### "DX NEWS" IS GOOD COMPANY

"Enclosed is a money order for four dollars for another year in the NRC. Although I haven't been very active in DX in the last couple of months or so, without DX NEWS, I'd feel alone and lost, hi. Bee seeing you all, I hope, at the Convention!"

- Art Bjork - 31 Lyman Avenue - Medford, Massachusetts.

Mon. April 21	W C W C	1600	Ripon, Wisconsin	5,000	3:00 - 4:30	test

#### WNJH-1580, Hammonton, New Jersey.

Our member, David Aichelman, at WNJH, reminds us all that his station, WNJH, is going to have their regular frequency check on the morning of Friday, March 13th. It consists of cycle tone, and announcements, and will be on starting at one minute after midnight, E.S.T. and will run till 12:30 a.m. Should you desire to telephone David during the time they are making this frequency check, the number is 609-561-1900 for calls. There'll be a couple others on 1580 during this test, but we think many of you should have little trouble hearing WNJH. Our thanks to Dave for notifying us of this check, and don't forget to include return postage with your report!

#### WVOB-1520, Bel Air, Maryland.

This station is very rarely heard by listeners at any distance from Bel Air, as they are daytime only, and have no early-morning frequency check period. However, Mr. Pierce Burgess, Chief Engineer of WVOB, notified our Joe Fela that he is planning to run an equipment test on the morning of Monday, March 16th, from 4:00 to 4:30 a.m., and he hopes that lots of our members, and those of the NNRC as well, will be able to hear WVOB then. They are omni-directional. This station has been on the air less than one year. We hope the channel may be clear for this period. Let's hope so, and again, our thanks to Mr. Burgess, and to Joe Fela, for informing the NRC of this equipment test.

### REPORTS WANTED

The only way to keep NRC's DX NEWS tops is for you loyal members to send in those reports for its various component parts. Please "don't let George do it" - do it yourself! The more we get, the bigger and better is our Club Organ, so let's all join in the big pull, and feed us with lots of Musings reports, IDXD items, and DXDD tips, and also verie signers. We are not offering titles to all of you, mind you - just the finest DX publication there is - but it takes YOU and YOU to keep it that way!

Mike Bugaj - 197 Boston Road - Middletown, Connecticut - 06457

Only two veries in since last Musing; they're v/1 from Barbados (country #25) - St. Lucia-840 (country #26). Plenty logged in two weeks, so here it is. 2/15- HJAN-720 @ 1:00am; WCBA-1350 @ 1:10 with TT & CW; WKOP-1360 @ 1:10; "Radio Alisanze" Colombia-540 @ 12:30am (naed power, call, & location); WML0-1570 @ 5pm; WEAS-900 @ 5:59pm; WFGM-960 u/WELI @ 6:16pm. 2/16- WCAP-980 @ 6:30am; KWRP-860 (tentative) @ 5:29am with ET. QTH given as Arkansas, but missed city. 2/19- WHVR-1280 o.WADO @ 5:30pm; WNOW-1250 o/WRYT @ 5:38. 2/21- WPDx-750 @ 5:35pm; CKNX-920 @ 6:30pm. 2/22- KPMC-1560 @ 2:30-2:50am s/off with c/w. 2/23- WDBJ-960 @ 6:30am; WPRT-960 @ 6:30; WABW-810 @ 5:30pm. 2/24- CKEY-590 @ 12:24am; WSNE-1410 @ 12:45; WALA-1410 @ 12:15; KOIL-1290 @ 1:40; KGBS-1020 @ 2:20; KTHS-1480 @ 2:23am with PoP test; WJAK-1460 @ 2:35am; KENO-1460 @ 3am s/off; KSO-1460 @ 1am s/off. "Reloj Nacional" stations on 890 (CMHP) @ 3:33am 1270 (1:38am) & 800 (2:15am) also heard. Reports out again to KXLF-1370 (steady S9x20 until s/off) KOB, & first out to KENO-1460. I sure hope KENO comes through! Others out to WICC WPRO & KPMC-1560. That Colombian on 540, "Radio Alisanze" has EE NX @ 12:30-12:40am s/off, loaded with commercials. Bad news for me! I am no longer the only NRCer in Middletown. Welcome to my freshman cousin! Thanks Joe for the clipping. It proves one thing - the FCC's always on the prowl. Any FM DXers in the house? Other miscellaneous items include CBN-640 @ 4pm with S9x10 signal. WBSC-1550 seems had full 10kw at 9:25pm on 2/25 (possibly for Clay-Liston fight news) & SS 2/25 on 1310, thought its ID was Puerto Rico. Sooner or later they'll give me a decent ID. I say Liston should have won! That's it. 73s from the home of Wesleyan University.

James A. Lee - 108 Seventh Avenue North - Long Branch, New Jersey

I reckon it's about time a Musing was due from me. But the task of moving & getting settled down takes up a little time. That's all behind now so will try to report regularly. New Jersey isn't too bad a state if only the WX would quit changing, hi. I can't complain about CX, though. Being only about eight blocks from the ocean, water skip is great. Logged my first TAs last MM & I couldn't believe they would be that strong. Strongest local here is WABC at an S-6 signal & both BEC & RTF on several frequencies were S-4! All I can say is, keep 'em coming. Loggings to date are (New Jersey loggings) - WBIC-540 RS 1:40-1:55pm; WFIL-1560, RS 1:58-2:10; WARM-590 RS 2:20-2:35 WICC-600, RS 2:35-2:48pm, WACE-730, RS 4:21-4:32; WRYM-840 RS 4:44-5:20; WPRO-630, RS 3:50-4:06pm, all 2/8. 2/9- WINE-940, RS 10-10:31am, WELI-960, RS 10:58-11:08am, WJRZ-970, RS 2:31-2:35pm; s/off Radio Barbados-795 10-10:15pm. 2/10- WHLI-1100 RS 2:56-3:02 pm. 2/14- WPAC-1580 RS 4:14-4:30pm; WFYI-1520, RS 4:3344:51pm. 2/15- WTAG-580, RS 11:10-11:20pm. 2/16- WEAN-790, RS 12-12:10am, WSUB-980, RS 7:29-7:42am, WNAR-1110 RS 10:58-11:16am, WCNX-1150 RS 11:18-11:30; WDEE-1220 RS 11:35-11:47; WFAS-1230 RS 11:59 am-12:51pm; WMTR-1250, RS 12:57-1:06pm, WBUD-1260 RS 4:57-5:10pm. 2/17- WRSJ-1560 Puerto Rico, RS 5:14-5:30am. 2/22- HJED-820, RS 3:15-3:35am, WNOR-1230 RS 3:34-4:18am WITH-1230 RS 4:19-4:41am, WRYT-1250 RS 4:47-4:54; WDVA-1250 RS 5-5:08am. 2/23- WHEB-750 RS 5:45-6:02pm. 2/24- RTF-Nancy-I-836 RS 12:48-1:31am, BBC-Clevedon-1457, RS 1:34-2:01am, BBC-Droitwich-1088, RS 1:35-2am, RTF-Bordeaux-I-1205 RS 2:05-2:30am. Veries are: KSTT KRCB KCLW KFLD KOKE KHOS KCCL KSET WSUB WACE & WMTR. Total now at 472. Enough for now, so 73s & good DXing. (SWell meeting you too, Jim! -ERC)

