Washington, January 14, 1915.

To collectors of customs, radio inspectors, and others concerned:

This publication is issued monthly by the Bureau of Navigation, Department of Commerce, and distributed to the United States officers engaged in or concerned with the enforcement of the radio laws for their guidance and instruction, and to those concerned with the operation of Government and commercial radio stations for their information.

The Radio Service Bulletin supersedes the quarterly supplements to the List of Radio Stations of the United States and contains information concerning Government, commercial, and special stations only. Information regarding amateur stations appears only in the annual edition of the List of Radio Stations of the United States.

The bulletin contains tables of new stations, alterations, and corrections under headings, so that the List of Radio Stations of the United States and the List of Radiotelegraph Stations, published by the international bureau at Berne, may be brought up to date. Additions, alterations, and corrections should be entered in these two publications promptly on receipt of the bulletin.

Amendments to or changes in the Radio Laws and Regulations of the United States (edition of July 27, 1914) are printed in this bulletin in such a manner that they may be clipped and pasted in

their proper places in that publication.

Items of general interest concerning the enforcement of the radio laws are printed in the bulletin from time to time, as occasion warrants.

E. T. CHAMBERLAIN, Commissioner of Navigation.

Approved:

E. F. Sweet, Acting Secretary

NEW STATIONS.

LAND STATIONS, ALPHABETICALLY BY NAMES OF STATIONS.

[Additions to the List of Radio Stations of the United States, edition of July 1, 1916, and to the Interna-tional List of Radiotelegraph Stations published by the Berne bureau.]

Station.	Call signal.	Range.	Wave lengths.	Serv- ice.	Hours.	Station controlled by—
Latouche, Alaska ¹		150 30	300, 450, 600, 1850	PG O	x	Kennecott Copper Corporation. National Guard, State of Maine.

ABBREVIATIONS.

The necessary corrections to the List of Radio Stations of the United States and to the International List of Radiotelegraph Stations, appearing in this Bulletin under the heading "Alterations and corrections," are published after the stations affected in the following order:

Name = Name of station.

G. loc =Geographical location: O=west longitude, N=north latitude. Call =Call letters assigned.

System = Radio system used and sparks per second.
Range = Normal range in nautical miles.
W. L. = Wave lengths assigned: Normal wave lengths in italics.

Service=Nature of service maintained:

PG=General public.

PR=Limited public.

P=private.

O=Government business exclusively.

Hours =Hours of operation:

N = Continuous service. X=No regular hours. m=a. m. (12m=midday).s = p. m. (12s = midnight).

Rates = Ship or coast charges, in cents: c=cents. (The rates in the international list are given in francs and centimes. For approximate purposes, I franc equals 20 cents and 5 centimes equal 1 cent.)

Notes = Refer to notes in the Berne list.

NOTICE.

It will be noted that the additions, alterations, and corrections contained in this Bulletin apply to the List of Radio Stations of the United States, edition of July 1, 1916, which is now in the hands of the printer, although it is not possible at this time to anticipate its delivery. All additions, alterations, and corrections appearing in this and later editions of the Bulletin should be saved and inserted in the new annual list as soon as it is received.

A sufficient number of blank pages will be inserted in the back of the new list in order that these particulars may be clipped and pasted therein, enabling radio operators and others concerned to keep their annual list up to date with very little trouble.

ALTERATIONS AND CORRECTIONS.

Strike out all the particulars following the call signals: 1ZZ, 2XH, 2XR, 2XT, 5XC, 6XC, 6XT, 7XM, and 8XW.

MISCELLANEOUS.

MARINE DISASTERS IN WHICH WIRELESS FIGURED DURING FISCAL YEAR 1916.

1915.

July 2.—Steamship Panuco grounded at entrance to South Pass, La., with a crew

of 35 aboard. Aid was summoned by wireless and the vessel was floated.

July 10.—The pilot boat New Jersey was rammed and sunk by the United Fruit steamer Manchioneal at the eastern entrance to Ambrose Channel. The steamship Manchioneal saved the crew, but the SOS calls sent out brought assistance promptly, which, however, was not needed.

July 11.—The Invermore was wrecked near Brig Harbor, Labrador. The distress

call was sent by radio and the necessary aid was obtained.

July 15.—The steamship Jullandia ran aground north of Gatun Locks, Panama

Canal. The vessel was rescued, however, and no lives were lost.

