

CHARTS! CHARTS! CHARTS!

WHAT IS THEIR VALUE? WHAT DO THEY COST? HOW AUTHENTIC ARE THEY?

EVERY WEEK, all over Canada, there's a chart day when thousands of teens head for record stores to pick up "the chart". In the midst of winter with 6 inches of snow on the ground, teens troop into record stores and leave behind a defined trail of slush that leads to the charts and right back out the door. "That path will eventually wear out the linoleum" said one irate dealer", and they collect charts but they don't buy records". The average age of the chart collector is 7 to 12.

TO SAVE WEAR AND TEAR, one dealer suggested, "A chart big enough to paste up on the window each week. That would keep them out of the store." Further (on keeping kids out) came the comment, "we have to watch some of them VERY closely,

when it gets crowded." DEALERS SUGGESTED they would very quickly revert to the US trades if the charts were discontinued, and feeling was that sales would NOT suffer. Only one of the five dealers checked felt that the charts increased their sales. While the other four maintained sudden listing drop offs and "false starts" (of hits) left them with overstocks. This was affecting any extra sales the charts might bring. THE FEELING SEEMED TO BE that no amount of air exposure assured sales. A listing was the only inducement that would create record sales.

"DO YOU FEEL THAT YOU HAVE BEEN INSTRUMENTAL IN REPORTING AND STARTING A NEW SINGLE ON ITS WAY?" Every dealer but ONE felt that magic rather than their reports brought about a listing. "They don't buy it; They

don't want it, if it hasn't got a number beside it."

HOW MUCH RESEARCH does go into the compiling of these charts? Several stations admittedly are printing a play list based on one man's judgement, influenced strongly by American trade charts. Other stations spend considerable time phoning to rearrange their listing from limited information that record stores volunteer. Forms are sent out by stations to get a measurement of actual sales. These are used to rearrange established hits.

THE QUESTION REMAINS UNANSWERED. What starts a new hit on its way. In no case did sales have any part of it. Somehow somewhere a record got on the chart. "Good promotion", "our sound", "our disc jockeys picked it", "this artist has a hit every time", "picked in the trades" (referring to mags and newsletters), are a few PD or MD comments.

"OUR LIST IS as authentic as we CAN make it," was one honest answer. "We use information from our dealer survey, phone requests, battles, disc jockey choices, finally ACTION ELSEWHERE. If it's climbing the trades in the US, it's a HIT, and our formula is to PLAY hits not to MAKE them. We're not in the record business, we're in the advertising game, and in the rating race. We play what the public wants." Those words were from one of the most dignified and respected broadcasters in Canada, and are echoed by many others.

MANY CANDID observations regarding charts are unprintable. In the overall picture their value is promotional for the radio stations only. A station that discontinued its chart puts it plainly. "We're saving \$30,000 a year...and a lot of heart-aches."

Here and There...

Walt says..

THE FRANCIS ROOM in Toronto famous for it's continental approach to entertainment and their use of Canadian talent has an impressive lineup of Canadian stars including Tommy Ambrose, Shane Rimmer and Louise Thomson. Countess Stephanie Listowell will hold court for two weeks commencing November 23.

THE IMPERIAL ROOM of the Royal York is whooping it up to tribal dances etc. of Lynn Rogers and the Maori Hi-Quinns. Audience reaction to these talented New Zealanders has been tremendous. Their popularity preceded them with the showing of the Walt Disney movie The Castaways in which they appeared. Great acts to follow are The Mills Bros., Rudy Vallee, The Ames Bros., and possibly Ethel Merman.

This is the 25th Anniversary of "I'll Never Smile Again" written by Ruth Lowe and picked as the number two song of the century (see Woman of the week).

RAY HUTCHINSON always makes his return to the Embassy Room in Toronto an impressive date. He's packing them in again. Hope to see Ray release a disc soon.

RUMOURS HAVE IT that Gord Lightfoot may be off to New York for a recording session for Warner Bros.

THE ALLAN WARD TRIO are also off to New York for a recording date. Apparently Mary of Peter Paul & became interested in this trio and is making the necessary arrangements.

