### WQTE-560 WAS NOT ON ON NOVEMBER 13 ON THE STATION'S STATIONERY

(To Len Kruse)

"I'm sorry but I guess I goofed. We were not on the air on Monday morning Nov. 13, but rather on Tuesday morning, November 14. When I marked the date on my calendar for the tests I thought of it as 12 midnight Monday the 13th instead of 12 midnight Sunday the 12th. As a result I was one day late. I'm sure some of your group may have caught me on Tuesday morning and I'm looking forward to hearing from them. I'm sorry about the mistake but maybe next time I will get the day right." (igned) Irv Laing, CE.

THREE BIG SPECIAL DX TESTS FOR NRC

W C H - Clarion, Pennsylvania  
 Mon. Dec. 4, 4:30-5:00 a.m.  
 Melvin Check, Engineer

"We will be most happy to comply with your recent request to set up a special DX Test Program for the National Radio Club members who need our station in their DX Log. We consider it an honor to be requested to do this. Hoping that the channel will be clear that morning so all your members may log the program which will be, as things stand at present, just music with appropriate station identification between selections," writes Mr. Check in part. We do expect WERE to be on, but we still feel almost everyone will be able to log this fine new station.

STAN MORSS

W M C R - Oneida, New York  
 George C. Sitts, C.E.  
 Mon. Dec. 4, 4:30-5:00 a.m.

Last season this station, then known as WONG, put on a special test for the NRC, and now here they are again with their new calls. 1600 is clearest on Monday mornings, and we expect interference from WFIS, Fountain Inn, S.C. and WKWF in Key West, Fla. WMCR is non-directional and we feel most members will hear this station's test. The Program Director and sign on man, Mr. Morton Downey, will be at the mike for the test, but send the reports to Mr. George C. Sitts, C.E. There will be music and frequent station breaks throughout this half hour test.

LEN KRUSE

W B A B - Babylon, L. I., New York  
 Wed. Dec. 6, 2:00-3:00 a.m.  
 Richard Aronson, C.E., K2RVM.

This date was selected by WBAB as they are holding their regular frequency check on this morning, around 1:15 a.m. There will be one or two West Coasters still on at this hour, and Mexican XELZ, but outside of these, 1440 should be clear for the rest of us. We do not know just what WBAB will have on the air during this TEST period, so let us tune in and find out. Their studios are located at Farmingdale Road and East Drive, Babylon, Long Island, New York, and they run one kilowatt, non-directionally. We hope everyone will hear this goo-music station on this special test.

FRANCIS H. NITTLER

ON THE STATION'S STATIONER - KONP-1450

Dear Mr. (Ernest) Cooper,  
 Port Angeles, Wash., Nov. 14, 1961

"We at Radio Station KONP would like to set up an appointment with interested members of your club to check our antenna signal strength. Our last contact with your organization was in 1945, in which time we received a large number of letters from your members reporting our reception.

"Please schedule us at your earliest convenience."

Yours truly, (signed) Patrick Hall, C.E., KONP-1450.

Note: This letter is being forwarded to Fran Nittler for his attention.

DX NEWS

3

Hank Wilkinson Jr. - 6620 Beeman Avenue - North Hollywood, Calif.

For all those DXers who have logged and reported Station TGUX-1020 in Guatemala City, but haven't received an answer let me give you some information. First of all, I've mailed six reception reports to this station up to this season dating back to the Fall of 1958. Being that they speak English on occasions and also advertise American products on their station I just wouldn't give up. On Saturday morning, 11/4 I received a letter from TGUX by registered airmail. Mr. Dave Thomas, the writer, states: "I have checked our station log back to the dates you received us and in every instance they are absolutely correct as follows: 8:50 to 9:30 p.m. EST on 11/25/59; 6:50-7:26 PST on 11/26/59; 11:40-11:51 p.m. PST 10/9/60." He adds, "No one has taken the trouble to answer reception reports at TGUX but being an amateur myself (TG9UX) I know what it is not to receive a QSL." Mr. Dave Thomas came to TGUX from Argentina. I feel that we DXers have a friend in Mr. Thomas. Let's be polite and correct in our reports to this station. I'm writing Mr. Thomas today requesting him to send letters of verification on all correct reports from DXers that are in the station's unanswered file. I'm quite certain that he will.

Pete Taylor - 2340 Pacific Avenue - San Francisco 15, California

The old HQ's been pullin' in a few, like so: 11/2- KERN-800 ET 4:15. 11/5- XEAE-1600 2:41-2:25. 11/6- CJOR-600 2:04-15; KSEW-1390 2:27-45; KWIN-1400 ET various times 3:09-4:20; KGVV-630 ET 3:12; KXXL-1450 1 kw. f/c 3:30; WKOW-1070 6:05-20; WMAQ-670 6:25-40; KBLU-1320 7:18-30; KAYT-970 7:35-55. 11/12- KSDO-1130 2:35-3 s/off; KLOQ-1390 AN 4:28-40; KILT-610 5:49-6:05; KLAJ-1600 7:15-32. 11/13- CFTK-1140 2:00-2:05 s/off; KCMJ-1010 2:26-41; KDJI-1270 f/c 3:51; WREN-1250 AN 4:31-45; Radio Americas-1160 4:55-5 (ex-Swan, I presume), VUNC-1270 5:30, Taiwan-1000 5:51-6 taped, Sakhalinsk-973 6:10-6:16, KSEL-950 in Spanish 6:25-35; KIZZ-1150 6:40-55; KCLS-600 7:09-2; in Navajo; KIDO-630 7:30-50; KFBB-1310 8-8:20; KXLF-1370 8:26-45; KRLC-1350 8:45-9:13. So is was a busy morning with 15 going out. You can't help but be enthusiastic when you see what Roy Millar and Hank Wilkinson are pulling in! Veries of note: KRKO KGEN KRLA KLBS 4QN KFRB KWIN XEAE (with Mexican peso as promised) KAYT 2AP KNBX KUPD CJOR WKOW WMAQ 1ZD. I've received the 11/5 issue, but still not the 10/28 one which I understand has Contest Rules for both the domestic and foreign contests which I plan to enter. KGO-810 has been on AN OC the last couple, but with reduced power; perhaps it's their old 7.5 kw. rig, and KCMO/WGY readable through them. Radio Americans gave mailing address as Miami, but presume it's the old Swan as mentioned 6 mg/s XT as does my Swan verie. Slogan is "La Voz de la Verdad----". Naturally, they feature hi-Fidel recordings! Thanks to Roy Millar for helping to bring my 1958 WRH and Asian logs up to date. Can see I have some brushing up to do along these lines. 73s.

Randall Lee - 4357 Ridgeway - San Diego 16, California

Hi again. Time to report. Since last Musing, DX has improved considerably. I have two photo copies of Radio Swan's XR, studio and DJ. I will send them to the first who write me for them. Also, I have a number of "KOGO, Radio 6 double O" book covers for you guys who want them. Isn't it a darn shame that during the best DX season of the year we must have school to distract from DXing (or more like it, DX to distract from school). Anyway, those KOGO book covers look good on your books. Andy, thanks for the CKGM and KSYD surveys. I sent you some surveys and a few KOGO book covers. Most recent DX was on 11/10-11-12 which yielded the following: KAYO AN on 11/11 at 3:35 a. m. under AN KRKD, Los Angeles; KSLY-1400 s/off at 3:03 on 11/11; KXO-1230 El Centro, Cal. 11/11 s/off 3:30 a.m.; KGEH-1230 AN 11/11; KNUZ-1230 11/11 AN; KEHG-1370 10:17 p. m. 10/11; XEAA-1340 10:35 10/11; KSRV-1380 940 11/11 3:47 p.m. All times EST. I can see that Winter DX CX will be tremendous this season. Because, on 10/28 I heard the first of Australia and New Zealand. Best signal was from IYZ. No new ones, however, as didn't bother to log them. Recent veries are in from KPAL KSON KTOO KSTP letters, and KLO WSAI WWSW KEEN WSPD QSL cards. Reports are out to 4MI 4QN KACE WCMB KAIR WLCY WDVA KMVI WMOD KSYX WRCV and TNX; note to KSON for nice letter. Lately, local KFMB has been off AN, s/off 2:00 and 3:00 EST with not set schedule. Report cards come out on Monday so I think that I better not DX on Monday, hi. In my next report I will include some football games and the stations that will be carrying them. Remember the Radio Swan pictures and the KOGO book covers. Let's have every one reporting this season. Good DX to all. 73s.

LET'S HAVE THOSE REPORTS, AND PLEASE REMEMBER, A MAXIMUM OF 30 LINES TO A MEMBER, AND ONE REPORT PER ISSUE PER MEMBER. PLEASE CONTINUE TO DOUBLE SPACE. DEADLINE? TUESDAY.

November 25, 1961

Glen Kippel - 513 North Briscoe - Tulia, Texas

Golly-gee whiz-bang, gang, finally I got a little DXing done. Thing is, I picked up a rotten Sunday morning, not much heard. Got up at 4:00, then at 4:15 HJCC (name another "Emisora Mil Viente" in Colombia) on 1010, on top WINS most of the time. HOJ2-1040 in R-5 4:40; JOBK-670 logged until Radio Progreso slapped on carrier 5:22, then Cuban IDed and at 5:27 YVLX "Radio Rumbos" whipped all over the Cuban and a report os off to them. YND-675 beautiful signal with AN RS 5:51; CKDM-730 almost threw me, playing mombo music 5:52; HOU44-1015 in nicely 6:02; at 6:03 4VE-1035 (4VEC is the 6 mg/s call, looks like FBIS goofed again) in OK, started to log them and they dropped out of sight. Somebody pull the plug? 6:30 SS on 820 under bad bad power line buzz; Colombia on 660 6:47; Colombia (?) on 1090 6:55. Hey, West Coasters, 1040 still wide open 7:03, what do you hear? HOJ2 faded by that time. Back to bed until 12:00, then logged WWL-870 and WMAQ-670, tried WLW-700 at 1:00 but all they had was a bunch of half hour religious programs, not much to log, gave up 2:10. Somebody on 1020, may have been KDKA at 1:38. Just isn't sporting to listen for domestic at night, some of my better things around 11:00-1:00 (around noon CST) WNOE-1060 WCCO-830 and KBOA-830, WHAS-840, WSM-650. 10/30 at 12:30 had KFI and WOI fighting it out undeß WNAD-640; somebody on 650 with WSM; KXXX under KFYO-790; WLS topping KBYE-890; XELO under KDDD-800. Who's the Guatemalan on 845? Radio ---- de Guatemala, might be TGSM; s/off 11:31 p.m. with NA. SS on 1477.5 at 10:53, George Cox says YNAC, Chinandega on there - went off abruptly at 10:54. SS on 1085 with mucho KRLD QRM, you say YNQ, John C.? Nuts, didn't get that job at KIXZ. Blech. An no IRCs available in this hick town. How can anybody DX without IRCs? 73.

