Digital Audio Tape not considered threat to CDs

There has been some hysteria-mongering with regard to the recent development of Digital Audio Tape (DAT) and what effect this new configuration might have on the burgeoning new Compact Disc market. A consensus of opinion from industry people would indicate that DAT poses no threat to CDs at this time.

"There is absolutely no threat to the CD market by this new audio tape configuration," says Isidore Philosophe, President of CINRAM, the leader in the field of manufacturing of disc/cassettes, and a major organization in the development of Compact Disc replication for the Canadian

'86 Telethon of stars for Children's Hospital

Using the theme, "Let The Children Know You Care", the 2nd Annual Telethon for Toronto's Children's Hospital is set for June 15, beginning at 8 pm. The telethon will be broadcast live and in stereo from CFTO-TV's studios in Toronto (Agincourt). The 24-hr. fund-raiser will feature Canadian and U.S. recording, TV, movie and sport stars, and will be anchored by CFTO-TV news personalities Christine Bentley and Ken Shaw. Guest hosts will include Johnny Lombardi, President of CHIN Radio, CHUM's John Majhor, and CFNY's Ted Woloshyn. Others to be filmed.

Performing on the telethon will be Eye Eye, Raffi, Triumph, Teenage Head, Karen Silver, The Good Brothers, The Genes, Shirley Eikhard, The Carlton Showband, The Booze Mothers, Salome Bey, Billy 'Elvis' Cann, Eugene Clarke, Sari Featherstone, Paul Christopher, and many more.

A number of TV, film, and rock and pop names who couldn't attend the telethon have sent along pre-taped videos. These include Glass Tiger, Midge Ure, Feargal Sharkey, Alan Thicke, Donald Sutherland, Don Adams, Michael Hogan, Robin Leach, to name just a few.

The celebrity telephones will be manned by Cagney & Lacey's Harvey Atkin, Jack Newman, Ron James, and Kathy Laskey, as well as several mayors representing cities from all over Ontario.

Five satellite centres have been set up to accommodate the calls. These centres will be manned by Civitan, a community organization that originated the Child Identification program in London, Ont. to photograph and fingerprint children to be kept on record by their parents.

market. "There's no threat," he continues, "because the audio tape is 5 years down the road, while the CD is a reality... now!! I only wish I had our plant operational today."

Philosophe and CINRAM has the best of both worlds anyway, being as they are major players in the manufacturing side of the audio tape market. "We're very involved in the field of audio tape," Philosophe points out, "so when the digital tape becomes a reality, we'll be in as well."

Says Don Kollar, Vice President and General Manager of RCA's Record Division, "If the quality of Digital Audio Tapes are comparable - and the price is half - where does that put the consumer?" He continues with "I think however, the CD will be around, as a prestige configuration for a long long time."

Don Oates, Vice President, Sales & Marketing for CBS, says, "Any new configuration giving the same product that's currently out there, is a threat against the current configurations - just as CDs were a threat to albums and cassettes." He continues with "If this configuration is in place of one of the 3 configurations that are out there now - there is little or no benefit to us as a manufacturing and distributing company. If it ends up getting more buyers interested in music, and having incremental sales, as we believe CDs have at this point, then it would be something we would be looking at with eager anticipation."

Black Music Awards hit a new high

Daniel Cauderion's struggle to gain more recognition for black music in Canada came another step closer with this year's Black Music Association of Canada's (BMAC) 2nd annual awards. It's obvious BMAC still hasn't got the full support of the country's black music industry, but coupled with what he did have along with the support of the Canadian music industry, which was well represented at the awards luncheon, there would appear to be the beginnings of a solid move to gain a foothold.

Needless to say, the enthusiasm of Toronto's dailies, in reporting on the event, was reminiscent of the early days of the Junos. If the international stars aren't a part of the show, the dailies just aren't interested.

This year's BMAC Awards were held in a luncheon setting in the main ballroom of Toronto's Royal York Hotel (May 23). After a delicious, sit-down meal, BMAC's Peter Deboran introduced the keynote speaker, John Martyn of MuchMusic. "Black music is as important in entertainment value as any other music form," he told his audience. "We don't categorize our music at MuchMusic. If it's a good video, we're interested, because we're in the business of entertaining through music." Martyn pointed up the importance of gaining access to all vehicles of exposure, including radio. "We're not in competition with radio," he stressed. "We work with different radio stations across the country, which has resulted in more and more simulcasting of programs, and we believe this has added to the stature of the performer with the consumer." He sug-

Oates believes however, that "The move into the market by the DAT should be postponed for some period of time, until the CDs are a little bit more established than they are at this point in time. Remember, we, in the industry, have been talking about CDs for 4 years, but to the general consumer, it's a relatively new thing - about one year old."

