SPECIAL PROGRAMS THIS WEEK

CBAF-1300 MONCTON, NEW BRUNSWICK

Thursday mornings are the days CBAF generally conducts their transmitter tests, and so they preferred to put on this DX show on that morning. The channel will not be clear, of course, but neither would it be on a Monday. The mailing address for CBAF reports is Mr. Yves Bruchesi, Technical Director, 232 St. George Street, Moncton, New Brunswick, Canada. It has been suggested to Mr. Bruchesi that there be periods of tone, and band music, so we may be expecting some of each. We hope many members can hear this friend to DXers, and our thanks to Mr. Bruchesi! ARR: DOUGLAS MURRAY

CFUN-1410 VANCOUVER, BRITISH COLUMBIA

Unfortunately, we have no details on this program for you, as none has been received here as we go to press. This is a Sunday morning, and there are several all-night stations, especially in the East, on this 1410 spot, so this program should be sort of a "Western" exclusive. CFUN runs ten kilowatts now, and they will be looking forward to hearing from as many of you as can hear their program. We suggest sending the reports to their Chief Engineer, and we also wish to thank the folks at CFUN for their co-operation, and wish them good reception. ARR: SAM McLAUCHLAN

This station will broadcast a special half-hour test on Monday, 1/14, from 4:00 to 4:30am, EST, on what is expected to be a clear channel, coast to coast. While they run only 250w., they should get out well at this hour, and we hope everyone will be able to pick up WCGR as they make this test period. Send your reports to Mr. Alton H. Bowman, CE, WCGR, 41 South Main Street, Canandaigua, N.Y. Info from P.E. Crocker

This station DXed on 11/26 but we didn't get notice of the program in time for that issue of DX NEWS so here they are on a reschedule of that program. They will play band music and feature short bits of tone from time to time, and mention of our National Radio Club too. 950 should be clear for this half hour, too. Send reports to Mr. Wayne Knight, PD, whom we thank so much for his cooperation. ARR: NORM PILLSBURY

Have finally received some snow here & now have about 1". This, along with the cold WX should make CX very favorable for DX. DX as follows: 12/7- WENT-1340 5:35am with s/on. 12/10- KNBR-680 3:29am, very strong. WWSW-970 4:24am, sports NX, heavy QRM. KAAV-1090 4:40, very weak. KNBR was about three times stronger. Isn't WBAL-1090 AN? (No-ERC) WIBR-1270 5am with s/on. 12/12- VOA-1180 8pm with ID & SS programs, way under WHAM. 12/13- ZBM-1-1235 4:13am with mx. Heard about three IDs during the 20 minutes I logged them. Very strong with slight fading. This also marked my first split frequency station. WWC0-1240 4:47am with ID. VOA-1040 10pm with ID & SS programs. Didn't get to do as much DXing as I wanted to over Christmas vacation but hope to get good DX at start of the year. Can any of you foreign DX rs tell me who SS on 1120 with chimes ringing during NX broadcast is? Lost the date, but it was about 12/20 @ 8pm. Only verie in is v/1 from WSDC-TEST. I'll s/off now & say 73s.

What is Ernie reading on the subway, ~~THE~~ NEWS? Not the Daily News, but DX NEWS! Veries from HRVS for a new country - nice v/1 & pennant. Veries lists 910 kc/s, pennant 925, & letterhead 1540 kc/s! Also PP card from KWNT after many tries. 12/23- WBLF-1330 Bellefonte Pa. One using U.S. tunes, few announcements. Colombian on 1370 AN, copied 3:30-5 & only slogan I heard was one that sounded like Radio Mundial. Bavaria (Beer?) ads & McGregor Pantalones. FF on 1350 copied 3:55-5 when WORK covered, evidently CJLM, my nearest needed Canadian not verified, under WADC & a- ver a third station. Once again DX is starting to roll for me & the veries are starting to come in with every delivery the mailman is making. Starting 12/23 I finally broke out of my DX slump by picking up HJED8820 Cali, SS @ 2:30am. At various times they IDed as "La Voz del Rio Cauca", however on the hour they gave an ID in EE mentioning they would like to hear from their listeners. The QTH they gave was Radio Station HJED, Box 1941, Cali, Colombia. 12/24- 12:05am, WEEI-590 Boston s/off. Their QTH is 182 Tremont Street. 1:20, CKCY-920 Sault Ste. Marie, Ont. s/off. 1:56, WBCB-1490 Levittown/Fairless Hills Pa. f/c; 3:53 WKBO-1230 Harrisburg Pa. f/c & 4:15 WGH-1310 Newport News, Va. also f/c. (R. Sperry) Later CKTS-900 @ 6:25pm on 12/17; KFBK-1530 tentative on 12/24. Veries, 1,414 - 25 countries. Just reported this to Hank W. What is the address for VOA-1040 /1180? /#
Sam McLaughlan - Box 26- Gatineau, Quebec