Jack Hathaway - 4701 South Milan Street - Amarillo, Texas

Howdy. Like many of the other members, I wish I had taken more advantage of the absence of XERF, hi! Total now 596 logged, 180 verified. 11/13- Disappointed in CX for first two DX programs; hope a lot of the fellows got them. KEVE-1440 Golden Valley, Minn. heard 3:47 while waiting for the DX show to show; sent report. WLBN-1590 Lebanon Ky. heard s/on 4:59; Lebanon-Springfield Broadcasting Co., has studios in both cities; bad XEMCQ/QRM. WRUF-850 Gainesville, Fla. heard 5:34; bad static; sent report. CBM-940 Montreal heard 6:04 with QRM in background. KGLC-910 8:44 p.m., KWBG-1590 Boone Ia. 8:56 p.m.; new here. WKY-930 9:02 p.m., WOW5590 9:25 p.m., XELO-800 10:30, said it was snowing! 11/14- WNVA-1350 heard 6:45 under SS and other QRM. KLAJ-1600 7:44 p.m. 11/15- KKJ0-1550 heard 6:25 with QRM from WAAY. 11/17- KGEM-1140 heard 8:27 p.m. WCFL-1000 heard 8:45 p.m. with QRM. KWKH-1130 heard 8:57 p.m. WNOE-1060 heard 8:58. KOVO-960 finally came up out of the QRM at 10:10 p.m. To Don Roller: Even if you didn't get assigned to Clovis AFB, N.M. you're still welcome any weekend, hi I'm surely envious of all that DX you'll be hearing, not to mention the femme fatales. I too have a new tape recorder so send me a tape as soon as you get set up over there. Like Ev, I have a lot of reports out but veries are sure slow in coming back. 11/18- KPHO-910 heard through SS and US QRM at 12:07 a.m. KALL turned out to be the US station. Someone just signed off on 790 at 12:59 and then at 1:00 KABC took over frequency. KTSM-1380 heard 1:22 with QRM underneath. WMAY-970 heard 1:24 with QRM underneath. XEOY-1000 "Radio Mil" coming right through WCFL 1:31. CBW-990 heard 1:36. KRIG-1410 heard 1:54; KWBB underneath. KTSM-1380 signed off with SSB at 1:59. As soon as their carrier left air another station on with SSB and signed off also. Then, about three were battling it out. WSPD-370 heard 2:06. KXYZ-1320 heard at 1:08 with another station just under it. KOIL-1290 fighting it out with KCUB at 1:11-1:35. XEF-1220 with someone underneath heard at 3:23. Best 73 and DX.

Tim Kelly - 5846 Seirra Drive - Redding, California

Hello fellow DXers. (Boy, I bet you get tired of that line). I just got my first issue of DX NEWS and savored every Musing letter. I must take one line to thank the person who got me to join, Fran Nittler. We correspond quite often now. He sent in two veries on KAHR and I had the pleasure of answering them. My equipment is a standard table model radio, a 115' antenna running N/S and 40' E/W. The farthest I've heard is WLS-890 WWL-870 WHO-1040. The only verie of these three so far, is WLS. Does anyone know if WWL veries? Other verifications are: KIT-1280 Takima Wash., KOA-850 Denver, KBRC-1430 Mt. Vernon, Wash., KGA-1510 Spokane, KIDO-630 Boise; XETRA-690, CKLG-730 CKWX-1130 KOB-770. Veries still not in are KPUG KEX WWL. How about it, Editor, where can I get some of that NRC stationery? So long for now. (Welcome to the NRC, Tim, and the stationery is available from our Buffalo address. -ed.)

Stan Alexander - 207 North 10 Street - Atchison, Kansas

Since my last report I have received the following new stations: XEHL, Guadalajara, 5 kw.; WSGN, Birmingham, 1 kw.; WTOK Meridian, Miss.; WHLO Akron, O. 1 kw.; WIS Columbia, S.C., 5 kw.; KFDA Amarillo, Tex. 500 w., KSCB Liberal Kans. 1 kw., KMGH 1 kw. and KOB 50 kw., Albuquerque, N.M., KFVB Los Angeles, 5 kw., XEB Mexico City 100kw., WMCA New York, 5 kw., WHBQ Memphis, 1 kw.; CMQ Havana, 50 kw., WDAY Fargo N.D. 5 kw., KGEM Boise Ido. 10 kw., KOOL Phoenix, 5 kw., KEAE Ciudad Acuna, 5 kw. (English) CKRC Winnipeg, 5 kw., WTIK New Orleans 5 kw., KGMT Fairbury, Neb. 500 w., KWRT Boonville, Mo. 1 kw., WCSC, Charleston S.C. 5 kw., KNCY Nebraska City 500w., KTTN Trenton, Mo. 500 w., KJCK Junction City, Kans. 1 kw., KOVE Lander Wyo. 1 kw., KFML Denver 1 kw., KFBB Great Falls Mont. 5 kw., KRZY Grand Prairie, Tex. 500w., WKSR Pulaski, Tenn. 1 kw, WBAP Ft. Worth (570) 5 kw., WTMJ Milwaukee 5 kw., CKBI Prince Albert, Sask., KCLV Clovis, N.M. 250w., KYA San Francisco, 1 kw., KEKO Grand Junction, Col. 250w., WYLD New Orleans, 500w., KFOR Lincoln, Neb. 250w., and KIMN Denver, 5kw. New states received are North Dakota, Arizona, Idaho, and South Carolina, making a total of 39 states and a grand total of 321 stations. Does anyone know anything (watt power) about WTOK in Meridian, Miss.? I believe it is on 1440 k/cs. Well, since there is nothing more to be said, I'll say 73s till next report.

David N. Lewis - 3429 Forest - Kansas City 9, Missouri

Greetings from the other DXer from Missouri named David. Welcome David Combs! Are we the only DXers in Missouri? Thank you, Len Kruse, for your Condition of Frequencies and Construction Permits! Now for my report. 11/13- KIKK-650 s/on 7:15 under tone from WSM. They seemed to be cw. 11/14, heard neither DX. During KCMO's 810 silent period (1-6 a.m. Mondays) I heard both WGY and KGO around 4 a.m., both seemed to be ANing. KEVE-1440 ended test program at 4. Fulton Lewis Jr. really gave WINZ-940 a big build-up on his NX when they joined MBS. What kind of programming do they have, Alex? Yes, KMBC-980 is AN seven days a week. KCKN-1340 is AN six days but silent on Monday AMs. Attention, CPC- KFRO-1370 said they would like to have a special DX for the NRC. Contact the v/s James R. Curtis. He said he still had the BCL spirit. What is that? CPC, please contact me as I am interested in joining. WDAF-610 will simulcast with WDAF-FM-TV and KXTR-FM on 12/24 at 2 p.m. KUDL-1380 testing from Fairway, Kans. but they don't ID. I hope to go to KBEA-1480, KBEY-FM now ABC for KC to see if I can get them to verify. Maybe that was who you heard on 9/22, Ernie. KANS-1510 is MBS for KC. KPRS-1590 may be sold. 73d.

Jim Critchett - 1804 Glenwood Drive - San Diego 1, California

Between September 7th and November 13th reception reports have been sent to 1150 KIZZ on RS, 6:14 to 6:24, Monday 9/25; 1150 KRKD 7 to 7:31 same morning; 1550 KFIF for RS, 8:30 to 8:52 10/21; 790 KEST on RS 8:46 to 9:01 Monday 11/6; 1250 KWCX RS 8:4 to 9 Sunday 11/12; 1410 KRML heard 9:15 to 9:31 same AM; and 980 KVER, RS 7:26 to 7:32, 11/13. Other DX notes: 1570 CFOR with Allen's Alley 9/21, before XERF returned to AN RS; 790 KUTA has been heard at 7:57, Saturday 10/21 but weak; 1590 KCIN weakly through KUDU at 9:31 Saturday 10/21; 1220 KKAR finally, very weakly, 9:50 Monday 10/23; 1550 XENU ID at 7:14 Saturday 11/11; 1290 KOWB on at 7:59 same AM; 1050 KWWM on at 9, same AM, but XED covered at 9:07, late s/on. Sunday 11/12 found 1250 KWCX and 1410 KRML alone on their frequencies at times shown above. 1260 KPOW at 8, clear Monday, 11/13. Veries have been received from: 790 KXXX (don't faint, boys); my report returned, with PP form marked 'OK'; 1130 KRDU; 1150 KIZZ, 1150 KJAX, my form; 1190 KZON same; 1400 KXIV ditto; 1410 WKBH for DX (said my report to Anderson did not get to right desk before); and 1550 KFIF mimeo form, with added note. Several f/ups out, too. Several weeks of overtime cut into my sleeping, and so no DXing. A new set of book shelves, with many interesting pocket-sized books has put me six months behind in keeping my Weyrich Log up to date. And we live near Mexico, with its spirit of "Manana" so I'm getting lazier. Thanks Murray Mann of Omaha for the good wishes via local ham operator. Pat Reilly, did you get the pinups for your Peace Corps barracks OK? Belated Happy Thanksgiving, so an early Merry Christmas to all DXers.

David E. Roys - 5121 Radnor Road - Indianapolis 26, Indiana

Hello out there in the land of smeedge. Plans are being made for a lot of little extras for the '62 Convention. The only way you can find out what they are is to be there. Why don't you younger fellows with money problems start putting aside your loose change every day? Then when Convention time rolls around, there are your travelling expenses! Remember, no matter how much preparing we do, it takes YOU (Page 6)

November 25, 1961

(Dave Roys) guys to make a Convention, and the more the merrier! DX is a little better. Like on 11/6, with the new 1ZD-1000 taking KOMO for a ride at 3:30. Verie back in less than two weeks. The reply was only three days in the mail. Verie #4 from N. Z. with only 30 more to go. All the time. Noticed two signals on 830, the one on top being a commentary on Australia with an Australian dialect. Could be 3GI. - Also, good signal on 870 with a play of some kind, so a tape off to 2GB, Sydney. My first tentative Aussie, and 5 kw., too. Goodie. Also noted strong signal on 800 between 3:00 and 4:00 with CBS programming. The only feasible one here would be KINY, so rather certain tape and PP off to them. If they verie, I will need only a verie from West Virginia to complete the 50 states. A new Venezuelan, YVON-870 is easy on their Monday AM s/on. Also PZX7-820 is in the clear at 4:25 s/on for those of you who do not have Surinam. Till next time, just plain old 73.