MIKE REED of Apex dropped around with news of the Joe and Eddy appearance. They played to a full house at Varsity Arena for the U of T Home Coming Show which resulted in a pretty fantastic pre-empting for their appearance back in Toronto at the Purple Onion Nov. 10 to 16. Mike treated these boys like a Dutch uncle setting up dates etc., including a taped portion for CFTO-TV's "Let's Sing Out" where they appeared with the Dirty Shames, Oscar Brand and the Allan Ward Trio. Mike also informs us that Billy Grammer will be appearing at the Edison Hotel in Toronto in November and the newly acquired (now on Decca) Kingston Trio will be appearing at Massey Hall on Nov. 22. Mike tells us that the new Bobby Goldsboro single "I Don't Know You Anymore" looks like a smash. Decca has just released the Eddie Cantor LP "Songs That Made Him Famous" which should bring back fond memories of one of the greats.

PETER WYBORN, one of Toronto's most popular folksingers is dead at the age of 24. Born in Vancouver, Wyborn appeared at the first Mariposa Folk Festival in Orillia and decided to stay in the east where he became well known through his appearances in the folksinging clubs and CBC-TV shows.

LES VOGT of Jaguar Records, Vancouver sent along a copy of the Vancouver Times' "Young Ideas" supplement showing an impressive write-up with pix of the Classics a popular British Columbia group who are presently enjoying success with their newest release "Tilli Met You". We flipped this disc and it's a gas "It Didn't Take Much". Jaguar also handles most of the teen shows that hit the west coast and Les tells us that the Roy Orbison show was sold out 2 days before show day. Little Richard followed Orbison by a week and this was also a sellout. Several hundred had to be turned away. Coming up are Billy J. Kramer and the Dakotas with Gerry and the Pacemakers on October 25.

ART SNIDER arrived back from England with great news about the Allan Sisters. Remember "Larry" their big big hit? Well look out. Art cut a few sides in England and from all reports these gals will be off and climbing the charts

THE ED SULLIVAN SHOW is as much a part of Sunday night in Canada as it is in the United States. Mr. Sullivan has consistently gone abroad to bring back the top in entertainment from Europe, Asia, Africa Australia and South America. He has been instrumental in launching a never before dreamed career of many, including The Beatles, and other groups from England. His interest in young Italian songstress Rita Pavone has sparked world interest in this youngster. Canada's contribution to date seems to be comics and jugglers. Mr. Sullivan should be made aware of the talent we have in Canada. We have groups comparable to the Dave Clark 5. Singers as talented as Frank Ifield and Caterina Valente. Unfortunately we as neighbors seem to be taken for granted. Let's hope there will be an exchange of artists in the future. Our CBC and CTV network are continually showing the good neighborhood policy by guesting the best of America.

again as soon as a release date is set. They will be on Art's new label ACT (All Canadian Talent).

RCA VICTOR will be having a press bash to outdo all press bashes to introduce their new Canada-International series. This reception will be unique in that it will be held aboard the Cunard liner Carmania berthed in Montreal. Reaction to the first two releases of this series has been little short of fantastic. (see GMP column).

AL MAIR of Apex informs us that Pierre Lalonde and Frankie Avalon will be appearing at the Miss Canada Pageant O'Keefe Centre Nov. 6, 7, 8.

WE HAD a sneak listen to the Travellers newie "Take Your Sins To The River" on Columbia. So did seven thousand others at Varsity Arena where they appeared at the U of T Home Coming Show and if this crowds' reaction is any indication this could be the one The Travellers are looking for. The tune was written by 14 year old Tommy Lowe Sandler, son of one of Canada's most famous songwriters, Ruth Lowe.

RITA PAVONE (pronounced Pavonay) hit Toronto with a bang this week and we had the opportunity of meeting this Italian phenomenon at a reception at Maple Leaf Gardens which was hosted by Jack Feeney and Gord Edwards of RCA Victor and Stan Obodiac of the Gardens. If the large turnout of the radio, press etc. was for the free splash it didn't end up that way. This little gal captivated everyone from her showing of respect for her mother, who travels with her, to her impish but polite way of handling newsmen. We could write the complete column on Rita but let's leave it at YOU WILL BE HEARING MUCH MORE ABOUT RITA PAVONE.

