

The M Street Journal

Radio's Journal of Record

304 Park Ave. S., 7th Floor, New York, NY 10010 PHONE (212) 473-4668 FAX (212) 473-4626

BRITAIN LEADS THE WAY IN DIGITAL. . . . The BBC has hit the DAB airwaves with what they claim is the world's first DAB system using their Eureka-147 out-of-band technology. Calling it "the dawn of the third age of radio," the service covers about 20 percent of Britain's population, with 60 percent expected to be covered by 1998. Some receivers are available now, but are so bulky that they have to be installed in the trunk of the car and cost around \$3,150. Smaller ones should be readily available in 1997.

STRIKE TWO FOR HOWARD IN CHICAGO. . . . Howard Stern's mouth has gotten him booted off his second Chicago radio station in less than two years. Cox Broadcasting's WCKG, Elmwood Park, IL reportedly bought out the contract after GM Mike Disney became, according to Inside Radio, "philosophically uncomfortable with some of Howard's on-air content." Recently, Stern wished competitor Evergreen Media GM Larry Wert would catch AIDS and spread it to his family. Infinity's own WJJD, Chicago will pick up Stern, immediately pushing morning drive team Ed Vrdolyak and Ty Wansley to afternoons--knocking syndicated Don & Mike out of the picture.

FORMAT CHANGES & UPDATES (# change accompanies new ownership) (// simulcast)

		<u>formerly</u>	<u>becomes</u>
AL Guntersville	WJIA-88.5*	new	religion
AK Dillingham	KRUP-99.1	new	country

FM ALLOCATIONS: DISMISSED AMENDMENTS

IL new Cowden (Denied) add 98.3 A

WASHINGTON THIS WEEK

President Clinton has tapped former NAB exec. and current Sr. VP/Policy for the Cellular Telecommunications Industry Association Brian Fontes to head up the U.S. delegation to the World Radiocommunication Conference (WRC-95). Fontes has been an advisor to Commissioner Jim Quello and was with the Mass Media Bureau.

The FCC is stepping up security at 1919 M Street NW. Beginning this week, the space has been classified as a level IV building by the Justice Department. What this means to you and me is metal detectors in the entrances, round-the-clock security guard patrols and closed-circuit television monitoring, and X-ray machines for all incoming mail, packages, purses, briefcases, etc.

In the wake of hurricanes Marilyn and Luis that rocked the Caribbean, the NAB successfully petitioned the Commission to postpone the date by which radio stations in the Virgin Islands must file their license renewal applications. Accordingly, the date has been moved from October 2 to December 1, 1995.

ELSEWHERE

There's a triopoly brewing in Rochester, NY as ARS Communications has entered into an SMA with new rock WNVE. ARS already owns sports WCMF (AM), rock WCMF-FM and soft AC WRMM. Congress must lift the ownership caps for this one to go through--and rumors are flying that removal of the caps is being used as a bargaining chip to get the telecom bill signed by President Clinton.

Good Medicine Radio is targeting a triopoly in the Springfield, MO market as it will buy Ranger Broadcasting's classic rock KZBE, Pleasant Hope and CHR KHTO, Mt. Vernon. Good Medicine owns new rock KTOZ-FM, Marshfield. The LMA begins immediately.

As a follow up to last week's story, Roy Robertson's WSMD-FM, Mechanicsville, MD, has forced Greater Media's WGAY, Washington to quit using its new "Star 99.5" slogan, as WSMD-FM is claiming trademark infringement. A federal judge in Greenbelt, MD gave WGAY just six hours to stop using the slogan last Wednesday, forcing the station to switch to "Bright 99.5". WSMD-FM has been using the moniker for years and claims WGAY can't use it because most of WSMD-FM's listeners can hear WGAY's signal.

The RAB reports radio advertising revenue continues its climb with local advertising for August up nine percent over August last year. National spot gained three percent. Combined local and national was up eight percent. Revenues through August '95 are up ten percent over the same eight month period last year.

We're sad to report that one of radio's pioneers passed away last week. Alison Steele, known to many New York listeners as the sultry-voiced "Nightbird," died at New York's Lenox Hill Hospital after a long battle with cancer. She was around 55 years old. Steele was one of the first female announcers to make it in rock radio in the late 60's on WNEW-FM and was there until 1979. She handled overnight duties on classic rock WXRK, New York up until this past June.

Inside Radio reports KABC, Los Angeles has dropped late-night talker Ira Fistell and replaced him with Art Bell's syndicated program, which moved over from sister station KMPC. The station claims the move is economic and has nothing to do with the publicity generated from Fistell's traffic accident earlier this year.

Country is America's favorite according to the most recent Katz Format Report for the Spring '95 survey. Sr. VP/Research Gerry Boehme points out that even though country is beginning to experience the fragmentation other formats have dealt with for years, it still is the dominant format among all others. Alternative/modern rock picked up "huge" gains, while 70's oldies stands out as another growth format. Katz changed its methodology this year to include the impact of non-metro stations in format share calculations. If you'd like more info on this study or the new methodology, call (212) 424-6784.

