National Radio Club AM Radio Log - Twenty-second Edition

printed by

Kathy's Office Supplies

4890 Jefferson St, - Pulaski, NY 13142

# National Radio Club's A M Radio Log 22nd Edition

The Twenty-second edition of the *AM Radio Log* is dedicated to three NRC'ers who have consistently, through my tenure as editor, taken the time to identify changes in their areas and send postcards and letters specifically to update the LOG. My thanks to Philip Boersma, G. Harley DeLeuere and Gary Houdek. (WWH August 6, 2001)

Formerly called the *National Radio Club Domestic Log*, the first edition of the *National Radio Club Domestic Log* was published by mimeograph and hand-typed stencil in Boston in 1968, with John Callarman providing the typing and the original Boston Publishing Committee the hand labor. The second and third editions were published in Boston as the Boston Publishing Committee changed the method of print for *National Radio Club* publications to commercial offset. A "mid-term" edition was published by the New Jersey Publishing Committee in 1975 and a new edition of the *National Radio Club Log* in the fall of 1976. The log also underwent another technological change when in 1978 the log information went from 3" x 5" cards to a computerized system. In order for us to keep you abreast of the ever-changing AM dial scene, the logbook is now published annually, just prior to the start of the fall listening season.

The roots of the *National Radio Club AM Radio Log*, though, date back to the 1930's when RADEX magazine published a log, and the '40's and '50's when the Newark News Radio Club BCB editor Carroll Weyrich produced an annual medium wave log.

The accuracy of an endeavor like the *National Radio Club AM Radio Log* cannot be guaranteed, primarily because changes occur daily in the vast amounts of information contained in this publication. Network, format, schedule, and address information is very volatile, and since there are no central sources to which all this information must be reported, it requires close monitoring by many people to keep this information up to date. Information from the FCC and from the stations themselves, as well as from you the user of this log, help to keep the information current and accurate.

The *National Radio Club* publishes *DX News* 30 times a year. By subscribing to *DX News* magazine, you will receive important AM station changes within 3 weeks after we first hear of them.

The *National Radio Club* is a non-profit organization in our 68th year of service by radio enthusiasts for radio enthusiasts. The people who publish the *National Radio Club AM Radio Log*, *DX News* magazine and *DX Audio Service*, some with many years of background in the professional broadcasting field, are as interested as you are in the need for accurate and fast information. We hope you will consider joining us as we explore the ever-changing world of AM broadcasting and distant reception.

This edition has received numerous updates by many *National Radio Club* members and other interested AM radio hobbyists. Special thanks go to Jerry Starr for an exhaustive effort to correct many errors to the Federal Communications Commission data that appear in the log. Jerry's work on this edition assures you of the most up-to-date power and antenna information available anywhere. For our Canadian data, a special thanks to Shawn Axelrod for that information. Jerry and Shawn were by no means the only participants in this Club effort

to continue to bring you the best and most accurate log. Many updates were gathered from the FCC database and some network web pages that are available. However, we've found many web pages with data that are hopelessly outdated.

This log is updated through *DX News* Volume 68 Number 29 and IRCA's *SOFT DX Monitor* through the July 2001 Issue.

It is of great importance that the users of the *AM Radio Log* pass to us changes as they occur. The accuracy of the *AM Radio Log*'s next edition will be due to the input of DX'ers which helps us keep this publication database up to date. Your input to the next addition can come to us by mail or by Internet e-mail:

and Production Director

## CALL

The call letters of the station or an indication that it is a Voice of America (VOA) station. Calls of stations that have not previously operated New Not on Air on a given frequency contain a #. W# C# K# (with a number for database integrity) indicate New Not on Air stations with no assigned call letters. A small "n" is a night only operation, an "s" is a separate synchronous transmitter.

## CITY OF LICENSE

City of License is shown or in certain cases, cities of authorized station identification. These are shown as they appear in the FCC data base. Even though you may hear multiple cities announced during an ID, that is usually for promotional reasons. My local KCKK-1600 ID's as "Lakewood-Denver"; Lakewood is the City of License, and Denver is the major market that is served.

