FOREIGN DX ADDRESSES

- O A X 4 U - J. Antonio Umbert F., Director-Gerente, "Radio America", Casilla 1192 - Lima, Peru. Send an International Reply Coupon.
- Y V Q J & Y V Q B) - Send reports to both stations to: Luis Moreno Ramos, Director-Gerente, "Emisoras Unidas", Apartado 27, Barcelona, Venezuela. Hold your YVQJ reports one day for YVQB's program & send a comparative report! Send an IRE.
- C P 3 - We don't have signer's name. Address "Radio Nacional" - Casilla 596 - La Paz, Bolivia. Also an I.R.C. should be included.
- H J F M - Envelope gives one frequency, letterhead another, and official listing a third! Take your choice. Jose Manuel Toro Esbaverri, Gerente, "La Voz de Armenia" - Carrera 13, #19-23, Armenia, Colombia. Send the usual IRC.

OUR OWN DXES AND TESTS

- K G I B - Officials & members of local Amateur Radio Club will be on hand, also attempting to get the Mayor of Bremerton, the Civilian Defense Co-ordinator and other civic officials to be on the program. Should have a clear channel and be a wow of a program. Information from Harold Stein.
- W P I N - Program will be as follows: 3:00-4:00, carrier with intermittent voice, TT and music modulation. 4:00-4:30, Tape recording of variety of music, with identification made after each number. 4:30-6:00, Carrier with intermittent voice, tone, music. Route 1, Box 68, Clearwater. Info, E. Addy.
- K N E W - This will be KNEW's first DX on their new frequency and with their new 5,000 watt transmitter. Always a great friend to the DXer, KNEW will be hoping for your reports. You might compare them with their signal on the old 1,000 watt, 1430 kc/s. rig. Arranged by Clarence Lee Mustoe.
- W W W F - Mr. Donald Moore, formerly of Cleveland, will be on hand as will Orval A. Herman, to whom the reports should go. He's from Hampton, Iowa. This'll be an equipment and maintenance test, on what should be a clear channel, affording all an equal opportunity of logging this new station. E. Addy.

Musings of the MembersHal Williams - 50 Third Avenue - Seymour, Connecticut

Here are 14 additions to my reported log since last report, so if this is a criterion for 1951, I'll need a secretary to get my reports out. 2 nights off this week gave me more time and less \$\$\$ for DXing. Inventory shut-down. 12/31 - WALB (1590) TT-f/c 2:00-2:15 as per f/c list. No music used. 1/1 - WWCO (1240) finally sent a report to this semi-local. WRAW (1340) TT-f/c 5:00-5:15 as per list. WKOP (1360) s/on regular sked 5:30 (ex-750 kc/s.) WWBZ (1360) s/on regular 6:00 over WKOP-WSAI. 1/2 - WORA (1150) TT-f/c 1:00-1:15 through WCOP music test. WGBS (710) 2:53 to 3:00 s/off (WOR silent.) 1/3 - Send third report to WHOK (1320) TT-f/c 2:00-2:15, also 2nd report to WINZ (940) show from Art Mooney's Club 2:30-3:00 s/off and at 4:15, a real surprise, KIT (1280) booming in here like a local with a DX-f/c and a big plug for the NRC and members in New Zealand. **Best reception yet from PST zone. I shall be watching "DX News" to see how many NRCers in the east heard them. If you heard them, please send them a thank-you note if you have them verified or a good report if you need them. In either case, be sure to express thanks for the NRD plug. These fellows help to keep the NRC on top where it belongs.** 1/4 - WGRC (790) f/c, carrier only, breaks only every 3 minutes 4:00-4:15 (ex-1400). KSIJ (1430) recorded music f/c 4:45-5:00 as per list. 1/5 - KCOL (1410) NNRC DX 3:45-4:15 in with a fine signal. WHUC (1230) TT-f/c over WITH-WNOR QRM, 5:45-6:00. 1/6 - No sign of KWOR (1490) or KRDO (1240) on DX. Both needed, too. WJBK spoiled all hope of KWOR while WEDC took care of KRDO until 4:00, then WHAI musical check on the last 15 minutes. WJMO (1540) TT-f/c 5:30-5:45 as per list. WLBR (1270) TT-f/c 5:50-5:59 and s/on regular sked at 6:00. Reports now 831 for 2 years and 3 days of DXing. Veries did not slow up here all week until Friday when 3 came in to make my verified total 598. WKOP (1360) new QSL card is red blue and black on white background. **Different** from QSL card used last year on 750 kc/s, and letter from WWBZ (1360) and WALA (1410) I found I had neglected to order more NRC forms so sent the last 6 reports out on plain stationery, and I sent an order to Wagner for 200 more forms. **To me they have been far excellence" bringing in a much better percentage of veries than I got before using them. I send NRC forms and NNRC seals on the envelopes and I like the results I see.** That Mexican XETK did not show here as re-scheduled. KCBC did not s/off at 3:00. They were on after 3:15 in the clear. Tuned to 1390 again after 3:30 and found KCBC off. Probably s/off at 3:30, but no sign of XETK. Waited until after 4:00 but no luck. Must sign and get this in the mail. Snow and sleet here, Sunday, 2:00 PM.

Warren Routzahn - 231 South West Street - York, Pa.

