No info here but believe it will be in your January 12 issue of DX NEWS

KSTV

Reports on this TEST program should be sent to Galen O Gilbert, Manager.

I really hoped that I hav'nt loused this up, Lefty did not state if he was making up this page or not, so to be on the safe side I thought it best to make one up. So bear with us until next week when Lefty will have it back to normal. To Sid, will send your Station letter on to Lefty and he can take care of them as the programs will not be on for a couple weeks or more. However it is hoped that as many of you members will continue to report to the above stations, they welcome those reports and in many ways gives them the information they want. AND remember always enclose RETURN POSTAGE when asking for a verification.

Gentlemen; Letter from WPAC to Hal Williams. for NRC.
 Since we have gone on the air Dec 1 1951 and previous to that
 during the time of our equipment testing we have received numerous DX
 reports from Members of Your Organization.

As it will take a little time for me to personally answer I
 would appreciate expressing my thanks to your Organization and many mem-
 bers for their wonderful letters and as you happen to have a publication
 I would appreciate mention made of same and as soon as I can, every sin-
 gle one will be mentioned. Yours truly Mort Morrison, CE-WPAC.

FRED L. VAN VOORHEES-BOX 132-LEMOYNE PENN It has been almost a month since my last report, so it is about time for me to appear in the "MUSINGS" section, altho most of you are probably tired of me by this time elsewhere in the bulletin. The local paper back on Long Island (which I still get) says that WALK-1370 kcs in East Patchogue, L.I. does not plan on taking the air until March. This is probably a little early to look for them. Better try around the end of February. Our local WHP in Harrisburg really puts in a whale of a signal all over Central Pennsylvania, Maryland and even to Virginia, West Virginia and New Jersey. WCMB is now on 1460 kc and their signal has suffered badly. They are still using 1 Kw and are now directional. Can't be heard many places where they were good with non-directional on 960 kcs. They are still on day-time only schedule, by the way. Now to the DXing since my last report. 12/13 Logged XEQ-940 Mexico City 3-9 Plus 0045-0103 and still on, didnt s/off then. Then WHEC-1460 Rochester N.Y. with tone test, testing 5 Kw transmitter 0114-0123, will try to replace reply card there (How about a nice letter-Pop) 12/16 logged NWDR sychronized Germans on 1586 kc for first TA this season 0135-0150, terrible signal with much QRM. Then took s/off of CHNO 1440 Sudbury, Ontario at 0200-0203. 12/24 heard un-needed KMOK-KRI.D and XEG followed by needed WTPS-940 New Orleans, La with s/on 0700-0708 when they dropped into the soup. Then WCBM-680 Baltimore, Md nearby local at 0720-0743. 12/25 tired out from preparing Santas haul for three little boys, but managed to stay awake long enough to log YVKS-750 Caracas, Venezuela 0215-0230. 12/26 up early with the baby and got WCSH-970 Portland, Maine 0632-0645; 12/30 again up early with the baby, heard WORZ-740 Orlando Fla at 0640; Then logged CMKJ-730 Holguin, Cuba 0650-0702 when he went into the soup. Followed him with WMBL-740 Morehead City N C at 0701 s/on until KRMG came on at 0708 with carrier tests, then KOAM-860 Pittsburg, Kansas 0718-0724, next WJWL-900 Georgetown, Del 0723 s/on to 0738 and finally for the morning WESA-940 Charleroi, Penn 0744-0755. 1/1 amid all those celebrating I took logs on CMJG-1000 Camaguey, Cuba 0219-0236 when WCFL took over the frequency; and CMCY-590 Havana Cuba 0247-0302. 1/3 got nice log on cricket relay from ZQI "Radio Jamaica" 870 kc at 0203 to s/off 0250. QSA-4, 5-6. Finally on 1/6 excellent reception of club special from CKSM-1220 Shawinigan Falls, Que. Their French not so easy, but a nice s/off announcement made it fairly easy. No sign of WTYS-1340 same morning. That brings me up to date on DX.

