ROGER ANDERSON	WILLIAM R. BARTELS	ROGER WINSOR	KENNETH F. MURPHY
JAMES SMEDLEY	JOHN DALLER	VINCENT CAVASENO	DANIEL MILLER (rejoins)
JACK L. KEENE, 4902 Eppes St., Houston, Texas 77021 (rejoins)			

## SPECIALS

		kc/s		Watts	A.M..E.S
Mon. Nov. 8	K D K O	1510	Littleton, Colorado	1,000 U-2	
Thu. Nov. 11	W N X T	1260	Portsmouth, Ohio	5,000 / 1,000 U-4	2:00 - 2:15 FC-NRC
Sun. Nov. 21	W T M B	1460	Tomah, Wisconsin	1,000 D-1	3:00 - 3:30 TEST
Mon. Nov. 22	K M E R	950	Kemmerer, Wyoming	1,000 D-1	3:00 - 3:30 TEST
	K P L S	1150	Santa Rosa, California	5,000/500U-4	3:01 - 3:30 NRC
	W F B A	1460	San Sebastian, Puerto Rico	500 U-1	4:00 - 4:30 NRC
	C K B B	950	Barrie, Ontario	2,500 U-4	4:00 - 4:30 NRC
	C K C B	1400	Collingwood, Ontario	250 U-1	4:00 - 4:30 NRC
Mon. Nov. 29	K H U B	1340	Fremont, Nebraska	500/250 U-1	3:00 - 4:00 NRC
Mon. Dec. 20	K Y M E	740	Boise, Idaho	500 D-1	3:30 - 4:00 TEST
Mon. Dec. 27	W I G S	1230	Gouverneur, New York	250 U-1	3:00 - 3:30 NRC

NOTE TO OTHER CLUBS: YOU MAY RE-PRINT THE ABOVE, SO LONG AS CREDIT IS GIVEN TO NRC. WE'D ALSO LIKE TO RECEIVE YOUR SPECIALS INFO - SO FAR, NOTHING HAS BEEN RECEIVED HERE FROM ANY OTHER CLUB.

W N X T - 1260 - PORTSMOUTH, OHIO, will dedicate their regular monthly frequency check this month to the NRC. It is on the morning of the second Thursday, or November 11, 2:00-2:15am, EST. Send your reports to Chief Engineer, Howard E. Potts. The channel will have several all-night programs on there too, but we trust WNXT's tone & announcements will make it through to you. M.TILBROOK

UP-COMING DX CONFABS: WEEKEND OF NOV. 26-28 in KANSAS CITY AREA. DETAILS NEXT WEEK. 11/27, SAT. AFTERNOON, 12-6, ERNIE COOPER'S ANNUAL 'CLAMBAKE' 535 E. 21st St. 4.

\*\* DAVE SNYDER rejoins after many years absence! Used to be an engineer with KQV, WISR and numerous other stations. Glad you are still interested in DX, old friend!

November 6, 1965

DX NEWS  
MUSINGS

Ken Butterfield - Plymouth, Michigan

TA DX here again as I added seven new countries on 10/18. DX is as follows: 10/11-KOYN-910, Mont. 2:45am, r/c. WSAR-1480, 4am s/on. WTRA-1480, 4:02am s/on. WINR-680, 4:30a s/on. 10/15- WKBC-810, 12:50am, test. KGHM-1470, 1:05am r/c. 10/17- WBBB-1360 4am s/on. RAI (country #38)-845, 11:45pm. 10/18- RTF-836 12:01am. RTF-1376 12:05 w/ peak of 20 o/9. SBC-764 (country #39) 12:14am, w/much mx box chimes. Radio Andorra-998 (country #40) 12:25am. Radio Holland-746 (country #41) 12:55 on. RTF-863 1:05am. BBC-1295 1:16am. Tillinn-I-1034 (country #42) 1:30. RCE-782 (country #43) 1:38am, Wein-I-1475 (country #44) 1:40. KXLR-1150 2:03am f/c. WJOB-1230 2:07 while looking for WNIA. KWYO-1410 2:11am r/c. No sign of the WMKT-1370 DX. Heard an OC for 35 minutes, but figured heck w/ 'em if they didn't ID by then. Veries: v/q- KYW WTRA WBEX WKBC CBLG & finally CJMD. v/1- WBNO WPAR WZKY KGHM. Totals 910/843, & countries at 44/29. I still owe \$50 on the citizens band sets. I'll be clear of debt 10/25, then? I have joined the CPC & am now starting to write stations, so far KIXL has said 'no.' Well, 73 & C U in 7.

Gene Woo - 3135 Cherry - Toledo, Ohio - 43608

Hi DXers. Does anyone know what is the FF u/KYW-1060 & what is the FF on 850 during SSS? Also, does WNYC-830 have cl nx @ 6pm? Any help, please. (WNYC has Masterwork Hour, 7-8:30pm their time, so 6pm during EDT period -ERC) New stations: WDAF-610 Mo. @ 11:18pm & WIP-610 Pa. @ 11:30pm on 10/9. WJPS-1330 Ind. @ 6:10pm & WMAK-1300 Tenn. @ 6:43pm on 10/13. YND-675 Nicaragua @ 12:15am on 10/16. WIND-560 Ill. 5:17am & KSTP-1500 Minn. @ 5:05am on 10/17. WKLO-1080 Ky. @ 5:47pm & WDG-1130 Minn. @ 5:55pm, and WTIK-690 La. w/rr @ 8:15pm on 10/20. WIIN-970 Ga. just before s/off @ 6pm & YSS-653 El Salvador @ 11:59pm on 10/22. WBAW-1330 Ill. @ 8:45pm on 10/24. WKAZ-950 W.Va. at 5:36pm & KBOA-830 Mo. 5:50pm on 10/27. In Oct. 23 DX NEWS there was a misprint in my Musing. It should be WATH-970, not WATY. Does anyone know what is WTOP's nighttime power? I don't think it could be 50kw. (Yes it is, Gene, but directional/protecting KSTP-ERC) Veries: v/q from KSTP CBJ-1580 after three months, WMAK-1300 WDAF-610 WYDE-850, KYW-1060. Best of DX & 73s.

Bob Zwier - 385 West 20 Street - Holland, Michigan - 49423

Hi fellow NRCers from the Tulip City of Holland. I was surprised to hear of the death of Ray Edge. I did not know him personally but what I did know was all good. Now, down to DX. 10/20- CHUM-1050 @ 7:15pm. 10/25- WCOP-1150 @ 2am; WTAR-790 @ 2:30, XERF-1570 @ 3am, WTIK-690 @ 3:15am. 10/26- CHOK-1070 @ 8pm; WRBC-1300 @ 8:15pm. Verie received is KGBS if I didn't put this one in last Musing. This is also my first station from California. I think it would be wise to have an article in DX NEWS about what details should be included in reports to stations. It might be of help to some of the newer DXers in sending out reports. I have sent in to Popular Electronics for my 20 state award, but it sure does take long enough. When is the f/c list going to come out? Or for that matter, when is the Condition of Frequencies list going to come out? My own totals are climbing but very slowly. They are 186-97. They should grow this winter w/ the new RX & a netter antenna. Well, enough rambling for this time. See you all next time & until then, 73 & good DX.

Tim Davisson - 2885 Sanitorium Road - Akron, Ohio - 44312

I've been absent for three or four months w/ not too much DXing done. Some nice ones have been added & my totals now reach 1023 heard, 193 verified, w/about 80% reply. More important new ones logged since 7/1 are: WSKT-1580 S. Knoxville, Tenn. f/c @ 12:2 am. They asked for reports; no reply. KSMM-1530 (from KISM) Shakopee, Minn. f/c 1:25 on 8/23. They verified nicely. WVNA-1590 Tusculumbia, Ala. 12:07am on 9/6 booming over local WAKR, whose XR is three miles W of here. Lucky, as WAKR beams severely N! WVNA verified w/much stuff, but no CM, v/1. WZKY-1580 Albemarle, N.C. veried w/ letter & CM for 12:40 test on 9/6. On 10/12 I logged my 18th MW country on 885, Radio Barbados. At 6:05pm they split 790 & WBBB nicely. Report plus IRCs out. Finally just feeling around one morn before school & pulled in WPIK-730 Alexandria, Va. @ 6:15am on 10/20. Veries: WZKY WBCM WPAQ (sent huge CM) WXYZ WVNA, all v/1 or v/f. DX this date, 10/25, so far is WPGC-1580 D.C./Md. for report, 4:30pm EST & WBAW-1330 Evanston/Chicago for report also. Sorry to say I've missed ALL TESTS so far, I hope to get up 11/1, my birthday, & get a nice present! Will get \$5 of 5¢ stamps for a gift. I suggest a PP card for semi-local WTTG-990 Massillon, O. Finally, I never knew Ray Edge, but heard he was very fine; sincerely he will be missed. 73s.

David Gnauck - 444 Old Hook Road - Westwood, New Jersey - 07675

I was truly sorry to hear of Ray Edge's accident through a phone call from P. Crocker on 10/16 (thanks again for the call) & to read of his passing in DX NEWS. We have indeed lost one of our greatest members. Since my last Musing I've finally started to do some serious DXing this season, however most of it is still on tape. Veries as a result have been slow w/only WRCP WTHM WAJR CKPM KYQ WEXT KSYL back in some time. Contest points at the end of October are only 10/8! but I've started a rapid campaign for making up lost time. 9/27-MM brought WKBO-1230 Pa. (100% readable) on r/c (unlisted) 12:15-12:30; WTON-1240 Va. was also noted on their r/c 12:49-12:58 w/TT (100%); KSYL-970 La. was picked up on their r/c 1:07-1:22; 30/w/TT (90%) r/c per verie & along with them an OC ET from WJMX, S.C. (100%). A log was also taken on WOOK-1340, D.C. (90%) w/rr 2:09-2:28 ANing. 10/1 brought WEXT-1550 Conn. (50%) w/c/w on RS 3:42-3:58pm. KOEL-950 DX was not tried for as they are unn. here, but I should have for the points. 10/18, MM, caught the lam s/off of WRBC-1300 Miss. u/WERE on RS. CKOY noted off again w/WIFE & WGH fighting it out. WDIC-1430 Va. (100%) made for an easy second try for a verie on their r/c 1:20-1:26:15 w/TT & frequency IDs. KXLF-1370 Mont. noted very strong again so took another try to replace a PP (70% readable). WHHL-1440 S.C. for third report, 2:11-2:17 on r/c-TT (100%). At 4am, WJMO-1490 s/on from Ohio & along w/ it a log was taken on WOLF-1490, N.Y. w/rr. Since then I've been very active w/about 18 reports in five days which will get listed next week. As seems almost universal, no succesx w/WNIA or WMKT, I agree w/those who want two page limit on DXDD for I find it a very useful column. Also I am against the 24-hour system used in DX NEWS because it would really be more impractical. 1- The majority of the members don't use it. 2- The stations don't use it. Rich Shaffer (?) Miami, I don't think WQAM has any silent period ever. Also I have received veries from WLCY (on repr t), WKBW & KXEL (both v/q). WZOK is a problem here too. Jeff Kadet, 720 SS u/WGN is Cuba. WOSC has an FM outlet on 104.7, ticking stations on 1200, etc., are again Cubans, as on 630 & 640. I must be up to 30, so C U in 7.

