Vol. 30, No. 1

OUR THIRTIETH YEAR

September 15, 1962

In Memoriam

Harold Wagner

Carroll Seth

Francis Nittler

It is our sad and difficult duty to report the deaths of our beloved members Harold Wagner, Carroll Seth and Francis Nittler in a tragic automobile accident on Friday, Aug. 31, 1962 between Hannibal and Macon, Mo.

Marv Robbins, also a passenger in the car, was injured and removed to a hospital in Columbia, Mo.

As we understood the report of the accident, the group was traveling enroute to the NRC convention at Indianapolis in Francis Nittler's new car. At about seven a.m. during a rainstorm their car collided with an oncoming vehicle. All the occupants of the other car were hospitalized with injuries, the extent of which are not known at the time of this printing.

The suddenness with which this tragedy befell us leaves us numbed and speechless. There seem to be no words that express our deep feelings of sorrow.

As we mourn, our thoughts and prayers are for the families of our friends. We commend them to the care and comfort of Almighty God.

"He healeth the broken in heart, and bindeth up their wounds."
—Psalm 147:3

"He giveth power to the faint; and to them that have no might He increaseth strength."
—Isaiah 40:29

"Wait on the Lord: be of good courage, and He shall strengthen thine heart."
—Psalm 27:14

You have now read Page 1 of the Convention knew of this tragedy. This issue paid tribute to the matter, your Executive to this accident would not stand why we chose not to humorous notes in any reports these three well-loved men nothing else. It is certain

THE OF "DX NEWS" EVER

Issue of Volume 30. Of course, everyone at the Convention was one of them who has sent in a report for Carroll, Fran, and Hal. After much thought and your Editor decided that so much reference all, and so we hope you gentlemen will underlines news over and over in this issue. Also, all deleted from said reports, out of respect to issue, then, is filled with DX discussion, but we can do to honor the memory of these men.

IN MEMORIAM: GRANT BATSON

We were also notified at the Convention of the passing of Grant Batson, who has been a member of the National Radio Club for many years. He was 46, and was chopping wood in his basement when he was stricken. Our sincere sympathy goes to his fine family.

IN MEMORIAM: PAT REILLEY

This news will come as a terrific shock to all those who were at the Convention, as Pat was there and enjoyed the Convention as did everyone else. Shortly after returning home, however, he passed away, as we understand it, from a liquid which had been forming in his body, and for which he was doctoring. Pat was 67, and had been suffering also from the aftermath of a heart attack, almost two years ago.

ADDRESSES

Undoubtedly many of you will want to send sympathy cards to the families of these five NRC members. For that purpose, here are their addresses:

GRANT BATSON - R. D. # 1 - Sherman Road - Westfield, New York

FRANCIS H. NITTLER - 2634 South Josephine Street - Denver 10, Colorado

JOSEPH B. REILLEY (always known as Pat) - 628 Spring Street - Jamestown, New York

CARROLL SETH - 154 Parkridge Avenue - Buffalo 15, New York

HAROLD WAGNER - 1264 Longs Park Avenue - Longmont, Colorado

DAVE ROYS, Convention Host, writes to inform us that at the Convention, a collection amounting to over \$155.00 was taken up for a memorial to Hal Wagner, Fran Nittler, and Carroll Seth. The funds were sent to the three families, plus flowers and cards. Flowers and cards were also sent to Marv Robbins, who is at Columbia University Hospital, Sixth Floor, East; Columbia University Medical Center, Columbia, Missouri. He would most certainly like to hear from you, his friends.

NORM PILLSBURY NAMED C.P.C. CHAIRMAN

At the Indianapolis NRC Convention, Norman Pillsbury, R.D. #3, Jamestown, N.Y. was named Chairman of the NRC Courtesy Programs Committee for the 1962-1963 DX season. Norm would welcome volunteers to serve on this important committee. It is essential for persons serving on this committee to be able to type. Please write Norm at the above address if interested. This is a BIG way to help out in your NRC.

DOMESTIC DX CONTEST

No contest was proposed or decided upon at the Convention, but Ernie Wesolowski says that he would be happy to act as Contest Manager if enough of you are interested. It would be very similar to last season's contest. If you would like to be a part of a Domestic DX Contest, please write to Ernest J. Wesolowski - 1614 Pasadena Avenue - Omaha 7, Nebraska. Drop him a card right away if you want a Domestic Contest.

INDIANAPOLIS CONVENTION

The news and happenings at this Convention will be brought to you in the next issue, which will be along in two weeks, dated September 29, out of deference to the memories of the five members herein mentioned.

N.R.C. F/C LIST

Last call to get your latest f/cs to Larry Godwin, who is preparing the list again this season. His address: 970 28 Street - Apt. 7 - Boulder, Colorado. DO IT NOW!

Bill Stone - Box 543 - Stratford, Ontario

8/9- CKLM-1570 ET/M, all announcements in FF, lady announcer. WSDC-1560 on ET 3 am. on; WSAO-1550 on ET/hymns 5:05-5:30 am fade out. WKDL-1600 1:25-1:30 s/off f/c-TT. 2:05, KSWP-990 on r/c-TT. 8/4- 1:33, WGIV-1600 on ET/M; 1:46-2 WDSW on r/c-TT. 2:01, WMIC-1590 r/c-TT topping WAKR. 1530, unk below WCKY OC only, been on last two AMs. 1520 ditto, though have heard odd mx behind WKBW. 1570, 3:30-4 native mx program, language not SS or Portuguese, Ided in English at 4:00, Radio Hoyer, DWI. 8/3- WSDC-1560 ET/M atop WRSJ 4:32 s/on. WNOX-990 ER 1:15-2 with f/c of KAYL-TT 1:15-1:30 atop, then XET on f/c American mx till 2:00. 8/2, signals from S good, SAs all over, finally found HJCE-860 in clear 3:17-3:55, covering KENO; 4:07, WRGM-1590 s/on blanketing frequency; concert mx, WAOK-1390 on AN, sellorama. 1590 OC, occasional TT all AM, (WZUM, eh Joe?). XEMC giving WAKR rough time. 8/1- 1570 station testing, concert mx, XERF smearing, can't read 'em steady. 7/30 & 7/31- WSHP-1480 s/on 4 am, finally got enough for report. New one on 7/30, WLEE topping channel at 4:00. 2:42, KRIG-740 on ET/TT; 1340 steady TT 3:28-3:45, no ID. 1150, 3:45 on, CHSJ ruling waves on AN show, cover WCOP completely. 7/29- WAMO-860 on RS 5:27 easy; 5:33 WILZ-940 s/on easy till 5:45. 5:55-6:15, WFLI on RS topping channel. At 6:00, KHMO s/on, both covering WIBC. 7/28- WRCH-1220 ET/TT, plenty of ID. 1380, 1:42-2:15 TT and OC, WLIZ. 7/27- Mexican ruling wave 1580 above XEDM, think he said Tulancingo, not sure, so no report, 12:36 to 1:15 s/off, then all XEDM. 2:42, WGIV-1600 testing new XR, mx, bossing channel. WKTG-1550 on all AM, OC and IDs. XERF signs off at 3 am and from 2-3 nice Mexican programs. WCLS-1580 now on full time, s/on 4 am daily, Sundays included. 1:43-2 KLEX 1480 on f/c-TT/M. 1450, 3:15 KSWW f/c-TT. 7/26- 1580, anyone know who, 12:10-12:58, two stations on TT, male announcer gave ID at 12:53:30, covered by two Mexican stations. 12:59, one went on mx, oldies at 1:13:30, gave ID, WKY were three of letters, on a f/c. WHAK on all AM, ET/TT/OC; XERPM-660 smearing WNBC from 2:00 am MM 7/25. WDXN f/c-TT 2:06-2:30. 1:05 WAPL-1570 new lkw. job. 7/21- KIFG ET/TT/OC. WIRM also on 1510, next f/c third Tuesday each month 12-12:15 EST, J.I.Grove, CE.

George Ruycke - Normetal, Quebec

This is my address for my summer job working underground in the mine here. Normetal is 50 miles NW of the Rouyn-Noranda area, about eight miles E of the Ontario border. Daytime here I receive 540 CBF-CBC booster 40w. in Larenc, Que. Incidentally I have heard this station AN several nights, FF. 550, CFBQ Sudbury, FF, verie in FF from P. C. Turner, CE, owned by CHNO-900, protects WGR Buffalo. Sked 5:30-7:30 EST. CJKL-560 S-8, CTRA-580 S4, CFCH-600 S6, CFCL-620 FF, CKGB-630 have been on this week, 8/1 for Timmins' 50th anniversary. CFCL is bilingual for AN, 12:00-6:00, "Jubilee d'Or." CKVM-710 "Radio Temiskaminque" is now on lkw. daytime; CKAC-730 S-2, CBL-740 S3, CKSO 720 S4, CKLW-800 S3, CKCY S3, WREN-930 S2, CKBB S3, WBZ-1030 S2, CBLK-1090 Kirkland Lake booster in FF also AN, I believe 40w. CKVD-1230 now lkw. daytime, CKLS-1240, CHAD-1340 CKRN-1400 "Radio Nord" network, skd 6:00-11:00 EST. DX here, WRON-1400, WSHP-1480, WNPV-1440. I believe I heard CKLM-1570 Friday 8/3 (11-12 pm EST 8/2), FF sngs completely covering XERF testing. Newspapers say CHFI-1540 will be on early in August, so watch for them.

Skip Dabelstein - 12524 C Street - Omaha 44, Nebraska

Welcome to Ed Beatz, the newest member in Omaha. He is a good friend of mine as I've gone to school with him for a couple of years. On Saturday 8/18 Ernie Wegolowski and I went to Lincoln and went through KLMS KFOR and KLIN. I got my veries from those stations and some KLMS surveys. School here in Omaha starts 9/4 so won't be DXing as much as I've been. This month's DX is: 8/3- KHOG-1440 9:16 s/off. KFAY-1250 8:15 s/off. 8/4- KIUL-1240 1:03 TT. KBHM-1220 1:35 test. KFJM-1370 2:02 TT. 8/8- KREX-920 1:00. KDTH-1370 1:32 TT. KUKO-1370 2:16 TT. KWOW-1600 2:35. 8/13- KXLF-1270 12:03. KIHN-1340 1:00 TT, KWHL-1400 1:13 TT, WCAZ-990 1:20 TT. 8/15- KLGA-1600 7:00 s/off, KUTT-1550 8:42 s/off. 8/17- WIOK-1440 1:25 ET, WIKB-1200 2:17 TT. 8/18- KEJY-1400 1:30 TT, KONI-1280 1:35 TT. 8/20- WFNL-1600 1:35 f/c. 8/23- KDAB-1550 8:52 s/off. 8/25- New KEDI-1070 5:20 pm. 8/26- KISN-910 2:45. CBU-690 2:05 s/off. 8/27- CJNB-1460 1:06 s/off. KSTN-1420 1:45. KGRT-570 2:25 test. KORL-650 2:45, state #43. WCDI 1440 3:45 TT. WHIS-1440 4:49 s/on. WRAD-1460 4:14 s/on. 8/28- WBL-1230 9:27. Totals with the additions of veries from KPDN KTCI KRYN KIZZ KUSN KESD KESJ WZUM KDTH KMHL KLMS KFOR KLIN)KUKO KHOG KSGM KFAY KMOR KREX and KFJM are 629-281. Well, that's all from here. 73 and good DX.

