

WEKZ

FAMILY RADIO ALBUM

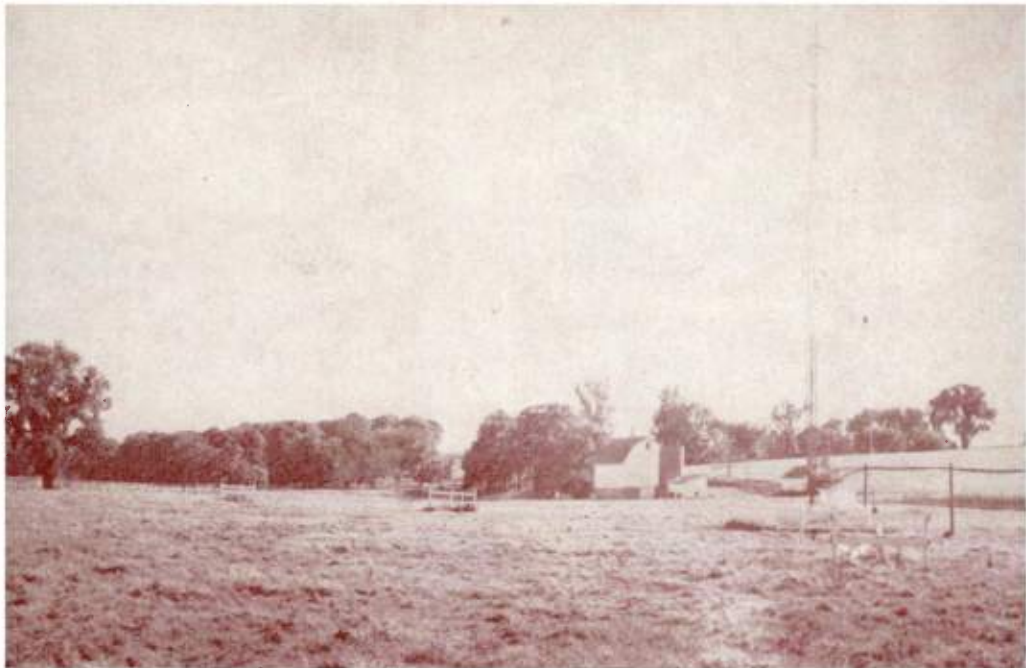

WEKZ IS A "FAMILY AFFAIR"

The family is the basis of our society, and all WEKZ programs must pass the "family" test . . . to meet the good taste expected in our own homes.

It has been our aim, the past ten years, to bring you the kind of radio shows you want . . . neighborly, as only they can be in small communities like ours.

Now, to introduce to you the WEKZ staff and their families, with a few shots of our informal broadcasting life. This Family Album also brings to your attention WEKZ-FM, the sister-station, that carries on evenings when WEKZ must sign-off. Evening "Chore-Time" music and news year-round, with fine music from 7:00 to 10:00 p. m., and sports broadcasts in season, provide something for every member of the family.

DOWN ON THE FARM

Sitting on the stile, leading to the old cow pasture, are the "Service to Agriculture" trophies won three years consecutively.

"How you going to keep 'em down in the farm?" In the case of WEKZ, every member of the staff is "on the farm" every day, in our studios at the side of the road on the WEKZ farm, and our tower is out in "the old cow pasture."

"Down on the farm," WEKZ gets closer to agriculture every year. Recognizing the faithfulness of farm-family listeners, and the keen interest felt by city and village folk listeners, in the welfare and problems of their farm neighbors, WEKZ pays little attention to the programming of big city stations, and goes along with interests expressed by neighbor-listeners.

BUILDING FOR THE FUTURE

The WEKZ farm is now operated by WEKZ. Soil conservation practices started the spring of 1960 with a creek bank planting, shown below, received real impetus in 1961 with the extensive construction of waterways, a dam and contour strips in the south fields, shown above. A three year program should complete all soil conservation practices on the entire farm.

WEKZ plans to have demonstration days next year to show the results of good farming methods.

Since July 27, 1951, the day WEKZ was born, Stan has been on the 1260 spot.

GEORGE and STAN in Action

GEORGE AT MIKE

Play by play sports are an important part of the WEKZ schedule. George and Stan team up to broadcast Monroe and Darlington High School football and basketball games, on WEKZ and WEKZ-FM. George also announces harness races at Southern Wisconsin fairs, wrestling matches, and baseball games.

WEKZ-FM is also your station for White Sox and American League baseball with Bob Elson and Ralph Kiner.

At the WEKZ-AM transmitter, Herb Bolliger is checking the meters. Herb is WEKZ's only eligible bachelor, and has been with the station for over 9½ years.

Engineer Dale Martin is tuning the WEKZ-FM transmitter, to assure the high-fidelity, interference-free signal so many folks depend on. Dale is married, has one child and lives near Beloit.

THE GEORGE McKEOWN FAMILY

SPORTS DIRECTOR . . .

George McKeown, in addition to his play-by-play broadcasts, is responsible for supervising four daily sports-casts. NEWS DIRECTOR

VERN FALK

VIRTUOUS VERN

ON THE NEWSBEAT

Every morning Vern covers the news sources in Monroe, to get the facts needed for informative newscasts. He's on hand each council meeting, at the controls, for the WEKZ-FM broadcast. Between times, he has one ear cocked for unusual recordings to use on "Vern's Musical Churn," heard each afternoon.

THE VERN FALK FAMILY

"ZIPPERISMS"

Junk is something you keep for 10 years and then throw away 2 days before you need it.

A Red letter day is when the Russians read their mail.

A man who understands his wife probably lies about other things too.

An addressee is the last person to read a post card.

ZIPPER AND FRIEND

Most girls are willing to go with a "filthy rich" man, and then take him to the cleaners.

People who aren't afraid to roll up their sleeves, seldom lose their shirts.

Emulate the duck: keep calm on the surface, but paddle like everything underneath.

Don't cry over spilt milk, it makes it too salty for the cats.

Most troubles are caused by too much bone in the head and not enough in the back.

A good highway improvement would be divided highways marked: His 'n Hers.

A little flattery now and then makes husbands out of single men.

Marriage is like a bath in a tub, after you get used to it, it isn't so hot.

I call my girl Candy Bar, not because she's so sweet, she's half nuts.

A quartet is four people who think the other three can't sing.

Courtship is that part of a girl's life between lipstick and broomstick.

A swelled head is nature's attempt to fill a vacuum.

Marriages are made in heaven. So are lightning and thunder.

It takes two to make a marriage, the eligible girl and her anxious mother.

If women really dressed to please their husbands they would do it a lot faster.