From a dollar standpoint, several companies report that CDs are now equal to cassettes in sales - and well ahead of albums, particularly in the classical field. Of course, unit sales are much smaller in comparison. It's expected that with an increase in productivity of CDs, there will be more simultaneous cassette/LP/CD releases, which should add to the sales potential of CDs.

Oates also points out that the future of CDs is wide open. "With their portability," says Oates, "buyers will be attracted by the fact they can take their CDs from the living room to the backyard, to the car. There is also the new Disc-man CD units, which will attract yet another type of buyer."

Holding back on the introduction of the new Digital Audio Tape would no doubt be beneficial to the CD market, which now has sufficient CD manufacturing facilities either in operation, or nearing completion to satisfy this growing market. "According to plan, we'll be in operation by early 1987," says Philosophe. "We're building a facility for 24 million units, and will open in 1987 prepared to do 6 million - and the following year - 12 million."

gested that the black music community should be more visible in the recording field, and he cautioned the industry generally, to give more recognition to black music.

Martyn then presented BMAC Hall of Fame Awards to The Tradewinds, Syd Markowitz of Toronto's Bluenote, and to Mike "Protector" Ledgerson.

Pepsi & Q107 join forces for '86 Homegrown LP

The following local Toronto area bands will appear on Q107's 1986 Homegrown album, Vol. VIII: Everest, The Hush, Shattered Heart, Bleecker Street, The Jitters, Red Letter, Thief, China Blue, Simon Chase, Vienna, Diamond, and Tabula Rasa. The album will be distributed by MCA. These bands will participate in a Pepsi Cola-sponsored showcase which will be held at Toronto's Copa (June 10 through 12).

The above was a joint statement made by Gary Slight, Vice President & General Manager of Q107, and Colin Moore, Director of Marketing for Pepsi-Cola Canada.

This is the first year that Pepsi is sponsoring the event.

Launched by Q107 in 1978, The Homegrown Contest is open to local bands through the form of a competition or "playdown". The best entries are given the opportunity to be included on the annual Homegrown Album, and showcased in concerts throughout Toronto.

There were close to 650 entries to the contest this year, more than double of any previous year. "Over the years," notes

Labyrinth soundtrack features Bowie tracks

The soundtrack for the film *Labyrinth*, expected to open across Canada in June, contains 5 new songs from David Bowie. *Underground* has already been taken as the first single and released on the EMI label. This track guests Chaka Khan, Luther Vandross, and Albert Collins.

Bowie also stars in the film, directed by Jim Henson of *The Muppets* fame, although it should be noted that this film is not an "animated venture". George Lucas, known for his work on *Star Wars*, takes Executive Producer credits for the film.

Bowie and Arif Mardin produced the soundtrack from which 2 videos are expected to boost single releases.

Major WEA push on Cosby album release

WEA is preparing a major merchandizing push on Bill Cosby's debut on the Geffen label. The album, titled *Those Of You With Or Without Children, You'll Understand*, was produced by Cosby's wife, and is described as "a pure comedy LP with 3 long cuts."

With one of the hottest shows on television and the amount of media publicity Cosby has received lately, retail has been particularly anxious for this album.

Bill Johnston, Warner Bros. Product Manager, reports that WEA has mapped out an extensive merchandizing campaign to back the album. Johnston also revealed that because of the popularity of Cosby's TV show, the company has been selling "a significant amount" of *The Best Of Bill Cosby*, a compilation album of comedy.

Doubleday is about to release a book on Cosby, based on his favourite subject - children - which can only add to the sales potential of the new album.

Slight, "we have given that all-important first break to such well-known bands as *Honeymoon Suite*, *Boys Brigade*, *Eye Eye*, and *Santers*. *Honeymoon Suite* is riding the charts in Canada and the U.S., and *Eye Eye* just completed their debut album."

The 12 bands selected for the album are also given the opportunity to compete for the top 3 honours which carries with it prizes in excess of \$50,000. These finalists will be judged by a panel of musicians and industry executives at the Copa showcase.

The first place band will have a single produced at Metalworks Studio, to be released on the MCA label; tape a video at Tube Productions, directed by Bob Connelly; and be allowed to choose \$12,000 worth of PV stage and sound equipment from Steve's Music Stores.

The second place band wins \$5,000 in clothing fashions from TI AMO; and image consulting from U International.

The third prize is 50 hours of studio time at Certain Circles. All 3 winners will each be awarded \$1,000 in cash and be taped for live broadcasts on Q107.

"To the many Canadian musicians without a record contract," explains Moore, "the Homegrown Contest is an annual

Ezrin is producer for new Stewart LP

Bob Ezrin, perhaps best known for producing the hit albums from Alice Cooper during the '70s, has produced much of Rod Stewart's new self-titled album. The first single taken from the set is *Love Touch*, which was produced by Michael Chapman. This track is also featured in *Legal Eagles*, a new film starring Robert Redford. A video, featuring clips from the movie, is being readied for release.