Andy Rugg - 16 Lake Breeze - Pointe Claire, Quebec

Veries: WFRB-560 CKY-580 (fourth attempt) YVKL-590 HJKC-850 YVNM-1000 WIMA-1150 WLEO-1170 WJUN-1200-PP RTF-1376 WMPT-1450 (unexpected) Austria-1475 WVOX-1460 (fourth try) Nurnburg-1662 (nice card). WMPT-1450 used to be uncooperative but I see they have blissfully mended their old rancorous ways. DX: 1/27- AFN-1106 3:06am (rather late for a TA but Europe was blasting in all week at all times); WFRB-560 TEST 4:02 (heard them @ SSS a day later); um CKY-580 easy through CFRA OC at times (never answered three reports from Ontario but answered this one right away) around 4:15; WLEO-1170 RS 4:30; WIMA-1150 s/on 4:55; RTF-863 RS 5:30pm; Dresden-1043 & BBC-908 were two enticing little gems that barely slipped out of my hands, drat. 1/28- Sottens-764 5:13pm & s/off 5:15; BBC-1295 5:26. 2/16- WUNO-1320 AN 1:11 in EE/SS & YVLX-560 (both um) not joing badly either. 2/22- Brief interval of dead air on CBM-940 @ 6pm let a 1,000w. W filter in briefly @ s/off, WGRP? 2/24- Nothing new but did hear WARO-540 TEST 12:45am Sottens-764 @ 1am; KOB-770 loud @ 1:30; KFDA-1440 r/c 1:36; CSB9-782 good @ 2am. 2/25 WSID-1010 RS 5:24pm & WELK-1010 RS 5:42 for first daytimers on that frequency. Edward Sexton: CKOT is the Canadian on 1510; Montreal was refused a CP. ERC: CBC relay on(P4

(Andy Rugg) 1400 is probably CJSP, often very loud here. Has anyone else heard the CBCer on 1110? CBLH, I believe. I stick to membership in the NRC, CDXC & ISWL, and new organizations trying to recruit me just waste their time. 73. (Thanks, Andy! -ERC)

Wayne Plunkett - 124 John Street - Weston, Ontario

Veries are now up to 225 as somewhat of a push on this season - ten more this week for about 140 since November. Latest are v/1: CHIC-790, dandy from CHAT-1270 (Alta. #5), WTHH-1380 who received 25 reports, another very informative one from WKIG-1580, WWSF-1400 "From the College among the pines" KCHA-1580 & WLBA-1580 - the latter two scrawled on my report, & v/c KLIF-1190. Latest two from WBCH-1220, surprisingly first report from Ontario, & KERN-1410 saying furthrese verified report from Canada & most cordial invitation to visit them when in Bakersfield, but don't come in the summer, hi. DX: 2/9- WFAK-1220 @ 7am s/on; new catch was WNCA-1570 briefly around 7:05 before WBUZ killed them; three new ones on 1580 withing 15 minutes at SSS - WKIG WLBA & WSEP between 6:10-6:25pm - up to 34 now on 1580 for top frequency. Log on CMBC-690 11:52pm-midnight as combination EE/SS. 2/10- Log on WJAR-920 12:01-12:07; WSUN-620 @ 1:55 w/ best signal in ages; WPEN-950 s/off 2:05; KMHL-1400 ID on r/c @ 2:30; log on KENO-1460 2:30-2:40 for probably another futile attempt to get Nevada verified; no ID heard from TT on 950 2:40-2:48, likely needed WERL; surprised to hear & log CKVL-850 in EE 2:55-3:02, thought they were strictly FF; WTHH-1380 DX with little trouble - never have heard this one on RS. Probably same unID tester on 920 this MM again with hits of last two years 3:15-3:30; no WLOB-1310 so didn't have to worry about postmarking before midnight; strictly WGH/WKNR. WBOK-800 briefly 6:30 for first time this year. Who on 1580 was 6:44 s/off with an absolutely terrible version of "The Lord's Prayer?" 2/11- KCHA-1580 logged 6:20-6:30; one of my best 1520 catches on SSS, KBIB made it u/WKEW for two minutes to 7pm s/off. 2/12- WCRO-1230 on top 12:30.. 2/13- WAGC-1560 s/off 6:28; log on WAAY-1550 6:30-6:38; WBSC-1550 briefly 7:10; unk SS u/WXYZ-1270 with beep-type NX @ 7:40. 2/14- WSBP-1580 s/off 6:32 with short version of Dixie; ZNS-1540 fighting usual duo; CHIC first heard on 790 11:25pm, corrections to their sked appear to be s/off 12:04 MM, s/on 7:30am SM. 2/16- Log on WWIL-1580 6:28-6:40; around 6:30 noted what must have been CHIC's OC on old frequency of 1090 & RS on 790! 2/17- WWRL-1600 ET 1:25; who had TT on 1300 @ 1:35? WERE df; WDAX-1410 ID on r/c @ 1:43 for new one; ID 1:47 from TT on 1260 surprised me - was expecting WJBL but it turned out to be WJOT who mentioned return @ 5:30; besides WTIC-1080 AN noted what may be another unfortunate AN development MMs, namely CFMB-1410 Montreal, which was on until at least 3am, logged 1:50-1:59. I hope you're OK now, Andy! 73.

