V/1 from ZFBL-960, six days, air mail both ways, also second unsolicited one from WTHH-1300. The DX Confab was really great! On hand were Bob Kalish, Marty Siegal, Bernie Duffy, Pete Clarius, Jim Hicks, Joe Fela, Allen Nissen, local boys, and Bob Karchevski from Boston, and Tommy Holmes from Waynesboro, Va.! Allen Nissen proposed we hold the 1964 NRC Convention in Buffalo, N.Y. as a tribute to Ray Edge, who has done so much for NRC for so many many years. He, Joe and I would be willing to go to Buffalo for one weekend to make any necessary preparations if we'd be needed! Sounds like a great idea to me! DX: No WXIV-1480, will try to find out what happened. 11/24-WCCF-1580, f/c-TT 5:30-5:45, asked reports. 11/26- No KEZU, WBZI. Unn CHEF S-9 on top. Added KIFG-1510, KSWM-940, WJOR-940 (Christmas Carols on TEST) & WVOH-920, rr. ZFBL opened on 910 in August; shifted to 960 and AN on 11/19, are 1,000w. '73.

MUSINGS OF THE MEMBERS

Andy Rugg - 19 Dunbar Road South - Waterloo, Ontario

HOS22-645 WHOW-1520 WMIE-1140 WMHI-1370 & ZNS-1540 are the latest veries here making the total 837. Thanks to Hank Tyndall's 11/27 Musing for providing us with CHIQ & WEEE verie info. I just sent carbon copy of an earlier unanswered report to Dennis Common at CHIQ & hope he will be kind enough to verify. I hope Bill Draper at WEEE gets around to verifying on hand reports. Is he the same Bill Draper who was at WBAZ-1550 a year & a half ago? DX: 11/14- KCMO-810, KayCee, Mo. 5:45-5:53 pm. 11/17- WCBA-1350 Corning N.Y. f/c 1:09-1:15 am, WBRC-960, Birmingham, RS 1:22-1:36; WQMN-1320, Superior, Wis. f/c 1:57-2; KEWI-1440, Topeka, 2:08 & also heard around 1:45 before KEYS/XELZ took over; WIRL-1290 AN 2:22 & LOLI in there too but still haven't been able to report Ernie W's favorite station. ET/M on 1590 ended 2:35, who? On Frank Williams' tip, KNBR-680, San Francisco was logged easily 2:46-2:53 am; ex-KNBC. In the PM a report was sent to Radio Havana with hopes of duplicating CDXCer Bob Vian's feat of verifying CMBC-690 that way. 11/18- On 1570 a "Dial Finance Co." ad was heard for the first time since August; unID TT on 1300 under WAVZ/WERE thought to be KGLO & inquiry sent. 11/19- Who is VOA-SS to "Cuber" neara QRMing WHAM? Heard often. KOTA-1380 1:59-2:04 am for second S.D. logging & I hope that Rapid City station will do what KEPO-1320 didn't, namely verify. CFGB-dx was impossible to log. If there would have been a muddle on the frequency the tone/code may have made it, but WHHM/WKGN were as strong as WDRC/WSAI-1360 are at home, & I didn't realize I was hearing WHHM until their ID, which came after much program material had gone in one ear ' out the other. The result: They faded under WKGN & no report could be sent. Ecch. I sure would have liked to get CFGB but I guess I'll have to put up with VOCM VOUS CJON & CBN. Tsk tsk. I'm looking forward to KEZU KIFG WCDS WBZI KSEM WVOH. 73.

Charles Reh - 36 Morgan Avenue - Leamington, Ontario

DX has been poor this last week but some was heard & here it is. 11/16- WYNZ-1520 5 pm; WGBR-1150 6:43 pm; WTMA-1250 7:26; PJAG-905 7:45. 11/17- VOA-1180 Marathon, Fla. 9 pm way over WHAM every evening; HJKH-640 11:55 pm, nothing from CMHQ & slight QRM from KEI. 11/18- CMHG-670 5:01 am; WTJH-1260 5:44; WIL-1430 5:50; WDSI-VOA-1040 5:59 formerly on SW; WRNL-910 6:04; WKIX-850 6:19; KDET-930 6:38 am; KWFT-620 6:42; KCMO-810 7:09; WGTI-870 7:16; WMBL-740 7:20; WMAX-1-80 7:27; KTRH-740 6:30 PM. 11/19-HJAT -1100 1:01 am; KWLA-1530 TT 1:14; KBOM-1270 1:45; KOTA-1380 2:00; CKRM-980 2:05 s/off; XEQR-1030 2:30; KFBK-1530 3:00; WOLF-1490 3:16; KNBR-680 3:59 s/off; WCFR-1480-TEST 4:11; WAGC-1560 5:47 PM s/off; WOKJ-1590 6:14 s/off over/under WAKR. 11/22- WJMX-970 5:45 am. Overslept & missed WXIV-dx. DXes missed so far are KUXL WGNO CFGB WPTN WXIV. Thus far I have nine out of 14. I would like to thank Bernie Duffy for the card he sent. Until next time best DX & 73s.

Harold S. Williams - 503 Avenue - Seymour, Connecticut

Owing to practically no DXing this is my first report to Musings in quite some time. My last Musing appeared in the 7/14 DX NEWS, the longest lapse I've had since I joined the NRC in 1950. In that Musing I noted the logging of WHOW-1520, Clinton, Ill. had been logged on 6/25 during an ET. Their QSL card has just been received. CKLI-1570 the all FF station was logged & reported in September & their v/1 received for a total of 2,236 BCB veries. Not much of an increase the past year. I have noted 1550 is HOT around 5:55 am & at SSS. Logged WPTC Towanda Pa. several AMs at their 5:58 s/on & WBVM-Utica logged at their 4:30 pm s/off for two new ones. Reports sent. Nice going on the DX Calendar but alas, I have been at work when they were listed. Have heard WMHI-1370 Braddock Heights, Md. but they were verified some time ago. I expect to be home the morning of 11/26 & with the nice lineup I hope to add some new ones as all are needed except WFAU & CHEF. I have been busy making a new BCB Log as I am tired of waiting for Vane Jones. I will be glad to see 1962 come to an end as the DX Fraternity, especially the NRC & NNRC has suffered severe losses, by death of GOOD members. Just last Friday 11/16, Irving R. Potts, for 34 years President of the NNRC passed away. The DX slips just received from Ray Edge seem to be PK. I think they will be of help. I would have liked to attend the Brooklyn gabfest but working 2-10 pm left me out. Nice going, P. Taylor with IDXD. Some day I'll break out & send you something

Douglas Murray - 277 Portland Street - Dartmouth, Nova Scotia

Hi fellows. Time is short so just the bare necessities. DX this M. brought me CFGB through WGMI on their DX Program. I heard only one ID. Maybe some of you Southern boys caught their skip. 73.

