

**THE TRAV-LER MODEL "A"**  
with full dynamic speaker

A genuine TRAV-LER electric midget radio receiver that will be a constant source of pride and pleasure to you. SIX POWERFUL TUBES produce amazing sensitivity—a NEW MODERN CIRCUIT gives phenomenal selectivity—a FULL DYNAMIC SPEAKER produces deep, rich tone at tremendous volume—and ALL-STEEL, RUST-PROOFED CHASSIS construction assures ample strength and long life.

The TRAV-LER MODEL "A" cabinet design is authentically GOTHIC—constructed of beautiful American walnut, attractively finished and high-lighted—it lends itself perfectly to any surroundings. A truly fine piece of cabinet work by master craftsmen.

Here indeed—is an example of what modern engineering and production facilities can accomplish. You can purchase the TRAV-LER MODEL "A" with perfect confidence that it represents the greatest radio value obtainable today—and that it will render you years of carefree, faithful service.

# TWO NEW DYNAMIC TRAV-LERS

## THE TRAV-LER MODEL "B"

with  
 FULL DYNAMIC SPEAKER  
 SCREEN-GRID  
 TONE CONTROL  
 POWER DETECTION  
 ILLUMINATED DIAL  
 PHONOGRAPH JACK  
 —45 OUTPUT POWER TUBE  
 FOUR GANG CONDENSER  
 ALL-STEEL CHASSIS

Here — finally — is a modern, full-fledged electric SUPER-MIDGET radio receiver — with EVERY new radio engineering feature — features that you know a modern radio is not complete without. Glance again at the imposing array above — even TONE-CONTROL — an ultra-new engineering accomplishment that permits you to select the exact shade of tone color you most enjoy — is there. And in addition to all these — a feature you cannot see — an underlying soundness of construction — true worth — that means years of faithful, uninterrupted service. The TRAV-LER is built as only the oldest exclusive manufacturer of small radio receivers in the world could build it.

In appearance, too—this new TRAV-LER MODEL "B" will delight you. Constructed throughout of only fine cabinet woods painstakingly finished in every detail — and of an authentic GOTHIC design that will harmonize perfectly with any decorative scheme — your TRAV-LER is at home in any company. Picture it in your living-room on an end table beside your favorite chair — in your bedroom — the sun-room — anywhere at any time. Since it weighs but twentyeight pounds you may even take it with you when traveling.