Daniel Miller - 1121 Parkway Avenue - Covington, Kentucky

Ho, fellows. While on vacation in Michigan, I visited four stations and saw quite a few more from a distance. First was WCEN-1150, where I talked to PD Bob Morgan about a DX next season. He tentatively said 'OK', write to him later. They use a Gates XR running 1kw and a three-tower DA. #2 was WCRM for a return visit. #3 was WSOO-1230 who had best set-up of any I saw. I talked to CE who was very unenthusiastic about reports. Said he only answered them "when he couldn't get help to do it." #4 was WFYC-1280 who were also interested in putting on a DX. I'll write them later, also. DX: On 8/9-10-11 there was a station on 1320 30db over S9 here, IDing on half hour as KIY-660. The rest of the time they used OC. Calls to local stations, Police Dep't. and U.S. Naval Base didn't explain it, though they all heard it on their monitor RXes. As a last resort sent letter to FCC, back in 15 days saying that a special authorization had been issued to a Cleveland, O. firm to operate KIY-660 for the purpose of taking field test measurements. They ran 250w. and haven't been heard since. Report off to same. 7/17- WINX-1600 in poorly on AN at 4:00 for taped report. WNRG-1250 on ET at 4:15, tape sent, nothing back yet. 8/20- WROV-1240 on "AN Satellite" 4:00-4:30 for report. Also WDVA-1250 for report 4:30. All above are in the AM. 8/18- WEAR-790 at 9:12 pm for report. 8/27- WNOR-1230 said AN at 3:30, scanty log taken. Also WKWS s/o: at 4 am on 1290, followed by s/ons of WAGE-1290 and WPVA-1290 and about a dozen others in rapid succession. Veries are: v/1: WIMA WGAR WCRK WMOR WINX with CM WGUN (after 160 days) WLOU WTAR. V/c: WBT WLAC WMIX CBM WDVA WTTS returned my own card with a message scrubbed on bottom by CE. On 8/28 I sent a check to Olson of Akron for a Monarch RT-200 tape recorder, runs at both speeds on dual track, so anyone wishing to tape correspond, come one, come all! A note to all SCers: WSAI and WCPO recently resumed issuing weekly surveys, write if you want some. I also have two duplicates from WCRM and plenty from WING. Well, so long for now and a big 73 to all.

Bob Pietsch - 317 San Fernando Way - San Francisco 27, California

CX getting better and better as the summer rolls on. Now to the latest additions to the log book: 8/10- KTRG-990 6:12 am, KAHU-920 testing 6:30 am, KIXZ-940 7:12. 8/11- KBIS-970 11:30 pm, XEX-730 in fairly strong 11:48 pm. 8/13- KOFA-1240 4:31 am, KXIV-1400 ET 6:24 am, KGIL-1260 7:44 am, in the clear until local KYA s/on at 8:00 am. 8/15- XEMO-960 10:31 pm with religious programming. 8/20- WRVA-1140 4:43 am (state #30) KXEL-1540 5:22 am, KENN-1390 in Mavajao 6:30 am, CHAB-800 6:55 s/on (province #3), KLOE-730 7:06 am in for a few minutes but not good enough for report, nice surprise, though. 8/22- KGHT-1520 1:10 pm. 8/24- KTOE-1420 6 am, KXXX-790 6:31, KONI-1480 7:02 8/29- KACE-1570 ET 7:23 am prior tos/on at 8:15, and KNGS-620 7:30 am SS (s.on at 7). Veries have sure been coming in slowly lately though: KWG-1230 WCKY-1530 KUDU-1590 v/1 to replace PP card, KGEE-1230 KOWL-1490 KELA-1470 KXEL-1540 CHAB-800 and KTOE-1420. All were v/lw except cards from WCKY KOWL and KELA. Guess that about wraps it up for now. Hope ~~XXXXXXXXXX~~ I can make A Convention within the next few years. 73s.

Ronald J. Muscò - 124 Park Avenue - Windsor, Connecticut

Following is some further info I have received from local WSOR-1490, 500w. The specification sheet from the Gates Radio Company, Quincy, Ill. states that a Gates BC-1T 1,000w. AM broadcast XR is owned and operated by WSOR. Power output: rated 1,000w, capability, 1,100w. Modulation: High level Class B. Output tubes: 833As. Frequency stability, plus or minus two cps. On 8/3 I took a log for WERE-1300 Cleveland with WFBR off the air. The same night WOHO-1470 Toledo and WLEE-1480 Richmond were heard at 11 pm EST. Totals have risen to 221 heard with 111 verified. Veries back from WQAM WINF KSL CKGM WALK CFGM WNLC. In three weeks I will be visiting WTIC-1080 with my electronics class. 73.

Bob Golder - 730 Church Road - Broad Channel, New York

DX from this den is still going strong, due to the fact I'm still new and there are plenty of stations to be logged and verified. Latest real catches as far as I'm concerned are XEDM-1580, WOAI-1200 v/c, WFUN-790 v/1, seven new catches last night. They are WBAP-820 WTUX-1290 WRVA-1140 WRUN-1150 WWSW-970 XEQ-940 EKWS-960 and this AM 8/5 CBM-940 with 35/9 signal. You NE coast people, let's go, we want the '64 Convention near by. I for one can't leave ol' N.Y. Contact either Joe Fela or myself as soon as possible, time's awaiting. Also an invitation for any Club member to visit this den whenever you can, local members or distant, just phone GR4-3543 and let us know when you can make it. The door is always open, the beer cold. New antenna added to the

DX NEWS

5

(Bob Golder, con'd from P. 4) others now, close to 500 feet and we've figured it's almost a 300-meter job. Right near 1,000 kc/s. It works better than the others, but can be combined. Total length is now close to 1,500', and the people next door claim I'm the cause of their TVI, hi. Well, till next time I'll say 73s and best of DX.

Joe Fela Jr. - 102 Hawthorne Avenue - Newark 12, New Jersey

A lot of DX to report this time: 8/3- PJA6-905 definite in EE at 8 pm. 8/4, the r/cs (per list) of WKPR-1420, WDOV-1440 and WMIC-1590, WSDC-1560 ET/M at 2:17. 8/6- WOOD-1300 TT at 1:06 am, JBC-750 good at 1:34 with rr. 8/7- WCLS-1580 with mx at 4:15 am. 8/11- CHOK-1070 good at 10 pm, Guadeloupe-650 s/off at 11:01. 8/13- WISK-1390 on ET/M on ET/M at 1:53 am. 8/19- WHHL-1440 ET/M at 1:05 am, WTAC-600 almost even with WICC at 1:13. 8/22- WXUR-690 s/off at 7 pm, WXVA-1550 terrific at 7:02. 8/24- KUTT-1550 r/c at 1:10 am, WHHL-1440 on another ET/M, strange afternoon reception with WGPA-1100 even with WHHL at 5:26 pm, WMEX/WNLC-1510 in two full hours before sunset! 8/26- WLIJ-1580 s/off 7:30 pm. 8/27- KSTT-1170 TT at 1:20 am, KPRC/KIMN-950 at 1:30, KTYM-1460 ending ET/M-cw at 2:14, WNOH-1550 ET/M at 2:16, CKY-580 through the WMCA mess at 2:55, CJCH-920 s/on 3:30 even with local WPAT-830! WEEL-1310 s/on 4:00. Veries in from WQVA WRCV WSDC CFGM WRRR WDOV CHOK WISK WHHL WXVA (back of CM) WEEU WLW WJRZ (second report) and KSTT (on a survey), all v/ls. Also QSLs or cards from WEEI WILS (badly mutilated in mail) WHHH WHOW and KPRC. Totals now are 693 heard with 258 verified. Lastly, Ernie, does WHIL-1430 hold a CP for full time operation? If so, what power? (No, but they have a request in for it, 5kw. full time -ed.) For now, 73s.

Alex Bowab - Box 539 - Atmore, Alabama

8/6- KELR-1460 El Reno, Okla. a new 500w. daytime station (my 1,000th logging) was heard on ET/M 3:48. WBLU-1480 s/on 4:00, WBIM-1330 under KFH just after 4 am. s/on. Negro station on CST IDing as KOKA Shreveport on 1450, apparently KREB has moved to 980. 8/12- WBUZ-1570 s/on 5:15. 8/16- Tuned 1220 1:43 as a station ended ET saying it would return at 6:00 with Joe Kelsner Show. Missed ID; anyone hear this? Another mystery, on 1450, station ended f/c 1:45. Sounded exactly like Greenville, Tenn. and call was something like WFMB. No such listed, so again, help appreciated. WCFM-1280 Cumberland, Ky. f/c-M 2:00-2:15 playing "My Old Kentucky Home" naturally. WDXN-540 r/c-TT 2:10 (this was third Thursday, f/c list says third Friday); KCFI-1250 r/c-TT 2:25 atop WRYT; WBBK-1260 r/c-M 2:45, poor signal with Cuban QRM. 8/19- Another 1570 session: WYTI s/on 5:31, WSWV s/on 6:00, WOWI s/on 6:01. WILZ-1590 finally gotten at 6:02 s/on. WATM's 5:55 s/on six days a week blocks this one, but their being off until 6:30 on SM only finally let WILZ through. 8/26- WTNT-1450 atop channel 7:05 pm. 8/27- WPRC-1370 s/on 4:55, said 5kw. although Jones lists them 500w. WRFB-1410 ex-1580 s/on 5:00; WTLK-1570 s/on 5:01. KBYE-860 atop an unmentionable Midwest station on RS 6:15. 9/1- WSHN-1550 r/c-TT 1:15. 9/3- WISK-1390, new station in Americus, Ga. RS 4:37; WTID-1270 RS 4:42; WLET-1420 s/on 5:30; KDLA-1010 r/c-TT 5:45; KVI-1360 r/c-TT 5:55; KUZN-1310 s/on 5:00. 1090 kc/s. held my interest most of the AM. KTEG was on AN taking long distance phone calls from all over the country, and talking about "something new" in the way of programming. Then at 6:00 RS began - it happened - they changed call letters to KAAV and became a wild rr station. To interested SCers, they have a "Silver Dollar Survey." Well, this concludes my DXing for the time being, as I'm entering Spring Hill College in Mobile as of 9/9, and that promises to eliminate all DX activities. Regret I can't be active this DX season, but will try to get an occasional report in from WABB land. Good DX to all during the coming year.

Peter N. Rizzo - R. D. 1 - Elliptsburg, Pennsylvania

I just wrote in to list some of my recent veries since I last wrote. KDKA-1020 50kw, WPHB-1260 5,000w, WLBR-1270 will soon be 5,000w., WHUN-1150 5,000w., WNOV-1250 1,000w. WCET just changed from 250w. on 1320 to 1,000 on 1450, WHLM-550 1,000w., WHVR-1280 5,000/500, WBBM-780 50kw, and WJR-760 50kw. Well, that's it for the veries. I was wondering if anyone would like to trade any stamps. That's it for now.

Dan Morin - 17775 Clyde Avenue - Lansing, Illinois

Hi. This is my first report to Musings since I just joined NRC. I am 14 years old and will be starting high school in the fall. My receiver is a Silvertone seven-tr. radio. So far, in a little over a year, I have logged 315 stations, 174 verified. Only a few new stations logged lately: 8/10- WSJM-1400 WJOR-940 WHBL-1330. 8/11- WJPG-1440 WXYZ-1270 WDSM-710. 8/12- WISM-1480. Veries in from WCAR-1130 (third report) WLAP-630 WJOR-940 WSJM-1400 WDGW-1130 WIOU-1350 XERE-1570 XEG-1050 WHN-1050 WELO-580. Thanks to Ev J. who got me interested in NRC. 73. (Welcome to the NRC, Dan! -ed.)