LEW CARTER-WFMD-FREDERICK MD A total now of 581. On 1/2 added WMOH-1450 F/C 1st WED 0100-0115, w/500 cycle tone. KFKJ-920 under WOKY and KATE proof of performance tests heard 0145-0200. KNBY-1280 testing with music 0200; WTRI-1480 F/C 1st WED 0200, tone only. CJSO-1320 Sorel Que all French. KFFA-1360 F/C with music and announcements at 0300. WPAY-1400 F/C 1st WED 0300-0315 per list. WGNS-1450 F/C 1st WED 0330-0345, not 0345-400 as listed. Thanks for info from Bernie Duffy I can add CFDA 1380. 1/3 WOLF-1490 on top during reg sked 0100, first time here and WCUM weak on F/C 1st THUR 0145-0200. WEXL-1340 used to hear this one all the time, now s/off 0200. 1/5 WCVS s/off 0100; 1/6 WHEC-1460 s/off 0100 & WPRS-1440 new station 500w days F/C 0125; CKSM-1220 NRC-DX strong but a little puzzling. WTYS-1340 F/C 1st SUN hrd 0345. KVET-1300 TT at 0420. 1/7 WCLD dedicated "Dixie Jump" to Don Kasky. KWCE-1300 at 0115 with a test, thanked DXers for letters. WOL-1450 test. KPHO-910; WGCM-1240 f/c 0325 2nd TUES. What Wisc station was testing on 910 kc with open carrier on 1/8 from 0230-0245 or so Ident at 0245 Loud but I was dozing I guess, sounded like Richlands or something like that. 1/3 Hrd WCSC-1390 TT w/music 0230 on, WSEA-910-0245 and 870 kcs Radio Jamaica again. WAWZ-1380 testing with carrier lately.

LEFTY COOPER-438 E. 21st-Street-BROOKLYN 26 N Y A few veries in-a mimeographed card from KSTN, plus letters from CJOY-KIWW-KDKD-KGEZ-WTIM to make the total 2173. This is being written Sunday night before a week of gruelling week of rehearsing and then two nights of our play. DX past week and half as follows; 1/4 PRB-7 Rio de Janiero, loudest of the Brazilians this morning, for a report 0300-0323. The Mexican on 1290 was very good until 0335 s/off and uses the slogan "Radio Presso" but who is he? 1/3 XEDM-1580 in clear but weak 0100-0200 with border type hillbilly music and endless commercials. CKSM on French DX very strong here. PRB-7 again was very strong. Finally dug out KBRS-Springdale, Ark on 1340 behind WEMP with an announcer with a Bob Burns twang. Then on 1540-0500-0532 I listened to a station testing with alternate music and TT and it finally identified at 0532 and left the air-WHIL-Medford, Mass. 1/7 I added 2 more in KMYR-1340-Denver on f/c-TT to 0251 s/off and KYOR-1450 f/c-M 0400-0415 about even with WWPB here. Also heard on 1340 but not needed were KORK and WSTA who had an hour long f/c with music. KFDW was not on and they are now lost forever since they changed call to KCAP and will DX under that call on Mon 1/28; 1/10 PRG-3 1280 was coming in well so I took a log on this one in Rio de Janiero; 1/12 XEWA-540 in clear 0100-0111 s/off. That Mexican on 1460 still heard every Sunday to 0300 but this morning was marred by hetrodyne from the BBE station on 1458 kc A mystery American station on 1270 to 0404 s/off with the "Our Father" sung by a man. Calls sounded like K-OW and they mentioned at various times "Fresno" and Idaho and advertised a Studebaker salesroom. Anyone identify this one? Thanks again to Popsy for taking over this issue and it'll be a novelty reading "DX NEWS" like you all for once.