IAN AND SYLVIA will be joining the President Johnson bandwagon when it tours Texas and Oklahoma.

MOE KOFFMAN will be appearing on the Johnny Carson show Nov. 5. We hope he performs his new single "Soul Brothers". This is a single we feel should be a smash.

IT'S OFFICIAL. The Travellers are travelling. Friday Nov. 13 they are off for England via BOAC and a Samsonite TV commercial (which will tie-in with their takeoff) for a date at the Palladium (from whence come great stars). Perhaps a nod from royalty and a smash hit at their fingertips "Take Your Sins To The River" (Columbia) they may get Canadian recognition.

JIM CASSIDY, PD at CJET Smith Falls sends along information on a new program called "Countdown" which is the first hit parade program of its type for the area. Teenage reaction has been excellent. New additions to the staff at CJET include Bob Capp, morning man, formerly at CFRS Simcoe, Stew Paterson, afternoon Teen-Beat host and Larry Kelly nite time Countdown host. Jim looks after a Saturday morning High School program. Congratulations to CJET on entering their 10th year of broadcasting. More emphasis will be placed on Canadian Music with the help of the Canadian Talent Library to which they have recently subscribed.

JOHN BERMINGHAM, PD at CKLC sent along a copy of "I Missed My Year" (STAR) by Bob McCord and the Vibrations. Bob is a radio personality at CKLC and apparently very popular. In fact, four hours after the disc went on sale all record stores reported they were sold out. Sales also look good for Brockville, Cornwall, Ottawa and Belleville. Record is distributed by Arc and promotion copies are going out across the country.

CONGRATULATIONS TO JOHNNY MURPHY ON HIS APPOINTMENT AS MUSIC DIRECTOR AT CKGM MONTREAL.

TO SUPPORT 15 ORPHANS for a year takes the proceeds of 3 stage shows as presented by CKY Winnipeg. Dave Lyman reports that the proceeds from 3 big shows starring performers like Roy Orbison, Ferlin Husky, Wilf Carter, Kitty Wells and many others were turned over to the Unitarian Service Committee of Canada for the support of overseas orphans.

ROGER STANION drops an interesting bit of info from CHOV in Pembroke. The success of Terry Black's Arc outing has been phenomenal in the Pembroke area. It first debuted as a contestant on CHOV's "Battle of New Music" and ran for more than a week as champion. After a week of exposure

CFCN's Don Wood and Epic's Bobby Vinton.

the station was deluged with requests for information on Terry. It was only then that the station advised its listeners that Terry was a Canadian. Roger also reminds us of what we have been saying in RPM. "Prefacing the play of a new single with its origin defeats our purpose. Promoting Canadian talent for the sake of the Canadian and not solely for the talent, is an admission of lack of faith." Thanks for those words of wisdom Roger. Many other discs are worthy of the same consideration.

CKCB, the student radio station from Willowdale Ontario is back in business for the Fall season with the "CBCB Top 60 Hitlist". This is an authentic chart and represents a great deal of work put forth by these students compiling a list not by sales alone but by what the students wanted to hear. They are also very active in spinning discs at high school hops. Their information is firsthand.

CHARLIE BROWN at CKYL Peace River sends along a well marked chart showing Canadian discs. Charlie's comments on "A Nickel Piece of Candy" by the Winmen, "just great".

International Report

DATELINE NEW YORK

by Harriet Wasser

The reason for the big smile on Tony Bennett's face these days is the success of his recording of "Who Can I Turn To". The song is destined to become a standard in a few years. Tony is killin' 'em at the Copa in N.Y.

Tony Roman's French version of "Do Wah Diddy" may be picked up by an American record company. This is a French-Canadian record that was brought to the attention of WINS in New York. Reaction to the record has been tremendous. Les Baronets, the top male vocal group in Montreal, has a couple of American labels interested in signing them.

Now it can be told. Diane Renay has been signed to MGM Records. Vic Damone has just signed with Warner Bros. Billboard reviewed Lucille Starr's new French and English LP and gave it a rave. It proves you don't always have to understand the language to know when the sound is pleasing.