Baby Boomers will reshape the 50+ demographic as they bring new and different behavior patterns to this group--making it one of the most lucrative for radio advertisers. This trend, according to a new study by the Interep Radio Store, will make the 50+ demo "even more essential than it has been in the past" because householders 45+ represent half of total US aggregate consumer expenditures and half of all total discretionary income. This group also spends almost 24 hours per week listening to the radio. By the year 2010, boomers will boost the group of adults aged 50 or over to 100 million--33% of the population.

M STREET BAZAAR. . .PEOPLE, PRODUCTS, AND PROGRAMMING

The NAB has announced the new chairs for the 1995-96 committees (only those that impact radio are listed here):

- Congressional Relations Committee--Tom Oakley, Quincy Newspapers Bcst. Group
Dean Sorenson, Sorenson Bcstg. Corp.
- Copyright Committee--Leavitt J. Pope
- Financial Advisory Committee--Mark P. Mays, Clear Channel Communications
- On-Air Initiatives Committee--Joseph Lewin, WMAR-TV, Baltimore, MD
- Human Resource Development Committee--Denise Oliver, Westwood One
- Media Convergence Task Force--Nicholas D. Trigony, Cox Broadcasting Co.
- Future of Radio Broadcasting--Alan Box, EZ Communications
- Radio Membership & Board Composition Committee--Ray Saadi, KHOM/KTIB, Houma, LA
- Group Fly-In--Herb McCord--Granum Communications
- Research Committee on Local Radio Audience Measurement--Terry Drucker, CBS
Radio Representatives
- Small/Medium Market Radio Committee--Larry Roberts, Sunbrook Communications
- NAB Radio Show Committee--David Gingold, Barnstable Broadcasting
- DAB/Satellite Sound Task Force--Randy Odeneal, Sconnix Broadcasting Group
- AMAX-AM Improvement--Ted L. Snider, Snider Corp.
- NAB/SBE Conference Planning Committee--Jerry Whitaker
- Multimedia World '96 Exec. Committee--Philip Dodds, Interactive Multimedia Assn.

Lots of promotions this week at the NAB. . . Rory Benson has been promoted to Exec. VP/Communications and assistant to the President. Rory had been Sr. VP/Assistant to the President for eight years. Kathleen Muller has been upped to Sr. VP/Meetings and Special Events. Kathleen had been a VP in that department since July, 1992. Terri Rabel has been promoted to Sr. VP/Operations and International Business Development. She was VP/Operations. Jack Knebel is tapped to handle Exec. VP/Operations and Business Development duties. Jack comes from the American Mining Congress where he served as president. He also served as Secretary of Agriculture during the Ford Administration.

The Tennessee Association of Broadcasters has elected WGNS, Murfreesboro (Nashville) President Bart Walker to the office of President. Walker has been with WGNS since 1984 and has been with several advertising and PR firms in Nashville.

The Alabama Broadcasters Association also has a new president. He's Jim Roling, owner of WTBF (AM), Troy, AL. He was elected at the recent ABA summer convention and succeeds Kerry Rich.

ABC Radio Networks has a new regional manager for affiliate marketing. He's Todd Fowler, who will handle the five state Southwest region. Todd was most recently at the Atlanta office of media collection firm Szabo Associates, Inc.

Tom Poulos has been promoted to Exec. VP/GM for Interep's McGavren-Guild Radio. Poulos was EVP/Director of Sales for MGR's Boston office as well as an Interep regional executive. He will continue to be based in Boston.

The Country Radio Broadcasters' second mini-seminar of the year, CRS SouthEast, is coming to Charlotte October 20-21. Panelists will include Southeastern-based radio personnel and Nashville's industry executives for discussions of the latest issues, networking, and new music. For more info, call (615) 327-4487.

Westwood One will air a one-hour live broadcast special of Garth Brooks' latest album "Fresh Horses" Tuesday, Nov. 21 at 8 pm ET. Garth will talk about the new work, perform acoustically, and take listener calls. For more info, call (310) 204-5000.

Sports Byline USA has expanded its weekday programming line-up to include five hours of programming from 1 am to 6 am ET Monday through Friday. "Sports Overnight America" features live sports talk with Dave Brody following Sports Byline. The expansion now provides affiliates with eight hours of programming seven days per week. For more info, call (800) 783-7529.

The M Street Journal

Radio's Journal of Record

304 Park Ave. S., 7th Floor, New York, NY 10010 PHONE (212) 473-4668 FAX (212) 473-4626

FCC DETERMINES STAFFING OPTIONAL IN RADIO. . . . As the new Emergency Alerting System is muddled in numerous petitions for reconsideration, the Commission has decided to allow unattended operation of stations through a waiver of the rules that require duty operators at broadcast stations, including transmitter control and monitoring, as long as "licensees implement an effective method of complying with current EBS requirements and responsibilities." The Commission encouraged licensees who currently participate in local EBS alerts to continue to do so through "whatever means they may employ to partially or fully automate their EBS functions," but it cautioned, "the implementation of an informal method or methods of automating the EBS is not a substitute for implementation of the EAS." This means that the Commission will permit unattended operation, but you must ensure your participation continues in EBS until EAS is on-line. It also eliminated the requirement for an operator to hold a Restricted Permit. In its release, the FCC noted, "automation is seen as affording more accurate and controlled operation than that performed by humans. Additionally, unattended operation is seen as permitting the more effective use of financial resources to enhance other station operations and services."

