CPC Test Calendar

KKFJ CA 570 April 27 0300-0400

KKFJ-570 - P.O. Box 570 - Alturas, CA 96101 will conduct a rescheduled DX test from 3:00 to 4:00 am EDT Sunday, April 27, at 5,000 watts nondirectional. The test will include Morse code IDs. Reception reports may be sent to Mr. Daniel Frey (K6YXE), Chief Engineer. Arranged by J. D. Stephens for the IRCA CPC.

WKWF-1600 - 5016 5th Avenue - Key West, FL 33040 was to have conducted a DX test from 12:30 to 1:00 am EDT Monday, April 7, at 600 watts nondirectional pattern. The test was to have included Morse code IDs and test tones. Reception reports may be sent to Mr. Ron LaRoche, Chief Engineer, c/o Spectrum Radio Corporation. Arranged by J. D. Stephens for the IRCA CPC, and thanks to sharp-eyed Bob Karchevski for finding the information for us.

From the publisher ... Our next issue is about a month away, but that's no reason for you not to continue DX'ing. Some of my best DX came from summer-time DX'ing, albeit with static in the background most of the time. I'll confess that DX'ing hunched over a radio in a warm room beat the same position in an unheated room any day, which I why I spent more time DX'ing in the warmer months than the colder ones. I'm not saying it was cold in my bedroom, but that hot-water bottle usually was stiff and solid when I brought it out for a refill of near-boiling water in the evening. Wrapped in an old towel, it provided enough heat to keep my toes from getting frostbite, even under the covers.

No AM Switch this issue, as Jerry Starr has undergone eye surgery again, with his doctor restricting his reading activities. He promises a "monster-size-one" in #26. Ken Chatterton is back home again, recovering nicely, and says that he's ready to mail out the new *FM Atlas* #17 (more details on page 13). And Joan Heinen is also recovering from surgery, according to hubby Wayne. Your publisher feels just fine, although his garden was nipped a bit by 20° temperatures. Nearly everything survived, however, except for some warm-weather weeds.

This issue will be sealed with a third piece of tape on the magazine's leading edge to lead it into USPS bar coding and sorting machinery, at the suggestion of a local postal employee (whom I've rarely

seen; he apparently works the late shift). Thusly, I would again like to know of ANY damage to this issue, and if it is severely damaged (chunks torn off, cover only arriving, etc.), I'd appreciate your sending it to me (for replacement) so that I may present any damaged copies to the local USPS BMEU for their perusal. I'd like for damage of DXN to drop to 0%, with 100% readable copies arriving at your mailbox.

DXGTG ... The annual Conrad reunion will take place May 15-17 in Waterloo, IA at the Holiday Inn Convention Center at West Fourth/Commercial Streets. For reservations, call 319-233-7560, and mention "Conrad Reunion" for the rate of \$48 for 1-2 persons, \$56 for 3-4 per night. More info? Call Jim Conrad at 319-232-7307.

Welcome to these new members ... Chuck Rippel WA4HHG, Cheseapeake, VA (rejoins); Lee Reynolds, Lempster, NH; Pat Murphy, Cheseapeake, VA; Alan Johnson, Reno, NV; Jim Amici, Allentown, PA; Ben Hester, East Bend, NC; Alex Calabrese WA2ADS, Buena, NJ (rejoins); Andrew Ooms, Pine, AZ; Mike Harrington, Coral Springs, FL; Todd Williams, Hood River, OR (rejoins); John Dawson, Pittsboro, NC; Clarke V. Greene, Middletown, CT; David Hawn K7TCN, Redmond, WA; Ivan Geisler, Denver, CO; Tim Francisco, Bedford, OH; John Harding, Plymouth Meeting, PA; Doseph DelGiudice K1CR, Cranston, RI; Keith Christianson, Falls Church, VA; and Henry Byra, Berkeley Heights, NJ. We mailed out 775 copies of DXN for #24.

From the pages of DX News:

50 years ago ... from the April 5, 1947 DXN: George B. Holland, Jr., Ithaca, NY reported that WVBR, Voice of the Big Red, the Cornell University current carrier station on 640 kHz was being heard all over Ithaca and had received reports from Cortland (20 miles) and Elmira (35 miles) ... From the April 19, 1947 DXN: "D. X. Nutt" gave an account of a Get-Together at the home of Bernie Duffy, Staten Is. The wedding of Margaret Edge, daughter of NRC's Executive Secretary and Publisher Ray Edge, to member Tom Carberry, was reported.

25 years ago ... from the April 15, 1972 DXN: The 1972 *FM Atlas* was available for \$2.50 ... R. J. Edmunds detailed construction of a two-foot loop antenna in an illustrated article.

10 years ago ... from the April 13, 1987 DXN: Jerry Starr published a complete list of authorized night-time powers of U. S. stations operating on Mexican and Canadian Clear Channels.

MEDIUM WAVE RAMBLINGS

- Some Canadian news from Broadcast Engineering: "CHSJ-700 Saint John will be moving from AM to FM. The new transmitter will operate on 94.1 MHz, with 50.4 KW. New Brunswick Broadcasting Co. Limited currently operates CHSJ-AM in Saint John, which will go dark three months after the FM is up and running. Both CIBX-FM and CIHI-AM/CKHJ-FM in Fredericton opposed the flip, prompting the Commission to impose the condition that CHSJ not solicit advertising from the Fredericton market. CHSJ-FM will also have to produce 110 hours of local programming every week."
- And some U.S. news . . . "Two Washington-area firms bid a total of \$173 million at a government auction for the rights to provide a new breed of radio service that can be heard coast-to-coast and offers CD-quality reception. American Mobile Radio Corp., a unit of American Mobile Satellite Corp. of Reston, Va., placed a winning bid of \$89.9 million at a Federal Communications Commission sale for one of two licenses to offer digital audio radio. Washington-based CD Radio Inc. put down a top bid of \$83.3 million for the second license in a long-delayed -- and controversial -- auction limited to four companies. Digital radio, expected to be up and running by the latter half of 1999, will be beamed via satellite nationwide and will allow listeners to tune in anywhere in the country. It will be subscription-based and will offer listeners anywhere from 25 to 50 stations of music, news and other specialized programs. The small satellite antenna needed to tune in the broadcasts could be installed in cars, trucks and homes. People who drive a lot -- or who live in remote areas with few existing radio channels -- are considered prime candidates for the new service. CD radio expects to begin its service in the second half of 1999, offering 50 channels of programming. Most channels will be commercial-free and offer music." - *Reuters/Variety*

