card

So, nighttime radio's dead, is it?

Just take a look at the 94 national, regional and local advertisers who say "it ain't so!"

They're convinced that WBC's "Program PM" can, and does, sell like crazy!

We'll admit that lots of people watch TV, but so do lots of people *listen* to nighttime radio . . . especially when it's "Program PM".

To get their ear, to prove that No Selling Campaign is Complete Without the WBC Stations, put "Program PM" to work for your product. Call A. W. "Bink" Dannenbaum, Jr., WBC VP-Sales, at MUrray Hill 7-0808 in New York, or your PGW Colonel.

SEE THE DIFFERENCE COLOR TV MAKES

Food looks so real, you more than see the difference – you almost taste it.

Sports come alive. Watch the redshirted halfback blaze into that big blue line. And look at the heroine in tonight's play. No longer a study in gray, she's a dazzling redhead in a golden dress. And what a difference!

You can now enjoy thrills like this every

RCA

single day because RCA believed in Color TV from the very first and put its skills and a fortune behind this belief. The result-reasonably priced Color TV that is *performance-proved* – created a new dimension in home entertainment. And it has given you one more good reason to depend on RCA for the first and best in electronics – today, and tomorrow, too.

"When I want to hear the kind of light music I like on the air, I tune in **WPAT**, a radio station that has become increasingly popular with New Yorkers in recent years"

> in the July 30, 1957 issue*****

Douglas Walt, NEW YORK DALLY NEWS, speaking o

And this is substantiated by the June 1957 New York Hooper Report which, compared with the Jan.-Feb. 1957 New York Hooper Report, shows a 44.4% increase in total share of audience in the five hour period 7 A.M. to 12 Noon (Monday thru Friday) and an increase of 14.3% in the total rated time periods throughout the broadcast day. National business, too, has increased 45% in the past seven months (compared with the same period in 1956).

NATIONAL ASSOCIATION OF RADIO AND TELEVISION BROADCASTERS

1771 N STREET, N. W., WASHINGTON 6, D. C.

HAROLD E. FELLOWS PRESIDENT AND CHAIRMAN OF THE BOARD

> Mr. Chas. A. Alicoate Editor and Publisher RADIO-TELEVISION DAILY 1501 Broadway New York 36, New York

Dear Charlie:

I am sure you know the pleasure it gives me to send you our congratulations on this, the 20th, Anniversary of RADIO-TELEVISION DAILY.

For many years the National Association of Radio and Television Broadcasters has had the benefits of your publication's day-by-day reporting of important events in the field of broadcasting. In this vast, complex, and rapidly developing industry, RADIO-TELEVISION DAILY is fulfilling a vital need; and I am sure you and your staff must derive great satisfaction in looking back upon your accomplishments and from the knowledge that you are performing such an important service to broadcasters.

Once again, as you observe your 20th year of publication please accept on behalf of the members of NARTB my sincerest best wishes for continued success.

Cordially, Halfulous

What's going on in there?

"Just about the most important business in America... the education of the future citizen." —United States Department of Health, Education and Welfare

The NBC Owned Radio and Television Stations are now engaged in a 6-week KNOW YOUR SCHOOLS project, exploring on an unprecedented scale the educational needs of their home communities.

Essentially a *local* level operation, with active support from school boards, Parent-Teacher Associations, colleges, and other local organizations, KNOW YOUR SCHOOLS is also receiving full cooperation from the U.S. Department of Health, Education and Welfare, the U.S. Office of Education, the National Education Association, and other national groups.

The NBC Owned Stations are using their highly successful IMPACT PUBLIC SER-VICE technique to probe problems like: overcrowded schools, underpaid teachers, inadequate financing, deficient curricula.

They are developing special programming:

panel shows, interviews, talks, feature events, contests, and documentary dramas.

They are, in addition, contributing talent, facilities, and a total of \$1,000,000 in airtime – 200 program hours, 3,000 public service announcements.

The objective, in the words of Marion B. Folsom, Secretary of Health, Education and Welfare: to stimulate "better *citizen* understanding of the schools." And, beyond that: to foster productive solutions, and to inspire concrete community action.

When this six-week project comes to a close during American Education Week in mid-November, NBC will make a full report, documenting the techniques employed and the results obtained. NBC hopes its KNOW YOUR SCHOOLS project will serve as a blueprint by which local stations in other communities will help solve one of America's most fundamental problems.

RADIO FACTS and FIGURES

There were 723 licensed broadcasting stations in the U.S. at the beginning of 1938: also 20 licensed experimental stations.

Today — there are 2,971 AM and 530 FM stations on the air.

Number of network stations as of Feb. 1, 1938 were: NBC,, 143; CBS, 115; Mutual, 76.

Today ---- the figures are NBC, 192; CBS, 215; Mutual, 465, ABC, 310.

Out of some 31,500,000 American families, more than 25,000,000 have radio sets; 4,500,000 homes have two or three sets and there are in excess of 5,000,000 radio-equipped autos.

Today — out of 49,500,000 families, more than 47,700,000 have radio sets; 22,900,000 homes have two or three sets, and there are in excess of 35,000,000 radio-equipped autos.

Radio time sales in 1937 exceeded \$125,00,000, compared with \$108,000,-000 in 1936; national network billings accounted for about 55 per cent of the amount.

Today — gross radio times sales are estimated at \$599,000,000; with networks accounting for 14 per cent and local and spot sales accounting for the rest.

9

Approximately \$500,000,000 was spent by the public in purchasing 8,000,-000 radio receiving sets in 1937, against 8,248,755 sets sold in 1936, when the all-time record was set.

Today — approximately \$634,000,000 was spent by the public in purchasing 14,000,00 car and home radio sets.

0

A survey by Fortune Magazine in 1937 on favorite pastimes gave radio first place with 18.3 per cent; movies 17.3 per cent; magazine-books 13.8 per cent; hunting-fishing 11 per cent; watching sporting events 10.4 per cent; newspapers 7.1 per cent.

Today — an information report reveals that in a week radio reaches 87.7 per cent of all U.S. radio homes. The listening averages indicate 63.4 per cent in the evening; 76.3 per cent in the afternoon; and 78.5 per cent in the morning.

The average home radio set is in use a total of four hours daily. Today — the average is two hours and eleven minutes.

Music averages about 62 per cent of total program hours on U.S. stations. Today — 97 per cent of station programming consists of popular musical programs.

This is not a history. There is two much divergence of opinion in the industry to try, within these pages, to reconcile the conflicting thoughts of historians.

• • • rather a pictorial reminiscence of the progress, from its first toddling steps, to a compelling and irresistible force. A photographic parade of events and pioneering personalities whose faith and courage made it all possible.