BIG TOWNS, BIG DEALS. . . . Beantown's big deal this week is Evergreen's announcement it will purchase country WKLB-FM, Framingham, MA, from Fairbanks Communications for \$34 million cash. Evergreen will need passage of the new rules to combo the acquisition with adult standards WXKS (AM), Everett, MA, CHR WXKS-FM, Medford and urban WJMN, Boston. In Philly, former Greater Media exec-Charlie Banta's Mercury Radio Communications is buying FM talker WWDB for \$48 million from Panache Broadcasting. Mercury owns classic rock WGRF and new rock WEDG, both Buffalo.

--------	---------------	------------

WASHINGTON THIS WEEK

The Commission has scheduled a license revocation hearing for seven Midwestern radio stations after a principal of the licensee was convicted of 12 felony counts of sodomy, sexual abuse, and sexual assault of five children ranging in age from 12 to 16 during a six year period. Michael Rice, a 100% owner of Contemporary Media and Contemporary Broadcasting and a 2/3 owner of Lake Broadcasting, has the monumental task of showing cause why the licenses of his stations should not be revoked. To make matters worse, the licensees are facing charges that they misrepresented to the FCC that Rice was excluded from the management and operation of his stations after his arrest in 1990 and that he engaged in unauthorized transfer of control. In order to own a broadcast station, Commission rules require one must be free from any felony convictions. Even if the stations licenses are not revoked, Rice may face fines of up to \$250,000. The stations involved are WBOW, WZZQ, and WZZQ-FM, Terre Haute, IN; KFMZ, Columbia, MO; KAAM-FM, Huntsville, MO; KBMX, Eldon, MO; and KFXE, Cuba, MO.

The Commission has denied NAACP petitions against Great Empire's country combo WOW-AM & FM, Omaha and Stauffer Communications' news/talker WIBW (AM) & country WIBW-FM, Topeka. The Commission denied the petition after the NAACP brought no new facts to the table. All stations' licenses were renewed. The Commission approved a settlement agreement between the NAACP and Stauffer.

The Commission has granted the application for assignment of WFXB, East St. Louis, IL, from River Cities Broadcasting Corp. to River City License Partnership and granted a waiver of the one-to-a-market rule. River City successfully demonstrated that the combo of KDNL-TV, KPNT (FM), and WVRV will save \$300,000 annually; that could not be achieved under separate ownership.

ELSEWHERE

SFX will spend \$39 million to buy up more duopolies as it announced it's acquiring HMW Communications' properties in Raleigh, NC and Greensboro, NC. It's taking oldies WTRG, Rocky Mount, NC and rocker WRDU, Wilson, NC, in the Raleigh market for \$28 million. It will spend another \$6 million to buy news WWWB, Greensboro, NC, and talker WMFR, High Point, NC, and AC WMAG, High Point, NC--all in the Greensboro market. It has an option to buy country WFXF, High Point for \$5 million. The deal adds two big Carolina markets to Robert Sillerman's duopoly collection in Charlotte and Greenville-Spartanburg. He also has duops in Nashville, Houston, Dallas, San Diego, and Jackson, MS.

Salem Media's Ed Atsinger has trimmed his money tree again to purchase three Christian-formatted radio stations from Colorado Springs-based The Word In Music for \$2.85 million. The name of his new group is Hiat Media. The deal will give him a duopoly in Colorado Springs as he already owns Christian KGFT, and is buying contemp. Christian KBIQ, Fountain, CO. The deal also includes contemp. Christian KTSL, Medicine Lake, WA (Spokane), and contemp. Christian KLTE, Kirksville, MO.

Journal Broadcasting is buying a duopoly in Tucson to add to its collection by picking up Apogee Radio's AC KMXZ, classic rock KKHG, and new rock AM KKND, all licensed to Tucson. The price was not disclosed. Journal expects to close by the end of the year. No LMA was mentioned.

Palm Beach Radio is doubling up in the Ft. Pierce/Vero Beach market by picking up AC WSTU, Stuart and soft AC WHLG, Jensen Beach for \$7.2 million. Radio Business Report notes that Palm Beach Radio is owned by National Enquirer publisher Peter Callahan. American Radio Systems currently has a purchase option on Palm Beach Radio's new rock outlet WPBZ, Indiantown in that market, and it already owns talk WBZT and country WIRK-FM, West Palm Beach, and rocker WKGR, Ft. Pierce.