SPECIAL

- 670 **KWNK CA** Simi Valley - 4/1 - Is now *Radio Centralamerica* and has changed formats from all-sports to Spanish language, Central American music format. . . (INet)

- 820 **WJJD IL** Chicago - The Chicago Sun-Times 4/2 **Robert Feder** column that WJJD and WSCR will switch places on Monday April 7 at 2:30 pm. 820's call sign, though, will be WYPA. WJJD is already giving a mixture of callsigns. Their IDs say WJJD but the traffic guy says WYPA. (MM-IL)
- 820/ **WYPA/**
1160 **WSCR** IL Chicago - The long-awaited switch of sports talk station WSCR from 820 kHz to 1160 kHz happened on April 7, 1997 at 1530 ET. This move ended WJJD, which occupied 1160 kHz for long time. Contrary to reports in DDXD-West in *DX News* No. 24, WJJD never changed call letters to WJMK. They just simulcasted sister station WJMK during the transition period. WYPA took over the 820 kHz frequency with Motivational Talk Format. (CR-IL)
- 950 **WEJM IL** Chicago - The few times I have tuned the AM band in the last few months, I have not noticed WEJM to be SILENT as reported in AM Switch in *DX News* No. 24. They were just sold to Douglas Broadcasting recently and are planning to become time-brokered foreign language station. (CR-IL)
- 980 **KRTX TX** Rosenberg - 3/28 - Is now these calls. Ex: KMPQ. (INet)
- 1390 **WGCI IL** Chicago -Per the Chicago Sun-Times on 4/10/1997, Evergreen Media/Chancellor Broadcasting Co. have agreed to buy and sell several AM and FM stations in the Chicago area. This move involves **WGCI 1390 kHz**, which will be sold by Gannett Company to the Evergreen Media/Chancellor Broadcasting Co. (CR-IL)
- 1440 **KEYS TX** Corpus Christi - 3/28 - Now uses the slogan *NewsTalk 1440*. (INet)
- 1470 **WCFJ IL** Chicago Heights - 3/30 - Has been on the last several days with a dead carrier. Also a weaker signal than normal. (MM-IL) [Mark: this is official city-of-license - Ed.]
- 1510 **KVCI TX** Canton - 3/29 - Has moved here from Mineola. (INet)

DX AND EQUIPMENT TESTS

- 570 **KKFJ- CA** Alturus - 3/23 0300 - Not heard thru WNAX and CKY slop. (SA-MB)
- 690 **KSTL+MO** St. Louis - 3/24 0316 - Heard CIDs several times. Never did hear any audio. (CR-CO)
- 1390 **WEGP+ME** Presque Isle - 3/29 0300 - Test heard with weak CIDs under KRRZ and a couple of UNID stations. NEW. (SA-MB)
- 1420 **WHKt OH** Cleveland - 4/7 0311 - Heard one possible "CQ" in Morse code but too weak to be sure. XEXX-1420 sloppy and over modulated. (TRH-CA)
- WHK- OH** Cleveland - 4/7 0300-0330 - KSTN-Stockton dominates with SS talk & music. UNID EE station with Golden Oldies *Don't Be Cruel* and *It's Not Unusual* behind plus another (XEXX-BCN ?). WHK not heard. (BK-CA)
- 1600 **WKWF- FL** Key West - 4/7 0030-0100 - Not heard, just *Chinese Radio* KMNY-Pomona and SS station. At 0100 Arabic-type music under CC talk. (BK-CA)

TIS & OTHER STUFF

- 1610 **WNUB568 CA** Chula Vista - Has been running OC for a few weeks now. (TRH-CA)
- 1610 **WNPF405 CA** San Diego (Balboa Park) - Has been running OC or off entirely for a week or more (not sure which due to WNUB568 OC, but suspect they are running OC as well due to my difficulty in nulling the OC(s) on this channel. (TRH-CA)
- 1610 **KOP20 NM** Sandia Peak - 4/7 2327 - In briefly with mentions of Sandia Peak. Used to be semi-regular here before local pests came on the air. (TRH-CA)
- 1610 **TIS CA** Yosemite National Park - 4/7 2329 - Good at times, but fading. Female announcer with park info, mention of services along highways 120 and 140, gave phone# 1-800-446-173?. Still there at recheck 4/8 0700. New. (TRH-CA)
- 1610 **KNEC996 CA** (CalTrans mobile unit) - 4/7 2339 - Man with tape loop on road widening project on CA-126 from Santa Paula to Santa Clarita. Suspect that the old "Grapevine" mobile station has moved a few miles west, but can't tell for sure at this distance. Can LA or Ventura-area DXers confirm? (TRH-CA)
- 1620 **Pirate? CA** San Diego - 4/7 2340 - Station is still here with the same handful of black oldies (maybe no more than about 10 songs, probably on a tape loop). Gets out well. No DJs or IDs. Sounds like someone got a hold of

an old TIS transmitter and set it up in their backyard or something. Anybody besides Doug Martin and myself hearing this? (TRH-CA)