Richard Gula - 56 Sears Street - Middletown, Connecticut - 06457

This is my first report to the Musings section, & from now on I'll try to send in reports every two weeks or so. DX has been fair as of late, so here goes. WAOK-1380 @ 6:10pm on 2/23. MM 2/24 was fair but only stations that showed had been previously logged. Only new ones were WLOF-950 @ 1:20am, KXYZ-1320 @ 1:40, unID on 1000, was EE with conversation being carried on - all talk, about 2:30 am. Also SS on 1410, couldn't get ID. 2/24pm- WSIV-1140 u/WRVA, logged & reported 6:20-6:30 s/off. 2/25AM - Noted WTOR for the first time on new frequency of 610. 2/29- XESG-1510 u/WMEK 3:30am. WKRC-550 @ 4:05, XESM-1470 @ 4:20, WLDS-1180 @ WHAM for about ten seconds 5:35pm; VINA-1150 @ 5:36pm. Station on 1550 with ID of "Key Radio" could be WKYE, Bristol, Tenn. @ 6:09pm. 3/1 brought somewhat better results. Here they are: WAIR-1340 @ 4:05am, WSAV-630 @ 4:23, first British Columbia station made appearance - CKLG-730 @ 4:30-5am, logged & reported, WRAD-1460 @ 5:59am s/on. No verifications as of today - drought has hit my QTH - mailman won't even leave me junky advertising! By the way, 730 is clear SMS as CKLG only station to be found - came through with steady S-9, went as high as 10 over 9, little fading. Totals now 736/44, low veries because of lack of \$\$\$\$. To Gary Collins - if you need Kansas, try KEWI-1440 - they broadcast 5kw day, 1 kw. night, 24 hours except 12-5am MMs. Good DX & 73s. (Welcome to the Musings, Richard, and we surely hope that we will hear from you frequently! -ERC)

Eugene Scrabot - R. D. 5 - Kittanning, Pennsylvania - 16201

Well, here I go with my first Musing. DX has been good for me so far, with a lot of veries coming in. Some of the stations veried: WPTR WOHQ WRC WMAL WWJC WHGR WIEB WGAU WEEP WCCO WVOP WBCI. Heard WLLL-930 testing on 2/25. I would like to say thanks to John Sampson for the nice time I had at his home. I would also like to say 'hi' to Bernie Duffy, Ron, Joe, Bill ? & Ernie Cooper - nice meeting you! Dick Cooper has given me a lot of help in my DXing. He's the greatest! Well, that's it for now. 73 from Kittanning. (Welcome, Gene, & it was nice meeting you 2/15! Report often! ERC)

J. W. Brauner - R. D. 1 - Box 61 - Punxsutawney- Pennsylvania - 15767

February has been quite an improvement over January DX-wise. With only normal noises to compete, signals have been easier to tune in & CX generally have been better. WBTC-1540 has begun showing here, noted quite clearly on SMS at 7:15 & thereafter until WPME hits the air about 7:30 or 7:45. CHFI, unkn, also noted at 7:15, & WNIO, Niles, Ohio, also at 7:30 - all this on 1540, WBTC new here. WHSL finally logged at 2:30 on 2/17, 1490 kc/s. Thanks to Dick Cooper's tip, WPGM-1570, Danville, Pa. logged @ 5:45 s/off on 2/20. Best time for this one is SM after 7:15, or maybe 7:00. 2/22, added WKAM-1460, ETing. MM 2/24 is one that'll be remembered a while here. Best CS since coming to Pennsylvania in '55. Six new ones, and likely as many more if time had allowed. Before set was warm, at 2:30 TICA came in for a good ID on 1195, way over S-9; gave country twice & "Radio Columbia" in his own way; no call heard. Then on 1090 clearly heard CBC relay (but which one?) - has to be new here, no matter who; my first. WFAW's test a real fight, finally ended up with two tunes & parts of several IDs. CBM about 30 over S-9 here. But heard anyway, thanks to our CPC. WARG is a local, off with SSB at 4:00 instead of 4:30. WBNB strong, and mostly clear of QRM here. No report, as never replied last season. Denver on 950 to 4:00, then a strong one with SS NX, perfect ID @ 4:15, LR-3, best reception from Argentina, clear of all background for quite some time. Another strong one on 1110 through WBT OC was likely LR2, both unkn. CBN-640 ID at 4:00, S-9 and clear of all background, also unkn. 4:35 brought TISRHB, country & call clearly heard but seemed to be on 1135, not 1125. Tried WGNU-920 f/c @ 4:50 -5, but no trace on 920, just weak QRM. Finally, added two more when WKBW came on late; up to 5:10 big three-way between "Koma", WRAI & WSVL, last two new. Nice letter in from WWSF; Barbados continues to come in well for short periods, mostly around 7pm. 73.

Bob Karchevski - 655 Main Street - Melrose, Massachusetts - 02176

3/1. DX this week: 2/28, logged WCFL-1000 for a verie, 6:00-6:26pm. Also a possible WRC-980 on SSS along with CHEX @ 5:30pm. 2/24- No WFAW-940, all CBM. This morning from 1:30 to 1:50 als also at 2:34, a strong foreign language station, possibly a TA on 1440 or one kilocycle away - a one kilocycle tone was also present. The language sounded like soft German - any ideas? (Luxembourg-1439, Bob, is my guess -ERC) At 1:58 to 2:00am, TGUX-1020 s/off. If they had signed off in EE, I'd have thought it was KDKA - booming signal. At 1:20, KSTT-1170 tone off; announcement. KGBS-1020 on but not readable. Logged WARG-540 ET from 12:02 to 12:32am. From Broadcasting Magazine for 2/24, "AM freeze from May '62 may be lifted in June or July," Henry, FCC. Soon daytime only stations will get standardized hours for the year around. FCC orders 1110 kc/s. KRLA vacated by 5/1. These stations will originate BB games in '64: American League (repeaters): WBAL (30); WHDH (45); WCFL (80), WERE (40), WWJd/WJRM (48); WDAF in 1963, KMPC, WCCO (30), WCBS (40), WTOP. National League (repeaters) WGN, WCKY (100), KPRC (25) KFI (90), WEMP (62), WHN (12), WFIL (24), KDKA (26), KSFO (16), KMOX (100). FCC approved also sales of: WGR WDAF KFMB KTOK KANN KJEM & WDOT. WCRA to lkw, (CP). CJFP asks for 5 or 10kw. days. What is Docket 14419? Many CPs & FCC decisions depend on it. Veries in this week: v/q- WROK; v/1 WLOB-dx & a non-v/q from WTOL-dx (for thank-you note). My verie returns this year so far are 61%. Last year it was 72% and 76% the year before. Totals: Stations, 69/42, States 26/18, provinces 3/3, countries 6/3. See you in Buffalo. 73s. (Glad to hear it, Bob! -ERC)

