From the Publisher ... Those of you with sharp eyes will note that the print area of the pages of this issue are a bit longer, and perhaps the print is sharper. The new printer, a LaserWriter Select 360, is in place and functioning well, not to mention printing three times as fast as the bubble-jet printer it replaced.

Welcome to these new members ... James Neff, Pine Pluff, AR (rejoins); Wayne Hall, Salem, OR; Sidney Leben, Spring, TX; Carter Elliott, Charlottesville, VA; Richard Dudak, Moon Township, PA; William B. Conner, Cumming, IA; Richard Dau, Jr., Iowa City, IA (rejoins); Fred Willshaw,

Charlotte, NC; Kent Derdivanis, Scottsdale, AZ; Mark Whittington, Austin, TX; Eugene Chicoine, Wakefield, RI; Joel Resnick, New York, NY; Charles Liberto, Hendersonville, NC; Joe Makeever, Austin, TX; Matthew J. Wall, San Francisco, CA; Paul Bain, Ripon, WI; and Robert A. Compton, Mertztown, PA. FYI - our annual start-of-the-season drop in membership has pulled us down to 685 DXN's mailed last week. If YOU would contact just one person potentially interested in joining the NRC ... starting with your local radio station ... we'd soon be pushing past 700 again!

Network listings for team sports stations

Here are a few updates to the Philadelphia Eagles' (NFL) network list from Dave Schmidt (via e-mail):

Dave believes that the Eagles' list I had was from last year. I took the list from the boursam web site, assuming that it was the 2000 list; I have no way of confirming it, as I have not found an Eagles' list anywhere else on the web. Here are Dave's updates from his monitoring in the northeast Pennsylvania area:

Drop: 102.3 WWSH-PA 103.1 WWFH-PA

Add: 980-WILK PA (also feeds WGBI-910 & WILP-1300 "The WILK Network") 1280-WFBS-PA

MEDIUM WAVE RAMBLINGS

- ❑ **Shawn sez:** "Conditions are still poor for this time of year with a lot of static from solar activity. Still managed to pull out two new ones so cannot complain." **Kevin** laments: "I don't understand why people would have the stereo pilot on but still be in mono. I do know that when the radio hears the pilot tone it sets the station into wide mode and it sounds better, but if you are already doing that, why not just make it real stereo?"
- ❑ More Graveyard records have fallen. I'm glad the interest is still there. **Nancy** reports that her local 1490 is still off the air, so she soldered her dial there. See below.
- ❑ Deadlines are Thursday by 1600 Central Time. Be here!!

- 1180 **WJNT MS Jackson - 10/19** - It is reported (Chip Kelley's web site) <http://www.metronet.com/~chipk/main.html> that **WJNT is off the air due to fire damage**. Good thing they ran the DX test prior to the fire :-). [Ed.-TX]
- 1550 **KKJY NM Albuquerque - 10/11 2055** - NOS music, singing legal ID at 2100: *Joy AM KKJY Albuquerque*, then more music to 2115 ad block. Occasional *Joy 1550* and *Joy AM 1550 K-J-Y* slogans. Very good signal in KADZ null. Obviously did not power down. New here, for New Mexico #63. Always had trouble hearing them on 1520. (JW-CO)

- 810 **WHB MO Kansas City - 10/19 0822** - With a tremendously long string of ads that probably ran the place for a month. An ad for *True Value's Ultimate Garage* and if you can't get to the store you can get an entry in the *Kansas City Star*, an ad for online betting at enterbet.com (I can't wait NOT to go there), an ad for the *Sterner Career Fair*, an ad for *McGuire Mortgage* where you can get a Len Dawson autographed football, an ad to go to the *KSU* football game with *Texas A&M*, a *National Tire and Battery* ad, and then a few more ads and into *Sportscenter*. I know that if I didn't want to know who this was, I would have long spun the dial elsewhere. (KR-AZ)
- 820 **WBAP TX Ft. Worth - 10/17 2050** - With an ad for HGTV and then *Red Lobster*. In stereo. (KR-AZ) [And it's funny, that they never mention they are in stereo - Ed.]