MIDNIGHT TO 0800 HOURS ELT

- 580 KUBC CO Montrose - 3/23 0050 - Good signal and oldies. (CR-CO)
 KRFE TX Lubbock - 4/8 0558 - Out of a BBD tune, a nice legal ID and into an indistinguishable newscast. Poor at best. [Ed.-TX]
- 690 WTIK LA New Orleans - 3/1 0300 - Strong signal and all alone. WTIK New Orleans 690 AM, WASO Covington 730 AM. News from UPI and then at 0305 sports update from World Web News Network. Back to a talk show, maybe Art Bell. (CR-CO)
- 1000 KXRB SD Sioux Falls - 4/1 0718 - With . . . weather next, here on KXRB, followed by local weather, C&W music, ads for local carpet store and a car dealer. Strong. (CB-CO)
- 1010 KTNZ TX Amarillo - 3/30 0305 - With ABC newqs items on Heaven's Gate Cult and McVeigh trial, followed by local weather and KTNZ, Amarillo. New, for Texas #106. (CB-CO)
- KTUR UT Tooele - 3/7 0300 - The News Station and 1010 KYUR Tooele, Salt Lake City, Utah. Quick IDs at the top of the hour. Then back to AP news. (CR-CO)

- 1550 KDCC KS Dodge City - 4/2 0742 - NOS music, call ID. New here. (JR-OK)
- 1560 WPAD KY Paducah - 4/2 0730 - Call ID, NOS music. (JR-OK)
- 1590 KLLL TX Lubbock - 4/5 0202 - With K-Triple L ID and C&W music. Good signal. (CB-CO)

0800 TO 1600 HOURS ELT

- 970 KJLT NE North Platte - 3/7 1000 - You're listening to KJLT, North Platte and into USA News. REL music format. (CB-CO)
- 1140 KCMJ CA Palm Springs - 2/26 0953 - In briefly with NOS music and CL ID. New, for California #64. (CB-CO)
- 1490 KDMOMO Carthage - 3/8 0810 - Missouri Network with news, weather and call ID. (JR-OK)

1600 TO 2400 HOURS ELT

- 820 WOSU OH Columbus - 4/3 2000 - After hearing WSCR sign off, was surprised to hear an ID from WOSU. After the ID they played a few bars of the theme for *All Things Considered*, then switched the antenna or whatever they do. New. (MM-IL)
- 1000 KKIM NM Albuquerque - 4/1 1914 - With ID as *This is KKIM, 1000, Christian Talk Radio*, and into REL talk program. (CB-CO)
- 1030 KBEQ MO Blue Springs - 2/27 2000 - Your listening to real country 1030 Blue Springs, Kansas City. No news at top hour, back to C&W. Good signal. New. (CR-CO)
- WSFZ TN Memphis - 2/24 1925 - Very strong signal in Ktwo null. Local ads for Shelby Dodge mentioning to *Say that the Rainman sent you*. Then back to a local call in sports show hosted by the Rainman. New. (CR-CO)
- 1250 KTFJ NE Dakota City - 3/20 2302 - Good signal in KBRF null. REL talk and music. Mentions Nebraska and Iowa in the ID. (CR-CO)
- 1300 KYNO CA Fresno - 2/28 2253 - Good for awhile in the mess. LA Lakers basketball game and ads for TKA Computers in Fresno, Salinas and Bakersfield. ID as *1300 all sports Keno*. (CR-CO)
- 1320 KLWN KS Lawrence - 3/17 2203 - With CL ID followed by news. Mixing with KXYZ. (CB-CO)
- KXYZ TX Houston - 3/17 2203 - With CL ID and *Radio Trece* followed by news, local weather, promo for radio game. A regular here. Quite a signal for 5 kw. (CB-CO)
- 1560 KBBA TX Abilene - 3/14 2053 - SS music with announcement in EE. Fading and QRM. New here. (JR-OK)
- 1570 KYCR MN Golden Valley - 3/29 2125 - Good signal and all alone. *We're KYCR 1570, more of the songs you love* and *KYCR your home for Christian music*. REL music. Still in there at 0015. A surprise at 230 watts (unless they forgot to power down) and a new one. (CR-CO)

DDXD-East

A nice turnout for this issue. Keep 'em coming, folks!

There was a tremendous amount of publicity here about the big solar flare on 4/7, but conditions haven't been even a little auroral this week. The sunspots seem to be picking up again though, with more aurora of late than usual for the last couple years.

Condolences to regular reporter *Mark Burns*, whose father passed away in late March.

Deadlines for upcoming issues: May 6, June 10.