Charles R. Rader - 22 Robert Street - Hamburg, New York - 14075

I finally got around to another Musing, Wayne Heinen, hi. Some DX heard since my last effort, & this time I'll remember to include my name w/the report (Yeh, that's me on top of Page 11 of the 7/17/65 issue, hi). Times are all EST, of course. 9/24-WOND-1400 12:52am w/rr; WCMB-1460 has "East of Midnight" w/Len Barber host, heard 12:23-12:30, not a very original show title, hi. 10/1- WHVL-1600, 12:07-12:30 #on the air for test purposes, and asking for listeners to write" so I did, hi. WWRL didn't make it easy. 10/8- A morning for Virginia stations, w/three added here. WHBG-1360 o/WSAI, 12:03-12:15, on the air for f/c; WGOE-1590 at 12:34-12:44:30, w/ET & covering WAKR. Finally WIKI-1410, 1:34-1:44, also on ET. 10/7- I copied WKYC-1100 for their new call. (A prediction: WKYC to become WKYW. Reason: When Westinghouse/NBC switched stations a while back KYW took WKYC because it was the closest call available to their former one. Now the call WKYW is available (see two bulletins ago). Perhaps Cleveland-1100 will change call again? Better verify WKYC now, if you need them, before it is too late). 10/10- WTRY-980 w/"Joe Carr Show" & rr @ 1:05. 10/11- WOOD-1300 heard on r/c 1:07-1:15:30, code ID @ 1:10:30 & 1:15:30, voice ID. 10/18- WNIA-1230 s/off w/SSB 11:30pm, back on @ 1:03-1:30 w/an NRC DX Special (They were on at 2 EDT, not EST) WKSK-1600, had TT on 12:36:30-12:44:30 w/interference from WWRL. Also TTs on 1420 1450 & 1480, probably WHOM). 10/19, needed WOMP-1290 at 5:02pm w/"Jim Roberts Show" getting clobbered by WFBG. Also, took log on CHFI, who is supposed to change call to CHIN on or around 11/1. A few veries in recently: v/f- CJRN. v/c- WHBC, & v/l- CHFI WMMJ WKYC (each w/Cm). CHFI was on second report. First, 8/8/62, was for their first day on RS, so maybe they didn't know how to verify back then, hi). They have a very attractive letterhead. Till next report, good DX & 73s.

John Johnson - 318 Washington Street - Hoboken, New Jersey

I know a lot of you would like to know about receivers/ members use, so will mention mine. I use two, both Hammarlunds; a Super-Pro and an HQ-120-X. The latter I find excellent when used with my loop & although it is about 28 years old, it can still pull them in. DX is starting to pick up as signals are quite strong, & noted quite a few of split# frequencies coming in. On 730 kc/s., in the later afternoon, WPIT in Pittsburgh quite clear. So much for now. Good dx to everyone. 73.

DON'T FORGET ON SATURDAY PM, 11/27, NOON to 6:00p.m., THE ANNUAL GET-TOGETHER OF NRC-ERS, AT 635 East 21 Street, Brooklyn, NY., H. Buckner's home, Apt. 4. COMING?

November 6, 1965

"D X N E W S"

4

Randy Seaver - 2110 39 Street - San Diego, California - 92104

I plead guilty to Roy Millar's remarks of 10/23 issue, but the assumptions were justified in each case he quoted, I believe. The point is valid, in any case. Two NHK-I stations are fairly simple to find on an MM. NHK-II is a lot easier to find a parallel to. The Peking-1000 in question had a woman announcer who has, to say the least, a distinctive voice. Roy, it is possible your 840 Chinese may be a weaker outlet than the Kiangsi outlet, which has been IDed on 843 by some Chinese friends of Gray's. It is odd to note that the Chinese time is given as "Peking Time" & that most of the country is on this one time. On 890, I have a mystery here, two ISes @ 8am, one very high, the Jap, typical NHK. The other had four pips before the NHK started, a fifth is audible through the NHK IS, & any others unknown. If Chinese, the sixth pip will be higher, & hence harder to hear. What does South Korea's IS sound like, Roy, if you know? Needless to say, this season has probably been the best TP season in a long time. At the present time, I have mystery TPs on 575 620 730 (pips go 'lo-hi-ho-16-ZZZZ (that's static), 795 799 890 (mentioned above), still outstanding. There are other mysteries on such odd frequencies as 695 705 738 820 955 (Burma?) 1008 1123 & 1125. Any help? WCers? Oh yes, Roy, you might try 843 at 6am for IS. No TAs have been heard w/ audio yet, due mostly to TVI in the evenings (SMS & MMs until 3:30), but plans are being laid for a two week sojourn o/Christmas in a next-door apartment, sans TVI, & w/a loop, hopefully. That's about it, 73. Oh yes, Ernie, did you know "oy vay" in Vietnamese is "troi oi"? Pronounced "choy oy". Just thought you'd like to know, in case you ever (or I ever) make it to that immediate vicinity.

Gray Scrimgeour - 1105 Virginia Way - La Jolla, California - 92037

Greetings. Noted on 10/25 that KFQD has at last moved to 750 kc/s.; it was swamped by JOIB! What is the call for Sumner, Wash. on 1560? Sounded like KGSI when heard on ET 10/3 at 3:30am. KSWs-1020 ET of 9/16 was reported then, but still no verie or answer to query about RS. TAs from Europe were heard here for the first time from 10/15 thru 10/22. None since. BBC-1214 was in every night during that period. CSB2-1034 was logged for several hours on 10/22. The ID given on the 843kc/s. Chinese station on 10/17 @ 6am, when translated from the Mandarin, reads, after four low-pitched tones, "The last tone you heard was 1900 hours sharp, Peking Time. Chiang-shi (Kiangsi) People's Broadcasting Station." I believe this is the station heard last year w/strong signal on 840 kc/s. Nothing but JOQK heard from the Orient on 840 kc/s. this year here, but I haven't tried after WHAS' fade. Hot WX on 10/25, but I did get JOCK-730 & 2QN-1520. It's a great DX year here on the WC. 73.

Roy H. Millar - Box 6 - Marysville, Washington - 98270

Not exactly in mood for Musing w/10/23/65 issue of DX NEWS at hand, but don't want to be negligent, so - 10/24. WAYS-610 Charlotte, N.C. ID 5am, just momentarily topping AN WIP. 10/25- WWYN-1260 Erie, Pa. s/on 4:30am nicely atop channel. 10/28- WBEV-1430 Beaver Dam, Wis. s/on 5:28am., just barely readable in QRM. Veries: Murmansk-656, Khabarovsk-1250 (both from Moscow, & as result of f/ups on reception of last Winter). I wonder, if in view of fact not too much Domestic DX to report on if it would be of interest to any to do a little bit of "frequency analysis" concerning my own DXing thereon, along following lines (to spread around a bit I'll report by 100 kc/s. increments, 540, 640, 740, etc. 540 shows six verified (CBK XEWA KFMB KBRV KVIP 4QL) plus HJKA logged. Currently I tape this frequency on Thursday mornings, CBK being off. 640 (and appertmant 'solits') show seven verified (CMHQ KFI WOI TGW WNAD 4YX BBC-647 plus HOK, Radio Peking, Guadeloupe, CMQ JOPC & Radio Peking-645 logged. This is a MM only channel @ KFI, & even on MM rough w/CMQ thereon, as well as frequent testing by KFI. 740 & splits show 14 verified (KCBS KTRH KBIG KLER CBL CBXA KGU (yes, oh 740!) WNOP KVFC KWBY CFRA (really odd; listed 560 kc/s., never explained why on 740) CBRN CBX, Hilversum-746) plus KYME logged. Never DX this channel at present as don't think any period clear of KCBS and/or CBX. 840 & splits show eight verified (four continents plus a fifth on split) in WHAS HJKC XEBA Radio Peking 4RK HJBI PRH9 Roma-II plus CMAN JOPG JOQK WTUF TG-- logged as well as an unID on 843 (oriental). A nice clear channel to DX on after TG-- s/off until WHAS s/on. Tough for this trip. 73.

Larry Godwin - Box 1048 - Berkeley, California - 94701

Our hobby, not just the Club, has lost one of its great leaders. Not only did he publish the bulletin for so many years, but he was an ambassador of DXing to the radio industry & all radio enthusiasts who came in contact with him. He was beloved by all who knew him & his memory will not be forgotten as long as our hobby exists.

John Marx - 212 Center Avenue - Greensburg, Pennsylvania - 15601

I was very sorry to hear about the tragic death of Ray & Kate Edge. I never met them, & only had one brief correspondence w/mr. Edge about joining the NRC. Yet I'm sure I felt as close to him as anyone in the Club. He did so much for the NRC & the DX hobby. I'm sure he will never be forgotten. I had a very nice visit from Norman Shor on 10/24. All members are welcome to drop in any time. DX is improving all the time with colder WX. As I write this, it's snowing outside. WHRY-1600 Pa. logged 6:15 s/off on 10/15. 10/16- WFIL-560 Pa. at 11:39am u/WFRB. WIOO-1000 Pa. @ 11:53. 10/26- WGOH-1370 Ky. @ 6pm s/off. WCER-1390 Mich. 6pm s/off on 10/27. 10/28- WERN-1440 Herndon, Va. @ 5:30am. Reports out to WHRY WFIL WIOO WGOH & WCER. Veries in from WKYR WITH WGNV. 73s.

