

Amcomm People are at the other end.

Who do you talk to when you call Amcomm? Usually Jack G3LNC or Alec G5VS. Whoever it is, you'll be speaking to pleasant and reliable people with years of operating experience on the amateur bands. People with an intense and active interest in everything to do with Amateur Radio. People who actually operate 365 days every year. People who quickly and efficiently impart the information you need to make your decisions.

Just listen or ask around the bands – the reputation we have gained was built by people like you. People who have tried Amcomm and stayed Amcomm.

You see, we understand Amateur Radio, we live it at work and play – but most important of all – we understand Amateur Radio People.

Call us today and ask about our 70 major amateur names which make up over 500 different lines or send 50p. in stamps for our Bumper Literature Pack. (You'll find enough reading for days!)

You'll certainly like the people at the other end...

Amcomm People.