STATION NEWS

- 550 WPNW RI Pawtucket - NRC member *Craig Healy* told me that new station owner Peter Ottmar will keep the station at least another year while he evaluates the performance of Bloomberg Business Radio in this market. (DG-RI)
- 590 WEZE MA Boston - 3/20 1400 - Now with these calls, ex-WBNW. Change is official per call to station. (DG-RI)
- 600 WSNL MI Flint - 4/1 - New call letters, contemporary Christian and brokered religion continues with new slogan "*Salt 'N' Light*." Ex-WTAC, the original call since sign-on in May 1946. (TS-MI)
- 670 WVNS VA Claremont - Construction continues; current plans are to put the first "power to the towers" on April 20, but that is tentative. A DX program is still a possibility; stay tuned. (AM-VA)
- 760 WMENTN Knoxville - Per QSL, full ZIP is 37917-7825. (EK-OH)
- 850 WNIS VA Norfolk - Per Internet page, has replaced Tom Leykis Show with fellow Westwood One Bruce Williams Show in the 1906-2200 timeslot. (DP-HI)
- 910 WNEZ CT New Britain - Possible format change to UC:RAP, "*Jamz*" IDs. Competition for WKND-1480 Windsor. (RM-CT)
- 950 WIBX NY Utica - 4/1 - Now airs "Coast to Coast AM" seven days a week per show today. (DP-HI)
- 960 WTGMMD Salisbury - Now IDs as "*960 AM and 106.9 FM, the Game*," apparently now simulcast on Ocean City's 106.9 FM, which cannot be heard here. (DB-DE)
- 1020 KDKA PA Pittsburgh - 4/1 (no foolin') - Apparently dropped AM Stereo. Will check this further. (JRM-PA)
- 1030 WUFL MI Sterling Heights - Per v/l, alternate address is P. O. Box 1030, Sterling Heights MI 48311. (EK-OH)
- 1070 WHYZ SC Sans Souci - Report sent to P.O. box address in *Log* was returned. Anyone have new address? (DT-JAM)
- 1080 WPGR PA Pittsburgh - 2/23 - First day on the air, IDing as Pittsburgh's Gospel Radio, upbeat GOS music, address 960 Penn Ave., Pittsburgh 15222. V/s names given were Stacy Anderson, Business Manager and Phil Austin, GM. In a LMA with WAMO 860, 106.7, 107.1, ex-WDSY, WEEP. (JRM-PA)
- 1160 WJJD IL Chicago - 3/22 0446 - Noticed using its old calls, conducting a self-help program using phrase, "*Your personal achievement station*." (RCP-IN)
- 1230 WTKG MI Grand Rapids - 4/1 - Now using these calls, ex-WCUZ. Slogan is "*Talk Radio 12-30*." (PLB-MI) [Original, hi. - DY]
- 1260 WPZE MA Boston - 3/20 1403 - Now with these calls, ex-WEZE. Running contemporary Christian music when tuned in, ID as "*WPZE Boston*." Station now calls itself "*Praise 12-60*." (DG-RI)
- 1290 WCCC CT West Hartford - Still AOR // WCCC-FM 106.9. Never went to a sports format. (RM-CT)
- 1390 WDCWNY Syracuse - 3/9 0100 - Heard with sign-off message, mentioning return at 0500. No longer 24 hours. (DB-DE)
- 1400 WKEW NC Greensboro - 3/29 - Adds "*Moneytalk with Bob Brinker*" per show today. (DP-HI)
- 1410 WPOP CT Hartford - Now all-sports, with billboards around Hartford showing an athletic supporter and "*The Sports Authority*." (RM-CT) [Not enough supporters to keep the Whalers in town though, unfortunately. - DY]
- 1430 CHKT ON Toronto - 3/29 1100 - Noted with these calls, ex-CKYC, announcing end of Laotian program with EE announcement, "*You're listening to Fairchild Radio AM 1430 CHKT*," mentioned new multi-cultural voice for Toronto. Seems to be mostly Asian languages, including lots of Chinese. (MS-ON)
- 1550 WSHN MI Fremont - 4/3 - Noted now using the slogan "*The All New 15-50 AM*," format changed to NWS/TLK. No longer C&W // FM. (PLB-MI)

- 1590 KMOZMO Rolla - Report on their 1610 kHz spur was returned to me by P.O.; correct address seems to be P. O. Box 728, Rolla MO 65401. Phone number is correct as in Log. (MB-IN)
- 1600 WQVL DE Dover - 3/17 2300 - Finally heard legal ID for WQVL at this time, ex-WKEN. Still the same programming. (DB-DE)

DX TESTS

- 630 KJSL MO St. Louis - 3/24 0300-0315 - Heard at mostly good level with code IDs over WMAL. (SF-TN) Heard with super copy of code from 0302-0315, no mention of IRCA or DX Test heard. Religious contemporary singer followed the test, then either cut power or left air. (RCP-IN)
- 690 KSTL MO St. Louis - 3/24 0315-0330 - Heard weak but clear with code IDs under CBF. (SF-TN) Heard a few seconds of code at 0323, QRM from CBF, R. Deportes from Colombia. (DT-JAM)
- 770 WWCN FL North Fort Myers - 0030-0100 - Not heard on 3/3, only WABC and RCN, this was my last try for this one! (DB-DE)
- 790 KFGO ND Fargo - 3/3 0100 - Not heard, only WTAR, R. Reloj. (DB-DE)
- 1350 KSLQ MO Washington - 3/17 0100-0130 - Not heard on frequency dominated by WTOU. (MB-ON) Heard way under WTOU, WGPL with very weak TT; three seconds of dead air on WTOU coincided with the tone stopping, and "K-S" in code. They must aim only a few dozen watts in this direction. (SF-TN) Not heard. (DT-JAM)
- 1390 WEGP ME Presque Isle - 3/29 0300-0330 - Heard 0311-0330 poor under WRSC, WRTK with tone and code IDs at 0311, 0323. (MB-ON) Not heard. (SF-TN) Heard weakly with code 0305-0322 under WEOK, WZHF. Phone number in Log is "not in service." (RM-CT) Not heard. (DT-JAM)
- 1400 WEST PA Easton - 3/10 0000-0030 - Possibly very poor in GY swamp, noted a bit of tone and a possible code ID, but not even enough for a tentative. (MB-ON) Not heard. (SF-TN) Not heard in jumble of unID stations; unneeded. (DT-JAM)
- 1600 WKWF FL Key West - 4/7 0030-0100 - Not heard, with WWRL having jacked up power and a semi-local pest (CHNR) on the channel. (MB-ON)