July 22.—The steamship Sucha, while on fire in the Gulf of St. Lawrence, signaled for help by wireless, which was received by the Royal George, and the latter vessel proceeded to the rescue of the Sucha, but later received word by wireless that the fire had been extinguished and that assistance was not needed.

August 2.—The steamship Georgian went aground off Duxbury Reef. The steamship

Harvard responded to the SOS call and no lives were lost.

August 4.—The Emma Angel was storm-battered and water-logged 45 miles southeast of the Highlands and signaled to the Bermudian near-by, which sent a wireless distress call, to which the Seneca responded and all on board were saved.

August 18.—The El Sud grounded on Galveston Bar. The tug Senator Bailey re-

sponded and brought the necessary assistance.

August 19.—The steamer Baron Erskine when one day from Avonmouth was torpeded by a submarine. There were 108 persons on board, but no lives were lost.

August 20.—The steamer Marrowine is supposed to have been sunk in a storm in the Gulf of Mexico. Nothing definite is known in regard to this disaster and probably never will be.

August 23.—Steamship Metapan grounded in Cartagena Harbor. There were 45 passengers and 19 in crew. The cargo was promptly discharged into lighters and

steamer subsequently floated.

August 29.—Steamship Admiral Watson rammed by the steamship Paraiso while lying in dock, Seattle, Wash., sinking in 10 minutes. All aboard were saved with

the exception of one person.

August 30.—Steamship Edith, of the Alaska Steamship Co., when 40 miles northeast of Cape St. Elias, listed badly on account of shifting of cargo of copper concentrates. The SOS call brought the necessary aid and all on board were saved. The fate of the vessel, however, has not been definitely learned.

September 13.—Steamship Sant Anna, of the Fabre Line, was on fire in mid-ocean, latitude 40° 23′ north, longitude 47° 30′ west. The SOS call brought the Ancona, which took off 600 persons and convoyed the distressed vessel to port. The Sant Anna.

carried 1,700 persons in addition to the crew.

September 19.—Steamship Athinai was destroyed by fire in mid-ocean, latitude 40° 54′ north, longitude 58° 47′ west. The Tuscania and Romanian Prince responded, resulting in the saving of 470 lives.

October 8.—Steamship Mariposa grounded and sank on rocky shore in Llama Passage, off Pointer Island, British Columbia. The SOS call was heard by two vessels. The Despatch, being within 30 miles, responded and rescued the 139 persons on board.

November 22.—Steamship Santa Clara was wrecked on jetty at Coos Bay, Oreg. Wireless succeeded in bringing a vessel to the aid of the wrecked ship and 93 persons were saved.

November 5.—The steamship Fort Bragg grounded in Gulf of California. The U.S.S.

San Diego responded to the distress call and 47 persons were rescued.

November 5.—The steamship Rio Lages caught fire in mid-ocean, latitude 41° 58' north, longitude 59° 30' west. Distress calls were sent and all on board were saved.

November 8.—The steamship Rochambeau caught fire at sea and sent SOS call by

wireless; later, however, she sent another message stating that the fire was under control.

November 9.—Steamship Lievatta (Italian), loaded with cased kerosene and gasoline, caught fire 65 miles east of Sabine Bar, Tex.; reported by wireless by steamship Gulfstream, which vessel stood by the burning steamer until other assistance, summoned by wireless, arrived from Port Arthur and Galveston. Without the assistance thus secured the vessel and cargo would have been a total loss.

November 27.—The steamship Minnesota, when 760 miles south of San Francisco, sent wireless stating that machinery was disabled. The necessary aid was rendered by the Iroquois and the tug Dauntless, which responded promptly upon hearing the

distress call.

December 1.—Steamship Flamenco ran aground at South Pass, La. The accident was reported by wireless and rescue soon followed.

December 13.—Steamship Antilla collided with a barge beached off Sea Gate.

less was instrumental in saving the cargo.

December 27.—Steamship Thessaloniki sprung a leak about 400 miles southeast of Sandy Hook. Several vessels responded to the distress call and 300 persons were saved.

1916.

January 1.—Steamship Vandeggen, not equipped with wireless, showed signals of distress, which were seen by the steamship Muskogee. Message sent broadcast giving position of disabled steamer, which was later towed to port.

January 17.—Car ferry Pere Marquette No. 19 went aground 4 miles north of Ludington, Mich., 7.40 p. m. Wireless communication established with Ludington and Pere Marquette car ferries Nos. 17 and 18, which were advised not to come in close

on account of shoal water. Wireless used throughout salvage operations.