C B CONLEY-358 MARKET ST-LEMOYNE PENN Very little activity since my last rpt of 12/24. Four reports out with seven veries back. Rpts to KWSC-1250 12/27 reg; WHLM-690, 12/30 on DX; WTIP-1240 f/c 12/31 and KCST-590 f/c on 1/5; Veries from WAWZ on poor rpt of 12/9, WDXE on f/c of 12/11 (does anyone have the v/s of WDXI?) Nice letter from WDXE but their sister station to whom I reported the same date for a second report doesnt seem to verify) KULE on DX and incidentally I did almost as well as Pop Edge. I sent my rpt regular mail on the 19th, KULE's verie dated the 26th and I had it the 31st. And a letter our daughter wrote us from Philadelphia (100 miles) telling what time she and her family would be home for Christmas was mailed the 20th and reached here the 26th; WTIM-1410 ET on 12/20 WKIJ (card) DX, WCVI-1340 card f/c 12/21 and KDMA-1450, 100 watts f/c on 12/8. The KDMA rpt was the one I mis sent. Although WDYK returned it, I have not had a verie from them on my follow up with apologies. Still looking for veries on ~~xxxx~~ eight NRC DXes, several of them from November. And speaking of DXes I'd say Sid Rosenbaum is the Man of the Year - Old Man CP Himself. Dont know what his system is, but it certainly gets results. The past two seasons I've tried to arrange a few in this area. I received two regrest and no answer to all on the balance. I'll nominate Sid for permanent CP. Hopy you'll roll 'em in the aisles, you Old Thesplan. (The above maile to Lefty at 439 E. 21st St, but mailman wouldnt look across the street, so said no such number and returned it to me) Only 5 rpts out this week KASM-1150 ET on 1/6; CKSM-1220 on DX-1/6; WAGA and WVLK 590-F/Cs on 1/8 (both prev rpted, no veries) and WFUL-1270 F/C on 1/8. Good week for veries, rec ten. KIWW-KNAL-WATG-NRC-DXes-CJBQ; NNRC-DX 11/18; KORK-KWSC-WGBA-WMAL-WRBL and WROX. Both WGBA & WRBL on very short and poor reports. (Same here Charlie, seems to work out that way at time

 REMEMBER WHEN WRITING A STATION-ALWAYS MENTION THAT YOU ARE A MEMBER OF THE NATIONAL RADIO CLUB. CLUB LETTER-HEADS & RPT FORMS CAN BE HAD FOR LOW COST FROM HAL WAGNER-ROUTE # 1 NORTH GIRARD PENNSYLVANIA.

LEN KRUSE-816 EUCLID STREET-DUBUQUE IOWA Although DX continues "slow" at this den, I have added several additions to my DX Log since my report of a week ago. On 1/12 logged KEAR-1550 San Mateo, Cal formerly KSMO on its reg sked of programs 0230-0300 and in the clear. Here's a good chance to catch this new one. On same morning I logged KPMO-1600 Pomona, Cal on with a special Polio Drive program and heard 0330-0400 at which time WHLL came on with their reg programs and pushed KPMO out of the picture. Then on 1/13 logged KCSB-1350 San Bernardino Cal with its reg sked 0230 0305 when they left the air, slight QRM from Mexican alniter XEQK. The same morning logged the new WINX-1600 Rockville, Md between 0600-0700 and completely in the clear and a good chance to hear this one. Only recent verie letters came from CJOY and KIWW both from recent DX shows.

SID ROSENBAUM-806 MARKET ST-WHEELING W VA Local QRM blocked listening on most mornings the past week. WNOE-1060 completely covering the frequency with race results on 1/12 so another try for verie. WISL-1480 on reg F/C 0545-0600. WORK s/on 0600 and WHIO s/on 0545. On 1/11 KOLS-1570 in with strong sig 6-6:30 PM s/off; 1/14 WHOW-1520 DX in like a semi local with a swell musical show. With phone calls from Spokane and Pensacol it shows they were really getting out. I wonder who will get the \$5 bill and the Clinton Key? No CKOM-1350 here, only faint Mexican. Verie letters in from KASM-1150; KBRB-1340; WTIM-1410 and card from WDSR-1340. Some very nice compliments on the effienency and friendly co-operation of the Officers and Members of the National Radio Club are received here almost daily in the Courtesy Programs mail. We have an excellent reputation with staffs of every station I have contacted. It sure helps, gang. Wish we had the space to publish all the nice things said about our good N R C.

