Dear Mr. Kermit,

2/10/52

this card confirms your reception report of our station on the morning of November 22, 1952. We were exceptionally pleased with the completeness of your report, and happy to know that our signal reaches the east coast in such good condition.

I hope you don't mind our using post cards to answer a listener's report.

One thing that may be of some influence in the reach of our signal may be the fact that North Dakota has a ground conductivity unequalled by any other in the U.S.A.

HOBBS—Gateway to the land of opportunity, is located in the S. E. corner of New Mexico, on the East-West Highway and is a short drive from the famous Carlsbad Caverns. Within a 100 mile radius of Hobbs lies the largest oil producing territory in the world—more than all other fields in the U. S. put together. Abundant water is easily obtained, and the land is very fertile and cheap. Pay-rolls from Oil Industry alone are over \$3,500,000.00 annually, while sheep and cattle raising is also carried on to a vast extent.

Dear Mr. Geary

I certainly appreciate your fine report of reception of our station last Friday morning. Thanks a lot for the technical data, which I found very complete. Your program log corresponded very closely with the log ~~was~~ here.

We are planning a Special Program for the many DX ~~XXXX~~ listeners, on the morning of January 10, 1946. Our plans are to start the program at 1:00 am and it will be continued until about 3:00 am GST. I certainly hope you will have just as good luck in picking that program up as you had last Friday morning. I would appreciate your letting me know it and how you do receive the program, at that time. Respectfully,

C. H. Dyess

VERIFICATION--W9XBY--1000 watts, 1530 Kc. Kansas City, Mo.

This is to thank you for your report on the reception of W9XBY on 4/11/51 at 320 W. W9XBY is one of the 4 new "high fidelity" stations in the U.S., and is operated in the interest of higher quality radio transmission. The equipment used is NEW RCA-Victor 1-D, 1000 watt "high fidelity" transmitter and using new RCA-Victor amplifiers and velocity microphones. Studios are located on the 29th floor of the Power & Light Building--transmitter near 86th & Wornall Road.

Equipment is operated entirely by student-engineers enrolled in the training division of FIRST NATIONAL TELEVISION, INC., who also own and operate Television Station W9XAL in synchronization with voice channel W9XBY. Complete details regarding our thorough technical training will be sent on request. THANKS!

THERE IS MAGIC IN A WORD OF THANKS—THE ART OF APPRECIATION

Thank-U-Grams are designed to develop the faculty of AWARENESS. A faculty can only be developed by continued regular use. You use it consciously until it becomes automatic. The feeling of appreciation fathers the faculty of AWARENESS. The more you appreciate what you see, the more you see to appreciate. But what is more important, you develop a sense of AWARENESS of values, a balanced sense of judgment, a less biased viewpoint, a more balanced appraisal of people, events, and things. You will see the half-glass of water as HALF-FULL not HALF-EMPTY. AWARENESS is achieved by directed attention. Then appreciation is born. In full bloom it becomes POSSESSION. You can only really possess what you first appreciate.

It's easy! All you need do is promise yourself to send a Thank-U-Gram to someone deserving EVERY DAY. Tell them of the good they have added to the scene. One divine wrote: "The most effective prayer is the recognition of the presence of good." Plan to send one every day for a month and see if something WONDERFUL doesn't happen to you, too!

TV personalities including Garry Moore, Bob Cummings, Grace Oursler, Amy Vanderbilt, and Dr. Peale.

IF you'd like to test the BIG IDEA we'll help you. Just send a quarter for a starting set consisting of 10 Thank-U-Grams and 5 matching envelopes plus a Daily Dozen Thank-Account and a revealing booklet called "There is MAGIC in a Word of Praise," also a copy of the renowned "LISTEN" formula for successful living. all postpaid. Or if you want to make a longer test ask for 50 Thank-U-Grams and 50 matching envelopes. These will be sent to you for \$2 postpaid.