Dallas John - 337 South Stewart - Lombard, Illinois

I conceded a new local 11/11, WGSB-1480. They came on at 6:00 p.m. with SSB, a week late. In case anyone heard them, the CE is Howard Ensmen. Their signal doesn't compare favorably with WMRO though - programming is "good" music, Mutual NX. While in Urbana I visited WILL and WKID. WILL's towers are 30 miles S of Urbana, and they use micro-wave relay - directional E/W. The engineer I talked to didn't know of many reception reports, said most were from Ill. and Ind. The more ambitious amongst us might try for a four watt station on 610; address reports to WILL. He said that WLS is jammed frequently by a net of wireless BCers on 885 kc/s., heehee. We passed WIS's XR on W.S. 45, but unfortunately had no demolition equipment along. WKID has studios and XR on Philo Road, Urbana. They are Mutual and AP, plus popular mx. Ev has their year round sked now, f/c as listed. I have three extra WILL PS, three WKID Top 20 lists - who wants 'em? Veries are: WKYE QSL, WDIA form (major night lobe S), WJAR f/up (first report never received), WKID form, KOMO QSL, WPLA KNIM CHVC v/1, and QSL from WMEX KFUE and CKRC. On 11/13 I heard the DX from WNPV-1440 well, and XETRA better. Also at 4:35 WEBC-560 was on, so wonder if they are regularly AN now? Other loggings include WPMP WAMY KMAR WGSB. WPMP and WAMY were heard on different days with no QRM from the other. KALB-580 was heard on 11/10 and 11/11 from 5:00 to 5:17 (power cut) well, after which WELQ came in. The SS on Monday 11/6 was HJCN, report sent. WGSB's sked is s/off 1:00 all days, s/on 6:40 weekdays, 8:55 Sundays. EST of course. I wonder how long it will be before we get to:  $\cos 56^\circ$  plus  $\sin 10^\circ$  minus .28?

John Swanson - 3654 North Paulina - Chicago 13, Illinois

Guess the biggest thing that has happened around here is the acquiring of a new receiver, a Knight R-100. It is sure worth the \$79 I paid for it (Got it reconditioned). Even got an S-meter with it. Also new around here are: 11/3- WAAX-570 Ala.; 11/4- CHVC-1600 Ont.; CKWS-960 Ont., WMIC-1590 Mich.; WMPS-680 Tenn.; CFQC-600 Sask.; WDAK-540 Ga. 11/7- WARU-1600 Ind., WFRL-1570 Ill. 11/8- WZST-1550 for state heard #38 (Florida), KLFT-1600 La.; KXYZ-1320 Tex.; WGAD-1350 Ala.; WJBO-1150 La. 11/9- WAAY-1550 Ala., WPCF-1430 Fla.; WOKJ-1590 Miss.; WRR-1310 Tex.; KJOE-1480 La. 11/11- KGMO on a f/c, 1550, Mo. (station formerly on 1220), WAOK-1380 Ga., the new WGSB-1480 Geneva, Ill.; who said that this was their first day of RS, which would make them a week later than planned. 11/12- WMC-790 Tenn.; CFGM-1310 Ont., KPRO-1440 Cal. in briefly; KKHI (ex-KQBY)-1550 Cal.; KPMC-1560 Cal.; KWNT-1580 Iowa. 11/13- KUTT-1550 N.D. heard briefly before s/off, and 11/14 WNOE-1060 La. Veries are KPRC WMAV CFQC and WLAC, all QSLs. WAAX WIMA WMPS WDAK WZST and KGMO verified by letters. Got a CM from WAAX and WDAK. Did a little work on my antenna a couple of days ago and also bought a new set of headphones. What ever became of the idea of having certificates? It sure sounds like a good idea. Hope it was not discarded. 73.

Sam A. McLaughlan - Box 26 - Gatineau, Quebec

Not too much DX lately, but here's a few lines to let you know I'm still around. Local CFRA has shifted from 560 to 580 with a power increase to 50 kw. I'm pleased to say that it has a very clean signal, being directional E, W, and N. Very little signal gets out to the S. Was about 25 miles S of their XR and WTAG, Worcester, Mass. was on top. Lack of harmonics is hard to understand too. Radio Swan could be heard on 1150 at a point about a half mile E of their towers (four in line E-W). Any explanations, anyone? DX program from WNPV-1440 logged with nice signal this morning. Thanks, Len Kruse, Looks like I am one of the few to get WWIN verified. Signer is Leo W. Karns, CE and address is 1119 North Charles Street, Baltimore 1, Md. 73s.  
SAVE THOSE NICKELS DIMES AND QUARTERS, SO YOU CAN BE IN INDIANA WITH ALL THE SPORTERS!

Stan Morss - Route 3 - Bradford, Massachusetts

11/10- WMLP-1380 testing 1:48 a.m. WXMT-730 s/off 1:56 a.m. from f/c, not enough for a report. WKSR-1420 testing 2:11 a.m. and asking for mail. HJKU-1430 Bogota "Radio Maria" over CKFH 2:16-2:40 for a report. WRH says 250w/ - some signal for a 250 watt-er! WNHC-1340 noted s/off 3 a.m. WCRO-1230 AN show topping frequency 3:05. WAEW-1330 r/c 3:11 a.m. 11/11- WATS-960 Sayre, Pa. s/off 1:40. WKLX-1440 Paris, Ky. 1:45-2:04 s/off. HJKU-1430 Bogota topping frequency 2:08. WEET-1320 Richmond Va. test, 2:09. WDBF-1420 Delray Beach Fla. TT 2:11. WPFB-910 Middletown O. s/off 2:14. CHNS off AN this AM and WZOK off all week. WMDF-1580 Nt. Dora, Fla. 2:26. KQEO-920 Albuquerque over all at 2:45 a.m. AN show. 11/13- TT under WFIL at 1:02, off 1:05, but no ID - WQTE? Nothing after WFIL s/off. Well, who was awake? WBZA-1030 Springfield testing at 1:50 a.m. - who needs 'em? WFCT-1430 Fountain City Tenn. TT 2 a.m. WABB-1480 test 2:11. WFAX-1220 3:07. KEVE-1440 Golden Valley Minn. test 3:30 till WNPV s/ on carrier 3:53, then WNPV for two new ones on 1440. WOPI-1490 f/c-TT 4:21. WGLI-1290 at 4:41, evidently AN Monday too. WICE off. Veries, WCVP by PP, for March 1960 report, WELF-1590 by PP for December '60 report, WQDY for NRC DX, wants to do another. WGET-1320 for Election AN Show, friendly letter. I note with interest what Bud Barto and I got CSB9 on 10/25 at the same time with the Political Rally for Premier Salazar. "Viva Portugal, Viva Salazar" etc., quite a show. 11/14- WLOS-1380 TT 2:24. KSWI-1560 ETs 3:37 a.m. 11/15- WTKY-1370 Tompkinsville Ky. s/on 5:18 a.m. over WLTC for a new one here till 5:28 when a WK-- s on. WTHE-1550 North Augusta S.C. s/on 5:30 a.m. with SS underneath; trying again for a verie. 11/16- KGM0-1550 ETs 1:17. WKTG-730 2:15 with cw mx. If all goes well, may be down 11/25 - 50-50 chance! (I hope so! eed.)

Hal Robie - 351 South Street - Medfield, Massachusetts

Colorful v/c has been received from Central Office of Radio Clube Portugues for early evening reception of CSB9, Miramar, on 782 kc/s. Station which I feel quite certain was Monte Carlo on 1466 heard with fair signal 11/9 between 5:03 and 5:41 p.m. HIU has been putting in an appearance almost nightly around 9:00 to 10:30 p.m. Signals have been good, and Radio Caribe ID is easy to hear. Report out. This one is on 860 kc/s. The one evening they did not put in much of a signal here was 11/13. That night, PJC2, Willemstad, Curacao, was logged from 6:30 to s/off at 10:28 p.m. Their signal was good up to 8:30, and then poor until s/off. Hope to be as fortunate as Hank Wilkinson and Jim Ernst in getting a verie out of this one. Who can tell me something about Jamaica Broadcasting Corp. station on about 750 kc/s.? Location, power, call letters, etc. Heard here very briefly at 9:30 p.m. 11/16 and was able to understand only the JBC part of the ID and a time check. Can't find any info on this one in logs I have here, including WRH.

Mike King - North Eastham - Cape Cod - Massachusetts

DX has picked up a lot here with not too much QRM. New loggings are: 11/9- WTMA-1250 Charleston. 11/10- HJAN Barranquilla, Colombia. 11/11- WEET-1320 Richmond. KRLD-1080 Dallas; WQOK-1440 Greenville; WKY-930 Oklahoma City; WLEE-1480 Richmond, WYLD-940 New Orleans; KPRC-950 Houston, WVOK-690 Birmingham, WSOK-1230 Savannah, KXYZ-1320 Houston; WDAK-540 Columbus, Ga., WRIP-980 Rossville, WKCW-1420 Warrenton, Va., WJAB-1440 Westbrook, Me., WBTM-1330 Danville Va., WENN-1320 Birmingham, WEZL-1590 Richmond, WEEW Washington, N.C., WPFB-910 Middletown, O. (all logged on 11/11 from 12:00-6:00 a.m.). 11/12- WWJ-950 Detroit, WJLK-1310 Asbury Park. 11/13- KRMG-740 Tulsa; WGH-1310 Newport News Va.; WHBI-1280 Newark, N.J. and DX program on WNPV-1440 Lansdale, Pa. WOSU-820, Columbus. 73s.

Mike Silbert - 100 Winston Avenue - Hamilton, Ontario

Hi fellows. Now that the initial shock of seeing my name at the top of this Musing is over, let me explain. The tail end of school last year hit me hard, real hard. If that wasn't bad enough, I was in the hospital because the doc was worrying about my kidneys. That means you couldn't cover the bottom of a thimble with my DXing. From January and February this year I still haven't reported such catches as WDBM KTHS-dx WJAS (ex-WAMP) WKLO CBK WBAM WEAM WRNL WEZL CKCW VP4RD RJR-720 KIDO-dx CKY WENE WNAV WEZJ WGGH WMIX WGGO WPTS WHDL WCDL WOTR WMOD WAVE, long-wanted WRFD-880 WERH CHNS. Since then I have logged WNJH WTRR WGCB WRYT (ex-WCAE) "La Voz del Inra"-CMBN-1160 WMAJ and this afternoon I got WJCW, Johnson City, Tenn. on RS at 5 p.m. NX. My heartiest congrats to the gang from Indianapolis. I'm going to try to come and see the greatest Convention ever, in '62. Well, to all you kibitzers, I'll say (6/2<sup>2</sup>). (Glad you're feeling OK again, Mike - we didn't know you were ill - ed.)