Since last report I logged WJEH KWCO KRVN WRCO WOKY YINW WCBA KTOE KSTR WAND CMCB. Veries in from WOND WRHC KING KOPP KWCO WJEH WTWN KRVN KNEA CJOC WCBA. WJEH on NRC DX and KWCO regular or test Dec. 16, 4-5 AM. Dec. 22, WRCO on 4th Friday f/c 3:00-3:30 and reported all-nighter WOKY. Dec. 24, YINW very good on DX which ran until after 5:00 but 4VGM apparently wasn't on, or at least nothing here. Jan. 2, WLIL on f/c as per list, WCBA on and used tone with calls in CW only. Jan. 3, KDMS didn't show on f/c, KTOE on till after 4:00 apparently testing, WDSU testing to 3:54, KIT f/c dedicated to NRC 4:15-4:30 at request of Ken Mackay. **KSTR cut into it with a brief test, seemed ended at 4:26.** Jan. 4, WGRO, too much QRM from WNDR and WWDC if they were on f/c. WASK had f/d 2:55-3:10, may be regular first Thursday. KIOX on 3:00 past 3:30, seemed like a regular program. Jan. 6, WPRP on all AM, probably some special event. WAND f/c clear 4:30-4:45. Copied CMCB but seemed to be all news events and probably won't answer anyway. That's all from here. Will be off DX a couple of days again, then hope to settle down. Just too many things going on around here this winter.

Hal Wagner - R.D. #1 - North Girard, Pennsylvania

Last night I fooled around with aeriels and got the right combination. Vigra was S-9 on top of 630. My low band from 1240 down is out of alignment and pretty weak, but Stavanger was S-7. Seemed to be Italy on 1034 with S-5. Static kept building up all morning. Only good BBC was the one on 1214 with re-broadcast of Australian cricket game. Was S-7 at 3:00 s/off and was still S-4 at 4:00 s/on. Listened for 40 minutes to one on 1223 but no announcement of any kind. **One on 657 heard from 2 till fade-out & another after 4 s/on, seemed to be Italian again.** Lots others heard, too numerous to mention. One on 657 still coming in at 4:45. Thought it KFRB 660 but static too rough. TP (probably) on 650. Thought I had KFRB on 1290 but it was KITO hetrodynded at times. KENO keeps fooling me - very weak here.

Musings of the MembersWilliam Harris - Atlanta, Georgia

This is my first letter to the club although I have been a member of the club for several years and sent in reports before I went off to college. Since I started college I have let my radio cool off and that has been a long time. I am now a senior in college and I sure am rusty at twisting the old knobs. Toward the end of last quarter I decided to see what I could find on the dial one afternoon. I picked up a few stations, but nothing to brag about. I received WNOE on 1060, WJBO on 1150, WOAI on 1200, KMOX on 1120, WLBB on 1100 and plenty of noise which I didn't count. I have found out that an engineering school is no place to sit up at night listening to the radio for DXing purposes. If you find a station that offers quiet music you might listen to it while studying. Another thing that might keep me from much DXing is the radio I have here at school. It is an Emerson table model radio with an antenna strung around the room. I started to volunteer to take care of the f/cs but I am not sure where I will be after June. I graduate and receive a Reserve Commission in the Navy and at the way things stand now, I may be taking post-graduate work at the University of North Korea along with some other members of the NRC. I haven't done much to improve the club or help out in the middle of the numerous services that it offers to us members. I wrote Harold Wagner that I would volunteer to count ballots in the elections in April. You might pass that word along to the rest of the members if he decides to use my services. One part of "DX News" that I have thoroughly enjoyed this fall has been the meanings of the different call letters. Here are a couple that I know. WSB - Welcome South, Brother. WCST - Georgia School of Technology; WHCC is Waynesville, Hazelwood, Canton and Clyde; WHKP is Where the Heavens Kiss the Peaks. That runs out the ticker tape for now, 73s.

Pat Reilly - 11 Irvine Place - Jamestown, New York

New veries back are XEBU WTNT KCLX CFOR KRIB WTPR CMHQ CMHB. 12/31 - WJOC is now on 18 hours daily, as of today, 6:00 AM - Midnight, with Mutual chain. KPHN, 1320, at 2:39. KMED, 1440, with Ben Lamont and news at 3:10. KCOL, 1410, with a young lady announcer at 3:15. XEAO, 910, signed off at 4:00. 1/1 - Too many on to DX. WVAM, 1430, till 4:00 for new one. Lots of Cubans today after 3:30, with same program on 780 880 890 910. WOKZ, 740, at 4:30. KNAK, 1280, all night. Unknown Spanish on 1350 in back of XEQK. WJOC, 1340, on until 2:00. 1/2 - No DX today, all-night company that never wants to go home - worse than a flock of DXers who do not run out of words. XEBU, La Voz de Chihuahua, Chih., Mexico, Apartado 220. They will go to 620 kc/s. with 1,000 watts in near future and for Ralphie, "el telefono numero es 151." WTNT by Chaffes L. Clifton, CE, Hotel Floridan. F/c us 3rd Tues. 3:40 AM. KRIB by Larry A. Lawson, CE, f/c 2nd & 4th Wed., 3:30-4:00. KCLX by Bert McAllister, General Manager. F/c on first Monday, 3:30-3:45. CFOR by Gordon E. Smith, Manager, and 1000 watts soon. The verie I didn't want is from USTED in Buffalo, N.Y. In case you don't understand what USTED is, it is your income tax blank. 1/3 - WTCO, 1150, off f/c at 3:10. WENC, 1240, f/c at 3:20. KTOE, 1420, at 3:40 to after 4:00 with Discapade program. WVNJ, 620, test at 4:07. WILM, 1450, test at 4:12. KDON, 1460, TT through KENO at 4:26. Noisy today. 1/4 - WUSJ on f/c, 1340, per list first time heard. KRDO, 1240, f/c per list. Believe KROG was on f/c on 1450 till 3:40 for San Francisco. WABI, 910, test at 4:04. Unknown TT on 1490 at 4:10 with WJBK and a third on f/c but none listed in list. 490 and hard rain here. 1/5 - WDLB, 1450, 3:17 to 3:30, f/c. CKNW at 3:35. WGR had nice harmonic on 1100 bothered by KJBS. KCOL, 3:46 to 4:15 s/off on DX, then to bed because of a bad cold. 1/6 - Wife made me take my "coughing" to bed, no DXing. WTPR, Box 240, C.W. Jones, CE, verified my report by writing over it as being correct and sent it back to me. A poor one but still a verie. CMHQ on a XMQ network card and the call checked in ink. CMHB, Cervantes Num. 3, Altos, Apartado 85, by Ramon Romes Paltre, v/signer. 1/7 - WBEX, 1490, f/c at 3:15. WTAW, 1150, ET at 3:55. Too noisy to list long & to be

Stan Morse - Bradford, Massachusetts

12/27 - WFIL test, 2:17. WLET ET on 1420, 2:45 AM. TAs really good for first time. Really good S-5 and better from French 1240 and British, 1150, plus several German speakers. Beautiful verie from CB-106, also a pennant. KWGO and KPOC also verified 1/2/51 - Union Radio Network on to 4:00 A.M., 880 890 910 1350 kc/s. Verie, WIAU.

