"This is the NBC Radio-Recording Division" . . .

NBC THESAURUS, NBC SYNDICATED PROGRAMS . . . NBC CUSTOM-BUILT RECORDING—three distinct services to the radio industry, advertising agencies and advertisers . . . and in all three of these NBC Radio-Recording fields it's easy to recognize the same incomparable talent, casting, directing, engineering and

ultra-modern facilities identified with NBC Network shows . . . the same unfailing popularity.

Just a few of the shows produced and recorded by NBC in each of these classifications is shown on these pages . . . all combine superb entertainment and mass appeal for the mass medium—radio. For example:

NBC *Thesaurus*—AMERICA'S NO. 1 MUSICAL PROGRAM SERVICE

THE MUSIC OF MANHATTAN
... every feature of top network variety shows from 30-piece, dance orchestra to jazz combos.

ALLEN ROTH AND THE SYMPHONY OF MELODY
... brilliant orchestral arrangements . . . superb vocals.

THE JUMPIN' JACKS WITH PATTI DUGAN ... one of the greatest assemblages of jazz musicians on the air today.

MUSIC HALL VARIETIES
... early and delightful vaudeville arrangements directed by "Professor" Patrick Ciricillo.

THE SALON CONCERT PLAYERS ... Max Hollander and 25 network musicians present concert favorites.

NORMAN CLOUTIER AND HIS MEMORABLE MUSIC with 25 outstanding strings of NBC Symphony Orchestra.

NBC THESAURUS provides, at low cost, expensive vocalists, "name" musicians and arrangements equaling big commercial nighttime shows plus this unmatched service: Exclusive artists and arrangements . . . enough selections by every artist for long-range programming . . .

full-range NBC Orthacoustic recording . . . non-breakable vinylite records for noiseless reception . . . complete cataloging system for records and selections. This is NBC THESAURUS . . . perfect for the exacting standards of FM and for greater latitude in AM broadcasting.

NBC Syndicated Programs

THE PLAYHOUSE OF FAVORITES...
dramatizations of the stories of Dickens, Tolstoy and others.

THE HAUNTING HOUR... "Mystery at its Best" ... original stories and best radio talent.

ART VAN DAMME QUINTET WITH LOUISE CARLYLE
... the biggest, little musical on record.

FIVE MINUTE MYSTERIES ... midget package with a giant punch ... clever production pattern.

TO BE OR NOT TO BE...
Tobe, fashion authority, discusses subjects of feminine interest.

MERCER McLEOD, THE MAN WITH THE STORY ... dramatizes strange and unusual tales.

NBC SYNDICATED PROGRAMS build local prestige for *national* advertisers who want to spot certain markets ... *regional* advertisers whose distribution prohibits the use of networks ... *local* advertisers who want "name" shows at nominal cost.

General Manager, American Society of Composers, Authors and Publishers

THE American Society of Composers, Authors and Publishers, the leading performing right society in the United States, is an unincorporated, non-profit, voluntary association. The Society, which is the oldest American performing right society, has a total membership of 1,707 writers and 234 publishers; during the past year 91 writers and 20 publishers have become active members.

During 1945 the Society renegotiated contracts with the leading performing right societies of Europe, and was also successful in obtaining agreements with Latin-American societies. In this way Ascap continues to provide a richer and more comprehensive repertoire of music, not only of the native American field, but also the music of other nations.

The Society has completed its first year of licensing in the symphonic, concert and recital field. In accordance with its regular policy, it is the goal of the Society to provide through its licensing activities in this field of music, sufficient financial encouragement to those talented men and women writing the serious music of our country, so that they may continue in their chosen profession.

The Members of the Society have, during 1945, turned over to Ascap their television rights. Although these rights have yet to be fully defined, it is the conclusion of the membership that their society act on their behalf in obtaining whatever rights accrue to them.

