## SELECTRONIC SERVICES

**THE FINEST ANTENNAS IN THE WORLD ARE NOW AVAILABLE**

No hi-fi specifications here, just antennas that are stronger, last longer and work better than any other antenna available today.

### HF Antennas

10MHz Broadside, similar to classic bobtail array (10/BDA): gain 5dBd with this wire array at only £41.25. 14MHz Broadside, same specifications as 10/BDA, (14/BDA): £36.25.

### 4m Quads

4 Ele quad (4/4EQ): gain 7dBd, £58.50; 6 Ele quad (4/6EQ): gain 9dBd, £60.50

### 2m Quads

4 Ele quad (2/4EQ): gain 7dBd, £45.25; 8 Ele quad (2/8EQ): gain 12dBd, long yagi spacing (12ft boom), £62.50

All quad antennas have glass fibre booms and supports for strength and less corrosion and less effect on performance.

### Helix range

70cms, 6 turn (6/70H): gain 12dBd, £42.85; 12 turn (12/70H): gain 16dBd, £46.85. 23cms, 6 turn (6/23H): gain 12dBd, £34.50; 12 turn (12/23H): gain 16dBd, £35.50; 20 turn (20/23H): gain 17dBd, £37.50.

Helix range uses glass fibre booms and comes complete with 'N' plug and socket. All helix antennas have a 50Ω feed impedance suitable for satellites, tropo, FM repeaters and ATV.

### Stacked collinear arrays

70cms, 16 Ele (70/SC16): gain 14dBd, £45.20; 20 Ele (70/SC20): gain 16dBd, £49.20. 23cms, 16 Ele (23/SC16): gain 13dBd, £43.50; 20 Ele (23/SC20): gain 14.5dBd, £38.50.

Continuation to be placed after stacked collinear array specifications.

### COMING SOON!

Due to the massive response to our previous advertisements and many pleas for an HF minibeam "at a reasonable price that works and is not a rotatable dummy load on 20m"! We are pleased to say that the research and development of a very high performance minibeam is well advanced. The price will be considerably lower than it's competitors and constructional techniques we use will ensure that they will last for years.

Thanks for the interest you have shown. Any suggestions? Please ring. (As long as they are decent). We hope to visit most rallies and exhibitions during 1983.

### OVER 40 NEW ANTENNAS TO COME

The most comprehensive range of antennas to suit every operator and every climatic condition.

Please enclose a stamped addressed envelope with all enquiries.