John C. Johnson - 625 Park Street - Sheridan, Wyoming - 82801

This will be my last report to NRC's DX NEWS. In a week my membership will end. The NRC has helped me log quite a few stations, and I have met a lot of fine people who enjoy this hobby as much as I do. However, there are a few major difficulties that lead me not to renew my membership. The 15th and 22nd issues of NRC's DX NEWS haven't arrived here as of this date. Totals are now as follows: Stations: 649/466. States: 37/37. Provinces: 5/5, plus some eight Mexican stations. Wyoming stations logged are 28, and I have 23 Wyoming stations QSLed. Only two new stations logged this week. 2/21- KVOW-1450 Riverton, Wyo. @ 8:05-8:30pm, and 2/23, KCMS-1490, 100w., Manitow Springs, Col. @ 2-3:03am. Only three QSLs in this week: v/1: KRHD-1350 for their recent PoP test. KRYT-1530, Colorado Springs, logged on their first day of RS broadcasting, 2/9. And a veri on report from KVOW-1450. I would like to take this space to thank any and all of you who have helped me in my DXing. Special thanks go to Ernie who has done a great job of typing out these Musings of mine, hi. Thanks, Ernie. Once again, it was sometimes a pleasure to be a member of the NRC. NRC's DX NEWS gave me lots of good tips. 73s for the last time, & 30. (What title did they give YOU?hi-ERC)

Ken Butterfield - 624 Arthur Avenue - Plymouth, Michigan - 48170

Greetings to the mob for this issue. Over the weekend, we sort of had a junior convention. John Daller, Sheldon Rubin, Larry Bassett and myself met over at John Daller's house. Too bad Jeff Stover couldn't make it down from Southfield. Well, let's get to DX. 2/11- KADL-1270, 6:45pm s/off. KUSN-1270, 7pm s/off. 2/12- WCIL-1020 6:30pm s/off. KBOA-830, 6:45pm s/off. 2/16- WAGF-1320-DX 1:10am and in at a good level during the entire test. 2/19- WFIX-1450, r/c, 4am. 2/23- KRUS-1490 r/c 2:15am. 2/24 (wow!)- WARO-540-TEST 12:05am, real, real, real weak. WAMS-1380 r/c 12:16am, 43rd state. WEER-1570 r/c 12:30am. WMCH-1260, f/c 12:45am. KSTT-1170, f/c 1:15am. WLDY-1340, 1:50am, r/c. WAIR-1340, 1:15am, RS. KLOU-1580 2am s/off. KBOM-1270, 2:10 am, r/c. WSNE-1410, f/c 2:25am. Latest veries are, v/1: WLB WLIK KWHK-dx WTTT-dx WTCN (three months) and CKY (11 months). v/qs: WNEW WFIX. Latest totals are 654/511. To Don Erickson, I've just applied for my novice ticket. Anybody interested in old radio gear? I swapped from a kid, a set of earphones. They are dated 1907. It comes in a black patent-leather case, felt lines, and contains (1), two sets of earphone connectors, (2), one earphone (3), an earphone holder that is adjustable, and (4), a big earphone, and (5), a battery dated 1926. Anyone interested? It sounds like some old wireless-radio gear. How many members of the NRC are Cbers? Well, that's about it, so 73s, and will see all, hopedly, in the next issue. (What's a "Cber," Ken? -ERC)

Alex J. Bowab - Box 154 - Spring Hill College - Mobile, Alabama - 36608

In answer to my querie about local WMOZ's loss of license, I wish to thank Dick Cooper and Ernie Cooper for sending the newspaper clippings and articles from Broadcasting to confirm what WMOZ still openly and obstinately calls a "false rumor." Apparently they are to be off the air by March 31, and no tears shed here. I contacted WMOE-1550's CE again, as last week they came on the air a couple of times for daytime tests - OC only, and IDs every 30 minutes giving phone number (928-2184) and address (Box 1402, Mobile). According to the CE, the daytime tests were conducted with a 220watt XR to merely check antenna circuits. He said they haven't even gotten in their 50kw. XR yet, as RS target date is still three months away. CE further said that there will be extensive early AM tests beginning in about 60 days, and if I could call him back in a few weeks, he would give me the date and time of these ETs as he gets them scheduled. And that I shall do. (Be sure to let us know, too, Alex - ERC).

Gary S. Collins - 26 Holly Street - Cranford, New Jersey - 07016

Hi, gang. Not much new in DX, only 2/24: WBNB-1000 3:17-3:35am on DX, and VOUS-1480 at 4:00 s/on. Although Len Dunikowski got VOUS three weeks ago on a "landline" because the tower was blown down, I rather expect that the tower is in use again since the signal was fair to good, with the main QRM from a carrier beating with 1480, around 100 cps. Also, on 2/29, c/w mx noted, plus EE after WQXR & WDXR s/off at 1:05. This is probably KPMC, but too seak for a report. Veries from KENO (state #49, out of 49 heard), Radio Caribbean, St. Lucia-840 (with 10 kw. notation on the letterhead), RAI-845 Rome, NRU-746 Hilversum (with eightpage mimeoed folder giving history of NRU in FF!), Prague-1286. Good DX.

Hilding G. Gustafson - 3416 Brenderwood Road - Rockford, Illinois

DX has been good here. I have heard over 40 European and African stations this winter. Veries are in from CSB9, Miramar, Portugal; CSB4, Porto, verified on the 1594 graveyard channel; Warsaw, Poland on 1502 kc/s. and Kalundborg, Denmark. The Kalundborg verie was more of an acknowledgement than a verie. They were not very specific. Best of luck. (Likewise, Hilding! -ERC)

Bernie Duffy - 77 Livermore Avenue - Staten Island, New York - 10302

No DX NEWSes the past three weeks - must be snow-bound in Buffalo. Additions to my heard log are: WARO-540 Canonsburg, Pa. 2/24, and KYND-1580, Tempe, Ariz., KDBM-800 Dillon, Mont. & WINU-1510 Highland, Ill. 3/2. It was an appreciated tip from Joe Fela that led me to KDBM. Recent veries came from CKKW Kitchener, Ont., KRHD-1350, Duncan, Okla., WFRB Frostburg, Md., WLNG Sag Harbor, L.I. & WVMT, Burlington, Vt.