Norman R. Shor - 885 Lovingsston Drive - Pittsburgh, Pennsylvania - 15218

Hi gang! This is my first contribution to the DX NEWS & I thought I should start out w/a brief introduction of yours truly. I am 17 years old & I am a senior at Mt. Lebanon High School. I've been DXing for a little o/two years & I have heard over 1,250 stations on BCB w/125 verified. Hey, I think I better start sending out some more reports! My RX is a fabulous Emerson table model radio, vintage 1960. State total, 44/39, provinces 8/4. Due to the efforts of Steve Weinstein & Mike Tilbrook(!) I became a member of this great Club. I am also a member of the IRCA. Enough exiting news a-self. Now to DX. 9/1- WBEX-1490 s/off 1:27am, WENY-1230 1:32am. 9/2- CKDM-730 2:07 am. 9/3- WGOE-1590 ET 12:21am, KFVS-960 r/c 1:01am. Station on 1340, WGNI or WCMI rr on the Ron Douglas Show, who? 9/4- WDOW-1440 r/c 1:52am. 9/5- WKAP-1320 s/on 4am EST, WHOK-1320 s/on 4am, WABR-1440 4:26, WRNL-910 s/on 5:05, WKSC-1300 5:15, WERH-970 5:28 am. 9/6- WHEE-1390 r/c 12:37am, WOLX or WAIM-1230 12:18, WLAQ-1410 1:39am noted AN. 9/16- WLTC-1370 6:31pm s/off. 9/21- WDSL-1520 6:26pm, WRPL-1540 6:28, WIFM-1540 s/off 6:30pm w/"America". 9/27- KOB-770 1:22am. 9/28- KFDF-1580 7:17pm, KKJO-1550 7:25, KLTR-1580 s/off 7:43, KPIK-1580 7:58, WWIL-1580 7:59pm. 10/3- WVNJ-620 2:15 noted AN. 10/4- CKSL-1410 s/off 11:07pm. 10/6- WEUP-1600 s/off 6:13pm. 10/8- WTJS-1390 12:33am WGAU-1340 s/off 1:02am. 10/11- KOEL-950 4:13am (Special), CKBC-1360 6:04pm. 10/13- WLIJ-1580 s/off 6:18pm. 10/17- CFOS-560 s/off 1:05am. 10/18- WMYR-1410 11:34pm, CJET-630 6:03pm, KCUL-1540 7:01pm. 10/19- WTIK-690 6:33pm. 10/22- WSLM-1220 s/off 6:16pm. 10/25, s/off on 1080 at 6:15pm EST, who? WCRA-1090 s/off 6:16, WNDB-1150 7pm. So much for DX. Latest veries: v/1- JBC-750 via RJR, WRAJ CKCY KFVS KKJO. v/q- WIOB KTTT WAKR CKRC KOB. On 10/24, I visited fellow NRCer John Marx of Greensburg, Pa. I had a great time there w/a great guy. Thanks John! Speaking of SCs (!) my total is 166. Plenty of traders. I guess that's about all from this den. The bears are getting restless! Until next time, 73 to all. (Welcome to the NRC, Norman - we hope you'll be in this section often! -ERC)

Jerry K. Conrad - 712 South Limestone - Lexington, Kentucky - 40508

I was terribly sorry to hear of Pop's untimely death. Though I have only been a member of the NRC for two years, I had learned to respect and appreciate greatly the untiring effort Ray Edge put into his beloved NRC. May the Souls of Ray & his loved ones Rest in Eternal Peace. This may well be the only Musing I will have time for until January when finally I will receive my degree. I am student teaching full time right now, six classes a day, & have very little time for anything rlse. U had an A average mid-term & am determined to keep it. Come January when things get settled down a bit I hope to return to DXing just a little. I owe many of you guys letters & I am terribly sorry that I haven't written. I'll make it some of these days. I also have some checks to mail out. I'll try to get to them next week. I have gotten a new QSL or two here, Radio Prague sent a card & a lot of propaganda for 638 kc/s. Also WBRI finally came through w/a nice letter. Well, I have themes to grade, so I'll shot up for a while. I'll keep watching DX NEWS. Keep up the good work, Dick, Ernie, John.

Stan Morss - Route 3 - Bradford, Massachusetts - 01832

10/18- TAs best of season this AM, but none new - Stavenger strong. CBC Maritime ID on 580 - CJFX AN, or CBAH Meteghan, u/CFRA. CBAU-1370, Larry's River, N.S. S-7 and CBNE weaker, no sign of WMKT. WAGM on RS 3:35am, Potato Harvest Time. CBC strong on 1490 w/AN show. KXLR-1150 North Little Rock Ark. TT 2:15am. Verie, WXHR. 10/25- WJVA-1580 TT 2:01. XEABC-760 Mexico City clear, 2:11-2:30am when Radio Reloj Nacional Cuba, signed on. WIBG also noted s/on @ 2:30. Radio Veronica-1562 at 3:15am. WE'RE WEEKLY NOW, SO LET'S HAVE THOSE MUSINGS REPORTS FOR THIS SECTION, AND ALSO, CONTRIBUTE TO THE OTHER SECTIONS OF "DX NEWS". MUSINGS DEADLINE IS EVERY TUESDAY.

Jeff Kadet - 8047 Overlook Drive - Bethesda, Maryland - 20034

10/26, #3. Hello again. Recent new DX: 10/17 - WPNC-1470 4:47pm, WAYB-1490 4:59, WRIS-1440 5:37, RAI-845 (country #28), TIFC-1075 DDR-1016 (country #29), DDR-1043, PJG2-855 was my unID in last issue (country #30). EAJ15-1124 6:05 (country #31), CJKL-560 11:04, WBCM-1440 11:24. MM 10/18 - WOKA-1310 f/c 12:05am, BBC-981 12:53 (country #32) BBC-908 12:59, WOOD-1300 r/c 1:05, WVIC-1430 r/c 1:23, WSIZ-1380 ET/M 1:31, no luck w/ WNIA but caught WXLI-1230 ET/M 2:28, WAMO-860 ET w/AXR @ 3:53, XEABC-760. 10/22 - CJBR-900 5:21pm, WAYN-900 5:31, WJCW-910 5:31, WFGW-1010 5:36, WMAZ-940 5:50. Something that sounded like "WBLB" on 960 @ 6pm, most likely from the South, who? HOJ2-1045 9:25pm (country #33), HCEW2-995 9:53 (country #34). 10/23 - WELI-960 5:10am. Does WRKL-910 s/off @ 5:15? (Yes, in October -ERC) WLET-1420 5:58pm. 10/24 - CFAC-960 4:15am, WAYS-610 4:59, WLLC-570 s/on 5:01, WAPO-1150 s/on 5:28, WGBS-710 o/WOR @ 5:30pm for a real surprise, WAPE-690 5:55pm, WLOR-730 s/off 5:59, RNE-584 6:16, Algeria-548 6:21 (country #35), finally some audio from CSB9-782 6:23. UnID LA on 1575 w/SS-rr @ 9:54pm, who? SS on 580 @ 10:03? WMT-600 10@10pm, SS on 910 @ 10:30pm, think a Mexican, who? WFLB-1490 11:32. MM 10/25 - WEZE-1260 f/c 12:46am. Who SSB on 1500 @ 1:02? SSB on 1150 @ 1:08? KXLF-1370 1:10 (state #38), KWLA-1530 f/c 1:13, KSTT-1170 r/c 1:20. Both CFOR/CKIM noted off. KXLR-1150 1:28, KGA-1510 1:31 (state #39), KLMS-1480 r/c 1:45, KENO-1460 s/off 1:58 (state #40). UnID SS on 1370 @ 2:13? KIMN-950 2:29 (state #41). WGNE-1480 ET/M 2:38, contrary to the "WTHR" listed in my White's. CKLW noted off @ 2:51. Who f/c-TT on 1390 & then gave a Wall Street Journal ad @ 2:57 (REALLY!) CHNS-960 3:05, CBH-860 3:11. Cuban "tick-tock" noted on 760 @ 3:13. Who was the strong SS on 850 @ 3:20? Cuban on 670 // to CMQ-640 et al @ 3:21. 10/26 - WGOG-1000 s/off 6pm. Totals now, after 61 days, 755 stations, nine provinces (nred P.E.I.) 73.

Robert R. Covington Jr. - 5518 Council Street - Baltimore, Maryland - 21227

#2. I too would like to express my grief for Pop & his respective family wherever they may be. But the show must go on & here are some of my findings. Attention! HE-30, 230 Club; I have installed the Lafayette 10.95 "Sloppover Stopper" & I also rigged up w/my BCB Booster the same TRF variable condenser that is in my Booster. I have found that hooking up a ground wire w/this condenser (365 uuf) & a wire from each of the stationary plates to the input terminals of my booster. By doing this, I have discovered at midday instead of just hearing WBZ while local on 1010, now I can hear KDKA while local's on 1010. However, there still is some sloppover until 4pm. This arrangement, along w/the filter, has enabled me to log BBC-647, my latest catch, with less sloppover from WSM-650. By the way, KDKA is 30 over at around 4pm, how diggity dog! 73s.

Ronnie Verner - 2260 Briarcliff Road N.E. - Atlanta, Georgia - 30329

I was deeply shocked to read of the passing of fellow NRCer Ray Edge. Although I never had the pleasure of knowing Ray, I am just as moved as anyone. May God Rest his Soul. Not too much DX due to school & exams, but a few new ones were logged: WOOD WPDQ WIEW WABR WDMG HJNX CJIC & CKWS. Not too many new veries in. Here are the latest: v/l- WABR WCLS. v/q- WHAS WPDQ WOOD. I plan to build a Heathkit Q multiplier soon, as my RX's Q multiplier is not doing too good a job. I would be pleased to hear from anyone who has built it to let me know how well it works. I was recently elected President of my High School's radio club. We've got a lot of equipment, but none of it works, hi. I hope to get my novice license soon. How soon will depend upon how good the CX on BCB are in the next few weeks. My totals are 614 heard & 194 verified. I have heard 36 states & have 35 verified. I hope to up these totals this Winter. In case anyone is interested, NRCer George Winingder has moved to Munich. If you would like his address, just drop me a line. As they say in Covington, La., "WARB." "We Are Really Best." 73s, all.

Phillip Swingley - 316 North Jefferson - Muncie, Indiana - 47302

Hi gang! I thought it about time I Mused again. To the many I owe letters, I'll try to answer soon as possible. Recent DX here isn't too good but veries are pretty good. Latest veries: WQUA-1230 in Moline, Ill., WSMB-1350 in New Orleans, WMIK-560 in Middleboro, Ky., WMAK-1300 in Philadelphia, WPYB-1580 Benson, N.C., WFLI-1070 Lookout Mt., Tenn., WGAR-1220 Cleveland. DX: 10/8 - WGOE-1590 @ 12:02. 10/13 - WMAK-1300 @ 6:58pm. 10/14 - WMIK-560 @ 1:30-1:45 f/c. Also on 10/14 my second one from North Dakota, KFYZ-550 in Bismarck @ 3:20-3:35am. 10/19 - KBRX-1350 @ 1:25. 10/19 - WDSM-710 in Superior, Wis. 6:05am. That about does it for this time, but I would like to agree w/Bill B. that the 24 hour cack can get very confusing. Good DX & 73.