The Interep Radio Store has added its ninth rep firm to its collection as Caballero Spanish Media has been officially merged in. In 1990, Interep and Caballero created the jointly-operated Caballero/McGavren Guild Spanish Media, with both firms exchanging equity in each other's company. Eduardo Caballero will remain as Chairman/CEO.

Many employees are seeing pink this week at the Corporation for Public Broadcasting as the organization eliminated 25 percent of its staff positions to kick off FY 1996. The new structure results from a "comprehensive internal review" that will eliminate \$1 million in administrative costs, as well as at least 28 full-time staff positions.

ELSEWHERE (cont'd)

Standing up for CHR Radio, Interep has released a study stating that music radio's founding format is thriving. The study reveals that CHR appeals to America's youth more than any other format, but covers age cells all the way up to 35-44 years-old. The CHR listener indexes above the norm in all \$30K - \$75 K income brackets. Furthermore, members of this group tend to use radio more extensively than all other media.

For dual-culture radio listeners, broadcast media is in, print is out, according to a recent Interep Radio Store study. The study, "Marketing to Dual-Culture Americans: Getting your message across to America's largest mass of first and second generation Americans," cites current immigration figures indicating almost 1 million people emigrate to the U.S. each year. 17% of the adult population is foreign born--the figure is much higher in some major metro areas. The study shows this group is a heavier user of broadcast than print media. The top reaching formats are news/talk, AC, country, Spanish, and CHR.

The NAB is promoting its second annual "National Radio Month" scheduled for January, 1996. "Radio's All You Need" is the theme for the month-long campaign designed to increase radio awareness. Kits will be sent to all radio stations in November and will include jingles, promotion ideas, logos, and other materials. The jingles for this year's campaign were produced by Dallas-based TM Century.

Standard Rate and Data Service (SRDS) has a new owner this week as Netherlands-based VNU bought the media rate information company for an undisclosed sum. VNU has significant media interests in the U.S. as it owns BPI Communications, the company which publishes *Billboard* and *AdWeek*; Bill Communications, which owns several magazines including *Restaurant Business*; Scarborough Research; and several media reporting companies. As is common with VNU, SRDS will continue to operate as an independent unit.

M STREET BAZAAR. . .PEOPLE, PRODUCTS, AND PROGRAMMING

Former U.S. Surgeon General Dr. Joycelyn Elders has decided to do her own one-hour talk show. Norman Wain will syndicate the program, which will debut October 16 on KSYG-FM, Little Rock and WERE, Cleveland. The show will air from 10 am to 11 am ET Monday through Friday. If you'd like more info, call (216) 566-8080.

Webster Audio Products has launched syndication of "John Sutton's Big Band Swing" Saturday nights from 8 pm to midnight ET. It's a live request and dedication show featuring music from the 30's to the 50's. Sutton was most recently at Jones Satellite hosting Big Band Saturday Night. For more info, call (800) 75-SWING.

One of radio's most dedicated promoters continues to push for the celebration of radio's 75th anniversary by publishing a pictorial history of radio. Radio Ink's publisher and professional photographer Eric Rhoads has published a coffee table book "A Blast From The Past: A Pictorial History of Radio's First 75 Years" (Streamline Press). The book includes dozens of subjects and stories and 900 photos from The Golden Age through the first DJ's and on to today's Howard Stern and Rush Limbaugh. Call (800) 226-7857 for ordering information.

USA Radio Network is debuting a new program dedicated specifically to the Internet. "Internet @ Night," hosted by Tony Reynolds, features discussions on E-mail, browsing, newsgroups, file transfers, and accessing tools. The show airs from 10 pm to 1 am ET Sunday nights. For more info, call (800) 829-8111.

NPR has new board members after elections this past week. Thomas W. Davis, GM of WUNC, Chapel Hill, NC gets one seat. There was a three-way tie for the remaining two seats between WUAL, Tuscaloosa GM Anthony Dean; KQED-FM, San Francisco GM Joanne Wallace, and Minnesota Public Radio VP/Broadcasting Dennis Hamilton. Run-off ballots for the two remaining member seats have already been distributed.

ABC Radio Networks welcomes a new General Manager. John Rosso will head up technical operations. Rosso comes from Group W's WINS/WNEW, New York, where he was Director/Broadcast Operations and Engineering. Jeff Allen has been named Manager/Affiliate Marketing for the Southwest region. Prior to joining ABC, Jeff was an AE with WJR, Detroit.

SW Networks has promoted Anita Parker-Brown to Manager/Affiliate Relations. Parker-Brown was previously Corporate Director/Promotions & Media Relations at New York-based Strategic Communications Group. Amy Bolton also joins SW as Director/Affiliate Marketing. She was most recently with ABC Radio Networks as Manager/Affiliate Marketing for TalkRadio and Business Week.