CHARLES A. ALICOATE, Editor and Publisher

29 BILLION

We Sincerely Believe:

- ... that the vast majority of WSB Radio's hundreds of thousands of consistent listeners are old enough and mature enough to have minds of their own—
- . . . and that by giving them *variety* in music, intelligent and comprehensive news coverage, interspersed with well planned local and network programs—

2

D

... presented to them on the air by pleasing *personalities* instead of "characters"—

... results in a WSB Radio audience with a *pur-chasing* potential that dwarfs that of any other radio station in the Atlanta market.

We defend our audience against the untrue theory that "the average mentality of the listening public is that of a fourteen-year old."

WSB Radio is not a juke-box-program typed station with just "the top 10-20-30-40-50 tunes" rammed into our listeners' ears day and night.

We insist that our WSB Radio air staffers present themselves as guests in our listeners' homes, easily understood and liked by every member of the family from eight to eighty. All rating surveys prove our dominant acceptance in Georgia.

If you want to reach the BUYING members of the radio families in the Atlanta market use WSB Radio.

WSB/RADIO

The Voice of the South . Atlanta

Affiliated with The Atlanta Journal and Constitution. NBC affiliate. Represented by Edw. Petry & Co. MILESTONES Important and interesting steps in the progress

of commercial radio

First patent on a wireless system was granted July 30, 1872, in the U. S. to Dr. Mahlon Loomis of Washington, D. C.

Marconi sent and received his first wireless signals across his father's estate in 1894.

First signal to be sent across the Atlantic was plucked by Marconi in Newfoundland on Dec. 12, 1901.

Broadcasting as it is known today "officially" started Nov. 2, 1920, when KDKA of Pittsburgh aired the Harding-Cox election returns. Station operated under an experimental radio-telephone license until Nov. 7, 1921, when its regular broadcasting license was issued.

First station to obtain a regular license for broadcasting was WBZ, Springfield, Mass., which was issued a license by the Department of Commerce on Sept. 15, 1921, while WWJ, Detroit, was licensed Oct. 13, 1921, although it opened experimentally on Aug. 20, 1920.

First radio station to broadcast a play by television was WGY, Schenectady, which transmitted "The Queen's Messenger," a one-act drama, on Sept. 11, 1928.

A telephone tieup between WEAF, New York, and WNAC, Boston, on Jan. 4, 1923, was the first "chain" broadcast; first multiple station hookup took place in June of same year.

Dempsey-Carpentier fight was the first boxing match to be aired, with Major Andrew J. White as announcer, on July 2, 1921.

Opening of Congress was broadcast for the first time on Dec. 4, 1923.

First international program was rebroadcast by WJZ from Coventry via Houlton, Me., in 1924.

First coast-to-coast broadcast took place Jan. 1, 1927, when a Rose Bowl football game was aired.

First round-the-world broadcast sent from Schenectady on June 30, 1930.

President Roosevelt inaugurates "fireside chats" on March 12, 1933.

WLW in Cincinnati starts operating with 500,000 watts, first and only station with such power (experimental).

RCA starts television tests from Empire State Building, New York, on June 29, 1936.

we deliver 1000 like this* for 31c

*and her family

Much prettier, actually, from a sponsor's point of view, because these ladies *buy!* And at WVNJ you can talk to a thousand of them (and their families) for one minute at a cost of only 31c. Same rate for men, too.

Most advertisers know that the New WVNJ has more listeners than any other radio station broadcasting from New Jersey. As a matter of fact—almost twice as many as the next 2 largest combined.*

*Source-Hooperatings Jan.-Feb.-New Jersey

Most advertisers know the quality of this audience—for the new programming concept of playing only Great Albums of Music has brought the station thousands of new and potentially better buyers than ever before.

Most advertisers know, too, that WVNJ delivers this audience at less cost per thousand than any other radio station not only in Jersey but in the entire metropolitan area as well.

That's why WVNJ is the hottest radio station in the New Jersey market—bar none. Get the facts and you'll make WVNJ part of your advertising day.

NEW General Electric Broadcasting Center

NEW

Hailed by engineers as the "best-equipped TV station in the world," WRGB readies for next month's dedication.

"This is WGY, Schenectady!" Old call letters of a pioneer radio station...now beaming from the new WGY-WRGB studios.

Better Service for the People of Three States

Pioneers in radio and television broadcasting, WGY and WRGB have through the years served the people of Eastern New York, Vermont, and Western Massachusetts.

WGY first put voices and music into the air in 1922, and as far back as 1928 WRGB was doing experimental live remotes, such as Gov. Al Smith accepting his nomination for President on the steps of the state capital in Albany. In 1947 WRGB continued to pioneer, becoming one of the first commercial TV stations.

In the ensuing years these stations have paced the broadcasting industry. General Electric's faith in broadcasting's future is the magnificent new home of WGY and WRGB in Schenectady, N. Y. The finest facilities of modern broadcasting are now coupled with the wisdom of experience to serve the advertisers using these stations.

Even more significant:—served also are our neighbors and friends in this vital three-state market through WGY's new sound, WRGB's new colors.

TO ALL KEYSTONE AFFILIATES:

This is indeed a proud time in the history of Keystone Broadcasting System.

It is a time when we want to make special mention of our warm feelings of thanks and appreciation to every one of our THOUSAND affiliates.

We think that nowhere in advertising is there a finer or more encouraging example of complete cooperation between a network and its affiliates. As a matter of fact our network is held together -- not by electronic or mechanical means but precisely through cooperation.

Thanks too, to every one of our affiliates for their "beyond the call of duty" efforts to strengthen the effectiveness of our advertisers' campaigns through tireless and continuous PLUS MERCHANDISING assistance. We sincerely believe that no other advertising medium can match the quality and consistency of the merchandising assistance provided by our affiliates.

We look forward to continuing growth and happiness through our association with our affiliates. Believe me. It is a pleasure to be in business with you.

Sincerely,

CHICAGO 111 W. Washington Sra 2-8900

Keystone Broadcasting System Adds Its Thousandth Affiliate!

Hometown and Rural America was never so bignever so celebrated-never so completely covered by any advertising medium! Imagine it! For the first time. in radio broadcasting history A GRAND SLAM! ONE THOUSAND

radio stations affiliated with KEYSTONE in the soundest most flexible network available to advertising.

The wonderful thing about the KBS network is that you can buy it as you please—100 stations in "special problem areas" or 1000 stations reaching all of rich, ready and able-to-buy Hometown and Rural America.

We have a hatful of case histories of signally successful advertising campaigns credited to our network. They involve advertisers whose products are household habits across the nation.

We'd love to tell you our story! Write for our new station list and market information.

20 YEARS MEANT NOTHING TO METHUSELAH

But then he wasn't a Radio Daily reporter.

Today, Radio Daily celebrates its 20th year as the perceptive reporter of events radio. Congratulations on a job more than well done.

It occurs to us that we should feel old as we too celebrated an anniversary this year-35 years of leadership in radio broadcasting.

We know that today we feel as healthy, and perhaps even more vigorous than we did 20 years ago. We're constantly inaugurating new programming geared to the times, such as "Music From Studio X" and "Radio New York." And we've continued and extended New York favorites like John Gambling, The McCanns, Martha Deane and Stan Lomax. Probably most significant is our accelerated emphasis on news, the most important program category in broadcasting.