September 15, 1962

Peter V. Taylor - 2340 Pacific Avenue - San Francisco 15, California

It has been quite some time since I have sent in a report to the DX NEWS. I can't honestly say that I have been saving it all up, either. I have done no DXing to speak of since April or May due to a rather weird sked and a few other things. My KPEN sked has been Fridays off, 6 pm-midnight Saturday and noon-6 p.m. on Sunday. With the chopped-up weekends, DX time has been minimized. Therefore, Gene Allen, I won't be able to attend the second meeting of the BALD on 9/9 (or was it 9/16?). Anyway, on a Sunday. Furthermore, during the summer, I got six borads and three vertical ceiling-to-floor poles and neatly arranged the entirety of my hi-fi, stereo, multiplex, and DX equipment thereupon. A few Saturday nights ago after coming back from week, I was somewhat amazed to find the whole works on the floor. The Fisher tuner works better than ever; and I am trying the other things out on a weekly basis. And come mid-September, the HQ-160 will be back in action. Enough of this lethargy! Welcome to Ron Schatz, Miami Beach. Besides being from the vicinity of my old home stomping grounds, he also speaks fluent SS and from what I can tell, will be of invaluable aid in the foreign section this year. Also, I have forwarded a complete list of Japanese BCB stations as of 10/1/62 to our Foreign editor, courtesy of Shinichi Shiraismi of Sendai with whom I am corresponding. I regret missing the Convention. There's always next year in Denver. Thanks, Jim Critchett, for dropping by; my pleasure to see you. Also, ran into Bob Pietsch on the street car the other day; he was really birhat-eyed and bushy-tailed, having just had his eyes dilated. My regrets to those to whom I owe letters. By the time you read this, I should be caught up. Welcome all the new members on July and August front pages. Here's to a gre t season and a vast array of veries. 73s.

Doug Murray - Box 173 - Truro, Nova Scotia

Greetings from Canada's own original rain-forest. Our monsoon rains have lasted all summer (so-called) long! DX down this way is fair, but sessions are few and far between. DX since last bulletin: WAGL-1560 7/11 ET, WGAZ-1550 f/c. 7/14- CFCC-630 RS (AN from Monday-Friday), WKID-1580 on r/c, YNW-930 7/28 s/off 12:09 am EST. KBRK-1430 8/13 test. 8/29- CKLM-1570. I don't believe they are on AN as I lost them around 11 pm. Maybe I'm just lucky, hi Andy! WTAC-600 reported. Veries in from KKJO-1550 KNDY-1570 WABJ-1490 CKAD-1490 CFCC-630 WKID-1580 CKEY-580 WAGL-1560 WRVM-680 (second f/up) and WCOU-1240 (all v/l). V/c from WCRB-1360 KXLF-1470 WPOP-1410. PPs from WEER-1570 KTBC-590 WWWW-1520. For those of you who don't already know, CKEW is 10kw. as is CBI-1140. Recent f/ups have gone out to KFH-1330 WKBK-1220 WPYB-1580 KEYS-1440 and PPs out to WMOD-1370 WCHS-580 WCAR-1130 WSYR-570 WOSU-820. I have 13 more f/ups to go yet. Getting back to f/ups, I calculated that from October to the end of May I had an 80.3% return of reports. I have a complete list of the relays of CBAF and now since they are AN some of you might have a chance of hearing them. CBAA-990 Wedgeport NS; CBAE-990 Digby NS, CBAG-1550 Weymouth, NS, CBAH-1490 Mateghan NS, CBAJ-1230 Yarmouth NS, CBAK-990 Kedgewick, NB, CBAL-1230 St. Quentin, NB. All these relays have a power of 40w. and all are unmanned - reports should be sent to Moncton, CBAF. I also have a list of 16 Northern Service CBC stations (mostly low power relays). I believe someone in the last bulletin asked about relays. Write me if this is what you want. I plan to arrange DXes from one of these in Newfoundland and perhaps another in Manitoba. That's my 30 lines so 73 and I hope you-all have good DX. I won't meet any of you until 164 in Montreal.

Ed Drumm - 14 Dale Road - Wethersfield 9, Connecticut

This is my first report to the Musings section. I am a new member and have just today sent in my dues for one year. I was informed of your Club by one of the nicest guys I know, Bill Hutchinson. Bill has been sending me samples of your fine publication for a while now, and I just had to join. I plan to send to this section every week during the DX season and during the summer monthly. That means every publication. I have a total of 225 stations with 50 verified; eight countries, two verified, 28 states with 18 verified and four provinces with three verified. I use an S-118 Hallicrafters receiver with infloor longwire antenna. Let me get to my new stations; 38 logged in these days! Here are some of the better ones: WEVD-1330 WORK-1360 WHPA-134C WKLO-1080 (when local WTIC was off) WIBG-990 WITH-1230 WMID-1340 WKGN-1340 WAVY-1350 WKAT-1360 WKMI-1360 WSPD-1370 WGBI-910 WWJ-950 WBBF-950 WHIM-1110 WSBA-910 KFAB-1110 CHSJ-1150 WCOL-1230 WNOR-1230 CKEH-1430 WSAI-1360 WZOK-1320 CKOY-1310 CKSL-1290 CFRA-560. My new states out of this bunch are Florida with WZOK Jacksonville end (P. 7)

(E. Drumm) WKAT in Miami Beach; Nebraska with KFAB and Louisiana with WWL New Orleans. I hope to send in a report every publication, and I know that DX NEWS will really help me in my DXing. 73s. (Welcome to the NRC, Ed, and we'll be watching for more! -ed.)

Charles R. Rader - 22 Robert Street - Hamburg, New York

Nothing much to report in the line of DX but here are some of the stations I've been hearing lately: WHOF-1060 WLEE-1480 WMEX-1510 - what's this Peach of the Beach business? WFPG-1450 KTOE-1420 WMED-1470 WSAI-1360 WCHS-580 WKZO-590 WGES-1390 WKMI-1360 WOKY-920 and KWK-1380, plus several others. On 8/8 CHEF-1540 Toronto started RS on AM. In the past, they were FM only. I had heard them with ET on the afternoons of 8/6-7. They play good mx only. WYDE-850 was heard on r/c-TT 2-2:15 am EDT on 8/4 and on 8/16 WUFO-1080 was heard with f/c from 12:00-1:00 EDT, TT. Many other f/cs and TTs noted but not IDed because they weren't announced. Veries in since my last report are v/1: CFCO-630 WHEN-620 KYW-1100 and WUFO-1080. A v/c in from WKEN-570 and v/q from WNAE-1310 in an envelope. CBL-740 send a v/c and v/1 in an envelope along with assorted other goodies. Here is something of interest for you SCALD members. The XR of WWVA-1170, Wheeling, W. Va. is located at St. Clairsville, OHIO! I am informed by Larry Schwartz that the XR of WTOP-1500 Washington D.C. is located in Maryland. By the way, I understand a listing of the 200 or so stations affiliated with NBC may be had by sending a postcard request to NBC, Box 448, New York 48, N.Y. There is no cost. That's it from Hamburg till Christmas; I will continue to report to Musings on what I hope to be a regular basis, from Marshall, Mo. where I am attending Missouri Valley College. 73s.

James Gangler - 2801 Chesterfield Avenue - Baltimore 13, Maryland

DX over the last half of summer has included some very fine loggings here. On 7/16 I logged PRG2-1040 after SSS and I've noticed them quite a few times since. I have a 40 minute report off to them, and am hoping. On 8/1 at 2 am EST I was listening to a very weak SS testing on 820 kc/s. Did anyone else here them? If so, who were they? At that same time I noticed PRH9-840 was in weakly, so maybe it was something from that area. I have also noticed PRA3-860 is AN frequently. 8/18- New WVOH?-920 in Hazelhurst, Ga. with ET. 8/19- EHL-1440 in Holly Hill S.C. with ET. 8/20- I heard HJBJ? in Santa Marta, Colombia on 640 at 12:30 a.m., also KELR-1460 El Reno, Okla. with ET. Their address is P.O. Box 769 in that city. 8/25- KCAD-1560 in Abilene, Tex. ET. 9/3- WGM-1380, Millington, Tenn. ET. PRB9-1000 Radio Record in Sao Paulo was very good 3-4 am and I got a pretty decent report off; also PRI3-880 in fair at 4:08. Noted Portuguese or SS also on 640 and 780 at that time. 9/4- After much difficulty from WBZ QRM I finally got an UD from an SS on about 1033; Radio Bucaramanga (ex-1130 and 1120) and probably still HJGE. 9/5- At 12:03 I heard an Alka-Seltzer ad on 1195 and then the announcer mentioned "Costa Rica, America Central" so this might be TIQ from 1200. Also noticed frequently many AMs before 1:00 s/off is "La onda de la Alegria en Managua, Nicaragua" on about 1146 kc/s. Any help on this one? Believe I have heard some TA signals recently also, so I hope everybody gets some good DX this season. Veries: KELR HJZ-1080 YVNM-1000 PJA6-905 Kille-1376 HJAZ-1060. 73.

Art Bjork Jr. - 31 Lyman Avenue - Medford 55, Massachusetts

Here I go with my 13th Musing! Missed the deadline last issue so a lot of DX in this one. 7/10- WAGL-1560 ET 12:40 am. Reported; verie back 9/1. 7/14- WEAV-960, Yankee BB, ID at 12:04 am. 7/16- CFCY-630, 4:39 am s/on. 7/17- WORK-1350, 4:14 am; WISA-1450, 4:45 s/on; WCME-900, 5:04 s/on. 7/18- XEQ-940, 12:23 am. 7/23- CJLR-1060, 12:04 am. 7/29- WNLC-1510, 11:06 pm under WMEX' OC. 7/30- WFNC-940, 2:01 am; KPRC-950, 2:05 s/off. 8/14- WCNC-1240 TT 12:54 am, reported, v/1, CM and program sked back on 8/20; WCOA-1370, 1:00 s/off.. 8/15- WACE-730 (5 kw.) 6:59 pm s/off. 8/16- ZBML-1235 12:04 am s/off (reported on 8/27); CKLM-1570, 9 pm. 8/19- CMBC-690, 12:33 am s/off after Castro speech. 8/23- XEW-900, 12:18 am. 8/26- YVQJ-1080 "Radio Barcelona" 11:26 pm; HJHG-580, 11:56 pm s/off. 8/27- CKRC-630, 1:31 am. Questions: What are the powers of ZBML-1235, CKLM-1570 YVQJ-1080 HJHG-580? I enjoyed meeting the guys I read about in DX NEWS at the Convention. Finally, I put up an 85' longwire and it works great. Well, I guess that's it. 73.

Park Barton - Box 577 - Troy State College - Troy, Alabama

(Note new address). Not too much DX to look forward to this season because of new QRA, above. I hope to do a little on the weekends and holidays when I am home, but I imagine I will have to be doing some serious studying during the next nine months. Well, better blast off for now. See you in Denver. 73.