The M Street Journal

Radio's Journal of Record

304 Park Ave. S., 7th Floor, New York, NY 10010 PHONE (212) 473-4668 FAX (212) 473-4626

COME FISHING. . . The Commission, in what might be its first look into illegal LMA's, has fined Hampton Radio II's WOJY, Hampton, VA \$10,000 for unauthorized transfer of control and for failing to file ownership reports from 1990 through 1993. In 1992, the station entered into an LMA agreement with Hampton Roads Christian Radio to handle the day-to-day operations. That group's president, Tony Jones, acted as GM of the station during that time. When the FCC launched an inquiry, the station told the Commission, "Jones was accountable to you [Hampton Radio] as licensee of the station . . . and identified him as the person responsible for all station operations, including financial arrangements, personnel decisions, station policy, and programming." With that, the Commission found "no significant duties and obligations actually retained by Hampton Radio."

"I WANT! I WANT! I WANT!" PATTERSON BUYS MORE. . . Patterson Broadcasting plunks down another chunk of change to expand its list of stations to 24 after announcing this week it will buy June Broadcasting's urban AC WTCY and CHR WNNK-FM, both Harrisburg, PA, and country WXBM-FM, Milton, FL (Pensacola). Terms weren't disclosed. The Patterson group, headed by Jim Wesley, is on a fast track--it won't even celebrate its first birthday till next Spring.

WASHINGTON THIS WEEK

FCC Chairman Reed Hundt has made good on his promise to swing the budget ax, cutting staff by at least ten percent and closing several field offices to do it. As we first reported in August, Hundt will close Miami, Norfolk, Buffalo, St. Paul, Houston, Portland, San Juan, Anchorage, and Honolulu, although each closed field office will retain at least two staffers. Inside Radio reports the full Commission voted to pass the package that will probably take place at the end of fiscal '96.

The jury has been drawn for reconciliation of the Telecomm bill that will decide the fate of ownership caps. Inside Radio reports representatives Stearns, Paxon, and Klug will handle the critical broadcast issues while Judiciary committee members Hyde, Moorhead, Goodlatte, Buyer, Flanagan, Conyers, Schroeder, and Bryant will also be involved. House members involved on the entire bill are Bliley, Fields, Oxley, White, Dingell, Markey, Boucher, Eshee, and Rush. Senate members are Pressler, Stevens, McCain, Burns, Gorton, Lott, Hollings, Inouye, Ford, Exon, and Rockefeller.

FCC Commissioner Susan Ness underscored the importance to democracy of preventing undue concentrations of mass media ownership but thinks radio duopolies have "served the public well." During a speech to the Texas Association of Broadcasters, she said she wants to simplify and refocus EEO rules, as well. Ness proposed, "the FCC should recognize as full EEO compliance a station's consistent employment of a workforce that is reflective of the community population." She also wants to recognize alternative EEO recruitment methods, such as job fairs. Further, she believes the size of stations that qualify for a "small station" exemption should be increased.

The NAB got half its wish--the Commission has extended the deadline for broadcasters to implement EAS to January 1, 1997. The NAB had asked for July, 1997. Inside Radio reports that NAB engineer Dave Wilson says the Commission should start accepting applications for EAS equipment authorization very soon.

Radio has successfully avoided new performance rights fees as Congress passed new legislation covering rights for digital sound recordings. NAB President Eddie Fritts says the legislation ". . . maintains the historic, mutually beneficial relationship between radio broadcasters and the recording industry."

WASHINGTON THIS WEEK (cont'd)

The Commission has named Linda Blair (No, not that Linda Blair!) to Acting Chief of the Audio Services Division of the Mass Media Bureau. She replaces Larry Eads, who retired on September 30. Ms. Blair has been Assistant Chief since October, 1994.

Nashville's Lorianne Crook and Charlie Chase are moving on to launch their own four-hour weekend country countdown in January, 1996. It's produced by Jim Owens & Associates and will be syndicated by Jones Satellite Networks. Better known as "Crook & Chase," they currently host "The Nashville Record Review," a weekend show produced by The Nashville Network-Radio. TNN's "Wildhorse Saloon" host Katie Haas, and WSM (AM), Nashville morning man Bill Cody will team up to continue the Record Review.

Tribune Entertainment has sold the rights to its two-hour weekly radio program, "The Road," as well as the trademark and concept to Stillman & Co. Stillman plans to work closely with Tribune on continued syndication of the show, as well as "broaden its scope. . . including a site on the World Wide Web." In 1994, Tribune introduced the concept which included a weekly television series (since sold to The Nashville Network), a line of apparel, and home video distribution. Stillman is co-creator of the NASCAR Country Radio Network.

Guaranty Broadcasting is doubling up in Baton Rouge as it will purchase Airweb, Inc's country combo WFPR and WHMD, Hammond, LA for \$1 million. Guaranty owns classic rocker WGGZ, Baton Rouge.

DC-based Radio America, a short-form program syndicator, has announced it will launch a 24-hour conservative talk network. Radio America had previously made an attempt at syndicating Morton Downey, Jr.

Interop says the marketer's nemesis--Generation X--may be paying a lot of attention to hockey. Interop's Research Director Kristen Walsh says hockey or radio delivers upscale and professional but a bit younger than other sports because of the NHL's effort to market the sport to teens and the Generation X audience. Hockey has the highest percentage of 18-34 year-old listeners when compared to football, basketball, or baseball.