- 1340 **KGFW NE Kearney - 10/13 0100** - Poor, with ESPN promo and ID as 1340 *KGFW Kearney*. (MS-MB)
- 1340 **KAMG TX Victoria - 10/13 2307** - End of news, a nice *Radio 1340, KAMG* ID, then an ad with a Victoria location and fade into mess. New here. [Ed.-TX]
- 1400 **KSUN AZ Phoenix - 10/17 2052** - With Mexican pop music. IDs as *Radio Fiesta*. It has a very significant flutter in the left channel and a slight one in the right channel. Sounding bad as usual in stereo. I really hope they can fix this because they are the last AM stereo station in Phoenix. (KR-AZ)
- 1400 **KBRB NE Ainsworth - 10/11 2308** - Good, with country music, local weather and IDs for KBRB AM and FM. Not new, but extremely dominant for a graveyard this evening. (MS-MB)

- 1450 KYNT SD Yankton - 10/12 2358 - Poor, with promo for a Sunday night blues show on 1450 KYNT. (MS-MB)
- 1450 KVOW WY Riverton - 10/15 1959 - With Broncos post-game show. Legal ID at 2000: You're listening to Denver Bronco football on AM 1450 KVOW Riverton. Fremont County's Sports Authority. Fair, over group. (JW-CO)
- 1460 KTYM CA Inglewood - 10/14 0915 - With a black woman preaching and giving an 800 number for counseling, then a black man giving an ad for a grocery store in Inglewood. This was about as faint a signal as I could hear. New. (KR-AZ)
- 1470 WBKV WI West Bend - 10/13 2001 - Good, with ID as 1470 WBKV, Washington County's Sports Leader into high school football. (MS-MB)
- 1490 KRTN NM Raton - 10/16 1832 - Signal rose above din briefly as a male announcer says: ... on 1490 KRTN, then gone. Heard for first time, but too little information to report reception. (BM-SD)

- 1490 KBZY OR Salem - 10/13 0955 - Local time check, weather, and KBZY call ID. Not heard in many a moon. (AB-CA)
- 1500 KJIM TX Sherman - 10/16 1949-1956 - Tune Spanish Fly, announcer comments, two ads, announcer comments, and Osgood File. Alone on frequency with fair and steady signal. Called and played tape of reception. Guy I spoke with was astonished, and we had a good phone visit. (BM-SD)
- 1540 KZMP TX University Park - 10/12 1956 - Ads, traffic, La Bonita slogan, SS version of Pretty Blue Eyes, then legal ID at 2001: Sintoniza El Quince Cuarenta AM KZMP Fort Worth - Dallas, then sung La Bonita tacked on at end. No mention of University Park in ID. Soon lost at 2002, presume LSS power cut. (JW-CO) [Guess what? The FCC database lists the city-of-license as "Fort Worth"! I don't remember seeing this notice anywhere until now. The bulk of their daytime signal is directed at 284 and 091 degrees, with a small lobe at 189 degrees. Not exactly in your direction, John :-)- Ed.]
- 1550 KKJY NM Albuquerque - 10/13 0850 - Announcing ads in Bernalillo County, and giving the call of KJY about every time a song or ad was over. Playing Let Me Go Lover, and Sinatra singing In the Wee Small Hours of the Morning. (KR-AZ)

- 1590 KWBG IA Boone - 10/15 2143 - Super Accu-Weather ... on NewsRadio AM 1590 KWBG, then ads, with a mention of BBA (Boone Business Association). Briefly fair, under KVGB. A newbie, for Iowa #39. (JW-CO)
- 1590 KCNN MN East Grand Forks - 10/11 2000 - Good, with talk with coach of University of North Dakota Fighting Sioux on Fighting Sioux Football Network. Ad for Lola's Restaurant followed by North Dakota political announcement, ad for Valley Dairy and mention of The Forks City. (MS-MB)
- 1590 KERP TX El Paso - 10/12 2018 - Christian talk show, local spots, call ID. Has been pretty good lately in this time frame, nearing El Paso sunset. Maybe their 50 kW day CP is on. (JW-CO)
- 1630 KCJJ IA Iowa City - 10/14 0655-0720 - Two (or possibly three) men nonchalantly talking, as if

they were at a party or a bar. Almost sounded like they were drunk or high. Cracking jokes, asking silly logic questions ("How many of each animal did Moses take on the Ark?"), then hitting some blue material which would offend most, especially if heard on the radio. Many references to Iowa, Iowa City, Ames, Des Moines and groups who have played there (mostly 70s heavy metal bands). No mention of call letters or the station. Howard Stern wannabees? [Ed.-TX]