## ANTENNA CODES

- D1** Daytime (sunrise to sunset) operation only, nondirectional antenna.
- D3** Daytime operation only, directional antenna, same pattern at all times.
- D4** Daytime operation only, directional during Critical Hours (CH) (sunrise to two hours after sunrise and two hours before sunset to sunset) only.
- D5** Daytime operation only, directional during non-critical hours, non-directional during critical hours.
- D6** Daytime operation only, different patterns during critical hours and non-critical hours.
- L1** Limited time operation (usually based upon sunrise or sunset at the dominant station's location on a clear channel), non-directional.
- L3** Limited time operation, directional antenna.
- N1** Night time (sunset to sunrise) operation only, non-directional.
- N2** Night time (sunset to sunrise) operation only, directional.
- SH** Specified hours, as directed by the station license. Numbers showing pattern correspond to numbers under "U" category. Specified hour stations are those who would normally be unlimited but because of financial or other considerations have petitioned for a waiver of the minimum schedule of 0600-2200 local time.
- ST** Shared time operation, broadcasting time shared with a second station on the same channel. Numbers same as under "U" category.
- U1** Unlimited time operation, with non-directional antenna.
- U2** Unlimited time operation, directional at night (sunset to sunrise) only.
- U3** Unlimited time operation, directional all hours, same pattern day and night.
- U4** Unlimited time operation, directional, different patterns day and night.
- U5** Unlimited time operation, directional day, non-directional night.
- U6** Unlimited time operation, directional night and critical hours, same pattern.
- U7** Unlimited time operation, directional all hours, but three different patterns (day, night and critical hours).
- U8** Unlimited time operation, directional critical hours and night (different patterns), non-directional day.
- U9** Unlimited time operation, directional non-critical day hours and nights (different patterns) but non-directional during critical hours.
- U10** Unlimited time operation, non-directional day, directional; critical hours, non-directional nights.
- U11** Unlimited time operation, directional day, directional; critical hours, (different patterns) and non-directional nights.

## TIME ZONES

### Some Notes on Networks

ABC, JRN and WW1 are suppliers of a great variety of specialty formats. These include almost every music format from NOS to ROK. WW1 and A also carry a variety of talk shows that are syndicated. There are stations that have news from one source and music programing from another source. In some instances, like the WW1 AM-only NOS format "Memories", slogans are used almost exclusively and there is never a mention of the actual network affiliation. Many network stations do their own newscasts, using only voice cuts from the audio services or the networks. Some will pick up the network commercials and integrate them into their own broadcasts without using network newscasts. Many stations carry specific services from a network. Many stations listed with A for ABC may only carry Paul Harvey.

## HOURS OF OPERATION

Listed in 24-hour format. Hours in () are Sunday or days specified.

24 hr All-night operation Silent Period unknown

24 hr M0000-0555 Indicates Monday morning silent period

NSP No Silent Period

Silent Station was off the air at press time.

LSR Local Sunrise

LSS Local Sunset

LSS+ Operates up to two hours after local sunset with a PSSA

## SLOGANS AND OTHER NOTES

r/CBK-540 indicates the station relays CBK which operates on 540khz

//FM indicates the station relays its FM station, and the FM station may or may not have the same call letters as the AM station.

Some stations use a slogan instead of their call signs to identify themselves to their listening public. Slogans appear in quotes.

SX Operates a synchronous transmitter on the same frequency in the location shown.

Also, some additional program information is listed here when a station may carry an unusual language or music type.

## ADDITIONAL POWERS

This column shows powers used in certain special hour categories; Post-sunset authority (pssa); Critical Hours (CH); and Canadian Restricted (CR). Pre-sunrise authority (psra) power is used from 0600 local time until sunrise when sunrise is later than 0600, using daytime antenna facilities, (On certain clear channels including Canadian clear channels, the psra time begins at sunrise of a dominant station located east of the psra station.) Some psra powers are authorized but not used. Critical Hours are sunrise to two hours after sunrise and two hours before sunset or sunset. Canadian Restricted powers are used during critical hours. Whenever possible we have listed stations that use their PSSA here. Those stations that we know have no PSSA powers are also listed as having none.

STA is a Special Operating Authority. The FCC under certain situations will allow a station to operate with facilities other than those show on their license. These include things such as lower power non-directional operation in the event of a tower being destroyed.

In some cases you will also find conflicts listed in this area. This occurs when the official FCC information doesn't currently match the station's licensed parameters.

Get your catalog full of NRC Publications, Reprints and DX aids. Just send a first class postage stamp to: National Radio Club Publications Center, P.O. Box 164, Mannsville, NY 13661-0164

Visit us on the Web  
<http://www.NRCDXAS.org>

## FORMATS

AC	Adult Contemporary current hits
AC/EZL	Light Adult contemporary
AOR	Album Oriented Rock. Current and Classic Album cuts
BIZ	Business Format
C&W	Country & Western
CHR	Top 40 Rock
CLA	Classical Music
EDU	Educational Programming
EE	English Language Programming
ETH	Programming directed at various Ethnic groups
EZL	Also called "Middle of the Road"
FF	French Language Programming
FLK	Folk
GOS	Gospel
JAZ	Jazz Programming
JJ	Japanese Language Programming
KID	All Kids Programming
NAGE	New Age music some current jazz and folk
NOS	Nostalgia Music of the 30's, 40's, 50's; Big bands, "standards"
NWS	News
OLD	Oldies (Anything pertaining to Older Rock Music)
PP	Portuguese Language Programming
Pol	Polish Language Programming
RAP	Rap or Hip Hop style music
REL	Religious Programming
REL:AC	Contemporary Christian Music
Rock	Rock'n Roll of some form
ROK	Heavy Metal Music
SPT	Sports or Sports Talk Programming
SS	Spanish Language Programming
TLK	Talk Programming (generally telephone call-in programs)
UC	Programming for a Black audience "Urban Contemporary"
VAR	Variety (CBC net is a good example) a bit of everything - also "fill in" music or features when a brokered format station doesn't sell all its time. You never know from one day to the next what they'll do!