The album, described as "straight ahead rock and R&B, includes *Another Heartache*, co-written by Bryan Adams and Jim Vallance. There's no Cancon here however, as there are other writers involved.

Stewart will begin a major tour of Europe in June, and it's hoped that he will tour North America as well. The album is scheduled for a June 24th release.

U2 and Chappell sign longterm publishing deal

Following an agreement, recently firmed in New York, Island recording act U2 have signed what Freddy Bienstock, Chappell Publishing President describes as "a long-term international sub-publishing deal."

He went on to state, "I am delighted and proud that Chappell is associated with the unique talents of U2 and am confident the band, supported by Paul McGuinness, Island Records and Chappell, will continue to go from strength to strength and emerge as the pre-eminent rock band of the '80s and '90s."

The signing places the U2 catalogue in the hands of Chappell. This includes such compositions as *Boy*, *October, War*, the live *Under A Blood Red Sky*, and the most recent *Unforgettable Fire*.

chance to cut through the red tape of the record industry and go for the 'brass ring'."

He continues with "For Pepsi-Cola, helping to give young Canadians this kind of an opportunity is not new to us. It is an integral part of our association with music. We know that the talent discovered through a contest like Homegrown could very well give us the superstars of tomorrow. For this we salute Q107."

It should be noted that all proceeds from the sales of the Homegrown Album go to the Q107 Children's Fund, which supports such groups as the Variety Club, Easter Seals, and the Toronto's Children's Hospital.

Toronto's 99.9 CKFM celebrates 25th year

Beginning Monday June 2, Toronto's 99.9 CKFM will launch its Silver Summer promotion to celebrate 25 years of broadcasting. Throughout the summer months, the station's listeners will have opportunities to win over \$125,000 in prizes from CKFM and participating sponsors. These will include beach bags filled with beach related products; as well as movie, concert, and theatre passes; cameras and radios. 99 lucky listeners will each receive a key as their invitation to a wrap-up gala.

Five of those keys will unlock the CKFM Treasure Chest, which holds 5 grand prize luxury cruises for 2 aboard the Caribbean Love Boat, from Thompson Vacations.

Lack of airplay for Wilde priority concern at Island

Island had high hopes for the release of Danny Wilde's debut LP, *The Boyfriend*, which was shipped over 4 weeks ago. The first single culled from that set, *Isn't It Enough*, received immediate attention in the U.S.

"This piece of music," comments Island's Lee Silversides, "is perhaps the most commercially accessible product the label has released in some time."

He continues with "Unfortunately, reaction has been slower than anticipated from radio, even though both the single and album have just had a great week in the U.S."

After citing various U.S. trade chart numbers, Silversides quips, "I hope this ammunition will ignite a re-listen."

Paul Russell of Burlington, Ont. Records On Wheels wins *Fly To Expo* trip. CBS Records, in conjunction with Four Seasons Hotels, offered an all-expense paid trip to Expo '86 as the prize for best merchandising (l to r) *Wheels' Vito* and *Don Ierullo*, *Robt. Avakian* (CBS), Russell, *Andy Anderson* (Four Seasons Hotels), *Bert Kiklosi* (Wheels) and *Alan Fletcher* (CBS Records).

Scandal! Scandal! Scandal!

If you read the British tabloids, you'll know that over there, this kind of thing leads to jail. However, in this country . . . as bad as it got, the only thing I can report is that one record company heavy was so furious he wanted to put his fist through a wall. It's all quieted down now, but I don't think this is the last we've heard of it . . . as those "hypola" meetings keep occurring. (EC: I wonder if the other heavies realize they've been victimized by the same "hypola" and what about the radio stations?)

What a blow to my pride . . . !!

As you can see, there is a new credit at the top of this column. In an effort to get rid of a certain individual, who helps with this column, I have had to settle with her name . . . sharing the billing! I feel a little foolish . . . so down, so humiliated. What have you got to say to that . . . co-founder?? (EC: Nothing!)

Ready to be had . . . and taken over!

My spies tell me there is a record empire just asking to be taken over. It sits waiting patiently for a suitor. Seems it just isn't making the kind of money the parent likes to see - so it will GO . . . ooooo!! (EC: Whoever gets it can start from scratch and rebuild it!!)

" . . . the prophets of doom, the messengers of mediocrity, will be overwhelmed by the new generation of competent, creative, confident artisans and by all those of preceding generations who have already demonstrated their freshness of mind, their talent and their capacity for inspired leadership."

Will there be a "Suds" award??

There's nothing wrong with "corporate sponsorships", but beware of the old "camel and the arab" situation. When it comes to push, corporate sponsors can get carried away with their importance. Are we being set up for an awards show that will be a 90-minute commercial for a brewery?