M Street has compiled some statistics on group vs. non-group ownership in the radio industry. All licensed stations and construction permits that have been assigned call letters were used to make up the list of 12,754 stations.

To qualify as a group, more than one station in more than one market must be commonly owned. Therefore, combos or duopolies in a single market are not a group.

Ownership	All Stations		AM		FM	
=====	=====	=====	=====	=====	=====	=====
Group Owned	5,106	40%	1,890	38%	3,216	42%
913 Groups						
Non-Group Owned	7,648	60%	3,140	62%	4,508	58%
5,743 Owners						
Market	Group Owned		Non-Group		Total	
=====	=====	=====	=====	=====	=====	=====
Arbitron 1 to 100	1,881	51%	1,784	49%	3,665	
100+	1,390	46%	1,629	54%	3,019	
non-Arbitron	1,835	30%	4,235	70%	6,070	

296 stations or 2% are managed by someone other than the licensee--either a group, another station, or some other entity.

ARE THERE ANY MORE STAND ALONE STATIONS?

A stand-alone is a station with no AM or FM sister--one station in one city. It may be group or non-group owned.

Stand-alone	5,513	43%	1,833 or 33% are AM,	67% FM
Combo/duopoly	7,241	57%	3,192 or 44% are AM,	56% FM

ELSEWHERE (cont'd)

The Katz Radio Group released four separate, yet similar studies discussing the radio industry's unique position of covering sports. Katz Sr. VP/Research Gerry Boehme says Major League Baseball, professional football, college sports, and sports in general deliver upscale listeners and high 25-54 appeal. He stresses that these listeners have an emotional tie to the programming, making sports radio even more appealing to the advertiser. The studies show that radio indexes higher than television in many major economic, lifestyle, and consumer spending categories.

M STREET BAZAAR. . .PEOPLE, PRODUCTS, AND PROGRAMMING

Arbitron has introduced a new resource guide for agency planners. The Radio Rating Point Planner compiles average ratings for the aggregate audience of the top 3, 5 and 10 stations for seven key demos and eleven dayparts. Until now, agencies have compiled the data by hand from multiple market reports. The guide will be a part of the Media Management Series from now on.

SW Networks has launched two new programming services. Its Alternative Rock Network provides show prep, entertainment and music news, artist bios, and newsclips in a text format, as well as audio entertainment and music news and production CD's. Its Talk Programming Services consists of a clipping service, TV monitoring service, guest bookings, and TV talk show excerpts. For more info, call (212) 833-5400.

The National Association of State Radio Networks is syndicating "The Field & Stream Radio Hour," which airs weekends and is distributed via satellite. NASRN is now offering the show to stations in non-member states. For more info, call J.D. MacKay at (313) 882-5261.

ABC Radio Networks will do a special two-hour broadcast that features an exclusive interview with Paul McCartney called "Beatles '95." Hosted by Dick Bartley, the program features dozens of Beatles songs and comments from Ringo Starr. For more info, call Ramona Rideout at (212) 581-3962.

After MidNite with Blair Garner will air its first country radio special over the Thanksgiving weekend. The Tracy Lawrence Thanksgiving Special will feature cuts from his live album, plus a world premiere of a new single from his upcoming studio album. For more info, call (800) 261-9053.

Jones Satellite Networks has upped two in the programming department. Phil Barry, who has been with the company since its inception, will add responsibilities of investigating and evaluating new programming opportunities for JSN. Jim Murphy is now Senior Operations Manager and oversees all of JSN's in-house formats.

Interep's Major Market Radio Sales has a new president. Paul Anovick takes the position November 1. Paul joined MMR this summer as Sr. VP/Director of Operations. George Gollub has been named Director of Sales for Infinity Radio Sales/Boston. He was most recently an AE with D & R Radio's Boston office.

Arbitron has tapped Bruce Supovitz to handle the Senior Account Exec./Radio Station Services position in Columbia, MD. Bruce comes from Infinity's WLIF, Baltimore, where he was GSM. He'll handle clients in Philadelphia, parts of New Jersey, and upstate New York. Scott Musgrave has joined the company as Marketing Manager/Radio Station Services. He rejoins the company after spending five years with Pyramid's hot AC/jazz combo WYXR/WJJZ, Philadelphia, where he was General Sales Manager.

The Michigan Association of Broadcasters has elected new officers for the MAB Foundation's board of directors. Jerry P. Colvin, president of LIN Broadcasting's WOTV-TV, Battle Creek, will act as president. Joe D. Buys, president of Clear Communications is now VP. Robert F. Ottaway is secretary/treasurer.

Westwood One has named Diana Laird Program Director for its Adult Rock & Roll network. Laird was PD at classic rock, KJFX, Fresno, as well as WSHE, Ft. Lauderdale when it was album rock.

