## YAESU FT980 GENERAL COVERAGE TRANSCEIVER

Yaesu said the FT1 was an adventure in electronics and we agreed. The FT980 is something quite different... IT'S AN ACCOMPLISHMENT IN ELECTRONICS providing the operator with a brilliantly designed transceiver with a wealth of features. Every feature has been carefully designed in to ensure the operator has MAXIMUM BENEFIT without gimmicks while allowing INCREDIBLE EASE OF OPERATION. We'd need more than this page to do justice to the FT980 so we suggest you call in and try it for yourself or call 01-422 9585 for a beautifully illustrated leaflet with a full description. Yes it is expensive... the best usually is unless a way can be found to ease the pain... AMCOMM ARE EXPERTS AT THAT... TRY US.

## THE FM MOBILES

There are many on the market these days and it must be difficult for the buyer to make a decision. DON'T LET IT WORRY YOU for we have exactly the same problem. We've searched the specs, tested the performance and analysed the reliability and our findings are simple... THEY ARE ALL GOOD... some have this and some have that, some are black, some are grey but they all have one thing in common... VALUE FOR MONEY. If you like it and it suits you then it's the one for you... It leaves only one problem... THE PRICE. Our Welsh friends are forever repeating our original copy "HELPING WHERE IT HURTS". We haven't changed, we're still easing the pain... Call 01-422 9585 and stop hurting.