Tom Birch - 17 Ritchie Road - Binghamton, New York

Hello everyone! Here is my first report to the "Musings of the Members" section. Before I get into the report I will introduce myself. I am 13 years old & I use a Starlite A-120 (equivalent to an S-120) & a 4' loop. I have DXed the BCB only about a year (and I'm kinda slow on the verifications) & the totals are: 437 stations logged, 33 verified, states, 30/20. DX: 10/1- WTAR-790 6:11pm; CKAC-730 6:14pm; CMBN-1370 6:35pm, WPOW-1330 6:30pm. 10/2- WPEN-950 12:05am. 10/3- WPTF-680 o/local WINR 12:07 am. 10/5- WPOP-1410 6:20pm; CKCY-920 7:15pm (verified). 10/7- WLSH-1410 4pm; WEST-1400 4:15pm; WSCR-1320 4:24pm; WMLP-1380 (w/great signal) 4:30, WDOV-1410 5:15pm (#2 for Delaware); WRAK-1400 5:15:30pm; WOND-1400 6:04pm; CKSL-1410 7:05, CFNB-550 7:30, WAKR-1590 (re-log) 8:25pm. 10/8- WRFD-880 (o/WCBS) 6:23pm; WWDC-1260 6:56pm; WWJ-950 7:15pm. 10/9- WING-1410 12:05pm. 10/10- KSL-1160 8:04pm. 10/14- CKPR-580 8:09pm. 10/17- WOAI-1200 8:30pm. 10/21- CKVM-710 o/WOR 6:57pm; CMK-1200 o/WOAI 8:14pm. 10/25 WORK-1350 o/local WCBA 3:35; WHNC, Henderson, N.C. o/WLS excellent signals w/no interference from WLS whatsoever. 10/24- PJB-800 w/excellent signals & sent report. Reports are out to the following stations: CKPR WWL KXEL WHNC PJB WHEB WFBC WJR WEEI. Recent veries: WKRT WHAS WFIL WEAN WHO KMOX CEM WRVA WAIT & WFAA. I should be reporting often to this column if I have time, so I'll save the rest for my next Musing. 73 and good DX. (Good, Tom - we'll be looking for your Musings, & welcome to NRC! -ERC)

Leo Fox - c/o United Keno Hill Mines - Calumet - Elsa P.O. - Yukon Territory

CX fabulous as usual, w/tne S blocked out & all the polar paths open, until 10/21 PM, that is, hi. Reports out to 4YA 4RK 3LO 3GI NHK(2) JORB JOKD & 1470 synchronized, Vilnius-1106 Tallin-1034 Szolnok-1187 new AFRN-810 KPAR HLCA KAHU (only one back so far) Caroline S, FEN-1580 AFN-872 & Rumania-755 (tape), also on 1052 & 1151. Roma-845, Sotens-764 bagged but no reports yet. Great disappointment was Jordan-800 s/on (pinned down by IS per WRH) 10:30pm 10/18. (Presume 620 Arab same night was Egypt) & no tape recorder available. Ratniks. WCers, Peking has been noted on 620 here, RHM's "Empire hi! ID @ 5am 10/17. 's actually "---- wing'qua todyentar" Roy, I'll let you know what it means when my Chinese improves. ECers, Moscow morning exercise program noted on 935 (Lvoy) and // on 926, 944, 10:20pm 10/18. Who these last two are I don't know, but they were there last year, too. Should have HRO-500 in three weeks, & OB drilling should be finished in two. Egregious remark section: September pay, \$1,640.04, a pittance. Still DST here (till 11/1), YST plus two hours. Stagshaw-1151 QRMed by Kitani 1:30 10/16.

Robert Bruhns - 26 Cedar Valley Lane - Huntington, New York - 11743

DX: 10/25- KOB-770 @ 12:45 to s/off @ 1:08. KOIL-1290 @ 2:25. Reports out. Nicaragua on 965 kc/s., who? I don't speak SS too well. Oops, 10/25 again. 1210 kc/s. has a ticker on it sounding very much like WWV-SW. Noted at 2:17 u/SS here. School work curtailing DX here. 73.

Bob Gorsuch - Cedar Rapids, Iowa

The tragedy in New York seems as a dream - it hasn't really happened! I suppose it will take time to realize it for real. We have lost a dear friend. I would have sent this to Joe Brauner but I don't have his address here at work. The following stations could be conducting equipment tests in the near future - worth making a note/ and watching for them. All have recently received, or will soon, new Collins XRs. KAMI-1580, Cozad, Texas; KORA-1240, Bryan, Texas; WLAD-800, Danbury, Conn. WKYR-1270, Cumberland, Md. KSTL-690, St. Louis, Mo. KOZY-1490 Grand Rapids, Minn. and WENZ-1450, Richmond, Va.

CHANGES IN STATION DATA - F. C. C.

(Purchased from Cooper-Trent, Inc., Washington, D. C.)

NEW STATIONS

1090	Barnesville, Georgia	500 D-1	1350	Black Mountain, N.C.	500 D-1
	Hartsville, Tennessee	250 D-1	1400	Lenmon, South Dakota	259 U-1
1110	Holly Springs, Mississippi	1000 D-1	1530	Wagoner, Oklahoma	250 D-1

CALL CHANGES

1340	W I G O	Atlanta, Ga., from WAKE	1430	K G N U	Santa Clara, Cal. fr. KGBA
------	---------	-------------------------	------	---------	----------------------------

FACILITIES

850	W I V K	Knoxville, Tennessee, to 50,000 D-3, from 860 kc/s., 1,000 D-1.
960	K O O L	Phoenix, Ariz., 5,000 U-2. New nighttime XR site, NE of day site)

Richard E. Wood - 207 East 16th - Bloomington, Indiana - 47403

I would like to thank all the members who so kindly sent me their good wishes after my accident. I am glad to say that I am out of hospital, teaching again at Indiana University, & working towards completion of my Ph. D. My leg will be in plaster until the end of January, & I cannot yet shake hands w/my right, but I can write, type & hold a cup; the rest will come w/time. To Don Allen: I heard & verified CBG in England; VOAR has been heard in Sweden at noon EST, to my knowledge the only NA logging at that time of day in Sweden. Any members w/questions on Nfld., stations are welcome to write me, as I have verified ten in England; many are like semi-locals there. My equipment, which will come increasingly into use as my recovery continues, is a National NAC RAS-51 (does any other member use or know this receiver?), an HQ-180, & in antennas, a 60' long, 40' high LW strung NNE/SSW, a four-foot, seven-turn loop (made in England), & a few others; also a Partridge antenna tuning unit. I do not really tune domestic stations, but I shall no doubt have some Musings for this column from time to time. 73. (We're glad you're progressing so nicely, Richard - keep up the good work! -ERC)

Duane Giese - 923 North Grant Avenue - Springfield, Missouri - 65802

Here is another report from me down here in the Ozarks. Don't ask me how I got myself to report so soon. Some of the latest DX here is as follows: On 10/23, PM, KWRE-730 5:05, WJDX-620 6:05. 10/24-AM- KLPR-1140 6:17, WKYX-570 6:52. On 10/25, M., heard many WC stations, only these two needed: KPRO-1440 2:30, KRKO-1380 3:25. Others for the same day: WGUS-1380 4:00, WGIL-1400 4:48 on for testing purposes, plus a few stations testing which did not ID themselves. I also heard a few from Wisconsin at s/on: WTMJ WCWC WKBH & WIMB. 10/30-AM- KSTR-620, 7:29. I do most of my listening during the weekend, as you can notice from above. I should be able to receive all the 48 states from here as I am in the middle of the U.S. Also notice more SS stations here than I did in Wisconsin & some day just may take time to find out who they are. I was shocked when I read of the horrible accident which took the lives of Ray Edge, his wife, and three of their grandchildren. He will be remembered by all who knew him. 73.

Frank Merrill Jr. - 10693 Saline-Milan Road - Milan, Michigan - 48160

I received the 10/23 DX NEWS today, & was most sorry to hear what happened on 10/12. I never knew any of them personally, but I was saddened, all the same. May they Rest in Peace. Lots of DX here. 10/5- KEZU-920 says it was they I heard s/on @ 6:33. 10/6- WJPF-1340 s/off 12:04, WCLB-1220 f/c-M 2:21. 10/11- WJHO-1400 s/off 1:07, WAGN-1340 r/c-TT 2-2:30. 10/17- WRCH9910 5:02. 10/18- WQUA-1230 ET/OC 12:32, KOLO-920 1:22, WDIC-1430 f/c-TT 1:29, WTYN-1550 f/c-M 3:02. 10/19- CFRA-580 2:45. 10/25- WCHV-1260 f/c-TT 12:44, WLDY-1340 f/c-TT 12:49, KWIX-1230 end ET/M @ 1:42, CMGB-1560 3:04. Veries: v/l- WJOB-1230 KVOX-1280 WLNH-1350 KEZU-920 WRTH-590 KLO-1430 WPHN-1560. v/q- VOA-960 KCPX-1320 KNOW-630 KREX-920. v/c- WHAK-960. v/f- WENE-1430, WABR-1440. WLNH brings my state totals to 49/48. I wish that WJAR KLOC & lots of others would verify; returns have been poor. Since VOA-960 is actually ZFBI (ERC, thanks for clearing me up), I probably won't count it as a new catch after all, nor a new verie, as I have ZFBI logged & verified. TV/FM DXers, write. On 10/19 I received UHF-TV stations up to 500 miles E & 300 miles W - wow! WNEP-16 Scranton (450 miles) in real good. Does anyone have an extra Indianapolis Times lying around? It's defunct & I need it for my newspaper collection, hi. When is the Vane Jones Log supposed to be published? That's it, 73s abd best DX to everyone.