KEN MACKAY-2 DORNOCH ST-DUNEDIN N.Z. Guess a few notes must surely be due from me and seeing its a very wet day here I am taking up my pen. As in the past 2 years I have a months annual leave and am here at Long Beach doing a spot of DX. Weather is very bad for this time of year-mid summer and we have had 2 days in 2 months in which it has not rained. Yesterday hail stones about the size of a dime/ Here is my DXing. 12/25 NIL; 12/16 KIBL-1190 at 0315 also a test hrd on 560 and off at 0417 with quick call and no location; 12/21 CKDA-1360 off 0305 & KVER f/c and KYUM-560 on a test; M & TT hrd on 1590 with announcement about every minute. 12/22 KGHF on till 0336, then KGMC ET on 1220; 12/23 KWHN on Nite Owl Show; 12/25 TGWC on Xmas till 0400; 12/26 WJHO F/C as listed and WBSR and WRIO-1320 12/27 KMYC-1450 very good to 0400 s/off; WHLL also very good on 1600; 12/28 CJOR-600 to 08:5 s/off. 12/29 Just talk and gongs with Cuban on 1230, is this CMCO? KWTC-1230 at 0300 s/off; KFSD-600 ET and Japanese sta on 1520 from 0400, this was very early reception; 12/30 KWTC-1230 very good again on s/off 0300; KLAS also 0300 s/off with KXO; WIL-1430 testing; WWIN also ~~ex~~ exceptionally good at 0327 for a 2nd rpt. Also KRUX alnite on 1340; WILM at 0325 and also another rpt to KWHN-1320 who was offering sterling silver Arkansas spoons to 6 most distant listeners 1230-CMCO?, good perhaps Radio Baril; KENO-1460 0430 SUN S/off. 12/31 ~~NYAK-1600~~ KYAK-1600 0300; KOPO on 1450 in clear to 0300; KXLJ-1240 at 0345-0400 f.c with organ music, also 1600 at 0400 I hrd This is the Armed Forces Radio Station WGEP - 11 PM and one of their transcribed shows then came on. This time would have made it in the Alaskan time zone but who or where are WGEP? WTMA-1250 on at 0600 opening for another new one on the 1st of Jan 1952. KGMC-1220 on ET and KRES-1550 at 0408, sounded like reg alnite program but for 5 kw was very weak, then abt 0425-0430 on 1520 a chior sang and went off at 0430 leaving 2 further stations on the air underneath. Very hard to log but one had Hymns & clapping by audience heard, then at 0545 WRAY 1250 reg; 1/2 WTMC-1600 weak ann on f/c s/off and at 0320 possible weak announcement from KYKI on 1400 but not heard again. Maybe this is now on test. KCOK open carrier on 1270 with few identifications. (continued on page-6)