Len Kruse - 816 Euclid Street - Dubuque, Iowa

The latest DX at this den includes the logging of Station KNIN-990 Wichita Falls, Tex. ex-KSYD, during its RS on 11/2 topping the frequency from 6:15-6:30 p.m. Then on 11/4 Station XEAE-1600 Villa Acuna, Coan. mailing address Del Rio, Tex. was heard with its RS late shows from 3:30-4 a.m. when they s/off daily. The brand new WIGL-970 Superior Wis. was heard on ETs on 11/6 from 2:08:40 a.m., will on top of the 970 spot. Station KUKO-1370 Post, Tex. was heard with a f/c-TT on 11/8 from 2:15-2:30 a.m., beneath AN WSPD. During the late afternoon of 11/13 I heard Station KEYD-1220 Oakes, N.D. with its final 15 minutes of the day from 5:45-6 p.m. and they seemed to have the frequency all to themselves. The following day during late afternoon on 11/14 I heard Station KAWA-1010, Marlin, Tex. from 6:15-6:30 p.m. at which time they signed off the air. Then on 11/16 I heard a brief ET from Station KBLR-1550 Bolivar, Mo. on till 3:30 a.m. with heavy KKJO QRM. Also on 11/16 late afternoon programs of KTCI-690 Terrytown, Neb. was heard for the first time from 6:00-6:30 p.m. when they signed off the air. So from reading this report, you can gather that late afternoon DXing is profitable too, even to us so-called "old-time" DXers. Latest v/l's received from KRAZ KROE and KNIN.

Ray H. Kraul - 6423 33 Street - Berwyn, Illinois

DX is pretty fair, at least there haven't been too many noisy nights lately. Here is what has been heard in the last two weeks: 11/5- KSIB-1520 RS s/off 5:45-6:00. 11/6- KXXL-1450 r/c 3:38-3:45. Found WEDC-1240 off 4:15-4:30 and logged WROV-1240 AM 4:15; WCOL-1230 AN 4:23 and WDVA-1250 RS 4:25-4:30; WSRC-1410 s/on 4:59. 11/7- KGM0 running 500w. on 1550 TT 1:40-1:45; KPBM-740 r/c 2:08:02:15 for second report. 11/8- Real surprises. (1)- WMAP-1060 RS 6:13-6:28; (2) WADE-1210 RS 6:50-6:58; (3) KCRS-550 s/on RS 7:00-7:05 a.m. No WRCV WCAU and KSD respectively. 11/12- WKIC-1390 RS 6:41-6:47 a.m. 11/13- KEVE-1440 ET 3:15-4:00 and like a bobm; WNPV-1440 DX like an H Bomb; WIVI-970 RS 4:31-4:43; long-sought-after KOOL-960 apparently AN 4:50; WRPB-1350 RS 5:15-5:25; WWNC-570 s/on RS 5:30-5:40; CHLN-550 RS 5:45. Veries from WMRI WKKS WLBZ KGM0 KSIB WSRC WCTW KXXL WCOL KCRS WHOT and WKIC. WSRC and KCRS wrote on reports and returned. Additional DX Saturday AM 11/18- WHIS-1440 s/on RS 5:43-5:48; WKBC-810 RS 6:07-6:25 under WGY; WCPS-760 s/on 6:29 way under WJR and lost immediately. Finally, WLYC with pre-s/on info at 6:58 s/on 7:00, 1050 kc/s. Four veries in this AM's mail: WEEU WNPV WROV and goodie WMAP.

Daniel Miller - 1121 Parkway Avenue - Covington, Kentucky

Big news around this DX Den! On 11/13 heard my first f/c and DX all in one morning. Got up at 3:45 a.m. on 11/13 to hear the WNPV DX and at 3:55 heard KEVE-1440 in Golden Valley, Minn. f/cing with mx. They are 5kw. Then at 4:00 the "Voice of the Great North Penn Valley" came in with S-3 signals. I consider this a pretty good catch. Sent full report airmail, should be back any day now. On 11/18 heard weak SSB on 580 under WCHS at 8:00 a.m. Is this WILL in Urbana, Ill.? Only one verie in, a card from WATE-620 in Knoxville, Tenn. Typed in the lower margin of the card was the following: "Yours was one of the best reports we've ever seen." Makes you feel kinda good. Well, I've got a fellow up the street from me interested in BCB DX, so there should soon be two of us reporting from here in Covington. Hope so. That about wraps it up for one week, since I don't have much time to DX because of schoolwork, but will keep at it whenever possible. Last, to Len Kruse, how about contacting WZIP-1050 here in Covington about a DX? They're very friendly and with 1,000 they ought to get out real well. Just a thought. Three score plus 13.

Dick Wiatkowski - 11 Walton Avenue - Celoron, New York

Veries in are WXYZ-1270 WOHO-1470 WTRY-980 WSHH-1570 WRAD-1460 WFRM-600 WHLD-1270. Veries sent for to WHLS-1490 WPON-1460 WABB-1480 WKCW-1420 WGUY-1250 WETM-1330. 11/13, heard WNPV-1440 during the special DX test. It was loud and clear. Unk tester at 4:35 on 1000 kc/s. Sent two letters to WLCY-1380 and still no answer after two weeks but got two v/l's from WXYZ-1270. 11/13 heard WFEI running 1 kw. at night. Did WILK change frequency? I heard it under a 1440 kc/s. station. About one week ago I heard WILK on 980 kc/s., where the call book has it. Don't feel bad, George Greene. I sent out a letter to KLCN-910 and didn't get it either. I haven't heard it since! Thanks for the surveys, John. I am going to try to get some of them verified if I ever hear them. Verie total is 84. Over and out. 73s. (Dick, your town is listed as Celoron on map and on postmark - you spell it Celoron - is it interchangeable? -ed. BE SURE TO REPORT TO ALL OUR DX TESTS OR TO SEND A CARD OF THANKS TO THE STATION.

November 25, 1961

Alex Bowab - Box 539 - Atmore, Alabama

Dave Roys has made the understatement of the year in regard to a certain Chicago station. After witnessing some of the DX Park Barton has come up with lately, I decided it was time I got started again. 11/11- WRFD-880 daytime RS 12:00. 11/12- WAPE-690 ET-rr 12:43. KMBC-980 heard on AN show. Thought for a while WFLA-970 had gone AS as they didn't go off until 1:20. On the other hand, KPRC-950 was still on at 3:00, so must be AN now. WINZ off AN, and WYLD on top. WKXV-900 ET/M 1:24-1:30. GES-1390 RS 1:37. XETRA-690 NX heard behind WTIK 1:45. XEN-695 Mexico City ID 1:55. KNEB-960 on r/c. WJOB-1230 AN. Who had old rr records and ABC NX on 960 between 2:30 and 3:00? Watched 1140 trying for KGEM which Park heard with WRVA off, but WRVA on this AM and explained that they had been off AN recently due to installing new equipment. PM, KEEL-710 RS 6:10 p.m., finally through WOR after WKRG went on night pattern. 11/13- KNBC-680 at surprising strength at 4:00. WOPI-1490 r/c-TT with QRM from WDXB. WAYR-550 RS 4:46. 11/14- Heard KELD-1400 on r/c; just before they came on, though (at 3:09 I'm almost sure I heard the calls "KCLA" mentioned. Does anyone know if the Pine Bluff, Ark. station was on then? 11/16- KFNV-1600 s/off 6:00 p.m., WKDL off at same time. KLEF was not heard; has their license been revoked yet? No veries.

Fran Nittler - 2334 South Josephine Street - Denver 10, Colorado

Not too much DX this week but a few new catches. 11/12, found WDGY-1130 Minneapolis completely atop the frequency all morning with S-8 signal so reported as didn't verify two years ago. They are heard here only rarely as CKWX usually strong on 1130 here. Monday 11/13 static very bad so not too much heard. KKHI-1550 San Francisco logged 1:30-2 an RS with strong signal with just a little XEBG QRM. The WNPV DX heard for a welcome catch but not for long. KPRO had carrier on until 4:05. Then heard WNPV up to 4:13 when KEVE on with OC and ET and on most of the rest of the time to block WNPV. Did hear them briefly at about 4:18 when their carrier off for about two minutes. KFKA-1310 reported for afternoon RS on 11/16 as haven't verified in the past. On 11/17 I added one of my most wanted stations, CKRD-850 Red Deer, Alta. RS 2:38 to 3:07 s/off. In the clear 2:39-2:50, then KIMO and CKVL took over until about 3:01 when KIMO had s/off. Then CKRD way on top until s/off. Veries are letters from KHOK-1560 XEAE-1600 KPGE-1340 KWBV-1440 but sure coming in slowly. XEAE said ran test AN show for just three mornings but will be coming back on AN in two weeks. Also, said they are having QSL cards printed up and also sent a souvenir peso. KHOK said tested only a little on the air and mine most distant and most complete report received. Colorado's newest station KDAB, Arvada, 1550 plans on taking the air around the first of the year with XR in Englewood. JOBK-670 heard with good signal Sunday 11/12 4:45-5:05 with ID in English at 5:00. Who was AN on 755 kc/s. Monday 11/13? Local ABC affiliation changing from KHOW-630 to KBTR-710. We had six inches of snow Sunday night and Monday morning so made for poor CX and also another six inches of snow last night so winter here already. Best of DX to everyone. 73s.