It is a great source of pride to us to note that today we are serving more listeners and advertisers than ever before in history.

When we celebrate our 9th century of broadcasting we expect that our story will still be a story of leadership.

ASCAP MUSIC...THE MUSIC OF SHOW BUSINESS!

The American Society of Composers, Authors and Publishers proudly presents a special issue of the ASCAP Program Guide entitled "40 Years of Show Tunes." Among the ASCAP membership are the men and women who

have created top musicals for more than four decades. The compilation of songs in this latest Program Guide runs all the way from "Princess Pat" to "My Fair Lady." The listing includes not only the song titles with the composers, authors and publishers, but also names the performing artists and the available recordings of the hit songs of Broadway musicals from 1917 to 1957. Television and radio broadcasters, advertising agencies and all those engaged in entertaining the American public will find this Program Guide an invaluable source of program material.

529 Pan American Bank Bidg Miami, Florida FRanklin 3-7753 Coaxial cable test termed satisfactory.

Radio probe being put off; Congress favors giv-ing FCC Chairman McNinch chance to straight en things out before inquiry.

FCC rapped at Chicago parley: freedom of broadcasting from political interference de-manded at educational parley-program standards urged.

Warners buying Muzak; expansion of wired radio music service planned by film company-

Radio is top recreation; Fortune survey shows listeners exceed moviegoers.

Elliott Roosevelt heads Hearst; becomes president and general manager of radio interests. Government control bill looms; Senate to get measure when new session begins in January.

'37 was big-'38 to top it; billings up, net works expand, more drama, better music, unions move in, television creeps along and Hollywood splurges.

1938 ARTA starts new drive; localized campaign is begun to sign up all stations.

FCC may ask license fee for radio; secret report made to Congress along with annual review.

90% of affiliates sign AFM deal; majority of 273 independent stations have accepted musicians plan.

Canadian policy attacked; ex-vice chairman of radio commission raps government competition with private firms-sees 50% U.S. programs. \$8-Million tax seen in Senate Bill; proposed

50-Million tax seen in Senate Bill; proposed measure placing radio under Public Service Commission has far-reaching authority.

400 stations in used car drive; 16 agencies cooperate in placing extensive spot campaign for auto industry.

Redrafting disk license; AFM counsel advises plainly written clauses to avoid legal kickbacks.

Coast stations crippled by flood; 12 outlets in Los Angeles are forced off the air temporarilymany western originations canceled.

748 stations in national airmail week; record network is assembled to promote event.

Sponsored records get underway; Chesterfield and Canada Dry reported first accounts using 25-word advertising announcements.

Indies will meet AFM; committee selected after stormy session, will seek best terms possible --ET firms find selves 'in the middle.'

Farnsworth reveals new tele projector.

Late-hour shows wary; song requests being carefully scanned for hidden messages after stations receive FBI leads.

Los Angeles dailies toss out radio news and columns.

Agencies eye hockey as next season fare.

Network standbys piled up gross; increased budgets by foodstuff: soap and cigarettes arc responsible for record first quarter gross.

FCC rejects congress probe; by vote of 5 to 2 commission decides not to invite investigation but let Congress originate own moves.

Experimental television schedule back on NBC on 5 hour basis.

Minton berates dailies; Senator from Indiana defends radio and accuses press of 'trying to strangle the air.

1940 airing of Olympic Games will cost \$2,-000.000.

FCC hands down rules: proposes series of new regulations and okays 25 clear channel 50kw stations as rural service aid.

Unions no budget bar; leading time users planning usual next season shows despite labor troubles in industries.

Newspapers still militant; strong anti-radio sentiment.

Two tele receivers, Du Mont and Television Corp. of America, go on sale: curious public takes peek.

NAB appoints Neville Miller paid president.

Baird tele receiving sets will be sold to theatres.

House probe defeated; Connery resolution is badly whipped by vote of 234 to 101; proponents die hard, debate bitter. Web billings at peak; major networks' cumula-

tive total for six month period up 5.9%; \$37,-957,151 gross.

Disk license accepted; ET men and AFM agree on final form to go into effect. Philco asks permit for tele outlet.

Film company in tele field; third picture outfit gets affiliation as Paramount buys into Du Mont: Warners and RKO-Pathe set.

Resume NBC television; will start a new series with live talent and films; revision made to conform to RMA standard.

WQXR to experiment with tape methods. NAB wants united front: entire industry to be represented in any ASCAP discussion: basic pact will apply to all.

Music code's washout; no U.S. law against paying artists for plugging songs says FTC; restraint of trade hint.

Television standards to FCC; RMA hopes to stabilize industry if transmission changes are

okayed by government experts. Foreign accounts shaky; several ad agencies stand to lose important revenue if commercial radio is killed abroad.

Storm hits key outlets; for first time both NBC and CBS in New York schedules are disrupted: re-route commercials.

War events come first; Hitler's talk cancels commercials as climax to a heavy weekend; CBS

scoop on FDR message. Webs to remain on job; although possibility of war fades major nets not to relax vigil.

Paid listing now acceptable in 237 newspapers at line rate.

Muzak starts test of new ad service. \$10.000.000 television setup; head of British

concern confirms Scophony plan, including sets selling around \$200 each.

Radio strictly on own; expenditures by lead-ing advertisers in past 10 years disapproves claim that air hurts other media.

Majority of air employees unionized in past two years.

Tele talent reservoir; William Morris Agency joins forces with Du Mont-Paramount combine; events and theatre tie-up.

1939 CBS begins its testimony for FCC probe committee. New radio trans-mission. Columbia U. professor promises new era for industry.

FCC revives web deals, digs up old stock swap with picture company.

More two-web sponsors; 34 national accounts used two or more major nets.

FDR for new FCC setup: writes two Congressmen to establish definite policies to guide clear interpretations.

Four A's holds its ground as AFRA seeks closed shop.

Chicago blizzard-bound; web schedules completely disrupted as actors and others are unable to reach stations.

AFRA-webs-agencies sign; unique pact charges AFRA and nets with maintaining the AFRA shop; settle AGRAP complications.

NBC television scripts ready for shooting. Wheeler bill to Senate; provides for three-man commission to prevent lost motion.

Unions eye engineers; both ClO and AFL units plan drive following success of AFRA move.

Baird's television invasion: important English firm to establish giant screen projection suitable for theatre audiences.

FCC's complaint department; adopts new procedure in acting on complaints against stations-stronger discipline hinted.

Industry policies stated; strong plea against any censorship voiced by NAB board in state-ment favoring larger FCC. Fort Wayne television center; Farnsworth

moving entire facilities and will erect huge transmitters—to retain Philadelphia office.

Compare air-newspapers; testimony on value of two medias in leading markets highlight FCC probe hearings.

Live talent television tests conducted by Zenith.