MUSINGS OF THE MEMBERS

KEN MACKEY Cont And that power house KRE-1400 who blocks the channel heard to 0500 s/off. Hope this is not going to be his reg sked as he comes in like a local. Have been using both my HRO & Patterson together and use phones and leave one ear for HRO and one for the Patterson, by this method I can sit on an unidentified tone while I monitor with the other. Recent veries are CHAT for his DX; DZAS-WKIN-BED-33 on 630 kc - WBUT-KWTO-KSKY-WAOV-KWBW-KFDA-JOHG-KSJB. Some other loggings I may have missed in the period before Dec are WAIN-KBMA-KSAN-WHLF-CFCH-JOOR-WRCO-WPNT-WPDQ-WNPT-WHLL-KODI-KNAL for his DX-this at Murray crib as we were about to leave after a fruitless attempt Murray turned his Aussie antenna on the set and in rolled KNAL. PAT REILLEY-11 IRVING PL-JAMESTOWN N Y New ones back are WATG-KNML-CJOB-WJMK-WSTA-WRIO; 1/18 WJNO and WSBP-1230 both on f.c; WJNO 0330 to 0345; WSBP 0330-0400 with Cuban QRM; KOFO-1220 ET at 0400, too noisy to DX, bad buzzing here and 12 degrees; 1/9 34 degrees and raining, a funny DX day-WOBT-1240 off f/c for Phelps Sales at 0.34. KVRH-1240 off air at 0404; CJOB with news till 0405 and he gave WEMP a ride; WMFT-1240 at 0430-0445 on f.c but how do you get a verie, wrote 4 or 5 times since 4' very bad buzzing today(not on in afternoon so its not the set) 1/10 26 degrees and blizzard-unknown on 1340 with WEMP-KBRS and WTRC, off a march of Dimes show at 0230 CST(0330 est) WAWZ-1380 test 0332; WDIK on 1230 f/c 0400-0415 for new one for me; KANE-1240 f/c 0421 and heard & quit at 0436, still on f.c; WKGN-1340 f/c 0437 asking for DX mail; 1/11 WILS-1320 TT at 0335; KWKW-1300 was good after 0400 with school of nursing plays; WWIN-1400 on top here most all morning; KNON and carrier on 1380 at 0440; 790 had an unknown TT on and off at 0450 until i quit at 0500; 1/12 Was late at DXing today-WCDL-1230 about twice as strong as others.on 1230; KBRS-1340 alnrite over riding WEMP; WCAU-1210 at 0436 & 740 had carrier on and off 0439-0450 with no call used; KPOA-630 good at 0457 on; WSTA new country back today-nice printed card-new hours of broadcasting are 0600-AM to 10 PM EST(they are on AST) verie back in 5 days-WJMK-970 says no psecial times for testing PO Box 1211; 1/13 KOOL 960 on ET at 0352; WGY-810 after hours program at 0327 (Ha Ha Pat, as of now WGY-KDKA and WCAU are on 24 hrs, announced-Pop) KEBZ-660 announced in English at 0342; KCBQ-1170 at 0413-0439 for new one, the 24 hr CBS station so they announced; WRIO-1320 The Master Bldg Corp, Edificio Gomez(Gomez Bldg) Pa 35 Hato Rey, P R. A letter from WSTA, CE said he wrote letters to NRC members all day, 1000 watts in about 4 months; 1/1 KCKN-1340 ET at 0310; WHOW-1220 on their DX-loud carrier on 1340 all AM that bothered WGAU on f/c at 0330-0345; CKOM not hrd because of the carrier on;guess KDKA is an alnrite now. Watch for WSTA on 1st Mon f/c he started at 0200 EST on 1/7 to he would be sure to be awake at f.c time and he signed off at 0400 EST, so its now 0400-0500 as listed.

POP EDGE-325 SHIRLEY AVE-BUFFALO 15 N Y Not much to boast about in the line of DX except for the logging of WSTA on 1/7 when KFDW did not show Copied WSTA for full hour from 0303 till 0400 except during the time 0330-0345 when KCLS came on with their f/c. As Pat says, printed verie card back in 5 days and letter in 7 days. Sked on card says 0700 AM to 11 PM A.S.T. so that makes it 0600 AM to 10 PM. (CK Pat?) Letter from WMT replacing old card and letter from KDKD on DX test. Reports went to CPOH-KCSJ-WFPM-WJJJ-WFRX- and others getting old, so some follow-ups.