UNID and UNID HELP

- 910 UNID - — - 4/5 0702+ - UC-type music briefly on peaks in WSBA null, and later under Richmond, never peaked during any announcements, too brief to tell if religious or not. (DB-DE) [Maybe WNEZ, as above? - DY]
- 1250 UNID - — - 3/18 0635 - Promo for "Tributary," the online service of the "Tribune." Over, under WTAE, WMTR. (RJE-PA)
- 1300 UNID - — - 4/3 1843-1845 - NOS song "Choo Choo Cha Boogie," ID "New Market's choice for the original hits, we're WPTY AM 1300," into Neil Diamond song. Disappeared at 1845 power cut or pattern change. Good while in, but who is it? (PT-NJ)
- 1640 UNID - — - 3/4 2059 - It seems my earlier unID here was the pirate "Radio Zero." (RCP-IN)

LOGGINGS: 0000-0800 ELT

- 550 WASG AL Atmore - 3/23 0458 - Booming in with great signal, several IDs and mentions of 105.9 FM. No sign of usual WCKY. (RCP-IN)
- 630 CFCY PI Charlotetown - 4/6 0025-0032 - Heard ID under Red Sox game on WPRO, "the greatest hits, Country 630, CFCY." (RWT-MA)
- 690 WTIX LA New Orleans - 3/11 0504 - Ad for Bob's Muffler Shop, dual IDs for WTIX and WASO, with news at top of hour. Fair in CBF null, not often heard here. (RCP-IN)
- 740 WGSMMY Huntington - 3/14 0620 - Very weak rising up to give phone number (516) 543-5355 (couldn't make out what for), into car dealer ad, "hear more of today's country ... Huntington ... must be country ... Huntington, W...", into C&W. Tough, weak in slightly nulled CBL. (RKC-ON)
- 780 WWOLNC Forest City - 4/4 0715 - Ads for businesses that honor the WWOL discount card, including one in Sandy Mush, then religious music. Over, under WCKB. (JN-NC)

- 1660 **WJDM NJ** **Elizabeth** - 3/15 2252-2303 - Walt Disney list of top 20 numbers and ID as "Radio Aahs 1660 AM, Elizabeth and New York," into rap music, fair. (DT-JAM)

TIS AND MISCELLANEOUS

- 1200 **WPJP633 NY** **Niagara Falls** - Sorry I forgot to mention this before, but around 1/13 this TIS made its appearance on 1200 kHz. It runs the same information as the other one on 1620. Operated by the Chamber of Commerce, welcoming everyone to Niagara Falls, etc. On 1200 they tell you you can also tune to 1620 and vice versa. This now puts a damper on daytime reception of WRKK and WBZY, but we need those tourists! (RKC-ON)
- 1610 **WPAN997 NY** **Buffalo area** - 3/24 0504 - I believe I heard this with instructions on what to do if and when a tornado touches down, ID as "WPAM(?)997, on 1610 on your radio dial." Anybody have an address for this one? (BMA-PA)
- WODOT OH** **Strongsville?** - Now here with messages relating to construction delays on I-71 in Strongsville, Middleburg Heights, and Brookpark. (EK-OH)
- 1613 **KMOZ MO** **Rolla** - 3/9 1934 - Song by Jefferson Starship "We Built This City on Rock 'n' Roll," apparently a transmitter problem as they should be on 1590. A very steady signal here with some distortion. Next morning heard on 1616. Called station and spoke to man who said they were having technical problems, but seemed curious as to where I was calling from. Thanks Mark Burns for tip. (RCP-IN)
- 1630 **"WDKW" MD** **Baltimore** - 3/17 2100-2300 - Lots of AC/DC, Iron Maiden, and other heavy metal music, ID as "The Power Zone on AM 1630, the Claw," DJ Mike St. James. Thought it was a pirate but turns out to be a real station operated at Dundalk High School. Times and programs vary; heard on other days with students spinning disks and taking call-in requests. (EF-MD)
- 1640 **WQO767 TX** **Dallas-Fort Worth Airport** - 3/15 0140 - "This is WQO767 16-40 AM," mention of DFW Airport and gave departure gate numbers for American Airlines. Also told to tune to 1680 for arrival information. Poor to good, considerable fading. (RKC-ON)
- 1680 **WQA767 TX** **Dallas-Fort Worth Airport** - 3/15 0145 - "This is WQA767 16-80 AM," just like 1640 but with arrival gate numbers, telling you to listen to 1640 for departures. Signal about the same as 1640. Heard nightly since with varying signal. 60 watts, eh? (RKC-ON)
- WQO767 TX** **Dallas-Fort Worth Airport** - 3/5 2306-2310 - Continuous tape read by woman announcer of incoming American Airlines flights. Call to local American Airlines office here gave address as Dallas-Fort Worth Intl. Airport, Dallas-Fort Worth TX 75201-9047. (DT-JAM)

DX Digest

Foreign DX Catches. Times are UTC; for ELT, subtract 5 hrs.

The local news reported a major solar event yesterday APR 9, and tonight APR 10 there were reports of Northern Lights. WWV reported A Index of 8, K index of 7. I was expecting a field day, but there was not much to be heard from the south.

Welcome to Jay Novello, from North Carolina!