In 1963 I resolve to report regularly to Ernie, hi. DX will be scarce though, as the boss has told me I will be deported to Trois-Rivieres until May. I like it so much that I commute back to Canada almost every weekend, hi. Have been sneaking a little DX into the scene, though, & here it is. On 12/15 7am, beneath WBAL was this Arabic mx with Eastern European comment between selections, suspect it to be Radio Tirana, although could be CHRS who have foreign language programming at times. Think I have a Radio Tirana ID, anyone who can help me, I have a half-hour tape which I will lend. Would be ironical if it were Albania - would have to censor the tape, as WBAL NKcast mentions recent Cuban situation, hi. Other DX- 12/16- WTHM Lapeer, Mich. 1530 logged on RS @ 4:30pm. Also XEYC-1460 came in with enough readable to send a decent report. Does anyone agree with my theory that WTPG was overmodulating? Wish I could get high tones like that out of my stereo set-up, hi. Don't forget to tune for those Canadians DXing on 1/7! Best of all to all in '63 & apologize as usual to those who inadvertently got omitted from my Christmas card list!

Jeff Stewart - 3018 Washington Street - Amarillo, Texas

New Year's Greetings! DX here has been mighty slow lately. Some mediocre SSS, mostly. CKUA & WBUC TESTs were heard. CKUA had a lot of trouble from CKY & another ANer, possibly unheard CKY. Nothing much in the way of TP or TA DX. On MM 12/17 heard a Jap speaking station on 1370; three short pips, followed by one longer one, higher in pitch, heard @ 4:00. Souna like a Jap ID to you, Pete Taylor? I'd sure love to hear that Vladivostok on 548. Nothing there yet, but if they keep on pounding into the WC like they have been, they might just make it into "Big A." I was glad to see Marv Robbins, Bill Pittler, Murray Mann & even you, Glen Kippel, during a wedding get-together w/ an Boulder just before Christmas. Just kidding, Glen - I like you, even if you are Colorado's 99th ranked DJ, hi. Congratulations are in order for Larry Godwin. I know Larry's new wife fairly well & I don't think she'll curtail his DX activities too awfully much. Should Denver take over the bulletin (and they can do a good job) I know our members will get the same fine quality service that Pop has given over the past few years. By the way, veries in from KEEJ KSHA (thanks Bart) & WRYM. By the way, if the rules for reporting as given by KOWB in the 12/22 issue are so hard & fast, why shouldn't a member who admits he doesn't send return postage be subjected to a severe reprimand or even expulsion? Thanks to Larry, Dave, Bob, Ernie, Frank, John, Marv & Jack for the Christmas cards. 73s & here's hoping 1963 is the best DX year ever. 73s.

The response to requests from members regarding the "Supremacy Ratings" has been very successful up to this date. I will be forwarding a list of DXers accomplishments to Pete Taylor by the end of the year. DX CX here have been rather good during November & December. I've sent good reports out to HRVS PJA6 HCVE4 USSR-1250, HOS23 USSR-548 HJGE WRSJ Radio Pyongyang-625 YVQB YVLW HOJ2 TICA ZCO & HJBI. Veries back are HRVS PJA6 & WRSJ in Puerto Rico. WRSJ sent my verie via air mail & returned my air mail stamp. Every now & then I'm asked "Isn't Southern California a poor place for DXing? Too much noise & lots of high powered stations?" This is true but I feel all locations have their respective drawbacks. I suppose it could be said each DXer makes his own CX. And of course, the biggest aid we have for each other is the DX NEWS with its weekly tips that can be found in the Musings & the Foreign section. This is why the DX NEWS is so important to every DXer. Present day DXers can no longer play the "Lone Wolf" - they continually need info in order to set their sights for the respective stations they want. Not very many NRC members live in large groups in concentrated areas; therefore, what each member hears is quite important to another member or members & the ONLY medium we have is DX NEWS. Many members trade tips via mail & phone. Let's make the 1963 issues of DX NEWS the most informative DX sheet in the world! I want nothing but the best for the NRC & its officers.