DDXD-East

Good news from Michael Shaw is that he expects to be back in the saddle in mid-November, so heads up on an address change in a few weeks. And welcome to Mike Clancy, who took a leisurely trip to the Jersey coast and so calls his loggings reported herein as "casual DX". Some rather ancient DX is included here, as it was in letters forwarded to Topeka from Florida by Michael. Otherwise, if your reports are NOT included below, ask yourself: Is it really DX? (not if it's a 50 kW clear-channel blowtorch, or you sent the same station in last week, it isn't!) Is it missing something ... date, time, enough details to be useful to another DX'er? On with it!

DX Digest

6988 Bank Street Rd.
 Byron NY 14422-9702

Foreign DX Catches. Times are UTC; for ELT, subtract 5 hrs.

Well, the corn has been harvested, so I stretched out about 300 feet of wire approximately due north, hoping for some possible northern path TA's. I would have preferred more to the east, but a road is in the way. It was a bust - no TA's of any kind. So the next day I shifted the wire due west (there's probably a quarter mile of room in that direction, for future extension, and lots of possible angles), and the results were better. I finished the work around sunset, went into the house and immediately found Morocco on 207, which has been in all evening. This is encouraging, although I'll feel better when I start getting them on medium wave, too!

By the time you read this I'll be in Newfoundland for my third visit to the DX Inn at Cappahayden. This means that there will not be an IDXD column in the next edition of DX News. Maybe Paul will run an "encore" IDXD from the past in its place? (You so funny, Jim! -pls)

Items appearing in IDXD may be reprinted in other publications provided that the original reporter and/or source publications are credited, and that the issue number or date is noted. Those who have done the hard work in reports and news items should be credited - it's the right thing to do. Except for radio clubs having a formal reciprocal relationship with the NRC, no one may reprint or redistribute the entire column without permission from the NRC Board of Directors. Members submitting IDXD loggings should follow the exact format shown below. NRC members should check the NRC web site to find information about receiving IDXD direct via e-mail.

- 1320 CUBA R. Musical Nacional, unknown location, OCT 10 0220-0240 - noted nonstop classical music mostly under WLQY (Kreyol), and traced it as parallel to 590 Musical Nacional network. Previously unreported Musical frequency. Seemingly too early for an 'overnight' relay (but see R Artemisa log), and subsequent log the next night seemed to be weaker than Artemisa after they closed. Also, would seem strange that Artemisa would want to close locally-originated programming at 9 p.m. but keep the transmitter on with Musical relay. But from Cuba... who knows. [Krueger-FL]
- 1320 CUBA R. Artemisa, la Habana, OCT 11, 0100-0101* - tune in to final moments, with woman "R Artemisa, fin de transmision ... venceremos" and off without anthem. WLQY (Hollywood-Miami area Kreyol format) dominated after, but a brief trace of Musical Nacional (par-

 1570 MEXICO XERE, Ciudad Acuña, COAH, OCT 15 0258-0303 - Spanish, Very good over local KHPN with musica romántica. Gave call letter ID, phone and FAX numbers, "La Poderosa" slogans and mention of "Grupo IMER". [Knight-CO]
 1590 VENEZUELA (t) OCT 8 0008 - Spanish talk with mentions of Venezuela briefly through WARV-RI. [Connelly*O-MA]

INTERNATIONAL NEWS

- MEXICO: The IRCA Mexican Log is finished and will be going to publisher soon. Many changes are covered on this one. [Knight-CO]
 UKRAINE? "A silent carrier can be heard on 171 kHz at this moment (10:30 UTC). Preliminary beamings here in Vilnius indicate that the signal is coming straight from the south, suggesting a tests from the transmitting center in Lviv. The 171 kHz outlet in Lviv has been silent over the recent months." [Bernd Trutenau, Vilnius, Lithuania, via *Medium Wave News* e-mail]

CORRECTIONS, ANSWERS, ETC.