TRANS-ATLANTIC DX

- 558 unID, MAR 29 0140 - Woman in Arabic and Koran recitations well over Spain. [Conti-NH]
864 FRANCE Paris, MAR 31 0345 - Fair with religious music, perhaps an Easter Monday service. // to at least 1557 & 1377. [Dangerfield-PA]
1035 ITALY synch., APR 2 0405 - Fair with man in IT. [Dangerfield-PA]
1116 ITALY synch., APR 2 0405 - Good, man in IT (News). [Dangerfield-PA]
1206 FRANCE Bordeaux, APR 2 0453 - Good, man singing ballads before actual sign on, then a fem singer. [Dangerfield-PA]
1332 ITALY Rome, APR 2 0420 - Good with man and woman in Italian. commenting. Radio Uno // 1575. [Dangerfield-PA]
1359 SPAIN Arganda, APR 2 0432 - Strong with men talking. Has not been heard with any regularity this season. [Dangerfield-PA]
1557 FRANCE Nice, MAR 31 0345 - Very good signal on Easter Monday, and // to 864 and probably others. Seemed to be a church service, so a special program. However, this station is heard almost nightly after 0400 with soft pop music, unannounced, & some vocals. [Dangerfield-PA]
1566 UNIDENTIFIED (EUROPE), MAR 29 0325-0335 - big carrier, virtually no audio. Presume Switzerland. Note logs of R. Eviva, Sarnen of late. Can someone educate me (Mark Connelly?) as to what this is vs. the old gov't station entry (I can't find an entry for this Swiss frequency in the WRTH-97). [Krueger-FL] (Look in some back issues from the fall - Jim)
1577 UNIDENTIFIED (EUROPE), MAR 29 0335-0345 - another big carrier, no audio here. [Krueger-FL]
1611 VATICAN Radio Vaticana, MAR 1 0520-0550 - Noted interval signal into (I think) Slavic talk. About 0540 interval signal again, stronger here. Weak at first. First time logged on AM. I notice that Mark Connelly heard this the same time I did. [Wylie-MA] APR 2 0423 - Super signal, probably a sign on, with choir music followed by a man in Italian. The previous night after 0430 was also super with a woman in Slovak. However, these strong signals faded out pretty much before 0500. That's getting on toward sunrise over there. This does seem to indicate a schedule change. [Dangerfield-PA]

Ben extemporizes: "Since most of Europe turned time ahead to Summer Time on MAR 30, one week ahead of us, there are 4 days left to listen to French, Italian and other stations sign on an hour earlier than regularly since their 0600 and 0500 sign on time is actually 0500 and 0400. Of course, things will even up when we too turn our clocks ahead. With that in mind I found good high end openings on APR 1 and 2 beginning around 0400 each night. The biggest signal was Vatican-1611 which has been coming on about 0420 and taking over 1610 and 1611 like a local. Last night several Italians were good at 0400 sign on, including 1035, 1116, 1332 and 1575. Both nights have brought in strong signals from French stations prior to their 0500 sign on, the best being 1557 and 1206. And on Sunday night [MAR 31] Nice-1557 and Paris-864 were on early at 0345 with religious music. Also in with super signals this week were Switzerland-1566, Vatican-1530 and Spain [mixed] on 1602. On the other hand, the low end of the band has been so-so, and the LW poor with a constant buzz."

Bruce speaks: "TA MW DX has really slacked off over the past couple of weeks. In addition to the detailed logs, just the usual stuff is being heard from home-base; Algeria-549, 891, Spain-684, 855, 1044, England-693, 909, 1053, 1089, 1215, Slovakia-1098, Croatia-1134, etc. In another couple of weeks it should be dry and warm enough for a Maine camping DXpedition. Rich McVicar, formerly of the HCJB DX Partyline, was a guest at the March meeting of the Boston Area DXers (BADX). Rich will soon be working for a broadcast network in the Syracuse, NY area. A full report will be featured in the May edition of the DXAS. Good luck to both Rich and Lisa McVicar, and thank you for initiating the Ecuador-690 DX tests for us MW DXers!"

PAN-AMERICAN DX

- 570 CUBA R.Reloj MAR 29 0205 - Fair; man and woman with news, and usual RR code IDs, over/under WMCA/WSYR. [Conti-NH] APR 11 0220 - Strong with code IDs. [Renfrew-NY]
700 JAMAICA JBC1, Montego Bay, MAR 28 0324 - Mellow Soul music with female DJ, 0324 into new program "Nighttime Report", followed by "Nighttime Sports". Fair with WLW phased, and competing with someone playing Peruvian or Ecuadorean flute music. [Novello-NC]
720.1 NICARAGUA YNRC R. Católica de Nicaragua, Managua, MAR 28 0215 - ID as "Procer Oficial de la Iglesia". Into program "Estampas de la Pasión", a dramatization of the Passion of Jesus Christ. Lovely signal with WGN phased, but het still present. [Novello-NC]
860 DOMINICAN REPUBLIC R.Clarín, Sto Domingo APR 6 0105 - Fair; ID and romantic music over R.Reloj-Cuba in CJBC-Toronto null. [Conti-NH]
951 UNID - Anyone able to hear/ID the Central American on 951? Noted it 0049-0105 on APR 10 GMT, spent more time on it tonight, APR 11, from 0122-0215 but got bored. Think it's a Honduran, commercials, Male DJ after every song (all rancheras), refs to Honduras, but never any ID culled despite fairly good signal on peaks. No serious QRM here, save for minor R. Reloj (Cuba) on 950. [Krueger-FL]
1020 TURKS AND CAICOS ISLANDS Caribbean Christian Radio, Grand Turk, MAR 29 0300 - Wrapping up "Radio Bible Hour" with Dr. J. Harold Smith, ID "From Grand Turk in the Turks and Caicos Islands, British West Indies, this is the Super Power 1020, Caribbean Christian Radio". Into "Prayer and Share Ministry". KDKA phased. [Novello-NC]
1100 CUBA, R Cadena Habana, La Salud, Habana, MAR 27 0357-0412 and 1500-1505 - vocal, canned "Ésta es Radio Cadena Habana" by man. Also strong daytime, circa 1500+. Don't see logs of this--or reference entries for that matter-- save for Paul Zecchio's nice bandscan printout. [Krueger-FL]
1505 ANGUILLA, R Anguilla, MAR 28 03145+ - presumed the one with strong open carrier. Believe they often run OC all night, no? [Krueger-FL].

