing to you all.

Peg Callahan - 1118 Callahan Drive - Des Moines, Iowa

Back again, ready to start a good DX season. These last few weeks have been very busy. This is the time of the term when the Profs. can sit back and laugh at (thier) their stupid pupils. Here goes with the catches; Reports out to KGBX, 1260, logged 10/25/50, WJPF, 1340, 10/29; 10/21 - KGLC, 910; KOLT 1320, KBOE 740. 10/23 - WATH 1540, KGBX, 1260; KSCB 1270; 10/27 - KAMQ 1010; WNAS 840; 10/31 - KFP# 1230, KDRS, 1490; KOSE 860; WROL, 620, KNUZ 1230, KDLA 1010. Veries have been received from letter from WMBD, card from WATH. Got to run along now and start glueing my eye-balls to the pages of my books. Good luck and 73s.

Lefty Cooper - 438 East 21 Street - Brooklyn 26, N.Y.

Veries in from WTOB (plain ruled paper) & WBRD, and dat's all, hi. It is always a thrill to tune in a new station on its first ET, but when you've been chasing an old one for 18 years, and bag it at last, it is even a bigger thrill. That happened to me 11/6 when I caught KGGF, 690, testing. Also that AM I got 3 for 2nd tries - WELR WCBA & WABG when I looked for 6 AM s/on of WRFC on 960. WABG was way out on top! 11/6, Mo. DXes too plentiful & scattered, so tried for KRMO, nil, so went back in sack till KMMO's, which was weak, but in here. 11/8 - WBOC on Election returns. 73es.

MORE ON DX CONTESTS.

LISTING FOR DOMESTIC CONTESTS WILL BE IN SECOND BULLETIN OF THE MONTH - FIRST ONE ON 12/9. FOREIGN WILL BE IN FOURTH OF MONTH, FIRST ON 12/23. PLEASE LIST THUSLY FOR RED: CALL - AREA NAME - # IN AREA - REG. OR DX. (DX)- CALL- SPECIAL\* POWER-DISTANCE

Here is the front page that should have been in last week. It does contain some addresses that might be of help so we are sending it out altho it will be too late for the specials listed.

Canadian stamps are again available at RD 1, North Girard, Pa. We are starting with this issue to use up some old front pages we have on hand. Ignore the DD the Dial address and send your reports to Ray B. Edge, 325 Shirley Ave, Buffalo, 15, N.Y. Remember, Thanksgiving on the 23rd so deadline at Rays will be Wednesday the 22nd.

Volume 18 - Number 8 - Our 18th Year - November 11, 1950  
GLAD TO BE BACK

"Well, after a number of years' absense from the NRC, during which I tuned short wave only, it is nice to be back with the old gang again."

- Steve Mann, Westbury, L.I., N.Y.

DON'T FORGET WE'RE STILL IN THE MARKET FOR YOUR REPORTS. PLEASE DON'T FORGET THAT YOUR REPORT IS OF INTEREST TO THE OTHER MEMBERS. DEADLINES ARE EVERY WEDNESDAY.

Hit of the third day unquestionably was Joe Brauner in his bandsman uniform. We didn't know they came that big.

Lefty and Bob Spencer, at the Fireman's Picnic at Clarence Center, rushed to the ham sandwich counter. Lefty nearly croaked when he found they were covered with mustard.

In spite of the fact that it was powerful cold there in Clarence Center, and the air damp and clammy, the 5¢ beer counter was stamped by all.

Carroll Seth told us he was expecting a Japanese radio. All well and good, but how the heck will he understand it? Maybe the "JOAK" will be on us.

Ken said that WTSR, Brattleboro, Vermont, is not particularly interested in receiving DX reports. We could fill a whole issue with stations like that, Ken!

We all loved the Edges and the Brauners for the wonderful way they treated us DXers, and memories of the 1950 convention will linger with us through the years.

We found another pair or two of look-alikes. How's these? Joe Brauner and Joe Besser; and Carroll Seth and Arnold Stang. Don't shoot, boys.

The only thing we concluded, after the convention was over and that is this one fact. Anyone who says DXers aren't crazy - is crazy!

And so, Dick and others, we put Buffalo Bull away until this same time next year.

FRANCIS PRANCES WITH LEFTY IN STATION WAGON

October 29 was the day, and Gene invited Lefty to drive with him to Connecticut to visit our members, Hal Williams and Jeff French. It was the earliest Lefty had been up on a Sunday in years.

We picked up a friend of Gene's in the Bronx who made the trip with the DXers. By the end of the long day, he was a DXer - by ear, anyway.

We went by way of the Merritt Parkway. Gene said it was surely a wonderful road, but it just didn't "merit" all those tolls we had to pay along the route.

We arrived in mountainous Seymour, at Hal's house, just in time for dinner. What timing these hungry guys are blessed with, eh, Hal?

Gene DXed all the Conn. daytime stations, and as soon as he finished, the three took Hal along to West Hartford. you see, he knew the way.

Arriving in that town, we got lost, but a local gens-d'armes guided us on our way.

We did it again - arrived at Jeff's just in time for chow. Uncanny, isn't it?

Jeff's two sons looked at Gene's friend and said, "Gee, you're big!" And the lad was right - the fellow is 6'9" tall! He is so tall to tune the long waves, he has to do it on the short waves.

We all had veries to exhibit, and exhibit them we did. As usual, verie-signers were copied down, and oos and aaahs were exchanged at the better ones.

That Francis fellow did some more DXing at West Hartford, while others looked at veries and watched Jeff's TV set.

Jeff and Hal treated us swell, as did their wives and children. Such hospitality is the rule with all DXers and their families, it seems.

portholes in the wagon

All the way back, puns and weird jokes stenchd up the air so that we opened the /