The M Street Journal

Radio's Journal of Record

304 Park Ave. S., 7th Floor, New York, NY 10010 PHONE (212) 473-4668 FAX (212) 473-4626

PAR-TAKES OF SAN DIEGO. . . Par Broadcasting will move into the group-owner circle as it plans to buy the Compass Radio Group for \$68 million cash plus one of Par's stations. Par is buying Compass' oldies KCBQ (AM) and classic hits KCBQ-FM, San Diego; oldies combo KOOL-AM & FM, Phoenix; and St. Louis area stations sports KFNS, Wood River, IL and soft AC KEZK-FM, St. Louis. In the deal, Compass gets Par's rocker KIOZ, Oceanside, CA. Par also owns talker KOGO and CHR KKLQ-FM, both San Diego. In order to comply with FCC ownership regs, Par will donate its KKLQ (AM), Oceanside to Palomar College in San Marcos, CA.

THE NATION'S BEST DX CATCH SIGNS ON. . . . AM expanded-band pioneer WJDM, Elizabeth, NJ, began testing its 1660 KHz frequency this past week and may program it separately from its 1530 KHz frequency. M Street Radio Directory contributor Lee Harris interviewed WJDM's John Quinn, who said the 10 kw tests begin at approx. 7 pm ET each night through the first week of November. Quinn won't say what the format will be, only that "it will be a nice addition for New York." He says he may also build studios in Manhattan.

TX new Karnes City add 103.1 C2, window opens December 1, closes Jan. 2
 WA new Pasco add 93.7 A, window opens November 30, closes Jan. 2

WASHINGTON THIS WEEK

Better have a few more choices in mind when you're looking for new call letters. Effective October 30, any low-power television station can now apply for a four-letter call sign. Previously, only the oldest LPTV's had the option to switch. Now, everyone can apply, but call signs may not be reserved and television translator stations aren't eligible.

It's renewal time for AM, FM, and FM translators in Arkansas, Louisiana, and Mississippi, and FM translators in Colorado. The Commission has released its current licensee address lists for these states. Check with the FCC to make sure they have your proper mailing address to send the renewal kit. Corrections to your address can be faxed to the Commission at (202) 418-1411 by November 10. For more info, call Penelope Dade at (202) 418-2740.

ELSEWHERE

The Amaturio Group is setting itself up to ring the L.A. area by buying soft AC KNJO, Thousand Oaks from Flagship Communications and silent KRCI, Avalon, CA from Catalina Radio for \$2.25 million and \$600,000, respectively. Both stations are on 92.7 MHz, the same frequency as its KOOJ, Riverside. Radio Business Report says plans are to trimulcast the stations. Amaturio also owns country KFRG, San Bernardino, CA.

Merger of the week is a "classic" as Marlin Broadcasting, which owns classical outlets WQRS, Detroit; WFLN-FM, Philadelphia; and WTMI, Miami, will combine with American Radio Systems. Value of the deal is pegged at \$70 million. Marlin's President Woody Tanger will buy back WTMI and some Philadelphia real estate with the deal.

All things considered, it's an innovative breakthrough that should click rather than clack. Warren Gregory, whose WJJB (FM) airs SW's smooth jazz to the Cumberland, MD market, sensed that his audience would be attracted also to NPR offerings, which are not readily heard locally. National Public Radio, wishing to fill a coverage gap, thus affiliated with a commercial station for the first time in its 25 year history.

On November 1, listeners in the Potomac Highlands of West Virginia and western Maryland will begin hearing "Morning Edition," "All Things Considered," "Weekend Edition," PRI's "A Prairie Home Companion," and even Click and Clack the Tappet Brothers on "Car Talk" - all on commercial WJJB and complementing its regular format. SW will provide programming from 8 am to 4 pm and 6 pm to 6 am. NPR's Morning Edition fills 6 am to 8 am. All Things Considered runs from 4 pm to 6 pm. Gregory says the station's NPR programming will run commercial-free, with support from local 'underwriters.' When it switches back to smooth jazz, traditional commercials will be mixed in with the underwriting announcements.

Sun really sets this time. A month ago, we reported that the Sun Radio Network made an opportunistic attempt to expand from weekend to seven day programming to fill the gap left by the closing of Sonny Bloch's IBN network. Potential affils failed to climb aboard as expected, and Sun soon retrenched to its prior weekend schedule. Now Sun is going dark altogether on October 31.

Happily, some of its programs have found new homes. The Business News Network will air the "On the Road with Jeff Brooks" automotive info show in its usual Saturday 10a-2p ET slot. The web will also carry "The Charles DeRose Financial Advisor Show" in its established 11a-3p ET block on Sundays. Other networks are also understood to be shopping for programs that fit their formats. Tom Valentine's controversial "Radio Free America" may be relocating to the shortwave bands.

The Chicago Sun-Times reports the Windy City will get its first morning show geared exclusively to homosexuals. Beginning November 13, Douglas Broadcasting's brokered WNDZ, Portage, IN will air the show Monday through Friday from 7 to 9 am, with plans to expand to 6 to 9 am sometime next year. Since June of last year, "Lesbigay Radio," was heard Sunday mornings on progressive WCBR-FM, Arlington Heights, IL. The show features news, sports, weather, traffic, and music by gay and gay-friendly artists.