REMEMBER THIS -

For the February 3 issue only, Ray B. Edge will receive your reports and type all the stencils. His deadline, probably Thursday, February 1. Don't forget!

Musings of the MembersDon Kaskey - Galva, Iowa

DX picking up a little despite loud buzzing noise from 900 kc/s. up. Therefore most of my DX is being done on low end. On 12/31 I celebrated my first complete year of DXing by adding my 1299th, 1300th and 1301st stations, CMCF (910) finally heard call in English at s/on, 6:00; WARL (780) #1300 heard at s/on 7:15 "OK" until 7:30 s/on of WBBO. KRCT (650) OK 7:45-8. Also heard these but now new for me: WJHP (1320) on all-night stand; KFRM (550) s/on 6:56; WKAX (900) s/on 7:47½, KALT (900) s/on 8:15, KBRL (1450) s/on, all received reports. 1/1 I started the New Year rather slowly. Plenty of opportunity to log some new ones but buzz was terrible and dampened my spirits (?). Only new ones were KLIJ (1340) s/off 4:05½ after New Years programs & CKEY (580) 5:00-5:30. CKEY has been topping KMJ the last week, as the north is coming in good. Also heard but not needed were WVOK (690) ET 1:47-1:55; KRLC (1350) good until s/off 5:00; KEIO (1440) s/off 4:50, WMIN (1400) s/off 6:00, KYOU (1450) s/off 4:00; CJCA (930) s/off 4:00, CFRA (560), KOIL (1290) KGB (1360) KVOG (1490) KNAK (1280) went all night. 1/3- New ones added were WMAN (1400) on f/c 2:30-2:45; KBMW (1450) f/c 2:30-3:00 and KANE (1240) f/c 4:15-4:30. Others heard: KFBC s/off 1:44, KEXO (1230) KYSM (1230) s/off 2:00; KREL (1400) s/off 2:04, KRDO (1240) s/off 2:06, KCLF (1400) s/off 2:07, KTYL (1310) s/off 2:07½, KLIJ (1400) ET 2:10, KNBY (1280) f/c 2-2:15, KODY (1240) 2:15-2:30, WTCM (1400) f/c 2:45-3, KIJV (1340) f/c 3:15-3:30, KTOE (1420) ET 3:15-4:30, WIGM (1490) f/c 3:30-4, WILJ (1400) f/c 3:52, KVM (570) ET 4-4:08, KBZY (1490) f/c 4-4:30, KIT (1280), KOVC (1490) f/c 4:30-4:45 when I hit the hay. 1/4 - KOIN (970) added for a new one topping that kilocycle from 1-2 with a weak signal, where was WWSW? Sounded like they weren't on. Others all ready logged but heard again: KLER (970) s/off daily 2:05, WPLI (1490) f/c 2:20-2:35, WIBR (1220) f/c 2:30-2:45, KYA (1260) topping others all night, KUBC (1240) f/c 3:00 3:15, WJOI (1340) f/c 3-3:15, KSFO (560) s/off 3:15, KUOM (770) ET, s/off 3:17, KOWB (1340) f/c 3:15-3:30. 1/6, the best night of the new year saw me log 7 new ones, much to my surprise. They were KXL (750) heard from 2:28-4:08, with weak but clear signal for #10 in Oregon. KGU (760) heard very weak & fady but enough copied 3:13-3:20, WJR off till 4:30, WVNJ (620) heard with clear, non-fading signal from 3:25-4 s/off, WHJB (620) heard with f/c 3:30-3:45 while listening to WVNJ. A Mexican on 990 from 3:55-4:05, missed exact call but gave location as Monterey. Anybody know who it is? (XET -Ed.) Also Dauphin, Man. on 1230, sounded like CJNT but don't know if it's right, what are the exact calls? (CKDM -Ed.) They were ETing from 4:20-4:25, WISR (680) f/c through KABC 4:45-5, tone was mighty/ good for a 250 watter in Pa. North was barreling in today. Other old ones heard were KCBS (740) barreling in till 3 s/pff, WSB (ET)(750) 1:43, KLIJ (1340) topping kc/s. until 2 s/off. KVAN (910) over KALL 2:55-3, KGER (1390) way over KCBC at s/off at 3, KXOC (1150) topping kc/s. at 3:01 s/off, KFJI usually tops 1150 at night. KWOR (1490) heard on DX with TT & music 3-3:30, CHVL (900) 3:15 on, CKXL (1140) easily over WRVA 4:40-4:50, then WRVA back again. KABC (680) ET TT 4:30-5 almost medded up WISR for me. Say, someone on 900 5:00 on with music. Was this CJBR or someone testing? They came in 'OK' here. There seems to be some on 900 always at night but no identification is given. Log Reads 1314 stations heard, 695 verified. Varies in this week see 22 new ones and 1 duplicate. Cards from WHKC & WKOP are of the same make, also cards from CJVI KOCA KPOA WPIC & KRCT. Letters received from KWHI KXPA after 3 tries. CE says glad he didn't answer my first 2 reports as it gave him a better idea of his consistant coverage on KXRA's f/cs. Yeah, but how about my dough? Also WREV for ET 10/18, WIS KOAT after 3 tries, KLIF after 3 tries, WLOS KCLF after 4 tries, WIRC WNOE after 3 tries, KFPW WLEX KSNY KMYR plus QSL card, KFDW, and a duplicate from KXLQ. The swell list of DXes is sure welcome here. Diin't hear WPGW on Dec. 31, but aim to get the many DXes in January. In signing off will say something about basketball. Watch Iowa University - they're up and coming. Also we took a 66-30 beating on Jan. 2. I guess we celebrated too much. We recuperated on Jan. 6 to beat the loop leaders 49-45 in an overtime with 3 of our first team fouled out, including me, hi. You can't top Basketball for upsets. This is the second time we've beaten this team who are or were leading the conference. Our record is 8 wins, 6 losses. Best of DX to all.