JOE BRAUNER-23 HOWARD AVE-WILLIAMSVILLE 21 N Y No DX lately, so reports. This is all in three weeks. New stations, WRIO who was on mornings quite a bit around 12/25-1/1; WSBB with TT-F/C thru 1230 QRM at 0350-0400 on 1/8; KJBC who ETed and F/Ced on 1/10 between 0250-0315 and lastly WHOW on his DX of this AM. S'all. A few veries drifted in, letters from WIRO KXLJ-1240; WHHH-KDKD-WIPC-KMOR-KATY-WPMP-KSEO-WLXW-KNAL, card from HJGZ. DX generally not so good since the holidays and time has been limited most of the time, highlight of the period was missing CKSM-DX thanks to lack of sleep and getting alarm shut off without waking up, sure was sore about missing him. 1/14 proved a poor morning out here, WHOW came over without any trouble of course but no trace of CKOM for me, none of the other many K's FCers on 1340 showed either except one heard between 0320 and 0330 who was dedicating to the NRC, call sounded like KGEZ to me but am not sure. WGAU's F/C came in about as loud as KRUX usually is, so I know DX was rotten. (Joe no CKOM here either and no west coasters hrd.)

(Where were you on 1/7, you missed WSTA and how-Pop)

BARRY FOOTE-273 NORTH AVE-WESTON 93 MASS Didnt put much time in on DX this week, but got a few nice catches. 1/7 No luck on KFDW-1340 and am still minus a station in Montana. WSTA was on with a f/c with Spanish music (No not Spanish Barry, it was Calypso music according to verie-Pop) and English identifications in place of KFDW a good runner up. 1/8 Listened to that 2 toned "thing" on 1600 and wrote a letter about it to the FCC Monitor at Millis for an identification. 1/9 WCAV-ET on 850 at 255. Looks like WMAQ and WNAO have stopped alniting. It's a very timely for WNAO-850 to be off as we have an NRC special from WKKW coming up next month. 1/13 Heard WRUF-850 s/off at 103 behind WHDH's carrier. Also got KWKH-1130 at 113 and WAEB-790 on his s/off at 201. Veries in from WATG-KFYR and WHLM. KFYR has a very nice verification stamp of black-gold. No reports sent out this week. Log now at 772 heard; 1/14 WHOW-1520 OK till 0400 when WKBW s/on with test. No CKOM on 1340.

HAROLD S WILLIAMS-50 THIRD AVE-SEYMOUR CONN DX has almost been an unknown quantity here for the past week, only 2 new ones added. 1/8 WSPD-1370 in Toledo (not needed) s/off test at 225, then WDXE Lawrenceburg, Tenn with M-F/C to 235, terrific QRN, dont know if they s/off at 235 or later. I got 3 fair station breaks and 1 positive musical selection so sent a report anyway; 1/12 WOKE-1430 Oak Ridge, Tenn good 520-530 then QRMed, still hrc at 555 but difficult. On Friday 1/11 I sent thank you cards to every station listed this season in the CFC section of both NRC and NNRC, 31 stations in all that I could not hear mostly because I was working while they were on the air. The only ones I could not pick up when I was home were KPST-KONP-KNOG-WTYS-KFDW; WHAY notice too late but not needed; KSEO I missed as I called WACB on the phone and talked with Joe Pelletier and Dick Cooper and WELC I slept right thru-first special I ever missed in that way. So all stations have been sent thank you cards except KFAR and I'll try to get off an air mail letter to them this coming week. Many of these cards should have been sent long ago so for punishment I sat down and wrote 'em all at one time. 6 veries have been received the past week and total now 813. 1/7 CFCF-600 Montreal nice letter and Ekko stamp for reg sked 12/23; 1/10 KDKD-1280 Clinton Mo letter for NRC-DX 12/23 and from WISR-680 Butler Pa for s/on of 1/1/52. This was such an unusual report for a 250 watter with at least 2 50 Kw on the air at same time, that they sent me a QSL card and a letter-Quote" This will acknowledge your report of 1/1/52 pertaining to reception of WISR on 680 kcs between 6:30-6:45 AM E.S.T. A report of this nature is indeed unusual and very pleasing to receive; even though the atmospheric conditions were probably responsible for same. Thus it is my pleasure in this instance to send you a verification by letter and our regular verification card. Thanks very much for the report" end Quote. Signed by C.E.; 1/11 KNAL 1410 form letter on swell letter head for NRC-DX; 12/17 WDSR-1340 Lake City Fla QSL card for ET on 12/31; 1/12 WHLM 690 2 letters, 1 original 1 carbon copy for 12/21 and for NRC-DX 12/30; Already verified as WLTR so no addition to my grand total but one for contest. Also rec SW QSL card from HOLA-Colon, Panama. And so for now 73s.