Dallas John - 337 South Stewart - Lombard, Illinois

12/16- CHFI-1540 dominating all afternoon, some German. WCYB-690 atop @ 5 until 5:15 s/off with WVOK QRM. WKYW-900 briefly @ 5:30 s/off mashed by WIS. The best of the day, KSEO-750 under WSB @ 5:38pm. Now to try for ESPI-780! 12/17- Pod CX prevailed. KQEO-920 rr until 1:58am s/off. Someone on 1140 with carols & 2:53. XEYC-1460 DX at 3:15 dedicating out of 12/1 issue. Then John Callarman made it through WJOL/WRIT (P6)

January 5, 1963

(D. John) @ 3:30 & on, from KPDN. Later that evening, KGNO-1370 strong @ 5:29, then patterns/change, still in weakly for 15 minutes. 12/18- KCCV-1510 a call change from KANS, now semi-religious, s/off 5:59. Unn KBIM-910 on SSS. 12/21- WRFB-1410 @ 5:45 "Dixie" s/off alone on frequency. 1530 was open - no WCKY, so I heard KWLA in La. from 6-6:15 s/off QRM'd by KGTN Georgetown, Tex. in the clear from 6:15 to their 6:30 s/off. 12/22- WRPB-B 50 very weak s/off @ 5:28 under WSMB. Also log taken on WSMB-1350 from 5:45 to their 6pm antenna change. 12/23- KREI-800 very strong @ 5:05, said s/off @ 5:45 but faded by 5:15 - has female DJ then. WWOM-600 a surprise s/off 6 under powerful WMT. 12/24- Unexpected good CX. Began by logging elusive KOB-770, how about that? They had WGN's image beat from 1:30 to 2. Last week no sign of them at 2 so maybe were on with Christmas program, as I'm not sure if they signed off at 2 or not. KTOK-1000, AN. KMOR-1510 logged per tip from 1:50 to 1:58 s/off, minimum of KGA. Missed 600 kc/s. s/off @ 2:05 again - is this KCLS? Also just missed 950 s/off at 2 under KIMM. Who? KGB-1360 made it through WSAI @ 2:25 with NX, then out, & SSB s/off @ 2:30 might have been they but not sure, not likely, probably another station. KRAK-1140 heard @ 2:14 in the clear until 2:28 s/off, maybe last week's 1140, but on this time. KCPX-1320 over WILS & SS from 2:32 to 3. And the best logging, KAST-1370 from 2:45 to 3 s/off after KXLF left. Possible KLO-1430 under CKFH, ABC NX ending @ 3:03 & then uninterrupted Christmas mx. CKGM-980. Unk SS op 990 at least until 2. Forgot KLO/CKFH were covered by a TT from 3:05 & on. Veries are: WISV KJIM WPDx WMAJ (my 500th) WBUK KSHA WXVA KPDN & KEZU. 'ayne Plunkett, if you never found out about female DJ on 1580 of last year, it is KNIM. She is also the CE. The Colombian on approximately 785 is strong after WBBM s/off MMs. 73.

Received everything I wanted on the 25th except the PJAG Christmas Carol DX Program, hi. Did hear WHIS WNDR WIRE CBM WOKY. Really haven't heard much DX since being home, but it must be there, hi. Letters off to several previously unreported locals. Hope to get a verie from each before returning to college. Hurray, my first NRC DX TEST was logged on 12/18 when WKLE-1370, Washington, Ga. was heard "conducting special frequency measuring tests" from 1:03 to 1:30am. Their signal was fair & WSPD-1370, Toledo, covered them during their TEST so I had to dig them out. Other specials tried for on 12/17 but not heard. Hope everyone had an enjoyable holiday season & 73s to all for a Happy New Year. My congrats to Larry Godwin, another bachelor gone down the wrong road, hi! (To all others who are married). As D. Oved & K. Lyon would say, Remember, Buffalo in '64!