Chris Manthey - 21307 Maplewood Avenue - Cleveland 16, Ohio

Hi! New stations logged are: ex-WHMS-1490, Charleston, W. Va. AN on 10/30, 3:24 a.m., WBT-1110, Charlotte, N.C., s/on at 5 a.m. 11/13, WILD-1090 Boston, Mass. s/on at 6:00 a.m. on 11/13, WNPV-dx-1440, Lansdale, Pa. at 4:00-4:30 a.m. Verified since last report are WNEW-1130 WOAI-1200 WWDC-1260 WJJD-1160 WBZ-1030 WCFL-1000 WGAR-1220 and WCKY-1530. WCFL and WCKY's were printed on the back of 3¢ postcards. The biggest verie I've gotten so far is WWJ's, which came in giant economy-size 13 x 11 envelope. Totals now 193 logged and 30 verified. So far, I have 15 points in the Domestic Contest, with three states taken care of and half of three others. I was going to try to have 50 veries by the end of the year, but I guess I'll have to raise that. This week, I mailed ten letters for last Monday alone; it took me two after-schools to type them all, hi. At that rate I'll kill myself. If you're listening to WKCW (Heaven forbid) don't set your clock by them. I did, and it turned out to be two minutes fast. I think that point system of Bob Karchevski's is great, except, not being mathematically inclined I don't get how he figuree out the formula. I guess this should be a good season all right, because last seek I think it was I heard XERF overriding all at 6:4 p.m. while they were still in Spanish, and last night at 8:30 I heard an SS under the local 50 kw. WGAR, probably XEB. I just found out with the last issue what the Condition of Frequencies list is, and it's neat! Except I wish it could be expanded into the thing that someone was talking about last summer. I'm sorry but I don't remember who. I didn't hear Cutey's test last Monday; all I got was a TT at 1:35-1:38. (P.10)

(Chris Manthey) but that doesn't matter - I can hear them during the day. Reports since last time sent to WGAR WWIZ (f/up) WHMS WJET WLAC WCKY WSPD WPGC WKCW WHO WNPV-dx WBT WRVA KMOX WKY KEG WAFS (f/up) WFLI WTIC and WCAU which I mailed with this. Well, that's all for this time, and with seven lines to go too, my goodness! 73s.

J. B. "Pat" Reilley - 628 Spring Street - Jamestown, New York

CFGM is the only verie back with 36 reports still out. 11/12- CKAC-730 at 2:01. Unk atop WWSW on 970 at 2:06 to 2:20 but no ID heard. 680 had a tester at 2:45, believe it was WCEM but too much static and others here. 11/13- TT on 590 at 2:20. TT on 800 at 3:30 but no ID given. WITA, I believe on 1140 at 2:46. WFAX-1220 atop Mexican at 3:05. KEVE-1440, ET at 3:20 for new one. WNPV DX for another new one. 11/14- CJBC-860 test at 3:05. KCMC-740 3:33 for new call. KSWI-1560 ET at 3:46. 11/15- WAMY-1580 ET at 2:30. Tried for KKHI on 1550 but all I caught through KKJO was two time checks. WITA-1140 AN. KEVE-1440 test at 3:50. 11/16- WVOK-690 test at 2:46. KRMG and KCMC, 740, hammering away at each other. Too much good luck, WRVA back AN on 1140. PM DXing brought in KXEL-1540 atop at 4:10 p.m. KMMT-540 atop others at 5:00 with VDXN in background. 11/17- Three time checks on KKHI under KKJO at 2:47 - too noisy and I went back to bed. Tried PM DX but too darn noisy and snowing. 11/18- KXOK-630 t 2:48. WRVA-1140, not on at 2:50. KEVE-1440 ET at 3:07. TT atop XERF at 3:25 to 3:45 but no ID and off air. OC on 1550 at 3:46 but no ID on and off carrier; snowing and terribly noisy.

Wayne Pierce - 400 Winans Avenue - Vestal, New York

DX, what's that? I'm sure that this phrase, with all of its meanings, will not be seen upon the pages of DX NEWS for months to come if CX persist like this. "La Noz de Cali, Colombia" has been in on 820 for most of this week. Also in keeping with the many tips found in the INTERNATIONAL DX DIGEST is TGJ, Guatemala City, Guatemala, 880. I am now up to 740 kc/s. in my own station listing, and will remain near by if my studies continue as they have been. It's inevitable that one will be completed some time in the near future if I expect to know what's on the air at what times. At present the Jones Log is being marked up with changes so badly that its days are numbered. The log that is now being typed up here is on small enough pages to stay out of the way, while still giving room for changes in station info. Has everyone seen the January DXing Illustrated (Electronics Illustrated)? Hoo-na, it's full of info this month. Say there Ernie, I remember seeing something about other magazines being mentioned last year. Do you want to fill me in on what we are allowed to say about magazines here? Veries in from WHP WCFW WANN WOWO WBEN WBAX WKVA and WNBC. A lot of powerhouses, but all were gladly added to my veries. Chris Manthey, thanks for the info. KGMO-1550 is on a test 11/12. Also that morning, XETRA CFGM-1310, WETT all RS. Hey Ernie, was that YOU I saw doing the Twish at the Peppermint Lounge? Just plain old 73s. (No restrictions on magazine comment, so long as it's brief and non-libelous-ed)

Joseph Fela Jr. - 102 Hawthorne Avenue - Newark 12, New Jersey

Hi out there. Won't get the 11/18 DX NEWS till the 20th so don't know what will appear in it. So to the GPC, please contact the CE of WCTC-1450, New Brunswick, N.J. about a DX program. His name is Clarence Dingman and wants to know about what date and time is desired. This is providing you haven't done so already. About WCTC, they are trying to find out if their signal is readable around (especially the suburbs around S and W of) Newark. While their 0.5 mv/m curve passes through these suburbs (just short of Newark) WNJR-1430 (my #1 problem) has their XR in the middle of these localities at Union, N.J. He said he took measurements of WCTC's signal and found it was getting up there but WNJR was making it totally unreadable by its splatter which he indicated he thought was caused by over-modulation (with the loop at WNJR's null here, I get a grabbling sound under WCTC on 1450 and on 1410, while 1440 and 1420 are clear, except for some normal splatter. This would seem to indicate the definite presence of spurious responses from something like over-modulation). Thus, he wants to know if this interference is steady (it is to my observations) so the programming of WCTC can be directed to those localities receiving a clear usable signal. WCTC is losing, by the way, quite a few of heavily populated suburbs within its 0.5 mv/m curve due to these responses. To DX. Veries are letters from YNOL WFUN WROV and WSM and a card from WDAK. Loggings- 11/6- WJNC-1240 f/c N.C. and WDAX-1410 f/c Ga. 11/1 WSKI-1240 Vt. s/off, XETRA-690 (Calif. or Mexico?), WIRL-1290 Ill., KEVE-1440 Minn. with a "special program, operating with reduced power", piano mx and 15 minute IDs - had to hear three before sure of call. 11/13- CFOX-1470 Que. s/off and WDSK- (P)11

D X N E W S

11

(Joe Fela) 1410 f/c Miss. No WQTE-560 here and too tired to stay up for WNPV-1440 (and to think I passed it up a few weeks ago). CX have been perrific the last few nights but didn't have a chance to DX - maybe this weekend I will have a chance. So, 73s for this week.

Bud Barto - 3 Glenwood Avenue - Naugatuck, Connecticut

Report is as follows: 10/26- WPDx-750, s/off at 6:45 p.m. 10/27- WMTL-1580, s/off 7:17 p.m. 10/29- WSRO-1470, ET 1:16; WNDB-1150, 6:15-6:30 p.m., very strong with WX, stock-bond reports, IDs; WCRV-1580, ET/M 1:47. 11/4- WGTO-540, s/off 5:30; WAOE-690, 5:15-5:20 with ads, mx, rr, IDs, WX. 11/5- WCPC-1320, s/on at 5:05; CFGM-1310, way over S9 at 12:40-1:00 with "Night Riders Jamboree"; WQXQ-1380, ID 4:31; under WLCY. 11/11- WCOG/WMSC-1320 s/off 12:01; WEET-1320, with ET/M 12:25-12:30; WRNB-1490, s/off 12:15; WMEG-920 at 5:30 a.m. with "Annual JC's Radio Day"; WREV-1220, s/off 5:16; WAVI-2210 under WCAU with ID at 5:14; WTTC-1550, s/on 6:08 a.m., WHEE-1370 s/on 5:30. 11/12- KGMO-1550 ET 1:30. Veries in from WGET KOIL KDWB KBON and KXLY. HJBK-1468, Rosario, Colombia, heard 11/10 from 7:40-8:10 p.m. with IDs, mx, etc., also on 11/9 from 7:40-8:23. OBX4I-1435, from 7:45-8:30 with Spanish announcements, "soap opera" type program, several IDs, mx, S 3-7; YNAG-1477, NX 11:30 p.m. and on, heard from 6:46-11:42 also on 11/9 around 7:55. 11/9 was terrific to SA and LA with 42 heard, Some were YVMN ZYH26 HRUC TGXA HJCN HJCU HJCG YVMB HJAJ YSS 4VEH YVQO HOU HJAN YVMH TIRH XELA XEN TILX GAK CMJT and CMHU. 11/10 was also good with 21 loggings, best were CLHB 4VEH YVKE CMCG TGXA TVQR TVMH OBX4I YNOL HRUC YNAG YVMN and HJBK. 73s.

Harold S. Williams - 50 Third Avenue - Seymour, Connecticut

As I'll be very busy this weekend I am sending in my Musing early. I missed two issues and even had to miss two NNRC Board meetings, which is unusual for me. Just two new reported stations since my last writing: 11/2- KMGM-730 Albuquerque, N.M. heard on f/c-TT 2:13-2:25, for the first report since 7/2. 11/4- WEZJ-1440 Williamsburg, Ky. heard on f/c-TT 4:07-4:15, QRM'd by WAAB. Thanks to the f/c list for these. My October 28 copy of DX NEWS arrived PROMPTLY on Nov. 4 and the 11/4 DX NEWS arrived on 11/6 I see by the 11/11 issue that others got their 10/28 bulletin late. Guess the Buffalo P.O. boys overslept. Did not hear KZIP and on 11/13, because of being dead tired, I missed WMPV and WQTE, both needed. I will be at work but hope to sneak in enough time to try to log the needed WDLR. CKCL, for NNRC, is not needed. One lone v/l received from KMGM, Kolorful Modern Good Music, hand-written letter plus a picture card of the KMGM plant. While I have done very little DXing I do read the DX NEWS, sometimes in bed, and I sure do get a real kick out of same. I will try to make the deadline twice a month, not enough activity here to report each week as I did for over ten years. 73.

Carroll Seth - 154 Parkridge - Buffalo 15, New York

Chastened by the effects of Hurricane Hattie, I can only extend my most abject apologies to our British Honduran members. I wanted it to hit that area so their radio station would be on AN. It did but all my tuning on their frequency drew a blank. Hurricane Hattie blew away Radio British Honduras. I only wanted a little hurricane. DX here has fallen off and signals so weak as to send us up on the roof checking the aerial. It was a thrill one night last month to hear Monte Carão sign on. That's local reception when you can sit on a split frequency and wait. A nappy 20 minute log on Fiji-840 was ruined when they IDed as WGN. Where'd they dig up the old discs? Shensi China and South Viet-Nam have also proved quite elusive. So, after all these years of Dying, Ethel Wagner wondered what happened to my hair. It wasn't the Makis and Jushins, Ethel!