Tom Colthurst - 2330 F Street - San Diego 2, California

Quite a bit of DX accomplished here since last report. One hundred twelve new stations logged, thanks to the NRC's publications, and its members. It was a real pleasure meeting Bob Coomler and Frank Williams on their southward trek to San Diego. Also, just met Randy Lee, and had a pleasant afternoon looking over his veries. To DX, in EST: 8/6 (my first MM), 26 new stations - here are the best: 2:10, KURL-730 f/c; 3:21, TGUX-1020 RS; KAHU-940 (moved from 920 and now 10kw) at 3:56 RS; KELR-1460 4:05 ET rr, 4:47 WRAD-1460 RS; 5:30 WMEG-920. Then, three M's lost on trip to the Seattle Fair. 9/3- KCTX-1510 r/c 2:12; 4:00 WCLS-1580 s/on; 4:38 WISK-1390 RS with cw; 4:59 WEDR-1370 s/on; 5:00 WTTS-1370 s/on; 5:49 WFLA-970 RS; 5:59 WMT-600 s/on; 6:02 WREC-600 s/on. Two problems: 9/3 at 3:30 EST, a station with cl mx on 1430 IDed as the Voice of ??? I accidentally erased the tape. Who, please? 9/3 at 5:05, a station on 1350 with cw IDing as WRED, ABC, Fort Roberts?? Some notes of interest: KGUD-990 went RS 8/6 with "gud mx", natch. 8/30 heard KACY-1520 daytime with a decent signal. I listened other days but nothing. Today, 9/6, though, they're back, perhaps testing with their 10kw? Veries in: WRVA KRDU KNIN WAKR KIQS WOC KICM KPIR KURA CHUB CKLW XEAU KCIN WCAR KIMN WKEW KGHY KMYC KELR KENS CBK KURL KRMG KOWL KVPH WRAD KLLL KGVW? The San Diego section of NRC may have a new member soon! Thanks again to all of the NRC, and SCALD who have helped me plenty! And SCers, you want XEAK's or the old kind of KCEQ's, also have a few KDAYs. Drop a line! Denver in '63. 73s.

John Swanson - 3654 North Paulina - Chicago 13, Illinois

Local WGES-1390 has changed calls to WYNR. They have 100% Negro programming and are now on AN. They will be off one day a week but the day has not been decided upon yet. DX: 8/5- KCHA-1580 @ 8:07 pm on RS. 8/6- WOHO-1470 on their r/c. 8/8- WPAR-1450 on r/c @ 1:17; WATZ-1450 on f/c @ 1:48. 8/10- WRAJ-1440 on r/c @ 1:10; KDSN-1580 r/c @ 1:36. 8/13- WMIX-940 @ 7:45 s/off. 8/15- KGLO-1300 f/c @ 1:30. 8/16- WDXI-1310 on r/c @ 1:48. DXed when I got home, MM 9/3 and heard: WFTC-960 on r/c @ 12:13; KLAJ-1600 on ETs @ 3:33; WFMD-930 @ 4:00 s/on; WORL-950 on RS @ 4:15; WGBB-1440 on RS with cw @ 4:27; WJAB-1440 @ 4:32 s/on for State #43. Veries: WGY WBAL CJGX CKOK KKHI CBE WCKY WCBS WWSW KNOX WMIX CHSJ WKLX v/cs; WPAT WDAY WALM WBNS WATZ WJOR WAGL v/l's. Enjoyed meeting with Mike McIlwain when he was in town. 73.

P. E. Crocker - Box 76 - Mormouth, Maine

DX from this den has really been good since last report. I think DX has really been great this summer so we should all look forward to a bad season coming up, hi. I am really looking forward to this being one of the best DX seasons ever and am ready to go. Looking back through some of the recent issues of DX NEWS I saw I didn't mention I now have a tape recorder for the up-coming season. It is a Japanese make - Hosho 105. I have also just purchased a typewriter so now you boys can figure out what I write in my letters. DX by date: 8/7- CKLM-1570 at 12:15 am with XERF fairly strong in the background. 8/8- WEOK-1390 at 6:50 am with WX. Sent report for station #300. 8/13- WYNG-1590 at 7 pm with NX and WX. 8/15- WWSC-1450 at 6:20 am on RS and then heard unkn WKTQ s/on at 6:29. 8/20- CHEI-1540 at 7:30 am RS with NX. WPTR was in the background. 8/21- WCCC-1290 s/off at 8 pm, played America. 8/23- WNHC-1340 at 8:55 pm with commercial. Just finished listening to tape of 1330 kc/s. which resulted in three new calls: WHAZ with ID. WICU at 10 pm with IF. WEVD at 10 pm with ID. 8/24- WSNO-1450 at 6 am with NX. WTSB-1450 at 6:09 with ID. WEXL-1450 at 6:30, NX. WMOU-1230 7:35 am with ID. They are now 1,000w. 8/29- WLAN-1390 at 9:34 pm with commercial. 8/30- WTSV-1230 6 am s/on. CKLC-1380 at 12:15 am with mx and frequent IDs. Does anyone know who is SS on 1090 kc/s. around 7:30 pm? Does anyone know of a station that plays good marching mx? I really like that idea of Bob Golder's of swapping pics of DX dens and hope many others do also. Ain't that poem the truth by Dan Miller in last month's DX NEWS? WEOK-1390 was the only new verie back this month. 73.

Pat O'Brien - 9004 Whetstone Road - Evansville, Indiana

Greetings! I just joined the Club and I thought I would put my 2¢ in. So far I'm being torn between two hobbies, DX and Stereo, and so far the latter is winning. I haven't heard any new DX - seems there is lots of static around here. Sometimes I can barely hear local stations. Soon I will be shipped off to St. Louis and "back to school." If there are any NRC members in St. Louis you can contact me at Chaminade College, 425 South Lindbergh Blvd., St. Louis 31, Mo. When I get back to school then I can really get back to DX and studying. I'll be back in these pages soon! (We trust so, Pat, and welcome to the NRC! -ed.)

D X N E W S

9

Ralph R. Hartman - 127 South Columbia - Naperville, Illinois

8/8: WIKB-1230 fair with a SID, primary ER, and mx. 8/20: KWYO-1410 good through KWBB on r/c 2:00-2:15. WTTN-1580 barely heard @ 8 pm s/off right after WKKD did same. 8/21 WKLE-1370 very good through almost inaudible WDPD on f/c 1:08-1:15. Oops, 8/19 brought KCAD-1560 on f/c-ET-M 2:37-3:05, lots of static and only fragments of the program in the clear so no report, darn. 8/22- WHUT-1470 good through WMBD @ 7:44:40 pm s/off. 8/25: WBRC-960 weak but in the clear with show mx 1:08-1:12. KWEW-1480 fair on r/c 1:14-1:14:50. 8/27: KARK-920 booming in over CKCY @ 3:19 on an ET/OC. 9/4: WYNR-1390 can be heard here any old time, day or night, it seems. They've now dropped foreign language programs altogether and are aiming for a 100% Negro audience. Rep. Romaf Pucinski is trying to get the FCC to revoke their license on this count. I wish he'd knock off a few more if at all possible like WCFL five miles away in Downers Grove. V/c, WPAG (sort of, dealing with ad rates for the most part, veri message on the back and it also serves as a CM), WHUT plain manila postcard. V/1: WBIS WIKB KWYO WKLE.73s

Dan Phillips - 416 Douglas Lane - Route 3 - Clinton, Tennessee

Hi fellow NRCers, especially everyone whom I met at the Convention. Can't remember when I've had more fun, and sure was sad to have to leave. The saddest I've ever been in my life was when Park Barton took off on a different train from Cincinnati. Have added a little DX since returning, mainly due to my new loop. New catches are 9/5- WSMA-150 at 6:30 pm and on 9/7 added WFGW-1010 Black Mountain, N.C. at 5:55-6:08 pm, followed by the "Friendly Giant" KAAV, ex-KTHS-1090. They are now rr. Then heard WCRL-1570 s/off at 7:00 followed by KOKA-1550, ex-KREB (which moved to 980 kc/s.). My nes loop has really helped my daytime situation and I believe I can get some veries from frequencies which before I could not tell anything about. I still think something should be done to Dave Roys because of his DX program from DRMS, a low-down trick! Well 73s for now, must run.

Dallas John - 337 South Stewart - Lombard, Illinois

DX: 8/13- KCAD-1560 ETing a lot, cw mx, 2:13 am. 8/15- WMIE-1140 AN in SS as WRVA was off AN this week. 8/17- WLKM-1510 s/off 7:43 pm over WAUX/WLAC; WINS-1010 barreled through WCFL at 8 pm. 8/18- WBIM-1330 s/on at 4 am over KFH; CKLM-1570 FF at 4:37 am RS; WCLE-1570 ET rr 4:28 am, WRGM-1590 s/on at 4:02 over WAKR, then under; WHIS-1440 very strong at 5:15 am; WGCB-1440 there before that, fair. New WTLK-1570 s/on 5:00 strong, cw mx; CKWS-960 s/on 4:30, QRMed by another s/on then; WRKH-580 s/on 5:03 followed by KALB who covered them. 8/19- New WSAO-1550 s, off 7:45 atop XBE etc. 8/20- WHUN-1150 s/on 4:30 and cn with no WJJD trouble; WIMB-1460 RS at 8 pm over KSO; DJ kept saying WCMB and CE told me he always shurs the call. 8/26- Tried 680 kc/s. and found to my surprise KFEQ on top with Cards' BB - I've been trying for them ever since I slept through the DX. Then WCTT followed at 8:15 over WPTF who is usual. Also tried 900. At 7:30, WFRO s/off, then WATC came in OK. After their 7:45 s/off CHML came in, then XEW. 8/27: WFIL 4:55 am good, but WIND s/on 5; WBEN-930 RS 4:45 am, good signals. CBA-1070 at 4:30 am, good signals again. Someone s/on at 4:30 but loop got CBA out clean for ten more minutes. Before that I had CKCW-1220 at 4:13 on clear channel, at 4:15 switch to non-D and stronger signal; WAFS-1570 s/on 5:03 way under. 8/28- KUXL-1570 s/off 8:11 over CFOR. Forgot a few: 8/20- KQYX-1560 very good s/off at 8:15 with SSB. 8/23- I tried 1010 and got KXEN with religious programming till 8 s/off. They were followed by KLRA, no sign of CFRB/WINS. Also might have heard Miss. station there. WYZE-1480 s/on 4:02 with no WRDW for once. 8/26: At last I heard WJII 1550 s/off when CBE announcer took a breath. 9/4: WTNS-1560 s/off 7:45. I've been getting something on 1535 nightly - could it be the Philippines? Veries are KCAD WRGM PJA6 CJMS WCLE WHUN WKBN WBEN WRKH WPUP KXEN WIMB WAGL WYZE KFEQ WCCN. 73.

James E. Critchett - 1504 Glenwood Drive - San Diego 3, California

I hope that Marv Robbins recovers quickly from his injuries. Thanks to Len Lockwood for the airmail post card; hope that he finds more time to give us more details. Has the Club any other collectors of match covers? I will send them to anyone else who wants them. No receiving reports have been sent since 5/24 so no veries have been received since 7/10. During a couple of short DX sessions, very little of interest has been heard, but I did get my SX-43 back last Saturday, and strung up another antenna, 200' of #14 Belden copper-covered wire, and it seems to be bringing in the signals. Now if I can just get out of all this overtime work, and get rested, I might do some DXing, weekends. Best wishes for all in the current DX season.