Skip Dabelstein - 12524 C Street - Omaha, Nebraska

Now I have some DX to report. 11/3- I heard the KUXL TEST @ 3:19. At 4:11, WBEZJ-1440 TT, WLCY-1380 @ 4:20, WAOK-1380, WFUR-1570 f/c-TT, WRDW-1480 s/on @ 5:01; WKY-1370 s/on 5:23. On 11/4 KBFS-1450 2:00 ET, WPLB-1380 TT @ 2:30. 11/5- KHOK-1560 TEST @ 3:07, KYNG-1420-TEST @ 3:34 & WPTN-1550 TEST @ 4:32. 11/10- KWBA-1360 f/c-TT @ 1:27. On 11/12 no DXes heard so I gave a listen on 1440 & heard WSEL in Pontotoc, Miss @ 4:15 asking for calls. So I called up Ernie W. (as he asked me to do when he was here earlier in the evening) & told him to listen. He called them & asked them to say Hi to any NRC members listening. A DXer in Pampa, Tex. called, I think it was John Callarman but they pronounced his name wrong. They also got calls from Ill. & O. I also got WACT-1420 s/on @ 5:00 that morning. Recent veries are KOTE WPLB KYNG-TEST WPTN-TEST KEYR & WFUR. Contest points are 25. 73s for now & don't forget Dazmone will be in Denver if he can get off work.

Ernest J. Wesolowski - 1416 Pasadena Avenue - Omaha 7, Nebraska

Had a very nice Thanksgiving. 11/18- KIUP-930 Durango, Col. heard on f/c @ 2:05 atop WKY. 11/18, added WCRM-990 Clare, Mich. f/c & asking for reports @ 2:15; KGW-620, Portland, Ore. RS @ 3:00 far below CKCK; Radio Americas-1165 s/on @ 4:55 with S-9 steady. WBVL-950 Barbourville, Ky. ET @ 5:01. DXes from WCFR & CFGB were not heard! 11/20- KAAV-1090 Little Rock for my fifth report (including KTHS). 11/22, report sent to XETRA-690, WKBN-570 Youngstown, O. RS @ 4:55, & WKIX-850 Raleigh, N.C. RS @ 5:04. WXIV-1480 not heard due to local KBON-1490. This makes the second DX I lost out on because of KBON splatter. More to come too! 11/23- WSAO-1550 Senatobia, Miss. ET 1:32-2:17. V/ls from WHFC-1450 KYNT-1450 WDAK-540 KUXL-1570-TEST & CKOM-730. Mr. Bill Dazmone of WECO will be in Denver for the Big and Highest NRC '63 Convention. Will you? A complete list of all members in both Contests will be printed in the 12/15 DX NEWS. Here again is a small part of the list to date: 11/22- 1- Bill Stone, Ont. with 81/18, 2-Ernie Wesolowski, Neb. with 55/15; 3- Joe Fela N.J. with 40/14; Roy Barstow, Mass. with 38/13; Andy Rugg, Ont. with 31/15 & John Callarman of Texas has 1/1. Let me hear from all of you in the Contests this week. 73s to all.

Len Kruse - 1675 Glen Oak Street - Dubuque, Iowa

On 11/12 the brand new WSEL-1440, Pontotoc, Miss. was heard on ETs from 3-4 am for a new logging. The TEST from Station KPOR-1370 Quincy, Wash. was heard fairly well at this den from 3:30-4 am in the clear. And the #3 logging on 11/12 was Station WGNU-920, Granite City, Ill. with a TEST using TT with an occasional ID, from 4:30-5, when both WTND & KTLW signed on with their RS. Then on 11/19 Station KWLA-1530 Many, La. was heard with a f/c-TT 1:02-1:17 am with only slight KFBK QRM. The TEST from WCFR-1480 Springfield, Vt. set for 11/19 was not heard here due to strong KBOX AN programming; & of course the DX from CFGB-1340 Goose Bay set for the same morning was just impossible, as no less than ten stations on the 1340 spot were closer to this location even though it was a MM. On 11/22 I tried for the TEST from WXIV-1480 Windermere, Fla. from 4-5 am, but again that ANer KBOX in Dallas on that frequency caused too much interference for me. On 11/24 I did copy Station KNBR-680 San Francisco ex-KNBC for an hour 3-4 am topping the frequency, with slight WMPS QRM. I am looking forward to the BIG morning at the dials of 11/26. The latest veries were a v/q KALF & v/l WNOH WSEL KYNG./

John Oldfield - 11623 84 Street - Edmonton, Alberta

11/15 & no snow, but man, it's cold! DX since 10/8 came this morning with hard-to-get KNBR-680 RS & @ 5:14 am a "Radio Peking" ID in EE along with some chimes or gongs all under JOBK-670 with WNBC splatter. Is there a Radio Peking on 670 - my books say no! This was heard on a six-transistor radio connected to my longwire antenna, because my set isn't working yet & finds are limited. Local CHED-1080 was given OK on 630 kc/s., 10,000U-4 & a new XR site. They should be on 630 by January. 630 is half of local CFRN-1260 so this should be fun to watch when CFRN goes off at 1:00 MST. CKYL-630 is still having trouble getting to 610 but I'm waiting for the switch. CKRD-850 is now 10,000/1,000 & CKUA-580 NNRC DX should read 10,000w., not 5,000. No veries, still waiting for my Zedder verie (hopeful). 73.

Terry Moon - 205 Plymouth Drive - Vista, California

I joined NRC about three months ago. I have logged 206 stations with 78 verified. Some of my more recent additions are 11/17- KBUZ-1310 Mesa, Ariz, KSRV-1380 Ontario, Ore., TGJ-880 Guatemala City. I have started collecting surveys thanks to Tom Colthurst. I have KUDE's from '58 to the present with very many extras. I'm going to try to make the Denver Convention to make it unanimous from Southern Cal. 73s till next time. (Welcome to the NRC, Terry, and we hope to hear more, and often! -ERC)