Many specialty formats are actually spelled out in the format area of the given station. The *AM Radio Log* is meant to be a DX'ers tool and is not intended to be an ultimate guide to the myriad of formats that have surfaced over the years.

" :" indicates a combination of formats or language and format, e.g.=SS:REL would indicate that the station has religion in Spanish.

"/" is used to separate multiple formats and does not indicate day/night formats. e.g., C&W/CHR

d= day format; n=night format; an = all night e.g., C&Wd/ACn

am = morning programming

## APPLICATION & PERMIT CODES

**AP** = Application (AP U1 1000/1000) The station has applied to the licensing authority for a change to an on-the-air station . This is the first step in the process. If approved, a Construction Permit will be issued.

**CP** = Construction Permit (CP U1 1000/1000) The application was approved and the construction permit granted.

**Application:** An application has been made to the licensing authority put a new station on the air. Many of these applications are never approved. Next step, if the application is granted, is "New Not on Air".

**New Not on Air;** The station has been granted permission to operate by the licensing authority but is not yet on the air.

**FROM:** The station has applied for (AP FROM 700) or has been granted a Construction Permit (CP FROM 700) on this frequency; however, it is still currently operating under the frequency listed to the right of the "from". The call will end with a # sign.

**TO:** The station currently operates on this frequency and has either applied for the other frequency (AP TO 700) or has been granted a CP for the other frequency (CP TO 700).

and all those who contribute their timely loggings to the National Radio Club's DX News Magazine and the National Radio Club's DX Audio Service.

## ABOUT THE NATIONAL RADIO CLUB

Our magazine, *DX News*, is a must for the serious or casual DX'er and is only available through the National Radio Club. Subscribing to either *DX News* magazine or to *DX Audio Service* entitles you to membership privileges, including discount prices on many National Radio Club products.

In the early days of radio broadcasting, when the listening audience was comprised of amateur operators, experimenters, engineers and the like, a new hobby had its beginning. DX, in the parlance of telegraphers, meant long distance, and gradually came to mean distant reception as well. The early listener had usually constructed his own receiver, and his big thrill was not just from the news or the music he heard, but the realization that his assortment of glass and wires, with a bedspring antenna was really bringing in voices and music all the way from Pittsburgh, Chicago or Los Angeles!

It was a natural development for the hobbyist to tune up and down the dial, logging the numerous stations that could be heard. These stations were eager to hear from their listeners. This was the only way, at the time, that they could learn how well their signal was getting out. Listeners were asked to write letting the station know from where, how well, and under what conditions the station's signal had been heard. In return, stations began sending cards or letters thanking the listener and confirming his or her reception. With the collecting of these verifications (QSL's), the DX hobby was born.

Numerous clubs were formed in those early years for the sole purpose of exchanging information about equipment, antennas, tuning tips and general information about the hobby and the stations. The National Radio Club was one of these early pioneer clubs, getting its start in York, Pennsylvania in 1933, when a small group of DX'ers organized and began to mimeograph a bulletin, *DX News*. Now after 60 plus years of continuous operation, *DX News* is still the premier publication for the medium wave (AM) DX'er. Membership soon spread from York to all parts of the U.S. and Canada and now to members around the world.

Over the years the National Radio Club has gained recognition as a leader among DX clubs. The National Radio Club has pioneered many areas, the offset printing of bulletins, the *NRC Domestic Log* (now *AM Radio Log*), numerous books on antennas and receivers, and information books on the hobby. The National Radio Club is still growing and improving, with new books and the *DX Audio Service* one-of-a-kind Audio Magazine.

*DX News* offers 30 bulletins per year, weekly in winter, monthly in summer, over 750 pages a year of DX and radio information. The *DX Audio Service*, established in April 1985, is designed to serve the sight restricted, or traveling DX'er, and is popular with commuters, who listen as they drive to work. *DX Audio Service* consists of a 90 minute cassette and is issued once a month. Features are similar to *DX News* but extends its coverage to FM, a Travelogue and Marketscope features.

For a copy of *DX News* write NRC - Box 5711 - Topeka, KS 66605-0711 and enclose a 33¢ stamp. For a sample copy of *DXAS*'s cassette write NRC, Box 164, Mannsville, NY 13661 and enclose \$3.00.

If you are interested in AM DX'ing, write for a sample of our magazine or our audio service. We would be happy to welcome you into the National Radio Club family!