REMEMBER OUR DX PROGRAMS

And don't fail to listen for them, and to send in good reports with return postage. If you can't tune for any station, or if you do and fail to hear them, then don't forget a wonderful gesture to the station is a card of thanks.

Musings of the Members
Relfe Luton - Route #1 - Elizabeth City, North Carolina

To start the New Year with a bang, a little DXer was born here January 1st. Albert Len. (Len after one Iowa DXer!) Was first baby born in Pasquotank County in '51. Won the WGAI Baby Contest and several very nice and useful gifts, plus a 10-minute salute from WGAI. DX slow here since start of holidays, but hope to get started again soon. Veries in since Dec. 1: WCKY KPOA CFNB KFVD 4QG KCVR CFRB KICD WIND WICC KCMO WSIR WPIC KXOL cards; KCIJ WELS WKST WDGY WCAR WCLI KOAT WWBZ WHCC KJBS KOPP-DX KQV WOI CHUB WHIZ KARY WJEH-DX WTWN-DX KVRS KDAL OFOR WCMB-DX, letters. Non-English speaker on 790 kc/s. after 4:30 a.m. fights with 4QG. 4YA, 780 kc/s. good for few minutes 1/6 at 5:00 a.m. when noise let up briefly. Still looking for that first one from Alaska. Hope to verify all states twice for contest. To Derek, out Chicago way, many thanks for the information. Say, Dick Cooper, got any more good jokes? Every time I see wrestling on TV, I think about you. Speaking of TV - how does one view the screen until midnight and then get up at 2:00 a.m. for a DX session? Don't forget the WGAI DX Monday, January 29, 5:00-30 a.m. 73s.

Hal Stein - 432 Sutter Street - San Francisco 8, Calif.

Well, another year is passed and 1950 is but a memory. I hope that it held pleasant times for all of you and that 1951 will bring peace and happiness to you all. Now to work. Hold your hats, fellows, the dam's burst. Well, last week I told you about the two questions I had. I guess you know, as I do only too well, the answer to the first - Michigan won the Rose Bowl Game. As for the second, DX here has been erratic. It is good one day and poor the next. However, the noise level of static has been constantly relatively high. The following were heard during the last week. Reports out to: CMCF WNAX CFRB WKJB KCBC KOAT KFDA WTOP KITO CMBC CMBZ KGMB WIAC WDBO WOWO CMCY WAGA XEON WREC WKBN CMBF KENO CMCK WACO KRUX KBYM KSON 2YC KPQ and finally WQAM. Yep, in the Christmas two weeks' vacation from school I picked up 51 new additions to my log. Veries received were from: CMHQ KAMQ KFUO WBAY WPTF WRVA WLKD WROL & WBAY. WBAY was very nice. I heard them through 3X QRM for about 5 minutes but they still verified me. WRVA sent me one of the nicest personal letter veries I've ever received. (Lefty, sorry report is long and that you have to type it all, but I probably won't be writing in for several weeks due to finals - OK?)(OK! -Ed.) I think last week I left off at Dec. 20, 1950. If I repeat, then please excuse. 12/23 - WKBN at 6:05 and WREC at 6:15 s/on. 12/24 - Lots of QRM. XEON at 6:20 and CMCY at 6:53 with QSA-2 R-5. I really hoped to get some SAs on 12/25 but no luck. CMBZ with QSA 3 R6 at 4:13 a.m., XEON again at 4:22, CMBC on 680 kc/s. at 4:45 with QSA 3 R5, KGMB at 5:00 a.m. with QSA 3 R6, WIAC at 5:30 with QSA 2 R5. WDBO heard at same time. Anyone an idea on the unknown Spanish on 1190? Heard with QSA 2 R 4 at 5:52, and at same time WOWO with 6:00 a.m. s/on. With KXRX off the air it was easy to log WTOP with 4/7 at 6:16 a.m. Ended up with unknown Spanish on 1300 kc/s. at 6:50 with QSA3 R7. 12/27 was poor. KRUX on all night at 6:24 and KFDA at 7:00 a.m. 12/28 - 3:50 a.m. KOAT with music program. KCBC with all night at 4:05. KENO at 4:40, KGB TT at 5:05 a.m., WKJB on 710 kc/s. with QSA3 R6 from 5:10 to 5:35 a.m. Finished with CFRB at 6:10 a.m. 12/29 - WNAX at 6:30 s/on, CMCF at 6:40 a.m. and CMBF at 6:55 a.m. 7:09 a.m. brought CMCK with QSA3 R6 and finally WACO at 7:23 a.m. Last listening session was on 1/2 - 4:52 a.m., KBYM per f/c list using tone, till 5:00 a.m. At same KSON all nighter. 2YC put in fair signal on 650 kc/s. at 5:18 a.m. 5:38 a.m. to 5:50, KPQ on f/c using transcribed Veteran program. Changed from directional to non-directional around 5:45 a.m. WQAM at 5:55 s/on. Can some one help me here? Does WGAN s/on at the same time and follow immediately with news summary? Heard --AN underneath WQAM. WCBA at 6:17 a.m. with QSA 2 R4, 1540 kc/s. was rolling nicely. WPTF at 6:50 a.m., then both KXEL and KCUL signing on at 7:00 a.m. Well, that's that for this trip. I certainly hope some of my 70-odd reports out start coming in. Don't forget the swell TEST coming up on January 19, 1951, from 4:00 to 4:30 a.m. EST over KGIB on 1540 kc/s. Grab those earphones, Lefty! 73. (Never use 8em! -Ed.)