January 19.—Steamship Pollentia, 706 miles off Cape Race, in latitude 36° 30′, longitude 35° 04′, sinking, called SOS. Immediately answered by steamships America, Guiseppe Verdi, Moncenisio, Westerdyk, and Narragansett. Crew of 35 rescued by

boats from Guiseppe Verdi, while Narragansett poured oil on waves.

January 22.—Steamship Centralia, off Columbia River, heavy seas washed away deck load, broke rudder, and flooded engine and wireless rooms. Aerial carried away, but repaired by operator, who then called SOS. Answered at once by steamships Governor, Adeline Smith. Yosemite, Admiral Schley, Eurana, and land stations at Marshfield and Eureka. Weather and sea finally moderated and ship made San Francisco safely without assistance.

January 23.—Steamship Brazos and steamship Suffolk in collision 23 miles southeast Scotland Light in dense fog. Wireless communication informed agents of accident and vessel returned to New York for repairs.

January 24.—Steamship Frank H. Buck when 355 miles north of San Francisco lost

Wireless used to summon aid.

January 26.—Steamship Proteus in collision with steamer Brabant below the narrows, New York Harbor. Wireless messages informed agents of accident which, however, was not serious.

January 30.—Steamship Philadelphia in collision with sailing ship Ben Lee 12

miles south of Carnavon Bay. Wireless used in notifying agents of accident.

February 1.—Steamship Takata Maru in collision with steamship Silver Shell; SOS answered by radio stations at Boston and Cape Race and various steamers. Crew rescued by Silver Shell.

February 4.—Steamship Texas (Swedish) reported by radio that cargo of cotton was

Later reported fire under control and assistance not required.

February 4.—Steamship Howard in collision with barge off Point Judith. sunk. Wireless used to notify owners of accident. February 7.—Steamship Harvard rammed the steam schooner Excelsior in San

Francisco Bay. Wireless calls brought immediate assistance from shore.

February 7.—Steamship Caloria ran aground head of South Pass, La. The distress

call brought a number of tugs and lighters to her assistance.

February 15.—Steamship Pavlof struck an uncharted reef at 9.01 p. m. between Tugidak and Sitkanak Islands. At 9.12 p. m. SOS call was sent out and communication established with the naval radio station at Dutch Harbor. At 10 p. m. the Pavlof raised the naval radio station at Kodiak. The steamship Alameda was summoned from Cordova to the assistance of the distressed vessel, which had previously lost her propeller, and towed her to anchorage.

February 21.—Steamship Middlesex reported ashore inside Cross Rip. The radio operator on the steamship Nacooche notified the revenue cutter Acushnet at Woods Hole, which in turn informed the owners, thus obtaining the necessary assistance.

February 24.—Steamship Polarine went ashore on the 23d of February near Helsingborg. In answer to wireless distress call the steamship Pioneer, from Copenhagen,

proceeded to assistance of stranded vessel.

February 24.—Steamship Cretan struck by steamship Dorothy 3 miles southeast Wimble Shoal buoy. SOS call sent out and answered at once by several ships. Later found assistance not required, as passengers were transferred to Dorothy, which was towed in by United States revenue cutter Onondaga. Communication with Marconi stations at Hatteras and Virginia Beach throughout.

February 28.—Steamship Juniata went ashore in Vineyard Sound, Mass. Com-

munication was established by radio and repairs directed by means of wireless.

February 28.—The French auxiliary cruiser Provence II (so designated to distinguish her from the French battleship Provence) was torpedoed and sunk in the Mediterranean Sea. French and British patrol boats, which were summoned by wireless, rescued 870 persons.

February 29.—Steamship Multnomah struck on Viti Rock off south end of Lummi Island in heavy fog. Wireless communication established with radio station at Seattle and accident reported. Vessel backed off rock and returned to Bellingham

and beached in mud flats.

March 4.—Steamship Apache, 45 miles off Cape Henry, had machinery disabled and anchored in 25 fathoms. In answer to wireless message wrecking tugs towed her to port.

March 5.—Steamship Principe de Asturias foundered off Ponta Boi near Santos. In answer to distress calls the steamship Vega rescued practically all of the passengers and crew, of whom there were about 1,000.