Chris Manthey - 21307 Maplewood Avenue - Cleveland 16, Ohio

Lots of activity to report this time. On 10/20 Windsor had a nice power failure, but listening under CKLW I couldn't hear anything because their OC was too strong (XR in Harrow, Ont. had power but studio didn't); however I did hear KOMO-810, Kansas City, Mo. @ 6:37 pm RS. 10/29- KCLR-1460 El Reno, Okla. 3:17 am on TEST-f/c; KALF-1510, Mesa, Ariz. 3:33 am ET/M for State #36; WYSI-1480 Ypsilanti, Mich. TEST, WSDC-1560, Mocksville N.C. on very friendly TEST 4-4:30 (that's the only station I've reported to since Jan. but no answer so far) & WTOL-1230 "Demand Radio 123" Toledo, O @ 4:35 am RS. 11/14 This was Quebec ER night; every FF station was all ER with very few IDs. I heard WHY-1470 Huntington, W.Va. @ 5:36 am RS, then in the evening KRMG-740, Tulsa, 10:05 pm RS, CMBC-690 "Radio Progreso" in Havana @ 10:30 pm RS-SS. This is Country #5 for me so I'm sorta pleased with myself there! Also CKAC-730 Montreal ID @ 10:33 pm. I had to chase them for about two hours before I finally got an ID. Finally, CHGB-1310, Ste. Anne Pocatiere, Que. 11:30 pm RS, one I've been trying to ID for a year. 11/15- On 11/14 I was fussing with my tuning capacitor again & finally fixed it, so now I can finally hear the 600s! Now I can tune 520-1850 kc/s. continuously on it. Anyway, WFDF-910, Flint, Mich. 7:10 am RS, CMCA-730 "The Friendly Voice of Cuba" bombing through from Havana @ 10:22 pm with EE & mx. I couldn't hear them at all the preceding night, & CMBC was also quite strong. And, as sort of a jest, for my 300th logging have a 50,000w. 1* A clear channel stations only 350 miles away, namely WNBC-660! That @ 10:27 pm. 11/16- WRAD-1460, Radford, Va. 5:06 pm RS, WSM-650, 7:58 pm RS from Nashville (I like that live Friday night Opry!) & XERPM-660 "Radio Seiscientos Setenta" Mexico City @ 8:30 pm RS. And this morning, 11/17 I logged WPTF-680, Raleigh, N.C. @ 7:12 am RS. That brings my totals up to 304/71. The only problem with my new-found coverage is that I now get a KYW image on 1160. WABQ-1540 now calls itself "Tiger Radio" with appropriate roaring every few minutes. I think they fired my favorite, Jockey Jack. I have typed myself a new CX of Frequencies list incorporating all the changes of the past year & it comes out a half-page longer than the old one. I have 265 pages of all the addresses, s/ons-s/offs, plus power & DX patterns, U2-U3 etc. plus many v/s, f/cs, XR sites & other useful info from June '61-June '62 DX NEWSes...(30)..

Glen Kippel - 1195 South Tenneson - Denver 19, Colorado

Sorry I haven't reported in so long, but I've barricaded myself in my room in order to spend all my time in search of the elusive Radio Kashmir-1490. So far, all I've heard are these interfering stations: KBOL Boulder, Col s/off 2:00; KICO Calexico, Cal/ s/off KAIR, Tucson, Ariz. AN; KWVC, Vernon, Tex. s/on 7:00, I think; KXRA Alexandria, Minn. KBON, Omaha, Neb.; KBOW Butte, Mont.; KCID Caldwell, Ida. & KYCA Prescott, Ariz. s/on with 1,000w. 8:00. All RS. Oh, also KDMO, Carthage, Mo. Almost forgot. I can't understand this anti-foreign DX clique in our Club. I certainly hope most of our members are not so biased. I would rather hear Kashmir than any of the above stations, even though it is more powerful. I'd rather hear it than WLW, even. WLW I can hear any time. I consider myself a "quality" DXer because I'm not after everything under the sun, but a few selected stations which I believe to be worthwhile. Anything else I may happen to hear in the meantime is just frosting on the cake. Enough. Powerline noise very bad lately. Remember, Ahab Abdullah Ahmed Mohammed Goldstein, the Arab, will be in Denver '63! Now to slip this under the door & see if somebody mails it.

Ralph R. Hartman - 127 South Columbia - Naperville, Illinois

Good NX, TEST fans. My letters to WKLE-1370 & WMRP-1570 have netted affirmative responses. WKLE has graciously consented to TEST on Tuesday 12/18 starting at 1 am EST. WMRP hasn't set any definite date or time for their TEST but promised to let me know when they are about to TEST again. 11/18- WPHR-1320 @ 7:13 pm at a surprising 20-40 over with an ad for Church's Pharmacy. Also noted was unnn XEEF under CFOR @ 9:17 pm. 11/22- WXIV-1480 TEST not heard here because of static & KBOX. Surprisingly WAVZ-1300 on what seemed like a very deserted channel @ 3:08. V/1, KTIW-920. Now have 22 points for the contest. 73s.

John R. Tudenham - 813 South Kentucky - Amarillo, Texas

Greetings from snow-covered Amarillo. Had a good heavy wet snow last weekend, & although all gone now seems to have got rid of powerline noise & helped DX CX. Received TESTS from KHOQ-1560 KYNG-1420 & WGNU-920. The new KBGO-1580 Waco now AN & heard loud regularly. Latest varies from KVSH-940 WNAD-640 KCAS-1050 & #API-1070. KBUY-1010 is now AN except MM. Returned last week from a five-day trip to Joplin. While there heard new Joplin station KQYX-1560 & also KSWM-940 Ajrora, Mo. The original KSWM was (P.6)

(John Tudenham) in Joplin on 1230 kc/s., & changed to KODE in 1956. Remember Denver '62

Have finally received a few varies after a couple of months without one. They are WPON-1460 KALF-1510 CJCB-1270 WMHI-1370. KALF is 10kw. & began RS on 11/2. DX is still going great. 11/6- WBNS-1460 4:05 am with NX. 11/8- DX was really great at 3 pm with most 50kw. in N.Y. coming in as good as they do at night. The very unusual CX resulted in five new calls. WBZY-990 @ 4:01 pm with NX. WCCM-900 4:18 pm with ID. WTAO-740 4:23:30 with sports NX. Have been after these boys for about four years. WXVA-1550 5 pm s/off. I had them listed as 500w. but they s/off with 5kw. WEOF-1550 also at 5 pm with s/off. Had just used up all my tape about five minutes before they s/off - ecch! 11/11- WOTT-1410 7:00 am s/on. WWHG-1320 7:11 am with NX. WLSH-1410 7:29 with NX. 11/12- WSOC-930 1:00 am with s/off thanks to DXDD tip. Started to go AN, but CX very poor so gave up at 2:15 am with only one new call. 11/14- Ready to leave for school but first gave the dial on the G.E. table RX a spin & CKEC-1320 at 7:23:30 with ID but quickly QRM'd. 11/13- WHAV-1490 6:01 am with NX. 11/19- WINY-1350 at 6 am s/on. Anyone know who s/on 1340 kc/s. at 6:15 am? Possibly in N.Y. 11/20- Again unusual CX from N.Y. & resulting in three new calls. WRIB-1220 3:42 pm with ID. CBI-1140 4:20 pm with NX & ID. WCNX-1250 4:30 with s/off. To ERC- Am I the only NRC member in Maine & if not, who else? (Believe you're it, P.E. -ERC) Also a plug for Bob Golder's idea of swapping DX den pics. Isn't anyone interested? I will have some by the finish of the year. Have re-arranged this den & have plenty of paper work on logs, etc. To keep me out straight for a week. Found something wrong with the tape recorder & will have to dig deep before I can get it fixed. Hope everyone had good luck on the 11/26 Specials. Looking over records & have gone AN three times since last Feb. & on each night received 15 or more calls. Received ranks for first term & they were fairly good with exception of flunking Physics which I no longer take. Hope others have better luck, hi. Well, I guess that's it so best DX & 73.