David Oved - 560 Grover Cleveland Highway - Buffalo 26, New York

DX totals now stand at 163 logged, 103 confirmed. Newly heard are: 8/2- WFBG-1290 Altoona, Pa.; CMCA-730 Havana; KRIL-1080 Dallas. 8/3- Radio Americas-1160 Swan Island; 8/6- KSL-1160 Salt Lake City. 8/11- WKAZ-950 Charleston, W. Va. 8/17- WCMB-1460 Harrisburg, Pa. 8/20- KNX-1070 Los Angeles; KTHS-1090 Little Rock, KFH-1330 Wichita. 8/22-WHAR-1340 Clarksburg, W. Va. v/cs: CBE-1550 CKVL-850 WTIC-1080 WLAC-1510 WBEM-780 WRC-980 WJD-1160 WKBW-1520 KRIL-1080, WBAL-1090 and KNX-1070. V/l's: WFMJ-1390 WIP-610 WDAS-1480 WHK-1420 (second f/up) WRYT-1250 WFBG-1290 (my report plus writing on it) WBCM-1440, WBAP-820 (card in envelope. Also received QSL card from XE2GT, Guillermo E. Tapia who confirmed my reception report to XEDM. It was turned over to him as sponsor of the show I heard on XEDM. From 8/26 to 9/1 I was up in Ontario near a town called Haliburton. Some of the stations I heard at night were WPTR-1540 CFRE-1010 WOWO-1190 WABC-770 WKBW-1520 WLS-890 WBZ-1030 WWVA-1170. All were heard on my Zenith Royal-50 transistor radio. Static and school have combined to keep me from logging anything since then. 73s.

Andy Rugg - 16 Lake Breeze Avenue - Pointe Claire, Quebec

V/l's: WAGL CFBG CFCH CJBQ WISL WBUC KCII WWBZ CKCH WFVA KNDY Nancy I WJOR CKOT CJLX WAWK WRYM WRVM CHFI WNRG WRBL XEA CFBC Philadelphia CD 640/1240 WRGM CFML WWIN WRAD PJA6 WHHL. v/q: CKTB CHEX KPRC. v/r: WABB WAGG WAWZ. PP- WVAM WKLX CHRD YSC WAPL WERI WCLS WMIC, are this month's veries. The WWIN CE apparently doesn't answer nearby reports but answers all Canadian ones (he's also a fellow Oriole fan.) CFOX got its 10kw D and 5kw. N around Convention time and I'm sure that FCC lists only Canadian applications and doesn't wait for decisions. In August I bought \$3 worth of foreign stamps and sent out many PPs to holdouts; only YSC has answered after a month. DX: 8/3- CKLM-1570 (when they run the full 10kw after XR bugs are ironed out they'll go NSP and be stronger). 8/8- WRGM-1590 r/c 11:30 pm (that's after midnight EDT) WWYO-970 tentative r/c 12:21; WFVA-1230 r/c 12:45. 8/9- WJOR-940 ET 12:37 am. 8/10- WAWK-1570 r/c 1 am (CKLM off), WNRG-940 ET 1:12-2:44. WLIQ??-1300 TT 2:19 and CKOT-1510 s/off 8:32 pm. Unn WATS-960 TT 12:33-12:40 and XEA-1370 s/off 12:59. 8/11- KSCJ??-1360 TT 1:18 am and WGAN-560 AN 1:45. CBAG-1550 loud and clear - who needs 'em? 8/11-1390 ETer 3:23-3:55 sounded like WISJ, a 5,000 watter; who? Who was WPGR??-1470 s/on 4 am 1kw. on 1470, 1,200w. on 104.1 FM; WRAD-1460 s/on 4:15. WENT-1340 4:31. WRYM-840 5:01, WSME-1220 5:05, CHFI-1540 6:53. 8/16- CHCM-560 9:30 pm but not enough to report and ditto two nights after, not heard since. WKNY-1490 10:15. 8/18- PJA6-905 10 pm. 8/19- WGN1-1340 AN, ridiculously easy log, 4:30-4:53. WKGN-1340 @ 4:56. WAWZ-1380 s/on 5:30. WEET-1320 r/c 3:02. 8/29- WCHB/WHHL-1440 ET 1:11 am. Unn WBEM-930 TT 1:42. BBG will punish the latest XERF; CKLW, Detroit 26 (never mention Windsor!) 73.

Charles Reh - 36 Morgan Avenue - Leamington, Ontario

Hi - it's about time this new member started to report to the Musings. Since joining in June my DX has picked up a lot. I live in Leamington, (Tomato Capital and Sun Parlor of Canada; pop. 9,500) about 36 miles SE of Detroit. I have been DXing about a year and have logged 261 stations. My receiver is an obsolete three tube regenerative but I have ordered a Lafayette HE-40. Most of my DX has been hampered by thunder storms which seem to time themselves for the weekends when I do most of my DXing as I've been working in the summer and now it's back to school. Now to DX. 8/13- CMQ-630 12 am; WKWF-1600 2 am; WTAR-790 3:21, WGUS-1380 4 am s/on; WOPI-1490 TT 4:20. 8/18- WREC-600 ET 1:06 am. 8/19- KOA-850 12:30 am; WCLS-1580 4:05 s/on; WINX-1600 4:30 am; KXOK-630 5:07 am; KALB-580 5:22; WONE-980 11:30 pm. 8/20- WLIK-1270 12:28 am; KSL-1160 1:30 am. 8/26- WMEX-1510 4 am s/on. 9/1- WTHH-1380 1:40 pm. 9/3- WYNR-1390 1:10 am; KNOX-1310 1:08 TT; WEED-1390 1:35 TT; WJLL-1440 2 am ET; WARK-1490 3:01; WISK-1390 4:30 am; WAIT-820 5:05; WPDQ-600 5:20; WPLO-590 5:30 am. I'd like to thank the members of SCALD for their welcoming card. WHOT is now on 1330 with 500w. That's about all from this den until the next DX NEWS two weeks from now (if I can make it). So long until then. (Welcome to NRC, Charlies, and we hope for more from you! -ed.)

Tom Mann - 1805 East Elmdale Court - Apt. 6 - Milwaukee 11, Wisconsin

Greetings from my new QTH. It has been a long time since I sent in a report. WGES-1390 in Chicago changed their call letters to WYNR 9/1/62. 73.

John Oldfield - 11623 84 Street - Edmonton, Alberta

Labor Day found Johnny in bed. Johnny had had something stolen - his tonsils. This explains why I wasn't at Indy. Before this operation, I had a very enjoyable holiday with two friends. We went hiking to our neighboring province of B.C. Man, this is really the way to see your country. I had to be back early for my operation so we only rested in Vancouver, on the way back. I would have called our four B.C. members but I didn't think 3 am was the right time to visit anyone. My apologies, anyway, to the boys from B.C. Saw CKEK-570, CKLN-1390 and CKOK-800 (very nice studios) and I checked on every CBC relay I could pick up. I found out from the local citizens that these were on AN (Note: listed in AN Situation column -ed.) Also, CKRD-850 now using 10kw; CKNL-970 1000/500w. Fort St John, B.C. now on the air, CKYL-610 Peace River, Alta (ex-630). Veries: KABL KULE, v.l.s. This may be an inactive DX season for me - hope not. 73

Bill Wilson - 1126 Alameda de las Pulgas - San Mateo, California

Greetings again from the land of the burning sun. The sun may have been hot this month, but DX wasn't, though it was pretty good for August, I guess. New catches: 8/3 KHOT-1250 heard at 4 pm EST when KYA had a slight power failure. 8/4- KOHU-1570 3:49 ET. 8/5- KVAN-1480 6:58-7:15. 8/6- KIXX-1400 1:30, CKOK-800 2:10 s/off, KWSO-1050 2:16-3:30 f/c. 8/9- KSBW-1380 Giant BB 1:00. 8/12- KEWI-1440 AN rr, KONE-1450 4:01, WHK-1420 4:31-4:50. 8/13- KWSL-1340 ET 2:25. 8/19- KIUP-930 f/c 2:25-2:40, KOZE-1300 2:48 ET, WRVA-1140 4:55, KCTA-1030 6:05 am. 8/2- KSLM-1390 1:10, KBOI-950 2:15 s/off, KRKO-1380 2:25 rr AN. New veries from CKCK WSM CHUB KID KWSO KCIN KGGM KGWV KBVM WHK CFRN WRDW KIUP KOZE KDAB KWOY WHAM. By the time this is printed, I'll be back in school, happy day. Sure hope I can manage things so school won't curtail my DXing. So long for now and best of DX.

Jeff Lob - 93 Oakview Terrace - Short Hills, New Jersey

While September WX is making DX more promising, ye great institution begins to whittle down DXing hours so, once again, the great compromise must be made. To continue from last report: 8/4- WACE-730 good @ 4:46 am for semi-surprise, FF on 640 which is believed to be Radio Guadeloupe moved 10 kc/s. Goodbye, 1570, hello CKLM in here S-8 with CFOR squelched underneath. 8/6- (First Mr.) Usual r/cs from WJNC-1240 KVSH-940 plus all Jamaican outlets (RJR & JBC) heard AN for their independence celebration - golden opportunity to hear those I hadn't before which I did! Also noted CKGB-680 AN and WING-1410 TT. In FM, CKRB-1460 was topping that frequency however unn. 8/7- Glimpses of WUSM-1330 s/off @ 7:30 behind WRVD; PRG2-1040 also good @ 8:05 pm. 8/9- WSYB-1380 good behind WBNX; WBRK-1340 @ 7 ID; FF on 980 probably CBV. 8/14- WSHP-1480 (New?) @ 7:05, WROC-1280 ex-WVET new for me; CHFI-1540 noted for new Torontoan with 50kw. D; WABQ-1540 s/off @ 7:30; weak signals from 3AM2-1466 and CSB5-1578. Radio Miranda-825 vert good (not heard since DX for which no one got a verie?). 8/18- WPEG-1550 for new one accompanied by ET from brand new WKYE-1550 in Bristol Va/Tenn with 1kw @ 7:30 pm. WSAO-1550 for another brand new one; CSB5-1578 excellent with mx. On 8/20 took off on a brief vacation to N.H. where a little DX was done on FM, the only BCB accomplishment being WENE-1430 taking over that frequency with dear old WNJR in the background for a welcome change. Much too busy getting used to this bathroom climate and the fact I'd be soon prisoner among those hallowed walls of ye great institution. Did hear 9:10 s/off of Radio Guadeloupe-640 9/5 hnt nothin strikingly new. Regretfully, no Indy. Am now entering third year in this great organization and wish to thank all tho have made the going so smooth, the DXing so pleasurable. I would like to hear more talk about a vital leaflet explaining DX to be sent stations accompanying reports from NRCers. Any mention at Convention? Jim E., have fun with 10kw. Keep your knees loose. 73.

Stan Morss - R.R. 3 - Bradford, Massachusetts

CKCY-920 Sault Ste. Marie now AN-7 reported 7/30. CKLM-1570 a very loud signal here AN and well into the daytime to finish the frequency for twilight and night DX. Veries WTHT WHLP. A visit from Warren Brown of Ashaway, R.I. - a pleasure to meet him.

Ed Bentz - 1803 Van Camp Avenue - Omaha 8, Nebraska

Hi. This is my first Musings report. I am 16 years old and in the 11th grade. I have BCB DXed off and on for two years, logging 255 with 70 veries on a Zenith Trans-Oceanic. Also concerning radio, I am a "ham," KOKET. Enough for that. Stations heard recently include: WAAY-1550 KYNT-1450 WILS-1320 KBOR-1600 KIZZ-1150 KENN-1390 WIKB-1230 KL R-920 KDWB-630 WOOD-1300 CJRL-1220 WIRL-1290. 73s and good DXing to all. (Welcome to the NRC, Ed. We hope you'll be reporting often. -ed.)

NEXT ISSUE IN TWO WEEKS, DATED 9/29/62. DEADLINE IN BROOKLYN, TUESDAY, 9/25.