CBS Radio Networks has named Ann Klenk to produce its new talk program, "The Mary Matalin Show," beginning in January, 1996. Klenk created CNBC's "Equal Time," which Matalin hosted. Klenk is currently exec. producer of news programming for WUSA-TV, Washington, DC. Matalin debuts January 8, 1996 from new studios on Capitol Hill. Affiliates and listeners can "win" their right to be a part of the democratic process. CBS and Matalin's show will give away trips to New York to or through affiliate stations for "ringside seats" at the CBS News set for election night coverage, or for guest media passes to either the Democratic or Republican Conventions next summer. FBI security checks will be required for convention trip winners.

Arbitron's good news of the week is that male 18-24 sample performance set a new record as the proportionality index for all 94 of the continuously-measured markets was 91.0%--up 12 points over Summer, 1994. Arbitron claims the increase is due to new enticement techniques like offering a \$3 premium to males 18-24, mailing diaries in a special box, and making additional follow-up calls.

ELSEWHERE (cont'd)

According to Hispanic Media Update, Arbitron will use only bilingual interviewers when calling the top 15 Hispanic metros. The new policy begins with the Fall, 1995 survey.

Saul Levine's classical KKHI-FM, San Rafael, CA, is increasing its coverage of the Bay area by rebroadcasting its signal over the Second Audio Program (SAP) channel of KCNS television, channel 38. The station's new coverage map now boasts a "coverage of 5 million watts."

EZ Communications has filed with the SEC for an offering of senior subordinated notes to the tune of \$150 million. The offering's proceeds will be used to refinance existing debt and fund the previously announced acquisition of country KFKF-FM, Tulsa.

Chancellor Corporation has filed with the Securities and Exchange Commission an offer for over \$200 million in common stock to fund the purchase of Roy Disney's Trefoil Communications, the parent company of Shamrock Broadcasting. The stock sale is contingent on its Chancellor Broadcasting unit selling \$100 million in notes. The purchase price for Shamrock hovers around \$395 million.

M STREET BAZAAR. . .PEOPLE, PRODUCTS, AND PROGRAMMING

Rocky Mountain Radio's Radio One Network has launched its second format. "Go Country!" is a modern country format consulted by Nashville-based Moon Mullins Company. The new format features Radio One's new localization techniques where the network actually does all the local customization several times a day and downloads it to the station simultaneously with the broadcast. Radio One does customized local contesting, promotions, weather, traffic, local events, and call-ins. Skip Joeckel, VP/Affiliate Relations for Colorado Springs-based SMI Business Radio will join the company to handle syndication. For more info, call (800) 746-2141. The listen line for the new format is (970) 949-0102.

International news/talk radio consultant Valerie Geller will be hosting her second annual producer's workshop February 3-4, 1996 at the Radisson Empire Hotel in New York. It will feature talk radio and television producers from around the world in an exchange of ideas and solutions to the problems of getting the show on the air. For more info, call (212) 580-3385.

Nashville-based Backstage Productions is offering the syndicated bluegrass show "American Acoustic Country" on compact disk. Tom Riggs hosts the show, which features the great names in bluegrass each week. For more info, call (407) 856-0245.

The NAB's Radio Engineering Achievement Awards are looking for nominations for outstanding contributions to the broadcasting industry in these areas: inventions, development of new techniques, dissemination of technical knowledge and literature, leadership in broadcast engineering affairs, or other outstanding contributions. Winners will be selected by the NAB Executive Committee and will be recognized at the Broadcast Engineering conference during NAB '96 in Las Vegas. For more info, contact Sandra Schultz at (202) 429-5346.

Interop has promoted Wendy Wohlman to the new position of Format Marketing Manager for the Interop Radio Store. She'll be responsible for creating format network marketing materials, launching new networks, coordinating special events, and developing new business. She was most recently a sales associate for Interop's BBDO Account Management Team.

SW Networks has upped VP/Programming Corinne Baldassano to Senior VP. She's been with them since its start-up in 1994. Corinne came to SW from VP/Programming at Unistar.

Stan Major celebrates entering the fifth year of his overnight program "Stan Major Show" this week. He began in November, 1991 on eight stations. If you'd like more info on picking up his show, call (800) 958-6622.

GMI Broadcast Services has launched a new site on the Internet. The site features GMI's jingles and voice sweepers for download. The site is <http://www.halcyon.com/gmi/> If you'd like to try the more conventional method to contact them, call (206) 839-9414.

This month we're running our series of format statistics for the year, taken from the forthcoming 1996 M Street Radio Directory. This week's chart provides a look back over the past seven years of radio formats across the U.S. This is the first in a series of four charts.

M Street Format Trends from 1989 to 1995

Counts as of October 1995

Commercial								94/95	89/95
Stations by primary format	1989	90	91	92	93	94	95	+/-	+/-