Radio continues to improve say 61% of leading critics; editors see gains while the faults seem trivial.

Seeks juvenile standards; joint committee on children's shows headed by women groups plans wide improvement campaign.

Sarnoff makes urgent plea for radio-relevisionpicture cooperation.

Radio salutes the Fair; networks and local stations unite in lending full cooperation to the 'World of Tomorrow.'

Network tele hopes rise; following success on 1-mile phone-wire engineers plan new tests in seeking cable substitute.

OK shortwave sponsors; FCC lifts restrictions and allows international commercial shorts.

Newspapers peace move; definite trend toward amity seen as publishers realize radio news makes public news conscious.

Form wired tele group; Otterson heads new firm planning to install wired tele system as feasible method.

Sponsors up air budgets; advertising investments on networks show 11 industries advanced billings \$3,227,739 in 6-month period.

58 shows back to nets; heavy schedule returning within 60 days on three major networks dispels fear of war hurting business.

War ups radio budget; compensation for foreign market loss being sought by increase in domestic sales.

New recording method; process perfected by RCA-NBC based on higher frequencies, eliminates all distortion, noises.

Music plan before SEC; Broadcast Music Inc. files its data for stock issue.

1940 Webs gross \$83,000.000; \$10,000,000 over previous year for three major networks.

Tele hearing gets serious; ramifications over RMA standards keep Chairman Fly on the alert; Du Mont battles 'freezing.'

Shubert music settlement; 32 suits discontinued with radio gaining access to 23 operettas via ASCAP sans restrictions.

BMI operative next week: board meeting decides against delay as over \$200,000 reposes in bank; Miller sees much more coming.

FM gathering momentum; 12 experimental transmitters in use with 5 manufacturers making receivers; investment now \$1,500,000.

Tompkins to head BMI: plans vast scope in his operations which will offer much employment to writers and arrangers.

Radio's big war-news job: on 24 hour sked, resourceful webs again bring full coverage, both for listeners and papers.

Senate hears tele story; Fly defends recent ac-tion — Sarnoff forsees billion dollar industry; Barbour introduces FCC bill.

50,000 good wishes from WNGN

... one for every watt we own!

The **ACTION** Station • 711 FIFTH AVENUE, NEW YORK

Fox Film's air budget; \$500,000 for network exploitation is first large-scale picture business; premiercs to be plugged.

Super market survey; nationally distributed brands lead in sales where backed by radio; influence on housewives.

BMI seeks ANA backing; offers free service for theme songs and arranging department facilities.

Record licenses illegal; U.S. Circuit Court of Appeals voids licensing of phonograph records, also 'vested' rights of manufacturers - artists. 450 network affiliates; compare with 199 on

June 1936 revealing vast coverage boost for webs in all markets. Advertisers okay BMI; will cooperate fully

with networks in music fight; membership now increased to 365 outlets.

Radio tops all media; surpasses both newspapers-magazines comparative time study shows; sponsor identification high.

Web billings at new high; \$90,000,000 year possible as major networks strangle August bogey; cumulative total soars.

CBS shows color tele; special demonstration reveals sharp, detailed transmission from films; to license receiver manufacurers.

Grant 16 power boosts; four stations involved on 890kc. while four others are on 920; directional antenna changes.

AFM bans co-op show; participating network type program hard hit by musician union's new restrictive order.

Tele election coverage; complete pictorial story to show returns-progress of candidates in elaborate NBC plan.

FM goes commercial; FCC working fast gives 15 outlets okay to sell time immediately they find it feasible.

FDR praises industry, sees no government control.

No M-G-M-ASCAP contract; performing rights pact still pends covering 3 movie-firm companies; Sam Fox another holdout.

Hotels start BMI co-op; 'nation's hosts' swing into high gear to assist broadcasters fighting ASCAP's music hold.

1941 FCC sees tele activity; six annual report covers commercial possibilities: progress seen throughout entire industry.

CBS billings rose 18.8%; cumulative 12-month total revenue is \$41,025,549; December gross reveals 8.2% increase.

New color tele patent hailed as workable. RCA's large screen tele; highlights two-day

tour for FCC with hour-long show. Independent movie exhibitors favor coopera-

tion with BMI. ASCAP signs U.S. decree; with crisis over,

more cheerful note is in evidence as leading firms give Society confidence vote.

Aluminum ban hits ET's; manufacturers of blanks for masters see grave situation as OPM holds metal is needed for defense.

Buildup of smaller publishers current move of BMI staff.

U.S. offered FM patents; Major Armstrong extends government free use, also to any designated concern working on war orders.

Webs now holding off commercial tele rush. Radio's biggest switch; 800 stations on new frequencies completely on sked; moving day campaign held successful.

RCA-Theatre tele plan; will market large screen apparatus but do no programming; sees need of outside producing units.

Radio opens bond drive; over 700 stations in largest hookup take FDR-other officials' talks; future programs being set.

BMI slashes fees as members vote to continue music fight.

First tele theater set: large screen going into the Rialto as part of regular entertainment is on a commercial basis.

Trammell again hits FCC; calls ordered sales of Blue 'brutal' and warms unlimited power placed in hands of commission.

Movies losing against radio Gallup tells RKO gathering.

Tele goes commercial; years of research and \$25,000,000 plus FCC okay takes new medium out of the laboratory.

ANPA challenges FCC: declares commission is without power to bar newspapers from engaging in the broadcasting industry. Nation's leading advertisers favored radio in

budgets.

Commercial tele boom; fall outlook optimistic as sponsors indicate full co-operation; Don Lee application for commercial CP. files

Theatres eyeing tele from box office view. Radio's defense time; more than \$8,000,000 in facilities donated by the industry during six months ending July 1.

plans set: government to keep Emergency hands off during war but will assist stations; super web planned to cover entire country.

Grid dough hits peak; expenditures to reach \$2,500,000 mark during coming season; fuel curb no barrier for gas sponsors. Senate okays 'no tax;' appro

approves committee action killing proposed levy; way now cleared for FCC franchise plan.

Three new tele grants; Philadelphia, Milwaukee and Los Angeles set with commercial licenses; also okay three more FM stations.

Web gross \$105,000,000; estimate for major network billings indicate increase of \$10,000,-000 in the current year's total. BMI will slash rates; board approves new

8 year blanket contract; estimated \$1,000,000 income seen next year.

Radio covers the war; all web-station programs overboard to bring public first-hand information during 24 hour schedule.

Air clients optimistic; no serious budget changes expected, say leading agency executives -also numerous sponsors.

Bolster saving drive; sponsors, agencies. stations pledge unprecedented aid of every kind to push sale of bonds-stamps.

Webs eye normal sked; will return to regular hours on air within few days unless emergency requires additional time.

Standard war practice: first large scale co ordination plan set for New York territory; all official information from central source.

1942 CBS-NBC to fight suits; federal action was long expected but network officials maintain move is grave mistake.

Tele defense bond program results in tremendous sale.