A re-capitulation of my DX activities during 1950 produces the following facts. First new station heard during the year - KANA. Last new station heard - WFYC. First station verified - CJAV. KGLN was the last verified, and it required a follow-up to get it. Verification #1,000 - KTKN. Most distant station verified - WVOM, from Saaramento. Best verification - KENI. Most attractive letter-head, this was a tough one to decide on. The rising cost of stationery is apparently making itself felt at the radio stations (WDOV said as much in their verie) for fewer and fewer seem to be using really colorful letterheads. However, I think the nicest seen here in the past year came from WSRS and KWNW. Best special program heard - VSTA. Best DX - a whole batch of un-identified Orientals, heard from back home in Santa Monica. While we are on the subject of specials, there are 4 Ws that have eluded me for the past 10 years - ever since I began DXing as a matter of fact - and that I would like to hear just once.

Just once. Can our CPC do anything about getting specials from WCAT WJAG WMUR WCRW? Seems to me Leo told me that WCRW was going to be on for us this season. Yes? No? There are also an equal number of Ks and Canddians that I have been attempting to log for many years. Of the somewhat newer stations east of the Mississippi, I would enjoy DXes from WHOD WRYO and WDEM, to mention just a few. Montego Bay, Jamaica, is getting a new 5 kw. station on 1180 kc/s. Here's a little more of my log: 550 - KENI (V) KOY (V) KFMB (V) KMVI (V) KFEM (V) WJIM (V) KSD (V) KOPR (R) WGR (H) KFYR (V) WKRC (H) KOAC (V) KCRS (V) KTSA (R) WDEV (H) WSWA (V). 560 - WOOF (N) KYUM (V) KSFO (R) KLZ (V) WQAM (V) WIND (V) WMIK (N) WGAN (V) WHYN (V) KWTO (V) KMON (R) WGAI (N) WFIL (R) WIS (V) WHRQ (V) KFDM (V) KPQ (H) & WJLS (V). Happy New Year to all.

Bernie Duffy - 94 Lander Avenue - Staten Island 14, N.Y.

Finally got into our long-awaited new home January 6 and I'm pleased to find that reception is very good here, even though I used but half of my doublet aerial thrown on the ground around the hoise. I finally got long-desired CKNW, British Columbia, the first night I tried here, hence may yet get an Alaskan. Other newcomers to my log are KCOL's DX, well-received at 3:45-4:00 when they used non-directional, but not audible after 4:00 when they used directional. 1/8 - KCLA, 1400, Pine Bluff, Ark. with a TT at 2:25-2:30 - apparently a 2nd Mon. f/c, also a Mississippi station f/cing on 1490 at 2:12-2:15 whose static marred calls. Seemed to be WCLD and KGSL, 1290, s/off at 3:00, making for another Californian heard. The Brazilian on 1300 kc/s. at 3:00 was un-usually loud that A.M. too. WOR s/off at 2:00 a.m. now, but all I can hear after they quit is a low hetrodyne. I'm wondering if that unknown that I and a few other DXers caught ending a test 12/12 at 3:14 a.m. on 1380 kc/s. mightn't have been KENG, Englewood, Col. or KCIM, Carroll, Iowa, as both seem to be the newest assignees to that channel, according to my listings. No new veries in the past week.

Len Kruse - 817 Wilson Ave. - Dubuque, Iowa

The past two weeks, DXing has been exceptionally "slow" with but few additions made to my DX log. On 12/27 the new KAGH (1240) Crossett, Arkansas, using but 100 watts, heard on ET behind all-nighter WEDC. Then the AM of 12/29, added three new catches: WGRY (1370) Gary, Indiana, with a test 2:03-2:26 a.m., KIOX (1270) Bay City, Texas, on with a pX Test program, and asking for DX reports as well as telephone calls. Incidentally, KIOX now has a late record program "Dancing in the Dark" running daily till 4:00 a.m. Station CHUB (1570) Nanaimo, B.C. finally heard with its regular programs 2:45-3:05 a.m. in the clar, also on 12/29. Then on 12/31, Station KVSM, 1050, San Mateo, Cal. was heard on test 4:50-5:15 a.m. and came through surprisingly well with powerful XEG hogging the 1050 spot. The first new station for 1951, added to the DX log, was KRIC (1450) Beaumont, Tex. on all New Years' morning with a recordé show. Then on 1/6 WHJB (620) Greensburg, Pa. heard with their monthly first Saturday f/c 3:30-3:45 a.m., with slight WVNJ QRM. As for verifications, letters came from WCMB-DX KGLU KCON KLVL KCLX and a card from KHJ. If you DX a little or a lot, there's one DX program arranged by your CPC of the NRC which you surely won't want to miss. It's from WCRW, the small 100-watter in Chicago. This is considered one of the best DXes of the season, so put a big red circle around February 5th on your calendar. It's from 4:00 to 5:00 a.m. E.S.T. on that date, and WEDC is standing by for this hour. (SWELL going, Len - Ed.)