Speaking of awards . . . !!

There's talk of a video awards show, to be televised nationally in April. The question is, who can put such a show together? From their aggressiveness in the field, I would think the MuchMusic people would be first choice, but they need a national carrier . . . and that could only be the CBC. Now . . . what kind of a marriage would that be?

Tracy Keizer is back

Tracy Keizer has returned to the entertainment field, and is looking after PR for the Pepsi-Cola company through Hill And Knowlton. Tracy tells me the Q107/Pepsi showcase for the Homegrown Album will have the added importance of Marilyn Fisher of Star Search in attendance for one of the days. The finals in this contest are being held at Toronto's Copa from June 10 through 12.

Something to look forward to . . . !!

There's hope for that poor, struggling young Canadian artist, reaching for the brass ring. Can you imagine a recording star donating \$100,000 to charity . . . and a Canadian star at that? That's exactly what Bryan Adams did with his \$100,000 fee for singing 4 songs at the Expo Gala (May 3). The money was divided between the Variety Club of B.C., Greenpeace, and Northern Lights of Africa Society. Now . . . that kind of a performance deserves more than just press recognition. How about it Variety Club . . . and you Canadian broadcasters now have a REAL Canadian star to pay tribute to . . . not to mention the folks in Vancouver, who may have forgotten that it was Bryan Adams who put that city on the international music map.

It's that time of year again . . . !!

"Retail is soft . . . it's a disaster out there. There are no hits to bring the customers into the stores. Retailers are looking for record companies to do their selling for them." Every year at this time, we hear the same old story . . . and then there's "Traditionally, this time of year begins to get bad." Well, if you think that way . . . it's bound to come true. Negatives begat negatives (EC: I coined that phrase years ago!) I have to admit there haven't been too many real winners released over the last few weeks . . . but there's a few where a little in-store promotion could influence sales. Singles that have excellent potential are: **Van Halen's Dreams**, **Opportunities (Let's Make Lots Of Money) by Pet Shop Boys**, **Band Of The Hand by Bob Dylan with The Heartbreakers**, and **Charlie Sexton's Impressed**. I had my doubts about **Rod Stewart's Love Touch** . . . but after a couple of listens . . . this one has it. Album releases are a little wanting, but keep your eye on **White Wolf's Endangered Species**, the **Fine Mess** soundtrack with **Howie Mandel**, **Who Made Who by AC/DC**, and, of course, **Bill Cosby's Those Of You With Or Without Children**, you'll understand . . . a title that

will never fit on any chart.

It's about time . . . !!

That long-awaited subscription rate increase has finally come to past, boys and girls. You will soon be paying for the most expensive, authentic record trade publication in Canada. (EC: Actually, the only one!!) The added cost of better paper, expensive coloured inks and gift wrapping and chauffer delivery to the post office every Friday, makes all these cost increases necessary. The widely acclaimed, and often honoured (EC: What's this about all those endorsements before the CRTc?) we can only thank the broadcasters who have us respected and famous. (EC: It's a rate increase . . . what a 'ya want . . . a medal!?)

Cancon part of free trade talks!!

Broadcasters will be pleased to know that as well as being de-regulated, the free trade talks will probably insist that Canadian artists and the record business not be regulated and that will be the end of Cancon. Who said Canadian culture won't be on the bargaining table? The industry is already heavily subsidized NOW!!! That's exactly where we are the most vulnerable. Free trade doesn't mean a 30 percent restriction. We watch and wait with interest!

Grant-grabber's Czar . . . !!

Well . . . we find there are more contenders for the throne, than the millions of dollars to handle and possibly there will be more administration costs than money to give away. A number of artists have openly stated that they don't want to be subsidized. Some plaudits for this rare breed. (EC How does this sound? "Here she is with her heavily subsidized new single Cathy Cancon!") The singing grant! Rinse your mouth out with soap St Clair River Water!!!

Things of the past . . . !!

If you're thinking of throwing a wine and cheese party . . . DON'T . . . and if you are throwing a bash, be sure to tell what it is, so you don't mislead someone into coming to a wine and cheese party. (EC: We'll bring some prestige and professionalism back to this business if it kills us!) You tell 'em co-founder!!)

Speaking of Cancon!!

. . . and they were recently in Ottawa, and the name of one company kept coming up. Guess which company that was . . . ??

“Safe Oldies“ monitored by The Music Director

Strategic Radio Research recently completed a 2-month study, conducting “Competitive Monitors” on 24 leading stations in 7 top U.S. markets. The study, underwritten by The Music Director Programming Service, analysed 12 leading A/C and 12 CHR stations.

Budd Clain, General Manager of The Music Director, reports that “By monitoring 24 top stations - all winners in their respective formats and markets - a program director can get a proper handle on the safest oldies to play on the air.”