Halt new-station CP's; number of standard outlets frozen at the present level, also power: to price fix receiver parts.

Webs rushing production; building strong reservoir of shows for both summer replacements and possible priority casualties.

To halt set production; manufacturers get 4 months to ready plants for war work.

Networks granted stay; Federal Court delays FCC enforcement of rulings until Supreme Court can pass on web's appeal.

Webs feeling war jolt; status not too bad as cancellations begin to offset newly signed business

Murrow hits U.S. censors; critizes handling of news by U.S. as 'cumbersome' and 'confusing; no reaction from the Capital.

AFA wartime ad guide; outlines 39 points as important means toward aiding American War

effort, and stabilizing nation's economy. Expand tele in defense; big job ahead in training of workers as 50,000 complete first Radio's share of advertising \$225,000,000, as course;

third media.

Record audience looms; radio gaining listeners as theaters lose patronage due to tire ban; blackout tests also a factor.

Courts overrule FCC; supreme tribunal approves temporary suspension of commission's ruling on duplication of frequencies.

WPB final authority; stringent curtailment of construction on projects of \$5,000 or more moves

FCC out of the picture. National talent pool; organization to aid war effort set by actor union; will centralize source of services given gratis.

Deems Taylor made ASCAP head; board action ousts Gene Buck, who served since 1923 for radio-minded musical authority.

War Department makes request: radio's key morale job is illustrated by Army's demand, sponsors add Hawaiian station to hookup.

Hit freeze-squeezers; applicants for CP's receive warning on seeking critical materials; told to save money and time.

New CBS rate structure; first important revision since 1939 has two-way discount change to encourage maximum nets.

Direct air bond sales; U.S. Treasury to appoint broadcasters as sales agents; will ship bonds on consignment basis.

List essential radiomen; BWC classifies all types of personnel needed to carry on broadcasts both standard and shortwave.

Mutual's discount plan; six point setup to encourage larger network reveals simple format geared to war-time economy.

AFM clarifies ET status; states commercial disks may be made if performed once and de-stroyed or deposited with union.

Talent cost going lower; higher bracket particularly hard hit as budgets are drawn tighter; web discounts pave way

New U.S. international setup; plans vastly expanded shortwave use in psychological warfare move: government cooperating in operation.

Television holds strong; stations on both coasts still continue their operations and experiments despite drastic wartime cuts.

OWI's language plans; strong anti-axis ET's being readied in six languages; best available talent to be utilized.

Treasury okays ET firms; recognizes 17 independent disk studios which may do business with all government agencies making record-

ings. Web-AFRA compromise; three networks agree to 10% increase for sustaining artists; approval is expected by the WLB.

1943 Congressmen talk radio; newly convened lower house members reveal dislike of commentators in particular, also the FCC.

Set up new AFRA scale; basic sustaining pacts in final form as okayed by the major networks: goes to WLB for approval.

52,000,000 phone savings: minimum estimate of industry benefit by A T & T wire-charge reductions may also aid affiliates.

56.560,000 in U.S.A. hear Casablanca news.

600,000 disks sent overseas in first six months of war.

CBS 1942 net profit at \$4,100,000 mark.

Chain rule hearings ends; U.S. Solicitor General in high court oppose plea to stay enforce-ment of FCC's new regulations.

FCC fund slash blocked; Speaker Rayburn dcfends commission as controlling influence over air; second cut move also beaten.

DODAY as never in the years before BMI came into being, the musical tastes of Americans have broadened to include music of every kind, of every style, for every taste ranging from piano blues to the concert hall. Just as the heart of our country reaches from coast to coast, so does our music come from Americans whose tastes and talents are as wide as the heart is wide . . .

From three experts in the world's folk music who introduced us to a Bahaman beauty... a Tennessee housewife and Sunday School teacher ... "one of the most important names in contemporary American music" whose 11th Symphony is "a work of superb craftsmanship" through which shines "a gentleness of spirit and a human conception of philosophical values" ... a California housewife and the Field Secretary of Boys Republic ... the son of an Armenian father and a Scottish mother who has been hailed as "one of the greatest living composers not only in America but of the whole world" ... an Atlanta music publisher who believes that Tin Pan Alley is found wherever the talent is ... and a host of others who have set the heart of America to music. BMI is proud that its open door has helped to bring this new music to America.

BMI is proud that the writers of its music are in truth the sons and daughters of a nation whose music comes from the wide, wide heart.

To each of the men and women who write the music it licenses, to their publishers, indeed, to every person of talent and energy who has come through the open door and found opportunity in our being . . . to these, we of BMI, say welcome and thank you.

BROADCAST MUSIC, INC. 589 FIFTH AVENUE · NEW YORK 17, N.Y. New York · Chicago · Hollywood · Toronto · Montreal

Set government food campaign; time will be bought in drive to induce use of unrationed commodities: expect \$100,000,000 in ads.

Agree on 10% AFRA rise; minimum scale for sponsored shows sought 19% cost-of-living boost but work out compromise.

Network program trends; first war year saw definite change in character of public's demand; news popular, drama declines.

2nd Treasury loan co-op; full industry support being offered following Morgenthau's message; three week drive planned.

583 of 722 stations report profit for 1942.

High court song ruling; hold writers can dispose of rights years before anticipatory benefit even if it is 'bad business.

OPA-Treasury department laud work of radio. National spot business holds up; first quarter of 1943 showed gains over last year in active cli-ents; 9 major groups increased time.

Editors hit web decision; Washington dailies take lead in citing threat to free speech in event of authority abuse by FCC.

Stress womanpower need; McNutt asks addi-tional 2,000,000 for essential war work; radio aid expansion campaign. will

BMI's new-song preview; audition board of program managers participate in novel presenta-tion of newly-published selections. Radio leads advertising rise; shows sharpest increase of all media in Department of Com-

merce study; March billings set record.

House hears FCC attack; Representative Herbert of Louisiana hits chain rules along with Supreme Court decision; sees blow at free speech.

ET men appeal to WLB; transcription companies submit cuse for mediation seeking to end ban on recordings by the AFM. Taft asks chain rule stay; wants enforcement

by FCC deferred while Congress considers subject of regulations and free speech.

Sales manager open up; condemn 5 minute commercial shows also hitch-hike announcements; mull revision of standard contract form.

\$500,000 AFM band tour; over 500 live concerts will be given in out-lying communities as result of Roosevelt-Petrillo confab.

Radio's bond-sale totals; U.S. Treasury reports \$80,243,968 sold by 455 stations in 12 month period-19% to New York State outlets.

Call equipment adequate; engineers of General Electric see no obsolescence resulting from war developments; FM and tele increase expected.

Cox resigns under fire; head of House FCC investigating unit dramatically bows out; was charged with taking illegal lobbying fee.

Tele networks forecast; engineer of RCA envisions television extending from Atlantic to Pacific by developing new relay outlets.

Blue network transfer completed; last cash payment for web's stock seals bargain.