HEARD SINCE LAST WEEK

570 - [REDACTED] Washington (ex-WQQW) 1350 - [REDACTED] Portsmouth, from 1490.
1150 - K O L J Quanah, Texas

Musings of the MembersBob Brown - 721 South 9th Street - Goshen, Indiana

I think this is the first time in this season that I've gotten 2 reports in successive weeks. Veries are sure slow coming in but I have no kick about their quality. This week's crop were all FB letters. (WMAP WLOI & KAHU) WLOI's verification came after my 4th report over a 5-year period. v/signer, Arnold Wilson, Engineering Dep't. KAHU was on top at 4:30 on a Monday morning. It was my 6th Hawaiian. I need KILA KIKI and KTOH to complete the islands. WMAP is in the clear here at their 6:55 a.m. Sunday s/on. The week's tuning didn't net anything exciting. Reports went out to WPEC on regular sked at 11:00 a.m. on 1/1, WLOI on regular sked at 11:45 a.m. on 1/1, also on 1/4, WKNK, 1600, Muskegon, on their all-night show actually stronger than either WGN or WLW, and lastly, CBE on regular sked at 12:30 PM on 1/6. The latter wasn't too strong. Nothing like the daytime signals from the Detroit stations (except WJLB and WJBK) and CKLW. WKZO-TV has been asking viewers to send cards with names and addresses and make TV set on them. Guess they are trying to find out how many viewers they have. I guess they'll get my 2nd TV DX report. So far I've seen 5 stations from Michigan, 1 from Indiana, 5 from Illinois, 1 from Wisconsin, and 1 from Texas. Hey - that adds up to an unlucky 13 so I'll have to get another one. My BCB log now stands at 1123 reported & 1019 verified. Well that's it for another week.

Al Bartholomew - R.F.D. #3 - Addison, N.Y.

Quite a long time since I have written in to bulletin but still haven't much to write about. Veries as usual rather slow and some not in after follow-up. Only new European for me thus far was Monte Carlo morning of Dec. 21. Have also heard Marseilles II a few times but haven't reported. I certainly was badly mistaken on hearing YNW morn of Dec. 12 so must have been the Alaskan I was hearing. However YNW was easy morn of 24th and so reported again. KCIJ heard at s/on same morn. Was up Christmas morn but all I caught was TGUX on 1025. They were rather weak. Plenty of other Latins on but took them for Cubans. TGUX was playing typical Guatemalan Marimba music. My set went on the bum first of year and just got it back a couple of days ago. Still isn't right, so I guess I will have to take it back. Guess I missed a couple of mornings of TA DX according to Steve. So far the New Year I heard WRCO testing on 1450 the 6th and this morn, 1/7, XETK special on 1390 for first Mexican report in years. Veries are very slow with only a few back. WITW on special. KWRA on f/c. KRUL back with nice verie letter for report on them during WSTA special. ### I asked them if they had received many reports from the east and they name Bob Botzum, & Grant Batson of NRC plus a Mr. Foster of Belleville, N.J. and an old-timer, Hank Tyndall of Burlington, Vt. as their only eastern reports besides mine. Verie finally in from KOLS after followup & also nice letter verie from KCLX on NNRC special.

Grant Batson - Westfield, New York

About time I got around with a report for '51. Since 12/11 did some DX, some of it good & some to pass away time. 12/12- KGIB on 1540 on f/c per list 3:13-3:38. 12/14- CX28 on DX on 1090, 3:03-3:40, a good S7 most of the time. 12/16- KMOD on 1360 logged 2:46-3:09 & WJEH on 990 on test 4:03-4:40 & on 17th, KEEN on 1370 2:28-3:03 for another new one. 12/19- WJPS on 1330 kc/s. 2:50-3:05 on test. 12/20- WANE on 1450 2:10-2:30 testing & CHUB on 1570 on Auction Club program 2:40-3:24 & were S9 Q5 better the bigger stations on coast. 12/21 - WEIR on 1430 logged 3:35-3:57 for lack of more to do, Picked up WERE on 1300 at 2:19-3:00. 12/23- KWAK on 1240 kc/s. on f/c 2:44-3:00 per f/c list, topped everything for signal. Also CJCH on 920 3:00-3:17 over-riding all on that spot, not heard since. 1/1- WVOK on 690 testing & feeling the SW urge, tuned HER-7. 1/2- KAMQ on 1010 f/c 2:31-2:45 per f/c list. Same AM got KMED on 1440 3:01-3:18. 1/3 - KITO on 1290 from 3:02-3:30. 1/4 - WIBR on 1220 f/c 2:31-2:45 and WETB on 790 kc/s. 3:45-4:00 f/c, both per f/c list. 1/5 - KCOL on DX on 1410 3:45-4:15 using first directional then last 15 minutes non-directional. Logged WCUE on 1150 kc/s. at s/on 4:30-4:50. 1/6 logged some SW in the afternoon. 1/7 - KSLM on 1390 from 2:49-3:02 without any opposition from other stations. Next was Vigna, Norway on 629 kc/s. 3:05-3:40 heard plainly Q4 but only S2 on the meter. Anyhow a report to my first TA for the season. KPOA on 630 was unintelligible but some disturbance there. Very little static. Used some of the extra gadgets on the National that the (didn't have. Funny no Hawaiians heard and most coaster inclined to be weak. Veries are slow, same complaint as the rest of you fellows. KBMW CBE WOKY KOPP WCFC WJEH WITW KEEN CJCH KCLX CHBB WERE & KING. Like the looks of the coming specials. Good work, C.P.C.!

Musings of the MembersRoger Anderson - 835 South Greenbrier Street - Arlington, Va.

DX for the past two weeks here has been at a low with the return of warmer weather. An even 60 reports were sent out in December with 37 veries in from them. I would like to do as well in January and February. Veries in lately have been, cards, KSTN WHIO WATH. Letters, KFRE KWYO KCOL KSVC KVOE WIRL WKPT WPRP WGCM CKMO CHUB. Reports have gone out to the following: 12/26 - KCBC (1390) all night program. 12/27 - WGIG (1440) regular sked 5:05 PM, WSFA (1440) regular sked, 5:15 PM. 12/30 - WLET (1420) ET, WWXL (1590) all night program. 1/1 - WHIO (1290) at 4:00 s/off, WOOD (1300) at 4:00 s/off. 1/2 - KNEB (970) tone f/c behind WWSW, WTOB (1380) ET at 2:52 with Eddie Arnold music, WWCA (1270) to 3:05 s/off, WNOR (1260) with all-night program at 3:35, 1/5 - KMO (1360) regular sked at 2:59 s/off. 1/6 - CKNW (1320) all night program at 4:15, WFKY (1490) f/c to s/off at 3:42. CHUB verie letter was very friendly with Christmas program scheduling bulletin and quite a scent of perfume. WGCM letter per f/c was long and descriptive. Engineer told everything from his wife's ailments (?) to station's facilities. KSVC letter per f/c contains scenic letterhead with color panorama of Central Utah. Local WQQW (570) now has call letters "WGMS" "Washington's Good Music Station." Regards to all. (additional) CHOV-DX did not appear. Tried for KGCX-DX but only heard unknown S-4 carrier. There was no sign of KWOR-DX or KRDO-DX here either, but it was a bad morning. I've had better luck with foreign DX shows than with the locals this year.