John A. Swanson - 3654 North Paulina - Chicago, Illinois - 60613

I expect that this will be my last Musing as I have no intention of renewing my membership. I wish to sincerely thank Lefty, Ev Johnson, and Len Kruse for their tireless efforts which have greatly increased my enjoyment of this fine hobby. 73.

AS THEY SAY IN INKSTER, MICHIGAN, "WCHB." "WISHING CONVENTION HAPPINESS TO BUFFALO."  
(John Daller) LABOR DAY WEEKEND THIS YEAR IS ON SEPTEMBER 5-6-7. THESE ARE THE DATES FOR OUR BIG BUFFALO CONVENTION WHERE THE MAIN THEME WILL BE DX TALK & A GOOD TIME.

Ron B. Schiller - Box 456 - Morrmouth Beach, New Jersey

Back home after a week's jaunt to south Florida. Highlight of the trip was a side trip down to the "Keys" ending at Marathon. Visited WFFG-1300 in that town and was surprised to learn that their furthest DX report, to the engineer's knowledge, was Fort Lauderdale, hardly a stone's throw away from there! Their 500 watter blankets the Keys beautifully, so a test might cover some ground. Saw VOA-1180 with three towers pouring toward Cuba, but couldn't find the entrance to the place! WFFG, incidentally, has four towers aiming NE/SW, with mulls to protect Tampa & Cuba. Also heard were Key West's WKPF and WKIZ, the latter my most-wanted station. Both cover well over 100 miles daytime. Visited WIOD-610 and WDSC-800 on the way home. Took color pix of the above and hope they come out. Returned home to find ten veries; a registered letter and pennant commemorating the 39th anniversary of LR#-950, my 33rd country verified, and took only two weeks! Country #34 arrived in the form of a beautiful picture postal of ZFY-760 (not 755 as erroneously reported elsewhere), result of a f/up to Frances Bowen. My 9/6 report to CSA3, Voice of the West, in Lisbon, brought finally, a letter, folder, and one of the most interesting QSLs ever received! Showed a map of the world and traced the voyages of Portugal's early global explorers. Among the domestic veries were: WFAU-1340 in answer to my tentative, saying they usually sign at midnight but ran to 1:15 the morning I heard them with a local auction. A most welcome verie from that Maine graveyarder! KLIF KGA and WTNS sent QSLs and letters came in from KWHK-dx WVMT-dx and KOKA for a November report. Total now 1,338. 73. (Thanks for fine cards! -ERC)

Joseph Fela Jr. - 157 Goodwin Avenue - Newark, New Jersey - 07112

Veries are v/l's from WWSF-1400-DX, WLOB-1310-DX (farthest report from Pa.), WINU-1510 and WTHB-1550 (second report). V/q's from KOA-850 (their QSL) and KGBS-1020, and v/f's from WDIA-1070 and WTHH-1380 (for DX, they received only 25 reports on it). To DX: 2/17- 1:15am, WDON-1540 E $\pi$ /M all but swamped by KXEL-1540; 1:23 WMAC-1360 r/c-M; 1:45 s/off WJOT-1260 r/c-M; 1:53-2:05 s/off KCKW-1480 r/c-TT; 2:10 WTHB-1550 ET/M; 2:30 KENO-1460 in fairly good; 2:40 WHSL-1490 AN; 2:45 KGBS-1020 AN finally! 4:00, WTIL-1300 in SS with WERE off; 4:02 WCSS-1490-DX in OK but must've been using 1,000w. 2/19- 2:34, WCCN-1370 r/c; 2:44 WJIM-1240 AN briefly d/WBAX. 2/20- 12:03am, s/off CJEM-570 o/WMCA in WEXA's slight mull on loop; no WLIL-730 r/c-TEST, all XEX/CMCA/CKAC so would have to assume that they were not on. 2/21- CFCF-600 through WICC @ 1:05am; 1:15 TT way u/WKBW-1520, anyone know who? 1:31, CBL-740 off, only KRMG there. 2/24- 12:12am, WARO-540 TEST in nicely; 12:30 WEER-1570 ending r/c-TT; 12:41 WISM-1480 behind WHOM's TT (how about that, Allen?); 12:46-12:50 s/off, WTON-1240 r/c-TT; 12:54 KRDS-1190 good; 1:29 "Night Watch" on 970 through WWSW, call seemed to be WEBR - is it? 2:02, KOA-850 s/off u/ a good mx station which didn't bother to ID on the hour; 2:06 KELO-1320 briefly before XEAI blasted it off of the dial; 2:15 WFEC-1400 on f/c-TT; 2:23 KORL-640 in but electrical QRN too much. 2/26- WDEE-1220 ET rr at 1:30am. 3/2- HNL bad for the second MM in row, ready to call the power company about it. 3:05am, KDBM-800 r/c-TEST through Cuban pretty well (tip from NASWA), for only new catch of morning; 3:28, who on RS on 920 with rr? Think they went off at 4:03 as SSB heard then; 4:08 took a log on WICE-1290; it's amazing how strong they are after they go to daytime operations at 4am; 4:28 s/on WIVV-1370 (usual reception); 4:57 s/on on 1450, another also on 1450 at 5:01, who? 5:00 s/ons WRAD/WPON-1460 and WCMB seemed to follow at 5:02. At 5:03, WNJR-1430 had an ET/M w/no IDs (as usual). 5:04 s/on WSAN-1470, very weak surprisingly. In a nice letter from KWHK-1260, they said they considered the NRC TEST they had a complete success! Farthese report from Marysville, Wash. Only one from Canada, from Yorkton, Sask., 27 reports received in all. No more room, so 73s.