On December 9th the Society, through the cooperation of the Electric Hour and the Prudential Family Hour, paid tribute to the memory of its beloved member, the late Jerome Kern. The program, which was headed by Oscar Hammerstein II, included Nelson Eddy, Bing Crosby, Judy Garland, Hildegard, Patrice Munsel, Dinah Shore, Frank Sinatra, Jack Smith, Earl Wrightson, and the orchestras of Robert Armbruster and Al Goodman. No finer tribute could be paid to the memory of a music man than the one which President Harry S. Truman sent to Oscar Hammerstein II in the following wire, which was read over the CBS Network:

"I am among the grateful millions who have played and listened to the music of Jerome Kern, and I wish to be among those of his fellow Americans who pay him tribute today. His melodies, surviving him, will live in our voices and warm our hearts for many years to come for they are the kind of simple, honest songs that belong to no time or fashion. The man who gave them to us has earned a lasting place in his nation's memory."

The following are the officers of the Society: Deems Taylor, president; Gustave Schirmer and Oscar Hammerstein II, vice presidents; George W. Meyer, secretary; Donald Gray, assistant secretary; J. J. Bregman, treasurer; Irving Caesar, assistant treasurer; Schwartz & Frohlich, general counsel.

The twenty-four directors are: Stanley Adams, Fred E. Ahlert, Louis Bernstein, Saul Bornstein, J. J. Bregman, Gene Buck, Irving Caesar, Max Drevfus, Walter S. Fischer, Donald Gray, Oscar Hammerstein II, Otto A. Harbach, Ray Henderson, John Tasker Howard, A. Walter Kramer, Geo. W. Meyer, Jack Mills, John O'Connor, J. J. Robbins, Richard Rodgers, Lester Santly, Gustave Schirmer, Herman Starr and Deems Taylor.

The administrative officers are John G. Paine, general manager; Herman Greenberg and Richard F. Murray, assistant general managers; George A. Hoffman, controller; Richard F. Frohlich, director of public and customer relations; Herman Finkelstein, resident counsel.

ASSOCIATED MUSIC PUBLISHERS, INC. (AMP)

By GRET L URBAN

Vice-President and Manager of Music Department

FOUNDING OF AMP: Associated Music Publishers, Inc., was founded as a private corporation in the State of New York on December 22, 1926. Radio licenses have been issued since August, 1928. The corporation conducts a music publishing business and is exclusive agent for numerous foreign music publishers.

Scope: The AMP repertoire, representing 45 U. S. and European catalogs, has now been increased to include 500,700 titles, of which approximately 18,700 are copyrights. Copyright registration in Washington is in the name of AMP as owner. Ranging from symphonic works to dance music, including concert works for ensemble, solo instruments and voice, its repertoire constitutes a flexible and rich source of distinctive music for radio program builders.

AMP licenses: Licenses cover performing rights, "small" (i.e., strictly musical) and "grand" (i.e., musical-dramatic.) AMP's radio license is unique in that it covers "small" and "grand" rights under a single fee. The radio license stipulates that: (1) the monthly fee shall be equal to a station's highest quarter-hour rate card; (2) that AMP will sell the licensee any music (covered by the license) which is for sale, and rent such music as is not for sale; (3) that AMP will indemnify the licensee against claims arising from the use of music covered by the license.

AMP licensees: The national networks, the principal regional networks and most of the important independent radio stations are holders of AMP licenses.

AMP headquarters: 25 West 45th Street, New York City. Telephone BRyant 9-0845. Cable address: MUSICPUB—NEWYORK.

AMP officers: H. E. Houghton, President; John R. Andrus, Vice-President and Treasurer; Gretl Urban, Vice-President and Manager of Music Department; Anna M. Kerner, Secretary; Alexander J. Sayles, Assistant Secretary and Assistant Treasurer.

BROADCAST MUSIC, INC.

By M. E. TOMPKINS

Vice-President and General Manager

IN a very real sense Broadcast Music, Inc. is an important arm of the entire broadcasting industry. For BMI was organized by the broadcasting industry in 1939 and is completely owned by broadcasters.