Ralph Johanne - Buffalo 3, New York

Say fellows, let's help a little more on the "DDD" Does DX Doings look like TA-veries to me. I don't get any and hear none, so why not get your name in to DDD, for I'm tired looking at my mediorce items. Karl Raymond: Abe's at 1430 17th Ave., North Seattle 12. He got KALA (1400), that 1-man station on a 2nd Tuesday at 5:36 testing & Bill Maynard, General Manager, verified. He DXes a lot on BC but is mum here. Pat: Chuck Gerran is at 205 Barrett Avenue, but is more SW, although an old Bcer. On 1295 kc/s. is a no-call "Radio Trinidad", sked 5:00-10:00, Mr. Aldrich is CE and Littlepag Mgr. CFRN (1260) runs till 4:00 a.m. on Sunday mornings, says George Duffield, BC manager. KOLJ (1150) with Orville L. Jenkins, owner, got returned to P.O. marked "Unknown." Guess my ears're in need of cleaning, also Hawaii is 5 hours slower (not 7 as I said) than EST. To Duffy: You're OK on WABM, other may be WSTV or WKGN (I forgot) and no answer from WABM on two reports. Heard your KTKR OK, thanks. WATG (1340) R.M. Beer, Gen. Mgr. and Richard Matthes is CE. Sked 6:30 AM (Sunday 8:15) - 11:30 PM. F/c is TT and calls 2nd Friday, 2:15-2:30. They use FM later. WATC (730) P.O. Vancleve, Breathitt County, Ky. (for 12/29/c) M. E. Picazzo (w4MVL) CE says, "No Christmas test, and so monitor notified 'em for a hurry-check, next test 1/22 and is regular 4th Monday. They'll use hymns and TT and end with a hymn, 1:25-1:50 AM. Sked 9:00 AM-5:45 PM in January, and 6:00-3:15 in February. KMHA is located in Lawson. He enclosed a Silver Anniversary booklet. KFPW (1230) finally v/letter with mimeo-fill-in on OK letter, and the "Kunkel" at Fort Wayne is no relation, says CE. KYSM (1230) v/letter to replace 1945 v/card, same CE, J. Houts. Sked 6:00-1:00, Sun. 7:00-Mid. CST. KWCO (1560) Mgr. says f/c during day, 6:00-Mid. daily sked. I hear Vince Stasen was at the "Mummers Parade" (He's mum yet, hi Vince.) "United Nations Station" New York is a new P.O. cancellation. The NRC "DX News" was handy again for NNRC with XETK special 1/7, heard after KCBC (1390) s/off at 3:29½ with "Our Father" to return at 9:00 a.m. CST. XETK 4:01 s/off. WBEX r/c with RCA TT. On 890 kc/s. WLS (5:59¾ call) 5:45 TTed and brought CKLW in also (of all things.) 1/8 - Everyone was early. WFNC (450) TT/c 12:58-1:29. 1:35½, WROB test end and'll return in 55 minutes for Ellington/c. KDTH (1370) 1:40-2:00. WHTC (1450) mc/ at 1:44-1:57 and then "whooped TT/c. 1490, WTMV ending 18 hours and 5 minutes' broadcasting at 2:05 to return at 6:25 CST, then WLAU's TT/c. Took KAFP (1490) 2:31-3:01 off, KKKR (1310) with classical music nicely and WFBR (1300) at 3:45/c. KICO (1490) M/c 4:09-4:19 etc. WORD (1400) TT/c 4:00-4:45 off. 1340 at 5:08 had a phone caller and he got a verie promised (too much pest QRM). 860, WNEL 5:43 s/on in U.S. and special program then. 1/6 - WGRY (1370) polka testing 3:40-4:00. KDON (1360) TTed 4:18½. 1/5 - WHKP (1450) 5:03½ test. 5:29¾ WCRK s/on. WDEF (1370) ended "X" station at 5:44 s/on and WTOP/c (4:55 call) queered KXRK. KRKO (1380) m/c 3:42-3:49. WHUC (1230) TT/c OK and KCOL's directional ¼ hour brought CKMO's last 5 minutes in OK. 1/4 - WKAY (1490) 5:00 AM etc./c. WFCB (1410) 5:30 s/on. WGRG (790) TT/c 4:02 etc. KENM 3:31 call/c. Have heard vy underwear out again as I not it's colder when Sun is nearer Earth. Till next shiver:

Steve Mann - 125 Ward Street - Westbury, L.I., New York

DX has been quite good here since last report. Veries have arrived from HJKM HC2AJ YVMD (not YVMB as in my last report. I had the call wrong. This one is "Radio Mara" Maracaibo, actually on 1165 though assigned 1150, heard Christmas Eve AM). All above letters, plus a card from OAX4X. On the listening side, several new countries have been reported, two of them due mainly to helpful tips from Hal Wagner. First of all, my 635 kc/s. French heard a midnight Christmas Eve and also mentioned by Wagner in last bulletin was definitely identified over the week-end. It is "Radio Guadeloupe" Basse Terre, Guadeloupe. Schedule is 5:45-8:00 PM daily. Relays Paris 7-7:30 PM. Was Q5 S7 at sign/off last night! Uses both men and women announcers and identifies as "Ici Basse Terre, Radiodiffusion Francaise." The other new country logged was 4VW, 1315 kc/s., Port-au-Prince, Haiti, Q4 S6 around 9 PM 1/6, also thanks to Wagner. I also copied a log on Ottringham, England, 1295 kc/s. after midnight last night, & am trying the "Lefty Cooper Little Giat" method of getting a verie out of this BBC station. New Year's Eve, 7:00-8:00 PM a number of TSa were excellent, staying on late their time for New years. Parede, Portugal, 1034 kc/s., was S7 some of the time and also heard were Hilversum 746, Rome 845, Toulouse 844, Monte Carlo 1466, and others. TAs in general have not been as good as last winter, though. However, Sunday 1/7 5-5:40 PM Rabat II, French Morocco on 1043 was quite good. Have also identified the 684 kc/s. split frequency Latin heard most evenings. It is TIHB, "Radio Cristal" Cinco Esquinas de Tibas (a San Jose superb) in Costa Rica. 5:30-6:00 AM 1/7 the following Venezuelans were heard: YVKL-590, YVKB-790, YVKU 880, all Caracas, also YVMP-1270, Barquisimeto.

Fred Van Voorhees - Box 132, Lemoyne, Penna.

No matter what some of the fellows say, I will go on record as stating that this is one of the best, if not the best DX season I have yet experienced. This is only after 14 years of listening, so there may have been better ones before this. Veries in here have been from WHHM KRKD KSTN KSMO WELQ WATM KQRS WWPB KCLX KPOA XEBG & CB106. I think that the quality is excellent even though the quantity is not as large as one might hope for. Since last report, my listening has been as follows: 12/14 Nice log and report on CX28 on NNRC special. 12/18 KTTR on test program and WHHM on all-night show. 12/19 - KQRS on f/c. 12/21 - WEIR on all-night contribution program and KXLA on late program. 12/23 - WWQB on all-night program. 12/24 - YNW very nice on hour-long show, not heard until 4:17, but good after then. 12/31 - WETO on early s/on. 1/1 - KRMG on s/off and CMCA on New Years Eve show. 1/4 - WBCK on ET. KUOA s/on at 5:00 every day on 1290 as does WBIR on 1240. 1/5 - KCOL on NNRC DX quite good here for entire program. 1/6 - KHON on regular program also good. 1/7 - KHSL on late program, CHUB on s/off at 3:07, PRB6 Sao Paolo, Brazil, on 1200 s/on at 3:00 AM and good until about 3:40 when he faded out. XETK good on NNRC DX on 1390. Hearing a mystery station early evenings on 638 kc/s. Speaks French. Heard by Steve Mann and Harold Wagner too. Copied for about 20 minutes without any identification from 6:05-6:25 eveing of 1/7. That about does it for this week. I think I may have had a TA this AM (1/8) on 1466, but still not positive. Good listening to all in 1951.

Lefty Cooper - 438 East 21 Street - Brooklyn.

My verie pull is down again, with only one - WARA, Attleboro, Mass. Loggings, though have been sensational for me. I had a run of 8 straight foreign reports before it got disrupted by my logging WOBT on 1/10, f/c and asking for reports from NNRC and "that other club" as the announcer put it, bless him, hi. 1/7, Sunday, was a corking fine morning for SA reception, and I got the same 3 Caracas stations as mentioned above by Steve. Best is YVKB on 790, then next best is YVKL on 590, and third is YVKU on 880. All have completely clear channels in the east anyway but CMCY butts in on 590 at 5:45, and at 5:50, CMJB begins on 880. I sent report to all 3 and to CMJB. That evening I bagged "Radio Guadeloupe" and sent my report to Pointe-a-Pitre as listed in an old NNRC SA log, not to Basse Terre a la Stevie. That Monday AM brought me KULA S-5 on 690. Those 6, added to Portugal and Nicaragua, made a run of 8, which omits the Brazilian on 1200, for I'm not sure yet whether it is PRE9 or PRB6, the former in Forteleza, the other in Sao Paolo. It has been reported as both. I am finding this foreign DX very exciting, and Steve's many tips have produced most of my overseas catches. His phone call Wed. night about Poland on 1367 got me on 1367 in a hurry, but alas, only the hetrodyne against 1370 could be heard. Germany on 1586 was only European I could get through around midnight, but they were S-8!

I M P O R T A N T

From Derek Wharton comes the following good news. WEDC will stand by for the following DX'es.

January 29, 1951 For WSKI from 4 to 4:30 AM EST

February 5, 1951 For WCRW from 4 to 6:00 AM EST.

Please note, WCRW will be on for an extra hour over that listed on the front page, Derek states that they felt as long as they would be up they would fill out the morning. Derek also states he might be at the mike. Thanks still go to J. Kotnour at WEDC, Derek? Let us know.

From member Ed Lendzioszek comes word of two DXes he has arranged.

February 5 VOXM 590 St. Johns, Nfld. Mr. M. Shulman, Adv. Rep.
 The dedicated part for the NNRC will be from 3:30-4:30 but Ed advises that VOXM will be on continuously from 3:30 AM to 10:30 PM that nite. (NNRC bulletin lists frequency as 1000 kc.)

February 12 WTSP 1380 St. Petersburg, Fla. Jack Faulkner 4-4:30
 Also on for NNRC

From the NNRC bulletin

Jan 24 CJAT 610 Trail, B.C. NNRC 3:30-4:00 EST

Feb 8 KOWB 1340 Laramie, Wyo. Mr. Smith, Mgr. NNRC 3:15-3:35 EST

 To date the voting on staples versus envelopes is 21 to 5 in favor of Staples. Charlie Conley says that envelopes such as we use have gone up 52 cents per 1000 since August 1949, staples for 1000 bulletins cost just 58 cents. That means a savings of approx \$4.00 per 1000.

 Lots of Canadian stamps in now thanks to our good member Steve Walbridge. Four 3 cent U.S. get you 3 4 cent Canadians and so on. Also have some New Zealand And Australian stamps but don't know how to exchange them.