Henry J. Wilkinson Jr. - 6620 Beeman Avenue - North Hollywood, California

Latest veries in from YVLT-830 "Radio Miranda" Caracas, Venezuela; "Radio Tic Tac"-555 Chinandega, Nicaragua & YVQJ-1080 "Radio Barcelona", Venezuela. The Venezuelan stations have done us DXers a fine service this year on rep'dies (veries) to our reports. See IDX for v/s & QRAs on above stations. I have just submitted an up-to-date country list by continent, to Ray Edte. If approved it should appear soon. All members interested in the Supremacy Ratings should use this list as their guid in compiling their records of veries. Would welcome additional members for this group. Please write and request method of compilation. Will be very anxious to see if "Radio Moscow" will verify my lengthy report on their Far East Service station on 656, like a local here on 2/17 AM. This DX season has been vountiful for many DXers. However, it is always necessary to supply info from all locations to the centers of our medium (DXp.NEWS)

March 7, 1964

D X N E W S

8

(Hank Wilkinson) in order that all DXers benefit from the experiences of each other. A DXer who has no one to tell of his accomplishments is indeed a lonely man.

John Daller - 19997 Ward - Detroit 35, Michigan

Hi guys, and a special nello to DJ DXer good guy Paul Cannon who is a potential NRCer. Join a great Club, Paul! Randall J., I'll write soon if you will. My grand national plan for you SCers may take shape soon. More later. Spring break from Michigan State should be filled with lots of reports to the numerous new (and used, hi) stations heard since December, as I never knew about those v/qs and v/l's which add so much more enjoyment to DXing. In saying I wished I knew about v/qs and the NRC when I first started DXing, I know I echo the feelings of so many NRCers. Echo, echo, hi. The v/s really helps us out, too. Ken B. wants to know what "great" RX I use - what do you think, after Saturday night and SM DX? 2/29 - WCTT-680 Ky. 5pm; 1360, Tampa? 6:25 plus s/off w/ Portals or Prayer - who? WCCN-1370 Wis. 6:28 s/off, WGRY-1370 Ind., 6:29 s/off, KGGF-690 Coffeyville, Kan. to "It's six o'clock CST" and out; KWOC-930 in ever-so-briefly w/Pr 10:57, WM N-920 in easy; WKYB-570 Ky. w/jingle contest for me to try for. 3/1 - WFBL-1390 N.Y. 12:46; 1370 or 1380 with a "Gov. Babcock" - what state; also with Mio City, Mont. or ?? More 1370 DX, KXOS-1370 2:00 s/off giving MST, where? (KXLF, Butte, maybe? -ERC) KDTH-1370 Iowa 2:00 s/off, SS-1380, 1420, KXEO? 2:23, umm (means unneeded for those who don't know), WCMB-1400 Pa., more help needed on this DX night. KMID-1360 Omak? s/off 3:00, where? Then my greatest catch of this year, KMO-1360 Tacoma, Was. 3-3:17 w/ads like XERF. Now I don't need Wash. any more. 1580-SS "cuento cinco" Nogales, Ariz., probably XEDM, KQV-1410 Pa. 3:28, CKFH-1430 Toronto to round out all seven Toronto stations. At 3:30 I called collect (40¢) to WSPD-1370 Toledo, to talk to young DJ who was talking about those up late DXing tonight. He's from Detroit suburb of Grosse Pointe. May have another member in the NRC. Four 1370 new and 14 new overall makes for a good DX night. Any help available on above questions is asked for and I'll try not to ask so many ?s in the future, OK? WJLB-1400 went silent for their bi-annual ETs the last couple MMs and I missed it. DJ buddy Paul Cannon heard a carrier on 580 testing and later had a listener call and ask the call letters of "that new station on 580 in Windsor, Ont." Do not have any other info except that I better hurry up and log CKEY-vacated 580, WILL, Urbana, Ill. 73.

Ralph M. Johanns - 11 East Chippewa Street - Buffalo, New York - 14203

The "headline" - 3/1 here noted nice DX CX but all umm; CKLG-730 AN (heard several times past week) and MM, SPU) @ 6:30, WPIT Pittsburgh loud RS topped WPIK? and a third On 620 @ 4:49 noted TT through CKCK good & WSUN AN till 5:06, saying KWFT, Wichita Falls, Tex.; WTTC-1550 (on table radio) @ 7:35 s/on. 2/29, noted WFRM RS @ 7:16am on 600 kc/s., and WAVY-1350 again ET/M @ 5:07 etc. An f/c by WLLY @ 5:28am. 2/28- 1500 had WNDY f/c-TT 4:46-5:00 etc. WPVA-1290 heard f/c-M 2:55am etc. WFAW & WCSS DXes reported. Received airletter (new) v/l, Barbados-795; they have two studios and FM near Lazeretto etc. CHIC-790 v/l, since 2/15 1,000/500 U-3 with NNE by N and most likely in 2 1/2 months, 24 hours. Now 6-lam, Sundays 7-midnight. WSIP-1490 a v/l, card; WTHH-1380 and remarked my 1360 kc/s. 1947 may have been first verie by the Port Huron station issued. WWSF-1400 OK v/l and WFRB-560 v/l, CM, last two, special TESTs. WIOK-1440 (Box 1440, Normal, Ill.), O. D. Kosy, CE says a Woody Su@brink station (WBBY -590 & WRMS-790 other two), R.R. #1, Bloomington, Ill., NW directional has a 5:30am-5:30pm CST sked, maybe fall or next year before night also. 73.

Ray H. Kraul - 6423 33 Street - Berwyn, Illinois - 60403

Well, DX couldn't possibly continue at the past of last week, so things were a bit slower this week. MM 2/24- Specials from WARO-540 heard nicely; WFAW, nothing until CBM had a lull in "Swan Lake" at 3:30 so I was able to copy WFAW's s/off at 3:32. Also heard but on two days early was DX from WBNB-1000, in very well. Sure hope they verie this year. Last new logging on MM was call change, WJBY-930 s/on at 5am. Then on Thursday r/c of WLCB-1530 from 2:40-2:55. Many veries received: KBUR WCSJ WROS WFOL KRHD KINE WTOT WBCI WNOG WFIG KBRS WTOL WLYB.