Len Kruse - 1675 Glen Oak Street - Dubuque, Iowa

Let's hope Marv Robbins is recovering rapidly from his injuries in that accident. The latest DX at this den included: 8/13- KCAD-1560 Abilene, Tex. on ETs at 2:50 am in the clear. 8/23 found WHHL-1440, Holly Hill, S.C. ETing at 2:27 am; and on 8/27 the brand new WNOH-1550 Raleigh, N.C. was heard with ETs at 2:35. The brand new DX season which began on 9/1, and I've added five new catches to my DX Log. On 9/3 Station WYNR-1390 Chicago, ex-WGES, with RS from 9:45-10:45 pm, topping the frequency at this den. It was on 9/1 the change in calls took place from WGES to WYNR - "Winner." On 9/4 KEWI-1440 Topeka, Kans was heard with its AN programming at 2:30-3 am. Then on 9/5 WTLK-1570 Taylorsville, N.C. was heard with its RS s/on at 5 am and topped the frequency for their first 30 minutes. The all-new 10kw. station CKLM-1570, Montreal, was heard with its AN show on 9/6 from 3-4 am in the clear. And the #5 logging of this new season was KLWW-1450 Cedar Rapids, Ia. on 9/7 when I listened to an hour of their RS in the afternoon 4-5 pm, but with interference from WRCO in Richland Center, Wis. also on 1450 and about the same distance in air miles from Dubuque. Latest verifications were v/l's: WXVA WFFF KSYX WHHL KCAD.

Ben Dangerfield III - 202 Governor's Drive - Sproul Estates - Chester P.O., Penna.
I've been back at the dials since mid-August, after a summer of only a few DX efforts, mostly unsuccessful. One new one added this summer: PJA6-905, Aruba, who verified promptly and should be an easy catch this season if they stay on that frequency. Incidentally PJC2, Curacao now appears to be using 855 kc/s., after quitting 864 and staying briefly at 875 in August. Guadeloupe has moved to 640 kc/s., and tops that frequency with strong signals during the early part of most evenings. Sounds as if they might have increased their power. In the same neck of the woods, Radio Martinique-1500 is now quite strong behind WTOP in the early evenings, and cert inly must be using the new 50kw. XR. Another FF being heard is on 1375 with very weak signals and could be St. Pierre, but I want to be sure before reporting. S/off around 8 pm. No signs of TPs since April, but at least 23 fair to good TA signals have been picked up, some as early as 8/4 and 8/6, but mostly since the 13th. Portugal's CSB9-782 is a regular until its 7:30 pm EST s.off. This will be one hour later after 10/1 when Portugal goes off summer time. Monte Carlo-1466 is leaving the air around 8 pm EST. Luxembourg-1439 was separated from the 1440 bunch at 8 pm 9/3 and was playing "The Breeze and I." Monte Carlo seems to play "Close Your Eyes" just prior to s/off. At least five FFs have been noted just after 11:30 pm s/on, including Bayonne-1493, but the strongest was Lille-1376. Germans, like Oldenburg-1586 and VOA-1196 Munich have come through well around 11 pm and on 9/3 Prague-1286 and Bratislava-1097 were S-8 at 6:55 pm. Tirana-1088 Rome-845 and Cairo-818 have been heard from, but weak. 9/7, I ran into a very loud Arabic type station on 935 kc/s., featuring singing and chanting, and leaving the air with an anthem at 7 pm. Probably Moroccan, and sounded like at least 150 kw. It looks like DXing will be fun this season, gang. Sorry I missed Indianapolis, it just wasn't possible this year.

Roy H. Millar - Box 702 - Everett, Washington

Late summer DX - 8/18- KBBO-1390 Yakima, Wash. fair 6:45-9 pm (ex-KYAK/KLOQ). 8/20- CBUA-730 Oliver, B.C. quite good again this AM, particularly at net. ID, 6:59 am, report off; KLOE-730 Goodland, Kans. weak at 7:01 s/on. Veries: LS11-1270, La Plata, Argentina; 3ZB-1100 Christchurch, N.Z.; KBBO-1390, CBUA-730 Oliver, B.C. (20w. and the lowest powered of the five CBC-Vancouver relays now verified); KLOE-730 and KPLY-1240 Crescent City, Cal. 3ZB verie most gratifying as reads in part, "Your report is the best DX report received since the station opened in 1937." My 14th N.Z. verie for 14 logged. 73 for now.

Chris Manthey - 21307 Maplewood Avenue - Cleveland 16, Ohio

I just got back from being a WMEX Peach on the Beach for two weeks so nothing as far as new stations to report. However, upon returning I found a WHVR-1280 verie on a card awaiting me (after ten months). This raised my return percentage from 69.11 to 71.64%. I checked and found I spent \$5.40 on reports last season and only \$1.63 was wasted. You think you are spending lots more at the time, hi. My title of youngest NRCer is down the drain. Our two new Illinois members are also 14. Welcome aboard!

Ernie Wesolowski - 1416 Pasadena Avenue - Omaha 7, Nebraska

Injured Marv Robbins is at the U. of Mo. Medical School Hospital, Columbia, Mo. I have no word of his condition at this time. Veries are WCCN KLOE KTLN KLIF KFRU KLEM KRNT KICD KLAQ KDAB KLZ. NX on Convention will be in next issue. 73s.

Larry Bassett - 4419 Elmwood Avenue - Royal Oak, Michigan

Three new states were added this month to bring my total to 34 with 25 veried. The new states are N.D., S.D. and S.C. In all the copies of DX NEWS I've seen, I haven't seen a report from anybody in Michigan except me. If there is anybody out there in Michiganland, how about dropping me a postcard to let me know you exist? School has started and that will cut down my DX time, but I will still be DXing every chance I get. On to this month's DX: 8/5- KCII-1380 f/c at 1:15; CKFH-1430 at 1:28. 8/6- WEVA-860 f/c at 12:49; WJBM-1480 f/c at 1:10; KNOX-1310 f/c at 1:16; WCLO-1230 f/c at 2:18. 8/10- WYCL-1580 ET at 12:55; WAWK-1570 f/c at 1:15; KDSN-1580 f/c at 1:40; XERF-1570 at 2:00. 8/12- WYSI-1480 at 6:15 pm. 8/13- WGGO-1590 f/c at 12:15; WKLZ-1470 f/c at 12:35; WIBG-990 at 1:30; KBRK-1430 f/c at 1:50. 8/14- WCOY-1580 ET at 12:18; WYDE-850 f/c at 1:09. 9/3- KLAJ-1600 f/c at 3:31; WFBL-1390 s/n 3:53; WYNR-1390 (ex-WGES) at 3:55; WDMS-1320 s/on at 4:03; WGCB-1440 at 4:15; WRAD-1460 at 4:22; WCMB-1460 s/on at 4:30; WENE-1430 at 4:38; WLBR-127 at 4:59; WHBI-1280 at 5:00. Veries are in from WIP WKLZ WCOY WYDE WYCL. I'm sorry I couldn't be in Indianapolis. If I can get a part-time job, I'll be in Denver in '63. 8/21 I celebrated my first anniversary of BCB DX-ing. I've sure enjoyed it. 73s and best DX to all.

Larry Schwartz - 4819 Atlanta Drive - San Diego 15, California

Best wishes for a quick recovery to Marv Robbins, one of the nicest guys in the NRC! Thanks to all of you who made the NRC Convention really great. Nice meeting all you fine NRCers! DX has not been at its best, but I'm sure it will return. Locals are now s/off at 9 EST. This of course doesn't include local XEMMM-800 Mas Musica y Los Tres Ms del Caduante - they blast away until 10 pm and are killed by XELO. Recent veries include: WAAY-1550 KCJH-1280 KQRS-1360 KRDO-1240 KRED-1480 KLMX-1450 KWIQ-1260 KVOD-730 KCVL-1270 KGRT-1520 WCRL-1570 (veries for 250w., but expects 1kw. soon) KATZ-1600 (obtained by myself while in St. Louis) KELR-1460 KELI-1430 (two veries from a six-month-old report) KTAC-850 (f/up) KREH-900 KWFR-1260 KCAD-1560. I now have a total of 458 veries so that 500 total by November looks doubtful. The verie from KREH was something the engineer enclosed three Top-40 45rpm records and also wants to correspond with tape - he's an SWL, however. Reports still out to these: KOZE-1300 KCEY-1390 KBYG-1400 KTFY-1300 KLUC-1050 KEWI-1440 KREO-1400 XENT-790 KOHU-1570 KADY-1460 KOLD-1450 KIMO-850 and much wanted WFBL-1390. Any recent v/s for these would certainly be appreciated. In the changes in stations' facilities, KSON-1240 didn't and can't go to 1kw. day because of an FCC law so scratch that one. Also KACY is now 10kw. day and Tom pointed out. 73 and down with 1,000,000 watt stations (WLW??)!

Larry B. Godwin - 970 28 Street - Apt. 7 - Boulder, Colorado

I am very glad to report Marv Robbins is doing fine at the U. of Mo. Hospital at Columbia, where I visited him Tuesday after the Convention. He is in good spirits, and he smiled when we talked about the expected turnout for the 1963 Convention. Marv will be returning to Omaha for a while about 9/18, and later to Broomfield, Colo. I am very proud to be a co-host for the 1963 Convention and will be returning to Boulder 9/11. I have a little Texas DX to report: 8/7, I finally heard CKRD-850 Red Deer, Alta. s/off 3:06. On 8/8 I heard what was apparently an ABC station on 770 from 6:35-7:05 am, so a tentative off to 3LO. MM 8/20 brought KWIK-1240 Pocatello, Ido. s/off 2:00; KEYJ-1400 Jamestown, N.D. s/off 3:40; WHUN-1150 Pa. s/on 3:59; WJAB-1440 Me. s/on 4:04; WORL-950 Boston RS 4:39. Then MM 8/22 heard ADT on 920 3:40-4:05 with WX for Grand Banks, so tentative off to CJCH Halifax; CBM-940 Montreal s/on 4:57. 8/28-CHAT-1270 Alta. s/off 3:10; WTLK-1570 N.C. s/on 5:01. 9/6- KBRR-1230 Leadville, Colo. PoP 2:28. I've received lots of f/cs from NRCers for the new list, to be completed about 10/1. This is your last chance to send me f/cs you've heard since 1/1/62. Please send them if you haven't yet. 73 to all and see you in Denver, Bob Foxworth!

C. Alan Taylor - 2529 East 9 Street - Indianapolis 1, Indiana

Veries recently are: WBAL-1090, Harrison Brooks, CE, is v/s. XEWA-540 with Luis Gonzalez Cordova the v/s, KUTT-1550 Fargo, N.D. and the CE, Jim Johnston, is v/s; WSWW-1590 Platteville, Wis. Ron Viste CE, WGTC-1590 Bill Covington, CE, TIHB-700 verie written by 15 year old daughter of Secretary to Gernete, YND-675 who apologized for lateness of verie, v/s unreadable. Best DX, 73. Denver, '63.

Norm Maguire (visiting in) Honolulu, Hawaii

Greetings from the 50th state. Have had a fine time this week in Oahu. Next week we will be on Kauai and Maui. Then another week here at Honolulu before sailing home. Will miss the Convention this year, but what wouldn't?