David Tussman - 116 Mount Vernon Street - Middletown, Connecticut

Hi! I'm a new 16-year-old member of the NRC. My interest in DXing began two years ago when listening to rr on KEBB out in California got me interested in radio. When we moved @ E I got an SW RX but I tired of that after a while & now I'm back to BCB DX, since last Spring. I've logged 395 stations in 35 states & 17 countries in that time. Only one, PJA5, has been varied yet. DX: VOA now has its own BCB stations in operation, heard so far on 1040 (ID'd as WLWO 11/19 @ 9 pm) & 1180, S-9 & way over WHAM 11/16 @ 8:15 pm, ID as Marathon, Fla. 10/26- WPRA-990 on top at 7:45 pm for first P.R. 11/7- Radio Rebelde in Cuba fair on 550 & 590 at 9 pm. 11/10- WTIK @ 5:00 am with AN rr & WTLK-1570 under CKLM. 11/12- WQAM 2:00, XEQR all AM with WBZ off, KONO in clear 2:00, CKCY CKFH CKOY WECB WMBD WEAT also heard. WEUP-1600 ET/M @ 3:55 fighting WKWF which was relaying VOA. WDEL also ET/M on 1440 asking for calls & making new state off Miss. Time was 4:15. Listened for WGNU TEST @ 4:30 but heard CJCH Halifax all alone instead. They had just signed on. WRSJ-1560 S-9 @ 4:40. Where is this "Reloj Nacional" network anyway? Heard them on 800 & 1260 11/12 all AM giving EST every minute with SS talks in between. Then on 11/19 heard briefly at 6:30 pm on 1580 with same program. Not listed in any of my logs. 11/17, at 8:15 pm heard end of International Mx Program, then some announcements in several languages, one EE & another like Papie-mento or something, then more mx, on 854 or 855. My RX doesn't tell exactly. Who? I think I got my first TA last night 11/19 in BEC on 644 @ 6 pm but nothing definite, WQXR has an image there afternoons so makes it difficult. KFI is still farthest DX, Ernie Cooper, I've heard a station on 1580 IDing as Washington also. Call sounded like WGEN when heard one morning @ s/on. Hasta luego 7 73s! (Welcome to the NRC, Dave, and we hope for more! Think your 644 is Antigua, not BEC -ERC).

Bill Schieber - 345 Lake Street - Newark 4, New Jersey

First off hello & thanks to Joe Fela for the letter. Many new stations here. Anyone know where WHIH is? (Portsmouth, Va.-1400 -ERC) S-9 SM about 1:30. 11/12- WFPG 10:40 -11:05 rr & NX, WLDB 12:15-12:22 PoP. 11/13- WIND, WEDC. 11/14- WBRB WXYZ WECB WEMJ WWJ KOA. 11/19- WHK 1:00-1:35 NX, WX, Pop. KNOX, lost info, "JAS & Always manage to lose info from them, about seven times. Varies in from WSAN WROC WMBO WILK WCCO WALK on fifth report. Typewriter busted so I had to write this. Tonight 11/2 SS on 1270, 1290 under WLAN, 1580, & FF on 1420 - any ideas anybody? Joined Letterama Contest. According to ratings in 11/17 issue I'm right behind James Hicks, 11, with 10 letters. Guess I'll say 73s to all. May stay up tonight.

Rick Devoy - 2447 Cortland Street - Waynesboro, Virginia

Greetings to all from a new (?) member of the NRC. Actually I've been in the Club since May 1962, but this is my first report. I'm 17, a senior in High School, & have been logging stations for about three years, actually DXing for about two years. My RX is a GE table clock radio, but I am considering buying a Knight-Kit Star Roamer. Does anybody know anything about this RX? I would like surveys of any stations, & if anyone has any they would like to send, I'd surely appreciate it. Also, if you happen to be in the area, stop in for a chat; my phone number is WH2-1770. I want to thank Mike King & SCALD for their friendly carus. You won't find much DX material here, mainly because I haven't DXed since 10/1. I've been in a slump & figure the only way out is to start sending in reports. I plan to get in as much DXing this next week as possible so that I can have a decent report next week. There is one question - Does anyone have WGH-1310 or WPGC-1580 verified? Also why can't I pick up WNAC-680 or WHDH-850? WBZ comes in like a ton of bricks. I'd better quit mouthing off & get to the dials, so until next week, 4! & 7². (Welcome, Rick, to NRC, and those two Bostonians you mention are very directional. We hope to hear more from you! -ERC)

Bill Roney - Box 22 - Waysons Trailer Park - Lothian, Maryland

Some good DX to report this time but credit is due IDXD for the tips that lead me in the right direction. 11/12- 4 pm, WBOF-1550 found on top with S-7 signal. 4:10, WHOW-1520 behind WKBW. They seem to ride in on WKBW's strong carrier at SSS & are present nightly. 4:20, WHEN-620 in strong but unn, looking for WVNJ-620. 11/13- 8:03-8:42 pm found CBF-690 over CMBC. 9 pm SS noted weakly on 775 kc/s. so I guess TIW in Costa Rica can be had here. I hope it is real soon. 11/19- 12:01 am TGED-1207 in but fading, S-7 at times. Played some old pop U.S. records in SS & EE. Enough for report. 12:30, KWWL-1330 on RS. 1:10, had KOMA-1520 in with somebody behind them. 1:15 found German speaker on 1295 (in solid at times). I have Norden Osterloog, West Germany, 100 kw, is this correct? 1:28, XEB-1220 IDed as Radio Mexico in S-8. 1:40, SS on 875 but too weak to log. This activity has been noted nightly. 1:45, had Moslem chanting & talks on 935. Rather stronger than I expected it would be. About S-3-5 here. -These IAs were a couple of firsts for me. First European & first African. 2:10 am XR-- noted on 1030 real strong with WBZ off, probably Mexicali. Looked & listened for CFGB-1340 but no luck at all. Did pull in WGNI-1340 on RS @ 2:25. 2:30, WXLI-1230 testing. 2:41, WWNS-1240 test. 2:45, WBML-1240 on RS. 3:10, WDIG-1450 test. 3:20, WDXB-1490 RS. 3:25, WLCO-1240 with test. 3:28, WGGG-1230 test. 3:34, WINX-1600 testing. 3:45, WDRN-1240 testing. 4:25, WSIP-1490 test. 4:31, WQXQ-1380 on RS. 11/20- 12:05 am, WLAT-1330 with f/c. 1:00, WMEN-1330 test. 1:20, WFIG-1290 with test. 1:40, WNRG-940 ET/M. That is it for now. MM 11/19 treated me real nice & will be around next MM. Ernie, does WWRL verie with SW card from WRUL in Mass.? (No -ERC) 73s from fattest NR!