He goes on to explain that “each of these stations spend thousands of dollars every year for auditorium tests and telephone callouts to determine their music.”

The A/C stations monitored were WLTW-FM and WNBC-AM in New York, KOST-FM and KIQQ-AM in Los Angeles, WCLR-FM and WFYR-FM in Chicago, WNIC-FM and WOMC-FM in Detroit, WMGK-FM and WSNi-FM in Philadelphia, and KSTP-FM and WLTE-FM in Minneapolis.

CHR stations monitored (all FM) were WHITZ and WPLJ in New York, KIIS and KKHR in Los Angeles, WKQX and WYTZ in

Westwood 1 & Solid Gold to air Honeymoon Suite

WEA's Honeymoon Suite, continue to win programmers and influence retailers on their trek through the American mid-West, where they are opening for 38 Special.

While in Atlanta, the band headlined at the Moonshadow, where they were taped by Westwood 1 for a future broadcast. They were also taped for a Solid Gold airing, which will take place June 6.

A surprise guest at their Hollywood, Florida date (Apr. 25) was Miami Vice's Don Johnson. He is quite aware of the band, having had 2 of their songs, New Girl Now, and Feel It Again, featured on a couple of segments of his popular TVer.

Country music spawning new generation of rock

Roots rock or country rock - cowpunk or hillybilly? Country music has as many variations as rock music - and is getting just as popular. Country music is actually quite fashionable today.

While within the country music industry the battle still rages between contemporary and traditional - it would appear that country music has spawned a new generation of rock music.

More than a year and a half ago, bands began to emerge from Los Angeles, winning critical acclaim through the world, creating the sense that rock music could indeed be innovative once again. These included Los Lobos, The Blasters and Lone Justice. They signalled the change, and they drew their influences from country music - from the very roots of American rock 'n' roll.

Current “honky tonk” advocate Dwight Yoakam points out that ‘Country music was the original guitar band. That’s where rock ‘n’ roll got guitars from.’

Chicago, WHYT and WCZY in Detroit, WLOL and KDWB in Minneapolis, WCAU in Philadelphia, and KEGL in Dallas.

The A/C report contains 780 “safest oldies”, with over 80 percent coming from the ‘70s and ‘80s, 19 percent from the ‘60s and only 6 titles from the ‘50s. Clain suggests that “one of the unique features of the report is that programmers can go as deep into the 780 titles as they desire.

“They can stop after the first 299,” he says, “which 50 percent of the stations programmed or continue to 574 of which 33 per-

Burns resigns MCA new appointments made

Ross Reynolds, President MCA Records (Canada) has announced that George Burns has resigned his position as Vice President Sales. He will be returning to Vancouver to pursue other interests. Burns has been with MCA for 12 years.

Graham Powers, Vice President Marketing, will now take on the added responsibilities of sales.

Randy Lennox will become Director of Sales. He was previously Ontario Branch Manager/Accounts. Stephen Tennant has been appointed Director of Marketing for MCA, and will continue to work with Chrysalis. Lesley Soldat has taken on the duties of Director of Promotion. The above directors will report directly to Powers.

In addition, Doug Spence will become Ontario Branch Manager, and Kevin Frenette will take on duties of Atlantic Sales & Promotion Manager, based in Moncton.

In making the above announcement Reynolds noted “I very much appreciate the contribution George Burns has made to MCA, and wish him well in his new endeavour. In the past 3 years, MCA has more than doubled in sales, and I’m confident that the new team will continue this trend.”

Nashville was quick to realize that as a new, younger audience was being “turned on” to country music - with Warner Bros and MCA's Nashville divisions leading the way. “They’re looking for crossover artists, says one industry insider, “realizing that the eventual direction is towards AOR.”

Graham Powers, Vice President, Sales for MCA Canada is confident that “The artists of tomorrow will be a Steve Earle or a Dan Seals. Those who aren’t readily identified as being country artists.”

In a move, clearly supportive of the crossover potential, MCA has just shipped a promo-only 12” sampler to AOR, containing 3 tracks from Steve Earle's Guitar Town LP. By signing the crossover artist “that’s the only way Nashville will survive,” says Powers.

Interestingly enough, Canadian country artists are missing the “hillbilly tradition”, and are performing from a folk roots influence, like Valdy or Murray McLauchlan, or from a contemporary vein, like The Family Brown or Gilles Godard.

cent played or used all 780 songs that 25 percent of the monitored stations featured.”

The CHR report contains 274 “safest oldies” with all but 2 coming from the last 6 years. Clain continues, “Just like the A/C titles were played on all 11 of the 12 stations, 10 of the 12, right down to the safest oldies played on 3 of the stations monitored.”

