Your Favorite Merchant Contains triethylene glycol and propylene glycol in a combination of ingredients now being used in leading hospitals and by doctors for disinfecting and preventing infection as well as for harmless sanitizing of 1:30 St. Louis Matine eating utensils and glasses. Glyco-Mist gives long lasting protection... does not hide or cover odors but kills their bacteria source. Hygeia Magazine Says About Glycols: "With a spray, one gram of propylene glycol will sterilize 2,000,000 cubic centimeters of air, but with a vaporizer the same amount of propylene will kill all the bacteria in 20,000,000 cubic centimeters of air. As for triethylene glycol, it was effective in unbelievable dilution of one gram to a billion 6:15 Continued 6:30 Lum 'n' Abner cubic centimeters of air...a single drop of the 7:00 The Show

Glyco-Mist

Deodorizes!! Sanitizes!! Disinfects!!

SPRAY FRAGRANT GLYCO-MIST

KILLS ODORS

INSTANTLY

Mildred Bedell Stars of Today \$2.95 Economy Size Quart Ask for GLYCO-MIST at **Your Favorite Merchant**

Contains triethylene glycol and propylene glycol in a combination of ingredients now being used in leading hospitals and by Continued Meet Menjous doctors for disinfecting and preventing infection as well as for harmless sanitizing of Hollywood Kay West eating utensils and glasses. Glyco-Mist gives long lasting protection . . . does not hide or cover odors but kills their bacteria source.

Hygeia Magazine Says About Glycols: "With a spray, one gram of propylene glycol will sterilize 2,000,000 cubic centimeters of air, but with a vaporizer the same amount of propylene will kill all the bacteria in 20,000,000 cubic centimeters of air. As for triethylene glycol, it was effective in unbelievable dilution of one gram to a billion cubic centimeters of air... a single drop of the stuff vaporized, could clean the 'bugs' out of a ten by ten room in less time than it takes to

If your merchant or jobber can not supply you with Glyco-Mist please write:

you with Glyco-Mist please write:

\$2.95 Economy Size Quart Ask for GLYCO-MIST at

Contains triethylene glycol and propylene glycol in a combination of ingredients now being used in leading hospitals and by doctors for disinfecting and preventing infection as well as for harmless sanitizing of eating utensils and glasses. Glyco-Mist gives long lasting protection . . . does not hide or cover odors but kills their bacteria source.