Norman Pillsbury - R.D. 3 - Jamestown (Busti) New York

Back again. Now have a grand total of 79 veries. Latest are listed with the number of days it took to receive them: WJJD-10 KNX-8 WJAN-22 WPRO-17 WVOK-6 WHHH-3 WBIM-10 WHO-24 WTOP-6 WQAM-9 WABC-32 KMOX-19 CHOW-7 CHEX-8 KQV-3 WCED-4 WHLO-23 WCYB-4 WFRA-3 WSJS-10 KGLC-19 WHEN-3. Caught WBSC-1550 for a new verie on 11/18. 11/9- Cubans all over due to Northern Lights. 11/10- WRC s/off 1:05, CJBC s/off 1:05, WBT s/off 1:10, WEET ET/M from 1:40-1:55, then my bed looked so inviting, I couldn't resist. 11/11- WCYB-690 s/off at 5:15. 11/12- CBF s/off at 1:05. Heard WAFB testing from 1:00 to 4:30 a.m. playing rr. 11/16- CHUC-1500 s/on at 7:15 daily. 11/18- WHIS s/on at 5:40. To Pat Reilley: Sorry I haven't been down lately but it is a little too cold to ride my bike. I don't get my DX NEWS until Mondays so I don't usually send in my report until the same Monday. Well, so long and 73s to all. (Make Pat ride his, Norm! -ed.) EVERYONE AGAIN DOUBLE SPACED THIS WEEK FOR WHICH YOUR EDITOR THANKS YOU ALL.

November 25, 1961

James A. Lee - 2217 N Street - Omaha 7, Nebraska

Pretty fair CX here after first noticeable snowfall 11/16, 4". Nov. 16, AM, turned the dials before departing for work and heard WCNT, Centralia, Ill. 1210 and WKNX, Saginaw Mich., same frequency. Reports off to them. Also heard WLBH, Mattoon, Ill. 1170, and KWOR-1340, Worland, Wyo, but not enough for report. 11/12, logged KRIG-1410, Odessa, Tex. at s/off 2 a.m. EST. RS, KOGO-500, San Diego, 3:00 a.m. KOOL-960, Phoenix; WDIA-1070, Memphis, 8:15 a.m. Veries are WKDL CFPL and KCLS. Total logged 316, verified 228. Here is my weekly mystery. What station on 690 kc/s. has continuous NX and sports? IDs as "Extra News." Listened from 3:30-4:05 a.m. EST with no call letters. Kept mentioning Los Angeles, but can't find a California station on 690 in my log. Could this be XETRA, Tijuana, Mexico? What frequency are they on? Bought used Heathkit Q Multiplier and John Draus installed it on the SX-710. Works OK for \$6.50. 73s.

Ralph Johanns - 11 East Chippewa Street - Buffalo 3, New York

During EST, local QRM cuts my DXing one hour, EDT I gain it back; one hour before SS till 2:45 a.m. EST, no-no DX, then after if I listen, and CX are favorable, I can tune from WWRL down to WDAK, and so occasionally hear goodies and others. I've no communications receiver, only a DAK-3 (Navy snip IFF) and an R-5/ARN-7 (older Army compass), both surplus; a BC-946-B (part of the Command set) is working if needed, while an old three band RCA table radio is used to check time, either CHU-3.33 mg/s. (time every minute) or WWV (who takes five minutes). Antenna of roof, three story-high building tied to back of a big steel ad-display, runs E/W the double building length and back to center inlet to sets. I never measured it, maybe 100-120' total, I cannot go W or S and am in the downtown business section (none too favorable) about three blocks from WBNY-1400 XR and soon they'll be WYSL with lkwD/250w.N and 24 hours. I live on third floor and can see the "Candy Canes" on Main St., or go to other end and look at the Christmas lights (22,000) on the tower of the Electric Building. I thought I'd give you my layout once, although it took a half musing. I'm not sitting up AN DXing but manage an hour or so at times, Monday AMs oftener, also find WX changes make for some difficult reception. V/1 by WMLP-1380 CE (K3CLX) says WMLP-1570 purchased Williamsport Broadcasters Assn. who never went on air with WARC call on 1380; WMLP Inc., 65-71 Bound Ave., Milton, Pa. V/1 by WYSH-1380, Clinton Broadcasters Inc. James F. Stair GM a year old now and has EST all year with November sked 5:30-5:30, r/c-TT is fourth Thursday 2:15-2:30, their TT is taped with a combination of varying amplitudes. If you hear it TT has a very odd sound. Correct on new AN list, WGR-550 off Sunday and Tuesday, CKOM-1250, not 1420, CJOY-1460 not 1450, CKCY-920 not 1400. I don't think WLEU is AN, CKEY CHML WAKR etc. gi iff ibkt wgeb maaintenance demands it, seldom. The WQTE DX 11/13 had my local QRM period and so took WNPV-dx as he cut out KEVE AN progress test, also again 11/15, Golden Valley, Minn. maybe because KUXL-1570 is coming? WNPV thanked Len Krauss (hi) and said Leroy Nuts (Nuss, German) was CE and would return RS 5:50, then after 4:30 held OC and popped a final call into KEVE at 4:50. WBCM s/on 5 a.m. RS, they had a f/c-TT 2:45-3 on 11/17 while CHQM-1320 Vancouver was tops to 4 a.m. then WILS cut in. 11/18- KONO-860 AN, the new KMNC-980 AN got an OC/ET by WONE 4:45 a.m., and then RS s/on at 5 a.m., no WTRY/CFPL ANs showed up. Happy Thanksgiving, all.

Ben Dangerfield III - 202 Governor's Drive - Sproul Estates - Chester P.O., Pa.

The real exciting foreign DX seems to have subsided (temporarily, I hope) and November so far has brought reception from what I call the "LA Zone", Mexico, Central America, West Indies, Caribbean and Northern South America. The U.S. and Canada have been good here, and I guess if I were primarily a domestic DXer I wouldn't have too many complaints. Speaking of complaints (or annoyances) here a few random thoughts from this struggling DXer. First of all I note that one of our members is still submitting inaccurate report (stations not on air, wild guesses, wrong calls, etc.) That sort of stuff doesn't help us a bit. Second, it is my considered opinion that the NRC being a medium wave club all references to SW stations including those in the Foreign section should be deleted. Reason is that SW stations running dual to BCB stations offer strong temptation to "cheat a little." I think we ought to just forget about the "duals" and log solely on the basis of what we hear on the medium wave outlet. After all, is it just the QSL card we are after, or the thrill of hearing a rare station? This doesn't mean I don't hit the clouds when I get home from work at night and find one or two new veries awaiting me! Incidentally, recent veries have come from Madrid-1016 EAJ-101 (Zaragoza) Spain-872; Norte II (Portugal)-719; YVNM-1000 (Radio Moron); Oran-1142, Alger I-890.

Ricky Lavine - 505 South Berks Street - Allentown, Pennsylvania

Although I've been in the NRC for seven months this is my first Musings. Guess I've just been plain lazy. I've been DXing for almost two years on BCB and have logged ~~heavily~~ 300 stations with 201 veries. Some of my better catches are: WQAM-560 KXYZ-1320 KFH-1330 WCKR-610 Miami (benina WIP) KOA-850 Denver, WVOK-690 Birmingham, WSAI WPTF-680 CHOK-1070 Sarnia, Ont., WELI-960 WCSC-1390 CFNB-550 WMMN-920 WKAT-1360 WICC-600 WKWF-1600 WCED-1420 DuBois, Pa., WFRM-600 Coudersport, Pa., WAZL-1490 Hazelton, Pa., WWSC-1450 Glens Falls, N.Y., WPAC-1580 Patchogue, N.Y., WRUN-1150 Utica, N.Y., CJRH-1310 10/13 from 1:00-1:45 a.m. five hours before they changed to CFGM and increased power to 10,000w. day and 2,500 night. They were 250w. when I heard them. Other prize veries are: CKSO-790 Sudbury, Ont., CKOC-1150 WHLO-640 Akron, WWOD-1390 Lynchburg, Va., WRNL-910 Richmond, WBIG-1470 WKLM-980 WFNC-940 WMAK-940 WICE-1290 WPGC-1580 WSAZ-930 Huntington, W.Va., WMBR-1460 WZOK-1320 WAPI-1070 Birmingham, CFBC-930 ZNS-1540 and WJPS-1330 Evansville, Ind heard 6/17/61 on an ET. Mt receiver is a GE eight transistor with no outside antenna. If anyone can tell me which are the easiest stations to get in Maine, Mississippi, Vermont, and Wisconsin I would appreciate it. These are the states I need East of the Mississippi. I have enjoyed receiving DX NEWS and find it has been extremely helpful to me. That's it for now. Best DX to everyone. 73s. (Welcome to Musings, Ricky, and we'll hope for more! -ed.)

Bob Karchevski - 188 Marlborough - Boston 16, Massachusetts

11/18. Hi everyone. To Marty Siegel, I am going to build a loop antenna, and I'd like to hear about yours, construction-wise. The other night I sure could have used one. My long wire runs N/S and I was getting WIND-560 5x5 at 1 a.m. And underneath was WQAM very faintly. At least I think it was WQAM, though I didn't ID it. If it were, I could have got it 5x5 if I'd had the loop. Miami and Chicago are almost at right angles to me here. Stations received since Oct. 28 report (\*-verified): 10/26- WNYC-830 New York; WFBL-1390 Syracuse; WLS\*-890 Chicago. 10/28- WGY\*-810 Schenectady. 11/7- CFOR-1570 Orillia, Ont. 11/11- WFBR\*-1300 Baltimore. 11/12- WAVZ-1300 New Haven; WOOD-1300 Mich.; WJR-760 Mich.; XEWA-540 San Luis Potosi. 11/13- (while listening for WQTE) WGAN-560 Maine (unn); WFIL Philly; WIND-560 Chicago. Other veries in arc cards: WCCO CBA WBAL KNBC WOWO WMEX, letters, WABC WGN. Bad news here. Landlord says the Boston Fire Dept. won't let me keep my antennas on the fire escape outside my window. This won't interfere with antenna #1, the 50' wire on the roof, but I had to take in a 20' vertical antenna I had hanging from the fire escape. Also had to pull in the TV antenna. I was planning to put my loop when built, out there. Guess it's for the roof now. 73s.