NEWFOUNDLAND DXPEDITION UNIDENTIFIED SIGNALS

ARGENTINA: R. Buenos Aires 1350 - "I have just seen the report from Felipe L.G. Flosi (Brasil), when he says that the unID station heard by Neil Kazaross in the Newfoundland DXpedition V, *DX News* #16, at 0140, is probably R. Buenos Aires from Argentina. And he adds that the station is airing at night a program of the Brazilian religious group "Igreja Universal de Reino Deus". I can confirm that the station R. Buenos Aires 1350 airs a program in the Portuguese language before midnight, I don't know if it is a religious one, but I certainly know that after midnight, local time, in Buenos Aires, they change to a program of tangos for seven hours (the station operates 24 hours, and I know that because I have received a recorded tape from a friend in Buenos Aires who recorded for me a 90 minute tape with tangos right at the start of the month of February 1997 (midnight January 31 - February 1). During the conversation the speaker mentioned the Brazilian program before midnight and the duration of the tango program, but he did not say that it was a religious one." [Objio-DR]

ARGENTINA: unID 790 - "I don't think this station can be Radio Mitre as mentioned by John Fisher, as this one is at Buenos Aires; most probably it is R. Nacional at San Salvador de Jujuy. This province, Jujuy, is the Argentinian northwesternmost province ... the mention he heard of "Colin de los Andes" may be a place located near or around the mountains. The pips on the exact hour is a signal usually heard on R. Nacional, this is another lead for IDing it as R. Nacional." [Objio-DR]

DOMINICAN REPUBLIC: unID 860 - "Most probably this station is as stated by John Fisher, he has a feeling that it is Radio Clarín, but the program he heard is "Radio Mil Informando", a newsreel presented by Radio Mil 1180 and relayed by R. Clarín. See 1180 in the same report. [Objio-DR]

César habla: "One thing that helps a lot to ID a station from down in South America is the accent of the speaker. If you don't know how to ID that it is difficult, but if you can ID the accent you can almost always ID a country, and with it the station. I have had that experience as I can do that, but US citizens can't do that as I can't ID a Texas speaker from a Californian or Chicagoan, but you can do it, hi." (César is correct; there are vast differences in accent, pronunciation of letters, and vocabulary depending upon where you are in the Spanish-speaking world. When I traveled from Puerto Rico to the Dominican Republic about 15 years ago, there were quite a few differences evident even to my unsophisticated ears! - Jim)

STATION NEWS

CAYMAN ISLANDS (more): "Enjoyed Tom Bryant's Cayman Islands observations in IDXD 64-24.

It's been quite a few years since I was there, but at the time, I visited R. Cayman and Radio ICCI (college FMer). The 1205 antenna was a simple dipole above the studio building in downtown George Town, at least then. What I still often wonder is why the 1555 transmitter on East End wasn't immediately farmed out for revenue (and--for that matter--what the status of the equipment is). Certainly Gene Scott, the BBC and/or DW could have had a ready-made source many years before infiltrating other transmitter sites. I would like to think that the 99.9 MHz "Z-99" entry might make it here on a summer E-skip, at 5 kW." [Krueger-FL]

LATVIA: Recent station news indicated Latvia now operating on 954, and this got me thinking. While up in Newfoundland we heard a station on this frequency which we couldn't identify. Jean thought the language sounded like Romanian, a woman talking and musical selections. We supposed at the time this was France on foreign service. Now I'm inclined to think Latvia. Bears watching. [Dangerfield-PA]

NETHERLANDS: Radio Bloemendaal 1116 has expanded transmission time from JAN 5 and is on the air every Sunday from 0800-2000. [Michiel Schaay via Hard-Core-DX 7 FEB in Distance MAR 19] (1997 WRTH shows previously until 1600 - Jim)

DX FILES: ROWLEY MINI-DXPEDITION

Mini-DXpedition: Rowley, MA (UTC: 8-9 APR 1997) Mark Connelly, WA1ION

I hadn't done much with wire antennas on outdoor DXpeditions recently, so I decided to go out to the Rowley salt marsh site (Parker River National Wildlife Refuge) after work on Tuesday, 8 APR. Another objective of the trip was to view the Hale-Bopp comet from an area of relatively-low ambient light. The dirt road out to the site was in poor shape with serious ruts and potholes. I did manage to get in and out of there with no car damage by going at a very slow rate. The weather conditions were adequate (though not truly ideal) for DXing and astronomy. There were fast-moving clouds with adequate breaks between them to afford a view of the comet: it was seen best about an hour after sunset. The temperature was a bit cold by April standards (-3 C / +27 F), the wind was strong and gusty, and there was an occasional snowflake in the air. It's probably good that I DX'ed with wires lying on the ground rather than with the car-roof mounted loop / whip arrangement. Loops have been known to tip over or get blown off the roof during a strong coastal gale.

One wire (length approximately 80 m) was run easterly along the dirt path from the gate towards Nelson Island. Luckily the tide was not so high as to submerge the path this time around. The second wire, 40 m long, was run due south over some very wet salt marsh grass. As expected, the two wires at a right angle did produce usefully-different pick-up patterns.

Conditions were typical of those noted over the last few months: that is to say best towards the western Mediterranean, reasonable to the UK and other parts of western Europe, mediocre to the Caribbean, and comparatively poor to South America. Signals from Spain were especially loud. I was hoping for much more auroral effect (and resulting Africans / Brazilians), but such was not to be. The Rowley site tends to be biased more towards Europe anyway. Africans do a bit better in Rockport and at Tom Beaton's house in Manchester-by-the-Sea and considerably better at South Yarmouth on the Cape because of a bit of blockage towards Europe at that site. Despite ordinary conditions, the DX outing was fun. The new Mini-DL-2 delay-line phaser worked great. Even many of the New York stations could be nulled adequately to reveal others underneath - e.g. St. Lucia heard through nulled WFAN-660. When signal levels were low, I inserted the Mini-MWT-3 regenerative preselector to bring post-null DX above the Drake R8A noise floor. European splits next to domestics sounded pretty good just on the east wire by itself, but they were really cleaned up when the two wires were phased. A chronological loggings list follows. Full-detail reports will be integrated with my "effort parallel to Hatteras" (loggings that I'll be doing from Cape Cod on

Saturday the 12th).