Census reports on radio; figures issued for 1940 show 26,665 men and women listed in industry; advertising field total is 79,035.

Restrict dual ownership; FCC order forbids multiple control by one licensee in same service area except 'in the public interest.

No newspaper decision; FCC still debating such ownership of stations.

1944 Radio-Pix war loan plans; Hollywood meet assures cooperation between 2 industries; advertising agencies and clients to participate again.

OWI executive praises radio; cites vital service in dissemination of war news.

Radio Daily marks birthday; this issue starts eighth year.

Radio citation awarded; National Council of Christians and Jews pays tribute to 5 radio programs for 'contribution to humanity.

Boom in news programs; unprecedented new business revealed as survey shows all major webs running ahead of last year.

Battle on for FCC funds; Majority Leader Barkley, Senator Mead to aid in restoring extensive cut from proposed budget.

Tele plans given impetus: statements by NBC, CBS and A T & T indicate steadily increasing interest in planning television's future. Webs exploit war news; advance campaigns on radio coverage for invasion new being pre-

pared. Big post-war set market; both Philco and Westinghouse executives forecast market for 25,000,000 receivers after the war.

Radio's D-Day coverage; our American system of broadcasting keeps a free people fully informed throughout the night and day.

Webs on normal schedule; regular commercial schedules held on four major networks; hot news will break in as warranted.

Invasion pool extended; major webs in agreement to continue operation indefinitely or until the broadcasts start from France.

Movies now active in tele field: Warner Bros. file FCC application for new Hollywood tele station; RKO video developments.

Films receive radio aid; broadcasters, through Treasury Department, extend assistance to theatres for 'free movie day.'

OK 3 major station sales; FCC approves 'Times' buy of WQXR, KECA's transfer to Blue network and WINX to Washington Post.

Spot business shows strength; volume for June and portion of July leads sales figures of last year's outlook for future seen bright.

Race on for tele rights; movie companies having tele interests rush to check copyright status of all literary properties.

Second D-Day on radio; networks on all night vigil rewarded with first break on invasion news; full coverage being continued.

Get WAC spot contracts; stations in New York accept campaign under advertising budgct revised by Y & R Agency.

WAC ads in 791 outlets; regular paid basis accepted by 712 and 79 will carry as war service; others still negotiating.

CBS asks for four tele CPs; major policy decision concentrates all video effort in high channels on maximum stations allowed.

Radio's storm service; station coverage on eastern seaboard goes all-out for public service; every contingency handled.

FDR enters disc dispute; President counsels the AFM to abide by NWLB strike directive; Petrillo conferring.

End AFM recording ban; Victor and Columbia Records sign with Petrillo on union's terms.

Porter nominated for FCC; President sends Paul Porter's name to Senate for commission post.

Radio's huge bond effort; backed up 6th War Loan campaign with over 1,675,000,000 impressions, 20% above previous high mark.

Nets acquire new outlets; both CBS and Blue network announce affiliation of additional stations; comply with FCC order.

FCC petitions are denied; refuses Cowles Broadcasting Co. plea and NBC is rejected on station matters.

1945 OWI issues radio report; figures reveal that industry donated time and talent to the value of \$66,141,600 for '44.

Radio called 'essential;' industry gets secondary classification in revised manpower listing issued by the WMC.

Porter clarifies 'freeze;' says tele and FM permits will go to applicants deemed most deserving.

N.Y. leads FM-tele field: FCC releases up-todate application data on FM-television interests; 29 FM, 10 tele from New York.

Radio to help G.I. get job; OWI booklet sent to stations suggests two-point policy for aid-ing vets to make civilian readjustment.

Educational FM growing; applications for FM stations at FCC indicate widespread interest among schools and colleges.

Show new tele receiver; RCA gives demonstration of video set producing a projected image 16 by 21 1/3 inches.

Small stations' net up 41%; FCC report on 137 out of 162 outlets shows only 2 decreases for 1944; time sales up \$5,981,160.

Truman voice gets okay; President achieves the third highest daytime rating of 32 per cent; 16,850,000 listened in.

Bell advances cable plan; expects 1,500 miles suitable for video will have been laid by end of '45 as part of five-year program.

Radio flashes first news of Germany's surrender.

Tele granted 13 channels; seven between 174 and 216 mc. definite; FCC to follow with six more; FM to get further study.

Censorship is curtailed; sweeping revisions in code made by U.S. Censor Byron Price; goes into effect immediately.

Radio greets Gen. Eisenhower; webs and indies complete plans for coverage.

Berlin coming through; network correspondent heard here in first pickups since 1941; warming up for 'big three.'

Fifth network planned; Associated Broadcasting Corp. announces plan to launch 26-station web.

Program increase shown; addition of tele and post-war features believed influential in 20% jump in 'Shows of Tomorrow.

Radio's Oak Ridge scoop; atomic bomb news given workers at plant.

Radio airs victory details; entire nation close to receiving sets given minute-by-minute report of Japan's capitulation.

Web season starts early; four networks have 80 commercials either returning or new accounts; latter mostly on MBS-Amer.

Noble buys network stock; chairman of American web directorate purchases all securities held by Chet La Roche and Time, Inc.

FCC asks research fund; Chairman Porter requests government to foster federal research in field of communications.

Store-tele show to tour; nation's largest retail establishment to be shown RCA-Gimbel system; two-year itinerary still unset.

Okay microwave relays; FCC permits Western Union construction of 22 experimental microwave relay stations in East.

FCC budget cuts restored; Senate Committee allows \$930,000 cut voted by House; recommends State Department short wave budget.

New flood of applicants; heavy list filed with FCC for FM, tele and AM stations; press among applicants.

FCC's tele rules issued; modification of September order released; seven channels granted New York; multiple-owning ruling eased.

Survey on set situation; manufacturers and retailers announce no new receivers in prospect for Christmas season.

Midwest tele web plans; A T & T announces construction plans for video relay outlets linking Milwaukee and Chicago.

Through a carefully built structure, WGAR gets advertising results in Northern Ohio

. . . how WGAR affects advertising results in Northern Ohio.

We believe there is a definite relationship between a radio station's devotion to public service and listener response to advertising.

By serving our listeners better, we feel we have created a climate of believability—of listener loyalty—of dependence on WGAR—which makes our advertiser's messages more effective.

There are many concrete examples of WGAR's selling power with the adult buying audience. For evidence of WGAR's leadership in public service—and advertising results—contact a WGAR sales representative.

What is believed to be the first broadcast of a complete opera was accomplished May 19, 1921 as 9ZAF, now KLZ, went on the air from backstage of the Denver Municipal Auditorium with the opera "Martha." WGN radio's idea that led to the nationwide adoption of the use of radio receivers in police squad cars was given its first test in March of 1929 when the station installed radios in the cars of the Chicago Police force. Carl J. Meyers, engineering manager for WGN, Inc. is at the extreme left.