Ken Murphy - 60 Plymouth Road - Glenbrook, Connecticut

Intending to head for a week in Massachusetts on a much delayed vacation. In the past month I have added 26 stations to my heard log, the better ones being KVNA-690 BBC-1088 KRG1-1430 and the one I like best, WILI right here in Connecticut on 1400 kc/s. I've been trying for this one for at least three years but local WSTC on 1400 has always made them impossible. Managed to get their s/on through the WSTC carrier a few days ago and received a very nice and prompt verie. Willie (WILI) and Winnie (WINY-1350) owned by the same people. Two reports out for nine and ten months both verified on the same day - WCLO-1230 and WQDY-dx-1230. Other veries in from KVNA-690 WEMJ-1490 WNPV-dx-1440 WLIQ-1360 and a nice air mail letter from the BBC verifying 1088 kc/s. and enclosing an engineering information sheet on the Droitwich XR. Thought I heard WKFD-1370 the other morning and now see that the FCC says they are on the air so will really have to give them a try. They are the only R.I. station I need, WICH-1310 the only Conn. needed and I still need just one in Vermont - WBTN-1370. Hope WBAB-1440 will verify on their coming 12/6 test. I have sent them three reports with no answer: 73s.

Sid Rosenbaum - 806 Market Street - Wheeling, West Virginia

Only one brief session here. 11/13- KGMO-1550 f/c 1:25-1:36. WFCT-1430 Fountain City Tenn. with XR test, 2:00-2:27. WFCT verified promptly with nice letter. Local radio man advised he could convert my National NC-33 for loop with a couple jack to permit outside antenna. Who sells variable loops? WAMY-1580 heard with strong signal at 6 p. m., for those who need Mississippi.

Bernie Duffy - 77 Livermore Avenue - Staten Island 2, New York

This week's score is only one new catch, WDLR's DX of 11/20 and one new veri - WNPV, that answered at once. 11/18 and 11/19, I heard unn KGMO, Cape Girardeau, Mo. ETing on 1550 kc/s., at about 1:30 a.m. See you Saturday!

Larry Schwartz - 4819 Atlanta Drive - San Diego 15, California

Hello there! DX, what's that? Only two new ones since last report. KVIP-540 ET from about 3:15 to 4 on 11/13. Then I logged the best station of my DX career - it is WJET-1400 in Erie, Pa., using only 250w/ (I guess). They were AN with "Night Train." I never expected to hear an East Coaster on a graveyard frequency, gad! Veries, slowly but surely, rising. Got seven this week to complete one year of DXing. Monday, 11/20 Year #2 will start and my goal is 500 veries. I got 239 this year. Veries: KGAK-1330 in Gallup, N.M. CE said they have a null towards SD/LA to protect KFAC. They program to 1 a.m. s/off Mondays. KSVP-990 Artesia, N.M. for r/c/heard clearly over XECL; KCLS-600 a crummy QSL card (looks worse than my first PP, hi) from a report on 8/5/61, thanks anyway, Bus! KNCO-1050, Garden City, Kans. nice v/1, KLMO-1050, Longmont, Col. nice QSL, KGYN-1220 Guymon, Okla. for report of 9/4/61 and a beautiful QSL card from WCSC-1390 in Charleston, S.C. Second verie from that state. Log total 622. Didn't DX this morning because my alarm clock didn't go off. Lefty, sorry I can't be at your gathering, but have a guest of my own, Frank Williams of KGBS Land. Last night (11/17) heard a station S/100 plus on 1040. It turned out to be none other than my friend KFMB-540 with one of its images. Someone was testing on 760 kc/s. but it was probably local Navy XR only one mile away. KFMB is so powerful, I hear them on my tape recorder speaker without a radio! All for now - write me for those tips on SD stations! Oh yes, Len Kruse, congrats on making such a complete "Condition of Frequencies" list! It'll really be an asset to the DXer! Thanks! 73s, best DX to all and Happy Thanksgiving! Oh yes, KOOL-960 NSP and XEMO-860 AN.

Bryan and Keith Wilson - 220 5 Avenue - New Westminster, British Columbia

Hi again from this corner of Canada! DX/pretty fair this week, and five new additions made to the log. Sunday 11/12 brought in KELX-1450 in Colfax, Wash. s/on at 10 a.m. This completes Washington on 1450. On the same AM KVI-570 and KSFO-560 were again off around 8:30 a.m. - they must go off every Sunday morning. KGGM-610 came in for the first time this season at 5:15; KNBC-680 was testing for Conelrad with ID at 8:28; KAHR now on 1330; and a s/on on either 1330 or 1340 with calls that sounded like KWLW, at 10:00. Anybody know who? On Monday 11/12, four logged: KCOR-350, in San Antonio with s/on 6:01 in Spanish; KTRN-1290 Wichita Falls RS at 6:40; KOME-1300 Tulsa for an ID at 6:45, fading out to let in WRBC-1300 Jackson, Miss. at 6:50 for another new one. On the same morning at 6:00 on 1420 we heard "Good morning from the Heart of Dixie," but that was all. Who was it? On 600 I noticed CFQC and KOGO off, and would have logged WMT if KTBB hadn't signed on at 6:30. Two veries in this week: CFOR-1570, 241 West St., Orillia, Ont. with QSL, and CEX-1010, P.O. Box 2290, Edmonton, Alta. with letter and CBC Times included. Station total 532, veries at 211. DX NEWS seems to be arriving here a week and a half after date of issue, which renders the DX write-ups useless to us. But we know that can't be helped, since this is the season of slow Christmas mail. I guess that's about it for this week from this Happy Hunting Ground! So 73s to all and especially to those trying to log a signal from an old CHAK up in Canada's Northland.

Tony Ward - 7 Konini Terrace - Mangakino, New Zealand

Well, another DXer from "Down Under" having joined NRC makes his first report to Musings. SWBC is my forte with 121 countries verified while on ECB (since January '61) I have a total of 338 from 37 countries, 68 countries reported. Best veries, JOVE-1560 (100w.) WKWF-1600 WAIL-1460, Austria-629 and 1394, Aden-809 Kuwait-1345. Winter now over and NA DX the order of the day. My DX location is Auckland where I board in order to attend Varsity. Sets are a 1938 "Golden Knight", eight valves (mine) and several Bendixes (not mine). Some 18 aerials 1,500 feet and down (not mine either). Also 2,700 feet for Asians at another location. DX critic of local branch of NZDXL. Reports over 10/31 to 11/4: KRAK-1140 for second, 3YW-1460 new Westport station with ET, WHO-1040 over 4ZB at 1:00 (6 p.m. here), WGN-720 over 4YZ 1:40, KUBA-1460, KMGM on TT weak and heavy QRM from GKLG and KFQD, KIKI at 10:30 (3:30 a.m. LT) KFRB-900 good 10:46, KFAR-660 strong 10:58, KICY-850 noted excellent 11:00. On to Europeans, Canary Is.-1313 2 kw.!, Bratislava-1232 with Tanger and Norway-890 under Alger. Next evening KPOJ-1330 2:05, WSM-650 over KORL (most unusual) KSRO-1350 KXOK-630 XEAU-1470 KCPX-1320 KXYZ-1320 one ID heard, then fade, KALI-1430 4:15. Aussies very weak, WNOX-990 strong 5:16, 970 with many signals from 5:30 but no ID till WFLA s/on 5:45. Next AM 11/4 French network-1403 good at 11:58, Novi Sad-1268 12:09, Krakow Poland-1502 and Swiss-557. This month's veries: xeg kwew\*PP WDAU KGBT KCRG KCMO KOA KSFO KIRO Hungary 1187 Cairo-818 6NM-600 6QN-830 6KG-860 KOOD-pp. Thought you might like to know (P.15)

CHANGES IN STATION DATA

Purchased by the NRC from the Seabrooke Printing Company, Washington, D. C.

NEW STATIONS

980	Otsego, Michigan	500 D-1	1340	Oroville, California	250 U-1

1240	W B H B	W B M L	K W O S	W I S T	1450 W D N G W Y A M

THESE ARE NOW ON WITH 1,000/250 U-1:

1240	K S L V	1340	W R O D	W C D T	W K O Z	1450	W L E C	W M Y B
1490	W P O R	W B E X	K B R O	W C S S	W K N Y	W K V T		

(Tony Ward, con'd from P. 14) the Aussies I can hear during the daytime so tuned the band at 10 a.m. NZT and noted the following fair to good: 4QR-590 2FC-610 2KP-680 2NR-700 2BL-740 2GB-870 2UE-950. Others noted weak but readable: 2CR-550 2ML-560 (200w. at 1,300 miles!) 7ZL-600 7NT-710 2QG-790 3GI-830 2CY-850 7ZR-940 mixed with 2NA (N.Z.) 2KY-1020. I must be running near the limit so 73s for this time. (Welcome to the NRC, Tony, and we hope to hear more, but please send them to Fred V.V., Lemoyne, Pa.)  
 Ernie Cooper - 438 East 21 Street - Brooklyn 26, New York

Veries in from XETRA-690 (5106 Federal Boulevard, San Diego 14, Cal.), WLIQ-1360 (203 St. Francis St., Mobile, Ala.), WPUP-1390 (1021 East University Ave., Gainesville, Fla.) I am now in the process of re-arranging my 3,100-plus veries by states (and countries) from the present system (mess) of having them in the order they were received. Quite a job it is, too! To Norm Pillsbury, who is the v/s for WFRA-1430? Several members need this v/s! Wouldn't it be nice to have the promised membership list in time for Christmas card mailing? DX Down the Week: 11/15- WGSR-1570 on r/c-M through XERF to complete Georgia for me (on 1570, hi). 11/18- A fifth or sixth try for a WLIJ-1580 verie, heard again on r/c-M/TT, off at 1:08. Nice-1554 with a nice signal at 1:15, but soon faded and not reported. WQMN-1320 r/c-TT 1:50-2 easy now with WZOK off AN. WABW-810 logged at twilight 5:03 p.m. s/off over WGY for a much-wanted one. 11/19- On a tip from Ray Edge, WIXI-1480 logged 2:02-2:04 s/off after WHOM's 2:02 s/off, then umm WWOK-1480 ET. No WRDW. 11/20- Again nothing new on a Monday, but a third try at WTHB-1550 for a verie, testing at 2:44 a.m. 11/21- WNCG-910 on f/c-TT behind WSBA/WFNL, 4:30-4:45 a.m. WMCA-570 has begun radiating an S-9 second harmonic now on 1140 kc/s, bless them. Seven plus three - seventy-three! Whee!

Sorry to learn Eric Bristow's Brother passed away Nov 12th. Sorry Eric

## INTERNATIONAL DX DIGEST

Edited by Fred L. VanVoorhees, Box 132, Lemoyne, Pennsylvania, U.S.A.