I predict that "Have I Sinned" by Lou Christie will climb the charts in no time flat, also "Guess Who" by Dusty Springfield.

The Rolling Stones recorded in N.Y. during their recent trip to the US. This English group prefers recording in the US to England. I wonder when they will be recording an album of Ray Charles tunes. It's an idea fellas.

Any talk of Elvis' waning popularity had to be dispelled on seeing the mob of teenagers who greeted him when he went up to visit some DJ friends at WINS a few weeks ago. I can still hear the screaming.

Waiting to break big on the charts is "Ringo" by Lorne Greene. Don't be fooled by the title. The song is not about Ringo Starr or there would have to be a follow-up called "The Three Beatles."

Bob Crewe's version of "Maggie May" will be released this week on EMI in London. However, it will not be released in the US or Canada as it is the title song from the hit London show. Bob's decision to record the song himself while he was in London could put him on top of the British charts.

Steve Lawrence signed young Montreal singer, Neil Diamond to his Almont label. Talking about Steve, I hope Columbia some day decides to release his version of "Girl From Ipanema" as a single. I think his record would put the song right back on the charts again.

If any of you have any comments to make about this column I would appreciate hearing from you. Send all news to Harriet Wasser to RPM, 161 West 54th Street, Suite 1202 New York, N.Y. 10019

We're told 5,000 people read RPM each week. If you're reading someone else's copy why not assure that you get and read RPM REGULARLY. DON'T MISS AN ISSUE! SUBSCRIBE

Ruth Lowe

WILL SMILE
AGAIN AND AGAIN

Ruth Lowe wrote "I'll Never Smile Again" and has been smiling ever since.

Born in Toronto, Ruth moved to California where she finished school at Hoover High School in Bendale. Returning to Toronto she worked for a short time at the Song Shop on lower Yonge St., and took odd jobs with the CBC outlet CKNC. She worked for a time with George Taggart until discovered by Ina Ray Hutton (of the famous all girl ork). Ruth toured with this band for a short time and found that song-writing came easy. Returning to Toronto she again worked for the CBC, and began working on and finally finished her big number "Smile". Percy Faith was the first to perform her song on his radio show "StringsBy Faith" with vocalist Louise King.

Tommy Dorsey's band was appearing in Toronto and Dorsey's lead guitarist Carmen Masten heard a dub of Faith's arrangement and tried to talk Dorsey into recording the song. Dorsey wasn't interested in hearing it but 2 months later when he finally heard it he flipped and offered Faith a two year contract to arrange for the Dorsey orchestra. Percy didn't take the job.

Dorsey published the song through his company Sun Music but was more interested in peddling the music than recording it himself. Many recorded "Smile" including Glenn Miller but nothing happened until Dorsey, with Frank Sinatra and the Pied Pipers recorded the song. It was an overnight smash. It remained on the hit parade for 21 weeks.

In 1958 the TD recording of "I'll Never Smile Again" was picked as the number two record of the century. The

panel of judges was made up of officials from recording companies including Mitch Miller.

Ruth Lowe, as a songwriter was "in" and met all the important people of Tin Pan Alley. One of her most amusing incidents happened during a party, well attended by College professors. Being introduced to one of the gentlemen, she took to be a professor. She bent his ear for over an hour explaining in detail how to write a song. The gentleman, it turned out was Oscar

Hammerstein and a very dear friend from that time on.

Ruth teamed up with another Canadian, Sari Lee, and together they operated the Sheraton Murray Room in New York. This was the unfortunate (and most fortunate) year in her life. Sari Lee died while very young and Ruth returned to Toronto for the funeral where she met and married her husband.

Ruth also wrote "Put Your Dreams Away", Frank Sinatra's closing theme for his radio show. This song has had 95 major performances for the past year (1963).

Being a mother and one of the most energetic of organizers for charity in Toronto, doesn't leave Ruth much time for songwriting. One of her biggest contributions is a prodigy, Tommy, her 14 year old son, who has already penned "Take Your Sins To The River" which has been recorded by The Travellers on Columbia and could be a smash hit. There are many songwriters in Canada but none who have gained the fame of this very gracious lady, RUTH LOWE.