James Gangler - 2801 Chesterfield Avenue - Baltimore 13, Maryland

DX: 11/8- HJXJ-778 in Bogota at 10:25 IDing as "Emisora Monserate". 11/10- KVPH-1550 with f/c @ 1:11; BBC on 908, 1052, & 1088, all strong between 1:45 & 2:00. 11/12- Tun. is II-962 @ 6 pm. 11/18- TGTL-920 in Guatemala City with announcements in SS & German 11/19- Unn KFAB covering WBT @ 4:47 pm. New VOA XRs broadcasting to Caribbean area on 1040 & 1180, but where are they located? Here is another vote for the return of the Supremacy Ratings. That was a fine column done excellently by Hank, so let's have it back. Veries in lately: YVOD-780, TIFC-1075, YVMN-1210 Radio Coro, & an unexpected one after several months from PRH9-840. Pennants were included in YVOD YVMN & PRH9 who also sent two tickets to a TV program on Ch. 9 in Sao Paulo. I have to go to catch that program now, so 73. Ernie, your TT-1580 most likely WPGC-1580.

Dave Brown - 105 Waterford Street - Edinboro, Pennsylvania

Finally broke through the study routine long enough to make a report of the last couple of months' meager collection of catches. 9/24- CKAC-730 11:59 pm. 9/25- CJNR-730 12:10 s/off, WABQ-1540 6:00, WDOM-1540 6:31. 10/16- WXVA-1550 6:09, CHEI-1540 6:30 pm s/off. 11/3- WDXB-1490 3:15 am, WPAT-930 3:36, WDBO-580 4:07. 11/6- WCAW-620 3:50 pm 11/12- WNYC-830 4:20, WBMD-750 4:36, WVCH-740 4:40, WGSW-740 4:45. 11/15- Finally picked up ZNS-1540 6:14. Guess I just didn't try at the right time. Used my newly-built loop to separate WVCH/WGSW from CBL. Only drawback of the loop is it covers only the lower half of the band, 540-1200. It would be of much help if it could be used on the graveyarders it doesn't cover. Just finished putting up a new longwire of about 200' which will now go with my two 100 footers. Don't know how this is going to work out yet. Well, it's time to hit the books, so for now, 73s.

DX NEWS

Ronald F. Schatz - 8065 Crespi Boulevard - Miami Beach 41, Florida

Greetings from Cuba in exile, hi. DX has been varied during the fourth week of November. Latest catch was the "Pitch on the ---" WMEX-1510 from Boston, not bad, behind WLAC, an S-9 here. WTAR-790 in Norfolk was easy when local WFUN broke down. Enough on my for ign stations - let's get to something domestic. Here is that "definite proof" on YNDS & HRU that John Hathaway is looking for. Another M.B. DXer received a v/1 from "Union Radio en Managua" this past spring. With my own purple eyes I saw printed: "Fuestras letras de llamada son YNDS" among the other info. The envelope, however, said YND. Of course, the letter inside is more credible. And if this isn't enough proof, write to them asking for the correct call. Tune in "Radio Centro" and you will hear "ah-cheh en-rreh oo rrah-dyoh" (HRU Radio) mentioned at ID time. They s/off at 12:00, the last words being HRU y HRU-FM." If they say it, that's proof enough. Any bets? I hear that VOA-1040 & VOA-1080 are being received far & wide. One of them will give a new state to many - I refer to VOA-1180 in Marathon, Fla. VOA-1040 seems to be clandestine. Half the time they don't ID, & when they do they give the ones for WLWO, WRUL, WVUS, "Radio America" interchangeably. One can't tell which station they'll ID next. By the nature of the sign-1, I say that VOA-1040 is aboard ship near Habana. Are there any other opinions? In case anyone is interested, "Radio Americas" is silent 2-6:30 pm Sunday afternoons. How about a DX from WFLN-900 in Philadelphia, my home town? Well, until next week, 73s & good DXing to all.

Ben Dangerfield 3rd - 202 Governor's Drive - Sproul Estates - Chester P.O., Pa.

Another week of the DX season gone, & not a very fruitful one. No new reports have gone out in more than a week, & the only verie in was a letter from HJXX-778, Bogota, which lists at 770 kc/s. A prompt & very nice letter. On MM 11/19 CX were good here & I fully expected to hear something from the CHGB DX. What I did hear was a mixture topped by WGN1-1340 & WKGN. Others, too, between 2-3, but couldn't tell if CHGB was among them. About a dozen TAs from 2:00 to 3:30, the usual ones, & CX28-1090, Radio Imparcial, was in with weak signals 3:00-3:30 am. Quite a number of TAs later that day, & in the later evening hours, & again on 11/20. The only one that had me puzzled was on 1358 kc/s. on 11/20 between 3:50 and 6 pm. I believe the language was SS, although the QRM was so bad it could have been some similar language, but it definitely wasn't German. For the entire half hour a woman spoke, & so sounded somewhat like a propaganda broadcast. Haven't heard since. At 7:30 pm, 11/20, WHBL-1330 was coming in unusually well, & at midnight CKFH was atop 1430. 11/24- Chicago & midwest stations were good all day, & WMAQ was up over S-9 at times around noon. You can tell that winter is not far off. WHEB-750 was in with a good signal at 5:15 until s/off at 5:30 A FF was heard behind WOR-710 at 9:20 pm, & I suspect it was CKVM. It is rare to hear anything behind WOR in this area as we are right in their beam & their signal is a regular S-9 plus 20 or more, day & night. Also, today I received a card from Bengt Ericson, in Sweden, & he believes my mystery TA heard s/off 887/8 kc/s. may be Uzhgorod, USSR, in the Ukraine. He says this is the only TA which signs off at 6 pm at this spot. The two anthems I heard seem to add up now, so I am making every effort to log this one again. That takes care of this week, I think. CX should be pretty good for the several MM 11/26 TESTs and DXes.

Ed Drumm - 14 Dale Road - Wethersfield 9, Connecticut

Here is my report for, I believe, the 12/1 issue. May I say that I agree 100% with Joe Fela on the "quality" "quantity" DX argument. I am glad to see DX NEWS getting big again. I think Len Kruse is doing a very fine job on the TESTs, etc. Well, into my new DX; WKBN-570 noted MM with pretty good signals. XEG heard topping WHN on 1050 at 5:03 am, WIMA/WHMC heard on 1150 with s/on at 5:00 am. Keep up the good work, Ernie, and best of DX to all NRC members. 73.

Dick Kwiatkowski - 11 Walton Avenue - Celoron, New York

DX CX have been HNL lately, so not too much DX. Veries in, KYNG-TEST-1420 and KUXL-1570-TEST. WRSL had RSing at 6:23 am. Bill, must have changed time of s/on because on my verie it stated they s/on at 7:00 with SSB. WQVA not heard lately. 73s.