- Last week I reported 1260-XEWGR in Monclova, COAH when in fact it is XEOG in Ojinaga, Chihuahua. XEOG uses "Radio Ranchito" slogans still while XEWGR uses "Stéreo Vida" and is very rare into Colorado. Sorry. TNX to John Wilkins for catching this. [Knight-CO]
 Re: Jean Burnell's "La Nueva Amor 8-90" UNID. "Amor 890" was likely WBFS Dedham MA. They are full-time Spanish, romantic music, using this slogan. WBFS is the sister station of WAMG/WLLH "La Mega" in the Boston area. [Conti-NH]

Ernest Cooper - 5 Anthony Street - Provincetown, MA 02657-1703

In my old age (82), I have come down with Parkinson's Disease. It has affected my handwriting and typing adversely, making it impossible to send out my annual Christmas cards to many of the members. So please accept this as my holiday wishes. I still enjoy reading *DX News*, even though I haven't attempted any DXing. I'm glad to know that the NRC is alive and well. I've had to give up my WOMR radio show as well. Anytime you hear a march, think of me and my show "Forward March!" which I did for 18 years. It's been fun! Happy Holidays! (As many may and may not know, Ernest was editor of this column for a few weeks (over 36 1/2 years?), and did as many as 10 pages of reports each week during the DX season, on stencils yet! How the times have changed! We will keep you in our prayers ERC and always wish you the very, very best!-DWS -Indeed -pls.)

Ray Arruda - 47 Burt Street - Acushnet, MA 02743-1939

Hello to everyone. Its been a while since my last MUSE, so here we go. I was looking through some old *DX News* recently dating back to the mid '70's up to about 1985. Some of the winter issues had almost a full page of arranged CPC TESTS. Most were on at scheduled times, and were happy to get accurate reception reports. A card or letter verification was in your mailbox not long after. That was 20 years ago, but how the times have changed. Getting a station to test and getting some sort of response seems to be an exercise in futility! Too much automation and very small station staffs could be the primary reason. One verification did come back from WTIR-1680 after a little over a year and 2 follow ups. WMIB-1660 Test was heard but not well enough with Elizabeth and Kalamazoo at 1 and 2 on the frequency. Other than that, not much DX on the AM band but occasional listening is done with any new ones entered in the log book. More time is spent now pursuing amateur radio. IMPORTANT REMINDER: Our annual Thanksgiving Get Together is ON and will be held Saturday November 18th, 2000 in The Lower Deck at 47 Burt Street starting around noon. We look forward to seeing you at that time! 73

Dave Schmidt - P O Box 3111 - Scranton, PA 18505-0111

Things have once again changed on the job front for me; I'm now working once again in the contract engineering business with a company called "Digital Radio Engineering" located in Middletown, NY. Since I just started with them on 10/18, I'm not sure just what stations I'll be working on yet, but I do know it will be A LOT of driving (just like the old days!). I'll primarily be working through the "Southern Tier" area of NY and even out as far as Allentown and Long Island! One of the stations I did visit in a recent trip to Binghamton was WINR-680. If anyone would like to hear some GREAT AM radio, tune them in during the afternoon when Ray Ross is on the air, probably one of the most enjoyable people I've heard on the air playing music in a true MoR fashion in YEARS! They use the AM Only sat. feed during certain parts of the day but this was a true enjoyable listening adventure! And, yes, I'm still working for WMBT-1530, WAAT-750 and WFBS-1280; I still have reports to answer from the WMBT Test from last February sitting on my desk! I'll have answers out to them by the time I schedule another test! Send in your reports, help keep MUSINGS in DX NEWS! 73 (How cum YOU get all the fun, Dave?! -pls.)