CBC Stereo tribute to folksinger Stan Rogers

Stan Rogers, a popular folksinger/songwriter died in a fire aboard an airplane over Cincinnati, almost 3 years ago. In his memory, fellow performer Bill Garrett has prepared a 2-part salute for CBC Stereo's Arts National Friday Night (June 6 & 13).

Much of Rogers' songwriting material, which dealt primarily with the working people of the Maritimes, will be aired on the shows, some are well-known, while others have been rarely heard. Tracks from his Between The Breaks, a live album, will be used on the series, hosted by Ian Alexander.

John Allan Cameron and Paul Mills, the latter the producer of all Rogers' records, will add their voices to this portrait of Rogers.

Supreme's scheduled for RYH's Imperial Room

The Supremes, featuring Mary Wilson have been firmed to play the Imperial Room of Toronto's Royal York Hotel from June 9 through the 14th. Wilson is the only original of the trio left. Florence Ballard left the group in 1967 and Diana Ross went her solo way in 1970.

Joining Wilson are Karen Jackson and Robin Alexander.

The Toronto date coincides with the release of Wilson's new book, Dream Girl: My Life As A Supreme, as well as MCA's release of a 3-record set, 25th Anniversary, which includes 20, never-before-released, original Supremes' songs.

London's Radio 98 and Coca-Cola created a Classic Hit at the 1986 Home & Garden Show, with their The Wheel Thing game. Prizes consisted of either a classic album or a case of Coca-Cola Classic. Contestants had to answer correctly a rock trivia question in order to spin the wheel.

COVER STORY

The Fixx knew when to put their foot down

Since their arrival onto the pop music scene, with the 1982 release of *Shattered Room* and the subsequent hit single *Stand Or Fall*, The Fixx have been touring and recording relentlessly. They followed these releases with 3 more albums, the latest being *Walkabout*, which entered the RPM 100 at No. 93 with a bullet (May 31/86).

The strain and pressure however, took its toll. Drummer Adam Woods explains, "In a way, we just disbanded for a bit . . . we were shot, musically, after the *Phantoms* tour."

According to Woods, when the band got back together, "It was like a rebirth. After a year and a half apart, it was like making the first album, because we had the time to write it, which we never had with *Reach The Beach* or *Phantoms*."

Reach The Beach however, spawned the hits, *Saved By Zero*, and *One Thing Leads To Another*, and although *Phantoms* produced no Top 10 hits, "We still sold a lot of records," recalls Woods. Although he admits he was pleased with the sales results, "The only thing we were disappointed about was the choice of singles."

"We wanted *I Wish* to be the first single because at the time, we'd had *Deeper* and *Deeper* (from the *Streets Of Fire* soundtrack), and we thought we could follow it up with a ballad, because there was so much interest in the band, but the record company said 'no'."

Woods goes on to explain that "They," and he stresses the U.S. parent label, "went for the retrospective singles: *Are We Ourselves*, and *Sunshine In The Shade*. But these were the 2 tracks we put on at the last minute, to give it a bit more lightweight because, we felt it was very introspective."

Woods continues with "Just because a song is introspective, doesn't mean it's not a hit. Whereas the attitude seems to be 'it's too deep, too somber to be a hit,' so they

Ocean, Stones & Stewart to MuchMusic Top 30

MuchMusic's Top 30 for the week of May 28/86 adds Billy Ocean's *Sad Songs* at No. 23, The Stones' *One Hit To The Body* at No. 26, and Rod Stewart's *Love Touch* at No. 29.

Topping the chart this week is Madonna's *Live To Tell*, which moved up from the No. 2 position last week. Big jumpers included Peter Gabriel's *Sledgehammer*, up from 25 to 17; and Glass Tiger's *Thin Red Line*, up from 28 to 22.

Cancon videos on high rotation this week are Bruce Cockburn's *Call It Democracy*, Luba's *How Many (Rivers To Cross)*, and *Deeper* by Billy Newton-Davis.

wouldn't go with *Wish* or *Less Cities*, or *Woman On A Train*, which were our choices."

The *Walkabout* album was produced by Rupert Hine, who produced their previous 3 LPs. "We started recording very dry and very direct," explains Woods, "just adding effects to put it into perspective. It's the first album, since *Shattered Room*, that we've recorded dry - and that album didn't have any effects because we didn't have the money."

On completing the new album with its subsequent submittal to MCA, Woods reveals that when it was first delivered, "They (the record company) was very pleased, but within a week they had complete paranoia. I don't know . . . they must have taken the wrong coke or something. Because, then they came out and said 'there's only one maybe single on the album, and we're worried.' So,

RECORDS TO RADIO

An abundance of summer programming is available

by Linda Dawe
President - LDA - Toronto

The profile of the independent artist has changed drastically. The artists, who are using a professional approach to the production and promotion of their product are definitely becoming a presence to contend with in the marketplace. This article is a statement in itself. Jewel Records, owned by songwriter Dalton Kehoe, has made an impressive debut in the market with its first artist, Neil Donell. Neil's debut single, *Maybe This Time*, hit the Top 5 in the A/C charts, and his new single, *Over And Over*, is already in the Top 5 and crossing over to CHR with such stations as CFGO, CJCH, C100, and CHYM. As a matter of fact, *Over And Over*, is the No. 1 Cancon single in RPM this week and No. 13 on the A/C chart. Major market CHR's shouldn't be afraid of this one. It's got legs.

