New Syndrome bows label

Vancouver: Jack Herschorn, General Manager of New Syndrome Records Ltd., advises of the opening of their new offices in this west coast city. Their first release "Going Down" by the Tom Northcott Trio has received much attention

in British Columbia and now that coast to coast distributorship has been set up, the disc is beginning to catch the attention of Eastern Canadians. Northcott is seen regularly on the CBC Vancouver TVer "Let's Go".

Canadian Music Sales will be looking after distribution of the New Syndrome product in Eastern Canada, with Eagle Records of Winnipeg distributing throughout Manitoba and Saskatchewan.

New Syndrome obtains and markets tunes through the facilities of Vancouver Publishing in Canada and Jack & Jill Music and Sherman-Devorzon Music in the U.S. Valiant Records of Hollywood, California will handle U.S. distribution.

Mailing address for New Syndrome is Box 3056, Vancouver 3, B.C.

METCALFE'S CASTLE HOME OF MOD BEAT

The Castle in St. Catharines, Ontario has been tabbed the most beautiful teen club in North America, and where the "in" crowd originated. The Castle is now the official home of Canada's Mod Beat and where the "Carnaby Street Canada Look" originated. The Castle is owned and operated by Ron Metcalfe who, a few short years ago, topped the American Hit Parade with his instrumental recording of "Twisting At The Woodchoppers' Ball". The Ron Metcalfe orchestra, 17 musicians, 2 vocalists and a vocal group, was billed as "The Most Exciting Dance Band in the Land" and toured throughout the United States and Canada. It was this knowledge of the business that has set Metcalfe apart from most promoters and club owners. He knows what his audience wants and knows how to go about giving it to them. Groups who have appeared at his posh Castle have come away with a new slant on stage presentation. Exclamations of "Wow, man you've got to see it to believe it" or "We've never sounded so good". Teenagers from all over Ontario and the surrounding U.S. states of New York, Ohio and Pennsylvania make The Castle a weekly habit.

It was The Castle where the British Modbeats were discovered by Ron Metcalfe. It was the enthusiastic response of the patrons of The Castle who convinced Metcalfe that he had a group with the greatest potential in Canada. The next step was to put the boys on wax and he picked Canada's most successful record producer, Stan Klees, who as president of Tamarac Record Productions, had been instrumental in boosting the image of many of the well known groups in Canada. Klees is now the only contributing producer for the well known Red Leaf label, and Tamarac productions have been hits on Columbia, Capitol, Quality, Rca Victor and Apex in Canada as well as several U.S. labels, so came well recommended for the job of obtaining the best in sound from the British Modbeats and putting it where it counts, on a marketable disc. The Modbeats first release on Red Leaf "Whatcha Gonna Do About It" had an advance order of 1000 from the area where they were best

known. At present the boys are on a promotion tour of England where they have an active fan club, which came about through a picture story on them in a British magazine. The Modbeats are Canadian and make their home in St. Catharines. Booking is handled by Image Artists Representatives, 3 King St. St. Catharines. Fan Club president is Lynda Johnson. 11 Phelps St. St. Catharines, Ontario.

JOHNNY HARLOW MOVES AHEAD IN WEST

Calgary: Johnny Harlow, who has just released "Remember Baby" on Sparton, has been getting the best in support from radio stations throughout the west. Marion Lawrence, librarian at CFAC, has found great response from listeners which has made Johnny's record one of the most requested on the playlist. Harlow has just joined the popular Western Canadian recording group, The S'Quires, as featured singer and organist. Television shows have been set up in many of the Western cities. The group will debut on Calgary's CHCT's "Guys and Dolls" and will give the public a chance to catch their new Carnaby Street Mod look.

