FM ALLOCATIONS: DISMISSED AMENDMENTS

IL WCAZ-FM Carthage to 92.1 B1 from A

WASHINGTON THIS WEEK

The FCC has affirmed the allotment of 104.9 MHz A to San Clemente, CA and denied the petitions of Mcunt Wilson FM Broadcasters and Eric Chandler Communications seeking reconsideration of the allotment.

The grant of a booster on 106.5 MHz to KBER Spanish Fork to serve Bountiful has been rescinded.

ELSEWHERE

Two large station sales were announced this last week. Century Broadcasting Corp. will pick up the last NBC owned radio station KNBR San Francisco. Century already owns KMEL in San Francisco. The second sale will give KIQQ Los Angeles to Westwood. Westwood is reportedly still looking to add a Chicago station in order to further add asset value to the company and reduce compensation payments.

Corrections to MSJ #43, WFOF Wildwood, FL is WHOF and WIEZ is on 670 KHz in Lewistown, PA.

WASHINGTON THIS WEEK

The FCC has concluded that current transmitter synchronization technology does not warrant amending its rules to authorize the use of multiple synchronous transmitters by AM stations at this time. The FCC will however continue to entertain further applications for experimental synchronous operations.

The Satellite Music Network has announced its third oldies format. The new service was developed by and is based at Adams Communications KOOL(AM) in Phoenix, AZ. The format will concentrate on pre-Beatles rock music (1953 to 1963). First to join the network were KOOL's sister stations WKLL in St. Louis and KQUL in Seattle. Kool Gold will add another choice to SMN's Pure Gold (post 63 rock oldies) and Heart & Soul (R&B oldies).
