STREET TALK

Gary Firth has accepted the PD's job for ABC at their Houston FM KAUM. Gary, who had most recently been at KUPD/Phoenix with John Sebastian, takes over today (9-7) in Houston and plans to get moving right away toward the fall book.

Is Scotty Brink going to wind up on 99X-FM/New York doing mornings? Big Apple Street Talk is quite persistent that the former WNBC morning man will cross the street in the very near future.

Here's another one of our famous puzzlers . . . what Providence programmer is about to leave his station for a post slightly to the north?

Hilltak Records has ended its distribution deal with Atlantic to go independent. The Guess Who and Dalton & Dubarri LP's will be rereleased this week.

KSFM/Sacramento has a new consultant and PD. Under Jerry Clifton's guidance Jeff Lucifer is KSFM's Program Director and the station will move its rather free-form AOR format to a more mass-appeal sound immediately. Jeff is looking for several personalities to fill various shifts. Contact him at KSFM.

Tim Byrd has resigned from WZZP/Cleveland, where he had recently been doing afternoons since stepping down from the PD's job. Now completely gone from the station, Byrd has not announced his future plans. However, WZZP has imported Dickie Shannon from WSAI/Cincinnati to fill Tim's vacated PM-drive slot.

Congratulations to Rick Roberts, who has been officially promoted to Program Director at WEAQ/Eau Claire.

In a tragic auto accident near Detroit, several members of the local band Toby Redd were injured and one was killed. Quick to respond for the cause, all three Motor City AOR's (WABX, WRIF and WWW) grouped together to co-promote a benefit softball game, helping to raise over \$1100 for the surviving members and families of the group.

Another man-in-motion this week is Tom Prestigiaco who exits WAKY/Louisville to join FM100 (WMC-FM)/Memphis to handle afternoons. The move is not so surprising since FM100 PD Gary Guthrie was Tom's boss at WAKY before Gary moved to Memphis.

Susie Gershon, formerly of Mushroom Records, has returned to the West Coast and is ready to get back to work. She had taken a little time off, but is now rested. She can be contacted through Mushroom in L.A. (213) 550-4502.

AND I PROMISE NOT TO TALK RADIO ON OUR HONEYMOON — Seems like every summer there's "an industry wedding," or two, and the unsuspecting bride and her family run into all these low-voiced radio guys in three-piece suits at the reception. Here's photographic proof that it happened again this summer when KAAV/Little Rock's Mark Zintel and his bride, Sharon, tied the knot in Rockford, IL. Pictured with the happy couple (squatting, l-r) are Pat Martin, PD of WSPT & WXYQ/Stevens Point; Greg Schaeffer, PD of WGBF/Evansville; and Paul Mendenhall, PD of WERK/Muncie. Standing next to Mark & Sharon is Reid Reker, Operations Director for WROK & WZOK/Rockford. Any couple that begins married life in such a professional atmosphere can only enjoy extended bliss for years to come . . . we wish them the best!