Dick Kwiatkowski - 11 Walton Avenue - Celoron, New York

12/22- Ten inches of snow, temperature, 18°. 12/17- KXEO-1340, Mexico, no. on r/c-TT & IDs every three minutes. KENO-1460 RSing : 2:45 over everything. KEYC at 3:00 topping all signals on 1460. At 4:14 an ET/M on 1510. At 4:28, IDed as WAUX, oldie. 4:00, KIMN-950 only S-@ until WBVL Ky. TT simply blotted out KIMN. WSIP-1490 Ky. TT same time. Veries in are WEZI-dx KBGO, rr mx on k580 @ 4:02. 12/21, unk TT under/over WCKY @ 12:15am. Gave IDs every couple minutes but couldn't catch 'em. Norm, just got Idaho to go for a full house. Report out, WTHM Lapeer Mich, heard most any morning @ 6:30 on 1530. Noted KNOE-540 on 12/10. 12/21- Midnight heard SSB s/off on 1390 1500 1310. At 12:15 noted WHAS s/off, said they would return at 5:00. Noted KXEL off 12/16 which is SM which left WPTR out unk TT clogged frequency. ZFBL-960 about 1:30. 12/17- KXLY in like a local with pop mx. Noted KENS-680 changed call, just got verie in time. Good DX year!

DX: 12/3, ZFBL-960 in @ 2am with S-6 signal; umn KURL-850 in very well @ 1:03. Station on 1270 after 3am may have been KNDI as programming was in EE & I know of no other U.S. station on then. 12/5- Bayerische Rundfunk-1602 in well @ 12:45am; Strasbourg-1277 in with fair signal @ 1:45; Cricket match on 1545 or 1546. I thought this one was the BBC, but now not so sure after seeing Ben Dangeriella's report of it. 12/10- KMAM-1530 TEST in very well @ 3:27; no CKUA although a third station was heard weakly behind CKY/CFRA-580. Local WCAO was off for the first time in many moons, & I was able to log CFQC-600 in Saskatoon. I also heard a weak station on 880 momentarily @ 4:25, maybe Auckland, & also a station on 660 playing "Goodbye Joey" @ 4:13, Alaska? 12/17- WBNO-1520, Bryan, O. testing after 'KB' s/off; XEYC-1460-dx in weakly around 4am; mystery station on 640 with weird language in with S 4-5 signal @ 4:20; BGBS-560 covering WQAM @ 4:55. Their Early Morning Show consists of mx with ads in EE, & there's a brief newscast at about 4:49. They s/on @ 4:45am. 12/24- KTSM-1380 @ 2am s/off. Veries: HJJK-778 HJGE-1033 (with letter was pennant, stamps, & a tourist map of Colombia from Mobil Gas) YNOL-828 EBC-105 /1088, HIU (sent unfilled QSL card for an 860 kc/s report) ZFBL-960 3AM2-1466 Nice-1554, CFQC-600. Paul Bartoz - 829 South Brainerd Avenue - La Grange, Illinois

It's Christmas Eve & isn't there any station not playing Christmas mx? The only one I wanted to hear with Christmas mx was the test program but no soap. Some corrections in regard to my first Musing in the 12/22 issue - "Card baseball from the WC" refers to "from the West Coast" not "from the Water Closet!" The sense of humor (?) ~~some~~ of you members have! Are members who do not own typewriters automatically cut from this section? Please clarify? (Whoever said that? -ERC) And please, you other members, check to make sure you report times to Musings, etc. in EST! In several of the last few reports, I think CST was being used by oversight. PST zone members ditto. And I just realized my skeds in 12/22 issue which cover up to 7am EST only reach 4am PST, so I'll add: WLS, first a correction. Clark Weber to 6, not 7am, as Farm Special is on 5-7am. Mort Crowley till 10am, Breakfast Club to 11. For daytime DX, Jim Dunbar 11-1 pm. Midday till 1:30 with NX. Art Roberts till 4pm. As for WCFL, Dan Sorkin runs from 7-10:30am, after 15 minutes' NX @ 7). WYNR is Ekw, & Ralph Hartman says he thinks address is 2708 West Washington Blvd. Also he says they are perhaps not verifying. I say they are. Some members in past issues claim veries from them & a new station will usually answer for a while. I'll write them & find out but I think you're safe with this one. Ralph says RJR-550 is at 4:47pm. Thanks to all who wrote welcoming me to Club. And thanks to all for Christmas cards. I didn't send them myself but I answer all mail & have just mailed out some questions to other members myself. Don't want to start listing those who have written, as I'm afraid I may leave someone out, & this will be my policy henceforth, but all mail & correspondence is always welcome & I will reply through personal letters. Veries in from WCKY WDAF WKZO (but they sent card verifying WKZO-TV - help!) WRVA (exceptionally nice - try to send them good reports) and WOWO. WOWO has been bothered by false reports lately (hope not NRC) & asks for name of program & time plus just a little detail. Their verie folder is a beauty - try to get it. WDAF returned my stamp. It would be really helpful if you could get together a list of those stations which pay their own postage or return stamps! Finally, daytime DX great with WCKY in all day (ditto KXEL, both 3:30-5) & KSD fantastically great 3-5pm & probably all morning before I tuned in! I am ten miles SW of Chicago. Friend claims daytime DX of Cleveland. 73s.