Let's take another try at getting caught up this week. I will be away most of next week, but I'll try to have a DIGEST ready. It may be somewhat limited, however. After that, we'll be back on an even footing. Now for the DX information at hand this week.

- 164 .... Allouis, France. During the past few weeks this station has made a few appearances here. This station is usually my barometer to TA openings on IW and BCB as it is usually the strongest. When conditions are SUPERIOR this one has been heard solid from 1600 to 0400, but this is of course, a rare occurrence. Verifies by letter. (HH)
- 200 .... BBC Droitwich, England noted on a couple of occasions this season. This one verified a report last season with most definite verie I've ever received from BBC. This one is rarely heard here. (HH)
- 233 .... "Radio Luxembourg", Luxembourg. Received only once here last 2/3/61. Very tough here due to heavy QRM on the beacon band. Letter verification. (HH)
- 570 DYCB Cebu City, Philippine Islands. This is 10 Kw, transmitter at Pardo, and verifies by letter. (TI)
- 615 YNRM In strong on 11/7. Planned on taking a log to report but long winded political speech which went right by ½ hour at 2130 changed my mind. (FHN)
- 620 XENK Mexico City, D. F., good 0300-0310 over WSUN 11/5. (AR)
- 644 .... Antigua Broadcasting Service, Leeward Islands, logged at 1930 on 10/10. DXers should be careful on this channel as WSM occasionally has a spurious transmission around 645 Kcs. (CMS)
- 660 2YC Wellington, New Zealand, in with fairly good signal at times on Monday 10/30 but too much static to report. (FHN)
- 675 YNDS Managua, Nicaragua, heard daily on AN show with usually about S-5 signal. Reported on 11/5. (FHN) Old stand-by but never verified so reported 10/27 0432-0451. Has this one verified for anyone in recent years? (HH)
- 690 XETRA Still verifies promptly via letter by Russ Barnett, Managing Editor, but the address is now 5106 Federal Blvd., San Diego 14, California. (CMS)
- 695 XEN Mexico City, in with strong signal most evenings but not reported as yet. (FHN) Good mornings 0230, symphony music heard. (AR)
- 700 YVMH Maracaibo, Venezuela, break thru this season not noted. (AR)
- 735 HJCU Bogota, Colombia, "Radio Tricolor", usually about strongest split here evenings and also heard well daily on AN show. Reported on 10/22. (FHN) Heard Sunday mornings 0300, good level. (AR)
- 750 JOIB Sapporo, Japan, in fairly well between 0400-0415 on Monday 10/23 and 10/16, but not enough for a report. (FHN)
- YNX Managua, which identifies as "Estacion X", reported on 11/7. Heard to ID in English at 2125 with "Music USA. This is a program-Music USA from the broadcasting X from 7-5-0 kilocycles in Managua." Then had Perry Como record. Loud and clear on 750 without sign of WSB. (FHN)
- 760 KGU Honolulu, Hawaii, noted in strong at times between 0300-0400 on 11/6 with religious programs but couldn't hold long enough to get a report with Cuban usually on top. (FHN)
- 775 TIW San Jose, Costa Rica., "Radio City", logged on 11/7 with S-7 signals all evening. Took log from 2216-2236 with 5 minutes of solid commercials from 2230-2235 when ID as "Radio City". (FHN)
- 780 4YA Dunedin, New Zealand, logged and reported 10/30 0428. (FHN)

November 25, 1961

- 800 1YZ Rotorua, New Zealand, heard on both 10/30 and 11/6, about S-5 at times on 11/6. Not needed. (FHN)
- 820 XESB Santa Barbara, Chih., logged on 11/7 S-9 RS 1942-1958. (FHN)  
 .... Station here with Oriental type music. Am sure it is LA-language is either Spanish, Dutch, or mixture. Fair signal noted from 0428-0440 11/5. (Any ideas?)(HH)
- 830 JOBB Osaka, Japan, heard briefly at around 0510 on 11/6 before WCCO came on for TT. (FHN)
- 850 KIMO Hilo, Hawaii, seems to sign-off at 0300 most days. Heard nightly here. (FHN)  
 HJKC Bogota, Colombia, "Caracol", heard with strong signal on 11/6 with what sounded like s/on at 0525 and still S-9 over WRUF s/on at 0530. (FHN)
- 875 TISS San Jose, Costa Rica, "La Voz de Tropico", heard with strong signal on 11/6, and log taken RS 0515-0545. (FHN)
- 940 WVQT "Radio Carupana" is now on this channel frequently relaying "Radio Rumbos". Harmonic heard regularly. (CMS)
- 955 .... "Radio Cultura" AN 11/3. Is this HOB33 from 950? (SRM)
- 1035 4VE Or 4VEH, Cap Haitien, Haiti, 2231-2300 11/11 with religious program "The Life of Life" and 2300 s/off. Reception varied from bad to very good. Best level since 3/12. (AR) Schedule is Daily 0600-0900, 2000-2300. Also on during the day, but not likely to be heard in US. (WRH)
- 1040 HOJ-2 Las Tablas, Panama, good here on Sunday AMs. Report sent for 10/29. (HH)
- 1045 WIBS W.I.B.S., Grenada, West Indies, fair signal 2116-2140, 10/30, report sent. (HH)
- 1070 HJCG "Radio Santa Fe", logged with good signal on AN on 10/30. (MWN) Also reported by (FHN) who says on 1075 Kcs., logged and reported same morning.
- 1090 XEWL Nuevo Laredo, Tams. This station seems to drift badly. Heard on 1093 Kcs. on 11/7. Heard on 1075 earlier this season and on 1120 Kcs. once last season but not reported as yet. Verified though under old call XERG. (FHN)
- 1130 .... "Radio Kuwait" is to put a new 100 Kw. transmitter on the air on this frequency shortly. (TI)
- 1179 VOA Okinawa, reported on 9/18 and verified via QSL card. This one heard every morning I tried for them during past part of Sept. and most of October, but doesn't seem to be coming through now ar around 0730 when I leave for work. (FHN)
- 1250 CP57 Potosi, Bolivia, "Radio 9 de Abril of Pulucayo". (WRH)
- 1270 KNDI Honolulu, Hawaii, verified with nice 4 page hand written letter from Joann Algiers, DJ after 2nd report as didn't verify last season. Logged on 10/30 on RS with S-5 signal from 0330 to s/off at 0403. (FHN)
- 1310 XEC Tijuana, B. Cfa., logged on 11/10 topping 1310 with their 250 watts most of the time from 0323 to s/off at 0401. Report sent. (FHN)
- 1380 DZTM Manila, P. I., has been on the air on a regular schedule since 1/8/61. Operated by the Manila Times. (TI)
- 1430 HJKU "Radio Maria", AN 11/10 over CKFH, good signal 0215 on Fiesta Show. (SRM)
- 1439 .... "Radio Haute Volta", Ouagadougou, uses this frequency with 1 Kw. S/on at 0100-0230 and off until 0715. (WRH)
- 1500 PJC7-2 Willemstad, Neth. Antilles, 0430 s/on with U. S. country and western music. (SRM)
- 1527 EAJ53 Elche, Spain, moved from here to 1541 Kcs. (EBU)
- 1530 HJOL "La Voz de la Solana", Bogota, heard good here 10/20 at 2100. Using 1 Kw., and usually s/off at 2400. (BE)
- 1533 HJ-- Colombia. Mentions Bogota. Nice signal when South is good. (HH)(Hank, how about HJOL mentioned above-FV)

- 1535 .... AFRTS station here at Diyarbakir Air Base, Turkey, with 25 watts power. (DXT)
- 1538 .... "Radio Djibouti", has a new 4 Kw. transmitter, and is heard signing on at about 0200 in French. (TI) Logged with fair signal in mornings. (KR) In French Somaliland.
- .... "Radio Senegal", Dakar, was logged with considerable difficulty on 10/21 from 1810 to s/off at 1833. Severe QRM from WPTR, ZNS, etc., but think I have enough data, so sent report. (BD)
- .... Ravensburg, West Germany, 10/26, 1730-1751, S-4 in German. Also 10/25 at 1808. (SB)
- 1540 ZNS Nassau, Bahamas, has been a powerhouse of late, particularly in the early evenings. Must be due to the current sun-spot activity. (BD)
- 1541 EAJ53 Elche, Spain, moved here from 1527 Kcs. 200 watts. (EBU)
- 1550 CP67 Bolivian station "Radio Pio XII" operates here. (WRH)
- 1562 .... "Radio Veronica", in Dutch mostly. English pop music, Heard in afternoons 2SA-5 S 3 to 4 signal. (RP) Appears to operate 0700-1300. (RP)
- 1571 CSB81 Santa Maria, Azores, 10/24, Portuguese talks and music sung by a woman, S 4-6, 1825-1833; 10/26 1849; 10/27 1914 S-2. (SB)
- 1570 CMHR Sagua la Grande, Cuba., 10/1 150 watts, ID 1954; music 1943-1956; North American rock and roll 1956. Spanish revolutionary talks. S 6-7. (SB)
- 1578 CSB5 Porto,, Portugal, 9/1 1830; 9/21 1845-1930; 9/23 1937; 9/24 1926-2014; 9/25 1755; 9/27 1926; 9/28 1828-1930, most consistent TA. (SB) Signal good early evening of 10/20, Reported. (HH)
- RAI Italian stations 9/23 in Italian, 2345-2351, S 2-3. (SB)
- 1580 XELI Chilpancingo, Guerrero, now in operation with 250(1). (FCC)
- 2WM Wollongong, NSW, Australia, logged 10/28 0430-0525 S/on of XEDM with weak to fair signal. (RHM)
- 1586 .... Oldenburg, West Germany, 10/25, 1905 S-4 in German. (SB)
- 1590 XEKB Atemajac, Jalisco, change power to 125(1). (FCC)
- DYDR Cebu City, Philippine Islands. "Voice of the Central Philippines" s/off at 1000. (KR)
- 1600 XEZK Tepatitlan, Jalisco, in operation with 250 watts Unlim. (FC)
- XEVW Acambaro, Guanajuato, in operation with 200(.5). (FCC)
- XEAE Villa Acuna, or now Ciudad Acuna, announcing AN with country music in English. Left air 11/5 at 0400 asking for reports and giving address as P. O. Box 360, Del Rio Texas. (ERC & MWN) Promised to verify with embossed QSL card, and not now heard on 24 hour schedule. (FHN)

Well, we made it, and now here are the reporters:

- FHN-Francis H. Nittler, 2634 South Josephine Street, Denver 10, Colo.
- ERC-Ernest R. Cooper, 438 East 21 Street, Brooklyn 26, New York.