March 14.—Steamship Kanawha sprang a leak and sank off the coast of South Carolina. The steamship Santa Marta picked up 21 of crew and notified other steamers

by wireless to search for the other boat containing 7 of the crew.

March 14.—Steamship Motano grounded off Burrwood, La. Two tugs and three lighters responded to the distress call, with the aid of which the vessel was floated. There was no loss of life or damage to the vessel.

March 16.—Steamship Zealandia, of the Fiske Trading Co., in distress 300 miles off Sandy Hook with stearing gear disabled. Wireless messages telling of the plight of the steamship relayed to radio station at Miami by the Standard Oil steamer Richmond and assistance sent to the disabled steamer.

March 16.—Steamship Macona ashore on Barbuda Island, British West Indies. Owners notified by wireless and arrangements made with wrecking company to send

tug to relief of stranded steamer.

March 16.—Steamship Sanonofre ran short of coal during blizzard off Newfoundland coast, 500 miles from Halifax. In response to wireless calls was taken in tow by steamship Ashtabula and was towed to Halifax.

March 16.—Steamship Cubantia sunk by mine or torpedo near Noorhinder lightship. Wireless calls for help sent out were first picked up at the Hook of Holland.

All passengers and crew rescued.

March 20.—Steamship Strombus grounded across Southwest Pass Channel, 250 feet inside bell buoy. Several tugs responded to the distress call and succeeded in floating the vessel.

March 21.—Steamship Bradford leaving San Francisco had an accident to her rudder. Communication was established with the radio station at San Francisco

and messages exchanged calling for assistance of vessels.

March 22.—Steamship Minneapolis sunk by submarine in the Mediterranean. Wireless SOS calls sent out stating that the Minneapolis had been torpedoed and was sinking. Calls answered by Leicestershire and other vessels, which went to the aid of the sinking steamer.

March 23.—Steamship Λ lamo, 130 miles northeast of Cape Hatteras, with a broken rudder and her engine disabled. Sent out wireless calls for help. A wrecking tug

was sent to her assistance from Norfolk.

March 23.—Steamship Svaland, in latitude 44° north, longitude 55° 30′ west, dismasted. Steamer Murjek reported a large crew on board and asked that tug be sent to assistance of distressed vessel.

March 27.—Steamship San Cristobal, owned by the Anglo-Mexican Petroleum

Products Co., burned near her pier at Puerto, Mexico.

March 28.—Steamship Rotterdam grounded Southwest Pass Channel near bell buoy, with a crew of 36 on board. Several tugs responded to the distress call, and the vessel was floated March 30.

March 29.—Steamship Siberia, latitude 51° 8' north, longitude 7° 3' west, Irish Seareceived SOS call from British cruiser. In response the Siberia gave general distress call, which brought British destroyer to her assistance. The cruiser had been torpedoed by a submarine.

March 31.—Steamship Chiyo Maru grounded during fog on the Lema Islands. Wireless calls summoned nine tugboats and launches and a British torpedo boat destroyer. taking off 299 passengers.

April 2.—Steamship Enterprise broke her main shaft and damaged her stern. less communication established with steamer Manoa, 150 miles away, and constant communication maintained all day until 8.30 p. m., when Manoa came alongside disabled steamer and took her in tow.

April 5.—Steamship Patria, of the Fabre Line, at 9.45 a.m. called SOS when 20 miles southwest Spartivento Sardaigne, Torpille Manguee. The steamship Siberia answered and would have hastened to aid of the Patria if necessary, but at 10.30 a.m. the Patria sent word by radio that her assistance would not be required, as the torpedo which had threatened the boat had missed her.

April 6.—Steamship Zent, of the Elder Line, torpedoed at Fastnet. Wireless calls for help sent out before the vessel sank brought assistance and most of the crew were rescued

April 8.—Steamship Madison, Old Dominion Line, standing by two barges off Long Branch, N. J., flying distress signals. At 6.15 p. m., rescued five men from one barge and called the Coast Guard cutter Mohawk from New York to assistance of others

April 8.—Schooner Emma F. Angell, latitude 37° 43′, longitude 75° 08′, sunk in collision with steamer Cheptow Castle. Crew of schooner rescued by latter. Accident

reported by radio.

April 9.—Steamship Guajara, with passengers and freight from Rio for New York, 301 miles south of Scotland light, badly disabled. Wireless calls brought the steam-

ship Sixaola, which vessel towed the disabled liner to Norfolk. April 10.—Steamship San Ramon, Pacific Coast Line, lost her propeller at 3.30 a.m.