PETE L JACOBSON-5217 SO PORTLAND AVE-MINNEAPOLIS MINN Hi Peggy Ann and fellows. First of all thanks a million to Ray & Wag for straightening out my NRC DX NEWS. Rec No 14 1/11/ Now I know where to send my GKSM report. Here is what I have heard since 12/23. 1/1 WISN-KTHS-WCOC a new one. WTAD; 1/2 WPAL a new one; 1/3 KIEM a new one-KGHI a new one-WMCA. 1/4 KGO-KWWL and KNGS all 3 new. Any know the time of KNGS drop me a line as I have the report already to go but no time, just forgot to put it down for some unknown reason. 1/5 KCSJ and WMRP a new one; 1/6 KWIX ex KEIO for a new call; CKSM on NRC DX-KWHN both new; 1/7 XEDM a new one and would like to know v/s if anyone has it. Holding rpt for same. WHSC a new one; 1/8 KICD-KHSL new; 1/9 WORW-Terre Haute Ind new; 1/10 WNAX 1/11 Tuned the band for 2 hrd, no new ones and not even some that I hrd. 1/12 WRMN new; Rpts out to all these except KNGS-XEDM-CKSM-WORW-WNAX-WRMN; 1/11 Had at least 5 stations testing but as usual no calls. I feel that a station should give calls at least twice every hr and if they do not something should be done about it. What do you lads think? I hope to talk to the Chief of Monitors in this area in near future. OK on one of the fellows saying he would not want the FCC after him with the equipment they have, neither would I. With the equipment I have I can trace sigs and I have an idea that the one on 1340 is somewhere in Colo. Now for my veries;- CJOY for DX-KFDA-WBIR-WCMI-WLAP-WSMB DX-WHOM-WOKE who says in part, Been wonderfully received by DXers through out the nation keep it up you guys of the NRC & NNRC as you are really on the band".. KNAL-WBKW-WHLL-WTUX-and thats it for this week.

FRANK WHEELER-ERIE PA Since my last report I've had the following luck with the Specials. WSTR-R9; WAVA-R9; WKLJ-R9-KPRO Nix-CFCH-R9; WTYS too much interference from WEMP; KFDW-nix. No luck on KNAL-KULE or KPRO. WKLJ and CFCH both R9. Other new ones are KFMO 12/11 R9 0241, same day WPAL at 0216 and this should be WPAL Charleston instead of Columbia as on the contest sheet. KBRE-12/12 at 0402-R9; WRSA-12/12 at 0423-R9 and WFEC 12/16 at 0413; 12/23 KDKD at 0327, this was marked NRC in bulletin but without a *. Does this count for the contest? 12/24 WTIM at 0229; WFRX at 0213 A mine disaster station asking servicemen home on leave to take part in the funerals of Vets killed in the diaster. 12/30 WHLM at 0501, last new one for 51; 1/5 WWIN-R7 at 0330 A 1st one for 52 and WMTE-R7 at 0335-0340 R-7; WSTA F/C on 1/7 0402-0407-R7 first Virgin Isle for me and first one out of N A for 52; KOFO R-9 1/5 at 0354 f/c; WSBB-R9 1/8 at 0355 f/c; KCLS-R7 at 0335 1/7; 1/6 CKSM NRC-DX-R9. New ver-ies are WATG-CJOC-WXRF-KSEO-WGRA-WPAL-WKLJ-KDKD. If the club wants me to keep the Heard-Verified list I will do so. 73s.