BIGLAND'S SCRIBNER RETURNS FROM SMASH MARITIME TOUR

Toronto: Ron Scribner, prexy of the Bigland Agency, has just returned from a 3000 mile round trip of Eastern Canada where he introduced some of the top acts in his Bigland roster, to many thousands of enthusiastic fans. Lynda Layne, Roy Kenner and The Associates, The Big Town Boys and Go Go gals Smokey and Misty, found eastern hospitality more than they had expected. The show performed one niter at Sydney, Moncton, Saint John, Fredericton, and two shows in Halifax which drew over 2000. Scribner had high praise for the radio and press who are quite obviously enjoying and boosting the best in Canadian talent.

Chuck Benson sends more news on the Associated Commercial Travellers and the CFRN Edmonton "Search For Talent". The program is aired each Saturday night beginning at 8:00 PM. The show discontinues for the summer and picks up again in Sept. Saturdays 7:30 to 8 PM John Barron, Assistant Production Manager, of CFRN, hosts "This Is Canada". The entire program ranges in subjects from Canadian writers to singers and instrumentalists. Monday evenings CFRN broadcasts live from the Caravan Motel (The Penthouse) featuring The Gordon Schmidt Quartet.

Charles Picot joins the full time announce staff at CKBC in Bathurst, New Brunswick and takes over the 8 PM to 12:30 AM time slot. Denis Menard moves into the 4 to 8 PM shift with four hours of the popular music on "Sound Spectacular" Parts 1, 2 and 3. Denis sends news that the greatest thing to happen in the area is a song called

"Were We Wrong", which is based on the Truscott Affair and recorded by a local group. The song is not available on record as yet. Denis produced this hot little master and from the response it received on "Canadian Showcase", it could be a hit. Record companies interested should contact Denis Menard at CKBC. June 14 was the scene of a packed arena when Canada's Wilf Carter headlined a giant Country show which also starred Kitty Wells, Johnny Wright, Ruby Wright, Bill Phillips and The Tennessee Mountain Boys. CKBC's country spinner, Al Hebert, taped telephone interviews with the stars prior to their appearance which resulted in good listener reaction.

With CKLY Lindsay going 24 hours, their personalities move to new air times. Tex Bagshaw 6-9 AM, Bob Carter 9 AM-1 PM, Dick Alberts 4-9 PM, Fred Darke 9-12 MN and Roy Pett and Carl Hanshaw MN to 6 AM. To keep their holiday listeners abreast of traffic news, CKLY maintains a Marine cruiser on the waterways weekends and Wednesday afternoons, with their mobile traffic cruiser on the road seven days a week.

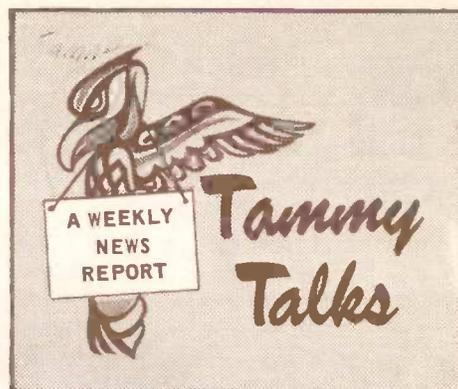

"The Night Show" with CKBI's John Wessel goes remote every Wednesday between 9 and 10 PM from one of Prince Alberts more progressive Drive-Ins. John took along Larry Christie for the first show which packed them in and pleased the sponsor so much that the show will now be a weekly feature. A similar broadcast was performed for the opening of a new sport centre and again CKBI was instrumental in bringing out an enthusiastic audience. Larry Christie, in addition to programming and air chores on radio, now moves into an hour daily presentation at noon on CKBI-TV. He joins hosts Jim Scarrow and Merv Samborsky to form a threesome for "Junction", a news entertainment package.

Bob Bacon moves from VCOM to CFCB Corner Brook Nfld. and would like to be placed on the mailing list of those record companies wishing exposure on the No. 1 station in Western Nfld.