Taken 20 years ago are these two remote units belonging to the McClung Broadcasting Stations of California. These units were among the first in the area. Stations now included in the chain are KYOS, Merced; KHSL, Chico; KVCV, Redding, also KHSL-TV and KUCV radio. Tension during the floods of January 1937, Evansville, Ind. Left to right: Ken Fry, NBC Central Division special events director; Norman Barry, announcer; E. A. MacCormack, engineer, and extreme right, R. A. Limberg, engineer. Fry is now owner of WHCC, Waynesville, N. C.; Barry is an announcer at WMAQ-WNBQ specializing in sports and Limberg is still with NBC, Chicago as maintenance engineer.

This is a far cry from the advantages of today's equipment. Reported to be the first remote and public address car used for radio. Taken in 1924 this car was in operation for The Oregonian Radio Station KGW in Portland, Oregon.

General David Sarnoff on duty at the Wanamaker Radio Station in New York City, 1912.

On May 31, 1932, Don Lee Television pioneer Harry L. Lubcke staged the first known reception of television images in an airplane. The aircraft, a Western Air Express tri-motor ship, carried representatives of the Los Angeles press and key Don Lee television executives.

of which about 35% was commercial. Video production grows; principal manufac-turers reveal orders for tele transmitters in 35 cities; deliveries skedded for '47.

Foreign time sales up; American advertisers increase budgets for foreign radio stations; Latin American stations lead list.

SMPTE files tele petition; theatre video in-terests oppose FCC's revised frequency allocations to non-government services

FCC outlines processing plan as 'freeze' is put into effect.

Sponsors stress prestige; study shows institutional commercials favored over product advertising on major network programs.

'Your Hit Parade' off CBS, moves to NBC.

Platter business booms; 275,000,000 units, \$165,000,000 sales recorded in 1946; 1947 production may total 400,000,000 records.

Color tele loses fight; FCC rules against com-mercial permit for CBS color television; blackand-white leaders predict video expansion.

Treasury drops tele tax; Internal Revenue department rescinds rule requiring 20% amusement tax on bars with television sets.

Plan tele caravan tour; Allied Stores Corp. in co-op with RCA to show video coast-to-coast. New documentary series being planned by CBS.

Apartment house tele antenna ban has little effect on sales.

FCC calls tele confab: engineering discussion on TV relays to determine best transmission for inter-city programs.

AM allocations to stand; standard broadcasting bands will not be affected by current international meet, says Denny, FCC chairman.

Against government ownership; Canadian survey of listeners reveals preference for private ownership of radio stations, networks.

Taft-Hartley bill passage may aid industry, leaders to study benefits of new labor law.

Army in new spot drive; recruitment budget is being allocated by N. W. Ayers, Inc.; will sponsor football on ABC and MBS.

Senate boosts FCC funds; appropriation committee recommends \$6,440,000 as budget for 1948.

Webs continue expansion; stations new and old being signed as power and frequencies im-prove; over 1,100 outlets affiliated.

Radio still topping magazines; study shows many leading advertisers continue to favor radio over magazine field.

Tele manufacturers up ad budget; major firms spurred by big market plan to spend from 7 to 10 million during coming 12 months.

Davtime programming shift; definite trend away from the serials gradual but consistent; varied entertainment coming in.

FCC studies time sales; commission warns broadcasters against sale of time to ad agencies for co-op program development.

Britain plans tele network to reach 70% of population.

Pix probe on webs, tele; Un-American Activities Committee hearing going on four major networks, also NBC and ABC video.

Peace' network expands; United Nations web totals 57 stations with 48 of Don Lee soon to join; 12 key cities hear programs.

Tele clients increasing; sharp upturn in video advertisers noted by all stations; 50% of time is now commercial.

Repair racket exposed; investigation reveals that public duped by unscrupulous set repairers in the Manhattan area. First tele outlet in Milwaukee opens. FCC revises financial form required of webs

and licensees. CBS applies to FCC for TV station in Bos-

ton. Cov named FCC head; Washington Post execu-

tive, first broadcaster to get chair; E. K. Jett resigns to join Baltimore Sun.

1948 Storms cripple service; transmitters razed in Midwest area; N.Y. stations issue storm reports; some service is disrupted. NBC plans coast-to-coast tele web; would span via regionals in '48-'49. nation

Television stations may double by Spring; expect 21 outlets for TV debut by Spring.

Tele station applications hit all-time high; 11 stations sought in record filing with FCC.

NBC sets long-term pact for tele films; web and coast firm in major tie-up on picture fare. FCC proposes television channel changes;

move to prevent interference in Canada area.

Camel-20th Century-Fox set daily TV news-reel; NBC tele network to air news pictures. ABC pushes plan for tele expansion; five web

stations to make debut this year. Theatre television plans receive setback; RKO

cancels show of televised fights after protest from Mike Jacobs and NBC video officials.

California tops station list; N.Y. 4th; re-capitulation of AM-video-FM totals shows Texas 2nd and Penn. 3rd; 18 states have no television.

CBS sets studio, web expansion program; to build 2 new tele studios and will push program expansion.

Networks in drive for tele affiliates; NBC, CBS, ABC to mull tieups with TV outlets.

Webs-AFM set radio-tele agreement; live music okayed for video shows; contract runs until 1951: co-operative spirit prevails.

A T & T to file new rate with FCC; cable charges set at \$35 per air mile.

Television set ownership up 100% since January

CBS pushes web plans, adds 9 affiliates, now has twelve: Mutual to mull own TV plan.

NBC leases RKO-Pathe studios for 5 years; contract gives net 5 tele studios in New York.

ABC picks site for New York studios; '47 net is \$1.520.756.

British worry over tele race with U.S.; London paper cites Yanks' progress since war.

Talent budgets reported toppling; survey indicates agencies and sponsors are cutting talent costs for web commercial programs.

NBC to set up TV film distribution system; to build sales unit to contact stations and affiliates. 'Videotown' to measure growth of tele; com-

munity chosen for TV study by Newell-Emmett. Canada urged to push tele development;

warned U.S. video may invade Dominion. FCC radio permits total over 635,000.

Ziv buys World Broadcasting in \$1,500,000 transcription firm acquires library and deal:

good-will from Decca, Inc., in expansion move. FCC move may clear owner status; proposal may offer industry pattern for future station expansion in AM, FM and TV.

Ask FCC for 'downstairs' tele bands; TV leaders also promise continuation of effort to develop UHF service; RCA urges engineering confab.

Martin Block, of 'Make Believe Ballroom' fame poses with hand on mike while Hoagy Carmichael and Kay Kyser (seated) look on. Taken in 1937.

Gilda Gray, Hollywood's 'Shimmy Girl' also had a sultry voice as listeners discovered her in 1926 over WCAU.

Paul Douglas, stage and screen star, cut his professional eye teeth as a staff announcer at WCAU.

Viola Dana and Benedict Gimbel Jr. in 1922.

Don McNeil, of ABC, was well established in radio in 1937 having started as toastmaster of the Breakfast Club in 1933.