Speaking of summer hits, 92 *In The Shade*, by the West End Dance Project, has radio stations such as CKOI, CFNY, CFGO, and the dance clubs warming up to the tune. 92 *In The Shade* is No. 21 in RPM and No. 5 in Cancon this week. With a new European mix and a lot of international interest, watch for many interesting things happening for Garnett Ford and his Jerry Penic from the west end of Toronto.

Other artists from Toronto, who have just released some great product for the summer, include Colin Linden. The single, *Heave That Shovel*, from his album, *The Immortals*, is already starting to pick up significant AOR action (CHEZ-FM, Q107 etc...). Colin is currently preparing for a national tour and is filming a video.

we had to go back into the studio again."

Interestingly enough, the band didn't write any new material and re-submitted the album.

Woods admits, "We just did a bit of fiddling around and tweeking to it, delivered it and said 'sorry, that it. We're not doing anymore to it.' You've got to know when to put your foot down, when you're dealing with a mega-corporation like that. But on the other hand, you've got to know when to listen. They do know some things, like selling records . . . and we don't."

Continuing, Wood points out. "They don't know when we're drained, when we just can't do anymore. If it's not good enough - then it's just not good enough - and that's it. You have to know when you've reached that point."

The Fixx will be opening for the *Moody Blues* in Quebec City (June 25), Ottawa (26), Montreal (27), and Toronto (28). Following the remainder of the tour, there is a possibility of heading a tour, which should include Western Canadian dates.

Stu Peterson has just released a new single entitled *Till I Find You*, on Maza Records. Maza is best known as Mary Lu Zahalan's label. However, while she's doing production work with David Foster on her forthcoming single, Stu has taken to the forefront. Hey programmers . . . have you listened to this one? Like the weather, it's hot!

This summer also offers a great opportunity to amuse your listening audiences with the new comedy/song album from Bowser & Blue out of Montreal on the Justin Time label (distributed by Fusion III). The album has been shipped to AOR and morning/comedy shows, and a 7" sampler with Polka Dot Undies f/s *It Ain't Easy Being White*, will be shipped next week. Early believer, Q107, reports "incredible phone response." Morning and comedy shows should have a field day with this one.

As well, from the Montreal market - a new rock/AOR group called VXN on Osmosis Records. This self-titled LP, features Sherrie Marginean on lead vocals, and we expect it to do very well. Strong writing and vocals are a definite strength for VXN.

On the A/C front, several new artists are building some good support. Two worth noting are Steve Lennard and the single, *Birds Of A Feather*, which is No 8 in Cancon and No. 27 in RPM this week. It features a nice sax solo by Juno nominee, Demo Cates, and is receiving airplay on 50 stations including CFRB, CKRW, CKXM-FM. Vancouver singer Corlynn Hanney has a lovely duette with Peter Clarke entitled *Heaven In Your Arms*. Out of the box - this record can already be heard on CFPL, CHML, VOCM, CHYM, CJCB etc. . . . and to come . . . *Hot Night In July* by Brian Lammert, *Choose Me* by David Storey, and *Peace In Our Hearts* by Louise Lambert.

Please remember, If you don't promote, something terrible happens . . . NOTHING. But call me first, O.K.?

If there's a radio station in Canada not getting RPM, we'd like to know about it!

RAMONES - Punk/Rock
 Animal Boy - Sire - 92-54331-P
 There are 2 key tracks: *Apeman Hop*, and *Hair Of The Dog*. However, remainder of songs (?) should please the fans - if there are any left. Produced by Jean Beauvoir. **Nice**

statement in *My Brain Is Hanging Upside Down*. Would've done well at college level.

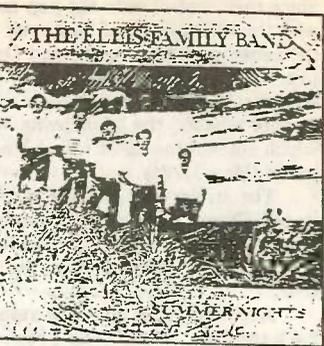

GEORGE STRAIT - Country
 No. 7 - MCA - 5750-J
 Very seldom does George Strait ever leave the charts, and this Jimmy Bowen/Strait production will spawn several singles to keep his chart dominance. Includes his current single, *Nobody In His Right Mind Would've Left Her*, which was written by Dean Dillon. This single should click in shortly in Canada. Also key are *Dan McCoy's* penning of *Rhythm Of The Road*, and *David Chamberlain's* *Stranger Things Have Happened*. Don't overlook *Cow Town*, which was co-written by Hal Burns and Tex Ritter.