Glenn A. Cooper moves from CHIC Brampton to CKMP in Midland, Ont. and finds himself in the midst of celebrations in honour of a boost in power from 250 to 1000 watts, the seventh year anniversary of broadcasting for CKMP and the (unofficial) beginning of the tourist season. Beginning June 30 at 1 PM, CKMP's "67 Hour Radio Marathon" will begin with Glenn and Brian Henderson staying mike-side until Sunday morning at 8 (July 3). Theme for the show is "If we can take it, you surely can". Format for this important holiday outlet is adult programming daytime with evening and all-nite for the younger set.

Dave Charles will be boosting more of the Canadian Sound in the Quinte area through the summer months because of the great influx of American visitors to the holiday country throughout the

ON THE AIR Cont'd on page 6

Each week Tamarac will bring you news of our new productions, our artists, and our progress in helping to create a music industry in Canada. In our own small way, we have never flinched from the formula that hits can be produced in Canada. We have worked to encourage Canadian songs and Canadian publishers to progress in Canada and we have attempted to come up with the highest percentage of Canadian in our product.

In the three years plus that Tamarac has been in business, we have become an institution. We have gained the respect of our artists, our clients and our supporters. We have worked to create talent in Canada that is PRODUCED in Canada.

The list of Tamarac discoveries and Tamarac stars looks like Who's Who in Canada. Let us list a few of our graduates and our current recording stars:

Larry Lee	Jack Hardin
Shirley Matthews	The Silhouettes
Jayson King	The Big Town Boys
Dave Mickie	Dee & The Yeomen
Hughie Scott	The Ardels
Little Caesar	Bobby Kris
and The Consuls	and The Imperials
Greg Hamon	The Counts
Jay Smith	The Bradfords
The Butterfingers	Lynda Layne
The Charmaines	The British Modbeats
Robble Lane	Jack London
Jimmy Dybold	and The Sparrows

Early in the game, we were tabbed "Star-makers" and the image of Tamarac has worked out just that way. We can look back and see our discoveries making progress all over the world, and we will continue to work toward the same ends. No worthwhile talent has ever been turned away from our door, and every artist was treated with a respect that was unusual in this business.

We would like to hear from our readers. We want your news and your comments. If you don't have a copy of the discs we talk about each week in this column, drop us a line. We will do everything possible to get a copy to you.

THE PEG SCENE

From Eugene Kostyra comes news that Chad Allen has left the international breakthrough group, The Guess Who. Chad leaves to walk the marriage path. Bruce Decker moves from The Deverons to The Guess Who. CKRC, now featuring a full hour of Canadian recordings each Friday evening, devoted the complete show (May 30) to Chad Allen and The Guess Who.///Paul Revere and The Raiders move into the Winnipeg Arena July 8 and will get a giant assist from local favourites, The Fifth and The Deverons.///The Rolling Stones make their appearance in town July 14 at the Arena. On the same bill will be the McCoys, Standells, and Winnipeg's Huntsmen.///The Byrds made it to the Auditorium June 23 and had their show beefed up by locals, The Fifth and The Shondells.///Hunter and Wong have left The Shondells. Al Johnson and Bill Wallace are the replacement crew.///Orest Andrews, formally of The Syndicate replaces Bruce Decker with The Deverons.///The Tom Northcott single of "Going Down" has been getting good exposure in the Peg.///The Secret's release of "Crying Over Her" has been getting good action in Winnipeg. This Toronto based group will be the main attraction at Teen A Go Go (Teen Fair) at the Red River Ex. June 24 through July 2. There will be local groups playing throughout this area which has been set aside for the teens. Frank Wiener is the man behind this venture and is one of the big men pushing Canadian talent in the city through his Teen Night Club, The Hungry "I". Frank also manages the Columbia recording group, The Shondells.///Winnipeg is girding itself for an explosion of local talent. Some of the better known groups have been coming up with some real "tuff" sounding demos and a credit to them is their choice of original material over the borrowed kind. The Syndicate, Vacaqueroes, Donnie & The Footprints and The Pallbearers are all groups to keep an eye on.///Two Winnipeg groups, The Orphans and Eternals are presently on tour east of Winnipeg.///The big Canadian sounds in The Peg are "Crazy Things" by The Quid, Bobby Curtola's "The Real Thing", "She Is My Life" by The Deverons and "Clock On The Wall" by The Guess Who, who will have another album out soon.///Sandy Shore's RCA release of "I'll Know Better Next Time" won the CKRC feature "Rate the Record" which could place it on the chart. Sandy is from Vancouver.///Watch for the next Quid release on Eagle. It's a "tuff" sound.///Any information on the Winnipeg scene, please send to Eugene Kostyra, 500 McKenzie St. Winnipeg 4.///Pete Slywka, Manager of Slade Productions, sends news that this firm will be sponsoring The Byrds and the Paul Revere shows for their Peg appearances. Also from Pete comes news of the apparent success of the Dance 'O Rama which featured The Deverons, Shondells and The Guess Who. The show drew more than 3100.