Jeff D. Stewart - 3018 Washington Street - Amarillo, Texas

Marv, I'm glad to hear you are recovering OK, and I'll be looking forward to your fine Convention next year. I was unable to make Indianapolis because of work problems, etc. DX here has come in spurts with nothing in the spectacular field showing up. 8/9- WCAL-770 Northfield, Minn. s/on 5:00. 8/11- WEW-770, St. Louis, RS 7:00. 8/10- KOKA-1550, Shreveport, La. RS (what happened to KREB?) On 8/14, KCAD-1560, Abilene, Tex. ET @ 1:40; KCLA-1400, Pine Bluff, Ark. f/c @ 2:20. 8/24- KUTT-1550, Fargo, N.D. f/c @ 1:26. On 8/25- KBRL-1300, McGook, Neb. ET @ 1:22; KYOU-1450, Greeley, Col. on late with BB; KEWI-1440, Topeka, AN; KPLT-1490, Paris, Tex. s/off @ two minutes before midnight CST. 8/26- KRUS-1490, Ruston, La. f/c. 8/27- WLBR-1270, Lebanon, Pa. RS 4:33; CEM-940, Montreal, s/on @ 5:00; WCLS-1580, Columbus, Ga. RS @ 5:10. 8/28- WLBL-930 Auburndale, Wis. testing. Only new verie in from 3GI-830, Sale, Vic. Tentatively heard CJCH-920 on 8/27 with cw format. That's about it from here so 73s to all.

Ernest Kirschner - 271 Pennsylvania Avenue - Bridgeport 10, Connecticut

This is a sad DXer, because my radio is out of order, since lightning struck the outdoor skywire antenna. But before this personal disaster occurred, I was picking up a good number of stations. DXing by date was like this: 8/10- WPTF-680 Raleigh, N.C. 8/13- WEOS-1600 Brookline, Mass.; WOND-1400 Pleasantville, N.J. 8/14- WAKR-1590, Akron; CBJ-1580 Chicoutimi, Que. 8/18- CMHQ-640 Santa Clara, Cuba; WHPE-1070 High Point N.C. 8/19- WVNJ-620 Newark, N.J. 8/20- KFAB-1110, Omaha which I think is my best catch of the summer. This station proved to be the last one I've picked up. The veries I received since the last DX NEWS are WPTF WAKR WSAR-1480 Fall River, WMRC-1490 Milford, Mass., WVNJ and WEOS, this being a letter. Well, I guess that is about all there is to report, and I will just have to hope the old radio is repairable. Till the next time best DX and 73. Ernie, I have no relationship to the person you mention.

Ken Murphy - 60 Plymouth Road - Glenbrook, Connecticut

At the start of a new season I am sending in this report although not too much of interest. Very little DXing done this past summer as work at the office has continued very rushing and much overtime work required. Haven't been able to get a vacation as yet. Over the Labor Day weekend I did manage to get up into Vermont to bring back the family but no chance to get in any DX. Littleton, N.H. expects FCC approval for a new station almost any day now. They hope to be on the air within three months after approval. Only recent veries are from CHUM-1050 WIRV-1550 WKID-1580 WKPR-1420 WFAU-1340 and KWIZ-1480. Just counted up my veries from many years of DX and find they total 1,114. Stations heard from Glenbrook only now total 1,222. From 11/61 to 5/15/62 I have sent out 94 reception reports. Of these 94, only ten have so far failed to reply. No f/ups have been sent due to lack of time. YVLT-825 and WMOD-1370 apparently answered practically no reports on their DXes. Hope everyone has a fine new season.

Bob Karchevski - 119 Hemerway Street - Boston 15, Massachusetts

9/9 and a new DX season. I've gotten a fair start already, due to some abnormally cool WX here in New England recently. For instance: 8/26- CKAC-730 @ 1 am, WJR-760 good @ 1:05. No WEAN-790; WWL-870 and WLS-890 good @ 1:10. 8/29- Logged WAGE-730 after WTAO-740 s/off @ 6:45 pm to 7:00 and CKAC-730 from 7-7:38 pm. 8/30- Logged WTAO-740 WAAB-1440 7:16-7:36 pm. Also heard CKFH-1430, WFPG-1450 on 9/1 before logging WERE-1300 @ 1:41-2:02 am. Logged WMBD-1470 Ill. 2:06-2:34 am and WLEE-1480 2:36-2:59 am. Also unnn WAKR-1590. 9/2- Logged WORL-950 and WOCB-1240 (finally) @ 4:49:55:25 pm. Then nulling WOCB with my 65" spiral loop antenna I logged WWON-1240 5:25-6:02 pm. 9/3- Logged WYNR-1390 1:18-1:40 am with a TT by WEED-1390 from 1:30-1:34. Then logged XEB-1220 from 1:46-2:30 am. WOR-710 on @ 2:30. Also heard WIBG-990 XEG/CHUM-1050 WRCV-1060. Logged CKEY-580 (logged 100% Toronto) @ 3-3:20am. At 3:30 heard WGAN-560 CFNB-550 WDAK-540 WOW-590 and WVLC-590 poorly. Logged WCAO-600 @ 3:44-4:00 through WICC QRM. 9/4- Logged WFGM-960 6:33-7:35 pm and heard CKTS-900 @ 7:30 pm on 9/5. Now for my Question and Answer period. 1) Jack Swan, TrfM at WTAO-740 told me on the phone he'll answer all correct reports. 2) WTAO Sept. s/on 6:30, s/off 7:00 EDT. 3) Radio Nord-602 permanently off the air per AP, Time Magazine, NRC DX NEWS. 4) Is WYNR 1390 logged on 9/3 @ 1:18-1:40 ex-WGES? 5) What is the address of WYNR? 6) On 9/11 at 10:00 am EDT WHIL-1430 will change their type of programming, but are keeping it a surprise. 7) WEED-1390 f/c ? first Monday 1:30-1:34 am. 8) New QTH for WORL-950 is: 330 Stuart St., Boston 15. 9) Where's Jones' Log? I'm hung up without it. 10) QSLs received: WRRR WLEE WMBD WTAO CKAC. 73s.

Ronald F. Schatz - 8065 Crespi Boulevard - Miami Beach 41, Florida

Well, Convention's over and a brand new DX season is upon us. Enough of that! Let's get down to that important question: "What's going on at 'Radio Americas'?" Even I don't know exactly, but I do know the following: Their XR location is Swan Island, and it operates on 1160 kc/s. at a power of 100kw. by authority of their own- i.e. the station is clandestine and outlawed and would like nothing better to do that not verify your report. Recently added a new antenna of a type not mentioned in the NRC booklet, a Marconi vertical, and it works great! Also on hand is a Webcor "Regent" for anyone wishing to hear my Cuban accent, hi. Now for a little DX up the deal. CM---1580 is an unID "Reloj Nacional" station; WRSJ-1560 is now in San Juan, not Bayamon; ZNS-1540 gives address as Box 1347 and promises to verify all reports. (Zs pronounced "zed"); HJBS-1520 s/off at 12:40; HJAD-1340 dominates frequency in the AM; 4WW-1325 "Radio Haiti" ISs at 7 1/2 minutes past the hour with a bunch of calls, signal better than "Caviar" (4VA); ZBML-1235 now AN with 1kw; CMK?-1200 from Santiago de Cuba; CMBQ-1160 is correct frequency; CMGW-1150 is only Cuban heard on this frequency; HOJ2-1047 drifting from 1040 and AN; CM??-1010 with reduced power; HRU-860 drifting from 865 (this is not HRUC; the SW call) PJC2-855 from 865, heard with rr; RJR-770 noting new anthem; HJBJ-640 from 1190. The prefix CMF- has been issued to a few stations in Cuba's Camaguey province. So, as Ernie leaves out the accent marks on the foreign words in this Musing which I so carefully put in, I close the same and say 73s.

Ray H. Kraul - 6423 33 Street - Berwyn, Illinois

To Marv - have a speedy recovery. DX for the summer here has been slow with only about a dozen new loggings. 6/20- WAWA-1590 s/off 8:30. 6/25- WIBV-1260 s/on 4:55; WJOR-940 RS 5:15-5:30. 7/9- KLWW ex-KPIG-1450 RS 1:00; WATC-900 r/c 1:35-1:45. 7/13- KOKX-1310 r/c 1:17-1:30; WKSR-1420 r/c 2:02-2:14. 7/19- WCPM-1280 f/c-M 2:03-2:15. 9/3- KDOM-1580 ET 1:50-2:05 and on; KLZ-560 s/off 2:15 with WIND silent. 9/4- The "new" WYNR-1390 ex-WGES AN (drat it!). 9/6- WMOK-920 s/on 5:30. Veries: WAWA WJOR KEJD WPRT KOKX WCPM.

John D. Hathaway - 4701 South Milam Street - Amarillo, Texas

Sorry I couldn't meet you and all the gang at the Convention this year. I was in my home town, Danville, Ill. about 80 miles W of Indianapolis about a week before the Convention but had to return to Amarillo as I had to finish a course for my Master's Degree before 9/1 and my wife had to be here for teachers' meetings 8/27. I'm sure planning on seeing you all in Denver next year. XEWA-540 is blasting through nightly here. TGJ-880 is also coming through very well so hope CX S will be good early this year. A couple of new stations for the log here heard lately are KPRC-950 and KXLY-920. Also heard KAAV and XEH which brought the log up to 697 heard. 315 reports have been sent out in the last three years with 224 of those verifying. Fortyone states have been heard and 37 of them verified; six provinces have been heard and verified. 19 countries have been heard and 16 of them have verified. Recently hears SSES here are Managua, 615 (YNRN?); 655-?? XEN-695 YSC-1015 XEQR-1030 XEB-1220 XEM-1390 XEMC-1590. Thanks a million to Fred Van Voorhees for the outstanding job as Editor of the International DX Digest for so many years! Best 73 and DX.

Norman Pillsbury - R. D. 3 - Jamestown, New York

So far DX for this season has batted 1,000 on veries. WDBJ-960 and WFLR-1570. The latter s/off at 8:10 pm and veried in four days. I'm looking forward to a fabulous DX season this year and hope to hear from some of you Convention goers. 73s to all.

Ernie Cooper - 438 East 21 Street - Brooklyn 26, New York

Verie total here is 3,167, with the additions of PJA6-905 KCAD-1560 WNOH-1550 WAGL-1560. DX: 8/19- Mexican s/off 2:16 am on 960, XEIQ? WHHL-1440, Holly Hill, S.C. ET/M at 2:34, and heard many times since. 8/20- Unn WRBL-1420 s/off 1:00, over WHK. WRSJ-1560 ET/M 1:18, also unn. WDAX-1410 f/c-M 1:21- this one didn't verify for me last season and hasn't yet for this report. WAGG-950 ET/M 1:50, unn. Unn XENK-620 s/off inclear 2:00. 8/23- Unn WYTI-1570 ET/OC 1:50. WHHL-1440 on again. WFVA-1230 unn. Washington BB 1:55. 8/26- New WNOH-1550 ET/cw 1:50, on also on 8/27. 8/29- KCAD-1550 Abilene, Tex. ET/cw at 3:58 am. 8/30- "Sea Bag" (CBAG-1550) finally logged on AN at S-5-6, but not enough for report. WVOK-690, ET/M 1:56, unn. 9/6- WHHL-1440 again. 9/7- WYCL-1580 ET/M asking for reports at 2:44. Log this AM on CBAG-1550, announced at 3:08. 9/10- WPOP-1410 and WYNR-1390 AN today, MM. WYNR new. WKAI-1510 ET/OC 1:36 Tester on 1540, unID counting 1-10 at 1:37 under KXEL, who? CBAG S 8-9 today, 1550. CHIQ and CJMS fighting it out AN on 1280. WENX definitely s/off MM at 4:00 their TX!