WALK THE WEST - Rock
 Walk The West - Capitol - ST-12494-F
 Debut Capitol release contains several key tracks including *Too Much Of A Good Thing, Lonely Boy, Sheriff Of Love, and Do You Want To Dance* - all penned by lead vocalist/guitarist Paul Kirby. Produced by Jozef and Winny Nuyens at Nashville's Castle Studio.

DEVICE - Pop/Rock
 2283 - Chrysalis - CHS-41526-J
 Singer/songwriter Holly Knight's new group fronted by Paul Engemann, with Gene Black providing guitar work. *Hanging On A Heart Attack* culled as the first single and should provide inroads for the trio. Also key are *Pieces On The Ground*, and *Who's On The Line*. Produced by veteran Mike Chapman.

GULFRIA - Rock
 Silk & Steel - MCA - 5742-J
 Contains Willi DeVille's *I Must Be Dreaming*, with remainder penned by Gregg Guffria and frontman David Glen Easley. Also key are *No Escape* and *Lethal Lover*. Produced by Guffria, Easley, and Pat Glasser.

THE ELLIS FAMILY BAND - Country
 Summer Nights - A.M.I. - 1508
 Produced in Nashville by Larry Coad, this is a superb package of country harmony - very rare in the business. Includes their current single, *Why Am I Still Crying*, penned by Rick Ellis, who also wrote *Come On Home, Our Love and Don't Tease Me* - all key tracks. Instrumental backing is also a standout, particularly the fiddle and mandolin work of Bruce Watkins and, of course the horns by "Doc" James. Heavy promotion blitz in the U.S. could spill over for this Cancon group.

AUSTRALIAN MODELS - Pop/Rock
 Out Of Mind Out Of Sight
 Geffen - XGHS-24100-P
 Produced by Mark Opitz (INXS), Reggie Lucas and Nick Launey. Material penned by James Freud and Sean Kelly. Key tracks include the title track (first single), *Stormy Tonight, These Blues, and Sooner In Heaven* - some seemingly influenced by the punk movement, and some by Bowie.

Country Week

Venessa Jean climbing the long country road

Kingston's Venessa Jean Moulton was quick to realize there's a lot more than just singing into a microphone to become a success. While currently in the middle of a label change, she is continually looking for ways to better herself.

Moulton has been singing and playing the guitar competitively since the age of 9, but she didn't enter the recording field until 14 years later.

No matter what label she's on Moulton is set to hit the studio's in September to cut 2 more singles. In the meantime she is keeping herself busy learning how to play the tenor sax.

Johnstone and Moulton are looking for musicians to record as well as to play on the

road. "I think it's important to be able to play live," says Moulton, "I've been taking fiddle lessons for 2 years now, as well as Step Dancing and I can't wait to play in front of an audience," explains Moulton.

When asked what she will do different

with her next 2 singles she explains "My first 2 singles were written by myself. Jeff and I believe that if I sang a song that was written by a big Nashville name I would have a better

chance of getting recognition and as a result, hopefully more airplay." Moulton has a great deal of respect for the Canadian writers but feels that with the growing industry there has to be some sort of an edge.

On the subject of recording an album "Moulton says "I hope to release an album, but I have no idea when. For one, it costs a lot more to record an album than a single, and you have to have a few singles out and get well known before someone is going to pay for an LP. I believe that if I get myself a name and make a success of my singles, I will have the credibility to record an album that will sell."

With live concerts on her mind Moulton is covering every aspect of her show. With a history of 14 years on guitar, 2 years on the fiddle, step dancing, and in the process of learning the sax, she feels she has more areas to cover and is considering going to school to improve her posture and to learn how to carry herself on stage.

Nissi and Mainroads sign distribution agreement

Nissi Records and Mainroads Productions recently signed a long-term distribution agreement which will see Mainroads providing exclusive marketing and sales of Nissi product in Canada. However, in what may be an unprecedented move for Gospel music, the companies will jointly produce several projects. The first artist scheduled to be affected by the agreement is, Canadian television journalist, Diane Alimena.

According to the Director of Artists and Repertoire for Mainroads, Chris Redner "there is a strong possibility that Diane's project will include one or more concept videos. There's no question that Diane is strong visually, we just need to determine the songs that warrant video treatment."

Discussions are in the works to facilitate video productions for Nissi artists at Mainroads facilities in Toronto, where its corporate owner, Crossroads Christian Communications produces numerous telecommunication projects including 100 Huntley Street and Circle Square.