HEADED RIGHT FOR THE TOP
OF THE CHARTS... AGAIN!

"A Thousand Miles Away"

- ON RED LEAF

Lou Rawls comes up with a hot selling album with the above Capitol release. Phil McKellar, of CKFH, has treated his morning audience to many of the cuts of this new sounding Rawls, and has, in fact, been instrumental in making it one of the fastest selling albums in the area.

Columbia's "The Mad Show" contains several hilarious episodes, including "The Boy From", "Well It Ain't" and "The Gift of Maggie".

With Herb Alpert's three appearances sold out at Toronto's O'Keefe (August 18,19,20) his LPs are becoming hot sellers. His latest, above, is hitting hit proportions because of his hit "What Now My Love". Other enjoyable cuts are "The Shadow Of Your Smile" and "So What's New".

CJBQ listening area. There'll be 4 dances each week in the Belleville and Trenton areas and these will feature the best in Canadian bands. One of Dave's most popular radio shows is "Canadian Countdown 13" which features the top thirteen discs in the Quinte district.

Graham Wyllie, of CKCL, notes that a pop group known as **The Ferraries** from Yarmouth, N.S., who hit a year or so ago with an instrumental "Little Pineapple", have been making the scene in the U.S. and will be back touring the Maritimes for the summer months. They recently cut a session in New York and should have a record release before the end of July. **The Five Sounds**, a Halifax based group have released "Peanut Butter" on Epic and is already a popular Maritime item. Graham would like to remind the Western Jocks that the East supports Western talent. As a matter of fact, **Barry Allen's** "Love Drops" was a smash at CKCL Truro back on March 25th.

Dan Jameson sends news that CFSL Weyburn is doing their utmost to promote Canadian talent. "Canadian talent, first and foremost" is their motto. Says Dan "We play more Canadian records than any other station in Saskatchewan." After Mrs. Miller came out with "Downtown", Dan recorded his

own version and changed the words to tell of the antics of his "fat" Mom, who accompanied him on the show each night. The reaction was fantastic. Telephone calls picked Dan's version 7 to 1.

George Grant of VOCM St. John's asked the co-operation of a number of stations across Canada in creating a cross Canada image based on Newfoundland's "Come Home Year". George asked the stations to salute ex-Newfies living in their areas. Six stations have exchanged kudos with VOCM including CFAC Calgary, CFPL London, CJBQ Belleville, CFRA Ottawa, CHSJ Saint John, and CFCF Montreal. If any other stations would like to trade kudos and weekly charts send them along to George Grant, Box 1590 St. John's Newfoundland.

Robbie Lane's appearance at the first CJSS "Shindig" of the season created a near riot. Robbie and The Disciples put on such a great show that the 2000 Brockville teenagers kept up such a din it was necessary to call in police protection for the group and R. Paul Godfrey, of CJSS who emceed the show. Robbie and The Disciples have been skedded for another appearance sometime in July. Each Friday CJSS will present "Shindig" which will feature the top names in Canadian Talent. Tom's "Cat Club" is one of the new and exciting radio clubs in the area.