Rowley highlights included best-ever reception of Spain-1071 right next to strong CBA, Spain-1080 easily getting through WTIC, strong Spain-936, St. Lucia-660, and a beautiful signal from Bermuda-1160 (with only a weak bit of WOBB under). France on 1377 seems to be all-night schedule: it was often swamping St. Pierre - 1375. On the east wire Spain-855 had WEEL-850 beaten by about 10 dB! Signals from the Iberian peninsula were THAT huge. Even though I didn't get the desired DX run into deep Africa, the outing was still enjoyable. Setting up a null on a station like WTAM-1100 gave a decent broadband west null cardioid all the way from 1000 to 1200 kHz. That's the beauty of delay-line phasing of wire antennas (rather than tuned sources such as loops). Minor resetting of knobs melted away QRM from WWVA-1170, WHAM-1180, and numerous other pests from the west.

MEXICO "The Third National Meeting of Mexican DXers will take place in Veracruz, on Mexico's Gulf Coast, August 1 and 2, 1997. All four Mexican DX clubs are hosting the event jointly, and they are inviting their DXing neighbors to the north to "come on down" and join them. Two years ago, the Mexican DX clubs got together for the first time and held a national DX meeting in Tepic, in the state of Nayarit. Last year, the meeting site was the city of Miguel Azza in Zacatecas State. Shortwave listeners from various parts of Mexico attended, and for the first time representatives of two Mexican shortwave stations (Radio Mexico International and Radio Educacisn) participated.

"This year, the meeting is in Mexico's main port city, Veracruz, east of Mexico City on the country's Gulf Coast. Again, the Mexican shortwave stations are expected to take part, as well as some international shortwave stations, including Radio Miami International. And the organizers hope that a number of their DXer neighbors from the United States (and other countries as well) will take part too. Depending on the turnout, sessions in English and bilingual sessions may be arranged. (Of course it's helpful if you understand a few words of Spanish!)

"Veracruz is about six hours by car from Mexico City (or a short 50- minute flight). It is also a scenic 15-hour drive from Brownsville, Texas. The organizers are hoping that DXers from the United States and elsewhere will come to Veracruz and make a vacation of their trip as well. Good airfares are available to Mexico City or direct to Veracruz from several cities throughout North America.

"The costs for the Third National Meeting of Mexican DXers will be very modest. Hotels in Veracruz are quite reasonable by international standards, and the costs of the meeting itself will be nominal and payable at the door. Of course, you'll also have the opportunity to sample some of the regional Mexican cuisine at very reasonable prices. The meeting itself will take place Friday and Saturday, August 1 and 2. Many of the participants will be staying on Sunday, August 3 for a "social day" of informal meetings and sightseeing.

"If you would like more information about the Third National Meeting of Mexican DXers, including a registration form and hotel information, write to Jeff White, coordinator of international visitors, at Radio Miami International, P.O. Box 526852, Miami, Florida 33152, USA. Or fax us in Miami at (305) 267-9253. Or send an e-mail message to: wrmi@compuserve.com. We will send you complete details as soon as they are available." Network listings for team sports stations

Here is Major League baseball flagship information for the 1997 season from "Baseball Weekly" 3/12/97 (via Tom Sanders and Ken Onyschuk). (I would rather get duplicate information than get no information, if you think that someone else may have already sent it to me.) The size of each network is listed before the names of the announcers. I have no network lists; please send me any that you may have. I checked the www.cbsradio.com WWW site, and I see no mention of Major League Baseball; I do not know if CBS Radio will have games of the week this year.

There is no mention of the Padres', Giants', nor Rangers' Spanish flagship stations. The KTNA for the Giants' Spanish Network comes from *Sporting News Yearbook*. There also is no mention of the Expos' French flagship station.

The Braves' International Network has 44 stations in Puerto Rico, the Dominican Republic, Mexico, Guatemala, Honduras, Panama, Venezuela, Colombia, Netherlands Antilles (do they speak Spanish there?), and the United States. I do not know the U. S. flagship station.

When the World Series draws near, there is always talk of the "ex-Cub" factor -- the team with the most ex-Cubs loses. I know the announcers do not play the game, but there are six former Chicago Cubs or White Sox players or announcers in this list.

Here are the first two Major League Baseball network lists. I have looked for a few lists on the World Wide Web, but I have not found any. This seems strange, as the WWW is an excellent place to publicize the network broadcasts. There are 28 MLB teams (if I counted correctly), so there are 26 network lists that I do not have. Please send me any that you have. And if you find any World-Wide Web (WWW) URLs that may be of interest for this column, please send me the URLs. Thanks.

a The Chicago White Sox will be on 97.9 WLUP-IL when there is a conflict with the NHL Chicago Black Hawks or the NBA Chicago Bulls. If there is a triple conflict (it will happen three times in April), then the Blackhawks will be on 1000 WMVP-IL, the Bulls will be on 97.9 WLUP-IL, and the White Sox will be on 103.5 WRCX-IL.

Team Effort ...

That's what makes the NRC so great! And all information, contributions, and editing for *DX News*, *DX Audio Service*, and all publications is done by unpaid volunteers as part of a team. Perhaps you have a little time to give to your club ... if so, please write to Ken Chatterton - P. O. Box 164 - Mannsville, NY 13661-0164, and let him know what talents and time you can offer to the club. Updates to the *NRCAM Log* are always needed. Why not write to Ken today?