Len Kruse - 1675 Glen Oak Street - Dubuque, Iowa

A Happy 1963 to all NRC members! With my heavy work sked the past three weeks, I have but five additions to my DX Log since my last report. On 12/10 the KMM-1530 TEST, Butler, Mo. was heard well for a 250 watter from 3-3:30am. Followed 3:30-4am by WBUC-1460, Buckhannon, W.Va.; also heard very well. And #3 station on 12/10 was KAIM-870, Honolulu, with its final 15 minutes of RS from 3:45-4am in the clear. The brand new WBNO-1520, Bryan, O. was heard on ETs from 2:30-3:20am just about equal to ANer KOMA. Then on 12/17 the NRC DX from XEYC-1460, Ciudad Juarez, Chih. Mexico heard easily at this den. John Callarman's DX from KPND-1340, Pampa, Tex. also heard & reported on 12/17, but umm in my log. Most recent veries received were v/ls from KPOR WEZI WDMC WRYM WWCH KLYQ QPDX KEZU KAIM WBUC KSHA WBNO XEYC & a v/q from KMM. This bring my verie total to 3,676.

Bryan & Keith Wilson - 220 5 Avenue - New Westminster, British Columbia

Hope everyone had as happy a Christmas as we had. Much water has flowed under the bridge since we sent in our last Musings, & hello once again. New loggings consist of 11/19- KSMN-1290, Pocatello, Idaho RS @ 7:16am. 12/9- KNBR-680 after CBU s/off @ 3:30 12/10- WIXI-1480, Irondale, Ala. s/on @ 5:02; CBE-1550 Windsor, Ont. s/on S-3 @ 6, then cl mx; WTOD-1560 Toledo RS @ 6:12. 12/17- WMAK-1300 Nashville after 5:00, weak but there; XEYC-1460 Juarez on their special DX @ 5:21 under much QRM; KCBQ-1170 San Diego on for an ID at 5:38, completing our 50kw. California score; KBAT-680, ex-KIENS s/on @ 5:56. 12/24- KTBC-590 Austin, Tex. RS @ 6am. KBAT was officially the 600th station logged; thus KTBC made the total 601 to date. Wish a few more veries would respond besides KBEO-1330 (ex-KLOQ) KSHM-1390 KSRO-1350 KRED-1480 (ex-KIEM) KCOL-1410, WAIL-1460, KSMN-1290 (ex-KYTE) & KDON-1460, Salinas. Verie score now one under the 300 mark, at 299. The 300th seems to be taking a long time to arrive, as no veries in for at least two weeks now. Guess we've got nothing else to blame but our own inactivity for that. Hope the Jones Log will arrive soon - it would have been useful during the holidays. However, we're willing to wait patiently until this excellent publication comes. See you next week. 73s.

