

## KITS

### WOOD & DOUGLAS

#### NEW PRODUCTS for the new exhibition season from our new factory facility

**144LIN25B 25W VHF LINEAR** — A single stage higher power version of our popular 144LIN10B designed for the 2-3W output level FM or SSB equipments. The board retains the straight through mode in receive or when the power supply is disconnected and fits neatly into a small diecast box. Ideal for the FT290.

Price details: £29.95 in kit : £40.25 as an assembled module.

**6RX2 6M CONVERTER** — You may not be one of the privileged 40 but you can at least listen on this compact high performance converter for 6M. It allows reception on the 2M band. The board has options for local oscillator output and r.f. gain adjustment.

Price details: £19.95 in kit : £27.60 as an assembled module.

**MPA2 MICROPHONE PRE-AMPLIFIER** — A buffered output version of the MPA1. The board will now interface with low input impedance equipment without degrading the response.

Price details: £3.45 in kit : £5.95 as an assembled module.

**TVMOD1 Ch 36 MODULATOR** — An alternative imported UHF modulators giving adjustable frequency over the range 400 to 600 MHz. This enables system checks at 70 cms or directly into your TV set in Band IV. The board has video gain and modulation preset adjustable. The output oscillator runs at 200-300 MHz so it could be adapted to Band III.

Price details: £6.95 in kit form : £10.15 as an assembled module.

*When you purchase one of our products you are guaranteed success because we offer full back up and servicing on any item no matter how small. The confidence we have in the product is reflected in the range available and the low service return rate incurred.*

*Why not try a kit today? We accept credit cards or written orders direct to our industrial premises or at rallies and exhibitions throughout the season. Enjoy your hobby more by building your next rig or accessory.*