George Kelley - 118 White Street - Belmont, Massachusetts - 02179

Hello NRCers. Being a new member I shall attempt to introduce myself. I'm 18, currently unemployed & enjoying it immensely. My receivers are a National NC-140 & Hallicrafters SX-99. Antennas consist of: 20' vertical, 18' vertical, 100' LW, 3' loop. Totals are: 416/137, states 35/35, countries 33/6, provinces 7/7. During the past two months my interest in foreign DX has increased tremendously. This is due mainly to the help given me by Gordon Nelson. Gordon & I recently set up a degree bearing chart for the base of my loop. This has enabled me to pinpoint w/a great deal of accuracy the location of unID stations. This is a great asset when foreign DXing. I also have a Norelco tape recorder, ony speed being 7.5 IPS. I am not very interested in tape-responding. I still retain a great interest in the domestic phase of the sport & will try to listen for all DX Specials. Latest veries: v/q- WLAC WXTR KGBS WRVA WBSM WFLI KAAY. v/l- WLOF CJCH. v/f- WTAR CKWS WXYZ WEAM WIMA. Reports out to WLAM WFIY WBAY, tape to RNE-683, Monte Carlo-1466, CBN & Barbados-785. Any local member who'd like a brand new FBIS log (AM by frequency) at a better than 50% discount price, call or write me for this extra copy I have. 73. (Welcome to NRC, George! Please Muse often!)

Wayne Plunkett - 124 John Street - Weston, Ontario

Weekend jaunts o/to Buffalo will never be the same again after the tragic news conveyed in last week's DX NEWS. I thoroughly enjoyed the visits w/Pop during the past five years so I consider this as a personal loss. My thanks to Chuck Rader & Ralph Johans for informing me. Must præss on to more pleasant news. Last weekend, I finally got around to writing four stations re DX programs: CKBB-950 CKCB-1400 CFCP-1440 CJME-1300 & CKRN-1400 singly or w/the rest of their small network- CKVD-1230 CKLS-1240 CHAD-1340. Not much time elapsed but results so far from CKBB-950 & CKCB-1400 who "will attapt to provide a DX program on 11/22, 4-4:30." DX nothing to brag about although as a couple have noted, SSS was very good 9/28-29. KFDF-1580 excellent both nights 7:15-7:31 s/off to return @ 6am CST - anyone manage a verie from this one lately? 9/28- SSB clear on 990 @ 7:15, just missed s/off but presumably KWAM; semi-cl mx on 890 mixed w/weak WLS about 7:20-7:25 but faded by 7:30 - could this be needed KBYE, or who? XET-990 blasting in by 7:25; KATQ-940 just caught @ 7:30 s/off (return at 6am CST); there was another EE on 990 w/ppp mx around 7:40 way u/XET/WNOX that I don't believe was WIEG & certainly not CEW - may have been KNIN KSVP or KTKT or others but no verifiable material could be obtained. KLTR-1580 s/off 7:44 leaving weak WCLS. After a while KYND-1580 started coming in & by their 8:30 s/off had about best signal ever heard here. 1580 still had some action after then as virtually no CBJ - just XEDM not too strong & weak WCLS, but at times another EE - didn't sound like I remember KDAY the couple of times heard, so may perhaps have been one of the other Cal. daytimers but too weak to ID. (WWIL, maybe? -ERC) Took log on seldom-heard WTIK-690 clear u/ Cuban off/on 8:35-8:50 w/next to nil CBF. 9/29- WKKEE-800 murdering CKLW 6:35; WCPC-940 had the marvelous "Keep on the Firing Line" before their 6<sup>35</sup> s/off. Who else s/off same time on 940 well u/WCPC? KXJK-950 s/off 7:14 quite clear; had to quit then so not sure whether CX as good as night before or not. 10/1- WCTR-1530 sneaking in u/WCKY 6:28am but not for long as CHFI s/on 6:30 ended chances of log. 10/3- SSB lam mixed w/CBE-1550 - is this when KKJO s/off? Also missed ID on another SSB @ 1:01, on 930 & likely KSDN. WKIX-850 topping WJW/KOA at times, 11:08-11:09pm, SS topping 930 @ 11:22, believe YNW. I also noted SS-1520 11:48pm & wonder who? Any chance it was WRAL on late, as I finally caught up w/St. Maarten-1295 @ 11:52. Bahk next week. '73.

Hal Robie - 351 South Street - Medfield, Massachusetts - 02052

I'll try to get a few words in this issue. This looks like another good season coming up w/reception good overall. Not every night has been good, & in fact I have found the past two or three rather poor here, but there have been a number of good openings & many TAs have been heard on a regular basis. Frequently SSS has been good, w/poorer CX prevailing toward mid-evening. I had a most pleasant visit w/Gordon & Ruth Nelson on 10/19, except that they brought w/them the sad news of the Edge's tragedy. Gordon was able to show me how to get accurate frequency measurements through the use of my Q multiplier, which is most helpful as my S-20R does not afford that feature. On the DX end, we listened a bit, played a few tapes (including his recent one on the Azonres-836 outlet) & chatted about things in general. Speaking of the 836 frequency, Lebanon has been heard well there lately, notably on 10/24 between 6-6:30pm. Other good reception has been Albania-1358 @ 10:30pm s/on (country #78), Algeria-548 around 5:30pm, both Andorra & UAR on 818 (sometimes one & then again the other is dominant) equally well at SSS. Tunisia-962 rather weak at midnight s/on (country 79). Rumania-755 excellent 10/24 @ 10:30pm w/piano & setting-up excercises, & most of the regular East Europeans. I hope no one bought a Wollansak #524 on my recommendation. First machine was back to the service station three times for repair, & still couldn't be fixed. A new unit proved to be defective within three days. So I moved up to a Wllansak #1220 which has been most satisfactory so far. This one costs a little more money, \$139, but has the index counter which is invaluable, & a recording level meter which works better than the normal-distort neon glow lamps on the #524. Only two recording speeds, 3/7<sup>5</sup> & 7/5, as against the four speed #524, but therein seems to lie the trouble as far as I am concerned. Too many switching arrangements to get out of order. Sorry I can't make John Callarman's deadline this issue. Guess I've used my 30 lines.

Chris Lucas - Hall Hall - Box 308A - RPI Freshman Dorms - Troy, New York - 12181

Hi. I'm still trying different antennas & grounds to get an efficient combination. I still envy the absence of noise & the strength of DX signals at home. Nearly 80 stations logged during the past two weeks. Better ones as follows: 10/22- WLYN-1360 at 7:32am, CHOW-1470 @ 11pm, WOHO @ 11:05, WOND-1400 @ 11:25pm. 10/24- WEIM-1280 (P.10)

November 6, 1965

D X N E W S

10

(Chris Lucas) @ 8am; BBC-1457 @ 1:41am on 10/25, also WIL-1430 @ 1:52 & WHOT-1330 at 2:14, Radio Barbados-785 @ 10:09pm. 10/26- WHLI-1100 @ 8:24am, CFRS-1560 @ 4:44pm, XEWA-540 @ 9:30pm. 10/27- WINR-680 @ 2:45pm, WTUX-1290 (first Delaware) @ 8am, WPPA-1360 @ 8:32, WBIC-540 @ 1:35am. 10/29- WKAZ-950 @ 7:06pm, XEB-1220 @ 11:59pm. 10/30- WCMB-1460 @ 12:13am, WBNS-1460 same time, WKAP-1320 @ 12:34, CBI-1140 @ 4:08pm, WLIB-1190 @ 4:35pm, WDEE-1220 @ 5:03, WCRV-1580 5:14, WXVA-1550 @ 5:21, WENE-1430 @ 9pm, WHHH-1440 @ 9:04pm, CBW-990 @ 9:30pm. 10/31- CJOC-1220 @ 3:02am, WKAT-1360 (first Florida) @ 3:15am, CKDM-730 3:56, WTAC-600 @ 4am, WEEI-590 @ 4:04, WHBC-1480 @ 5:35pm, WBEN-930 @ 6:30, CKCY-920 @ 6:50pm. It's Sunday night as I type this, & I'm hoping for a good MM (11/1). Any loggings will be listed at end of Musing. W/four good TESTS going, I ought to hear something. WFKN-1220 looks easiest, clear channel & non-directional. I sure hope KBEA isn't mulling this way. v/q from WHYN into two days, & v/1 from WMNB-Mass. Best frequency here so far is 1360 w/seven loggings: WDRG WNNJ WSAI CKBC WLYN WPPA WKAT. Next best is 1220 w/six: WGAR WKBK WRIB XEB WDEE CJOC. Only U.S. frequency w/no loggings is 970, thanks to local WTRY-980. One thing I notice here is during the daytime there are many frequencies where there is really a toss-up for domination. At home there were very few: 680 (WCMB/WNAC), 1230 (WERI/WFAS), 1510 (WBRW/WNLC). Here there must be at least 20. MM DX 11/1: KNWS-1090 TEST @ 3:07, quite well o/heavy static (electrical). Static stopped @ 3:32, then WFMB-1500 Vandalia, Ill. o/KSTP FT @ 3:41. WFKN-1220 TEST @ 3:48. Finally WYZE-1480 Atlanta @ 4:02. That's it.

Richard Gula - 56 Sears Street - Middletown, Connecticut - 06457

Hi fellows! I have finally started to twist the old dials again/ w/some very surprising results. SSS skip has been fantastic lately. Here is the latest DX: 10/6- WYRN-1480 @ 5:35pm. 10/12- WFGM-960 @ 4:14am. 10/13- WPAR-1450 r/c-TT 1:18-1:30am, WOOK-1340 @ 1:32. 10/18- WYNX-1550 for call change @ 5:50pm. 10/31 brought the best SSS skip I have ever found as the Western stations really came through. WDSL-1520 @ 5:43 pm s/off, WROH-1550 @ 5:44 s/off. I then went to 1580 & monitored it w/these results, gathered in an hour. First, WPGC & another battled until 5:30. WVKO took over until 6pm. WORG also mixed in there. At 6:15, WKID & another signed off, leaving about five stations on the frequency. CBJ was one; at about 6:27 KDOM-Windom, Minn. came through for a very brief report to their s/off @ 6:30. KPIK, Colorado Springs took over for the next 45 minutes, w/the signal averaging about S-7. There were other stations un-ID, also. XELM was also in there at times, but I couldn't pull out KYND, my most wanted station. MM 11/1, only KNWS-1090 & WFKN-1220 Specials came through. Not a sound from KBEA or KXKW. It is really getting harder & harder to log new stations now, even on MM. I have entered the Letterama this year. I am kind of disappointed in my losing by two points to Steve W. Congratulations, Steve. It was really a good contest, though. As my luck always goes, nine points came back just after the deadline. Oh well, what can one do? 78s & good DX to all.