Arthur Cushen - 212 Earn Street - Invercargill, New Zealand

Received a tape on the NRC Convention & during a recent visit to Auckland & Christchurch NRC members there heard it. Recent reports to XEHC DYVM-1260 Dresden-1043 & Tirana-1088. Veries total now 1,700 including Americus, DZTM KCEY WFFF JOPE Saigon-610 Delhi-1070 WIRV KSBV KSDX Titograd Hulsberg HSK-927 HJFJ Opolo-1594 Penang-860 KHOW KFRB Rheinsender CKX OAX8J KTLN LV7 & ZHL5. Kindest regards.

David Oved - 560 Grover Cleveland Highway - Buffalo 26, New York

I would like to thank our Executive Secretary for the find job he is doing, and hope he stays on the job. I think the "no raise in dues" policy is sound. What about a High School or college student who is considering joining the NRC - will he shell out more than \$4 to join a club he knows little about? Thanks, Joe Fela & Frank Williams, & Want Burbank, for the surveys - replies & surveys soon (?). Only one verie, a v/c from KXOK-630 - there goes ye olde Contest Standing! How about some TESTs for the Chrastmas vacation? This week saw the most listening and the least logging of the season. I only hope the 11/26 TESTs start next week off right. 11/19- WGNI-1340 (no CFGB), Wilmington, N.C. @ 2:35-2:38 am with cw mx; WTAC-600, Flint, Mich. @ 10:25 pm with rr mx. 11/21- CHIQ-1280, Hamilton, Ont. @ 8:30 pm with SS programming. 73s.

Bill Hutchinson - 2412 Ellis Road - Baltimore 34, Maryland

It was a real gas to phone all the DX hounds present at the "Little NRC Convention" in Brooklyn on 11/24, but would have liked it better if I could have been present. The 11/19 DX specials were passed up here due to a bad cold, but 11/26 saw me up & at the dials. No sign of WFAU here & KEZU might have been heard faintly with s/on, but can't be sure. KIFG-1510 was in strong & early from 3:15 am on. Also noted on 11/26 were WGNI-1340 @ 2 am & WADC-1350 @ 2:15 for a good log; WOW-590 @ 2:45, too weak to read, XETRA-690 @ 3 am, WINZ-940 very strong @ 3:15. On 11/14 WHEB-750 was very strong @ 5 pm & so was WBLV-1480 @ 5:15 pm s/off, as was WSWV-1570 @ 5:20 pm. Also WILY-1550 @ 5:23 pm s/off. Ray Edge is doing a wonderful job as Publisher & Executive Secretary & I wish the gripers in our midst would give him their support instead of their criticism. I have seen what just such has done to another radio club, & I don't want to see it happen to the NRC, which under Ray's guidance has become the tops in BCB DX Clubs. Please fellows, let's bury the hatchet & devote this energy to DX! 73.

Bob Karchevski - 119 Hemenway - Boston 15, Massachusetts

11/25. That sure was a great gathering we had in Brooklyn, thanks to Hugh Buckner & Ernie Cooper. It was a pleasure indeed to meet them & the other members who attended. I won't mention all those names, as everyone else probably will. And I learned quite a lot, too. Surprised? DX-wise, I'll put in the TEST results for 11/26 at the end. This week improved at the end. 11/19, MM- Made me mad that I slept through CFGB & WCFR. Logged KDKA-1020 through WBZ/WINS slop 9:08-9:32 pm. 11/20- 4:59 am, 1080, heard SS say "Radio Barcelona." Any ideas? 5:18-5:29 am, WNEW with very poor signal, AXR? 11/21- Heard unnn WSPD-1370 Ohio 2:20 am, unnn CKEH-1430 Ont. @ 2:30, unnn WCMB-1460 Pa. 2:45 am, also fix band switch on loop capacitor. Logged VOA/WVW-L-870 10:29-11:30 pm. Will report to VOA & see what happens. 11/22- Heard unnn WIAC-1510 Tenn. 4:13 am. Logged WEIM-1280 Mass. 8:40-9 pm & WTSN-1270 N.H. 9:02-9:22 pm. 11/25- This morning I was getting all the NYC 50kw. stations at 11 am & even WCAU. Big deal, hi. Logged WCAP-980 Mass. 10:17-10:28 am for the record. Logged WNEB-1230 under WESX, both Mass., 11:29-11:43 am. Logged CKEN-1350 N.S. 4:55-5:18 pm, good signal, IDed as CFAB/CKEN/CKAD. Can't find CKAD in the log. Who are they? Logged WSYB-1300 Vt. 5:31-5:52 pm with good signal. Recent veries- WHK-1420 O. & WGBR-1150 N.C. ?? 11/26- I logged WFAU-1340-dx with poor signal 2:00-2:46 am. A couple of WGNI N.C. IDs behind, 2:05 am. WSBA-910 Pa. on at 2:55 am. No KEZU-920 TEST. DX was pretty good for me this week. By date it was like this: 11/19- Heard WCFR-1480 which had the special TEST program. On 11/23 I received their verie. Pretty good! This by the way was the first station I'd picked up & had verified in Vermont. 11/22- 4:00 am, tried for WXIV TEST but too much QRM. Instead I picked up WYZE-1480 Atlanta Ga. They had s/on at this time. 11/23- WTRY-980 Troy, N.Y. 3:58 am with "Night Owl Show" & WTRR-1470, Westminster, Md. 5:01 am when they had s/on. Ernie, do you know the calls for what I think is St. George, Bermuda, on 960 kc/s.? On 11/24 at about 4:00 am I am almost positive they had mentioned your name and a couple of other NRC members, who had sent in reports. Until next issue, best of DX & 73. (ZFBL, Ern -ERC) As they say in Torrington, Connecticut - "WVTR." We Thrive On Reports! Send yours!