Wireless messages through the radio station at San Francisco resulted in the sending of tugs to the assistance of the disabled steamer.

April 15.—Steamship Wm. P. Hood reported in distress 57 miles southwest of Five-Fathom Bank lightship by steamer Jamestown. Revenue cutter Mohawk, in answer to wireless messages, went to assistance of disabled vessel.

April 15.—Schooner Mary E. Morse off Hatteras in distress. Steamship Lenape standing by schooner and notified Norfolk by radio that dismasted schooner wished to be towed to port.

April 18.—Schooner Millie R. Frank observed by steamship Madison flying distress The Madison informed the Coast Guard cutter Mohawk by wireless of the schooner's plight, which went to assistance of schooner. The crew was rescued by Toms River coast guards.

May 8.—Steamship Philadelphian collided with the Fire Island lightship. munication was established by radio with the Sea Gate station, requesting that relief Wireless calls were responded to by the Coast Guard cutter Mohawk,

and the damaged lightship taken in tow by the Philadelphian and brought to port.

May 9.—Steamship Roanoke, North Pacific Steamship Co., foundered and sank sometime during daylight hours. The operator, together with 47 others, lost his life; only six survivors were rescued. Two open boats were picked up by the steamer

Edgar Vance, which notified shore stations of disaster. May 11.—Barge Ivie, of the New England Coal & Coke Co., rammed and sunk in Hampton Road by steamer Berkshire. The Berkshire ashore on Hampton bar.

crew of barge rescued by steamer and owners notified of accident by radio.

May 14.—Steamship Kandahar on fire in Ambrose Channel. Facts reported to agent,

who promptly sent fire boat from New York to assistance of burning vessel. May 15.—Steamship San Giovanni and steamship Grekland in collision in a fog in

Ambrose Channel near Sandy Hook. The San Giovanni established wireless communication with the station at Sea Gate and reported the accident. The United States Coast Guard cutter Mohawk, steamship Portuguese Prince, and steamship Roma went to assistance of distressed vessels.

May 19.—Steamship Catania went aground during heavy weather at Aransas Pass Bar, Tex. SOS signals promptly answered by radio station at Galveston, from which point a large tug was immediately dispatched to the distressed vessel. The tug succeeded in floating the Catania and towing her to Aransas docks. It is probable that without the prompt assistance secured by radio the vessel would have broken up, as a heavy gale was blowing.

May 29.—The bark Jaoquina, when 51 days out of Alicanta, Spain, found herself dangerously near rocks, entrance to harbor Guantanamo, Cuba. The steamship An, tilles discovered her plight and summoned a tug to her assistance by wireless.

June 14.—Steamship Bear, of the San Francisco & Portland Steamship Co., was wrecked off Cape Mendocino during the evening, the vessel grounding on a rock in a dense fog. The steamers Queen, Grace Dollar, U. S. S. Oregon, and the tug Relief responded to the distress calls sent. Five lives were lost as a result of capsizing of some of the lifeboats in the surf, while 200 passengers and crew were saved.

COAST SURVEY STEAMER MAKES RESCUE.

The Department has received a report of the rescue of the passengers and mail of the Spanish mail steamer Fernando Po by the Coast Survey steamer Pathfinder, on June 24 last, near Iloilo, P. I. The Pathfinder first picked up the SOS of the disabled steamer when about 180 miles distant, and immediately proceeded to the rescue, finding the Fernando Po stranded near Black Rock light, Tubbataha reef. After several futile attempts to float the steamer, the passengers and mail were taken off and carried to Iloilo, a distance of about 200 miles.

NAVAL COMMUNICATION SERVICE REGULATION.

The following announcement, which appeared in Radio Service Bulletin No. 19, of July 1, 1916, is being republished at the request of the Director of Naval Communications, particular attention being called to the fact that parentheses should be placed around "S C" in address of example shown. Failure of the sender of a radiogram to so inclose it may result in a charge being made for an additional word.

The Director of Naval Communications announces that, effective on and after July 1, 1916, it will be obligatory on the part of a sender of radiograms to be handled by the Naval Communication Service to indicate in the address of the message the class of vessel it is desired to reach by this service, such as "SS" (steamship or steamer) or "USS" (United States ship), as the case may be. Example:

[Radio.]