FOREIGN DX DIGEST

Edited by Fred VanVoorhees, Box 132, Lemoyne, Penna., Deadline Wed. AM
After last week's unusually large section, we seem to be back to just about normal this week. Still plenty of good DX there though.

NORTH AMERICA

CUBA--*--CMBC (690) "Radio Progreso", Havana, and CMKJ "Circuito CMQ", Holguin (730) both well heard on 12/26 at 0600. (BS) One hrd on 920 Kcs., probably CMJL. (BS) On 1/7 heard CMCU (660) "Radio Garcia Serra" at 2540 with S-7 signals. Seem to come through even when conditions are poor. (BS) Verie received from CMBZ for report of 11/20. (BS)

MEXICO--*--On 1/4 XEDM (1580) heard with popular music at 0800. Location given as Hermosilla, Sonora. (BS) One on 1290 heard here and sounds like XEAR. (BS) HH is positive it is XEDA. XELG (680) Leon, Guanajuato, very good 1/5 0120-0134 sign-off. A little KNBC QRM. (HH) Still hearing the station on 660 after CMCU goes off. Sounds like a Mexican. (BF) (Barry, I'm sure it is XEBZ, identified here. FV)

EL SALVADOR--*--Still hearing the El Salvador station on 1015 Kcs. evenings and seeming to announce as "Ondas Populares". (HH)

GUADELOUPE--*--This station at Basse Terre now being heard on 625.5 Kcs. QRMS Costa Rican (TIPG) on 625 Kcs. (ER)

PUERTO RICO--*--WIPR (940) Santurce, hrd 0340-0405 in clear on 1/1. WORA (1150) Mayaguez, from sign-on at 0500-0515 with moderate QRM from WCUE. After 0515 severe QRM from WAPC. Logged 1/2. WRIO (1320) Rio Piedras, hrd from 0426 sign-on to 0454 in clear with good signals. Hrd most mornings. QRM from WKIN after 0455. WTIL (1300) Mayaguez, in clear from 0500 sign-on until 0530 when WOOD gives moderate QRM. (All Puerto Rico-HH)

DOMINICAN REPUBLIC--*--Station heard on 790 Kcs. between 0438 and 0513 in clear announcing as "La Voz del Tropico". Feel it must have been HIL. (HH) Mystery station on 1414 Kcs. has been identified as HI3A, "La Voz de la Reeleccion". Signs on around 1715 and often well heard throughout the evening. (HH)

JAMAICA--*--ZQI (870) Kingston, has been heard on 1/6 from 1900-2100 on 863 Kcs. (ER)

SOUTH AMERICA

BRAZIL--*--Finally got a log on PRE-9 (1200) Fortaleza. Heard on 12/28. (BF) Been doing a little Brazilian listening myself, and I have logged and reported PRE-7 (1410) Sao Paulo, on 1/13 from 0331-0351 at which time he had pretty well faded out from an opening S-6. Mostly music. Then on 1/15 I logged PRG-3 (1280) Rio de Janeiro, "Radio Tupi". He also had an S-6 signal at 0310, and was still quite strong at 0330 when I quit and went to bed. (FV)

EUROPE

ER reports that European reception continues to be an up and down proposition with good reception one morning followed by very poor reception. Best DX these days is apparently covered by the North and South Americans mentioned above.

ITALY--*--BF through a pen pal who lives in Italy has furnished us with the following list of Italian stations which is believed to be 100% accurate.

Thanks again for cooperating to present a really good foreign DX section for the bulletin.

I'm going to defile the foreign pages with a domestic item of my own for just a line or two. Stopped in at WJSW (1290) Altoona, Penna., reported deleted last week. They had a diskastrous fire about three weeks ago destroying most of the station. They immediately went off the air, of course, and they tell me that there is little liklihood that they will rebuild the station. Most people around Altoona are a bit sad for the station was well liked for music and sports. Guess it's gone though. 73's--Fred.
