

***"You just have to speak
to the right people."***

- Installed in world class facilities
- Integrated platform concept
- Fiber optic networking
- Any audio source, anywhere

"When faced with moving seven major radio stations into one consolidated facility, we suddenly realized the limitations of using a conventional analog approach," says Jan Chadwell, AM Chief Engineer, Clear Channel Denver. "KLOTZ provided the solution with their digital consoles and VADIS platform. We were able to consolidate the majority of the sources and destinations in one large master rack room."

"KLOTZ allowed us to achieve in eight months what would have taken us two years had we gone analog. Performance has been beyond anything we could have anticipated. The flexibility, ease of use, low maintenance, and great factory support have reinforced our decision. Thank you KLOTZ!"