I need all nine of the specials on in the morning so will be up for a long morning. I was up last MM but could not pull Goose Bay in. KBOX prevented WXIV from making it on Thanksgiving Morning. Hope for better luck in the morning. Bet you boys had a ball at the New York area get-together! Looking forward to Larry's f/c list. Still have not received veries from the four NRC DX Tests I have reported. They must really be swamped! They were KELR WSDC KMAD & KUXL. Totals, 744/244. 11/19- KBOX-1480; WDIG-1450 @ 3:10; KOFA-1240 @ 3:17; KBON-1490 @ 3:45; KXEL-1540 @ 4:11; WCLS-1580 @ 4:37; KYNO-1300 @ 4:55; WIMO-1300 @ 5:00; WMAK-1300 @ 5:01, & WTLK-1570 @ 5:27. 11/20- WTHI-1480 @ 12:12 am; KLEO-1480 @ 12:15; KXYZ-1320 @ 12:56. Big news here this week has to be the logging of WCFR TEST on MM 11/19. Band mx penetrated well. Also heard that AM were: KLAC-570 2:30-2:40; WHIH-1400 AM 3:35-3:45 with WYNR on OC, & what must have been WAPA-680 s/on with SSB @ 4:50, then all SS till 5:00 when WPTF s/on. I can't feature a Cuban s/on with SSB & playing "Betty Coed," hi! Sat. 11/17, WSAO-1550 was heard well at 5:20 pm, then from 5:45-5:55 at twilight. In regards to the situation at KTRI, something distasteful must have happened in the past couple of years, because verie here is friendly, encouraging DX, & signed by Sam Seldon, CE. Let's hope the NRC isn't in any way responsible for the apparent change in attitude at KTRI. Speaking of veries, this has been the best week in ages. Nine v/l's received from WKIK WSEL WPTN-TEST KISD KSEL WSAO KCCB WGBR & KYNG-TEST. The latter was especially welcome as it was unsolicited. I had heard only a few musical selections, & didn't want to ask for verie on that basis. Song titles & times evidently sufficient - lucky me!

Recent veries include: v/l: WJPG WKCT after f/up, KBGO. V/c: WHOW WLKM WKNX. Totals are now 251/110. 73s & best DX from WKRS Land.

DON'T FORGET - IT'S DENVER IN '63!

It's never too early to make plans for a big event, and so we suggest you consider even this soon taking a trip to Denver to be at our 1963 Convention over the Labor Day weekend. The Denver Clan also recommends you spend your vacation in their scenic state as well. This should be the largest NRC Convention ever held, so be there too!

THREE TO LOOK FOR ON MONDAY, DECEMBER 10

K M A M. This is to be strictly an equipment test, so of course, no mention of NRC will be heard. We believe they will use some cycle tone and some band music, and plenty of station IDs. The calls stand for "Key Missouri Advertising Media." By day, they have been heard in such remote points as Walnut Ridge, Ark. and San Antonio, Tex. 1530 should be clear for this test transmission. Reports go to Mr. Mike McGrath, KMAM, 102 Park Street, Butler, Missouri. NORM PILLSBURY.

K L E O. This is a fulltime directional 1,000 watt station, which many DXers have yet to hear, and this will be that golden opportunity to do just that. We do not know what type of programming will be forthcoming from KLEO, so the best thing to do is to keep a sharp ear on 1480 and we'll all find out. Only KBOX is expected to be on this channel at this time, so must ought to hear KLEO rather well. We do not have the verie-signer's name here, or from whom this information came to us - sorry.

W X Y J. WXYJ will try to penetrate the 1340 all-night picture by using tones, band music, and singing station IDs, also some Morse Code breaks thusly: .-/-.-/-.-.-/-.-.- (WXYJ in Morse Code). Mr. Burt Waterman will be in charge of the program, and will be hoping for your DX reports. There will also be several salutes to the National Radio Club during the show, which ought to get out fairly well, at least in the East. WXYJ has been heard in Montana & Australia, so everybody - give it a try! N.PILLSBURY.

Notes: On WRYM-840's TEST 12/3, at least one musical number title is required for a verie, says Norm Pillsbury. Info on this received here 11/23, too late for the last issue. He also gave their location as Newington, Conn.??
 On CHRC's program, info also received on 11/23, it was to be recorded music, IDs, and info on Quebec, and bi-lingual. Add: 1143 Rue St. Jean, Quebec, P.Q.

INTERNATIONAL DX DIGEST

- EDITED BY PETER V. TAYLOR, 1906 SANTIAGO ST., SAN FRANCISCO 16, CALIFORNIA, U.S.A.
 HANK WILKINSON HAD TURKEY THE OTHER DAY! HOWEVER, WE MUST CONFESS IT WAS FOOD AND NOT DX. IN ANY CASE, THIS WEEK'S ACTIVITIES INCLUDE THE FACT THAT ZFB1 IS ON 960 AND NOT 910 AS I REPORTED LAST WEEK, AND THAT THE NEW VOA MW XMTR IN THE FLORIDA KEYS IS ON 1040 AS WELL AS 1180. HOPE YOU ALL HAD A PLEASANT THANKSGIVING. LET'S SEE WHAT'S NEW:

AROUND THE WORLD

ALBANIA---1088KC HAS ENGLISH TWICE DAILY, 1500-1530, 1630-1700 (WRH)

CUBA---IN THE EVENT IT MAY SHED SOME LIGHT ON THE BROADCASTING SITUATION IN CUBA, HERE IS A LIST OF ORIGINAL MEMBERS OF THE INRA NETWORK: CMBN "VOZ DEL INRA" AT CALBARIEN; CMBQ "RADIO CONTINENTAL" AND CMBL "RADIO AEROPUERTO" IN HAVANA; "RADIO VARADERO" CARDENAS; CMHO SANTA CLARA; CMHJ CIENFUEGOS; "RADIO REVOLUCION" CAMAGUEY; "RADIO JATIBONICO" AND "RADIO TROCHE LIBRE" AT MORON; "LA VOZ DE TUNAS" IN ORIENTE PROVINCE. THIS LIST, WHICH UNFORTUNATELY DOES NOT INCLUDE FREQUENCIES, CAME DIRECTLY FROM INRA. FURTHERMORE, I VERIFIED CMBN ON 1160 AND "RADIO VARADERO" (CMGB) ON 1580. NOW IN THE LIGHT OF CAT'S LATEST VERIE FROM CMBQ, THE SETUP AS OBVIOUSLY BEEN REVAMPED BUT MAYBE THE FOREGOING WILL PROVIDE A STARTING POINT FOR THOSE WHO WANT TO DO SERIOUS RESEARCH ONTO THIS SUBJECT (CMS)

GERMANY (DDR)---DEUTSCHER FREIHEITSENDER, 904KC, DEUTSCHER SOLDATTENSENDER (935KC) ARE IN BURG. E. GERMANY. BOTH OF THESE STATIONS ARE PRETENDING TO BE ILLEGAL OPERATIONS IN WEST GERMANY. PROGRAMS MAINLY FOR WEST GERMAN SOLDIERS (RP); RADIO OPS IDS AS "THIS IS OPS, YOUR VOICE OF INFORMATION AND ENTERTAINMENT" AND BROADCASTS TO U.S. TROOPS IN GERMANY. DON'T KNOW WHAT OPS STANDS FOR. THIS IS EVERYTHING RECEIVED THROUGH THE MORNING MAIL TUESDAY 11/27/62. MAIL SERVICE SEEMS TO BE CONSISTENT, WITH ROY MILLAR, HANK WILKINSON AND JOHN CALLARMAN MATERIAL MAILED MONDAYS ARRIVING HERE ON TUESDAY FOR PRESS TIME. SOMETIMES I WILL SIMPLY HAVE TO TYPE IT UP ON MONDAY EVENINGS WHICH WILL NECESSARILY PRECLUDE ANY DATA RECEIVED ON A TUESDAY MORNING. THANKS FOR YOUR CONTINUED SUPPORT, AND GLAD TO SEE A FEW NEW FACES POP UP FROM TIME TO TIME EACH WEEK. CONGRATULATIONS TO YOU FOR SO QUICKLY CATCHING HJUX LAST WEEK ON 778 AND ZFB1 ON 960 THIS WEEK.