A whole month of DX to report so chronologically, here goes. 12/2- This MM brought KTOK-1000 AN weakly, KOB-770, PRE9-1000 AN & late s/off from WCED-1420 for hunting NX. 12/4- No KASH test but many good TAs, all un. 12/6- Noted 11pm s/on of RNE-584 this evening & many following! 12/8- Finally tracked down SS-998 & found, as expected, to be YVOB-1000 "La Vox Del Tachira". CBH-860 way behind CJBC for a frequency change. 12/10- A good clear MM with KMOM-560 on AN topping easily while WMCA-570 on OC; KMAM-1530 good on TEST, KORL-550 S-6 at times. A week later, 12/17, brought the best Hawaiian reception yet with KAIM-870 easily readable on their religious programs & Christmas mx. Also surprised to hear KSSS-740 s/off at 3am with 250w. XEYC-1460 on DX with a little difficulty. 12/19- A good night for Puerto Rico saw WABA-850 (ID @ 5:15), WKFE-1550 & WPRA-990 added to logs as well as WORT-1550 s/off @ 5:30pm in clear with their 250w. Morocco-935 excellent until 7pm s/off. 12/24- Noted XEJP-1150 AN as well as "Ondas Del Canajagua", HOJ2-1049 apparent move from 1040. HJAB-1330 also AN with slogan "Radio Vigia." Unk Brazilian on 1370. 12/25- Merry Christmas DX from PJA6 so tape off. Hetrodyne on 1395 with occasional SS outbursts so HCVE4 is a good possibility. SS also noted AN on approximately 1588 & 1367 kc/s. Anybody know who the AN SS on 1375 heard here every MM is? WRH finally placed my mystery "Radio Paramaribo" heard here so frequently on 600 behind WICC. Anyone know the power of this one? They used to be nightly during the summer, but haven't heard 'em lately. Oh yes, latest catch was 3am s/off of KTAR-620 behind WSUN for first Phoenixian. This heard on 12/30. A restful Yuletide vacation to all. A note to the recent reporter who mentioned reception of KTRB-860 with Southern California mentioned. Modesto is in Northern California, so the ~~HE~~ you heard was XEMO. It fooled me too! 73.

Ernie Cooper - 438 East 21 Street - Brooklyn 26, New York

It was a pleasure to visit at Bob Foxworth's house along with Jeff Job & Ken Washburne of Short Hills, Allen Nissen of Fort Lee, and Joe Fela, all Jerseyites, on 12/30 PM. Veries in from KMAM-1530 v/q, WISA-1390, v/1 written on inside of a Christmas Card, DX 12/25- HJFD-630, "Radio Manizales" on top mostly all AM & reported. CJLM-350, Joliet, Que. AN-FF under WADC & over CKLB with WAVY, happily, silent this AM. Unn WINY-1350, Putnam, Conn. ETed to 3:40am s/off. 12/28- WSAO-1550, Senatobia, Miss. ET-Band mx 1:5 & then TT from 2:03 onward. Unn WOMP-1290 s/off ET @ 2:14am. 12/30- WZUM-1590, Carnegie (Pittsburgh 5) Pa. RS 6:02-6:30 am through WAKR/WSMN and two others, easy with Negro spirituals and spirited hymns. 12/31- HJXJ-Bogota is now settled down on 770, & were AN today. Two SSES on 650 till at least 2am, unIDed. On 800 kc/s. @ 2:11, there were an FF, an SS, & a TT, all unIDed. Unn XENK-620 good to 2am s/off, advertising "cerveza", which is beer, brother, beer! CKRC in clear on 630 AN, unn. Unn WFAU-1340 AN & on top with blizzard warnings. WAXE-1370 f/c-M 3:01-2:18, even with a Georgian TTing, I think this was unn WKLE. Unn WQOK-1440 ET/M to 3:20, & another saying 500w. ET/TT, same channel. Who was this one, ID medded up here by WQOK. An AN SS "Radio Reloj" on 1420 using AST, is this WEUC, perhaps? WKFE-1550-DX not heard, but unn. XEQ-940 must have been AN for the Christmas "advertising" period, with their sponsor being Carta Blanca Beer, and I can attest to its quality, hi. No longer AN. WBRV-1510 still not on RS as of 12/31. To those arranging DXes or TESTs, please let me have the details on them. I can't write them up without any info, you know! This is all in through 12/31, and with no mail on 1/1, Tuesday, we are closing this issue out on Monday 12/31. Someone made the suggestion I group Musings by geographical areas. This I try to do, but I don't type the whole thing in one night! Often when I have enough reports in on a Wednesday or a Thursday I'll cut that stencil to lighten the load at deadline date, but we do TRY to follow that policy, of grouping them. We also try to make each page a unit, with no reports carried over to the next page, but we don't always succeed in this endeavor. Let's have those Musings and y/s! Good DX!