Terry David Mulligan's move to CKCK Regina, has instigated a new Survey, "Hitline 40" which features 5 LPs a week. Record companies looking for a good reviewer of their MOT LPs should take note.

Says...*

THAT FRONT PAGE PAYOLA ARTICLE CERTAINLY caused quite a stir. Either I got a different edition, or I read it more carefully, or someone is trying to squeeze into a shoe that doesn't fit!!!! What can we call this whole ugly mess? A Study In Self-exposure???? I know more about payola in Canada today than I knew when I helped to cause the stir that caused the article to be redone and published under someone else's by-line, (Ed: If you're going to be so self righteous why don't you return the booze you've been getting to hype records?) Naturally, I can stand as a leader against payola....since I have never been influenced. I defy anyone to name one record that I have hyped. (Ed: It would take two editions.) After all, my tour of a pressing plant in Toronto can't be considered payola. I certainly wouldn't hype a record because of the yacht trip, or is it yacht. I was seasick for the whole trip. I was mad!!!! Since I don't

MC dances, I can honestly say that I have never had the opportunity to get 50 cents a head. (Ed: FIFTY CENTS????) or even two cents for that matter. I'm just a poor old lady that didn't know what I was doing. That's what I'll do, I'll plead ignorance. I'll wear my big picture hat to the investigation, and my boa. (Ed: Constrictor???) Yes, and my snake skin shoes, (Ed: You'll be a vision!!!!!! I'll upstage THAT JUDY!!! I'll get my friends to vouch for my character. (Ed: It will be the Mundinger Affair all over again.)

THERE ARE SO MANY GOOD CANADIAN DISCS OUT PRESENTLY....that we don't have room for them in this column!!!! HOWEVER, we will make room for them if we have to print in the margins. Canada has really come ahead in the "sound". We hope soon that it will be the boom that will be heard around the world. Have there ever been so many good records out? Programmers should make their charts bigger to list a few extra Canadian discs. Look at "Brainwashed" by D.C. Thomas on Roman. Look at "C'mon Everybody" by the Staccatos on Capitol. "1-2-5" by the Haunted on Quality. This Montreal group is being exposed all over. "That's Alright" by Toronto's Ritchie Knight on Rca, and the King Beez fine record of "Can't Explain" is another HIT SOUND from Edmonton. "Soup Time" by James and the Bondsmen is another one from Edmonton. Even Vancouver is having success with Tom Northcott's "Going Down". The Deverons' record of "She's My Life" looks very good for Winnipeg. I could go on and on. These are hits that should get airplay. Isn't it wonderful that the record industry is starting to make a little progress without government pressure. The Canadian music industry doesn't have its hand out. We are coming out with productions that radio stations are playing BECAUSE THEY ARE GREAT!!!! Even if we are still in the nursery school stage of local play only...some stations are playing hits from all over Canada. It sort of chokes you up doesn't it????????????

RUMOUR HAS IT!!!! that After Four, the Telegram supplement, may go into a national top 100 in July. Plaudits to After Four for realizing that Canada is 10 Provinces and that After Four is read across Canada. RPM's Directory is getting raves from all over Canada and this edition is "going like hot cakes". That a certain Toronto group now in New York is sorry about what they were reported to have said in a newspaper article recently. That a new recording studio is definite for Toronto soon....it will afford all the latest things in recording. That there was more to the union tussle with a Toronto recording studio that they or the Mounties or the Canadian government could handle, when New York got mad and said "It's all over for you" (the studio, not the government, I mean). That a recent Davey Disc article in After Four caused quite a tempest in a teapot. One if by air, Two if by video.

Why doesn't your station program and chart 10% Canadian NOW!!!! and beat the rush?