NEW YORK OFFICE: 1440 BROADWAY NEW YORK 18, N.Y.

OFFICE OF THE PRESIDENT October 9, 1957

Dear Charlie:

I should take you to task for reminding me that twenty years in our lives have passed. But they've passed so quickly -it seems like only yesterday.

Probably one of the best reasons for the kaleidoscopic swiftness of the score of years has been the pace-maintaining coverage originally of your Radio Daily and now of your combined Radio-TV Daily. It's always been "Daily" - on-thespot with its stories of a business that's noted for its rapid turnabouts. And I found that, in order to stay in that business myself, I had to make your paper the "first read" operation each morning.

There's no doubt Radio-TV Daily has helped me immeasurably. I'm still in radio, after all these years, and I couldn't have remained in the medium if I didn't know thoroughly what was going on each and every day.

Congratulations on the anniversary. May the next score find us both as active and interested in broadcasting developments as we are today.

Sincerely,

Mr. Charles A. Alicoate Radio-Television Daily 1501 Broadway New York, New York

iohistory.com

H. Dean Fitzer in 1925 when he was ap-pointed manager of the Kansas City Star's pioneer radio station WDAF which went on the air on Feb. 16, 1922, the second newspaper-owned station in U. S. to op-erate under a commercial license. Today, as a member of the board of directors of the Kansas City Company, Mr. Fitzer is managing director of both radio and tele-vision facilities.

J. Elroy McCaw, general manager at KELA in 1937, He is now president of this Centralia, Wash. stalion.

Lester Spencer in 1932 at WOWO. He is now general manager at WKBV, Richmond and WBAT, Marion, Ind.

Paul Luecke, of the WOWO staff in 1932. He is now transmission engineer for Voice of

America.

Jules Alberti, president of Endorsements, Inc. in 1937 left the band business to become manager for Benay Venuta, Beatrice Kay and others.

James L. Caddigan, vice president and treasurer of Lowell Thomas' Odyssey Productions-twenty years ago had gone from Paramount News

Raymond M. Beckner, as he appeared at KFUM, now KVOR in 1929 as an announcer. He is now president of KRLN, Cannon City, Colo.

into the production and direction of business films.

MAKING CONNECTIONS WITH TOMORROW

KRON-TV engineers are used to working with equipment that is still in the dream stage. It has been that way since the station was a set of blueprints. Today's connections with tomorrow are concentrated in the areas of automation (pictured), video tape recording (the first in the market) and planning a new tower that will radiate the Channel 4 signal from a height of 2049 feet (698 feet higher than any other San Francisco-Oakland antenna).

Our yesterdays are filled with such achievements as being the first with maximum power and complete compatible color facilities in Northern California. Each step has meant better service for 4 million viewers, better results for clients. Keeping connections with tomorrow means continuation of this leadership.

Yes . . . Six Appeal is what motivates viewers and buyers alike in the WCSH-TV Market!

It's the right blend of production—network, film and live programming—alert news telecasting, public service with a purpose and customer relations, all administered by veterans—and it works.

Surveys repeatedly place WCSH-TV first in viewer preference and in homes penetration in this 13-county southern Maineeastern New Hampshire area. National and local spot advertising volume confirm these findings.

Let your Weed-Television man fill you in on the best TV buy in this billion dollar market.

CONGRATULATES

RADIO-TELEVISION DAILY

on its

Twentieth Anniversary

Back in 1937 folks at WWRL found time to celebrate Edith Dick's birthday. Seated left to right: Percy Mead, radio operator; Lou Cole, program director; W. H. Reuman, owner; Charles Brock, announcer; Standing left to right: Henry Backs, announcer; F. Clark, sales; Max Wessels, producer; Edith Dick, secretary; Carl Watson, announcer; Dolph Gobel, organist. Edith Dick, Lou Cole and Henry Backs are still with the same organization.

Bing Crosby, of films, radio and television, as he appeared during his college days.

Memo to: All Petry Salesmen From: Jim Eshleman, Radio Sales Manager Re: WISN Sales Increases

If you were told that a Milwaukee radio station showed a 91% increase in national spot sales in the twelve month period ending July 31, 1957, would you be able to guess which one it was?

You're doggone right you would! And so, we believe, would every alert media expert in the agency business; for this period marks the end of the first year of "Musicana" at WISN, Milwaukee.

Our success has been based primarily on our contention that our respectable, if not spectacular, audience levels are more purely of the optimum age and income groups most advertisers are seeking. We have logically taken the position that no advertiser should, and few advertisers do, go into Milwaukee without earmarking at least a portion of the budget for the dependable, effective selling medium, "Musicana on WISN."

Morning Ratings	15%
Early Afternoon Ratingsup	26%
Late Afternoon Ratings	18%

A PAYOFF IN RATINGS ACROSS THE BOARD!

A consistent rating climb across the board is PROOF that "MUSICANA" programming has been the prime factor in delivering *results* for the advertiser!

Gene Fromherz in 1938 when he was a spot time buyer at J. Walter Thompson.

"The same to you!"

To Radio-Television Daily:

Last June you congratulated us on our 50th anniversary.

Now, as you turn 20, we'd like to say, "The same to you!"

You've come a long way since you started - run your circulation up from a little over 3900 to around 11,000.

We've made headway, too – added more than 1800 radio news clients to the 100 or so we had in 1937. It's been a great 20 years for both of us.

Here's to another 20 like them, from the service with the latest news for radio to the paper with the latest news about radio!

Herman Robbins, chairman of the board of National Screen Service, when he was sales manager for Fox Film Corp.

Fred Bellin, president of Atlantic Television Corp. as he appeared twenty years ago.

Bill Buckley, of Roger Wade Produc-tions, as he was 20 years ago.

Neal Weed, of Weed & Co. as he appeared 20 years ago.

Ulmer Turner, newscaster over WBKB, was a news analysts for WENR.

EQUIPMENT THAT MADE HISTORY

Almost all early radio sets using tubes relied on the UV-201 Radiotron for reception of the few stations operating in the early twenties.

Portable receivers were popularized when RCA developed the battery operated 199 tube. Then radio sets were carried out of the homes.

The acorn was the first successful tube for the reception and transmission of UHF signals.

Radio broadcasting zoomed into popular acceptance through the use of crystal sets and headphones during 1920-1922.

Development of this battery-operated two-tube amplifier in the early twenties made it possible to add a loudspeaker to the tuner so that the entire family could enjoy programs without headphones.

In 1906 Dr. De Forest patented the Audion (left) in which for the first time a third element called a grid was added to the two-element Fleming valve, grand-daddy of all vacuum tubes. The first tube to operate direct from alternating current in the home was the 227. This tube relegated the messy storage battery to the automobile.

Radio took a man's size step forward in the early twenties when the Aeriola Senior, a one tube set using the WD-11 tube, was placed on the market. This receiver ended the reign of the crystal receiver.