WE MENTIONED it before but it's well worth mentioning again and that's the new Johnny Mann Singers LP "Invisible Tears" on Liberty especially the cut "Shangri-la". Give it a listen I'm sure you'll agree. Also watch for London's release of "And Now! The Thrilling New Voice of Toni Dalli" a young Italian tenor who is fast making a name for himself in the pop market. Following along in the footsteps of a very famous mother (Judy Garland) comes Liza Minelli with "Liza Liza" on Capitol. Liza does a bang-up job with some great ballads and given Orkassist by Peter Patz. Another release we like is "Blue Midnight" by Bert Kaempfert particularly the cut "Java". For you Steve and Eydie fans and they aren't hard to take for good music stations, you might give a listen to "That Holiday Feeling" on Columbia.

GEORGE WILSON at CKFH picks the new Benny Goodman LP "Hello Benny" on Capitol and "People" by Barbara Streisand on Columbia. George also suggests you give a listen to the Les and Larry Elgart Columbia release of "Command Performance".

HELEN HATTON of CHUM-FM would like us to expound a little on the Jon Vickers RCA Victor release, "Jon Vickers Italian Arias". Mr. Vickers was born in Prince Albert Saskatchewan and has gained fame through his singing with The Met and at Covent Gardens. On this LP he is assisted by the Rome Opera House Ork conducted by the big daddy of Italian Conductors, Tullio Serafin. Mr. Vickers' voice comes through magnificently with his performance of both "Arias from Pagliacca", Verdi's "Don Carlo", "Aria from Marta", "Tosca", "Il Travitore" and "Giaconda". Another LP Helen recommends for programming is the Columbia release of "Song of Orpheus" by the accomplished cellist Leonard Rose. Mr. Rose is Co-Director at the Stratford Music Festival

ART COLLINS at CFRB recommends very highly the RCA Victor release of the first two Canada-International series "Music In The Round" and "Souvenir De Quebec" both by the Cable Concert Band. Art comments "give it a listen". From the newest of the CTL Art suggests you give the Mart Kenny release a listen "Creole Love Call" done in the Bert Kaempfert manner. (Subscribers take note). Also recommended is the new Si Zentner RCA release "Spanish Rice" and from the Broadway show "Roar of Grease Paint" The Tony Bennet single of "Who Can I Turn To". The Brothers Four have released a single that is getting much airplay at RB "Take This Hammer". We also understand the flip is also very popular "Little Play Soldiers". For the classical listeners Art suggests Angel's "Baroque Concerto" (Music by Vivaldi, Bach, and Leo).

JUST RECEIVED a copy of the London release "The Incomparable Mantovani". We thought Monty would be doing the Beatle or Dave Clark 5 Song Book but this one is just as welcome. Recommended cuts are "San Francisco" and "I'll Get By". Also arrived, a copy of "Invisible Tears" by Ray Conniff on Columbia. Another Conniff masterpiece and as always a must for GMP stations.

HAWK RECORDING STARS, the Strato-Tones have started to climb the charts with their first release "Sneakin' Around". Originating from London, the group has toured Ontario and Quebec and finally got to the now famous Peppermint Lounge in NYC, during the height of the twist craze. They have also toured the South Eastern USA.

Their stage repertoire ranges from TOP 40 to R & B to show tunes to folk to comedy and jazz.

Creating a very youthful and professional stage and personal image, the group members are Buddy Carlton, Jim Finch, Erv Barrett, Vic Denoury, Ray Roy. All the band members are in their early 20's including their manager Chuck Colter.

Watch for a chart winner from the Strato-Tones. Their current single "Sneakin' Around."

"This is indeed one of the finest recordings to come along in a long while, and it looks like another success for Canadian talent. The Esquires have added a "made in England" sound to this disc, and I'm sure everyone will agree they match the sound of Cliff Richard and The Shadows, perhaps even surpassing. Yes, I predict a big hit for the Esquires with this entry. A SURE hit."

COUNTRY MUSIC

GORD SYMONS at CFGM is very excited about an up and coming "Country Hoedown" which will play host to the worlds largest Country Club (CFGM with 60,000 members).