John Doe USS New Hampshire Charleston, (S C)

This order becomes necessary, owing to the confusion in proper handling of such traffic, inasmuch as a large number of names of ships are the same as those of cities, towns, etc.

The extra word will be charged for and counted in the check.

CHANGE IN TITLE OF NAVAL RADIO SERVICE.

Hereafter the Naval Radio Service will be known as the "Naval Communication Service." Charges on all traffic exchanged between other systems (radio, telegraph, and cable) and radio stations (ship and shore) operated by the Navy will be accounted for by the Naval Communication Service.

In addition to his other duties, the Director of Naval Communications will perform the duties formerly assigned to the Superintendent

Naval Radio Service.

Correspondence relating to the Naval Communication Service should be addressed to the Director of Naval Communications, Radio, Va.

Remittances should be made payable to Naval Communication Service. If used, money orders should be drawn on postmaster, Washington, D. C.

MARCONI COMPANY INSURES ITS EMPLOYEES.

The Marconi Wireless Telegraph Co. of America has recently put into effect a system of life insurance for its operators and employees who have been in the Marconi service for more than one year, without expense to the holders of the policies. Accident insurance, valid for one year, has been furnished to such of the ship operators as are not eligible for regular life insurance under the conditions of the company's plan in order to give them protection until they become qualified for the life-insurance privilege. A suitable allowance will be made for personal effects lost by Marconi operators while on duty at sea in storms and wrecks. The company also will hold open the positions of its employees who wish to volunteer for service in the United States military forces, and can be spared, until January 1, 1917, allowing them half pay until that date, when the matter will receive further attention. The company has enrolled many of its rank and file as a naval reserve, having furnished the Navy Department with a complete list of its employees. The life-insurance announcement states:

Being constantly mindful of the loyalty and efficiency of our employees, and appreciating those qualities upon which the continued success of our company depends, and after a careful study of more than two years as to the best method of showing our appreciation, it has been decided to maintain for all employees without expense to them, insurance in the sum of \$500 for all those who have been with us over one year but less than five years, and in the sum of \$1,000 for all those who have been in the employ of the company five years or more.

In the announcement regarding accident insurance, E. J. Nally, vice president and general manager of the Marconi Co., said:

It gives me much pleasure to announce an extension of the company's insurance scheme which became effective April 1, 1916. As a further mark of appreciation for the work performed by our ship operators, the company desires to provide some protection for them until such time as they are eligible for regular life insurance, and it has therefore arranged to furnish without expense to ship operators not insured under the company's life plan a \$500 accident insurance policy.

The policy will be valid for one year and cover loss of life, both hands, both feet,

The policy will be valid for one year and cover loss of life, both hands, both feet, one hand and one foot, or the sight of both eyes, by accident, in the amount of \$500. Should the operator, upon passing into the life-insurance class, desire to continue the accident policy, arrangements have been made whereby he may do so at excep-

tionally low rates.

Employees of over one year's service, temporarily transferred to Government service under the call of the colors, will continue to be protected under the company's life-insurance plan, and such absence from duties will not interrupt the continuity of the employees' service and seniority benefits. Public spirit is also shown in the company's waiver of the usual fee charged students in its wireless school in New York, who will be instructed without cost.

AMENDMENTS.

[To be cut out and pasted in your copy.]

The Radio Laws and Regulations of the United States, edition of July 27, 1914, are hereby amended as follows:

Paragraph 73, page 57, amended September 1, 1916, to read:

Persons or corporations holding licenses for radio stations, either land or ship, should notify the radio inspector for the district whenever the station or vessel goes out of commission for a period exceeding three months. The Commissioner of Navigation should be notified promptly of any intention to suspend or discontinue the service of any commercial station.

Paragraph 74, page 57, amended September 1, 1916, to read:

If there is no intention to resume the same service, or if the station or vessel will enter a different service from that indicated by the license, the radio inspector will submit the license to the bureau, together with a statement of the facts, so that the license may be amended.

Paragraph 75, page 57, amended September 1, 1916, to read:

When the station goes into commission, the radio inspector will satisfy himself that the station corresponds to the schedule of the station as shown in the license.

Paragraph 93, page 59, amended September 1, 1916, to read:

Hereafter expired station licenses of all classes, commercial and amateur, need not be returned to the radio inspectors with applications for renewals. Owners desiring a renewal license must complete new forms, as prescribed for original applications. New licenses will be issued in every case of renewal.