EVERY TIME THE SUPREMACY RATINGS ARE THREATENED, THE EDITORS HEAR ABOUT IT, AND IN SOME INSTANCES, IN RATHER VEHEMENT TERMS. WHY ARE THEY THREATENED? BECAUSE OF THE LACK OF SUPPORT. WHAT WITH ABOUT 21 CONTRIBUTORS IN ALL OF 1962, IT WOULD NOT SEEM THAT WITH IN EXCESS OF 300 MEMBERS THAT THE FEATURE HAS THE CLUB'S SUPPORT. THE ONES WHO HAVE CONTRIBUTED HAVE OBVIOUSLY TAKEN PRIDE IN THEIR VERIFICATIONS, WHICH IN TURN REFLECT IN SOME INSTANCES, MANY YEARS OF OUTSTANDING DX ACTIVITY. SO LET'S TRY IT ONE MORE TIME. THOSE OF YOU WHO ARE INTERESTED IN RETAINING THE SUPREMACY RATINGS, PLEASE SEND THE FOLLOWING INFORMATION TO HENRY J. WILKINSON JR., 6620 BEEMAN AVENUE, NORTH HOLLYWOOD, CALIFORNIA PRIOR TO JANUARY 1, 1963: TOTAL VERIES, TOTAL FOREIGN VERIES, TOTAL VERIES IN EACH CONTINENT, AND BEST VERIE IN EACH CONTINENT, AND THE DATE THRU WHICH YOUR TABULATIONS ARE MADE. THIS WILL EXCLUDE MANY OF OUR FOREIGN MEMBERS WHO PROBABLY WON'T HAVE RECEIVED THIS ISSUE BY THAT TIME; WE WILL CATCH UP LATER. LET'S SUPPORT THE COLUMN THOUGH--IF YOU WANT TO RETAIN IT. HANK AND I WILL WORK OUT THE DETAILS AS TO HOW OFTEN TO PUBLISH THE STANDINGS; I WOULD BE IN FAVOR OF DOING IT THE 2ND ISSUE OF ODD MONTHS. HANK IS PLEASED TO GIVE HIS TIME TO THIS CAUSE, AND I HOPE YOU ARE PROUD ENOUGH OF YOUR VERIES AND INTERESTED ENOUGH IN THE HOBBY TO SUPPORT HIM.

WORLD RADIO HANDBOOK. ACTUALLY, IT IS NOW THE WRTH, WORLD RADIO-TV HANDBOOK. ANYWAY, THE 17TH EDITION, 1963 IS ON THE PRESSES AND SHOULD BE OUT IN JANUARY WITH ABOUT 240 PAGES THIS YEAR. THIS IS INDISPENSABLE FOR FOREIGN DXERS I THINK. COST THIS YEAR LOOKS LIKE \$3.00. THEY ALSO HAVE OTHER PUBLICATIONS INCLUDING "NEWS FROM AROUND THE WORLD" WHICH THEY SAY LISTS ALL NEWSCASTS IN ALL LANGUAGES; SUMMER SUPPLEMENT TO THE WRTH IN JUNE; WORLD RADIO BULLETIN (FORTNIGHTLY); "HOW TO BUILD TV AERIALS AND HOW TO IMPROVE TV RECEPTION" PLUS OTHERS ON TRANSISTORS, SW RECEPTION, ETC. THERE IS NO MENTION OF WHO IS DISTRIBUTING IT THIS YEAR IN THE U.S. UNTIL WE CONFIRM THIS, WE WILL WITHHOLD ANY FURTHER INFORMATION.

CHRISTMAS AND NEW YEARS FALL ON TUESDAY THIS YEAR WHICH MEANS THAT I WON'T BE TYPING ANYTHING CHRISTMAS EVE AND PROBABLY COULDN'T TYPE ANYTHING NEW YEARS EVENING ANYWAY. SO IN BOTH INSTANCES I WILL TYPE ALL RECEIVED THROUGH MORNING MAIL, 12/24 AND 12/31.

COMMENTS. GLANCING THRU 11/24 ISSUE, ERNEST KIRSCHNER, YOUR SS ON 1600 SHOULD BE WKWF. I REALIZE ALL OF YOU DON'T HAVE TIME TO SEND THREE LETTERS OR CARDS EACH WEEK--ONE TO ERNIE, ONE TO EV AND ONE TO ME. IN NOTING FOREIGN DX IN THE MUSINGS SECTION WHICH DOES NOT GET TO THE DXD... I HOPE THAT THOSE OF YOU WHO DO NOT SEND FOREIGN ITEMS THIS WAY WILL LET ME KNOW WHICH TA'S, LA'S AND TP'S ARE VERIFYING ADD WITH WHAT (QSL, PENNANT, ETC.) ALSO I DON'T THINK YOUR EDITOR'S WORK (LET'S MAKE THAT EDITORS' WORK) ON THE VARIOUS PAGES CAN BE REDUCED TO STRICTLY FINANCIAL TERMS. IF I WAS NOT DXING, AND IF I DIDN'T GET A BIG KICK OF KNOWING WHAT STATION IS WHERE ON THE DIAL, THEN THIS WOULD BE A CHORE AND A DRAG. AS IT IS, I FIND IT INTERESTING AND WHEN THE COLUMN IS WELL SUPPORTED, CERTAINLY WORTHWHILE. I THINK THE POINT THAT IS BEING MADE IS THE FACT THAT WHEN YOU'RE WORKING A 40 HOUR WEEK, FREE TIME IS SCARCE, ESPECIALLY ON WEEKENDS. INCREASING DUES BY \$.50 WOULD RESULT IN \$150 ADDITIONAL INCOME BASED ON 300 MEMBERS SO WHEN THIS IS DIVIDED UP AMONG THE EXEC SEC AND THE EDITORS, IT'S A MERE PITTANCE. LET'S LEAVE IT NON-REMUNERATIVE, AND SAVE ANY ADDITIONAL NECESSARY FUNDS FOR POSTAGE. I WOULD LIKE TO SEE ISSUE ON AN "AS-IS" BASIS AND NOT LIMITED, WHICH IS DONE FROM TIME TO TIME. THIS WOULD KEEP ALL THE MATERIAL FRESH. I AM DEFINITELY IN FAVOR OF KEEPING IT NON-PROFIT. TAXES ARE BAD ENOUGH! 73s--PVT