And as the "arm of the industry" BMI plays a vital role in both music and radio. Now in its sixth year of actual service to the industry, BMI, which had enough music for the entire needs of broadcasters back in 1940, today has greatly extended its catalogue. At present more than 1,000 publishing firms clear their music to broadcasters through BMI.

More than 760,000 titles, ranging from the venerable classics to the current Hit Parade favorites, are listed in the latest BMI catalogue. All but a handful of the broadcasting stations in the United States and Canada today (1,034 as of March 1, 1946) as well as all national and regional networks, are licensees of BMI, and all of them make a very substantial use of the BMI repertory.

But BMI does not limit its services to the granting of music rights only. It distributes to licensees, without cost, a variety of sheet music and recordings which constitute a valuable portion of any station's music library. It furnishes script services adopted to the specific needs of broadcasting stations, and regularly makes available to its licensees a wide range of helpful information resulting in better musical programming.

Bulletins are sent periodically, listing vital changes in the basic BMI catalogue, so that stations are always aware of music available to them under their BMI license.

An experienced staff of field representatives, specially trained radio men, is constantly visiting the stations with helpful suggestions for better programming and continually gathering opinions and suggestions from station men in order to make possible even better progress in BMI's service.

Many other special services provided by BMI are all designed to aid program and production men, music directors, librarians and every person in the broadcasting station concerned with the use of music. The BMI monthly Pin-Up Sheet of Hit Tunes, Disc Data, Music Memo, Holiday Music bulletins, Record Index and monthly News Letters which reach the broadcaster regularly comprise an integral part of this overall service to the industry.

In the field of educational and standard music, BMI is consistently building, through its own publications and those of its affiliate publishers, an extensive and valuable library of distinctive music which will never be out of public favor.

By continuing to render the same valuable service to the broadcasting industry in the future, and by maintaining honest competition in the licensing of music for broadcast purposes, BMI will be upholding its position as a permanent protection against injustice to the industry as a whole.

President

SESAC acknowledges with appreciation and gratitude the wide acceptance, by every branch of the Entertainment Industry, of SESAC Music —

The year 1945 has shown an unprecedented increase in the use of SESAC Music. The exacting and ever mounting demands for diversified music from radio, motion pictures, record and transcription companies as well as the concert stage, have been fully and satisfactorily met by the almost inexhaustible storehouse of SESAC musical compositions.

More than 1,000 radio stations throughout the United States and Canada are now licensed by SESAC.

Major motion picture studios have readily found in the wide range of SESAC compositions the right piece of music to depict a particular era — establish a mood or to underscore a difficult scene.

Leading phonograph record companies have substantially increased their releases of SESAC numbers and thousands of recordings are now available on transcribed commercial programs as well as library services.

Last June we launched our own SESAC Transcribed Library Service. It was fashioned on suggestions and requirements of the broadcasters themselves. In the few months since its announcement, an astounding number of stations have subscribed, definitely establishing it as the fastest growing library in the field. The subscribing stations, in every state, are of all types . . . from 100 to 50,000 watters in urban and metropolitan centers, including networks.

The artists, who have contributed to making the SESAC Library outstanding, are topnotch in their fields and have been expertly directed. Each and every composition has been selected for its melody and standard popularity . . . further adding a valuable feature to the SESAC Library . . . every number will be as "welcome listening" many years to come as it is today. The playing time of each selection averages 1½ minutes, one of the must suggestions from the broadcasters. The very low fee for the library, of course, is also responsible for its success . . . it is so reasonable that it is well within the budget of any station, regardless of size or location.

The Program Guide which goes to each library subscriber has been praised by all reviewers. It is an entirely new departure in cataloguing the library contents — making the use of the library one of extreme simplicity, in addition to providing invaluable program notes.

With these and many more features, the SESAC Transcription Library will continue to make transcription history.

Our plans for further advancement in 1946 and the years to come are motivated by our pledge for better service to the Entertainment Industry with greater production of "The Best Music In America."