Ernest J. Wesolowski - 1416 Pasadena Avenue - Omaha, Nebraska - 68107

Many thanks for all who have reported to the latest Contest deadline. Veries are beginning to roll in now after a long delay for some. Here are the latest: HJED-820, Cali, Colombia, via Dave Gleason, NRC member. Thanks a million, Dave! WTMJ-OSL KPET KDSN WCSJ KUPD WYLD (after a two year delay) KVLG, who changed call 5 1/2 hours after I heard their r/c. New call is now KMYO-1050 in Little Rock. CBN KGGF WTHH-dx CKXL WTCN WFIW KRSY WFRBdx CFCO. All three DXes heard on MM 2/24 from WBNB, who I (P. 9)

(Ernie Wesolowski) begged to please verify this year, hi; WFAW-dx WARO-dx and also XEQR-1030 from Mexico City. Ernie, do you know if TGJ-880 verifies? 73s. (They did with a picture postcard, three years ago, Ern -ERC)

Leo Fox - c/o United Keno Hill Mines - Calumet - Elsa, P.O., Yukon Territory

More. BBC-881 Home Service 1/27 at 2am; BBC-908 Brookmans Park same time. 2/3- 3LO-770 Melbourne, Australia, 6:00; 4QS-750 Toowoomba 6:06; 2BL-740 6:30. 2/4- BBC-1151 2:00. 2/5- CHNS-960 3:05. 2/11- BBC-1088 2:05. I bought a National NC-188 in top condition, with earphones, speaker, full set of spare tubes, for \$125. No veries here yet. The only recreation here consists of guzzling in the Mayo and Keno bars. Quaint places, moosehides, etc. on walls, dogs pushing old wet noses into your hand. Gonna "curl" heh heh, in Inuvik. Lots of single girls, heh heh heh. (Need any help, Leo?-ERC)

Ken Murphy - 60 Plymouth Road - Glenbrook, Connecticut

Local newspaper story shows WBZY-990 "going dark" on 1/23. They were a daytimer here but now on 990 it's WLKW & WIBG. Received a long friendly letter from Ben DeKinder at KWCO-1560. He told of his varied activities since verifying for me back in 1953 when I was in Nebraska. Glad to get a verie from CJQC-1340. They are 24 hours and didn't verify a report sent back in 1960. My fourth new Missourian this season, KWRE-730 sent a QSL card for a test - no signature, though. Last Monday with both WAVZ and WERE-1300 silent, I got a report out to WTIL, another AN. Hope they verify as they are not heard often, in fact, this was my first logging of them. WCYB-690 logged for first time at SSS when CBF was barely heard. WAPE gave them a bad time though. Finally decided the 1320 SS station shouting "Ah Ee" was sufficient basis so entered XEAI in my heard log. KCKW finally logged on r/c on 1480 and ditto with WIVK on 860. WSBP-1580 r/c heard and verified very promptly. Verie from VOA for Munich, Germany but they didn't specify frequency of 1196 nor did they mention this XR going off the air. Glad to get it though as it added another country verified for me. Many Germans have been heard but not reported due to inability to get reportable logging material. I am sending second report to WKNY-1490 as I want them before Greenwich, Conn. takes over the frequency and I may never hear them again. Does anyone have a read recent v/s for them? DX season is getting late so make the most of the remaining few weeks! 73s.

Allen L. Nissen - 265 Beverly Hills Road - Fort Lee, New Jersey - 07024

Hi again. As most of the NRC members, Ernie, Pop, and Ray - I'm with you 100% - KEEP UP THE GREAT WORK! Enough of that - two quick notes. (1) - Local WRKL-910, New City, N.Y. is not on the air, and won't be for some time. The new Jones Log has them listed as being on the air. (2) Local WKER-1500, Pompton Lakes, N.J. will be on the air around 8/1. They just got permission to build XR and towers. That's it for now - hope to have some DX to report soon. Let's keep the NRC the best DX Club in the world! It will never die as long as we have the intelligent adult leadership that we have today. Nice meeting all the NRCers at John Sampson's place on 2/15. Ron Schiller, it took me only 3 1/2 hours getting home in that snowstorm, hi! 73 for now.

Ernest R. Cooper - 438 East 21 Street - Brooklyn, New York - 11226

Veries in from WGOH-1370 and WCSJ-1550, both received last Wednesday, and none since. Has anybody managed to verie WKYE-1550? Not too much DX this week, but some. 2/26- The 840 AN is definitely PRH9, Sao Paulo - heard the city mentioned several times, and there is an occasional showing of an SS u/PRH9, as well. 2/29- Amazed myself by hearing an SS on 575 with broad WMCA on, but during the Barry Gray Show, 12:39am. I believe this is in Costa Rica, no ID heard. A Tter heard on 1550 u/CBE-AN but all I managed to get was that it was a K, I thought I heard KEDD, but not sure, 1:08-1:21 s/off. Then added my first new Feb. 29th catch in "at least four years," hi, in WABD-1370, f/c-TT 1:44-1:57 behind WSPD-AN. 3/2- As was the WABD tip, another NRC DX NEWS tip brought me the r/c-TT of WLSE-1400, Wallace, N.C., logged 1:09-1:15 s/off. Voice, oddly, was much stronger than the tone, and held its own with the nearby ANs. WLSE used 1,000w. on the f/c. AN SS on 730 went unIDed, but slogan "La Voz Tropical" heard, and often "Venti-quatro" (24) heard often, could be end of calls. Only countries with numbers at end of calls would be Chile, Uruguay, Bolivia, or Panama. This one will get more attention from me to see if I can ID it on my own hook for a change, hi - good signal through an OC which I hear is that of the Cuban Red, CMGA. Accordion mx & SS announcements on 830 kc/s. @ 1:47-1:56, who? Oh Joe Fela's phoned tip, I logged KDEM-r/c-TT/M-CW 3:00-3:16 & on, o/u Cuban Minute Man. First Montanan in years here; only 15 logged in 32 years of DXing! Thanks, Joe! 3/3- Unn Barbados-795 way over S-9 at 7 pm tonight. So long from the NRC's Recruiting Representative for South-East Brooklyn.