Mike Tilbrook - 261 Hoodridge Drive - Pittsburgh, Pennsylvania - 15234

Hi guys. Not much DX done this week but a little bit was heard. Veries are getting worse. KWRE-730 nice v/q from seven-month-old report. CE said he just found it. Also WMCO-1550 w/nice v/1, CM, business card & three c/w records. Now to the slight DX heard. 10/24- WVOB-1520 5:30pm s/off. WLSH-1410 5:30pm s/off. WMQM-1480 6:27 s/off w/Lord's Prayer. 7:30pm, surprised to hear unID WBRY-1590 o/WAKR. TIW-775 10pm. RNE-584 & 683 pretty clear 10:20pm. RNE-737 10:57pm. Spain-953 quite clear, 11:22pm. 10/25- KQYX-1560 6:29 s/off. WLCB-1530 6:30-m s/off. KGTV-1530 6:36pm. 10/27- WTTN-1580 6pm s/off. KWRE-730 noted 6:23 w/another unID probably KWOA. WCVL-1550 7pm o/ev everything on 1550. 10/31- WENC-1220 5:45pm s/off. UnID WKYE-1550 noted on top, 5:55pm. KCLR-1530 6:56pm. KNBI-1530 7pm s/off. That's about it DXwise this week. John Gifford, your CBC-920 is CJCJ, not CJCH. Steve Weinstein & I are very happy that the Steelers are starting to win, & next year they shall surely be contenders. You guys I owe letters to, be patient as I am getting them off slowly! Hello to new NRCer Norman Shor who eventually will send in a Musing. That's it for this week. 73.

Saul Ash - 910 Meehan Avenue - Far Rockaway, New York - 11691

Hello again. From the logbook: 10/15- WOSU-820 @ 6:59pm, CBW-990 8:39pm. 10/18- WASA-1330 5:10pm, WZOK-1320 7:10, WARM-1330 8pm. 10/19- WIKI-1410 @ 5:30 s/off. 10/21- WTMA-1250 9:26pm. 10/22- WMBI-1110 6pm. 10/23- WQXI-790 6pm. 10/24- WTKO-1470 4pm. KAAV-1090 @ 6:26pm o/u WBAL. 10/26- WAVA-780 @ 5:45pm. KOA-850 @ 8:45. 10/28- WYDE-850 @ 6:05pm. 10/29- WKBC-810 @ 4:45pm. v/1- CKCY WLOF WSHP WMNA (photostat) WEAM CJCH WLKW WABR CHGB (w/CM). 73s.

Joe Fela - 167 Goodwin Avenue - Newark, New Jersey - 07112

Hi again! Only verie since my last report was a v/1 from KWAM-990. Lack of veries is due to the fact I've sent only two reports out in the last four months, hi! Guess I'm getting like Dave Schmidt (?). DX since my last report goes like this: 9/5- 11:53pm s/off PJD2-1295 w/the BBC equal to it. 11:56, Radio Caroline N-1520 s/on (then they were on summer time). 9/6- 12:15am, WDSM-710 w/WOR off, also WHB in at times; 12:47 NBC station noted on 1170, guess KVOO. 10/8- 10:46pm, RAI-845 up to S-9, very nice signal; 10:50 BBC-647 noted. 10:51, TIRICA-625 & YNM-615 both good w/local WVNJ nulled. 10:54, FF u/WMCA, guess CJEM. 11:15, CBK-540 9/XEWA, unusual. 11:32, BBC-1214 S-4 w/WX, isn't this an early hour for them to be on? 10/9- 12:38am, RTF-1205 fair; 12:40 BBC-1088 & 908 both good, 908 is one of their stronger channels here, by the way; 12:43, something on 1586, guess NDR, but WWRL slop killing it while their main signal on 1600 was in turn being murdered by WINX. 1:05, BBC-1457 very solid, better than WBNS-1460. 1:16, ~~55~~ rr on 1492-2, guess Radio Caroline S; 1:20 WKID-1580 r/c-TT. 10/29- 5:48pm, rr u/WKYC-1100 briefly, guess WLBB; 5:59 s/off WETB-790 in the mess. 10:26pm, FF atop 1380 w/WBNX off briefly; 10:29 WBNX back on BUT - coming in better on 1360 than 1380 & also audible on 1340 & 1400. 1350/1370/1390 were untouched though. 10/30- KOMA-1520 equal to WKEL at times during the evening, annoying, especially on the car radio; 11:30pm WEAT-850 just o/some LA. 11:59 s/off, WENT-1340. 10/31- 12:05am WHMC-1150 without any QRM at all - where were CKOC/WCOP? 12:35, U.S. CST station on 540, guess KNOE. KWAM-990 verie above was for recent SSS reception, which I lost the date/time of, but they completely knocked WIBG off the dial. Even CBW, who was u/KWAM was better than WIBG at the time. Noted WMBI-1110 at s/off on the same date. I prefer the am/pm time system in DX NEWS. The 2400 time system gets confusing when you get times like 1759, or 2248, or 2358. Or, like ERC has always pointed out, you can easily confuse the time w/the frequency (e/g/ 1590 WWRL-1600). Jack Spector of SMCA is now doing a one hour program daily for both Radio Carolines via tape. I have a better suggestion - let's send WMCA (complete) over there. 73.

Wayne Heinen - 126 Linwood Avenue - Orchard Park, New York

The shock has now faded, but the memory still lives on. TAs are in! Noree BBC on 1214 1457 & Monte Carlo-1466 on MM 10/25 & 10/18. All were in rough copy but signals were noticeably better 10/25. DX is WPAZ-1370 @ 6:03am RS on 10/16. 10/18- WNIA-1230 DX on 1-1:30 EST. TAs logged: BBC-1457, ID very bad, 2am, & 3AM2-1466 ID 2:15. XEHF-1320 s/off 3am. This is SS noted o/u KXLF. All loggings foreign, w/total 11/3 countries MM 10/25- WJVA-1580 ET/M/TT ID 1:40am & 1:15 continued on. WINN-1240 noted AN-rr. KFH-1330 o/u WHOT w/good mx @ 2:15. Next, WUPR-1530 3:20-3:40 but not enough on this SS Puerto Rican. SM 10/31: XEWA-540 8:15pm (10/30). KSL-1160 for state #39 at midnight EST. CKDM-730 Dauphin, Man. @ 1:36am. CKTB-610 off so logged WIP-610 @ 2:12am. KENO-1460 noted at 2:33am on AN, QRM on frequency. WJRZ-970 logged on AN c/w at 3:15am. Last but not least KRUX-1360 AN u/WMKI etc. till WEBB s/on. All above was at Ralphie's very enjoyable evening. Some veries: v/1- WAAM-1600 v/f, CM. WPAZ-1370 v/1, CM w/advertisement of station. v/1, WJVA-1580 w/SCs (one left, & will trade). says directional days, N, 202' tower. Total, 428/111 w/many out. Must say 73, & P.S., don't lost the battle (or give up). Best of the DX, all.

Ernest J. Wesolowski - 1416 Pasadena Avenue - Omaha, Nebraska - 68107

DXing the past two weeks has been slow. No new veries to report. On 10/24 Larry Lehmer & I drove to Lincoln & visited the new KLOL-1530], now making their non-directional PoP w/lkw. I heard them w/such from Omana w/OC the week before. Target date for the 5kw. directional is 12/15. Also visited the other stations there. Remember, the get-together in Kansas City for all DXers interested on 11/26-28. Motel to be listed next week. We'll visit stations, Commercial Radio Monitoring Co., Western Electric's Micro-Wave section & lots of time for chat. A banquet will be held on Sat. PM. Write to me if you can attend. We expect DXers from Tulsa & St. Louis, to name two. 73s.

Robert H. Selleck - 366 Wormwood Road - Fairfield, Connecticut - 06432

Now for my first Musing of the season. My RX is shorted & my loop won't work. I had to use kitchen radio for DX TESTS. 11/1- First loggings in KNWS WPKN & WPMB-1500 3:41 am, Vandalia, Ill. Couldn't get KXKW even though channel seemed clear. KBEA was impossible on RX I used. I have entered both contests & will be burning up the BCB. Totals now 349/90, states 37/35. I'm on my own now since Chris now attends RPI. I would like to thank him & the NRC for helping me survive last year. (Chris Lucas). Thumper P. & Jim Smedley, do I owe you letters or vice-versa? Enough for now. 73s.

Steve Weinstein - 435 Jayson Avenue - Pittsburgh, Pennsylvania - 15228

Hi. SSS was good again this week, & MM 10/25 was an excellent one. DX: 10/24- WGBS-710 was noted o/WOR @ 5:30pm, very early for them. WDLR-1550 5:35pm. WTTN-1580 6:01 s/off. WRTL-1460 6:15pm s/off. WAPO-1150 6:25. WMMQ-1480 6:27pm s/off w/Lord's Prayer. KVGB-1590 6:45pm way o/channel. MM 10/25- Porto-1578 midnight. XEWK-1190 12:16am s/off. GM station (?) u/KOMA 12:30am, KYMN? CFOR-1570 & CKLM-1570 were off, XERF AN there. WDBQ-1490 12:58am s/off (hi, Len Kruse!). KWLA-1530 f/c-TT about 1:15-1:30am. KOME-1300 way on top of channel, 1:20am. WACO-1460 1:29 s/off. KTOE-1420 1:30am s/off. KENO-1460 & KDON-1460 1:30am. CKLW-800 & CJAD-800 off again, the second MM in a row. Noted only a Cuban tic-toc there, but weak. They're starting to get me "ticked off" hi. KLOU-1580 on top 1:45am. WIL-1430 solid S-7 o/everything & mentioning AN-7, 1:50. WOOK-1340 1:55am. UnID-1060 2am w/NX, then rr, who? WTIK-690 2:10am, mentioning AN. CBLG-CBLK-1090 2:28am. UnID ET on 1230 2:29am, who? (WXLI, I believe -ERC) Later on, Cairo-773 6:09pm. 10/26- WAYB-1490 6:36pm. Cairo-818 5:55pm 10/30- WVNA-1590 6:17pm. WLSM-1270 7:23pm. KATZ-1600 6:30pm. UnID-1530 s/off 6:39 w/America the Beautiful, who? I think it is KGTN. UnID s/off-1530 6:46pm w/hymn. I could have sworn the announcer said KNBE. Are they on yet, Ernie Wesolowski? KNBI-1530 6:50pm. KLEO-1480 6:50pm. KELI-1430 6:55pm. KCLR-1530 6:59pm for a much-needed one. I think they signed off then, but I'm not positive. KPIK-1580 7pm. KWCO-1560 7:05. 10/31- WLIL-730 6:45am s/on. WKMT-1220 6:47am. WJHZ-970 6:55am c/w. WATH-970 6:58am s/on. WHIZ-1240 6:58am s/on. CJSS-1220 7:11am. Veries have been scarce this week. v/q- BBC-1295 (also sent v/l) for country #33 veried. I was very sorry to hear about Ray Edge's passing. I never met him, but from what I have heard about him, he must have been quite a guy. It was tragic that his life was snuffed out the way it was, but I'm sure he led a full and rich life and did nothing to be ashamed of. May he rest eternally in Peace. 73s.

