Sex in the cine.

Anyone in love with capturing brilliant video will find a lot of reasons to fall for the Canon C300. Available in either EF- or PL-mount configurations, the C300 utilizes the entire line of Canon digital lenses and cinema lenses. Along with its incomparable lens compatibility, the C300, with a Super 35mm CMOS sensor and amazing low-light ability, is an investment that needs no rationalization.

ProFusion 2012 Tuesday & Wednesday, June 19&20, Toronto Congress Centre. See the C300, along with Canon's 4K cinema cameras the C500 and EOS-ID C.