Maurice W. Nittler - 1755 South Vallejo Street - Denver 23, Colorado

I just returned from Nebraska last evening and realized that the deadline for the September DX NEWS was 9/11. I want to express my thanks to all the NRC members who sent cards and letters to console my family and me in our time of sorrow. The funeral for Francis was held Labor Day in Geneva, Nebraska which was also the place of burial. It is wonderful to know that Francis has so many friends in the NRC and that there is such a great congeniality among members. The money which was contributed by the members in attendance will be used to provide masses for the repose of his soul. It is difficult to formulate any plans at this time as to the 1963 NRC Convention but I understand that our Convention information did reach Indianapolis. Our prayers are with Marv Robbins in wishing him an early recovery and return to the DX fraternity. DXing, of course, is at a standstill in Denver but I know that Francis, Hal and Carroll would want us to continue to try to reach the DX marks which they have set for us to shoot at. At this time, we shall all say 73 to three of our most valued DX companions as the NRC enters its 30th year.

A FEW MORE WORDS ON THE TRAGIC ACCIDENT

Many many members sending in Musings for this issue - in fact, ALL of them who knew about it, spoke eloquently of the three lads in their Musings. If words could bring them back, we would have published all of them, but we felt that to repeat these sentiments about 25 times would lean towards the morbid. We hope no one is offended by our decision not to publish each individual eulogy we received. We are all reading this issue with heavy hearts, and to echo these words over and over would make it that much more sad for all of us. I trust each of you understands, and that the folks of these wonderful members do, too. They are receiving this issue of DX NEWS as a memorial from the NRC to those valued members for whom we mourn today. Also, all jovialities were dropped from your Musings out of respect for the five deceased members. ERC.

Lets have a full stencil next issue. No DX here as yet but soon. Best DX to all and Congrats on 30th year for N.R.C. 73's.

THE DEFINITE POLICY OF THE N.R.C. IN REGARD TO DX NEWS

Effective immediately DX NEWS will be limited to no more than 20 pages (10 sheets of paper) This means that all members when reporting to the Editors MUST confine their reports to DX data and information. Thus in the future if you fail to heed the above the Editors will cut your reports to comply. If they fail to administer their authority in this policy, then your publisher will have to take the drastic action and just toss the excess stencils in the waste basket. I realize the above is drastic but as all know the publishing job is done by ONE person and with the increase in membership thus making a lot more book work, your publisher is in no position to spend more time getting out a larger DX News, so its up to you members to cooperate as asked. By enforcement of the above you can be sure that your DX News will continued to be mailed on schedule in the future as it always has been in the past. Thanks. (P.S. Shortly a new abbreviation list will be made u

INTERNATIONAL DX DIGEST

Edited by Fred L. VanVoorhees, Box 132, Lemoyne, Pennsylvania, U.S.A.

It is with a saddened heart that I start to type this my last DIGEST. In itself the over ten years of effort that has gone into the DIGEST is something. But to have heard the news that Lefty Cooper wrote me is to make things really difficult. I did not know Fran Nittler personally, but his contributions to the DIGEST over the past few years made him stand out in the club. My sincere sympathy goes with the rest of the club to Maurice and to Fran's family. What can one say, though, when one hears of the sudden death of two who have been good friends for over twenty years. Both Carroll and Hal have been personal friends for that period and over those years they both became more than just "DX Buddies". I extend my sympathy to their families, and it really comes deep from the heart. A sad blow to their friends, to the National Radio Club, and to the hobby of DXing. To all three, a final 73 from the DIGEST and its Editor.

DX OF THE WEEK

- 590 CMW Havana, fair thru tone test, 8/19, 2328-2335 with drivelish pro-Castro harranguing. (AR)
- 730 CB73 Valparaiso, Chile, definite verie in form of two-page letter and QSL card received for July 3 reception. Country #36 verified from Texas only. Signer is Roberto Reyes Barrueto, Gerente General. (LBG)
- CMCA Havana, "The Friendly Voice of Cuba", formerly "The English School of the Air". Mostly Cuban music during daylight hours, less so at night. Newscasts given in both Spanish and English. Announcers have thick Cuban accents. (RFS)
Heard 8/2 in English with classical music. Address is P. O. Box 6951, Havana, Cuba. (DO)
- 760 CMCI Habana, Cuba, "Radio Reloj Nacional". Typical Radio Reloj station, one of several on a satellite network. Not certain but CMCI probably moved to this frequency replacing CMCD. (RFS)
- 1YA Auckland, New Zealand, in 6/26 with excellent signal from 0604 s/off of KGU until NZBC s/off at 0617. (RHM)
- 770 RJR Jamaica, easy Sunday night to 2400. WABC s/off 2300 Sunday. (AR)
- 810 CMHW Santa Clara, Cuba, Independent station heard well day and night. (RFS)
- 830 3GI Sale, Victoria, heard with ABC ID for SAR, Melbourne 7/7 at 0615 and 7/25 with ABC time pips at 0700. Still no verie yet for June report. (LBG)
- 770 Who was Cuban parallel with CMW 2328-2353 8/19? (AR)
- 836 Nice sent verie letter after follow-up sent. (AR)
- 850 YNMV Managua, Nicaragua, definite ID as "Radio Continental", giving location at 0233 7/8. Appears to s/off around 0300 every morning. (LBG)
- UNID SS here 0532 8/8. Who? Definitely not CKVL. (LF)
- 855 UNID SS at 0530 on 8/8, slow deep cycle fade. Who? (LF)
- 875 TISS San Jose, Costa Rica, has been breaking through sporadically around 2220 but too weak and WCBS/WWL QRMD to copy. Don't get this one confused with WWL who also broadcasts in Spanish to Cuba. (AR)
- 880 1YC Auckland, New Zealand, sent QSL card verifying 6/26 report. #7 from New Zealand. (LBG)
- 905 PJA6 Oranjestad, Aruba, heard 8/2 2042-2229 s/off very clearly. Report sent. (LBC) Rough copy with classical music all Beethoven 2148-2232 8/18. Terrible CKLL clop-over let up at sign-off giving easy copy then. (AR)

- 922 HJAF Cartagena, Colombia, (Emisoras Fuentes) letter verie signed by Carlota Mendoza M., Relaciones Publicas. Apartado Aereo No. 1771, Na1. No. 206. Affiliated with HJAN-720, HJAZ-1060, HJAD-1340, HJAO-1250. so f/up reports to those might be sent to HJAF. (LBG)
- 1015 YSC San Salvador, El Salvador, didn't answer original report, so sent prepared card as they don't have too good a reputation for verifying. Card reported in 10 days. Illegible signer. (AR) / (AR)
- 1020 YVQB Cumana, Venezuela, easy over TGUX at 2325 s/off Sunday nights.
- 1035 4VE Cap Haitien, Haiti, heard several nights around 2230 with usual religious programming. (AR)
- 1040 KHVH Honolulu, Hawaii, way over WHO here 0710 on 8/8. Copied two announcements, one for garden supplies at a store at South and Hawaii Streets. (LF)
- 1065 HLKX Inchon, Korea, duplicate QSL card received, indicates now 60 Kw. (RHM)
- 1100 3ZB Christchurch, New Zealand, ID and time at 0330 on 5/7. Verie in from same; 14th NZ verie for 14 logged. Letter reads in part: "Your report is the best DX report received since the station opened in 1937." (RHM) Verie says their station log checks with my June 26 report accurately, and that they have received 2 reports in June from West Coast DXers. A. V. Butcher, Supervising Technician, enclosed QSL card also. (LBG)
- HJAT Barranquilla, Colombia, "Radio Reloj" ID at 0230 8/8 with two cuckoo calls and mention of Barranquilla. This must be what I thought was HJCN 9/18/61. What happened to them? (LF)
- 1150 XEJP Mexico, D. F., AN copied 0500-0530 in mistake for "Americas" on 8/9, very clear to ID at 0530. (LF)
- 1160 "Radio Americas" here 0641-0659 8/8, no report. (LF) Heard 8/3 in Spanish. Broadcasts from Swan Island, but address is P. O. Box 352, Miami uno, Florida." (DO) This station, fearing Cuban aggression is clandestine and follows a policy of non-existence; for example your reports are going to people who will tell you "Never heard of it". This is why your reports are not being verified, and why they won't be. One employee who "never heard of it" gave in and stated that "Radio Americas" transmits from Swan Island with a power of 100 Kw. (RFS)
- CMBQ Habana, Cuba, "Radio Enciclopedia Popular" falsely reported on 1150 Kcs. by WRH. Programs soft music. Announcer speaks softly but fast. Signal S-9 after 2400. (RFS)
- 1185 HRVW San Pedro Sula, Honduras, poor at 2200 on 8/18. (AR)
- 1235 ZBML Bermuda, has pretty good signals at night from 2100 on. (AR)
- 1260 A Cuban, CMCI??? here, apparently AN, AMs of 9/7, 8/8, and 8/10. Didn't even copy them, ugh. (LF)
- 1270 LS11 LaPlata, Argentina, verie letter signed by Esteban M. Toselli for reception of 2/9/62. (RHM)
- 1280 CMHA Santa Clara, Cuba, independent station heard well day and night. (RFS)
- 1370 XEA Campeche, Campeche, fair through WSPD signing off 0059, 8/11. Verie letter signed by the Gerente arrived 8/25. Power is 1 Kw. Sked 0700-0100 weekdays, 0700-2000 Sundays. (AR)
- 1400 AFRTS With NL baseball 7/9 0400-0420, time of the Johnston Island atmospheric bomb test. AFKN and Alaska net say "No". AFRTS-SW Los Angeles says Nome, Alaska, but no answer yet to report to Nome AFRTS. Does anyone have any information that Nome is on 1400 Kcs. rather than 590 Kcs.? (RHM)

September 15, 1962

1430 WNEL Caguas, Puerto Rico, fair 0:15-0419, Sunday, 8/19. No QRM.
All in Spanish and mentioning 24 hour sked. (AR)

1540 ZNS Nassau, The Bahamas, "The Voice of the Bahamas", always perfect S-9 Plus with best reception during daylight hours. (RFS)

REPORTERS

RFS-Ronald F. Schatz, 8065 Crespi Blvd., Miami Beach, Florida.

AR-Andy Rugg, 16 Lakebreeze Avenue, Pointe Claire, Quebec, Canada.

RHM-Roy H. Millar, P. O. Box 702, Everett, Washington.

LF-Leo Fox, Star City, Saskatchewan, Canada.

DO-David Oved, 560 Grover Cleveland Highway, Buffalo 26, New York.

LBG-Larry B. Godwin, 2808 Bonham Street, Amarillo, Texas.

NOTES

From Roy Patrick, 8 Sidney Street, Derby, England.

ENGLAND-*--The BBC has announced that the Light Program will run from 0530 until 0200 GMT but no date given when the extension will take place. A pity because during the winter season WCAU is audible around 0000 if the BBC do remain on the air, I'll not be able to hear them. No sign as yet of the new commercial station which will be operating at sea three miles from Southend-on-Sea.

EAST GERMANY-*--Radio OPS are now using 1115 Kcs at 2230 GMT. This frequency is also used by Radio Berlin International. Poor channel for QRM.

GENERAL-*--Had a nice tape in from Larry Godwin and the gang in that area, very nice listening to them, and I shall be looking forward to receiving more tapes from them. I am doing another tape for the convention which I hope to complete this weekend if all goes well. (Hope it got there, this letter written 7/19/62)