Ernest R. Cooper - 438 East 21 Street - Brooklyn, New York - 11226

Veries in, three in one day! WIFE-1310 v/q, WNIA-1230-DX, WQXL-1470 (f/up), WTRX-1330 v/f, all sending Cms except WIFE. I have finally gotten my veries counted - 3,459.

SSS DX has been TOO good, w/the result there are just too many signals on the channels to single out any needed ones for reports! 10/31- Up for SM s/ons. Umm WLNC-1300 s/on 5:30 v/WERE. I found needed WTID-1270 slightly atop the frequency 5:37-5:57 c/w mx & news. Umm s/ons also noted @ 6am: WTMA-1250, another one which goes by the slogan "Tiger Radio" (rr) & WDEA-1370, on top, a good bet for area DXers reading Maine 11/1- Up at 1:30, noting first many TAs in, but nothing new loggable over there. 2:04 am, CJLX-800 seemingly AN, so boom, there goes the open channel MMs. Not very strong, though. KBEA-1480 was u/KBOX, if such is imaginable, as KBOX is about S-2 here normally on a good AM. Very little logged; couple of IDs & one selection. I'm sure it was NOT they who played that lovely old madrigal, "May the Bird of Paradise Fly up Your Nose" at 3:02, hi - must have been KBOX-rr. Umm KNWS-1090 in nicely on short check to see. On 1520 @ 3:30, WKW ET/M, but soon off; did you call 'em up, Ralph? A male vocal heard @ 3:36, but then only an S-1 swish on 1520, noting discernable. Umm WPKN-1220 in well u/OC. I knew Ray & Kate Edge since my first Convention in 1940, and finer people there just weren't, anywhere. What Ray - and Kate too - did for NRC was simply to save it from oblivion back then, when the membership was 64, build it up, and work steadfastly for it, so that we are now on solid ground, with about seven times the membership of those early days. Yes, NRC suffered a great loss when these fine folks passed on. I'm sure they now Rest in Peace. Could I just say a word to a couple of the newer fellows, & also one or two others? Please don't forget to double space your Musings reports - and any other items you might send in, for it makes it much easier on these old eyes. Thank you - also, CPCmen, when you notify me of a DX TEST, please put your name somewhere on that sheet of paper! So long, & C U in 7.

## WHAT'S HEARD...

- 548 ALGERIA. R.T.A., Bechar, heard fair early evenings. (Gustafson, Ill.)
- 575 UNID. Very strong every night, reaching peak at 2015. (Goldfinger, N.Y.)
- 590 ALASKA. KHAR, Anchorage. "Heart Radio" announces as 24 hours, 7 days. (Fox, Yukon)
- 611 MOROCCO. R.T.M., Sebba Aicun, fair to good early evenings, as are 701 and 935. 701 is best. (Gustafson, Ill)
- 620 UNID. ARABIC. Presume chanting here 2211 10/18 is Egypt. (Fox, Yukon)
- 630 CUBA. CMHC, Santa Clara. Noted 10/18 0336 0-5, S9 15 db. Anyone have station verified lately? I'd surely appreciate the QTH, Verie signer, etc. (Hathaway, Ill.)
- 637.5 GUATEMALA. TGW, Guatemala. Found on this freq. 10/26 and very clear between 2100 and 2130, and a lot of U.S. big band music. Not noted 10/28, so must be back on 640. (Dangerfield, Pa.)
- 638 CZECHOSLOVAKIA/SPAIN/CYPRUS. Three carriers visible here on 10/18: BEC Cyprus who signs on nightly 2150-2155 during October; Prague CC and TT on early; and RNE briefly with OC 2150-2203 off. Cyprus still not formally logged. Antenna pattern from Cyprus seems to be highly unfavorable for U.S. reception. (Nelson, Mass.)
- 645 PANAMA. HOS-22, R. Mia, Panama. Is AN and is heard until sunrise here; makes logging the Chinese outlet on 645 difficult on E.C. (Nelson, Mass.)
- 650 LIBERIA/HAWAII/BIG MYSTERY. Previously reported tentative ELEC is now positively identified as the English speaker after WSM s/off 0130. ELB good on scope under WSM OC 0110, but faded out by 0120 on 10/25; no audio with WSM on. WSM off 0131, leaving clear channel, but ELEC faded up very suddenly at 0134:30 and gave good solid copy for five minutes, then faded very rapidly leaving only traces of KCRL on this channel. On the basis of E20 assumptions, I should not have heard ELEC on this date; This is the greatest African anomaly noted so far. ELEC heard 22 minutes after E20 time on 10/25, although behaved properly at E20 time. Suspect that magneto-ionic splitting gave rise to an alternative path in this case. Liberia logged as country #107. KCRL, Honolulu, up with very clear ID 0358 on 10/25, R&R programming, KORL was fading in and out around 0417 when a second English station faded up briefly with a religious program. Accented English on this second station, and DF said was on a N-S path ( $190^\circ$ ), then out quickly, leaving only KORL. I'm really puzzled over this one, my equipment does not have images, and the bearing excludes Pacific stations, etc. Must be that a U.S. station has a weak spurious radiation on 650, and the program was canned. Second station extremely weak; my setup up full gain for first time since last winter. Who? (Nelson, Mass.)
- 655 NORTH KOREA. R. Pyongyang relogged with weak signals during Far East opening on 10/20 at 0519. Best preliminary DF on this one gives a longitude of about  $125^\circ$  E at a latitude of North Korea; this is quite near Pyongyang. Usual fast auroral fade. (Nelson, Mass.)
- 656 EAST GERMANY. R. D.D.R., E. Berlin, on 19/19, the El Salvador station gave him fits; hard to get good copy on him because of all the yacking. (Gustafson, Ill.)
- 676.59 JORDAN. Unfamiliar IS and s/on in unid. language 2229-2231 on 10/24; still not formally logged since didn't recognize IS and too much WNAC slop to ID lingo for sure. So still working on this one. This is the wandering Jerusalem outlet, I suspect... (Nelson, Mass.)
- 683 SPAIN. R.N.E., Sevilla, seems to run AN. (Gustafson, Ill.)
- 708 EGYPT. Cairo stations heard one night at 2300 here, 773 and 818 kc/s. (Gustafson, Ill.)
- 720 CUBA. Does anyone have the call, verie signer and QTH for this one? I'd surely appreciate receiving it so I could get a report off with more hope of getting a reply. Heard 10/17 0330. (Hathaway, Ill.)
- 725 UNID. S.S. Heard at 2020 on 10/28. (Goldfinger, N.Y.) Likely TILX, R. Columbia, Costa Rica. (Ed.)
- 730 EL SALVADOR. YSR, Circuito YSR, San Salvador, here fair to good 0010 til 0059 s/off 10/25. (Silvera, Jamaica)
- 737 SPAIN. R.N.E., Barcelona. Also seems to run All Night. (Gustafson, Ill.)
- 740 HONDURAS. Sounds like R. Comagayala, San Pedro Sula at 0040 10/25 with U.S. jazz music. (Silvera, Jamaica)
- HRJS, San Pedro Sula, listed here in FBIS and WRHD Summer Supplement. Letter lists slogan as R. Reloj. FBIS says R. Panamericana. Both say owner is J. Sikaffy. (Ed.)
- 750 ALASKA. KPOD, Anchorage. Heard here from 730 on 10/22. (Fox, Yukon)
- 755 RUMANIA. Timisoara I taped, along with 1052 and 1151, for report 1252-2239 10/19. (Fox, Yukon)
- 760 IRAQ. Baghdad with fair to good, occasionally excellent signal here, every evening and after 2200 EST s/on. (Blüdnorn, W. Germany) Switch from 764 kc. or a typo? (Ed.)
- MEXICO. XEABC, Los Reyes, Mex. noted 0344. (Hathaway, Ill.)
- VENEZUELA. (?) ?YVKS? R. Reloj, heard giving time through XEABC at times, no call or location heard. (Hathaway, Ill.) Think we've decided R. Reloj here might be WCRA, or perhaps the Cuban? (Ed.)
- 764 SWITZERLAND. Sottens, good signal 0150 10/18. KFMB ruined 0200 ID. (Fox, Yukon)
- 775 HONDURAS. Slogan sounded like R. Patetite or thereabout at 0007 10/25, very weak. (Silvera, Jamaica) R. Morazon, Tegucigalpa, HRNQ, all I have here. (Ed.)
- 782 EAST GERMANY (?). Heard every night, fair signal, with peak at 1930. (Goldfinger, N.Y.)
- 800 JORDAN. Amman. IS per WRH preparatory to s/on by basso profundo amncr. 2230 10/18. Six pips on  $\frac{1}{2}$ -hour. (Fox, Yukon)