## INTERNATIONAL DX DIGEST

Edited by Peter V. Taylor, c/o KFOG, 420 Taylor St., San Francisco, Calif. 94102

I guess alot of you are just sitting back waiting for veries! Hope they come in and that you'll apprise us of all of them. Meanwhile:

- 555 YNS Chinandega, NICARAGUA "Radio Tic Tac" verie in, air mail, for 2/10 report. My report in EE. Affiliated with "Radio Cosiguina" on 1475 (HJW)
- 575 TIJC San Jose, COSTA RICA heard with excellent signals after 0000, US pops (HR)
- 593 .... Frankfurt, WEST GERMANY heard first time this season 2250 2/25, although not very strong (BD)
- 615 YNM Managua, NICARAGUA sent very friendly letter in SS and pennant for 1/1 report. Heard well here practically any eve til 2200 s/off (HR)
- 625 TIRICA San Jose, COSTA RICA fair signals 2240 1/29, pops, mostly slow ballads(HR)
- 665 CSA2 Lisbon, PORTUGAL sent v/q specifying 451 meters for 12/17 report, also returned stamp I enclosed to cover return postage (HR)
- 718 TGNA Guatemala City, GUATEMALA was my off-frequency mystery with SS & EE programs in 2/22 IDXD, 2/12 report. Verie card received signed by Ed Yoder, CE. TGNA still call for BCB & SW. QRA Box 601 (BD)
- 755 CSA3 Lison, PORTUGAL verie in from Emissora Nacional Lisbon 3/26/63 report(RBS)
- 764 .... Sottens, SWITZERLAND sent nice v/q for 12/16 report. Heard quite wften after 0100 with fairly good signals, and quite regularly but rather poorly at SSS(HR)
- 780 PRL6 Recife, BRAZIL in again MM 2/24 0233 and later. Peter Bengston says they don't verify for Swedish DXers (BD)
- 860 PRA3 Rio de Janeiro, BRAZIL atop frequency 2125 2/24 (BD)
- 880 ZYU33 Porto Alegre, BRAZIL "Radio Itai" (suburb of Puerto Alegre) all alone on channel MM 2/24, good 0235 to after 0400. Some clear IDs and only occasional QRM from BBC-881 (BD)
- 980 PRB8 Rio de Janeiro, BRAZIL atop 0310 2/24 (BD)
- 1000 WBNB Charlotte Amalie, VIRGIN ISLANDS very strong and clear MM 2/24 with their DX 0300-0400 with PRB9 QRM (BD)
- 1080 YVQJ Barcelona, VENEZ. Radio Barcelona verie in for my report 2/17. 10 days round trip, my report was in EE (HJW)
- 1124 EAJ15 Barcelona, SPAIN Radio Espana logged 1900-1930 2/26, clearly separable from the 1125 LA, "R.Popular" I think. New Spaniard for me (BD)
- 1205 .... Bordeaux, FRANCE sent verie letter for 1/1 report. Really packs a wallop here at SSS and after 0000 whenever TA reception is good in general, and sometimes when it is not (HR)
- 1475 .... Vienna, AUSTRIA sent v/q for 12/15 reception when heard 0015-0100. Used SW QSL but crossed out reference to SW and filled in call as "Wien I" and specified freq as 1475 (HR)
- 1502 .... Krakow, POLAND sent v/q for 12/9 report and heard 0112-0146 and also several times since then with good signals. Specifies Krakow- 1502. Also picture postcard and letter in EE, program schedule. Other propaganda in form of Polish magazine to follow (HR)
- 1560 UNID...BRAZILIAN...s/on heard 0230 MM 2/24(BD)(Possibly ZYK7 Igarapava Ben, see Jan-Feb IDXD's-pt)
- 1578 .... Frederikstad, NORWAY. Believe this was the one heard here 1/27 0203-0248 with musical program. Letter of inquiry, reporting details heard, sent(HR)
- 1586 .... Oldenburg, W.GERMANY heard 1/25 1700-1800 and also since after 0100 with much better signal at this hour (HR)

REPORTERS (HJW)Henry J.Wilkinson Jr., N.Hollywood, Calif.; (RBS)Ralph B.Sperry, Southport, Conn., (BD)Ben Dangerfield, 202 Governors Drive, Sproul Estates, Chester, Pa. 19013; (HR)Hal Robie, Medfield, Mass. 02052.

COMMENTS. ROY MILLAR reports some good TA signs at his location and believes we'll have really outstanding conditions between now and April 15th. Hope so Roy and that we'll read about them here. HAL ROBIE says that TA's generally not good at his location since early February. HANK WILKINSON has a new country list in the mill and we'll publish it here as soon as it's completed. Conditions here in S.F. were not necessarily up to par with a warm spell we had last week. Normal foggy weather has returned and so have what appear to be fairly good conditions. No TA's at this den though! This it seem would be the time to get Brazilians so good luck. 73s.

O.K. Fellows thats it for this ti me. Best DX and keep them Com-  
 ing in. I cannot have a stencil without TIPS. Thanks. Ev.:

A phone call from our Supt of Mails asking if its possible for our  
 members to let your Exec Sec know when the delayed copies of their DX  
 News did arrive. I will then turn them over to the Supt of Mails. Tnx  
 I really meant to say, I will then turn that info over to him. Sorry.

\*\*\*  
 If your name is followed by the word NONE or "0", you must report to me by the next deadline, your current standings, or you will receive a 10% penalty in the totals. Next deadline is APRIL 25, 1964. It is not necessary to repeat stations already listed before. Send all contest entries to ERNEST J. WESOLOWSKI, 1416 PASADENA AVE., OMAHA 7, NEBRASKA, 68107.

3 stations not DX Specials; WLCB-1530; KRSI-950; KJWC-1320; The reason there is, there was not sufficient time to place in the bulletin beforehand!

A few clues for the two mystery stations; both are on graveyard frequencies. The letters V-I are important. The prize is 100 REPORT FORMS if you get one of these verified and reported to me by the end of the Contest. \* \* \* \* \*

DX NEWS BEING DELAYED

From the many cards and letters received there is no doubt that DX News is meeting with some serious delays. It seems to have began with the Feb 1st issue. However a confarence with our Supt of Mails in Buffalo has led to a full investigation by the P.O. Dept. As soon as anything is made known as to why these delays it will be published in DX News. To All; Every issue of DX News has been mailed on schedule, and it will continued to be mailed on schedule.

Please note that Sardinia has been added. I believe that this has been an oversight for a long-long time. If anyone feels that this is incorrect please advise with at least one good reason. Also, a close scrutiny is being given the U.S.S.R. "states" which are actually separate countries within the U.S.S.R.

It is my firm belief that many Pacific Islands will have B.C.B. stations in the near future. As B.C.B. stations go on the air you will be advised of New Countries that can be added. Many WW II stations on Pacific Islands is now history. Please do not hesitate to bring any errors to my attention.
