FM ALLOCATIONS: PROPOSED AMENDMENTS

CA new	Essex	add 98.9 B, comments Oct. 24, replies Nov. 14
MI WMLQ	Rogers City	to 96.7 C2 from 97.7 A, com. Oct. 28, rep. Nov. 14

Two corrections to last weeks "Proposed Amendments" one from the FCC and the other from us. The proposal for Berne, IN should be 93.9 MHz not 94.5 MHz. WLKI-FM, Algona, IN should have been for WQTZ, Decatur, IN (The FCC has it listed in the Public Notice as WLKI-FM, Decatur, IN). All related listings remain the same.

FM ALLOCATIONS: GRANTED AMENDMENTS

ELSEWHERE

The proposed transfer between WBWB-96.7 and WTTS-92.3 in Bloomington, IN has been called off.

Opryland and Group W Satellite Communications have announced a new country music network. TNNR will be a 24 hour a day "Personality" format delivered over Galaxy 1. The Music Country Network now heard overnights will be folded into the new service. TNNR hopes to use AP Network News as did the MCN. WSM, Nashville and WKY, Oklahoma City have already annouced they will carry the service, both stations are owned by Gaylord parent company of Opryland.

With space reaming we would like to ask again that you send us any format changes you notice in your area. Sharing these changes is the best and quickest way to keep up the changes occurring daily across the county. We would also like to thank all the people already sending us information. You can reach us by phone at (703) 684-3622 or my mail at PO Box 3568, Alexandria, VA, 22302.

WASHINGTON THIS WEEK

The FCC granted a new AM station at Breen, CO to Daystar Radio. Frequency and power were not released. This action dismissed a proposed station at Kirkwood, NM. As soon as the technical information can be tracked down we will report it.

The FCC has approved an amended application by Q Prime, Inc. to substitute the application of Ionosphere Broadcasting for a new station at Woodlake, CA on 104.1 MHz.

ELSEWHERE

This week WQHT & WYNY in New York will make their switch. 97.1 will become Hot 97 and 103.5 will change to country. Both stations have been promoting the change on the air.

WASHINGTON THIS WEEK

The FCC has appointed Donna R. Searcy as Secretary of the FCC. Ms Searcy will begin October 9th, 1988. In addition to being responsible for the Commission agenda and meetings, she will oversee official FCC public dockets and serve as Lottery Officer.

Washington (cont'd)

At the request of Triple Bogey Broadcasting, the oral arguments in the San Diego FM proceeding are being rescheduled for October 14th. The applications of California Women in Radio, National University, Kaleidoscope Communications Committee, HG Communications, and Colom Communications Corp. have been dismissed.

We have additional information on the FCC granting of a "new" station at Breen, CO. It turns out the grant was for KLLV (Daystar Radio) to move from 1560 KHz to 660 KHz with 1800 w directional. Along with the grant to KLLV a competing application from KCEM in Aztec, NM to move to Kirkwood, NM on 560 KHz was dismissed.

ELSEWHERE

The Fresno Radio line-up will be reshaped this weekend. The new station combinations are as follows: KMJ 580 & KFYE 93.7 - Henry Broadcasting Company, KFRE 940 & KNAX 97.9 - Fresno Radio Associates, KXTC 790 (Clovis) & KFRE-FM 101.9 (new calls to be announced) - CKG Broadcasting.

A correction to MSJ #38, WONG-1150 under "CP ACTIVITY" is licensed to Canton, MS not White Rock, NM.