- 800 NETH. ANTILLES.PJB, Bonaire, heard at end of the English program at 2030; said English program broadcast daily at 1940. (Hathaway, Ill.)
- 810 ALASKA. Unknown AFRN here for last couple of weeks. Probably ex 790, moved to escape KCAM. (Fox, Yukon)
- 834.93 UNID. CHINESE. Unid. Far Eastern Chinese station logged weakly 0536-0543 during the Asian opening on 10/20 I refuse to log this one as China until I see some definite evidence that it is indeed China. DF very similar to that from Pyongyang-655 and 875.28 suggests that this is the Chinese station in Darien listed by FBIS on 830. But as far as I'm concerned, could equally well be No. Korean relaying China. Wish I had a DF in Hawaii for cross-bearing. (Nelson, Mass.)
- 836 LEBANON/SPAIN/UNID. Still working on this freq. I concur with most of G. Nelson's tips. However, believe Beirut on irregularly after 1830. At least, someone had Arabic here at 1832 on 10/26, and perhaps later, although an anthem was played at 1829. Heard series of odd pips and tones at 1905 on 10/26. On 10/28, heard s/off at 1930, with I.S. played by trumpet, followed by an anthem, which must be RNE-Huelva. (Dangerfield, Pa.)
- 845 ITALY. R.A.I., Roma, copied with English news on the hour during multi-lingual AN program. 2100, 2200, 1200 10/18-22. Report out. (Fox, Yukon)  
UNID. CRM'ing Roma at 1915 on 10/23. I suppose this could have been one of the LA's assigned here. (Dangerfield, Pa.)
- 854 RUMANIA. Bucaresti I, heard 2210 10/22 parallel to 755. (Fox, Yukon)  
SPAIN. EAJ-2, R. Espana, Madrid, heard on 10/20 from 0011 to 0023 with popular Spanish music and good signal (Gustafson, Ill.)
- 863 ARMENIA. Yerevan, briefly noted 2150 10/22, but wiped out by CHAK/CFPR before I could tape them. (Fox, Yukon)
- 872 W. GERMANY. AFN, Frankfurt. Fair over-under WWL 0017-0048 10/21. (Fox, Yukon)
- 875.28 UNID. ASIAN. No audio, just weak carrier 0530 during 10/20 opening. DF identical to 655, and very close to Chinese speaker on 834.93. (Nelson, Mass.)
- 881 WALES. B.B.C. always very strong when BBC'ers are up, but was unusually so at 1800 on 10/25, when I clearly heard a newscast in spite of WGBS. (Dangerfield, Pa.)
- 907 EAST GERMANY. Clandestine. Heard 2232 on 9/13. (Has anyone ever verified him?) (Gustafson, Ill.)
- 950 ALASKA. KIBH, Seward. No on. 1340 studios destroyed by tidal wave from '63 quake. (Fox, Yukon)
- 953 CZECHOSLOVAKIA. Prague heard 9/13 2248-2304. Already received a veri signed by Martha Trojanova, but she boo-boomed and listed veri for S.W. frequency, so I sent it back to her for straightening out. (Gustafson)
- 962 TUNISIA. Tunis II noted 10/18 0031-0058. Very good signal; am sending my annual report to this one. (Gustafson, Ill.)
- 965 UNID. S.S. Noted at 2030 10/28. (Goldfinger, N.Y.) Likely YNLU-Managua. (Ed.)
- 975 UNID. S.S. Also noted at 2030 on 10/28. (Goldfinger, N.Y.) Probably TIRH, San Jose. (Ed.)
- 989 SPAIN. R. Peninsular, Madrid. Logged with excellent signal on 10/25, from 0106 s/on until after 0130, despite very strong signal from CEW. Local WIDG happily off. (Dangerfield, Pa.)  
W. BERLIN. RIAS, noted 10/17 1939-2002. This one was rough to copy because of the 990 U.S. stations. (Gustafson, Ill.)
- 995 UNID. S.S. Heard also at 2030 10/28. (Goldfinger, N.Y.) HCEW-2, R. Suceso, Guayaquil, Ecuador, reported here regularly last season. (Ed.)
- 1000 NEW ZEALAND. LZD, Tauranga, ID quite clear 10/29 at 0400; I note this only because "down-unders" so rare this season, at least in this den. (Millar, Wash.)
- 1015 UNID. S.S. Logged at 2030 on 10/28. (Goldfinger, N.Y.) YSC, San Salvador is dominant here. (Ed.)
- 1025 MOROCCO. (?) An Arabic speaker at 0135 on 10/25 with a very weak signal. Couldn't hold anyway. (Dangerfield)  
UNID. S.S. Also logged at 2030 on 10/28. (Goldfinger, N.Y.) TIAC, R. Fides, San Jose, strongest here. (Ed.)
- 1034 ESTONIA. Tallin, taped, report off, for reception 2330 10/19. (Fox, Yukon)
- 1050 MEXICO. XEG, Monterrey, N.L., logged 10/17 0335. (Hathaway, Ill.)
- 1052 RUMANIA. Iasi(Bacau) taped, along with 755 and 1151, for report 2152-2239 10/19. (Fox, Yukon)
- 1090 URUGUAY. CX-28, R. Imparcial, Montevideo, is the SS noted under KNWS 11/1 during TEST. (Callarman, Texas)
- 1097 CZECHOSLOVAKIA. Bratislava heard 10/17 from 2315 to 2334. Very good signal strength. (Gustafson, Ill.)
- 1115 UNID. Anyone know who signed off with what seemed to be a National Anthem at 0100 10/19? (Hathaway, Ill.)
- 1151 RUMANIA. Cluj, Taped, along with 755 and 1052, for report 2152-2239 10/19. (Fox, Yukon)
- 1178 RYUKYU IS. V.O.A. Okinawa, strong signals on both 10/20 and 10/21 from 0645 to 0720. Had to leave for work at that time each morning, so don't know how much longer signal would have stayed in. Imagine sunrise time to be about 0815. (Gustafson, Ill.)
- 1187 HUNGARY. Szolnoc, taped 2300-2317 10/19. Reported. (Fox, Yukon)
- 1200 SIERRA LEONE/TIC TOC. S.L.B.S. Freetown relogged with truly remarkable signals 0103-0110 after WOA1 s/off. Taped some good W. African music with L.A. looped out. Someone off freq. but in too much of a hurry to get down to Liberia-650 to measure freqs. here. A good bet for a rare country on the E.C. (Nelson, Mass.)

- 1273 UNID. Far East maybe, strange continuous chanting in weird language with CRM from 1270. (Goldfinger, N.Y.)  
Time and date, please? (Ed.)
- 1277 UNID. L.A. A weak mid-evening station being heard, such as on 10/28 around 1935. No clues. (Dangerfield, Pa.)
- 1307 IRAQ. Baghdad, with fair to good, occasionally excellent signal, here at sign on time 2200 EST. (NOT parallel to 760!) (Blüdnorn, W. Germany) Strike my question after 760; another source also gives this frequency for Baghdad. (Ed.)
- 1320 MEXICO. XEAI, Radio A.I., Mexico, D.F. with tropical type music and using this slogan at 0316 10/25. (Silvera, Jamaica)
- 1322 UNID. Noted here. (Goldfinger, N.Y.) HJHY, Sincelojo, Columbia, has been OSL'd here. (Ed.)
- 1345 KUWAIT. Kuwait, often good signal around 2130 EST. (Blüdnorn, W. Germany)
- 1375 UNID. On 10/25 at 1840, a station in the clear, and no sign of any other on the freq., which should have been St. Pierre, but was using Spanish, not French. (Dangerfield, Pa.)
- 1415 MALI. Bamako, first heard 9/13 with S-5 signal at 0049 with open carrier. Programming started at 0100. Signal strength was then about S-3. By 0118 he had faded practically out. Have heard him a couple of other times but not enough to copy. (Gustafson, Ill.)
- 1425 UNID. Station noted between 0330 and 0400 11/1 segueing cuts from a John Gary album. Thule? That they were Top 40. Not up high enough at 0400 for ID. (Callarman, Texas)
- 1466 UNID. RUSSIAN. A new Russian noted here, to sign on at 2200 EST. (Blüdnorn, W. Germany)
- 1578 PORTUGAL. CSB-5, Porto. noted AN. (Gustafson, Ill.) Heard almost nightly, S-8 with peak at 2045. (Goldfinger)

.....  
VERIFICATIONS ...

- 548 ALGERIA. Bechar. Very nice letter in French, from Le Chef de Division Ecoute et Mesure, at RT-Algerienne, Direction des Services Techniques, 21 Boulevard des Martyrs, Alger. Most specific, and suggests using SINPO in future reports. (Dangerfield, Pa.)
- 656 EUR. RUSSIA. Murmansk. OSL, specific as to frequency and location at hand. Most easterly BCB verie, and 3rd most northerly. (Miller, Wash.)
- 1250 AS. RUSSIA. Khabarovsk OSL, specific as to frequency and location at hand. Heard last season in English Far East Service. (Miller, Wash.) (Who quotes R. Moscow as saying "Since we do not confirm reception reports on medium waves, we had to check them with the cities you mentioned in order to verify them. Enclosed are OSL cards. We suggest you send us reception reports on our transmissions beamed to the U.S. and Canada, on short-wave bands since that is what interests us. Medium waves are mostly used for Home Service transmissions, for various cities of the Soviet Union, and we do not have direct connection with them.")

.....  
THIS TIME BY COUNTRY ...

FIJI. Fiji Broadcasting Commission, Suva, announced plans to operate a three-language network, viz. English, Fiji, and Hindi, using 710/930/1320 kc/s. English 1800-2300, 1300-1800, 2300-0530. Vernaculars. 1300-0530. All transmissions extend to 0600 on Saturday. (WRHB #783)

INTL. WATERS. Here are the Pirate schedules effective October 24th:

- |  |   |
|--|---|
| <ul style="list-style-type: none"> <li>773 Radio 3-9-0 0200-1900 EST (Daily) drifts between 773 and 782 kc.</li> <li>1094 Radio City 0100-1400 EST Weekdays, 0100-1430 Sundays</li> <li>1133 Wonderful R. London 0100-1600 Daily</li> <li>1493 R. Caroline South 0100-1500 daily, +1600-1900 Fri &amp; Sat.</li> <li>1520 R. Caroline North 24 hours daily</li> <li>1562 R. Veronica 0100-1900 daily.</li> </ul> | <p>Radio Three-Nine-0's frequency is still drifting. It was on 775-6 for some time, then I heard it on 782 kc for a few days (occasionally atop Burg, East Germany!) Then it moved back to 775-6 kc., and now it is on 773 (10/24), being the dominant signal on this channel (drowning out Stockholm, Cairo, and all the others!) (Rolf Blüdnorn, Allendorf, W. Germany, Postfach 26.)</p> |
|--|---|

JAPAN. Have noted others reporting no sign of calls being given any more by NHK outlets; believe this is true, except that sign-offs still follow pattern in NHK 1st Net ID with call just before TS at 1000, and closing anthem while 2nd Net ID with call just after anthem. JOBB-830 and JOEK-670 were checked at S/off re this. (Miller, Wash)

ZAMBIA. October 1965 schedule shows the following medium wave stations of the Zambia Broadcasting Corp. English Net. Kitwe-548 20 kw; Broken Hill-596, 2 kw.; Livingstone-650 2 kw; Lusaka-962 2 kw.; Ndola-1215 1 kw. Home Service: Lusaka-698 2 kw.; Kitwe-746 20 kw. (WRHB #783/4)

.....  
That's it for this time, gentlemen. Hope to get back up to our usual size next week. 73 J.A.C.

Please send all DXDD items to J. W. Braunor, RD 1, Box 61, Punxsutawney, Pa. 15767
